CHAS. FRASER AND GENE

To Come Together for Bout on the Mat

It looks as though "Gene" Hurtubise will be coaxed back to the mat again. The Toronto Star of yesterday says he is to wrestle Charles Fraser in this city to-morrow night, but Fraser dropped off here to-day and stated to the Review that the bout was to take place the following Saturday night, the forfeits having been posted. The meeting to be for a side bet of $50 and the winner to take the big end of the 35 and 65 per cent. split in the receipts.

A strong following behind Fraser want the bout labelled for Millbrook, while Hurtubise would prefer it being pulled off here.

Fraser is holding down a job as inspector of fisheries at Manvers at present, and says he is in fine trim.

He was a preliminary attraction with Dr. Roller at Toronto recently, when Hackenschmidt threw four men. He tips the scales at 162.

As another bill for the program it would be possible to bring two lady wrestlers together, or one who has a fancy reputation for pinning opponents to the mat in quick style.

KID McCOY HITS THE ROCKS

New York, April 20—Norman Selby ("Kid" McCoy), the former pugilist, is worth just $60 and has debts aggregating $21,470, according to a voluntary petition in bankruptcy filed here this afternoon. The $60 assets, clothing to the value of $50 included. The remaining $10 is given as cash on hand. The schedule of liabilities includes $2,000 for rent, $4, 150 for a boat and repairs thereto, and $3,300 borrowed money and outstanding notes.

FOOTBALL

The following players of All Saints and St. John's football clubs are asked to meet at the Brinton Carpet ground for a game to-morrow afternoon (Saturday) at 2.30.

St. John's—Florrell, Sharman, Renshaw, Wealless, Simmanite, Brown, Edwards, Smith, Gaskell, Lowe, Stewart, McDermott and Mathers.

All Saints—Moraity, Rew, Robinson Bell, DeForge, Hooper, Willis, Hildreth, Abbott, Dawson, Downes, Farr, and Dudley.

All Saints players will be supplied with jerseys on the ground.

Dr. Pulkinghorn will referee the game.

Traveler Gets Six Months.

North Bay, April 21.—J. P. Mitchell, charged with the theft of twenty-five suits of clothes, and a trunk belonging to the New York Tailors, Limited, Toronto, was sentenced yesterday by Magistrate Weegar to six months in the Central Prison.

Charles Darling, manager of the firm for which Mitchell was traveling up to the end of January, appeared against the prisoner. Mitchell took an order for custom clothing, and was given twenty-five suits of stock clothes to dispose of at not less than ten dollars a suit. He sold the lot for $65, claiming that the firm had not sent expense money, and he was stranded, and that the suits were not worth more than the price secured.

Who Is to Blame In Ottawa?

Toronto, April 21.—Responsibility for the sanitary condition of Ottawa will be enquired into by the Provincial Government, as a result of the reports of Dr. J. W. S. McCullough, chief health officer of the province.

"The sanitary condition is one which would hardly be tolerated by any hamlet in the Province of Ontario, much less in the capital city of the Dominion of Canada. Some at least of the effluent from this open sewer enters Nepean Bay, and must of necessity foul its waters," reported Dr. McCullough.

POWER OF THE PRESS GROWS

Senator Young Dwells on Editorial Responsibility

Columbia, Mo., April 21—Punctuating his remarks with excerpts from his own experience as an active newspaper man, former Senator Lafayette Young, of Iowa, told the students of the University of Missouri of the great responsibilities and the equally great opportunity of newspapers as molders of public opinion.

"Every year adds to the power of the press. Every year adds to the editor's responsibility. The people are in great hurry. They read the headlines. As a consequence the editor's responsibility is transferred to the headline writer. The headline writer who exaggerates commits an offence against journalism which is without shadow of excuse."

Continuing the speaker said: "There may be newspaper men who would like to see war. There may be speculators along the border who would like to see war, but if there is a war and an invasion of Mexico, it ought to be upon more substantial grounds than for the purpose of furnishing excitement for the newspapers. The managers of newspapers ought to call a halt on all their sensational correspondents wherever located. A high wind should not be called a cyclone. A stray shot from the Mexican side of the line ought not to be called a battle."

Turning from war to politics, he said: "Though party lines are not clearly defined, there has never been as much misrepresentation in politics in the history of American life as in the past eight years. Every politician of any note at the national capital is compelled to have a news bureau of his own. The most successful statesman has one of the best bureaus. There are some exceptions to these rules; there are men in public life who do not do these things, and there are newspapers which do not do them. We can all wish that there were more men and more newspapers above such proceedings."

FIRST BOAT IN LINDSAY LOCKS

Marie Louise Opens Navigation on Scugog Waters

Lindsay Post.—The steamer Marie Louise can have the credit of being the first boat to pass through the local locks, and incidentally open navigation on the Scugog waters this spring. This afternoon, she passed up the river and through the locks, towing a big scow and raft of logs.

BARONET TO JOIN SALVATION ARMY

New York, pAril 20. From British baronet to expert rough rider with a wild west show, and then to janitor of a Salvation Army Hall in Brooklyn has been the remarkable experience of Sir Grenville Cave-Browne-Cave, who to-day announced his resignation as Vice-President of the British Boy Scouts, organization in order to apply for admission to the Salvation Army training college. He wants to become an officer in the Salvation Army.

The editor of the War Cry who has investigated the case says that the new recruit is actually the twelfth baronet Cave-Brown-Cave. The baronet himself declares that he was converted last September and leaves a ten dollar a day job to try for the janitorship at $3.50 per week.

THEY LIKE TALKS AT PARK STREET

Letters of Appreciation Sent to Rev. Mr. Riddiford

The following letter is a sample of a number which Rev. W. C. Riddiford has received through the mail, besides verbal thanks for the series of sermons he has been preaching at the Park street Baptist church on "Love, Courtship and Marriage":—

Rev. W. C. Riddiford:

Dear Sir,—I have been a very interested listener to your sermons—Love, Courtship, for the past two weeks.

I must say from the depths of my heart that I have been much impressed and benefitted from your last two Sunday evening sermons.

I am looking earnestly to next Sunday, God willing, to hear the final course of your very interesting heart to heart talks.

May God bless all your efforts is the wish of——

The name is withheld at the writer's request.

Mr. Riddiford will preach the last of this interesting series next Sunday evening, which will be "Marriage."

PEACH YIELD WILL BE GOOD

Prospects Excellent for Plenty of Fruit

St. Catharines, April 20. — There should be a big crop of peaches again this year, according to the statements made by the leading fruit growers. "Taken altogether, this has been an exceptionally good winter for the fruit growers," said W. H. Bunting. "There was no very severe weather, and consequently few trees suffered. The backward weather this spring has been just the right thing for the fruit trees, as it has kept back the growth, making less danger from frost. About our fear now is frost about the 24th of May, when the trees are in blossom. All the fruit trees wintered well, so far as I am able to find out, and there should be good crops in all lines of fruit."

A grower from Jordan, Ont., stated that there had been damage to the Alberta peach trees in his district, due to frost, which killed the bids, He could not say, however, as to the extent of the damage.

ANGEL FED HER IN 65 DAY FAST

Passaic Girl Seems to be in Normal Health

New York, April 20.—Annie Geshela, of Passaic, N.J., has ended a 65 days' fast during which she says angels fed her. Miss Geshelia is at New Jersey State Hospital, at Morris Plains, where she was taken from Passaic early in March.

At that time she had taken no food or drink, except four glasses of milk and half an orange, in more than 30 days, yet appeared to be in normal health.

"God is feeding me," was the only reply she would make to the solicitations of the physicians that she take food.

"When He wants to take me He will stop sending food, and I am only waiting for that time."

The girl protested that an "angel" visited her at 4 o'clock every morning and brought small morsels of bread and wine

HE SAW BEATTIE

Genial Doctor is Supposed to be in New York

Montreal, April 21.—A well known Toronto man who is in Montreal today after a short business trip to New York, tells an interesting story of running across Dr. Beattie Nesbitt, the Toronto politician, whose testimony on Farmers' Bank matters is badly wanted in Ontario, in the Hotel Astor during the height of the Easter holiday influx of visitors. The Torontonian in question has known Dr. Nesbitt for years, and is certain of his identification.

INDIAN RIVER

Special Correspondence

Indian River, April 20.—Spring is with us again. Farmers are busy preparing for seeding and spring work, while others are making maple syrup.

The roads, which were in a deplorable condition last week, are beginning to dry up.

Mrs. Robert Blackburn is the guest of her sister this week.

Mr. Stephen Scott gave a taffy party Monday night.

Miss B. Herr, our popular school teacher, is spending her Easter holiodays at her home in Westwood.

Mr. P. Huffman called on some of his friends in Clydesdale this week before starting for the West.

Mr. and Mrs. A. Cashwell were the guests of Mrs. D. McPherson last week.

Miss M. McPherson has left for the West, where she has secured the position of teacher in the Murrillo school.

Miss A. Bullied is spending her holidays at her home in Apsley.

BOYS GOT LIQUOR

Took Liquor From Vehicle and Passed it Around

Three youngsters were up before Magistrates Joyce and Mathison at [illegible] charged with supplying minors with liquor. The youngsters admitted taking whiskey from a vehicle in town and treating other boys with it, besides partaking themselves of the intoxicating beverage. Judgment was reserved until Saturday at 1 o'clock, when the case will come up again.

Don't You Wish Your Landlord Would Hand You Back Your Rent Money Every Month?

If you would stop the rent foolishness and take the same money and buy a lot and build a house with it, it would be all yours—every months payment of it. We offer you an easy method of saving the money you pay for rent and keeping the value of it in your own possession for all time. Our plan is this:

Buy A Lot

and start building a little home at once The full particulars of how this can be done will be explained to you by

J. T. O'Connell & Co.

136 HUNTER ST. OPEN EVENINGS

THE OTONABEE COUNCIL MEET

Newly Elected Deputy Reeve John Miller Present

The Otonabee Council met on April 17. All the members were present, including the newly-elected deputy reeve John Miller and E. Deyel, councillor, who took declaration of office.

Four tenders were received for making cement culverts, R. J. Brown's being the lowest. He was awarded the contract.

Dr. Russell, of Centreville, applied for leave to erect a telephone line on the highway from Wallace Point bridge to Thorn's farm gate. Permission was granted on condition that the poles do not interfere with the grading of the road.

The following sheep valuators were appointed, whose duty will be to inspect the injury done to sheep by dogs, in cases where the owner of the dogs cannot be found: R. W. Esson, Ward No. 1; Andrew Bowie, Ward No. 2; Gilbert Howson, Ward No. 3; Albert Carpenter, Ward No. 4; F. Driscoll, Ward No. 5.

The following by-laws were passed: One authorizing the reeve and treasurer to give noted to the Toronto Bank as security for money borrowed for current expenses; one appointing pathmasters, pound-keepers and fence-viewers; one appointing sheep valuators.

The following accounts were passed Walter Dickson, assessor, salary, $75; Dr. McClelland, attendance on J. A. Trotter when in hospital, $15; Jas. Bowie, meat for J. A. Trotter, $6.50; A. Bryce, milk for J. A. Trotter, $5; W. T. Mather, repairing account, $9.25.

The treasurer received a cheque for $169.44, Otonabee's portion of provincial railway tax.

It is reported to the council that John Lang, ex-M.P., one of the public-spirited citizens of Keene, is going to have built this season, at his own expense, about 500 feet of cement sidewalk in the village. A number of public-spirited citizens of the village some years since, decided to organize a street improvement association, consisting of the inhabitants of the village. The association was organized and has been so successfully carried on that by voluntary contributions of money and labor, by contracts and excursions and by commuting the village statute labor, a fund was created to carry on the work. The result is that the old obsolete plank sidewalks are a thing of the past, having been replaced by neat cement walks, the unsightly ditches on the side of the streets being replaced with drains; one of the streets being laid with twelve-inch cement tyle, giving the citizens a good outlet for their cellar drains. The streets are properly graded and gravelled and the sides sown to grass; the property owners taking a pride in keeping the sides trim with their lawn mowers.

Arbor Day is devoted to cleaning up the streets and planting trees, the lady property owners contributing money to the good cause. To vie with the condition of the streets, the citizens take a pride in keeping their yards and lawns trim and their fences and buildings repaired and painted.

The fame of the association has gone abroad. Other villages securing information through the secretary as to how the association is conducted.

The council adjourned till May 25, to meet as Court of Revision.

Peebles mill workers are to take a week's holidays in July, and one day at the coronation, instead of three days in June and three days in July.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

STAGE-MANAGING THE CORONATION

A Difficult Task Described by Starwood Bennett, in the Penny Pictorial—Provision for Seats

How is the Coronation produced? The answer is a direct one—by hard work.

On June 22nd King George V. will be the central figure of the most gorgeous pageant Europe has seen for ten years. More than a million of his subjects will cheer him to the echo as he moves in stately procession through the London streets.

In the Abbey for several hours a complicated service will be quietly and impressively performed. His Majesty will emerge anointed and crowned King of Great Britain and Ireland.

The most wonderful ceremony of its kind in the world will be over. But how will it all have been done? How much labour and forethought will have been expended to produce this splendid effect?

For nearly a year the Coronation has been in active preparation. During that time hundreds of people have given up their time to hard, unremitting labour with this only object.

First of all, as supreme stage-manager and pageant-master is the Earl Marshall. He has an office at Westminster, and here a staff of secretaries has been working for many months. The Duke of Norfolk is Hereditary Earl Marshall. He bears the whole responsibility for the success of the ceremony.

It would be impossible to enumerate his duties; but, to give some idea of them, it may be mentioned that every little detail of dress has to be arranged by him. This is no light task when it comes to peeress' robes. He has to tell the high officers of State exactly what to do and when to do it. Then he has the extremely delicate and difficult task of dealing seats in the Abbey, not one-tenth of which can be granted.

The Earl Marshal's pos bag is of a very large order. There are letters from despairing peeresses who have forfeited their right to a seat by a second marriage with a commoner. There are troublesome letters from American millionaires offering thousands of pounds for a seat. There are applications from hundreds of people whose claims are on the border line. All have to be dealt with and courteously answered.

It would be wrong to convey the notion that the Earl Marshal stands alone. Much of the burden of the work falls on different bodies and persons.

The Archbishop of Canterbury has the task of arranging the religious service. The carpentry inside and outside the Abbey is done by the Office of Works. The military arrangements are carried out by the Horse and the Court Equerry see to the horses and carriages to be used in the Royal procession. The City City Council make arrangements with regard to the route and keep an eye on the stands. The police arrangements are made under the direction of the Chief Commissioner of Police.

The floor of the Abbey will be raised to one level and the whole will be covered with a magnificent pile carpet, on which are inscribed the initials G. and M. This is being woven in Scotland, and will afterwards probably find a home in one of the Royal palaces.

Stands will have to be erected and room found for the 7,000 people who are to be present. The seating accommodation is to be very specially looked after. Here is another instance where the Coronation brings work in its train. Many thousands of these will be required for the occasion. This will scarcely affect the Coronation bill, for it is possible to purchase the chair after the ceremony; and everybody who is present will like to secure such an interesting memento of the occasion.

Members of Parliament and their wives will be given very fine seats—better in some respects than those of many peers; and they have the inestimable privilege of being allowed to go in ordinary everyday clothes—a privilege which belongs to them alone.

A Privy Councillor who is not a peer has an invitation issued to him, but his seat is probably not so good as that of an M.P., and he has to go trussed up in uncomfortable Court dress.

This means considerable discomfort, for everyone has to be in the Abbey about nine, and does not leave it again till past two o'clock. There is no arrangement made for any refreshment during the ceremony, though it is an open secret that most people take a flask of something and a packet of sandwiches. One high official, whose uniform includes air-official, whose uniform includes a kind of apron containing a pocket, is congratulating himself that he will be able to secrete unlimited food in its recesses.—Penny Pictorial.

AN "ALL-RED" TOUR

A Trip by an Electric Railway to Various Parts of the Empire.

A journey by electric railway and mechanical steamboat through the Overseas Dominions, with realistic scenery, has been arranged for the great Festival of the Empire at Shepherd's Bush. The actual length of the railway is one and a half miles. On each train guides will explain details and objects of interest en route. The tour embraces: Newfoundland, Canada, Jamaica, the Malay States, India, Australia, New Zealand, and South Africa. Without doubt, the most magnificent spectacle ever seen in London has been arranged for this Festival and Imperial Exhibition, as the Empire, with its manifold characteristics and infinite resources, will be presented on a scale of realistic exactitude never before attempted.

The Portpatrick cod are in splendid condition and large catches are being landed.

Best make Scotch Printed **Linoleums** 3 and 4 yards in floral and tile patterns; regular price 50c square yard. Saturday........ **39c**

Remember the Date — SATURDAY APRIL 22nd

FURTHER EVIDENCE IN CASE OF CHOP STEALING

Shearer Convicted But Sentence Was Deferred—Two Youths Let Off

Joseph Shearer, the alleged chop thief who was remanded for a week, was in court again this morning, and a large amount of evidence was taken.

The other two lads, who it is said, were parties to the theft were allowed their freedom.

Sidney Garrett was the first witness this morning. While he was giving his story of the part he had in the affair the other two witnesses, Lewis Houdrey, and young Fitzgerald were excluded.

The first time that he saw the prisoner, Shearer, He said "was last Fall, and the last time was in March this year." He had learned from Fitzgerald that cheap feed could be purchased at Houdrey's mill. At the mill he saw, Shearer dressed in working clothes as if employed there, and who offered to sell him feed at 50 cents a bag. There was no one else to be seen around the mill at the time. In the four times that he visited the mill, he bought altogether 46 sacks of chop, some of the chop by its appearance looked as if it had been swept off the floor. On the occasion of his last trip for chop, he noticed Shearer standing at the corner of Dalhousie and George Streets, dressed in his best clothes.

Mr. Lewis Houdrey gave evidence also and young Fitzgerald a previous witness, who had been the first to buy chop from the prisoner at the mill.

Judgment was reserved until 2.30 this afternoon.

AFTERNOON SESSION.

From the evidence of Houedry this morning it was shown that he had granted permission to the prisoner to dispose of some of the sweepings of chop which were found on the floor. All the chop which was in the mill was stored there by the Quaker Oats Company, and W. H. Denham, the Superintendent of the Company, stated no one was allowed to give it away without his permission. The stuff that was sold by the prisoner was worth about $2.20 a sack. The sweepings were of little value.

Little Gerald Shearer, the prisoner's younger brother, also gave evidence to the effect that Louis Houedry had intimated to him that he could go out and try and get some farmers to come down and buy the stuff when the foreman of the mill was not in.

Mr. G. N. Gordon, who defended the prisoner, in summing up his defence, asked the magistrate to consider the fact of the part which Houedry had played in the matter, and to consider the youth of the accused.

His Worship could not see it in the same light, however. "It has been clearly proven," he stated, "that he made two sales to the sons of the farmers who have testified, and altogether 30 bags were sold by the prisoner.

"It has been clearly shown that he is guilty. I will defer judgment till next Tuesday, April 25th, in order to arrive at what sentence I shall give him."

The counsel for the defence of the two farmers' sons, who purchased the chop, stated that they would be honorably acquitted of any complicity in the matter, which was done. R. E. Wood prosecuted.

WHO'S COMING AND GOING

Mr. Leo Turkett of Tweed is in the city.

Mr. Willis Low of Cobourg is in the city.

Mrs. Nellis of Toronto spent Easter at the home of rfiends in East City.

O. M. Wallbridge, of this city, left last night for Madoc.

Mr. Robert Flynn of Havelock was in the city yesterday.

Miss Cora Hunter of Lakefield was in the city on Thursday.

Mr. Fred Benson, of Beulah, was in the city on Wednesday.

Mr. Andrews, of Renfrew, was in the city on Wednesday.

Mr. Benjamin Hopkins, of Coe Hill, is in the city for a visit.

Mr. Arnold Hatton of Tweed, spent yesterday in the city.

Mr. Timothy Clement, of Marmora, is registered at the White House.

Mrs. R. Davis and Miss Edna of Aylmer Street are visiting in Lakefield.

Mr. Charles Harris left last night for his home at Bannockburn, Ont.

Mr. Richard Collins, of Stirling, was in the city for a couple of days this week.

Mr. R. N. Merritt left yesterday for Newmarket to commence his new duties.

Fred. Denison returned to Port Hope this morning to resume his studies at T.C.S.

Mr. Fred Hall of Montreal, returned here to-day, after visiting his parents here for Easter.

Mr. Bert Bailiie, of Madoc, leaves on the 1st of June for the Old Country, to attend the coronation.

Mr. Thomas Fitzpatrick was in Port Hope and Cobourg yesterday and returned home this morning.

His Honor Judge Huycke will present the colors t othe patrol leader of the Boy Scouts at the band concert in the armories to-night.

The many friends of Mr. J. J. Thompson will be pleased to know that his injured knee is improving and he will soon be about again.

Rev. J. G. Lewis of Picton, chairman of the Board of Examiners for those entering the Methodist ministry, who has been at Lindsay for a couple of days visiting in the city.

ST. GEORGE'S DAY

All Englishmen are invited to meet at "Sons of England" Benefit Society's Hall, Hunter St. (next Post Office) on Sunday evening next at 6.30 prompt for the purpose of attending Divine Service at St. John's Church, Special sermon by the Rev. Chas. Carpenter. 3d

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

CHURCH AND PANTHEISM.

To the Editor of the Review.

Sir,—It is possible that not many are aware that one of our city ministers is teaching Pantheism to his flock, but it is true.

This old Greek Philosophy, that was believe in and taught two or three thousand years ago, is again brought out and clothed in modern garb, but using a crutch on account of old age, yet adjusted to the thought of the higher critic.

Let me give an instance. A Sunday school superintendent approached this minister a few days ago and asked him how he would deal with a person seeking salvation. "Oh," he replied "I would point him to Nature, birds, butterflies, flowers, etc., that is God and Nature one." Such an answer is enough to make the angels weep. This is Pantheism, pure and simple. Now, God is not Nature, neither is Nature God. Now, where does the believer in this old philosophy stand? Simply midway between atheism and dogmatic Theism. The Bible is ignored, or would be, altogether, if it were not for the living obtained by holding on to and preaching fragments of the Word.

Everything is on a sliding scale to the one who gets away from the Old Book. They go from one ism to another, and later on can give no rational account of where they are; in fact they are lost.

An instance might be given to illustrate a certain bright young man, fresh from one of the colleges where higher critics played high jinks with the word of God, and who was ordained a minister of the Methodist Episcopal Church. Shortly after beginning to preach he changed his theology a little and began to preach Unitarianism, again he changed and became a Universalist preacher, and last of all, ended up preaching Atheism. The old saying is true "from bad to worse."

It is a pity, but it is true, that three-fourths of higher criticism is of the destructive kind, and not constructive. To be considered wise and of a high mental calibre is much sought after, and as one writer puts it: "The haste to be wise, like the haste to be rich, leads many to speculate in indifferent securities, and can only end in fallen fortunes." Jesus said in that wonderful prayer recorded in Luke's Gospel; "I thank Thee Father that Thou hast hidden those things from the wise and prudent and hast revealed them unto babes for so Father it seemed good in Thy sight."—also in Cor. 1 ,19, 20. "For it is written I will destroy the wisdom of the wise and will bring to nothing the understanding of the prudent." Where is the wise, where is the Scribe, where is the disputer of this world, hath not God made foolish the wisdom of this world." To whom does God reveal Himself? "To the man who is of a contrite and humble spirit and trembles at His word." For a moment let us consider what is the ground work or what foundation have the higher critics for their assumptions as regards the Word of God. We find they have laid down certain pre-suppositions, or we might style them hypothesis, (if that is any better) which are the determining elements in this entire movement. It is their world-view, as a certain writer says, that is responsible for all their speculations and theories. And their hypothesis, if properly diagnosed, will give but a poor elucidation for the wonderful phenomenon of the world, let alone the wonderful dealing of the Creator with His creature Man.

That the theory of evolution underlies and is the inspiration of higher criticism is an assumed fact. Anything savoring of the miraculous cannot be considered scientific, and hence must be discarded or branded myth, legend, etc., and to accept the Bible statement of the beginning of things would be the ruin of their hypothesis, so their pre-suppositions must stand, even if the Bible goes to pieces. This is undoubtedly the position they have taken.

tI is possible that wisdom will die with them?

DO IT NOW

The habit of putting off doing the things we ought to do is responsible for much of the trouble people spend so many regrets over. It almost seems that getting their eyes looked after in time is the duty most often put off by most people. Any inconvenience, even pain and discomfort are endured rather than "come to glasses." Could people only realize the feeling of positive relief and the added power of work that glasses would give them this urgent duty would be attended to at once. Could they only witness, as does the eye-sight specialist the numerous cases where it has been left too long undone and no help can be given any more with glasses, articles like this would be unnecessary. As it is we must keep on giving the old advice. We make no charge for consultation.

ONE REASON FOR OUR SUCCESS WE EMPHASIZE ACCURACY

Every pair of Eye-glasses that goes through our prescription department is subjected to the most careful examination of even the smallest details. Every lens is neutralized, measured and centred by two inspections. Every Eyeglass or Mountings supplied at the Peterborough Optical Institute is adjusted to the exact position before each eye and to fit pleasingly the features of the wearer. No matter how accurately the lenses may be ground and centred, if the pupillary width of the frame does not correspond with that of the eyes, there will be strain upon the motor muscles of the eyes, and consequently discomfort. We are most particular to adjust glasses to every detail in order to give greatest relief to the eyes and most perfect conformity to the features. This is one reason for our success.

THE DAILY REVIEW

REVIEW WANT ADS BRING RESULTS One Cent a Word

VOL. LXII., No. 94. PETERBOROUGH, ONT., CANADA, SATURDAY, APRIL 22, 1911 TEN CENTS PER WEEK.

Peterborough cannot afford to pass by $200,000 factories--especially when the city is nothing out of pocket. More factories mean more work, more business, a larger and better city. Vote for the Independent Tire by-law Tuesday.

MINISTERS ARE FREE WITH THEIR TIPS COUNTRY PAYS FOR THE EXTRAVAGANCE

Geo. Taylor, M.P., Exposes the Way Money of Country is Squandered in Joy-Parties,

Ottawa, April 22.—Traveling expenses such as cab hire, Pullman cars, hotel bills and gratuities to waiters on the part of Ministers, Deputy Ministers and Departmental officials formed the chief subject of discussion in the House of Commons yesterday afternoon. Geo. Taylor (Leeds) took up a return recently tabled and in lacrymose tones inveighed against wanton expenditures.

"By what right," he demanded, "did these officials put their hands into the public chest and give tips to waiters."

Mr. Taylor objected to private cars for the commissioners of the national transcontinental railway. He criticized the expenses of the Board of Railway Commissioners, and hinted at sundry items which might be classified as "incidentals."

Taking up the bulky return Mr. Taylor began to read Militia Department "300 just even; not $299, and out of this tips to waiters $225.28."

"Are the names of the persons tipped given?" naively asked Mr. Foster.

"No, no," replied Mr. Taylor, somewhat disconcerted by the interruption. Continuing Mr. Taylor read over the expenses of the Governor-General's and Privy Council office, $5,305; Hon. Charles Murphy, $500 tips; Department of Finance, $53 tips; Trade and Commerce Department, $183.03; Labor Department, $35.20; Railway Commission, expenses of car Acadia, $7,719; tips, $607.50.

The member for Leeds was particularly severe on the commissioners of the national transcontinental railway "traveling expenses," he snorted, "of $7,764." "These men are the pets of my right hon. friend the Prime Minister."

"Bate & Co., for stocking private car, $2,082," said Mr. Taylor, "and $1,500 of it for liquor," referring to a particular item as "$220 simply for lush."

"I wonder if my right hon. friend the Prime Minister will justify that to the farmers of the west?"

The Minister of Marine was the next victim. L. P. Brodeur, $4,828.28; cabs, $218; hotel bills, $676; Pullman cars, $95; tips, $100. Mr. Taylor then went on to show that the Minister and officials of the Marine Department had paid out in tips during the year something like $800. Sir Alan Aylesworth, for personal expenses, spent $2,245, and Hon. Wm. Paterson was at the bottom of the list with but $40 against his name. "There was nothing paid out for tips," said Mr. Taylor, amid laughter.

"He beats his way," came from a back bencher.

Sir Alan Aylesworth resented Mr. Taylor's remarks. For fifteen years before he had come into the House, he had been traveling at the instance of other people, and generally charged for what he had actually spent. When in London two summers ago, the period covered by the return, he had been absent from Ottawa 150 days, and during that time his expenses had been within the usual allowance granted to Departmental officials. "I certainly lived no differently when abroad on Government business than I do when abroad on my own pleasure," he remarked with some feeling.

Sam Sharpe (N. Ontario) continued the discussion and got badly mixed up over an item in the Department of the Interior for $45 respecting whisky cases. This was a nice situation he suggested with some show of sarcasm, but Hon. Wm. Pugsley, in the absence of Hon. Mr. Oliver, directed the attention of Mr. Sharpe to the fact that this was for legal expenses in connection with certain prosecutions of persons who sold liquor in the dry belt on both sides of the transcontinental railway during construction.

Several of the members of the Government spoke briefly in explanation of the figures quoted by Mr. Taylor, and all announced their readiness to have all matters gone into thoroughly.

Sir Wilfrid Laurier, referring to the total expenses quoted for the Minister of Trade and Commerce, pointed out that they applied to the international and trans-oceanic peregrinations of trade commissioners and inspectors. The actual expenses of the Minister and staff were moderate and economical.

The reciprocity debate was resumed and Messrs. Beauparlant (St. Hyacinthe) and Wright (Muskoka) and Dr. Chisholm (E. Huron) spoke.

NOTHING HUMAN ON MARS

Berkeley, Cal., April 21—Prof. Robert D. Aitken, one of the astronomers of Lick University, does not believe that there is human or animal life on the planet Mars.

In a lecture delivered at the University of California last night he expressed the opinion that the markings seen on the surface of the planet and supposed by some scientists to be canals constructed by intelligents for irrigation purposes, are nothing more than earthquake fissures.

They are too rough and too wide for canals, he said. He exhibited photographs in support of his belief.

RECIPROCITY BILL PASSES CONGRESS, GOES TO SENATE

Vote For it Was 265 to 89—End of a Six Day Fight—Parties Split Badly.

Washington, April 22.—President Taft's Canadian reciprocity agreement, supported by all but a handful of Democrats, and opposed by a majority of the Republicans, passed the House of Representatives early last evening by 265 to 89. With nearly 200 Democrats in control and their action endorsed by a large body of the Republicans, the bill to put the agreement in force was adopted with no amendments and in almost identically the form in which it passed the House in the last session of the preceding Congress.

The bill seeks to put into effect the formal agreement reached between President Taft and the members of the Canadian Cabinet for a reduction of the tariff rates on many articles and free trade in many others across the Canadian border. Added to it by the Democratic leaders is a section which "authorizes and requests" President Taft to make further efforts to secure still freer trade relations with Canada, in the form of additional reciprocal relations.

The passage of the bill marked the close of a fight that had raged in the House for six days. During that time the safety of the measure was at no time threatened, but the Democratic and Republican leaders working for its passage conceded all the opportunity desired by its opponents for debate, and, following the same policy, amendments were admitted in the House yesterday for almost every section of the bill, and in each case they were rejected by an overwhelming vote given by the friends of the measure on both sides of the House, on the theory that any amendment would nullify it.

Ten Democrats voted against the bill on its passage, while 197 Democrats voted for it. As in the case when the bill passed at the preceding session of Congress, a majority of the Republicans were found against it, the party vote being 67 for and 78 opposed. Representative Berger of Wisconsin, the Socialist member, voted for it, and Representative Adkin of New York, who ranks as an Independent, voted against it.

Couldn't Agree on Chairman.

Fernie, B.C., April 22.—The two members of the conciliation board, now being formed to enquire into the industrial dispute in this district, after meeting twice Thursday, came to the conclusion late in the afternoon that it was not probable that they would agree on a third person to act as chairman, and notified Mr. Macniven, the representative of the Labor Department. Mr. Macniven at once wired the result to his chief officer at Ottawa.

PACT WILL PASS THE U. S. SENATE

Believed That Reciprocity Will Get Big Majority

Special to the Review.

Washington, April 22.—That the Canadian reciprocity bill will pass the Senate is considered certain, but there will likely be a prolonged debate.

Lumber interests and a few senators, representing the middle west farming States, will fight the measure tooth and nail.

The general belief is that the measure will finally pass the Senate with a big majority.

Massacre at Fez?

Madrid, April 22.—The Government has received a telegram stating that a native has arrived at Teuan, who declares that the Moroccan rebels have stormed Fez and massacred the garrison, and that the sultan has taken refuge in the French consulate.

There is, however, no confirmation of the report obtainable here.

Ethnographic Exhibition Opened.

Rome, April 22.—The Ethnographic Exhibition, another feature of the jubilee exposition, was inaugurated yesterday by the King and Queen, Prince Arthur of Connaught and other notables. Gathered together are interesting and artistic structures, representing different regions and times.

Capt. Guest Unopposed.

London, April 22.—Capt. Guest, Liberal, was unopposed in the East Dorset bye-election.

Capt. Guest was elected in December and unseated in January on a petition alleging corrupt practices. His vote was 6,819; his opponent, Glyn, 6,266.

May Be Open Sunday.

Hull, Que., April 22.—Hull moving picture theatres will be allowed to give Sunday performances in future. The long-delayed judgment in the case of the Provincial Government against the Hull moving picture theatres, to compel them to close on the Sabbath, was delivered in the Police Court yesterday by Magistrate Goyette, who decided in favor of the theatres and dismissed the case.

A Peculiar Fatality.

Three Rivers, Que., April 22.—C. E. Houle, aged 14 years, while looking at other boys playing baseball at the Christian Brothers' school Wednesday afternoon, was struck on the head with the ball. At the same time, in trying to avoid the ball, he also knocked his head against the wall of the school, and as a result he was injured so badly that he died Thursday night.

Promised Co-operation.

London, April 22.—The council of the London Chamber of Commerce last night passed a resolution to accede to the request of the New York Chamber of Commerce to co-operate with it to bring about a treaty of arbitration between Great Britain and the United States as proposed by President Taft.

Canadians at Columbia.

New York, April 22.—Two Canadians figured in the fellowship awards made for the academic year at Columbia University: S. M. Eastman, Medford, Ont., secures the George William Curtiss' Fellowship, and J. C. Miller, Calgary, Alberta, is a fellow in the Teachers' College, in education.

CIVIL SERVANTS WANT PENSIONS

Ask Hon. Mr. Fielding for Superannuation Scheme.

Ottawa, April 22.—A deputation of civil servants from every part of the Dominion waited on the Minister of Finance yesterday morning, and asked for the abolition of the existing retiring fund and the introduction of a system of superannuation similar to that adopted by Canadian banks and insurance companies.

The Finance Minister promised favorable consideration.

Officers were elected at the concluding session of the delegates from the civil service of Canada yesterday.

The new officers are: Dr. J. A. Smith of the Windsor custom house, re-elected president; G. Carpenter of the Montreal postoffice, vice-president; R. H. Coats of the Labor Department, Ottawa, secretary-treasurer; Hon. J. F. Whear of the Charlottetown postoffice, Hon. A. T. Dunn of the St. John, N.B., customs, N. Dyer of the Halifax postoffice, J. Z. Corbeil of the Montreal customs, T. M. Lane of the Montreal excise office, R. Patching of the Interior Department at Ottawa, M. Sparks of the Toronto postoffice, W. F. Miller of the excise office at Hamilton, A. Brown of the Vancouver customs, and R. Holmes of the customs, executive committee.

The work for the ensuing year was mapped out, among the subjects with which the association will deal being the education of the public in favor of superannuation and the extension of the act of 1908.

TORONTO AND BOY SCOUTS

Demonstration of Work of Patrols.

Presentation of Medal to Peterborough Boy.

Toronto, April 22.—The boy scout movement has taken hold of the city of Toronto, or rather Toronto has taken hold of the boy scouts' movement. Last night about 2,000 enthusiastic citizens sat in Massey Hall while the many city troops gave a display of scout work. The subsidiary program made a most attractive shifting background to the display.

The carping military critic need no longer decry the lack of military training for the young.

In the boy scouts' movement is an organization that gives the best training that can be desired. The value of the thorough training in all military work demanded by the scout movement cannot be overrated. While a full display of the camp work, including signalling, single stick, single-lock, pontoon and double trestle bridge-building, semaphore drill, first aid, shadow graphing, tent pitching, rope bridge building, and look-out towers was taking place in the front of the stage, a subsidiary program consisting of reveille, parade, flag-raising, breakfast, hut-making, wireless telegraphy, dinner, bugling, friction fire, mat-making, telegraphy and evening meal was put on in the camp scene at the back.

Presentations were made to three boy scouts for bravery by Miss Gibson, daughter of Lieut.-Governor Gibson. George Jackson of Dunnville was presented with a bronze medal for rescuing one boy from drowning, and attempting the rescue of a second, almost losing his own life. A silver medal was given C. Richardson of Peterboro, who also saved a lad from drowning. Thomas Hobbs of Toronto, who assisted in saving a man from drowning in the Don, was given a scroll of honor.

Did All They Could.

Toronto, April 22.—Strips of sticking plaster upon the person of Raphael Gentile, an Italian, showed the correct map of the attack made upon it Saturday morning last, by Nicholo Ganzano and Teresa Maracotello, his woman, at their home, when he appeared in the Police Court yesterday morning to press charges of aggravated assault.

He said that the husband had struck him with a hammer, while the woman had beaten him with an axe, shot at him with a revolver, and sprinkled ashes upon him. The woman said that she had decorated him with ashes, but denied the rest. She said that clothed in three pairs of trousers, he was making ready to leave without paying his board. The husband said that he had come to the rescue of his wife. They will dwell together in the jail for 40 days.

Demand Their Cargo.

Kingston, April 22.—The schooner Ford cleared for the steamer John Sharples, wrecked off Galloup Islands, to demand her cargo of corn for Jas. Richardson & Sons, to whom it was consigned. On Wednesday the men on the wrecking job refused Capt. Daryeau permission to get the corn off until the vessel was released. Trouble is looked for if the second request is refused.

Australia's Naval Plan.

London, April 22.—Sir Cyprian Bridge, interviewed re Australia's navy, says the scheme is ambitious and will give the Australian taxpayer the opportunity of realizing the financial burdens imposed on the Empire. The complement of men necessary is fifteen thousand, which for a country like Australia, with a small population, will mean considerable expense.

Senator Forget's Funeral.

Montreal, April 22.—The funeral of the late Senator Forget will take place in St. James' Cathedral Monday morning at nine o'clock. The C.P.R. of which company the late Senator was a director, have sent a private car on to St. John, N.B., to meet the steamship Victorian.

An Expensive Drink.

Kingston, April 22.—Constables Arniel and Downey caught men drinking in the bar of the Iroquois Hotel, after hours. John Theriault pleaded guilty. Magistrate Farrell imposed a fine of $75 and costs or one month in jail.

Georges Not Over Ardent.

Toronto, April 22.—Georges numbering 121 have subscribed to the George's Coronation Fund up to the present. Subscriptions close on the last day of the month.

MASSACRED THE PEOPLE OF FEZ

Rebels Have Captured the Morrocan Capitol

Special to the Review.

Madrid, April 22—Official dispatches received to-day by the War Department indicate that the Morroccan rebels have captured Fez, and a ruthless massacre of men, women and children has taken place. No details have been received yet, but it is feared that the news will be shocking.

JOE MARTIN BUMPS UNIONISTS

Speaker Tells Him He Does not State the Facts, and Martin Bows to Ruling.

London, April 22.—In the Commons Thursday night Joe Martin, M.P., referring to reciprocity, said a savage attack was being made by members of the Opposition on Hon. James Bryce, and the Government because they would not bring pressure to bear on the United States and Canada not to enter into such a treaty. (Opposition cries of dissent, "withdraw").

Steel-Maitland asked for the ruling of the Speaker whether the member was justified in attributing to the members of the Opposition statements which had never been made by them which he challenged the member to prove. (Opposition cheers.)

The Speaker said in any case this had nothing whatever to do with the motion.

Martin said the member for Leicester had devoted his speech almost entirely to the question of Imperial federation.

The Speaker said that was not so, as the greater part of the speech was directed to the resolution, and had not dealt with the question of imperial federation.

Martin said of course he bowed at once to the Speaker's ruling, but he had ears. ("Oh, oh" and laughter.) In conclusion, he gave his opinion that the resolution and all these speeches about imperial unity were most mischievous, as at present we had an ideal state of things, and the ties which bound the Dominions to the mother required no strengthening.

WALTER MEHAFFY GOES TO CENTRAL FOR TWO YEARS

Was Prominent in the Robberies at East City Stores.

The next two years of Walter Mehaffy's life will be spent behind the walls of Central Prison at Toronto. This was the stiff sentence handed out to him this morning by his Worship Magistrate Dumble at a long sitting of police court, at which the prisoner admitted his guilt and made a clean breast of his connection with the series of burglaries which were committed in East City on the night of April 6th, this spring.

A BAD RECORD.

Mehaffy's record is a distinctly unenviable one, and was largely largely the cause of the severe sentence meted him. A considerable portion of his life has been spent in jail, and R. E. Wood, who prosecuted, read his police court record for the last few years, which showed that he had been found guilty of stealing three bicycles, of obtaining money by false pretences and of stealing one horse and buggy.

As his Worship imposed the sentence he took occasion to impress upon the youthful prisoner the enormity of his misconduct.

"It would appear," he stated, "that you had already graduated in crime, and the charges that you have been found guilty of entitle you to a heavy improvement. Inasmuch as all has been done for you to make you correct your ways you have gone on and persisted in wrongdoing, I sentence you to be confined to the Central Prison at Toronto for the term of 2 years less one day."

HOW IT WAS DONE.

In the witness box Mehaffy told the whoel story of the burglaries. He said that on the afternoon previous to the night of the robberies he had met two friends, and the three of them had drinks at the Oriental and the Munro House. In the evening they took a single horse and rig being to the other men and drove over into East City. One of the men with him suggested breaking in R. J. Bell's which they did by putting a stone through the window. They took out some oranges there. He related how the other stores had been entered and what they had taken. At one place fifteen bottles of liquor had been taken. Out of the fifteen he, the prisoner, had managed to secure 11, only eleven, to use his own words, and which caused a laugh. The other two men then got into the rig and drove away while the prisoner went home carrying the bottles in a basket. He hid them in a stable near his place and then went to sleep in the stable.

P. C. Newhall and Chief Thompson also gave evidence which agreed with the prisoner's statement.

David and Thomas Drain, who were in court in connection with a case of theft, are the two men who with Mehaffy, took part in the robbery of the stores.

They were given a chance to do better.

MacKay and King at St. Thomas.

St. Thomas, May 22.—After addresses by Hon. Alex. MacKay and Hon. W. L. Mackenzie King yesterday afternoon, a gathering of 600 Liberals passed resolutions endorsing reciprocity and expressing faith in Mr. MacKay.

The meeting was arranged by the Young Liberals of Shedden.

Another Chinese Loan?

St. Petersburg, April 22.—The Novoe Vremya devotes its leading editorial article yesterday to the international loan of $50,000,000 to China. The article deals particularly with the attachment of Manchurian revenues and the appointment of a fraction of the loan to Manchurian enterprises. In connection with the declarations abroad that the loan will serve to guarantee the territorial integrity of China, the Novoe Vremya says that China at present has a deficit of 80,000 roubles (about $40,000,000) and that undoubtedly the loan will be swallowed up by pressing immediate needs and that a further loan will be inevitable.

It says that the French and British participants in the loan stipulate that no part of it shall be employed in military expenditures in Manchuria, and that so long as this stipulation is observed Russia has no particular objection to the loan.

Accident to Survey Party?

Ottawa, April 22.—Census Commissioner Blue last night received the following wire from his son, Walter Blue, who is on a Government survey in the Temiskaming:

"Saved everything and are all right."

It is believed here that the wire refers to some accident in the north, but nothing is known of it in Ottawa.

Galt's Y.M.C.A. Campaign.

Galt, Ont., April 22.—Galt citizens have decided to launch a campaign to raise $50,000 for a new Y.M.C.A. building. At a meeting last night, addressed by Harry Ryrie, Toronto, and J. W. Hopkins, field secretary of the work, it was decided to conduct the campaign from May 14 to 22. The membership has grown from 55 to 265 in the past few years.

Tried to Burn Church.

Wyoming, Ont., April 22.—An attempt to burn the Methodist Church here was discovered at 12.30 yesterday morning. The wooden steps in front of the church were destroyed and the flames had spread to the building proper before they were extinguished. There is no clue as to who the guilty one is. A pile of oil-soaked waste was found near the wooden steps.

Missionaries For the West.

London, April 22.—A party of young English missionaries sent out by the Colonial Continental Church Society, sailed from Liverpool yesterday for Canada. The majority will find spheres of missionary labor among settlers in Saskatchewan and Manitoba. The party is the first of several to be sent out this spring and summer.

MADERO MOVES FOR PEACE

Negotiations With Government to be Opened

Special to the Review.

Washington, April 22.—Gen. Madero, leader of the Mexican insurrectos, wired his agent here to-day to open peace negotiations with the Mexican government. The threatened attack on Juarez has been postponed for twenty-four hours, pending the peace negotiations.

REPORTER FINDS SENTIMENT HERE IS STILL VERY STRONG

No Let-up in the Opposition to the Reciprocity Pact—Review Tests Corroborated by Toronto Man

A Toronto News reporter is in Peterborough on a vote-getting expedition in reference to reciprocity. As was shown by the Review test votes taken some time ago, when the reciprocity agitation was still fresh in the public mind, sentiment in Peterborough is dead against the pact. Its unpopularity was never more manifest than now, when the first wave of indignation is supposed to have died away. The votes obtained by the News man on his rounds, so far, are:—

Vote among merchants, their customers and the general public met at random:

Against	83
For	12

Vote on the outskirts of Peterborough among general public:

Against	37
For	6

Vote among Peterborough Railway men:

Against	31

BETWEEN YOU AND ME

One hundred and twenty-four Georges in Toronto have contributed to the George fund. The King will imagine that his namesakes in Canada are a rare lot.

—o—

The government members and commissioners spend thousands of dollars a year in gratuities. The waiters on the government cars often feel tipsy.

—o—

This continued chill in the air must really be the frost that reciprocity got. It's been cold ever since the pact was sprung on the public.

—o—

They are discussing now if it's wise to "take 'em off." Don't you think it better to swelter a few weeks longer in this torrid zone, and reduce weight for the cricket season?

—o—

The Social Order of Moose members promise to make themselves Herd. But it will not be a Vamoose order.

—o—

Of course, being male moose, the members will have a bully time.

"FEEBLE STOMACH"

Causes Digestive Weakness and Poisons the Entire System.

"No one can have suffered more than I did with stomach trouble." writes Phil. E. Pascalar, well known at St. Andrews Corners. "My doctor told me my indigestion and sleeplessness were due to poisons in the blood. Certainly my condition was desperate, and it seemed from the despondent feelings that swept over me that I would lose my reason. I happened to read about Dr. Hamilton's Pills and bought five boxes from the druggist. Such body-cleansing pills I never used; they were mild and yet quite strong enough to drive all the humors out of the blood. My stomach gained strength rapidly with Dr. Hamilton's Pills and I improved so much that in eight weeks I could eat and digest all ordinary food. Depression and weariness passed away and I am, thanks to Dr. Hamilton's Pills, enjoying robust good health."

No remedy for biliousness, indigestion, headache, sick stomach, or constipation that compares with Dr. Hamilton's Pills. Refuse substitutes. Sold in 25c. boxes. All dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Stomach Troubles

The Daily Review

SATURDAY, APRIL 22.

UNION LABEL

WHEAT AND RECIPROCITY

With the reciprocity proposal has come a sharp decline in American wheat prices instead of an advance in Canadian grain quotations. In a recent issue The Farmers' Advocate of Winnipeg said—

"Since the terms of the reciprocity pact were made public wheat has been getting cheaper. On January 26 May wheat was worth $1.06 1-8 per bushel in Duluth and 98 3-4 cents in Winnipeg. Up to the day the terms of the agreement were announced there had been a difference of from 9 to 13 cents per bushel in the price of wheat at these two points. The first week in January, May wheat in Duluth sold at an average of 10 cents over Winnipeg; in the second week, 13 cents; in the third, 10 cents; and in the fourth week 9 cents. In the first week of February there was an average difference of 7 cents; in the second week, 4 cents; in the third, 5 cents; and in the last week in the month, 4 cents. From the day that free wheat was known to be part of the reciprocity pact down to the end of February, the May option in Duluth declined from $1.06 1-8 to 95 1-4 cents, a shrinkage of 10 7-8 cents per bushel, and the same option in Winnipeg declined from 98 3-4 cents to 91 1-4 cents, a shrinkage of 7 1-2 cents per bushel.

QUESTION OF JURISDICTION

Some of the Presbyterian clergymen take the stand with reference to the ne temere decree that to ask Quebec to change the present law would break Confederation. They say that Quebec entered Confederation on the distinct understanding that the provinces were to retain control of the making of marriage laws, and for the Dominion to step in and legislate would be to violate that understanding, and thus imperil the union. The law on the subject seems to be that the Dominion has the power to enact legislation with reference to marriage and divorce, this being defined in the Act of British North America. The manner of the solemnization of marriage is confined to the jurisdiction of the provinces. Sir Hector Lengevin declared that the clauses set forth in writing distinctly gave the Dominion the power to say what marriages are valid and what are not. The provinces have only the right to settle the formalities of marriage, which must not conflict with the Dominion legislation.

The following letter, written by Henry Aylen, K.C., of Ottawa, sheds a new light on the legal aspect of the matter—an aspect that is very interesting, purely from a legal standpoint, especially when Justice Archibald, in the famous Delpit case held exactly contract to what Justice Laurendeau held in the Hebert case—

"When, at Confederation, the power of dealing with 'marriage and divorce' was assigned to the Dominion Parliament, it was well understood that 'marriage and divorce' included all matters relating to the status of marriage and between what parties and under what circumstances it shall be created, and, if at all, destroyed. It would, therefore, seem evident that Parliament, dealing with the capacity to contract a marriage, could legally declare that a difference between consorts regarding religion has not been and shall not be a bar to a valid marriage, and that parties holding different religious views may freely marry one another, just as Parliament by chapter 105 of the Revised Statutes of Canada has permitted a widower to marry the sister of his deceased wife. It has frequently been held that the Dominion Parliament could confer on courts created by its legislation and exclusive jurisdiction to adjudicate upon matters over which such Parliament was given power to legislate by the B. N. A. Act; and, hence such Parliament might assign to a federal court, say the Exchequer Court, the exclusive power to annul a marriage.

"Legislation along the above lines would remove this important subject from the field of local prejudice, and dispel much, if not all, of the ill feeling produced by the recent decisions to which reference is now so frequently made."

SCHOOLS AND IMMORTALITY

The teachers who gave addresses at the recent session of the Ontario Educational Association seem to be of the opinion that immorality, and what might be more correctly termed lax moral principles, is seriously undermining the corrective influences of the schools. The teachers are in a position to know, but the problem is a hard one to solve. It must be granted that the schools can only be a collaborator with the home in the work of building up the moral fibre of the boys and girls. The influence of the schools is directed toward strengthening the boys and girls coming from good homes in their home-taught tendency to observe the principles of rectitude; and to correct, as far as possible, the immoral or evil propensities of those boys and girls who have not had the benefit of proper home influence and training.

Much has been written on the influence of environment, of the suggestion and impress on the character of early training, and the teacher struggling daily to direct and shape the tendencies of forty or fifty children realises to the full, what his or her responsibility is. The lamentable fact is this; The moral training of the children that the home is supposed to give the armor of loving instruction in what is right and good, is so often missing that the full burden of the endeavor to make a useful and upright citizen out of the growing and developing youth is thrown where it should not be entirely thrown—on the schools.

It is a fact that in associating with each other in comparing notes as to the natural processes of life in which children are foolishly kept in ignorance by those who could portray them in the proper light, children do receive a great deal of harm. They begin life, not with a noble understanding of the laws of nature, but feeling that there is something under the surface that is being kept from them. Mrs. Thornley, of London, whose charges as to immorality in the schools have stirred the province, says that conditions are shocking. If what she says is true, it is high time that some means should be devised whereby the evil can be alleviated, for it is one that demoralises the flower of the youth of the country. But if, as many people generally suspect, much of what Mrs. Thornley has had to say is, in mild terms, rhetorical exaggeration, then she may be put into the class of well-meaning, but misguided people, along with some Lord's Day Alliance workers, prohibitionists, etc.

It does not seem to be a rational conclusion to expect the teacher to do more toward the teaching of morals in the schools than is being done at present, because every teacher worthy of the name will carefully watch for any sign of the lack of good home training. Burdened with the teaching of a curriculum that has a plenitude of fads and frills, the staff of the public and high schools of the province has about all it can handle. It is in the home life of the pupils that the remedy is necessary, but unfortunately the homes where the children are left to grow up as best they can, under whatever influences that happen to be moving, are numerous and hard to reach. No boy or girl will rise higher than the moral or spiritual level of the home, because early life is but imitation of elders, and a reflect of environment.

Hence it is doubly important that all parents should take seriously to heart the lesson. The rearing of children is one of their most important cares in life. It is a duty for which they must answer, to see that the future men and women of the nation are educated and trained, not only mentally, and physically, but morally; for a nation is no higher than its morals. The understanding guidance of youth when it reaches the critical stage is the greatest blessing that can befall a boy or girl, and safely over that period, when character has been moulded with some degree of permanency, the future of that boy or girl is probably assured. Canada has the reputation of being one of the most moral nations on the face of the earth, but that is no reason why the private life, the sacred home life of its people should not be put on a still higher place.

Wood's Phosphodine. The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. Abbey's Effervescent Salt

A glass every morning is the best possible tonic for young and old.

At all druggists—25c. and 60c. a bottle. 86

EDITORIAL NOTES

The citizens of Douglas, Arizona, have had to build bullet proof shelters to be secure from the pellets that come from the Mexican border. They will soon be all Artful Dodgers.

The Ontario government will investigate the Ottawa typhoid epidemic by a commission, according to reports. If investigation will place the blame, let it go on. But Ottawa investigations are notoriously unable to arrive at anything like a satisfactory result.

Munich public house men have been sent to jail because they put too much "collar" on the beer, or in other words served too much froth. This is fraud of the rankest kind, on the weak and helpless beer drinker, and in the interest of public health and morals it is well that consumers should be protected against the substitution of harmful froth.

The Episcopal cathedral of St. John the Divine of New York has been dedicated. It will cost $16,000,000. Costly churches are an outward symbol of Chritianity, it is true, but do they conduce toward real Christianity? Do not these magnificent edifices savor of the old Babylonic days, when show and ostentation ran riot, and the hearts of the people were corrupt. The religion of the little country church is twice as true and as deep as the religion that is found in the show places of Christianity.

The putting into effect of the act recently passed by the legislature prohibiting the sale or exposing for sale of any bowie-knife, dirk, dagger, stilletto, metal knuckles, skull cracker and also a revolver, pistol or air-gun without a police certificate being presented by the purchaser, ought to help in keeping down the accidents and crime resulting from the sale and use of these weapons. It is a strenuous act, but it is necessary because of the increase in the use of weapons by the lawless foreign element that are flocking Canadaward. Sales must be kept track of, and reported every three months to the provincial police.

DIZZY SPELLS

Caused by Weak Kidneys

Dizziness is largely the result of disordered kidneys. Mrs. Hall, 84 Flora Street, St. Thomas, Ont., says; "I suffered for years with spells of dizziness that would leave me unable to attend to any house duties. My back was weak and caused me much suffering through the night. I had doctored for years, but all to no avail. Nothing benefited me and my condition became worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since and I feel like a new person."

Don't think that it's woman's lot to suffer always. This is not true. A box of Booth's Kidney Pills will convince you of this. Send for a free trial or secure a box for 50c. at your dealers. Postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Remember these pills are guaranteed.

To Teach Moral Hygiene.

Toronto, April 22.—Dr. Conboy, chairman of the management committee of the Board of Education, says he will introduce a motion for instruction in morality in the schools by expert instructors.

Goes to Saskatoon.

Kingston, April 22.—Thomas H. Fleming, for six years agent of the Sailors' Union, and financial secretary of the Trades and Labor Council, has resigned; he is going to Saskatoon.

Canada's Education Commission.

London, April 22.—The Canadian Education Commission Thursday interviewed Hon. L. Harcourt at the Colonial Office, and yesterday called at the Scottish Office, prior to touring the north.

TO CURE A COLD IN ONE DAY Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants hands, or workmen try the Review want ad columns.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

He looked from the tiller to the compass and hesitated about leaving it to eat. He had never tried letting the Virginia follow her nose with the tiller lashed.

"Of course," said he, "she'll fall off. But if she turns I can put her back on her course. I believe I'll try her."

Whereupon Craighead recited a poem:

"I go away this blessed day
To sail across the state, Matilda.
My airship starts for various parts
At twenty after eight, Matilda.
I do not know where we may go
Or whether near or far, Matilda,
For Captain Carson don't make a parson
Of any foremost tar, Matilda.
That mystic man beneath my ban
Shall suffer, coute qu'il coute, Matilda.
What right has he to keep from me
The airy, scary route, Matilda?
Although, in sooth, I am a youth
Of common sailor lot, Matilda,
Am I a man on human plan
Devised, or am I not, Matilda?

"And echo, if there were any place to echo from, would answer, 'Not Matilda!' Have some of the milk while the Virginia chases her tail above Mr. Pinchot's forest."

"She doesn't chase her tail much," replied Carson, "so far, at least."

She did not. The gyroscopes held her on an even keel, and the altimeter statoscope delivered the verdict that the Virginia was following a course as level as a battleship's. Carson ate, watched the triumphant test and forgot to frown, and he little knew toward what danger he was hurling himself.

Peak after peak, village after village and occasionally a big smokeless town about the national power plants of the Leighton reservoirs came hurrying toward them, passed beneath like visions and fell behind.

"See that big stratus cloud?" asked Carson. "Shall we go over or under it?"

"Personally," replied Craighead, "I've been under a cloud long enough."

The stratus was an immense vapor sheet half a mile above the earth. Underneath were the gloom and dullness of cloudy weather, but above it the sun shone with a brightness augmented by the brilliancy reflected from the upper surface of the cloud as from a great glittering plain of snow. The sun was past the meridian and shining warm, but on the wing over that great expanse of pearl the air felt, not cold, but "caller," and they put on their topcoats. The shadow of the Virginia ran with her across the cloud like a black bat haloed in the unspeakable glory of a triple rainbow which ringed the scudding shadow about in concentric circles, so bright, so refulgent in dye, so glorious in their mingling lines, that the voyagers, glancing from radiance to radiance, lowered their voices to the thrill of a beauty too intense for speech.

The immense engines were moving more regularly than clockwork, keeping the pledge of their makers that if supplied with fuel and oil they would run without a single stop until worn out—the perfection of the internal combustion engine, once so untrustworthy.

"I want to see where we are," finally said Carson. "This is like an open ocean. I want to compare the map with the landscape."

Obedient to the tilted rudders, the Virginia pointed her prow downward. Her propeller blades buried her swiftly forward and toward the earth, and she plunged into the cold stream of the stratus cloud into mist and white scarfs of lacy fog and the snowy obscurity of an aerial blizzard. Craighead gasped at the chill and the blindness.

"Ring for a guide," said he. "I'm lost."

He was not lost for long, for the Virginia clove the fleecy hoodwink and emerged through its lower levels into the clear shadows of the nether air. They could feel the warmth radiated from the ground, balmy with earthy scents. Far to the northeast lay a shining river, widening at the limit of vision into a broad estuary, and just within sight could be discerned the clustered spires and towers of a city. Carson looked the landscape over and studied his map.

"Craighead," cried Carson, "we've made Richmond three hours quicker than I thought it possible. A stork or a Canada goose couldn't have covered the distance, and both sometimes go 200 miles an hour! Why"—

"Let us exult over yon insufferable plutes!" cried Craighead. "Let's fly rings around 'em! Let's sail circles around the snobs!"

Craighead, scanning the southeast with his fieldglasses, had discovered at a distance of six or seven miles a huge silver aeronat steering northward. Theodore threw over the tiller and made for the airship. Craighead looked at him in wonder.

"That ship looks," said Carson, advancing the spark and crowding the engines, "like the Roc."

After a few moments on a straight course to intersect that of the aeronat Carson threw the Virginia up into the cloud. Soon they emerged on the shining upper levels of the cloud, which hid their approach to the other craft. One below the curtain and one above it, the airship of the future and the airship of the past flew on converging courses. They dropped below the cloud into the thinner vapor. They looked about—and saw nothing. And yet, above the purring of the machinery, came to their ears the tremor from powerful engines. Could the Condor have ascended into the cloud as they descended from it? Voices came closer and closer.

"My God, Carson!" shouted Craighead. "You're going foul of her. Look down!"

Just in time Carson looked. From the depths of air below the great bubble of silver rose, swelling in her swift approach. A collision meant ruin. The propelling blades of the aeronef would cut the envelope of the gas holder like paper, and the two ships in a huge mass of tangled wreckage would fall to the earth in death and ruin, or the escaping gas from the aeronet, ignited from the exhaust of the Virginia's engines, might explode, hurling the fragments of both vessels far and wide. And Carson saw in the ruin the fair form of Virginia Suarez hurled to earth from the Roc and crushed to formlessness below.

Quick as lightning Carson threw on full speed forward. The Virginia obeyed her machinery, and as she swooped to the aeronat's starboard the latter rose swiftly. The Virginia's stern rudder grazed the gas bag and was all but carried away; a cord of the suspension system of the airship snapped with a detonation that set the huge fabric in a tremble. There rose a cry from the deck of the hitherto unconscious monster as her people realized the fearful fact that here in these dizzy heights they were in collision with something. A man came running out of the cabin with a gun in his hand, as if with some wild notion of giving battle to the destroyer.

CARTER'S ITTLE IVER PILLS. FOR HEADACHE. FOR DIZZINESS. FOR BILIOUSNESS. FOR TORPID LIVER. FOR CONSTIPATION FOR SALLOW SKIN. FOR THE COMPLEXION

Purely Vegetable.

CURE SICK HEADACHE.

BABIES WHO SUFFER FROM CONSTIPATION

The little ones who suffer from constipation, colic, indigeston, or any of the many ills that afflict children will find prompt relief in Baby's Own Tablets—a medicine that is guaranteed absolutely safe and free from all injurious drugs—in fact the only medicine for babies sold under the guarantee of a government analyst to contain no opiate, narcotic, or other "soothing" stuff. Concerning them Mrs. Ernest Plamondon, Ste. Julie Station, Que., writes:—"It is a pleasure for me to let you know what your Baby's Own Tablets have done for my children. My baby suffered terribly from constipation and although we had a doctor there was no change in his condition till I began to give him Baby's Own Tablets, but since then he is enjoying good health" The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TELEGRAPHIC BRIEFS.

Ten hotel licenses were cut off at Hamilton.

The Toronto Board of Trade will send a petition to Ottawa asking for improved Dominion Government buildings in that city.

Four children of Station Master Otis Dunn of the C.P.R. at Kaladar, died of scarlet fever. Six other members of the family are very ill with the disease.

F. Linton, who was choked to death on Thursday night while traveling through Maine on a C.P.R. train, is now believed to be a Toronto man. Linton was eating when death occurred.

Minister of Labor King has telegraphed Rev. Dr. W. C. Gordon of Winnipeg, popularly known as "Ralph Connor," appointing him chairman of the western miners' conciliation board.

Dr. B. C. Borden, who for many years was principal of Mount Allison Ladies' College, Sackville, N.B., has been appointed president of the Mount Allison University, in succession to Dr. David Allison, who resigned a year ago.

Are Not Afraid, Says Roy.

Montreal, April 22.—"We are not afraid of anything like that. Dissentions are sure to arise over the decree among people of different denominations outside of the Roman Catholic Church, but you will find that after a while they will quiet down," declared Canon Roy, secretary to Archbishop Bruchesi, regarding the resolution condemning the "ne temere" decree recently prepared and adopted by the general conference committee of the Methodist Church which is holding its sessions at Toronto.

When shown a copy of the resolution, Canon Roy merely smiled as he read the opening paragraphs.

"In the case of a decree like the 'ne temere,'" he said, "everybody cannot be pleased. But, as I said before we are not afraid of anything like that. They will all quiet down after a little while."

High Finance.

Briggs—Is it true that you have broken off your engagement to that girl who lives in the suburbs? Griggs—Yes; they raised the commutation rates on me, and I have transferred to a town girl.—Life.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at \$5 a box, or three for \$10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

Yes

ALL teas may look alike to you—but the difference in Red Rose Tea is in the taste and the smell. Another marked difference is the agreeable strength that puts real quality in the cup with less tea in the pot. Will you try it.

HONOR FOR YOUNG SCOUT

Cecil Richardson Presented With Medal by Lieut. Governor Gibson

Cecil Richardson, the local boy scout, who received a silver medal from His Honor Lieut.-Col. J. M. Gibson at Massey Hall last night, for an act of heroism in life saving here last summer, in back in the city and is now the possessor of the token which will ever be a reminder both to him and the local boy scouts of the signal honor which his brave action conferred on the local order of the scouts.

Mr. McClelland stated that he was simply amazed at the ability and skill of the Boy Scout members in Toronto as displayed last night. Their work was really marvellous, considering their youth and training, and he is more than ever convinced of the growing importance the movement is assuming.

When Cecil Richardson received his medal the Governor-General turned to the huge audience and to the assembled scouts, and stated that the boy had not only brought honor to the Peterborough Boy Scouts, but to the whole army of Scouts in Canada. He was also given three hearty cheers and carried off the platform amid great enthusiasm.

Seeking Jail Farm Site.

Toronto, April 22.—Prospects are that Toronto will soon have a jail farm. There has been some delay in getting the scheme into operation because, until the recent legislation was secured, the city had no power to go outside of the city to expropriate land for the purpose. Now that this power has been granted, a site will be secured as soon as possible.

It is understood that there are several sites available. Ald. O'Neill, chairman of the property committee, and Property Commissioner Harris have looked over several, and are expected to make a recommendation to the property committee in the near future.

Raised the Ante.

Some people seem to think it is useless to do right unless a crowd happens to be present.—Chicago Record-Herald.

AT WORK IN 3 WEEKS

\$4 Worth of Father Morriscy's "No. 7" Cured Her of Inflammatory Rheumatism.

Mrs. Agnes Edgar, of Grand Falls, N.B., had a terrible time with Inflammatory Rheumatism. Anyone who has had this most painful disease will understand her suffering—and her joy when she found Father Morriscy's "No. 7" had cured her. She says:

"I took Father Morriscy's Prescription for Inflammatory Rheumatism. I had suffered everything with it, but in three weeks after starting Father Morriscy's Prescription I was able to do my work, and after taking four dollars worth of medicine I was well. I highly recommend it any sufferer with Rheumatism."

Rheumatism comes from bad kidneys. The poisonous Uric Acid which they should remove stays in the blood, accumulates in joints and muscles, and causes agony. Father Morriscy's "No. 7" puts the kidneys right, removes the Uric Acid from the blood and the whole system, and cures the Rheumatism. 50c. a box at your dealer's, or from Father Morriscy Medicine Co. Ltd., Chatham, N.B. 63

Montreal, Que.

KILLED SHEEP IN THE CELLAR

Witness Said Animal Was Taken From Barn—His Worship's Judgment

On a charge of sheep stealing last July three young men, namely, Robert Anderson, David Drain and Wm. Drain, the latter brothers, appeared in police court this morning, after having been remanded to allow the police to secure more evidence.

They now have their liberty on the understanding that they pay for the expenses of the prosecution, and report to the Chief of Police every three months. They must put in an appearance next Saturday morning and be ready with the money.

Mr. F. D. Kerr defended David Drain, and J. E. L. Goodwill appeared for Anderson.

Each of the three was put in the witness box, but none of their stories agreed.

SOME DETAILS.

Anderson was the first to tell his story of the affair. He lives with his mother in Otonabee, his father being the late Wm. Anderson, M.P. He, in company with the two Drain boys, went out for a drive one night last July and when they reached the farm of Edward Fitzgerald the three got out and entered a barn belonging to Fitzgerald, where some sheep were kept. They brought one out, put it in the buggy and drove home, where they took it down cellar and killed it.

One of the Drain brothers stated that his brother started to kill the sheep, but was not making a good job of it so he finished it. They brought the hide into town and sold it.

Mr. Kerr tried to point out to the Magistrate that David Drain was not a party to the theft, as he was under the impression that the sheep had been purchased by Anderson from Fitzgerald.

His Worship found, however, that their statements proved them to have knowledge that the sheep was stolen, but to give them an opportunity to do better in the future, he allowed the whole three their freedom on the understanding already noted.

CURED THE WIFE AND HUSBAND

Great Work Done by Dodd's Kidney Pills in One Quebec Family

Thomas Lauriault had Kidney Disease and his wife Bright's Disease and Dodd's Kidney Pills made them both well.

Lac Cayamont, Que., April 21. (Special)—There is a world interest in the simple story of Madame Thomas Lauriault of this place. In her own words it is as follows:

"Dodd's Kidney Pills cured my husband of Kidney Disease and myself of Bright's Disease. We recommend Dodd's Kidney Pills to all who suffer from Kidney or Bright's Disease.

This is a splendid example of the grand work Dodd's Kidney Pills are doing among the plain people of Canada. Kidney Disease is the commonest of all ailments among those who have to work hard, because the kidneys are the first part of the body to feel the wear and tear of heavy work.

When the kidneys go wrong the blood goes wrong, and the whole body goes wrong. Rheumatism, Dropsy, Diabetes and Bright's Disease are the usual results. Dodd's Kidney Pills cure these by simply curing the kidneys.

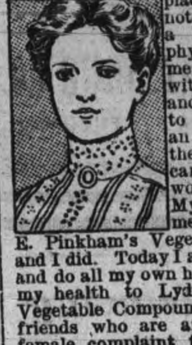
WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. **She was four weeks in the hospital and came home suffering worse than before.**

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.



If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

ONE FOURTH OF ALL THE MOTOR CARS BUILT IN AMERICA IN 1911 WILL BE

Ford Model T's

It has been estimated by Motor Car Manufacturers that 150,000 automobiles will be built in 1911. Out of this immense quantity 37,500 will be FORD MODEL T's built by the Ford Motor Co.

There is a reason for this exceptionally large number of FORDS and FORD popularity.

The demand for a car of Ford design and Ford quality has been so great that a yearly output of over 30,000 Model T's has been required to supply the demand of buyers.

Ford design and construction, Ford quality in material, strength, durability and service, ECONOMY in UP-KEEP are features that have caused FORD to manufacture this season ONE-FOURTH of all the cars built in AMERICA.

CALL AND SEE THEM.

DON'T TAKE OLD-TIME PHYSIC

"Fruit-a-tives" Brings Natural Results In A Natural Way.

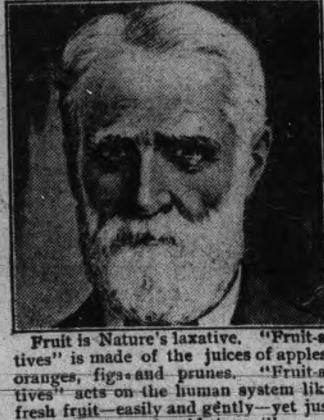
"I am a seventy-nine-year-old man and a great believer in, and user of, "Fruit-a-tives".

"Stricture of The Bowels was the complaint I suffered from and I found that "Fruit-a-tives" did me more good than any other remedy. My doctor advised me to stick to "Fruit-a-tives" and I have done so with best result.

"I have been in business here for a good many years and have been a resident of Otterville for over fifty years."

WM. PARSONS.

OTTERVILLE, ONT., July 8th. 1910.



Fruit is Nature's laxative. "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes. "Fruit-a-tives" acts on the human system like fresh fruit—easily and gently—yet just as effectively as the old-time pill.

"Fruit-a-tives" does not gripe or irritate the intestines. It regulates the bowels and cures Constipation because "Fruit-a-tives" acts directly on the liver.

Just try "Fruit-a-tives when you need a mild, gentle yet effective laxative and liver regulator.

50c. a box—6 for $2.50—trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

PUBLIC LIBRARY NOTES

To those who have the care of books and the purveying of literature to the public one thought must continually be borne in their mind, viz., the trend of taste of their clients and the varied degree of appetite to be found amongst them. In this city there is really quite a high grade taste for whatever is best and most wholesome and in an age that is notable for the arrant trash of much of the so called "literary" output, this is not only a surprising but a pleasing feature. There are a considerable number both of adults and juveniles, who have developed quite a wonderful appetite for reading since the library opened and it is to the juveniles especially that a word of warning seems necessary, for, no matter how healthy and inspiring the class of literature may be which they favour, there is not the least doubt but that too much addiction to reading is bad for the brain and the body. Old Jeremy Collier said long ago, "A man may as well expect to grow stronger by always eating as by always reading." Too much overcharges Nature and turns more into disease than nourishment, 'Tis thought and digestion which makes books serviceable and gives health and vigour to the mind.' If the parents of those few boys and girls who manage to swallow the contents of three or four novels a week realized the utter uselessness of the process and the hurtfulness of it, they would probably make a strenuous effort to curtail the meals of their offspring.

TO TURN TO ANOTHER MATTER

With a view to preserving something of continuity in the number of the books on the shelves so that the public may at least have a clue to whereabouts of any volume they may be in search of. The librarian asks all who make use of the library to make a point of turning down every book that they handle on the shelves. By doing this it can be seen at a glance what book has been handled.

The following pamphlets have been lately received at the Library. Addresses delivered before the Canadian Club at Ottawa 1910, 44th annual report of the Ontario Railway and Municipal Board to December 1909.

AGONY ON OPERATING TABLE

Did Not Remove Stone In Bladder GIN PILLS Passed It.

JOLIETTE, P. Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone In The Bladder. He decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush and they could not take it out.

I returned home suffering greatly and did not know what to do but was recommended by a friend to try GIN PILLS. I bought a box and found relief from the pain at once. I took a second and a third box of GIN PILLS, after which I went back to the specialist. He told me the calculus was reduced in size, still he could not relieve me of it although he tried for two and a half hours.

I returned home again and continued to take GIN PILLS as they reduced the pain very much, but I did not expect that they would relieve me of the stone but to my great joy, I passed the stone on October 3rd., and am now a well man and very happy.

I am sending the stone in to you so that you can see for yourself what a great work GIN PILLS did for me. GIN PILLS are the best medicine in the world and because they did so much for me, I will recommend them all the rest of my life."

J. ALBERT LESSARD.

What glorious news to those who are almost going insane from the pain of Stone In The Bladder! Here is ease and comfort! Here is relief! Here is a certain means of getting rid of the stone without being cut to pieces by the knives of a surgeon. GIN PILLS dissolve Stone or Gravel in Kidneys or Bladder because GIN PILLS are the greatest solvent for uric acid the world has ever known.

If your trouble is like Mr. Lessard's, follow his example and take GIN PILLS. Money refunded if they fail to give relief. 50c. a box—6 for $2.50. Sample box free if you write us, mentioning this paper.

"HONEYMOON TRAIL"

Catchy Music and Pretty Girls—London Critic Writes About It

The London Free Press of Tuesday last has the following to say of the "Honeymoon Trail," which appears at the Grand here next Tuesday, April 25th;

"The Honeymoon Trail," seen at the Grand for two performances yesterday, is a dainty little piece with more real comedy in it than one is accustomed to look for in the music-play of to-day, and what is almost better, with two genuine comedians among the performers, artists quite fitted to handle the humor as it falls.

Fred Wyckoff as Daniel Mason, manufacturer of "Mason's Canned Beans," has a role that carries with it innumerable good things of laughter and of mirth. And Mr. Wyckoff treats his role with a gentleness and a naturalness that helps him to win his way into the confidence and liking of his audience.

Carl George playing the part of Franz Von Mohr, of the German nobility, is none the less clever because he is in ordinary life a "really truly" German Herr Carl George makes a delightful Heldeiberg student with just the touch of softness and sentimentality, coupled with childness good humor and frankness, that one looks for from the men of his race and his class. It is long since we have had a comedian among us so absolutely real in his work as Carl George His role peters out a bit before the end, but that is not the fault of the player.

The juvenile of the piece is Mr. Willie Dunlay in the character of Tommie Perkinds, advertising manager for "Barlow's Boston Baked Beans," a rival company to that run by Daniel Mason.

A good deal of fun of the comedy takes form in the dialogues that fall to Mason and Perkins in their relative positions of commercial rivalry. As a funmaker Mr. Dunlay is quite boyishly charming.

THE FEMALE ROLES.

As far as parts go, the ladies of the company have rather the worst of it. The best part falls to Miss Laura Laird, playing the soubrette role of Edna Kennedy, Mason's stepdaughter. Miss Laird is a pretty little lady to look upon and she plays at all times modestly and with discretion. Miss Arline Boling, playing, or rather singing, the part of Mrs Frances Hemingway, has a voice fresh, rich and tender and she sang her pretty numbers, "One Little Boy Had Money," "The Honey Moon Trail," and "Whose Little Girlie Are Yor" with both artistic distinction and emotional fervor.

A pleasing feature of the performance was the work of the six little ladies who did the picturesque Chanticler and Brownie dances of the second act, and who were the "Little Girls" of the opening chorus. These made up one of the most modest and charming ensembles seen in London this winter.

The rest of the company was of good merit, and both the scenery and costumes were clean and picturesque.

What I liked especially about the performance was the excellent stage deportment evinced by the entire company. This respect for the niceties when coupled with the varied talents displayed last evening, went far to produce a pleasing effect and a pleasure-giving entertainment.

Pianos to Rent.

Pianos and organs rented from $1.00 per month up. Six months' rent allowed in case of purchase. The J. M. Greene Music Co., Limited, Charlotte street.

LATE COMERS.

To the Editor of the Review.

Sir,—The management of the Grand Opera House has had received a great many complaints about people coming late an annoying those who have come early to get in their seats and enjoy the play.

It is very annoying to have people come in half an hour after the play has started and have them walk before you or have to stand to let them pass. It mars the pleasure. The management tries its best to make it as pleasant as possible for patrons. The orchestra starts sharp at eight o'clock, so that the people who are there in good time have good music to listen to.

It is hoped that the public will kindly remember in future to be at the Grand Opera House in good time, and by doing so it will make it much more pleasant for all concerned. The theatre doors are open at 7.30 and the curtains go up at 8.15, or should go up at that time. It has been found necessary to hold the curtains longer to allow the late comers to get their seats, and not annoy others by passing before them when the performance is on.

We hope the public will kindly remember this notice, and with good wishes to all, we remain,

Sincerely yours,

J. J. TURNER & SONS,
Owners and managers,
Grand Opera House,
Peterborough, April 22, 1911.

BAND CONCERT WAS A SUCCESS

A Varied Program—Presentation of Colors to Boy Scout Patrol Leaders

Abounding with a variety of bright, tuneful and melodious numbers, all given with a precision and skill that was particularly noticeable to the large and appreciative audience present, the program provided by the band of the 57th Regiment in the Armouries last night might truthfully be styled the musical treat of its nature this season.

The intermingling of vocal solos chorus and band selections proved to be a variation that was specially acceptable to those who attended, and relieved the concert of the slightest taint of boredom.

While the bandsmen were responsible for the major part of the program still creditable mention is due to the St. John's church choir boys, under the direction of Mr. R. J. Devey and to Masters Harold Devey and Lorne Conway for the able and entertaining part which they played in causing the concert to be such a grand success.

The opening number was a stirring march "The Moose." It was played in a swinging, vigorous manner and was one of the most popular selections given. The cornet solo, "Love's Old Sweet Song," taken by Sergeant Hughes was beautifully played. His purity of tone and splendid control was a delightful surprise to the entire audience and he received a hearty ovation. The southern tone poem entitled "Georgia Sunset," was another beautiful and delicately played number and the finished and feeling manner in which it was rendered was a thorough treat.

About the middle of the program Judge Huycke in a few suitable words presented the patrol leaders of the different patrols of the Boy Scouts with their colors.

The program ended about ten o'clock.

The Social Order of Moose

will institute a local herd in this city Saturday evening, April 22nd, at Sons of England Hall. All charter signers please take notice. Meeting called at 8 o'clock sharp. The Supreme Organizer, W. H. Havlin, will be present.

MARKET TO-DAY

Maple Syrup Drops Five Cents—Other Prices

The offering on the market this morning was quite large. The buyers were numerous during the initial period, but the prices fluctuated a little, dropping considerably near the close.

The following were the prevailing prices about 10.30 o'clock—Veal, 9 and 11c; pigs, per pair, $7 and $7; dressed pork, 11c and 12c per lb.; maple syrup, $1.40 per gallon; apples, $2.50 and $3 per bbl.; seed potatoes, $1 per bag; potatoes for table use, 95c; eggs, 16c and 17c; butter, 25c and 26c; chickens, $1. $1.20 and $1.50 per pair.

At a later hour veal sold at 9c and 10c, and maple syrup registered at $1.35 per gallon.

Fresh Garden and Field Seed by ounce, pound or packet. Mason's Floral Emporium, 436 Water Street.

Tuesdays and Satrrdays

The Optical Institute is open every Tuesday and Saturday evenings, 7 to 9 o'clock, for the convenience of those who cannot call for eye examinations for glasses during the day.

Tokio's first elevated railroad, to be about thirty-one miles long, will be supported above the streets on brick arches.

India also has a new factory law which limits adults' work to twelve hours and children's to six hours a day.

An old French dredge of the Scotch ladder type has seen almost continuous service for a quarter of a century on the Panama canal.

Cause and Cure of Headache

The cause of headache as you know. is the stoppage of the circulation resulting in pressure on the delicate nerves of the head. In time nature will start the blood going again, but meanwhile we suffer and are unfit for duty.

Assisted by two ZUTOO Tablets, which by the way are as harmless as the soda they contain, nature will remove the pressure and stop the headache in twenty minutes. Why continue to suffer? Why be unfit?

It is really remarkable how many people now use ZUTOO to cure their headaches. Do you? If not, why not?

LOCAL YOUNG LADY WAS SUCCESSFUL

Secured Life Certificate as Public School Teacher

Among the successful students who passed their examinations at the Normal School at Easter and secured life certificates as public school teachers is Miss Eva Rae, 271 Sherbrooke street. Miss Rae is now fully qualified to teach any grade in the public school.

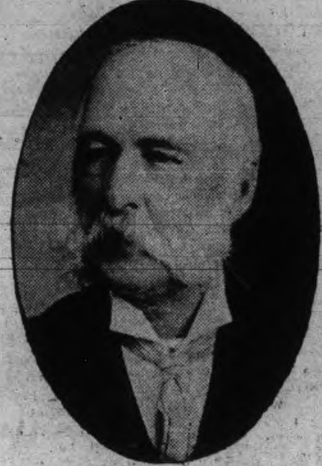
She has accepted a position at a school about four miles from Trenton and will commence her duties after Easter.

PROMINENT CITIZEN PASSES; DEATH OF MR. H. WADDELL

Summons Came Suddenly at Ten O'clock This Morning

Death came with startling suddenness this morning about ten o'clock to Mr. Hugh Waddell, at the family residence, "Beechfield," Monaghan Road. He had complained of pains in the chest last night; but arose this morning as usual. Returning to his room he lay down on the bed and passed away shortly afterwards. He was a prominent citizen of Peterborough, a man of sterling character, and his passing will be widely regretted. He was born in the township of South Monaghan 75 years ago. His parents, Robert Waddell and Sarah McClelland, who came of a prominent family of County Down, Ireland, were among the earliest settlers to this part of the country. For thirty-six years he conducted a mercantile business at Centreville, and after retiring resided at the homestead in South Monaghan. In 1878 he was married to Mary Waddell. Sixteen years ago he came to Peterborough and made his home at the late residence, "Beechfield."

The late Mr. Waddell had been a warm friend of Queen's University, where he established valuable scholarships. He was a Presbyterian in religion and a member of St. Andrew's Presbyterian church. Surviving besides his widow is one son, Roland M. Waddell, who is on his wedding trip to Europe, but has been communicated with. The sisters are Mrs. F. Hurdon, of Toronto, and Mrs. R. M. Boswell, of Elora. Mrs. Wm.



THE LATE HUGH WADDELL.

Needler, of Lindsay, another sister, predeceased him some time ago.

The funeral will take place Tuesday afternoon with the service at 2.30 o'clock, from his late residence, "Beechfield," to the Little Lake cemetery. Rev. James Rollins will officiate. It is requested that flowers be omitted.

CHIEF HOWARD TOLD THEM HOW

Showed Hastings People Working of New Ladder

The village of Hastings has bought a new Seagrave truck ladder for the fire brigade, similar to that in use in Peterborough. The reeve and councillors of Hastings invited Chief Howard to give a drill. The chief secured permission from the chairman of the Fire, Water and Light Committee, and went to Hastings yesterday.

The firemen put on a concert in the town hall in the evening, and Chief Howard gave an address on "Fire Protection." The main part of the concert was devoted to a mock council, which was exceedingly good. The hall was packed, and after the concert Reeve Thomas Howard and the councillors gave the firemen a banquet in the Spillman House.

LIVELY RUNAWAY ON AYLMER STREET

Farmers' Horse Left Wagon Behind at Telephone Pole

Will Rutherford, who lives about twelve miles from the city, while delivering farm products this morning left his team tethered to a telephone pole on Aylmer street, above London, and while he was at a nearby house they became startled at a passing automobile and ran away.

They dashed madly down the road after parting company with the waggon and everyone got out of their course. When they got as far as the Y.W.C.A. another team was making its way north with a load of fertilizer. The runaway collided with the waggon breaking the box and spilling the contents over the street. The vagrant horses were thrown violently to the ground and before they recovered their equilibrium they were captured and taken into a nearby shed to await the arrival of the irate owner.

The animals fortunately were uninjured. The damaged vehicle was taken to Fitzgerald's for repairs and the owner expects to be able to make the trip home this evening.

Sickness is usually caused by the accumulation of waste matter and impurities within the body.

Dr. Morse's Indian Root Pills,

enable the bowels, the kidneys, the lungs and the pores of the skin to throw off these impurities. Thus they prevent or cure disease. 12

SCOTCH CONCERT AT ST. ANDREWS'

Under Auspices of W.F.M.S. Was Largely Attended

Under the auspices of the W.F.M.S. of St. Andrew's church, a highly entertaining Scotch concert was given last night in the Sunday school room, and the large number who attended was extremely gratifying to those in charge.

The program was made up of selections almost all Scotch and was of a high order of merit, and refreshments served during an interval in the program conduced largely to the sociability and pleasure of the evening.

The following was the program:—

Solo—Miss Penrose.

Duet—Miss Penrose and Mrs. Atkinson.

Solo—Mr. McKenzie.

Solo—Mrs. Annie Robinson.

Address of Welcome—Rev. James Rollins.

Quattet—Miss B. King, Mrs. Atkinson and Messrs. McKenzie and Wright.

Mr. McKenzie very ably fulfilled the duties of chairman.

The affair was concluded by the singing of Auld Lang Syne and God Save the King.

A BIG CROWD will hear REV. DR. CLEAVER tell the entrancing story of JEAN VAL JEAN, IN KNOX CHURCH, on Monday night. Extra street cars will leave Auburn at 7.45 for the church

PERSONAL

Walter Miller, of Grand Forks, is visiting his parents, Mr. and Mrs. F. Miller, Water street. "Giddy" reports a good hockey season.

Mr. Investor

Are you open to investigate a proposition for investing your money in the most progressive city in the Canadian West?

SASKATOON

has grown from a hamlet of 113 people, in 1903, to an up-to-date, progressive city of 16,000 in 1910.

In 1903 Saskatoon had a single one-horse railroad, over which a solitary, forlorn-looking train crawled its way each day. Now, after only a short seven years, what a difference! To-day NINE different railway outlets are operating into Saskatoon, and over TWENTY splendidly equipped passenger trains enter its three passenger stations each day.

Saskatoon, during the seven years, 1903-1910, led all the west with percentage of population increase. In fact, its per cent. increase of population was greater than the per cent. increase of all other Western Canadian cities combined.

In such a virile, fast-growing city, MR. INVESTOR, don't you think you would be making a great mistake if you were to pass up this great opportunity to realize greatly on this unprecedented ratio of growth? We present for your consideration FAIRHAVEN subdivision, one of the choicest properties in the whole of Saskatoon. It is situated on the west side of the city, where the greatest development is taking place. It is just west of St. Paul's Hospital, which is maintained by the Grey Nuns, and which is one of the finest institutions in the West.

It is but a mile from the manufacturing and industrial centre of the city, being just half a mile from the city's limits. It is a safe bet that this property will double and treble in value during the next year or 18 months.

We Would Like to Meet You

If you are interested in any way in Western Canada, we would like to make your acquaintance. We have had a wide experience in the West, and, besides

FAIRHAVEN

we have a very large list of Farm Lands in the best sections of Saskatchewan for sale. Come and look our propositions over, we won't importune you to buy, and you will receive a hearty welcome. In Fairhaven we have without doubt the finest investment proposition in Western Canada, and at the prices asked, $100, $115 and $125 a lot, with the low cash payments of only $20 down and $10 a month, with no interest and no taxes, it will surprise us if we have any lots left in a week or two.

Fairhaven is most beautifully situated, high and dry, making an ideal location for a choice residential section.

In a city of such splendid promise as Saskatoon, real estate advances very rapidly in value. Land which sold a few years ago for from $10 to $15 an acre is now selling for many hundreds of dollars a front foot. Second Avenue property, which 10 years ago was a drug on the market at $45 a lot, is now selling as high as $1500 a front foot. Can you realize what this phenomenal rise in values means to those who were lucky enough, who had the nerve, to invest a few hundred dollars in Saskatoon ten, or even five, years ago? You have a better opportunity to-day than they had then, for while they were gambling with chance, you are only grasping a certainty.

NAME......................
ADDRESS......................

Did you ever know of a hat guarantee so strong as this?

Think of it—

a new hat any time within four months, to any man who can show a Buckley hat that has succumbed to wear and tear, or to accident, within that length of time after date of purchase.

The man who wears Buckley hats is sure of a reasonable hat-cost—because the makers of the Buckley guarantee that each Buckley hat shall be good for at least four months' wear.

The man who is Buckley-hatted knows that he is "hat-right" not only as to quality, but also as to style—the style supremacy of the Buckley has long been recognized. English as to quality, it conforms to American style tendencies.

The Buckley *creates* styles where lesser makers are content to follow the beaten path.

Another feature of the Buckley is that it is strictly a *Union-made* hat.

Note the "accident clause" in the guarantee. Many have wondered at its insertion, claiming that it makes it *too* easy for a man to get a new hat. That feature of the guarantee was prompted by a strong belief in the inherent honesty of mankind and a desire to remove all possibility of quibbling or questioning on the part of the merchant. Backed with that clause, your hatter is in a position to hand you out a new hat without hesitation and without suspicion.

Any good hat store can get you the Buckley—the price is no greater than for an ordinary hat. They sell for $2.50.

BUCKLEY. HATS

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

POWER.

To the Editor of the Review.

Sir,—The cheap hydro-electric power which is being furnished in various parts of the province is a sad reminder of the foolish policy whereby grafters and politicians were entitled to corner all the power on our local waterway and charge next to prohibitive prices to factories. The consequence is we are compelled to grant exemptions and bonuses to factories in order to secure them. There would be no occasion to vote for the Tire Co. by-law if our water power had kept free for the city as it should have been.

Yours etc.,
RATEPAYER.

Peterborough, April 22, 1911.

CONSUMTION

To the Editor of the Review.

Sir—The Health Bulletin of Chicago tells how not to catch consumption. The two principal suggestions are to avoid dusty places and to avoid foul air. If the Peterborough Horticultural Society, which is bent on beautifying our city, were to take to heart these suggestions, then indeed would its efforts be to some purpose, and consistent with its progressiveness. It must not think that the ratepayers will calmly submit to be taxed, as it progresses, without first taking the necessary precaution to put the city in a sanitary condition. Health and life are of more importance than a mere propect pleasing to the eye. Besides we cannot make our surroundings pleasant, while they are in an unsanitary state. While what it proposes would be a matter of expense the making of the city healthful would be a saving of expense. If there were no disease breeding spots, there would be no need for Isolation Hospitals.

I am quite in harmony with the society when the proper time comes, but let us first make our environment healthful, otherwise it would be building the superstructure before the foundation, or putting the cart before the horse.

Yours, etc.,
ESTHETIQUE

Peterborough, April 22, 1911.

Greatness and Smartness.

"Which would you rather be—truly great or really smart?"

"Smart, of course."

"Why?"

"Well, you may be truly great and no one ever know it, but if you're smart you can make people think that you're great."—Chicago Post.

A Strange Accident.

Toronto, April 22.—An unidentified woman, about 24 years of age, lies at the point of death in St. Michael's, following a strange accident in Armory street, in the rear of Osgoode Hall, at 4.30 yesterday afternoon. Her skull is fractured and she has little or no chance of recovery.

The young woman was talking to two young men, when she backed up against the windows of the newly-constructed engine-room of Osgoode Hall, which are almost flush with the street. There was a crash of glass as she stumbled against the ledge of the windows and fell backwards 16 feet to the cement floor below.

Setback for Progressives.

Washington, D.C., April 22.—Progressive Republicanism in the Senate had a serious setback yesterday, when, by a vote of 7 to 4, the Republican committee on committees decided not to recognize the Progressive Republicans formally as an organization.

Five Years for Theft of Shoes.

Montreal, April 22.—Arthur Lepine, charged with stealing a pair of shoes from the store of A. Lavalle, on St. Lawrence street, was given five years in the penitentiary yesterday by Judge Lanctot. The police gave the prisoner a bad reputation.

NEWS AND VIEWS OF SPORT

FAIRIES ARE CHAMPS OF CITY BASKETBALL LEAGUE

Put the Pirates Away With 44-19 Score

The Fairies cinched the City Basketball Championship last night, at the Y.M.C.A. gym., when they defeated the Ponies in the final game by the overwhelming score of 44-19.

The feature of the game was the fast accurate passing and extremely close checking. The hard checking was often responsible for fouls, the Fairies contributing ten and the Pirates nine.

The good shooting of the winners from all angles brought the score up point by point, while the losers were very weak in that department.

For the winners, Canniff, at centre, and Elliott and Hall, forwards, were in on nearly all the playing, and they shot with wonderful accuracy.

Fleming and Ford Turner worked a steady defence game, stopping their opponent's forwards many times.

Ray, of the losers, was laid out in the first half by a close check and this took the shooting ability out of him for some time after resuming. Wallis at centre for the Ponies worked like a Trojan, scoring most of the baskets for his team. The others were so closely watched that they did not get much chance to break away.

Referee D. Loomis made a very satisfactory official. He knows the game like a book and will not tolerate any roughness. The players soon ascertained this to their sorrow as the number of fouls called on them will indicate.

The line-ups were as follows,

Fairies—Forwards, Elliott and A. Hall, centre, Canniff; defence Fleming and F. Turner.

Ponies—Forwards, A Flowers, and Ray; centre, Wallis; defence, H. Flowers.

This brings to a close a very successful season of City League basketball. There was a keen interest taken in the games throughout the schedule and the last exhibition showed hard training on the part of the players.

The Fairies have proved themselves almost invincible so far as a city team is concerned. They have made a good record this season, winning nearly all their games and they deserve the trophy.

The League has accomplished what the management wished that of developing the young players in the city.

The last important game of the season will be between the Collegiates and the Y.M.C.A. Intermediates when they play the sudden death game for the Intermediate championship of the local Association.

Both are confident of turning the trick and the game should be well worth watching. They will likely come together on Tuesday night though it has not been definitely decided as yet.

FOOTBALL

There will be a meeting of the Y.M.C.A. Football Club on Monday evening at 7.30. The following members and any others interested in the game are requested to be out at that hour as the officers will be elected and plans for the season completed:—Sisson, Canniff, Lingard, Fleming, Turner brothers, P. Fitzgerald, Bartlett, Loomis, Woodbridge, Walton, Wood, McCarrell, Moore, Johnston, Smith, Hampton, Tart, Brown, Castor, Thompson, Jones, Taylor, Hill, Ray, Currie, Rae, Hall, Ellis, Laing, Flowers, Gilchrist, Shore, Bonness, Miller.

SPORT TALK

Mel Sheppard has arranged to go to Scotland in August.

Sam Crawford, of the Detroit Tigers, at one time played ball with Chatham in the Canadian League.

Addie Joss' billiard room in Toledo was destroyed by fire on the day of his funeral.

Matty Baldwin and Leach Cross fight ten ten rounds at New York April 28.

SHOOTING

The annual meeting of the Peterborough Gun Club will be held on Wednesday evening next at 8 o'clock, in Mr. C. B. Routley's store. All members and prospective members are requested to attend.

No Action In Church Union.

Zurich, Oct. 22.—No action regarding church union was taken at yesterday's session of the Evangelical Conference. The matter was brought up when Rev. T. A. Moore, secretary of the Methodist General Conference was introduced to the meeting and spoke on the resolution passed by the Methodist body.

The conference decided to hold its next annual session at Campden, Ont., the third Thursday in April. Rev. A. Y. Haist resigned as presiding elder on account of illness. Rev. S. R. Knechtel was elected on the second ballot. The presiding elders were stationed as follows: Northwest district, Rev. L. H. Wagner; north district, Rev. J. C. Little; east district, Rev. S. R. Knechtel.

No Strap-Hangers.

Minneapolis, Minn., April 22.—Judge C. A. Willard of the Federal District Court yesterday denied the injunction applied for by the local street car company to restrain the City of Minneapolis from enforcing its recently-passed "strap-hanger" ordinance. The ordinance provides that street cars shall not take on passengers after all the seats are filled and others are standing equal to 25 per cent. of the seating capacity of the car.

The court refused the company's contention that the rule deprived the company of property without due process of law. He said the ordinance was not drastic enough, as it permitted crowding of cars when more than 300 feet apart.

Catarrh and Bronchitis

The Bane of Thousands, and has Hitherto Baffled the Skill of Medical Science.

Catarrhozone

Dry air treatment is the one treatment that will cure these diseases.

What stomach medicine has ever been known to cure Catarrh or Bronchitis?

Catarrhozone is not a stomach medicine, but an air medicine, that carries to the remotest parts of the throat, lungs, and air cells little drops of healing so curative that whenever it touches germ life it kills and eradicates them from the system.

Thousands of doctors and patients have been disappointed by using stomach medicines for coughs and colds. Have you not found it a rather roundabout way to reach the diseased portion of the throat and lungs?

Why not use Catarrhozone, which is breathed to the very root of the disease and heals so quickly and perfectly that every spot is rebuilt with new healthy tissue?

Catarrhozone is the only medicine that will cure. Thousands have testified.

Think for a moment. Is it not sense? Little drops of healing—the air carries them just where disease exists. That is why

SHOOTING PAINS IN SIDE, ARMS, BACK

Prove the Presence of Rheumatic Virus, Which Is Cured Quickest by Nerviline—Rub It In.

Pains in the muscles, in the sides, the back, the neck, or the chest—they always carry with them great discomfort. If the inflammation is severe the pain will be intense. If allowed to continue they are dangerous. Nothing so quickly cures local inflammation and drives away pain as Nerviline. Nerviline does this because it penetrates so deeply. Nerviline is not only powerful, but soothing. By relieving congestion it cures pain. It does this always. It cannot fail because is a true antidote for pain. You can scarcely find anybody that will not tell you wonderful things about the pain-curing power of Nerviline. Remember, that there is not an ache or pain that Nerviline will not cure immediately. Nerviline is an anchor of health in every household.

Refuse anything that may be offered you instead of Nerviline, which is guaranteed for rheumatism, neuralgia, sciatica, lumbago, and all muscular aches and pains.

Large bottles, 50c; trial size, 25c, at all dealers, or The Catarrhozone Company, Kingston, Ont.

NERVILINE
CURES ALL PAIN

7 p.m.—Evening service.

BEAUTIFUL EYES

are made beautiful by long, silky lashes, and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost if the eye brows are thin and scanty; and the lashes are short and lifeless. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes, on receipt of price, fifty cents. B. V. Marion, sole distributer, Bridgeburg, Ont.

HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN
Wholesale Druggists, Toledo.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system. Testimonials sent free. Price 75 cts. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

HOW TORONTO IS PAYING FIREMEN

Mimimum is $575 and Maximum is $975

Toronto, April 21.—At a private session of the board of control yesterday, it was decided to advance the salaries of all firemen $50 per annum, and make the maximum salary $975 instead of $925.

By this action, if concurred in by council, the minimum firemen's salary will be $575, which is just $25 lower than the recommendation of the chief. The chief is raised from $3500 to $3750; the deputy chief from $2500 to $2750, and the secretary from $2500 to $2600. The $50 per annum applies to all others of the department.

The board are of the opinion that the tax rate will not be more than 17 1-2 mills.

The mayor also announced that the board of police commissioners had raised the salary of policemen $75 per [illegible] maximum [illegible] the same amount as that of the firemen.

The Legislature of Iowa has passed the bill creating a commission of five men to supervise the railroads and other public-utility corporations of the State.

O'Keefe's

Lager, Ales and Stout are all put up in Crown stoppered bottles—which do away with the necessity of cork-screws and prevent anyone tampering with the contents.

No cork to get in the beer—no danger of breaking the neck of the bottle and cutting one's hand.

Leading Hotels, Cafes and Dealers generally have O'Keefe's Lager, Ales and Stout.

ASSISTANCE FOR A NEEDY COUPLE

Unfortunate English Family is Worthy of Help From Those Who Could Give

In the columns of the Review frequent reference has been made to the unfortunate and destitute circumstances of James Davis, who fractured his arm on his arrival in this country, from England, and as a result has been unable since to support himself and family of wife and one small child. The Protestant Home has sheltered them since their arrival in Peterborough. A couple of appeals for funds to enable to enable them meet expenses have been made in the colums of this paper, but the responses were certainly not in keeping with the reputation of the local citizens for generosity. Only three lonely dollars were forthcoming, but even that small amount helped. An especially commendable feature which can be offered in aid of the appeals is that the man and his wife are really deserving of aid. The helpless and dependent condition in which they are placed is having a deteriorating effect upon the health of Mrs. Davis. Unless some amelioration of their pitiable circumstances is soon forthcoming, she will become seriously ill.

Inside of a week now, the husband will have regained sufficient strength in his arm to be able to work, and what he is anxious to obtain is employment preferable in the restaurant business, at which he is experienced both as a first class cook and a manager.

At present they have no place of abode, or at least will not when they leave the Protestant Home and they have therefore that difficulty first to meet. It has been suggested to the Review that an appeal be again made to the citizens who, knowing these facts of the case to be true, that they be asked to contribute articles of useful clothing which are in good condition, also furniture and other household necessities of any kind so that when the family do secure a home they may not be in an almost destitute condition.

Any information which may be desired by intending contributors may be obtained by applying to the City Relief Officer, or to the Review.

RARE BIRDS VISITED HERE

To the Editor of the Review.

Sir,—There are among your readers those who are fond of natural history. For their sakes a few notes will be interesting.

We have had some rare birds with us all winter, viz., the "Great Grey Owl," "Richardson's Owl" and the "Evening Grosbeak"; (there have been the annual winter visitors, such as the "Pine Grosbeak," "Lesser Red Roll," occasionally the "Hoary Red Roll," "Siskin," etc., but the three first mentioned are not annual visitors; for instance, my own observation marks the first visit of the "Evening Grosbeak," in the year 1889, and about twice since, till this year they were very numerous throughout the country, in flocks of from twenty to forty, they fed largely upon the buds and seeds of the "Manitoba Maple," and where they could find any seeds. They have not been seen for a few eeks, having returned to the North-West to commence nesting. But this morning, April the twenty-first (when many of our spring visitors are seen hurrying around with building material in their beaks) I saw a male and female, not two males or or three birds, but a pair. Most birds flock together through the winter for protection, company, etc., but when the spring comes all company is forsaken, except the company of the one; so the pair seen this morning is suggestive and also prospective. We will hail the "Evening Grosbeak" with delight as a permanent resident of our own county. This is very probable, owing to the country in the North-west being so rapidly populated by immigration, and thus crowding out somewhat their usual homes. We would also give another instance, already established. We have had for a number of years a bird known as the "Clift Swallow." They are very common now at Kempt's brickyard, two or three miles east of Smith street bridge. The "Clift Swallows" derived their names from the fact that they built their clay houses under the cliffs, but at Kempt's they use the eaves. These birds used to be confined to the Northwest, the same as the "Evening Grosbeak," so we may expect in a few years, to have the latter as a common resident.

Thanking you for this space.

Yours truly,
E. ELCOME.

Peterborough, April 21, 1911.

COMEDY MIXED IN THIS TRAGEDY

Official Process to Slow to Save a Life

Montreal, April 20.—While her husband was deliberately building a trap door and arranging a noose to hang himself, Mrs. Jos. Bourdon, in wild alarm, went to the Recorder's Court office on Tuesday, and asked the officials to intervene, to arrest him, or do anything to save his life.

She did not have $3 for a warrant so the officials sent the man a letter asking him to explain his conduct. That was the best thing they could think of.

At 5 a.m. yesterday Jos. Bourdon was found hanging to the noose and quite dead.

To-day, many hours after Jos. Bourdon had tightened the noose about his neck, a bailiff leisurely approached the house at 1119 C. Papineau avenue, with the official document, asking Jos. Bourdon to explain his conduct. His widow had to explain that Jos. Bourdon was dead.

A GOOD MEDICINE FOR THE SPRING

Do Not Use Harsh Purgatives—A Tonic is All You Need

Not exactly sick—but not feeling quite well. That's the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order; that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Don't dose yourself with purgatives as so many people do in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in the spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine helps to make new blood, which clears the skin, strengthens the appetite, and makes tired, depressed men, women and children bright, active and strong. Mr. B. Martin, Deux Rivieres, Que., says—"About a year ago I was all run down. I was pale, weak, and had but little appetite. I also suffered from a severe pain in the back, and though I tried several medicines nothing helped me until I began the use of Dr. Williams' Pink Pills, and these fully restored my health. I can strongly recommend these pills to every weak person."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BRUSSELS STAIR CARPETS 27 inches wide, regular value $1.35 the yard. Sale price **$1.00**

ROBERT FAIR & CO., Limited

SALE COMMENCES ON TUESDAY MORNING, APRIL 25th, AND CONTINUES FOR 15 DAYS

FOR ST. GEORGE AND MERRY ENGLAND

To-morrow is the Day That Englishmen Celebrate All Over the World, St. George's Day, April 23

St. George's Day will to-morrow again be commemorated with all the formality and ceremony associated with its observance. In England, in many of the churches special services will be held and the red cross banner of St. George will float from many buildings, as has become customary. A perusal of the year book sent out to the members by "The Royal Society of St. George" shows a large increase in the observance of the day, not only in the British possessions, but in other countries as well, wherever Englishmen do dwell. There is no branch of the Royal Society of St. George in this city, but it has been felt that such an organization would be beneficial, and steps have now been taken to organize one.

St. George of Lydda, the Patron Soldier-Saint of England, must not be confounded with George the infamous Arian Bishop of Alexandria, and erstwhile fraudulent army contractor, who was justly killed A.D. 362, whereas St. George was martyred on the 23rd of April (Good Friday) A.D. 303, just fifty-nine years before.

St. George was born in Cappadocia. His parents were Christians, and he himself was brought up in that faith. In his early years he became a soldier and rapidly rose to high rank. While in command his master, Emperor Diocletian, became exceedingly hostile to the Christians. The youthful warrior's courage did not, however, fail him in this crisis. He asked for and was granted an interview with the emperor, and after unsuccessful remonstrances against the persecutions being carried on, he gave up his command. Soon his arrest followed, and when he refused, after numerous tortures, to renounce his faith, he was martyred on April 23, 303. Since then his name has been famous, and among some nations it is held in deep reverence.

To men of English birth and descent to-day St. George is the personification of all that is good and holy. To them he is representative of the highest type of manhood, physically, morally and mentally, ready to die for his cause, and always taking the part of the oppressed.

Having thus far established the identity and vindicated the character of England's patron-saint—the slayer of the Libyan monster, the legend as to which is commemorated on the English coinage, which, like St. George himself, is above suspicion, we come to the reign of the first Richard, that chivalrous and non-hearted Crusader, who proclaimed anew to his English subjects the virtues of their patron, whose image, let us not forget, was borne upon the victorious banners of Prince Arthur. Nor must we forget the high esteem in which he was held in Saxon times. But it was not until the reign of King Edward III., of glorious memory—king of the seas—who instituted the Order of the Garter—the blue ribbon of chivalry—in the year 1347, dedicating it to St. George and directing that the annual festival should be held at Windsor every St. George's Day, that St. George became the recognized "Patron of the Realm of England," although at the Council of Oxford, in the year 1222, it was decided that this feast should be observed as a national holiday. King Edward III. also ordered a blood red cross on a white ground to be worn on the armor of every English soldier to commemorate his deeds of chivalry.

Englishmen are not, however, much concerned about St. George beyond the fact of his being the Patron Saint of England—the national figurehead, and to establish him in the affectionate regard of all their countrymen, and to revive his festival only so far as it may stimulate the patriotism of Englishmen, not only at home, but of those beyond the seven seas, "whose limbs were made in England," and cause them ever to remember the glorious past and the responsibilities devolving upon them as the fortunate citizens of the best of all countries, and the greatest of all empires, celebrating the grand fact of their nationality as in times gone by, upon each recurring 23rd of April. Let Englishmen and English women, too, be proud on St. George's Day to wear the rose—roses red and white—the lovely queen of flowers, the beautiful emblem of England, which for centuries has been so inextricably interwoven with the history of their country.

It was under the banner of St. George—the old flag of England—that the glorious victories of Cressy, Poictiers and Agincourt were won, and the immortal Shakespeare represents Henry V. as saying: "Cry God for Harry, England and St. George!"

Who can read of the stirring deeds of Drake, of the incomparable Raleigh and of these other heroes of the west country without a thrill of emotion and national pride? It was that flag emblazoned with the cross of St. George which these dauntless pioneers unfurled on the shores of the new world, that flag which encircled the globe and was carried to the Indies, thus laying the lasting foundations of our glorious empire, and although upon the accession of James I. the cross of St. Andrew was blended with that of St. George, yet, again, under the Commonwealth was it restored to mighty deeds, making England both strong at home and respected abroad, by land and sea, as she never was before. It was Blake, who, upon defeating the Dutch, compelled the maritime powers of Europe to again acknowledge England as mistress of the seas, in token of which, to this day, the whip lash pennant with St. George's cross at the head, is borne by all His Majesty's ships in commission, and the banner of St. George remains the admiral's flag.

THE BANNER OF ST. GEORGE.

(By Shapcott Wensley.)

It comes from the misty ages,
The banner of England's might,
The blood-red cross of the brave St. George,
That burns on a field of white!
It speaks of the deathless heroes
On fame's bright page inscrolled,
And bids great England ne'er forget
The glorious deeds of old!

O'er many a cloud of battle
The banner has floated wide;
It shone like a star o'er the valiant hearts
That dashed the Armada's pride!
For ever amid the thunders
The sailor could do or die,
While tongues of flame leaped forth below,
And the flag of St. George was high!

O ne'er may the flag beloved
Unfurl in a strife unblest,
But ever give strength to the righteous arm,
And hope to the hearts oppressed!
It says to the passing ages;
"Be brave if your cause be right,
Like the soldier saint whose cross of red
Still burns on your banner white!"

Great race, whose empire of splendor
Has dazzled the wondering world!
May the flag that floats o'er thy wide domains
Be long to all winds unfurled!
Three crosses in concord blended,
The banner of Britain's might!
But the central gem of the ensign fair
Is the cross of the dauntless knight!

Some "Honeymoon Trail" girls with the big musical production which comes to The Grand next Tuesday evening, April 25. Seats now on sale.

ONE REASON FOR OUR SUCCESS. WE EMPHASIZE ACCURACY

Every pair of Eye-glasses that goes through our prescription department is subjected to the most careful examination of even the smallest details. Every lens is neutralized, measured and centred by two inspections. Every Eyeglass or Mountings supplied at the Peterborough Optical Institute is adjusted to the exact position before each eye and to fit pleasingly the features of the wearer. No matter how accurately the lenses may be ground and centred, if the pupillary width of the frame does not correspond with that of the eyes, there will be strain upon the motor muscles of the eyes, and consequently discomfort. We are most particular to adjust glasses to every detail in order to give greatest relief to the eyes and most perfect conformity to the features. This is one reason for our success.

CELEBRATION OF ST. GEORGE'S DAY

Parade to St. John's Church Sunday Evening—Banquet on Monday

Recently a feeling has been growing among the English people of Peterborough that the celebration of St. George's Day visiting the grand old church of St. John's would be appreciated by every one who still sympathises with the Old Country.

Great hopes are anticipated by the promoters for its success, and they trust that every encouragement will be given to them so that a branch can be formed in Peterborough, and the traditions associated with St. George's Day can be kept up even in a greater measure than in the Old Country.

Committee—Messrs. W. Guy, S. Jay, J. Packman, F. Clarke, C. Green, A. Bogstrom, J. Common, T. Pitchford, Secretary.

P.C.I. ANNUAL

The P. C. I. Annual Concert Assembly Hall, Friday Evening, April 28th. Varied and attractive programme, assisted by Mr. Owen A. Smiley, who will appear in new delineatiohs. Admission 25c. Reserved Seats 35c. 4d

DIED

WADDELL.—At his late residence, "Beechfield," South Monaghan, suddenly, on Saturday, April 22, Hugh Waddell, aged 75 years.

Funeral on Tuesday, April 25th, at three o'clock, to the Little Lake cemetery. Service at 2.30 o'clock. Please omit flowers.

Child Dead

At the age of two months Dorcas May, daughter of Mr. and Mrs. Anthony Cowling, 481 Aylmer street, passed away this morning.

The funeral will take place at 2.30 o'clock Monday, from the family residence, to Little Lake cemetery. Rev. G. W. Henderson will officiate.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

IN THE SURROGATE COURT — OF THE — COUNTY OF PETERBOROUGH

IN THE MATTER OF THE ESTATE OF JENNIE MURPHY late of the City of Peterborough in the County of Peterborough, Married Woman, deceased.

Notice is hereby given pursuant to R. S. O. 1897 Chapter 129 Section 38, that all persons having claims against the estate of the said Jennie Murphy who died on or about the 19th day of March 1907, are required to send by post prepaid or to deliver to the undersigned solicitors on or before the 8th day of May 1911, their names, addresses and descriptions and a full statement and particulars of their claims and the nature of the security (if any) held by them duly verified, and that after the said date the assets of the said deceased will be distributed among the parties entitled thereto having regard only to the claims of which said solicitors shall then have notice.

Dated this 8th day of April A.D. 1911.

PETERBOROUGH'S LARGEST AND BEST MEN'S AND BOYS' Outfitting Store

Invites you to call and inspect their new spring stock and learn what is newest and best to wear this spring and summer.

You may not be ready to buy your spring and summer goods for some time yet, but you surely are ready right now to see and learn what the new styles are.

We take particular pleasure here in showing the new goods to early lookers, for we realize that the person who takes the pains to investigate the new styles early is the very person whose trade we want to get. And so you will find us especially anxious just now to put before your eyes—if you will come—the goods that will please you, styles and patterns so charming, and values so unmistakably out of the ordinary that later on, when you are ready to buy, you will remember the good things you have seen at this store and come in here to buy them.

H. LeBrun & Co.

Peterborough cannot afford to pass by $200,000 factories--especially when the city is nothing out of pocket. More factories mean more work, more business, a larger and better city. Vote for the Independent Tire by-law Tuesday.

FRENCH EXPECT TO OCCUPY MOROCCO AS PROTECTORATE

All Quiet at Fez Jnst Now—Military Party in France Gains Ascendancy

Paris, April 24.—Events are working for that powerful, if silent, party which hopes for a military expedition to Morocco with ensuing occupation on the lines of England's occupation of Egypt. To the French people generally any extension of French action in Morocco, or indeed any imperialistic policy anywhere, is repugnant, but the opposition is silenced when responsible papers declare that their countrymen and countrywomen's lives are imperilled at Fez, with headlines expressing wonder if relief can reach them in time.

Gen. Moinier, commanding the French forces at Casablanca, reports that the Chaouian column from his district will be ready to start within five or six days and may be expected to reach Fez, 3,500 to 4,000 strong, on May 3 or 4. They will be commanded by French officers, with a framework of French troops, but the Government refuses to say how many.

El Mokri, the Foreign Minister of Mulai Hafid, who is in Paris, is convinced that Fez has not been taken. It is too strongly fortified for the tribesmen, with the means at their disposal, to carry it.

Reinforcements which left Marseilles on Friday and Saturday, numbering over 2,000 men, will reach Casablanca in ten days. A simultaneous effort to relieve the pressure on Fez is being made by sending 8,000 men from Oran to a point 120 miles east of Fez; but if this column is sent to Fez later it will have to traverse a difficult country inhabited by the most hostile warrior tribes.

Tangier, April 24.—A despatch from Fez, dated April 15, says that the situation growing out of the revolt of the tribesmen was then unchanged, but that Europeans there, were slightly less anxious than they had been. The despatch also says that the prices of foodstuffs has been reduced.

REV. G. M. ATLAS.
Who will be tried at the May Sessions in Toronto on a charge of subornation of perjury.

32 ARE KILLED IN AFRICAN WRECK

Train Plunged into Gorge 250 Feet Deep

Grahamstown, Cape Colony, April 24.—According to the latest estimates, 32 persons were killed in the wreck of a passenger train on the Kowie Railway, when it plunged to destruction into a gorge, 250 feet deep, through the collapse of the Blaaukwauntz bridge Saturday. In addition many were injured, some of them fatally. It was the worst wreck in the history of South African railways.

The rescue work involved heart-rending experiences, and the extrication of the injured from the debris was accompanied by terrible groans and cries. A large mass of wreckage lodged on a ledge 120 feet down, and it was many hours before all were removed from the different crags and hoisted in sacking to the lip of the gorge. One little girl had a miraculous escape. She was caught in a fork of the bridge and held by one foot over the ravine. The rescuers had to scale girders to the height of 200 feet to bring her down.

Navigation Opened.

Port Arthur, April 24.—Receipt of word from Sault Ste. Marie on Saturday that the St. Mary's River was open and that boats had passed up was the signal for an exodus from Port Arthur of the fleet which had been here all winter and was ready loaded, waiting for such news to take the first grain of the season down the lakes. Departures commenced Saturday evening and continued until yesterday afternoon, when the harbor was practically cleared.

WILL THREATEN UNITY OF EMPIRE

Desire of Colonies for Separate Foreign Policy

New York, April 24.—A London cable to The Evening Post says: The Parliamentary discussion this week about the imperial conference, and letters in The Times, evidently by important personages, reveal an unsuspected weak spot in the constitutional theory of the British Empire, namely, the increasing desire of the colonies to have their own foreign policy, irrespective of England.

The Empire's attitude towards Japan undoubtedly is the subject of the gravest discussion. The Government promises to reveal all Cabinet secrets to the colonial Premiers "under absolute secrecy." One writer in The Times says that Canada may use her navy to support a policy which England does not want, and that Australia may be threatening Japan when England and Japan are engaged in delicate negotiations about a Japanese alliance.

Australia, by the advice of the English admiral, lent for the purpose, proposes to built a fleet of fifty-two vessels at a cost of $410,000,000.

Liberal Candidate Nominated.

Vancouver, April 23.—J. W. Weart, reeve of Burnaby, was Saturday night given the Liberal nomination at Westminster for the Federal House. John Oliver, formerly provincial Liberal leader, was first named, but declined on the ground of age and business cares.

TERRIBLE WORK OF DYNAMITE GANG

Confession Shows Life and Property Little Thought of

Special to the Review.

Chicago, Ill., Feb. 24.—The confession which has been made by McManigal is said to contain a statement that the dynamite gang has sacrificed over one hundred lives and destroyed over three million dollars worth of property. McManigal says the gang received their orders from Secretary McNamara, who is charged with dynamite outrages.

FIREMEN SEE HALL BURN

Are Helpless to Save Their Own Quarters

Town Hall is Devoured by Flames—All a Wreck

Thamesville, April 24.—Thamesville's fire brigade are out of a job. This is not by any special dispensation doing away with the danger of any visitation by fire, but by reason of an extra special visitation which on Saturday destroyed the Town Hall, in which, beside the municipal offices, are located the firehall, the police cells and the public library.

The fire started in the engine-room and spread rapidly. The volunteer brigade vaulted counters, and quit its various occupations and made a mad and heroic dash for the hose, but the fire beat them to it, and when the first of the fire-fighters arrived upon the scene the flames were merrily eating up all the instruments generally directed to its own destruction. Every time a fireman reached for a length of hose the flames just naturally up and bit him. The volunteer brigade put up a brave battle, and for the first time in years was compelled to stand idly by and watch its ancient enemy chewing up the town property with avid appetite.

The flames were confined, however, to the Town Hall. There they demolished everything in sight. The stock of the library, except the librarian, more than $3,000 worth of knowledge and diversion, was consumed in this branch alone. The total damage will reach $20,000, with an insurance of $5,000.

The irony of fate was emphasized by the pumping of a bang-up water works within 40 feet of the triumphant blaze. Firemen and citizens stood about watching the biggest building in the town go down before their eyes. The citizens prayed for rain while the firemen offered up petitions for speedy arrival of a lot of hose which was called from Bothwell, the nearest municipal neighbor. Neither were answered till too late.

As the flames crept up into the tower where the four-faced clock, built by George Sherran, looked out over the town, the clock became hysterical with fright and struck 13. Then the watchers knew that it was all off. The bell tolled twice more and then the tower crumbled with a terrible crash.

THREATENED JUDGE.

And Now Fonthill Man Cannot Be Found Anywhere.

Niagara Falls, Ont., April 24.—The provincial police last night said they believed Roland B. Tanner, who left his home at Fonthill, Saturday afternoon, declaring he would kill County Judge Wells, has been drowned in the Welland Canal. Tanner was arrested several months ago on a warrant charging him with criminal libel of Judge Wells. He was later thought to be demented, and detained in jail, but was released Friday, returning to his home.

In spite of all the members of his family could do, Tanner left his farm at Fonthill, near here, Saturday, with an old gun under his arm, declaring he would get Judge Wells. The police traced him to near the canal, but nothing of his whereabouts are actually known. Officers are divided between their fear for the life of the judge and the belief that Tanner has gone to a watery grave.

Tank Car Exploded.

St. Louis, April 24.—An explosion of a tank filled with gasoline here Saturday killed three persons and injured nine others, four of them perhaps fatally. The car was standing on the Wabash tracks at the plant of the Bell Oil Co.

The dead are Mrs. Agnes Dallwitz, her granddaughter, Emma Dallwitz, and Edwin Hauk, a Wabash fireman, who was standing near the car.

Some Things to Remember About the By-law To-morrow

We must have Eighteen hundred votes to carry the by-law.

Every man who does not vote counts against the by-law.

The polls will be open from 9 a.m. to 7 p.m.

By voting early, you greatly assist those who are checking off the votes.

When you go to the polls call for your next door neighbor.

You have a vote in every Ward in which you own property.

If the Eighteen hundred votes are not cast in favor of the by-law we lose the Industry, as both Berlin and Guelph will take up the proposition if we turn it down.

The three-fifths vote in Peterborough has never turned out before. Let us show that Peterborough can do what other towns and cities have done.

The knockers and tightwads are surely not in the majority.

Every man who does not poll his vote for the by-law is putting Peterborough back Fifty thousand dollars a year.

Every workman that votes for the by-law is helping One hundred other workers to get a job.

The more Factories we have here, the less people will be out of work.

The more wages that are paid, the less will be our taxes.

A Boost for the by-law is a Boost for Peterborough.

Vote yourself, and bring your friend and VOTE EARLY.

ASQUITH MINISTRY WILL PUT BILL THROUGH BEFORE THE CORONATION

British Cabinet Determined to End Delay over Veto Measure—Leaders Are Feeling Great Strain

London, April 24.—The Ministers have determined to force the Parliament bill through the Commons by the end of the third week in May, and, having the majority behind them, they will do it. This date corresponds with the German Emperor's visit to the unveiling of the Victoria memorial and the assembling of the Imperial Conference. It will not be a favorable time for strenuous resistance by the peers.

The Ministers are reported by the resentful Unionists to be taking a highly-provocative course in demanding the passage of the bill by the Lords before the coronation. This is a partisan exaggeration. The Ministers will be satisfied if the measure can be carried to a second reading in the Upper House before the coronation. Probably this will be done, and the month of July will be reserved for the committee stage, with belated and ineffectual efforts to obtain a compromise. There is loud talk outside of Parliament about the peers fighting in the last ditch and never surrendering, but among the Lards themselves nothing is heard about desperate remedies. The moderate men admit readily enough that the Prime Minister is invincible when he has the royal guarantees in his pocket.

Lord Lansdowne's bronchial trouble has been aggravated by influenza and he is not in good form for leading the attack on the bill. Chancellor Lloyd-George's throat is still tender, but his intimate friends insist that his health is not fatally impaired. Winston Churchill is growing old and grey under the tremendous pressure of political work.

Prof. Sieper of the University of Munich, will deliver an address at the Church House next Friday on the problems of an Anglo-German understanding. The Lord Chancellor will preside, and the International Arbitration League and the Anglo-German Friendship Committee will welcome him as a peacemaker. This is timely movement in view of the German Emperor's visit, the Bagdad Railway enterprise and the renewal of complications in Morocco, but public interest in it needs to be artificially stimulated.

For otherwise is it with the Anglo-American arbitration movement, which will receive a powerful impulse on the same day from the public meeting at the Guildhall, which will be addressed by Premier Asquith and A. J. Balfour. That is a course which encourages no resistance and commands popular enthusiasm. The American Ambassador will probably be present, but will not speak so soon after the Albert Hall demonstration.

WILL GIVE AID TO McNAMARA

President Gompers Says Federation of Labor Will Help Him

Special Correspondence

Washington, April 24.—President Gompers declared to-day that the American Federation of Labor with its three millions of members, and its vast sums, would support McNamara, the man who is accused of dynamite outrages whereby the Times building at Los Angeles was wrecked.

Feared Liner Was Lost.

New York, April 24.—"Campania, Campania," flashed over the Atlantic for thirty hours without response, spread increasing alarm for a missing liner the length of the North Atlantic coast until the call was answered Saturday. A few hours later the vessel crept to her dock, bringing a heavy-eyed crew and tales of seven days and nights of the roughest weather the liner had even encountered. She left Liverpool April 15 and ran into a gale at once.

The high seas, lashed by gales, swept over the ship's decks and the bridge, drenched the officers' quarters, found their way to the dining saloons, battered the superstructure and funnels and tore away a portion of the wireless apparatus.

Cask Fell on Scotchman.

Toronto, April 24.—When John Barr, 28 years of age, 26 Hamburg avenue, a married Scotchman, who drives for the G.T.R., turned his lorry into a water wagon to transport a cask of mineral water to 403 Huron street, there was trouble billed with the load.

While lowering the cask from the wagon at that address, it slipped and fell upon John, who was removed to Grace Hospital in the police ambulance with a broken leg.

CONSERVATIVES YET TO SPEAK

About Fifteen Want to Speak on Reciprocity at Ottawa

Special Correspondence.

Ottawa, April 24.—There are still about fifteen Conservative members who desire to speak on the Reciprocity question. The Liberal members are about through and the debate will probably go on this week on much the same lines as the past two months.

In Memory of King Edward.

Plattsburg, N.Y., April 24.—A movement has been inaugurated to name the proposed New York to Montreal international highway in honor of President Taft and the late King Edward, in recognition of their efforts in the cause of peace.

Geo. A. Simard of Montreal, chairman of the Canada committee, formed to accomplish the building of the Canadian end of the road from Rouse's Point to Montreal, made the suggestion that part of the international highway be named King Edward road, and Sir Wilfrid Laurier is also known to be heartily in favor of the idea.

Howard D. Hadley of this city, chairman of the committee formed to bring about the building of the New York portion of the highway, now suggests that it be named Taft road.

Armistice For Five Days.

El Paso, Texas, April 24.—An armistice of five days beginning at noon was signed yesterday by Gen. Francisco I. Madero, the revolutionary leader, and Gen. Juan Navarro, the federal commander at Juarez. Peace negotiations were immediately begun with Mexico City, though the Government does not officially recognize the insurgents.

It affects only the district between Jaurez and Chihuahua, but its conditions will extend to Ojinaja, which is under siege by 1,800 insurrectos.

AVIATOR FLEW ACROSS FRANCE

Flight of Three Hundred and Ninety Miles To-day

Special to the Review.

Paris, France, April 24.—Aviator Vedrine accomplished a great feat today, when he flew practically across France. His flight was from Paris to Pau, a distance of three hundred and ninety miles. His time for the trip was seven hours and fifty minutes.

LABOR MAN IS ACCUSED OF IT

Los Angeles Times Dynamiting Has a Sequel

Arrest of Labor Secretary on Charge of Complicity.

Indianapolis, Ind., April 24.—After months of investigation, directed by Wm. J. Burns, the San Francisco graft investigator, now head of a detective agency, John J. McNamara, international secretary of the Bridge and Structural Iron Workers of America, the headquarters of which are in Indianapolis, was arrested here late Saturday charged with complicity in the dynamiting of the Los Angeles Times, on Oct. 1, 1910, and the plant of the Llewellyn Iron Works in Los Angeles.

Four hours after McNamara was arrested, detectives found two quarts of nitro-glycerine and seventeen sticks of dynamite in a barn three-quarters of a mile west of Indianapolis. The barn, the detectives say, was rented by McNamara from T. H. Jones, the owner.

A later investigation of the international offices of the union disclosed, in a storeroom, in the basement of the building, 64 sticks of dynamite, 200 feet of fuse, 500 dynamite caps, one dozen small alarm clocks and a leather case made to carry a ten-pound can of nitro-glycerine. Detective Burns took possession of all the explosives.

Requisition papers from the Governor of California, having been signed by Governor Marshall, before the arrest of McNamara. He was arraigned immediately before Judge Collins in the Police Court.

Twenty minutes after McNamara had been seized in the association headquarters in the American Central Life Building, where a meeting of the executive board of the organization was just adjourning, he was taken from the city by four detectives, in an auto. It is supposed it was the object of the officers to get McNamara out of reach before his friends had a chance to fight the requisition.

Soon after the prisoner had been hurried into the awaiting automobile, Detective Burns ran for another automobile and rode to the American Central Life Building, where F. M. Ryan, president of the association, and six members of the executive board were being held by the police, pending an investigation. Doors of the room were guarded with a squad of police.

Immediately after the offices of the union were searched, Detective Burns and a squad of his men went to the barn west of Indianapolis, where the explosives were unearthed. The detectives then returned to the city when a search in the basement of the union headquarters revealed more explosives.

President Ryan said last night that he had been connected with union labor for several years, and had never heard of a case similar to the one charged to McNarama, but he had known of cases where "plants" had been made by enemies of labor organizations, and that if explosives were found Saturday night they must have been placed by enemies of the organization.

The custodian of the building where the offices of the union are, said that McNamara had come to him six months ago and asked for a store room and that the request had been granted. He added that he had never seen McNamara or his companions carry anything to the store room.

Burns says Otto Manigal, who was arrested in Detroit, told him where these explosives could be found, and it was upon this information that the search was made on Saturday night. The dynamite and nitro-glycerine were found buried under sawdust in the barn.

Jones, the owner of the barn, is also a structural iron worker. He said the explosives were placed there last January, and that McNamara and other men made various trips to the barn with suit cases, but he did not know the purpose of their visits. Jones says that McNamara rented the barn and paid him $25 a month for its use. It is situated about three-quarters of a mile west of the city.

Wood Has Confession.

Chicago, April 24.—Capt. Stephen Wood, chief of the Chicago detective bureau, said last night that a full confession had been obtained from one of the men arrested in Detroit in connection with the dynamiting of The Los Angeles Times' building. Detective Burns has already stated that he had got information of the whereabout of the dynamite in Indianapolis from McGonigle. Acting on the information presumably obtained in the confession referred to, Burns located a rough wooden box containing dynamite in a shed behind the house of James McGonigle, father of the prisoner, at Tiffin, Ohio.

Captain Wood says that the confession covers ninety typewritten pages and describes in detail the dynamiting of buildings, railroad trains and factories, entailing the loss of many lives and two million dollars' worth of property.

NINE GOOD REASONS

Why Should You Vote for the Independent Tire Co. By-law on April 25th? --

1. Because it brings a $200,000 factory, paying out at least $60,000 a year wages at no actual cost to the city.

2. Because it will bring many new families to Peterborough, besides giving employment to people here—employing when fully established over 100 operatives.

3. Because the loan of $40,000 to the company is fully secured by a first mortgage on the site, buildings and machinery, the latter of which must be at all times worth $75,000—total assets nearly $200,000.

4. Because the company must before getting the loan completed have $150,000 paid up capital, thus ensuring financial stability for the concern, all money after the machinery is paid for, to be kept as working capital.

5. Because automobile tire manufacturing is going to be a much greater business, and there is every prospect that this company will grow to much greater importance.

6. Because the terms provide for the repayment of the loan $2,000 a year, with interest at 4½ per cent., costing the city nothing for carrying charges.

7. Because Peterborough needs more factories, if they can be obtained on good business terms, and the Tire company terms are satisfactory.

8. Because no extra burden is laid on the general taxpayer through getting this industry. The arrangement is not a bonus—it is simply assisting the financing of the company the same as a bank would do, and within a safe bound.

9. Because loyalty to your home town, and its progress, to its business interests which are your interests, should induce you to help make this a bigger, better and busier burg.

BETWEEN YOU AND ME

Rev. Mr. Gordon (Ralph Connor) will, if he tries to settle the western coal miners' strike, have a novel experience, quite different from his other novel experiences.

—o—

Seeing that the Horticultural Society is trying to make the city beautiful by distributing plants, the Tire Company proposes to assist the good work by installing a $75,000 rubber plant.

—o—

Every citizen should vote early and often (if he can) to-morrow. The by-law, if carried, will make automobiles tired, but not the people who get the money.

Horse Distemper

Prince Edward Farmer Solemnly Declares "Nerviline" Is a Specific.

"After fifty years' experience in raising horses I can safely testify that no remedy gives such good results for an all-round stable liniment as Nerviline." Thus opens the very earnest letter of J. J. Evanston, who lives near Wellington, P. E. "I had a very valuable horse that took distemper a month ago, and was afraid I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

Nerviline CURES QUICKLY

For strains, sprains, swellings, colic, distemper, coughs, and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it's good for man or beast, for internal or external use. Wherever there is pain, Nerviline will cure it. Refuse substitutes. Large bottles 50c, trial size 25c, at all dealers, or The Catarrhozone Co., Kingston, Ont.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

PUTNAM'S PAINLESS CORN EXTRACTOR

The Daily Review

MONDAY, APRIL 24, 1911.

THE BY-LAW TO-MORROW

To-morrow the citizens of Peterborough who are free-holders will be called on to cast their ballot for or against the acceptance of the Independent Tire Company factory on the terms of the agreement made by the city council. Much has been said about the agreement in the last week or two, enough to convince any citizen qualified to vote that he should aid in giving his support to the by-law.

A year or so ago Peterborough engaged an industrial commissioner to give the city publicity, and to get factories here. Peterborough has not power to offer as cheap as some cities, it is true, but it can offer power at a fairly good price, lower than other places of the same size are able to offer. In the term of the industrial commissioner the Bonner-Worth factory has located here, and the Independent Tire Company is seeking a location here. Does it not seem a duty incumbent on every Peterborough citizen with a vote in such a matter to cast his ballot to-morrow for the by-law?

The bargain is not a bonus. It is a loan on what is considered ample security—the security of $200,000 assets, repayable with interest at 4 1-2 per cent. to the city at the rate of $2,000 a year. In return for this the company must employ at least one hundred operatives after the first year, which means an annual outlay of at least $60,000 in wages. The city is amply protected in the matter of security as to the company's assets, valuation of machinery, etc., and the carrying out of all terms having been fully provided for.

The citizen who votes against a by-law that does not add to the burden of taxation one cent, and which is so constructed that the city is protected against loss, is not doing what is right by his home town. Every business man will be in favor of it, every workingman should be in favor of it as it offers just that much more market for labor in the city, and consequently better chances for the worker.

It should be borne in mind that a vote not cast for the by-law is a vote against. Any citizen whose indifference lets him remain away from the polls in spite of all that has been said and done, is doing just as much to defeat the by-law as if he voted actively against it. The law provides that sixty per cent of the free-holders of the city must vote for the by-law before it can carry. It will be seen that the vote not polled is therefore a heavy handicap, and therefore it is urgently important that EVERY voter should cast his ballot for the by-law. The only danger to the by-law is not from the few odd ballots that might be cast against it, but those who do not vote at all.

Let loyalty to Peterborough's best interests, a desire to make the city bigger and better, give more work to the workers, bring more business and prosperity here, influence every man with a vote to cast it to-morrow by the Tire Company by-law.

POWER AND FACTORIES

In a letter to the Review on Saturday a correspondent said that if politicians and grafters had been prevented from grabbing the water-powers of the district, Peterborough would not have to offer bonuses to Tire Companies to locate here. It would have cheap power.

There is a curious ignoring of circumstances in this statement, which might look plausible on the face. In the first place, at the time the water powers of the district were secured by the private interests, there was no great agitation or call by the people for municipally controlled power plants and rates. It was before the day of the Hydro-electric power commission, and the general agitation that the water powers be conserved for the benefit of the people, was still in chrysalis. Quite true it is that Peterborough would be better off to-day had she been able to offer power at a figure much lower that is at present offered by the private companies, but on the other hand, the expense of developing to which the city would have been put years ago with a limited market, would have added considerable to the general taxes to meet the deficits and the burden on the citizens would have probably been a great deal heavier than the concessions granted to concerns like the Independent Tire Company.

The Hydro-electric report on the Otonabee proposition estimates that the company's gross receipts are in the neighborhood of $30,000. The cost of operating the plant to give a price of $17.50 and $14.65 for 24 hour and 10 hour power, as quoted by the report, would be around $43,000 or $44,000. So that between the present receipts from power sales and the cost to the city of a plant that would give the cheaper power price, there would be to day a difference of $13,000 or $15,000 to be made up. Some years ago this difference would have been still more marked.

The Independent Tire Company pays 4 1-2 per cent on its loan. The city pays 4 1-2 per cent. Therefore the city pays out nothing itself to carry the loan. There is no burden to the tax payer at all in the bargain. The present civic receipts from taxes amount to about $200,000 all told. Yet our correspondent holds that it would be cheaper to make necessary the addition of seven per cent, or more to the taxes of all citizens, than to make a bargain that costs the city not a cent.

Let us consider these things rationally.

SOME TARIFF HISTORY

The Examiner on Saturday said:—The Peterborough Review says, as follows:

> That the day of higher tariff is done on this continent is apparent to all students of economics. The reasonable solution of the situation in Canada at least would be the appointment of a permanent tariff commission to scientifically adjust the scale of duties so that the manufacturers are given reasonable protection where necessary, and yet the consumer given the benefit of such competition as will prevent undue profits.

The Review is coming to its political senses in advocating what the Examiner has advocated for years—tariff reduction and a tariff commission. The good old Tory doctrine of a protective tariff "as high as Haman's gallows" is abundant, as with us the good old Tory theory that the producer pays the duties. The conversion of our contemporary illustrates the familiar hymn—

> While the lamp ho'ds out to burn
> The vilest sinner may return.

The Examiner says it has advocated tariff reduction for years, but its advocacies did not seem to have a great deal of effect on the party, because from the time the Laurier government got into power in 1896, on what was practically a free trade platform until 1910, it had actually not lowered the duties, but increased them on the average 1 and 1-4 per cent.

In the early nineties Sir Wilfrid Laurier went around the country saying that the tariff was a delusion, a robbery and a snare. He was aided by a coterie of free traders, who were going to do wonderful things in regard to the lowering of the tariff. But what happened when they got into power? The tariff in reality went up in many ways.

The Conservative government in 1894 reduced the duties on agricultural implements from 35 to 20 per cent. In 1906 the Canadian manufacturer was given what would have been equivalent in 1896 to a 25 per cent duty. In fact until the delegation of western farmers frightened it, the Laurier Government was protecting its pets, the farm machinery manufacturers in every way possible. Even now the duty has been reduced 2 1-2 per cent., a mere sop to the western Cerberus, in spite of the western demand for the complete removal of the duty.

We are quoting these facts to show that the Laurier government is far from sincere in its efforts to follow the Examiner's sage advice and reduce the tariff—except in the case of the Canadian farmer.

It is quite true that the Laurier government has reduced the duties on all farm products—has instituted free trade. The Laurier government has apparently decided that the country has had enough of high prices for farm produce, so it proposes to admit free farm produce, and practically free meats, from a dozen countries, which can produce at half the cost Canadian farmers can produce.

The Review believes in protection, as far as Canada is concerned, any other fiscal policy would be suicide. The Laurier government, in spite of the tariff "delusion, snare and the robbery" of its pre-power platform, has found this out also, and while it endeavors to sop the west with a few minor concessions, is maintaining the tariff substantially intact as it was found. To pursue any other course, would have produced such calamitous results that the Laurier government would have gone a la Ross.

The reciprocity pact marks the first big alteration of the old National policy, which has been maintained substantially as inherited from Sir John Macdonald, and if the figures of trade are to be believed, it will be shown that this step will certainly not be a benefit to either farmer or consumer, opening the farmer's home market to the severe competition of a dozen countries without giving him corresponding advantages in return; and giving the great American food trusts that have forced up the cost of living in the United States a chance to also control Canadian prices, a thing that the Canadian consumer does not want.

A scientific tariff commission would do good work, but it would have to be a commission of a different calibre than that appointed by the Laurier government to handle the National Transcontinental, a commission composed of farmers and lawyers, and notoriously incompetent to handle big railway affairs. The Transcontinental was going to cost $50,000,000, we were so emnly assured. The actual cost will be $200,000,000. If that is the sort of a commission that would be appointed to go into tariff matters, the country is better off without one. But it is likely that a Borden commission would be considerably different.

EDITORIAL NOTES

Magistrate Farrell of Kingston, has ruled that to call a man a liar is not a misdemeanor. The members of the House of Commons should breathe easier, now that the law is made clear.

The Ottawa City Council has decided to send the Mayor to the coronation and present an address to the King, in spite of the city solicitor's warning that the expenditure was illegal. This is a modern representation of Nero and the burning of Rome—spending money on frivolous excursions, while thousands suffer from a plague of typhoid.

The Ottawa Free Press finds consolation in the dispatch from Edmonton telling of Hon. Frank Oliver's handsome reception by the people, and immediately concludes that the weakness of Oliver in the west is all a myth. But the Free Press ought to get its information more accurately. Does it know that the Edmonton meeting ended in such a row that the police had to interfere; that Hon. Frank had to beat a retreat that put one in mind of flying Mexican insurrectos? That is the dispatch that lets in the real light on the affair.

The London Morning Post suggests that the coming imperial conference take up the question of the American armament on the great Lakes, and how it shall be met. The situation is one that calls for prompt handling because Canada cannot permit the violations of the Rush-Bagot treaty to go forever. There is absolutely no necessity for the increase of the United States armament on the lakes, as far as Canadian eyes can see, and the question continues a menace to the perpetuation of cordial international relations.

HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO.,
Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

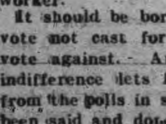
WALDING, KINNAN & MARVIN
Wholesale Druggists, Toledo.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system. Testimonials sent free. Price 75 cts. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Bishop Hughes, of Indiana in speaking to a class of young ministers, said "While in the ministry you are not to sell insurance, or pianos, and, above all, you are not to sell mining stock."

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.



Wood's Phosphodine,
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. *New pamphlet mailed free.* The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

Indispensable in Emergencies

THE sickness of a valuable animal on the farm demands prompt remedies.

It's a case for the veterinary—a case where minutes count. That's where the Bell Service shows its value to the farmer.

By means of the telephone the veterinary is reached, and he at once tells the farmer what to do until he arrives.

No far-sighted farmer gets along without the protection of the Bell Service.

He can never tell when it is going to save him from serious loss. Besides, he has daily proof of its usefulness.

Peterborough Exchange, 1375 Subscribers including 145 on Rural Lines.

Every Farmer needs Telephone Service in his business.

Favorable Rates and a large Exchange Service make the Company's proposition attractive.

If you are interested, ask the Company's Local Manager for particulars, or write

THE BELL TELEPHONE COMPANY OF CANADA, MONTREAL.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

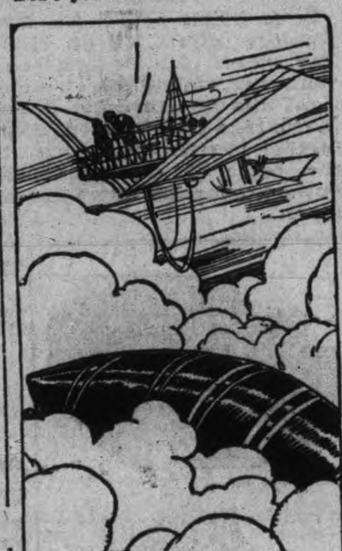
The Virginia was half a mile from the airship before the crew of the latter had time to assure themselves of her safety. The Virginia went astern as well as athwart the course of the other craft, and as she sheered to starboard the aeronef and the aeronat sped from each other at the sum of their two speeds, perhaps four miles a minute. The people on the latter must have thought the other gone forever when an astounding thing happened. The aeronef wheeled about and gave chase—nay, she gave chase so swiftly that she swelled visibly in her swift overhauling of the aeronat. In a time so short that it seemed like a breath the Virginia, on a level now with the other's deck, came in close astern, then sheered off and deliberately ran around the big Condor as she stood on her course at full speed. As she crossed the bows a cry went out from the great ship's engine room—a cry of mingled fear and astonishment. Why did this new craft so course about them? It was some new engine of aviation—that was sure. And with such incredible speed and such unheard of mobility!

So as Carson came up on his second circumnavigation of the Condor there stood at the rail of the big airship two or three men with guns, who made threatening gestures and shouted to him to stand off or they would shoot.

"What ship is that?" cried Carson.

"None of your business! You stand off or we'll shoot!"

"Shoot if you dare!" cried Carson. "Don't you see that I can go above



"YOU'RE GOING FOUL OF HER. LOOK DOWN!"

where you can shoot and rip your gas bag in perfect safety? Come, now, answer my question."

"This is the Daedalus of Spokane," was the reply. "What devilish thing is that?"

"The Virginia of—of Carson's Landing, in Alabama," replied Theodore.

"Whose aeronef is that?" asked the man who seemed in command.

"It's mine," said Theodore. "I built her."

"Well," said the man on the other deck, "you've got the world by the tail, and if you need money apply to Calvin J. Fry of Spokane. Hold on, please"—

But the Virginia, gently increasing her speed, left the hustling Calvin J. Fry gesticulating far out of hearing.

"That, to originate a locution," said Craighead, "ought to hold them for a brief period. Looks as if they were back pedaling."

"I will find them," said Carson, evidently meaning something else, "if they have hidden her in the farthest cave of that thundercloud."

CHAPTER XVI.

A RACE WITH THE ELEMENTS.

PAST Richmond, they left the domed capitol at Washington far to port, passed between Baltimore and Dover and directly over Philadelphia, where Carson made a wide circle above the vast aerial harbor, scanning the berths for a huge silver aeronat of the Condor type, but finding none. It was growing dusk, and the west and northwest were ramparted with towering thunder heads, quivering with lightning, toward which Carson hurled the Virginia like a bullet. The town studded suburban region of New Jersey swept under them as if drawn by swift mechanism, and the harbor of New York lay beneath, alive with shipping. The lights were already burning, and the far spread Babylon of the modern world hung like a fairy dream from the foreground to the farther rim of the concave cup of the earth. Carson was amazed and stunned. He had never seen New York, and his ideas were all inadequate to the actualities before him. The streets flashed into sight as the Virginia passed into positions permitting a view of the bottom of one metropolitan canyon after another. The boy was afraid. The huge city roaring up at them like a ravening beast struck him with terror.

"Why dost circle about like a sand hill crane?" said Craighead. "Why don't you 'light?"

"Like the sand hill crane," replied Carson, "I'm afraid. Where can we alight?"

"Gad," said Craighead, "I never thought of that! New York has always reached out for me so lovingly that the idea of there being any difficulty in getting into her embrace never entered my brain. We are a little shy of knowledge of how to get in from above, aren't we?"

"What are the harbor rules?" asked Carson.

"Hanged if I know," replied Craighead.

It was quite dark now, save for the moon, which, nearly full, was climbing the eastern sky, still clear. To the northwest towered the pearly clouds palpitant with lightning. Craighead expected Theodore to turn the Virginia to some far New Jersey village and was astonished when he entered upon a swift flight up the Hudson, which lay shining in the moonlight, laced with the wakes of boats. Far ahead, on both sides, quivered the lightning of the storm, and from afar came the rumbling of thunder. Carson seemed to be seeking night in the heart of a thunderstorm. Craighead seized his arm and tried to glean something of his mood from a scrutiny of his face.

"I'm going to the Catskills," said Theodore. "Before I sleep I'm going to find Shayne's Hold!"

Carson crossed the Hudson in a slow drizzle at Kingston and stood northwest toward heavy dense masses of towering clouds screening the high peaks of the Catskills—and Shayne's Hold.

"Why not hurdle the tempest, caitiff?" cried Craighead.

"Those highest towers," replied Carson, pointing to the thunder heads now again snowy in the moonlight, "are thirty, forty, fifty thousand feet high."

"Well, what do we care?" protested Craighead.

"There's an opening yonder in the rain," said Carson. "If it doesn't close up we may slip through to the back of the storm again."

As if the wings of the advancing army had extended its lines until they pulled apart in the center, the rain opened.

"We must go lower," said Carson, "and pass under. The rain is closing in, but I reckon we can slip through pretty dry."

The oncoming black arch, lighted to whiteness when the lightning blazed, swelled fearfully as they approached, its rainless gap narrowing momently. It was a race with the elements. The penalty if they lost was, to be sure, nothing more than a drenching, but it was none the less exciting for that. The curtains of water, drawn aside as if to let the travelers through, swung together as they approached.

"Whoop!" cried Craighead. "The Virginia wins!"

As he spoke they passed under the rain cloud.

To be Continued.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

THE STRENGTH OF A CHAIN

Is that of its Weakest Link. Father Morriscy's No. 10 Forges it Anew.

The chain of the physical system is only as strong as its weakest link. When that link breaks, the chain breaks, and serious illness followed by death often results. The weak link with many people is the throat and lungs. In fact, statistics show that over twenty-five per cent of all deaths can be directly traced to diseases of these most important respiratory organs. Weakness here is very dangerous.

During his long and successful practice, Father Morriscy, the learned priest-physician, was often called upon to treat bronchial and pulmonary affections. He soon found that it was not enough to make temporary repairs on the "link," but that it had to be forged anew, in order permanently to strengthen the chain.

After much study, he succeeded in devising a prescription that would secure this result, by not only giving prompt relief but also by rebuilding and strengthening the delicate cells and membranes of the throat and lungs.

This prescription, Father Morriscy's Lung Tonic, or No. 10, has cured thousands. It is absolutely free from any dangerous drug, being compounded from Nature's own roots, herbs and balsams.

No. 10 stops the cough, relieves the soreness and strengthens and fortifies the system against future attacks. Even in the early stages of consumption it has proved helpful, but the wise plan is to take it in time, and avoid serious disease.

In our climate it is well to have a reliable and tested remedy like No. 10 always on hand. Take it at the first appearance of a cold, and keep the chain of life strong and capable of resistance.

Trial size 25c. per bottle. Regular size 50c. At your druggist's or from Father Morriscy Medicine Co. Ltd.

Montreal, Que.

Sold and guaranteed in Peterborough by McDermid & Jury.

THE MARKETS

Latest Quotations in Grain, Dairy Products, Live Stock Etc.

Chicago Wheat Futures Close Higher Liverpool Unchanged—Live Stock —Latest Quotations.

CHICAGO, April 22.—Corn to-day had the greatest advance for weeks and the biggest trade of the year. Startling reports of widespread crop failure in the Argentine brought about the upheaval. Closing prices were firm, ½c to ⅝c to ⅞c higher than last night. The end of the day left wheat ½c to ⅝c dearer to ¼c down, with oats unchanged to ⅛c off. In provisions the outcome was a gain all around, varying from 12½c to 30c to 32½c net.

The Liverpool market closed to-day unchanged from yesterday on wheat, and ⅞d to 1¼d higher on corn, compared with yesterday. Antwerp closed ⅝c lower on wheat, Berlin ⅛c higher.

British Cattle Markets.

LIVERPOOL, April 22.—John Rogers & Co.'s Liverpool cable to-day says that the trade in the Birkenhead market was very firm and there was an advance of one-quarter cent per pound on all cattle sold, both States and Canadian steers making from 12 3-4c to 13 1-4c per pound. The sheep trade was also firm, lambs making about the same price as last quoted, wool lambs, making 17 cents and clipped lambs 14 1-2c per pound, whilst wethers "clipped" showed a slight advance, making from 11 1-2c to 12c per pound.

Memorial to King Edward.

Pittsburg, April 24.—Andrew Carnegie's check for $1,000 has been received here, to be applied to the fund being raised by Pittsburg residents of English birth, for the proposed King Edward VII. memorial. The fund will be turned over to the Tuberculosis League on May 6, the first anniversary of King Edward's death, as an endowment for a research laboratory which will be named "The King Edward VII. Memorial Laboratory of the Pittsburg Tuberculosis Sanitarium."

Railway for Hayti.

Cape Haytien, April 22.—The S. S. Sarnia arrived here yesterday with a party of civil engineers and construction equipment and transport mules, which will be used in building the railroad, a concession for which was recently given to an American syndicate, headed by James P. Macdonald of New York. According to the terms of the contract the syndicate secures large areas of public lands and the right to run a line of steamships between Cape Haytien and foreign ports. The Government gives the syndicate an interest in the fruit concessions of the island.

Grapes are still trodden with the bare feet in many parts of Spain and Italy.

NA-DRU-CO LAXATIVES

are new and entirely different from ordinary preparations. They accomplish their purpose without disturbing the rest of the system, and are therefore the ideal laxative for the nursing mother, as they do not affect the child.

Compounded, like all NA-DRU-CO preparations, by expert chemists. If unsatisfactory we'll gladly return your money.

25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them. 24

Killed Her Stepfather.

New York, April 24.—Mrs. Elizabeth Pearsall, a young mother, plunged a carving knife through the heart of her stepfather, Michael Reid, during a family quarrel, in Brooklyn last night. Holding her three-year-old son George in her arms she picked up the knife, she says, to protect her mother, whom she accuses Reid of striking. He lurched against the blade, she says, and thus was killed. She was arrested, charged with homicide.

Listowel Board of Trade.

Listowel, April 24.—At a largely attended meeting of Listowel business men last night, the dormant Board of Trade was revived, and new officers elected as follows: President, F. W. Hay; vice-president, J. Watson; secretary-treasurer, J. H. Gunther.

An active publicity and industrial propaganda will be inaugurated, and the council will be asked for $300 to $400 to pay the bill.

Post offices were first established in 1454.

CONSULTING the TIME-TABLE

AFTER THE TRAIN IS MISSED DOESN'T ADD VERY MUCH TO THE BEAUTY OF THE STATION

No, nor will wasting time moaning over yesterday's failures make successes out of to-day's opportunities.

Neither doth it profit a man to learn, after a fire, that the company some one recommended was "N.G." You can't change it then. To-day you can select the best.

You aim for the BEST when you select a bank or take a partner in business. WHY NOT DO THIS IN FIRE INSURANCE? The value of a fire insurance policy depends largely upon the character and methods of the company which issues it. Our aim in this advertisnig is to get property owners to use the same foresight about fire insurance that they do about other business matters. We will accomplish much if we succeed. Demand a policy in any of the following Companies, and you have the best.

ANOTHER ARREST IN BURGLARY CASE

Dennis Sullivan Pleads Not Guilty to Charge—Vag Must Leave

Still another has been arrested on a charge of being connected with the burglary of an East City store.

Dennis Sullivan is the man, but in police court this morning he pleaded not guilty. The information against him was of having broken into the stop of T. B. Maniece and stolen a quantity of maple syrup, cigarettes and preserved apples.

He was remanded until Friday, April 28th.

NOT WANTED.

Thomas Dormer occupied a seat on a charge of being a common vagrant, of wandering from place to place, and begging from door to door.

One of his hands was bandaged as from a recent wound.

He pleaded guilty to the charge, but promised to leave the city immediately.

The order was to clear out.

PUBLIC SCHOOLS REOPENED TO-DAY

Splendid Attendance of Pupils—Primary Grade Children Should Start at Once

Inspector Mowat reports that the Public Schools re-opened to-day with a splendid attendance. Parents who have children, whom they wish to enter the primary grade, should start them immediately as the term is short.

Changes in the teaching staff are Miss McQuarrie, who takes the position at East City school, left vacant by the resignation of Miss Mann, and Miss Bennett, who will take up Miss Lochheed's work. Both teachers have had three or four years experience, and have just finished their Normal School course.

Fresh Garden and Field Seed by ounce, pound or packet. Mason's Floral Emporium, 436 Water Streeet.

WHO'S COMING AND GOING

Dr. M. A. Morrison is ill at his home.

Mr. W. Eagleson of Cobourg, was in the city over the week end visiting friends.

Mrs. (Rev.) Cragg is visiting her parents, Mr. and Mrs. Wm. Might, George street.

Mrs Robert Crearar of Sulphide, Ont., is the guest of her mother, Mrs. Thomas Rehill George Street.

Mr. Stewart Laing, of Queen's University, Kingston, was in the city last week on a visit to his parents.

In Erie, Pa., truckloads of bricks must be wet before they are dumped so as to prevent dust.

ENGLISHMEN IN CANADA; THEIR RELATION TO DOMINION

Rev. Chas. Carpenter Spoke to Englishmen at St. John's.

Englishmen in Canada, and their relation to the Dominion was the subject dealt with by Rev. Chas. Carpenter, in his discourse at St. John's church, last evening.

The occasion was the attendance of Englishmen of the city at the church, in commemoration of St. George's Day, they having paraded in large number from the Sons of England Hall to the church.

During his opening remarks, Rev. Mr. Carpenter referred to the different types of Englishmen who have come to Canada, and who have been responsible for their prejudice that has been directed against Englishmen, by Canadians. Some types dealt with were the grumbler: the swaggler; the Englishman who doesn't think there is a way of doing things but the English way; and the Englishman who comes out with the idea that he is going to teach the Canadians how to do things.

The preacher showed how these types of Englishmen, in coming from an old to a new country, make their mistakes. They forget that they had to adapt themselves to the strange and new condition of things.

The reverend gentleman however, held that as both sides were in the wrong, it was necessary for both Englishmen and Canadians to be patient. Englishmen should meet the call of Canada, for men who are strong in moral character and men all the way through—men with an eye to the future—men with high ideals, for one strong man, could do much to help his weaker brothers. Englishmen must learn to assimilate all that is best, and face the situation as it is.

They must get into the midst of the work, stand shoulder to shoulder and not on the outside. And most important to all, they must build up their spiritual lives, and assist the church in its work for Jesus Christ, for it could be truly said that Canada wants Christ.

Canadians, said the speaker, should meet Englishmen half way, and extend the hand of fellowship and thus do something better than pointing the finger at them, and thus make them feel that they are not wanted.

The anthem by the choir was "As it Began to Dawn," Mr. H. W. Morphet taking the solo. The congregation joined in the National Anthem, and the choir followed with the singing of "O, Canada."

LOCAL NEWS ITEMS

The license commissioners met on Saturday night to deal with applications for renewals of liquor licenses, but owing to the absence of the chairman, who is ill, the meeting adjourned till to-night.

Mr. J. H. Renwick, the newly appointed organist, at George Street Methodist Church, presided at the organ yesterday morning and evening, much to the pleasure of the congregations. Mr. Renwick, however, will not take actual charge till next month. At the evening service, Mr. W. McIlroy sang Parker's "Jerusalem' in splendid voice.

The evening service at Knox church next Sunday will be attended by the Independent Order of Foresters.

At St. Andrew's church last night, the pastor, Rev. James Rollins, preached a very thoughtful and inspiring sermon on Mary Magdalen He drew a most impressive and touching mental picture of Mary when she repented and anointed the feet of the Saviour with her tears and dried them with the hair of her head.

The fact of her doing so was a true token of her repentance from sin.

"The whole context of my discourse to-night," said the pastor, "is the fact that love and repentance can live down everything."

After the sermon Rev. Mr. Harris, of Quebec, sang a solo with great expression and effect.

Members of the Total Abstainers' Society attended eight o'clock mass at St. Peter's cathedral, yesterday.

Reports from those using the Pigeon Lake floating bridge, are to the effect that the bridge is in the best of condition, and that there is considerable ice in the vicinity.

Mr. L. J. Harrington, will shortly vacate the residence at 430 Park St., and move into the house owned by Mr. D. D. C. Dawe, on Gilmour Street, four houses off Park, on the south side

Mr. A. J. Eaton, 313 Boswell Ave., has purchased the residence which Mr. Harrington is leaving, and will take possession within two weeks.

The License Board at Port Hope renewed all licenses, but improvements will have to be made to a number of the hotels.

Golden Link Rebekah Lodge, No. 81, I.O.O.F. announce their third annual excursion to Juniper Island on May 24.

Mr. Walter Libby has been called to Toronto by the death of his mother which occurred on Sunday, after an illness of three months. The deceased was in her 79th year, and death was due to old age. Her husband pre-deceased her twenty-five years ago.

Hugh Deline was taken to Kingston Saturday to begin his life sentence.

The plant of the Peterboro Lumber Co., at Burnham Point, is in operation but not at full capacity. It will be a coupl eof weeks yet before the full staff is at work.

McDonald's Mill commenced running this morning.

A neatly arranged and serviceable little booklet containing the rules and regulations for the government and guidance of the Peterborough Police force, has just been issued, and the convenience and workmanship of it, are two of the best features. The book contains chapters in which the duties of each officer on the force is clearly defined, and all information relating to the enforcing of the law.

In connection with the lecture at Knox church to-night, the Street Railway Company will give an extra service from Auburn at 7.45.

A lively runaway occurred Saturday night, on George Street, with, fortunately no injurious effects to the occupants of the rig. A young man, accompanied by a lady, were driving down street, when the horse became alarmed at a passing auto, and taking the bit between his teeth, made off down the street. At the corner of George and Perry, the rig was almost overturned. Continuing down the street the horse turned into the road leading to Little Lake cemetery, where the driver gradually brought it to a walk. It was a rather trying time for both the occupants, and neither would care to go through the experience again.

Miss Mattie B. Robertson passed her final examination in Arts at Queen's College, Kingston last week, and secured the degree of B. A., being an honour specialist in modern languages.

Rev. W. C. Riddiford concluded his series of special addresses on Love, Courtship and Marriage, by dealing with the latter question last night before a very large congregation.

Mr. John Wood, 401 Belmont Ave., is very seriously ill, and grave fears are entertained for his recovery. Nurses are constantly in attendance. Mr. Wood is eighty seven years of age and is father of Mr. Wallace Wood formerly of the Toronto Savings and Loan Company.

A large congregation heard Rev. Dr. Langfeldt at All Saints Church, last night, and the occasion was one that will be remembered for a long time to come. The rector, Rev. H. R. Trumpour, made a fitting referance to Rev. Dr. Langfeldt, and his work in the city, and in concluding the service the congregation sang the hymn for departing and absent friends.

"THE KISSING GIRL," A MUSICAL SUCCESS

Tuneful Melodies in the Score—In Same Class as Merry Widow and Chocolate Soldier.

"The Kissing Girl," which appears at the Grand Opera House next Thursday, is from the German, by Leo Stein, author of "The Merry Widow." It was adapted for the stage by Stansilus Stange, the author of "The Chocolate Soldier," while the music is by Harry Von Tilzer. All of these names are so well known to the theatre-going public that the opera need have no other recommendation. Mr. Slocum, is alive to the value of this town in its appreciation of good musical comedy, and has more faith in the discriminating taste of the city than many of the eastern theatrical magnates. With his partners, he has lavished a vast sum in producing "The Kissing Girl," and is firm in the conviction that the company generally will support the clever organization which he now presents.

The company selected for "The Kissing Girl" is one of power—not only in musical sense, but in dramatic interpretation of lyrical works. It is headed by the accomplished Texas Guinan, who will be featured in the name role. Supporting her will be Harry Hermson, the comedian, Tom Whiffin, "Venita" Fitzhugh, Mr London, the tenor, and Ida Fitzhugh, a distinguished German comedienne. These with a chorus of handsome men and beautiful women furnish an ensemble of 60 people. The costuming, designed by Schoultz, is regarded as particularly brilliant and effective. The seat sale opens Tuesday morning.

QUEEN'S FLAG AT HALF MAST

Out of Respect to Memory of Late Hugh Waddell

A despatch from Kingston to the Toronto Globe to-day says—The flag on the tower of Queen's University is flying at half-mast out of respect to the memory of the late Mr. Hugh Waddell, of Peterborough, who was one of the University's most generous benefactors.

Tuesdays and Satrrdays

THEATRICAL

"HONEYMOON TRAIL"

If you are tired, discouraged or "blue" a prescription better than many dollars' worth of medicine is a visit to that sparkling musical comedy success "Honeymoon Trail," which is the attraction at the Grand to morrow Tuesday evening.

The tired business man forgets his troubles, the skeptic forgets to scoff, and the most blase and hardened theatregoer falls under the influence of its unctious humor. They all leave the theatre looking at things from a brighter standpoint. "Honeymoon Trail," is witty, bright and tuneful to a superlative degree, and furnishes its auditors more real entertainment and pleasure than does any musical comedy en tour in this country to-day. This season's cast is a notable one. To quote the New Orleans Picayune: "It is a thousand miles removed from the beaten track of mediocrity."

FINE RESIDENCE FOR SALE.

Solid brick house, No. 291 Rubidge street, west side. Ten rooms all modern conveniences, water, gas, electric light and furnace. Lot is 50 ft. frontage x 114 ft. deep. For further particulars apply at the office of the Otonabee Power Company, 184 Simcoe street. 4d

"Marvelous Recovery"

Montreal Man So Ill With Dyspepsia Thought He Would Die.

No more convincing evidence was ever put on paper than the following letter from one of Montreal's well-known citizens, Mr. D. R. Larose, of 338 Joliette street.

"Permit me to write you a few words concerning Dr. Hamilton's Pills. I suffered from dyspepsia and indigestion for five years. I suffered so much that I could hardly attend to my work. I was weak and lost all courage. I enjoyed no rest until I decided to follow your treatment, after having read your advertisement in the paper. To my great surprise I immediately began to feel better. I am now using the second box and I feel so well that I want to tell you that I owe this great change to your famous pills. I recommend them to every person who is suffering from dyspepsia. Your grateful servant, D. R. Larose, 338 Joliette st., Montreal, P.Q.

Let all who have weak stomachs, and those who suffer with indigestion, headaches, biliousness, know they can be perfectly cured by Dr. Hamilton's Pills. Successfully used for many years, mild and safe, 25c per box, all dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Dyspepsia

LOW PRICE WON HER A HUSBAND

Cleveland Millionaire Changed His Mind Regarding a Wife

New York, April 23.—William Christian Langenau, described by most of the ship's company of the Hamburg-American liner Cleveland, in from the Mediterranean, as a Cleveland millionaire, had a mighty happy time on the last leg of his sea honeymoon. Mrs. Langenau, who was a milliner of Chicago when she became the bride of Mr. Langenau, admitted that it was true she had become acquainted with her husband when he went into her store last November and asked for the finest and dearest hat she had.

He confided to her that the hat was for the woman he was going to marry, and that he intended to take her on a honeymoon that would not cost him less than $100,000. She said that she looked upon that as rather a too gorgeous expenditure even for a sixty-year-old widower. He asked her what her idea was about the expense of a honeymoon and she said she thought she could have the time of her life on $50,000, or even less. Then he proposed and she accepted him, and selling out her store, she went to Cleveland and they were married.

Mrs. Langenau said it was true that the bridegroom had popped the question in the manner related, and that she knew the name of the other lady, but would not tell it.

NO CHURCH HAS RIGHT TO ENTER HOME AND CONTROL IT

Rev. H. J. Keith Deals With Sacredness of Marriage Vows

Rev. H. J. Keith, of Knox church, preached a strong sermon last night on the sacredness of the marriage vows. He referred to the Ne Temere decree of the Roman Catholic Church, which is causing so much discussion both in Quebec province and other places.

Before announcing his text, Rev. Mr. Keith mentioned the passing of the late Hugh Waddell. Mr. Waddell, he said, was always a warm friend of Knox church, though a member of St. Andrew's. Every year he made a voluntary donation to the funds of Knox church.

Matthew chapter 19, verse 6, "What therefore God hath joined together let no man put asunder," was the text taken by the preacher.

The question of marriage was a sacred one, and a great many of the tragedies of this life came of the lightness with which people looked upon marriage. It was necessary to regard the sacredness of marriage, for on it depended the purity of the home, and the nation depended on the home.

THE HOME FIRST.

The home was organized before the church, and the life of the home was instituted before that of the church, therefore, no church in the world had a right to enter into that institution and control it.

Every right thinking person and leader of people recognized the hand of God in the marriage vows. If the married life was to be one of blessedness and peace, it must be founded in God.

In an ideal nation, where the government and people believed in worshipping God in the same manner, the church and crown could work together, but where that was not the case, no church had any right to say what should be enacted in that land. Protestants had a great many kind things to say about their Roman Catholic brethren when they thought of how attentive and loyal they were to their church. The Roman Catholic Church regarded itself as the only true church, and the Pope as the only true representative of Christ. The Pope claimed the right to dictate to the government what policy it should follow. His followers were taught the policies and views of the Roman Catholic Church. In the marriage question it believed that it was to say who should marry; also, in what manner.

The decree issued by the Pope affected a great many homes. It stated that no Catholic was recognized as married, unless sanctified by the Church of Rome.

In Germany the people fought against this decree, and a proviso had to be issued which exempted that country from the decree. The speaker hoped Canada would also secure an exemption.

Protestants, though they did not encourage mixed marriages, recognized them as valid, whether by priest or minister.

THE EASTER DUDS WERE CHRISTENED

Young Man and Lady Friend Had a Cool Dip

A young man named Gordon Adams, who lives near Fairview, was driving home from Fairview church last Sunday accompanied by his two sisters, when they met with an accident not calculated to benefit either their Easter attire or their tempers.

The horse suddenly became frolicsome, just as they were passing a ditch with about a foot of water in it. Over went the whole outfit, throwing the occupants into the cool liquid out of which they dragged themselves dripping with mud and water. It is needless to describe the condition of the brand new Easter clothes.

Fortunately, none of the party was hurt, and the naughty horse was caught without any trouble.

Knox Church Notes

The Young People's Guild will attend the lecture in the church tonight by Rev. Dr. Cleaver, on Jean Val Jean.

The Brotherhood will meet at 7 p.m. on Tuesday evening. Election of officers.

Mid-week services will be held on Wednesday at 8 p.m.

The Women's Missionary Society will meet in the parlors on Thursday afternoon in the church parlors.

Choir practice will be held at 8 p.m.

The Boys' Club meets on Friday evening at 8.

A joint meeting of the sessions and managers will be held at 8 p.m.

The male choir will meet for practice at 8 o'clock.

The Ladies Aid will hold a sale of homemade cooking on the market Saturday morning.

The evening service next Sabbath will be attended by the Independent Order of Oddfellows.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

RELIGION AND PROGRESS.

To the Editor of the Review,

Sir,—You have had a correspondent of late who is endeavoring to impress your readers with the force of tradition in the interpretation of the Scriptures. Tradition is that upon which Roman Catholic ecclesiasticism is founded, and your correspondent is pursuing the same method, possibly without knowing it. But it looks to me as if he knows very well what he is doing, and that he is trying to drag back the chariot of modern progress into the old ruts. Your correspondent, whose views alone, you understand, I am attacking, can see nothing except in the views he entertains. Now, the whole spirit of Protestantism is liberty of opinion. Liberty of opinion doesn't mean that we have got to think in one way, but that we have got to think sincerely in whatever way we do think. If the mystery of religion were mathematical, that is, founded upon given data, the conclusion would then have to be according to rule or method, that is, there could only be one answer to the problem but religion, except in the Roman Catholic Church, is not so, at any rate among Christians, and to continually wail because other people don't, or won't, think the way we do is either Roman Catholic or nonsense. Prof. Watson, of Queen's, in his elaborate digest of modern religious views, says that motive is the condition of responsibility, or, in other words, that a sincere, humble, earnest seeking of light and truth is all that can be expected of human beings and it is manifestly so unless the one duty of humans is to obey, which, of course, eliminates independent human reason and what is known as individual responsibility altogether. Continually seeking after certainty in religion is endeavoring, in reality, to set aside faith, for faith is not certainty. It is merely an intense form of hope in something allied to and supported by the love of doing what we think is right and good. I would therefore earnestly ask your correspondent to recast his method and to remember that unless he is infallible he is fallible, and if he is fallible he may be wrong, and if he may be wrong, what right has he to keep continually blaming others for not holding his opinions? His position is, in the last analysis, thoroughly inconsistent. It is in fact a self-contradiction, and I hope that in his efforts to whip us all into line he will find some other method of argument. As shown by the leading Christians in Great Britain, Christianity as a cast-iron creed must go. It is this phase of it, however, that is producing the epidemic of non-church going and carelessness so rife and so much deplored. Dr. Ballard says: "Nothing can save Christianity from the imputation of being a comparative failure, when we think of what we might be to-day with all the wondrous modern developments of mind and unmeasured wealth of civilization if only these were leavened by the mind of Jesus Christ." This is perhaps a strong statement, but Mr. Joseph Gray goes farther and says that religion is of interest only to the lower middle classes, as he calls them, while the professional classes are almost wholly without it, and only 3 per cent. of the workers are influenced by it. It is in the face of this that the Roman Church is hurling its legions and its decrees in the belief that if this neglect continues to spread the day of Christianity is past. Is it wise for your correspondent to take this attitude also, unless he believes, as the Roman Church does? Would it not be better for him, realising that the essence of Protestant Christianity is love and the spirit of truth to endeavor to infuse that spirit into people instead of the other?

Yours truly,

COMMON SENSE.

NEWS AND VIEWS OF SPORT

TRANSFORMERS WON EXHIBITION

Defeated Knox Church Football Team by 1-0 Score

The transformer team of the C.G.E. played a friendly game of football with the Knox church eleven on Saturday afternoon, winning by the score of 1—0.

The play was pretty even, the winning goal being scored in the last five minutes of play.

Knox club was without the services of a couple of its best players, and should be able to beat the transformer boys the next time.

Knox team is entered in the Church League and by their showing Saturday they are going to be a pretty husky bunch to beat.

The opening stages were in favor of the Presbyterians, and Stacey was early called on to clear what looked a certain goal, but just managed to get the ball away before he was bowled over. From the free kick Miller got away on the right, but was sent into the fence by Lewis. This spoiled a good run. The players now settled to their work and after some midfield play, Dixon got away on the left and centred nicely, but Cole rushed in and spoiled the effort. A foul against McGarrity gave Knox a chance, and Patten put in a good shot, but Stacey was safe and punted away, setting the transformers right going. Pearson and Miller worked their way out and from centre Smith passed out to Elliott, who centred again, and Yates with a shot just under the bar had the goaler beaten, but the goal was disallowed, Yeotes being offside. This put more life into the transformers, who bombarded the Knox goal, but the man between the poles was playing a great game and saved some hard shots. Half time arrived with no score.

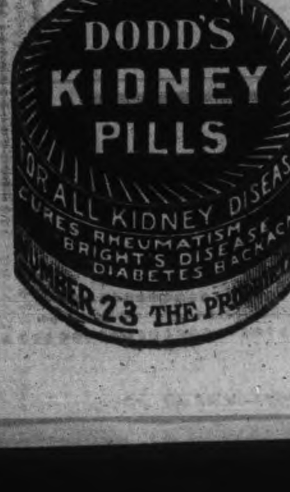
With the wind in their favor after the start again the transformers made another attack, only to be repulsed by Lewis and Kellbrick, who were playing a good game. Hereabouts the game was stopped; Knox were found to be playing 12 men. From the throw up Knox put on the pressure and with Cole and Godfrey beaten, it looked a certain goal, but Knox came again and McPherson passing out to Dixon, the latter put in a low drive, which Stacey cleared, setting Heffernan going. Away went the transformers, and playing the best combination of the afternoon, rushed the ball through, scoring the only goal of the afternoon. The game now was fast, every player trying his utmost for a time. Knox more than held their own and the play was all round the transformer goal, Stacey having to give a corner to clear. The corner being safely disposed of, the trans. got going again, but were weak in front of goal, Smith, Yates and Elliott all missing good openings. The game was fast right to the finish, but the transformers held their lead and at the end of ninety minutes were going strong. The line-up was:

Trans.—Stacey, goal; Cole and Godfrey, backs; Campbell, Heffernan and McGarrity, halves; Miller, Pearson, Smith, Yates and Elliott, forwards.

FOOTBALL

The Transformer football eleven of the C.G.E. will be pleased to arrange games with any other local teams. Communicate with F. Stacey, 600 Chamberlain street.

"Breakfast trains" to accomodate late sleeping suburbanites are being tried by some of the railroads entering London.



ALL SAINTS WON GAME BY 2-0

Abbot and Dawson Counted in the Initial Half

All Saints' and St. John's church league football teams met in an exhibition game at Brinton's Meadow, Saturday afternoon, the Saints' winning by a score of 2—0, Abbott and Dawson notching the counters in the first half. Particularly good work was accomplished by the back division of the winners.

Dr. Pulkinghorn handled the whistle and did good work.

This Wednesday evening at 6.30 o'clock All Saints' meet Park street at the latter's grounds.

Saturday the Church League opens, All Saints' meeting the Y.M.C.A. eleven.

HENRY SURPHLIS IS THE MANAGER

Port Hope Team Will Have Good Man at the Helm

Port Hope Guide—The baseball organization meeting held at the Hotel St. Lawrence last evening was largely attended, and much interest was displayed. Mr. Henry Surphlis has taken over the management of the team and he promises to have a fast line-up.

The management have decided to hold a social and dance in the town hall on Friday, May 5th, and everything possible will be done to render this affair a success. The committee in charge are—J. M. Rosevear, G. A. Brown, G. Edmunds, S. Lockington, J. R. Heard, J. Swigart, J. Stevenson and J. Rowden.

The officers of the club are—

Hon. Presidents—H. T. Bush and E. M. Thurber.

President—Mayor Mulholland.

Vice-President—W. J. Colwill.

Sec'y-Treas.—W. Thompson.

Manager—H. Surphlis.

Executive Committee—I. Walters, J. Record, Blake Crawford and T. J. O'Neil.

BASEBALL

"'Bugs' Raymond, pitcher of the New York Giants, is a great wit on the field," said the sporting editor at the Pen and Pencil club in Philadelphia.

"Raymond was disgusted one day at his team's wretched outfielding. Batter after batter sent up high flies and these easy balls were muffed alternately by left and center.

"'Bugs,' at the sixth muff, threw down his glove and stamped on it.

"'There's an epidemic in the outfield,' he said, 'but, by jingo! it isn't catching.'"

Plans for re-building the baseball grandstands which were wrecked by fire at the Polo grounds recently are going rapidly forward, and announcement of a definite arrangement is expected before the end of the week. The belief that the club means to erect steel and concrete stands is strengthened by the summoning to this city of the Cleveland engineers who built the new baseball plant at Cleveland, the new stands in Toledo and the new grandstand in Washington.

For 28 years the Philadelphia public has waited and watched in vain for a National League pennant, although on several occasions it has been evident that the Phillies constituted the best team in the land. The present owners under cover although they are, seem disposed to win if they can, and if Manager Dooin is let alone he seems likely to do what no other manager of the team has ever done—win a pennant. The games played so far seem to have vindicated Manager Dooin in that Cincinnati deal that he put through in opposition to the president of the club and if the team can sustain anything like its present gait there will be great times out at Broad and Huntingdon streets this season.—Philadelphia Record.

Lindsay Post.—The baseball meeting called for last evening in the rooms over the Bank of Commerce building did not take place. The fans failed to the call and another attempt will be made at an early date.

Lindsay Warder.—Last night's baseball meeting for the purpose of forming a town league was a sad disappointment, as only seven or eight people were present, with the result that no business was transacted. Although the meeting was a farce, the prospects for a town league are bright, as two teams have signified their intention of joining the league.

BASEBALL SATURDAY.

REV. ARMITAGE GETS DEGREE OF B.A.

Honor is Also Won by Miss Helen Denne and Miss Mattie B. Robertson

Rev. W. L. Armitage, of Picton, has secured his degree of B.A. at Queen's University, as has also Miss Helen I. Denne and Miss Mattie B. Robertson, of this city.

CONTINUATION SCHOOL REPORT

How Havelock Pupils Stood in Examinations—Personals

The report of Easter examinations for Havelock continuation school was as follows:

Form I—G. Primrose, 82; O. Skeene, 80; W. Wallar, 69; G. Black, 74; I. Morrison, 70; D. Plunkett, 68; A. Mathison, 66; W. Smith, 64, G. Riley, 63; B. Bryans, 52; E. Foley, M. Knox, C. McNicholl, A. Dobson.

Form II—K. Falkner, 80; M. Wannamaker, 75; W. Holcroft, 70; C. Barlow, 63; L. Bennett, M. Vandervoort.

Mrs. Clapp, who has been the guest of Mrs. Brill has returned to her home in Michigan.

Mr. Jas. Thompson was in Toronto last week.

Mr. Robert Flynn of town was visiting friends in Peterborough last week.

Master Charlie Thompson is visiting friends in Toronto.

Mr. and Mrs. John Burnett spent the holiday with friends in Kingston.

Mr. Schneider of Peterboro is visiting friends at Rush Point.

Mrs. F. Hornsley of Gravenhurst was the guest of her brother, Mr. Reg. Brennan.

Miss Helen Morrison, who has been the guest of Miss Madge Curtis, has returned to her home in Norwood.

Mr. Thos. Bennett of town is visiting friends in Peterboro.

Miss Jennie Barlow was in Peterboro on Thursday last.

Miss Ada Holcombe was in Peterborough on Thursday.

Mrs. M. McNicholl spent Tuesday and Wednesday with friends in Peterboro.

Mrs. Henry, who has been the guest of her parents, Mr. and Mrs. Foley, has returned to her home in Peterboro.

Mr. Harry Dowling has returned to his home in Toronto.

Miss Geniel was in Peterboro on Thursday last.

Mrs. John Post and Mrs. Donald Post were the guests of Mrs. Dolison last week.

Misses Della and Grace Maidens, and Mr. Earl Maidens of Belleville, were the guests of Mrs. Wm. Wright for a few days last week.

Mr. Tim. Dineen of town was in Peterborough on Thursday of last week.

Mr. and Mrs. John Overend and daughter Columba, were the guests of Mr. W. J. Overend, Peterboro.

Miss Mary Galvin of Peterboro and Mr. Charles Nolan of Toronto, are the guests of Miss Maude McGuire.

Rev. and Mrs. Chas. Coon of Peterboro were the guests of Mr. and Mrs. W. B. Ritchie.

Mr. and Mrs. Alfred Atkinson, of Campbellford, were the guests of their daughter, Mrs. Harry Buchanan.

Mr. D. D. McCombe, manager of the Union Bank, Grimsby, was the guest of Mr. J. Browne.

Mr. and Mrs. S. J. Hicks and Miss Essie Hicks of Toronto, were the guests of Mrs. J. Browne.

Mr. Frank Curtis has secured a situation in Lindsay.

Miss Katie Fitzpatrick, who has been the guest of Mrs. Overend, has returned to her home in Norwood.

Mr. and T. F. Mickle and children of Madoc and Miss Gertrude Spurr of West Virginia attended the funeral of the late Charles Byron Ghent.

On Monday last, three boys were brought up before Magistrate Joyce and Mathison. They were charged with supplying minors with liquor. The boys admitted taking the whiskey from a vehicle in town, and treating other boys with it. Judgment was reserved until Saturday, at 1 o'clock, when the case will come up again.

The license commissioners for East Peterboro, held their annual meeting on Saturday of last week.

Mrs. McLean has returned to her home in Trenton, after being the guest of Mrs. W. Mathison for a few days. She was accompanied by Miss Bessie Rose, who will be her guest for a short time.

ANNUAL MEETING OF THE Y.W.C.A.

The public is cordially invited to attend this meeting.

Presided at Organ

yesterday was presided over by Mr. John Laing, in the absence of Mrs. McClellan.

To Be Forced From Border.

Chihuahua (via Laredo), Texas, April 24.—Preparations to fight the insurrectos proceeded here Saturday. Gen. Rabagos, with a column of cavalry, which had started to engage the rebels at Ojinaga, was hurriedly recalled, and he, with Gen. Lis and 1,000 men were ordered to proceed to the border, presumably at Jaurez.

It is the purpose of the federals to wedge in between the border and the insurrecto forces, and if possible drive the conflict back into the interior, out of the way of possible international complications.

The northward march of the federals is directed at Gen. Madero's main force.

WHY SASKATOON

WESTERN CANADA

Because

it is the Centres of Centres. The Centre of Saskatchewan, of the Hard Wheat Belt, of the Canadian West, of Railway and Building Development.

Because

it is the Fastest Growing City of the West. Its percentage of population increase for 7 years, 1903-1910, was 14,148. Calgary, which comes next, had only 1,084 per cent. Edmonton had an increase of 928 per cent.

Because

it is situated on one of the largest rivers on the American continent, the South Saskatchewan, which assures a plentiful supply of pure water and power for a vast industrial future.

Because

of its splendid isolation. We figure that there will be three cities in Western Canada — Winnipeg, Saskatoon and Edmonton.

INVEST IN FAIRHAVEN SUB-DIVISION

BECAUSE

it is a clean-cut, gilt-edged, sterling investment, and at the prices asked you cannot fail but realize very largely on your money.

BECAUSE

Saskatoon will be, and is the railroad city of the west, and the development that is planned for the next few years will eclipse anything in the entire Dominion.

BECAUSE

Saskatoon is the centre of education for Saskatchewan, being the home of the Provincial University, and also having a $125,000 Collegiate Institute and five very fine Public Schools, with three more building this year.

BECAUSE

with the harnessing of the South Saskatchewan River, Saskatoon will have an abundance of cheap power, which is very essential for any city, and will be the chief manufacturing city of the west.

WHY FAIRHAVEN SUB-DIVISION

BECAUSE

a city grows along the line of least resistance, and Fairhaven lies in the districts where the most development is taking place in Saskatoon.

BECAUSE

it is a most beautiful residental site, and at the prices asked will leave a wide margin of profit for the investor.

BECAUSE

with the coming of street cars this property will increase very rapidly in value. This has been the experience of every city, and Saskatoon will prove no exception.

BECAUSE

it is located on the best streets of Saskatoon, the main east and west thoroughfares of the city running clean through our property.

$100, $115, $125 A LOT, $20 DOWN, $10 A MONTH

Mr. Investor

Are you open to investigate a proposition for investing your money in the most progressive city in the Canadian West?

SASKATOON

has grown from a hamlet of 113 people, in 1903, to an up-to-date, progressive city of 16,000 in 1910.

In 1903 Saskatoon had a single one-horse railroad, over which a solitary, forlorn-looking train crawled its way each day. Now, after only a short seven years, what a difference! To-day NINE different railway outlets are operating into Saskatoon, and over TWENTY splendidly equipped passenger trains enter its three passenger stations each day.

Saskatoon, during the seven years, 1903-1910, led all the west with percentage of population increase. In fact, its per cent. increase of population was greater than the per cent. increase of all other Western Canadian cities combined.

In such a virile, fast-growing city, MR. INVESTOR, don't you think you would be making a great mistake if you were to pass up this great opportunity to realize greatly on this unprecedented ratio of growth? We present for your consideration FAIRHAVEN subdivision, one of the choicest properties in the whole of Saskatoon. It is situated on the west side of the city, where the greatest development is taking place. It is just west of St. Paul's Hospital, which is maintained by the Grey Nuns, and which is one of the finest institutions in the West.

It is but a mile from the manufacturing and industrial centre of the city, being just half a mile from the city's limits. It is a safe bet that this property will double and treble in value during the next year or 18 months.

We Would Like to Meet You

If you are interested in any way in Western Canada, we would like to make your acquaintance. We have had a wide experience in the West, and, besides

FAIRHAVEN

we have a very large list of Farm Lands in the best sections of Saskatchewan for sale. Come and look our propositions over, we won't importune you to buy, and you will receive a hearty welcome. In Fairhaven we have without doubt the finest investment proposition in Western Canada, and at the prices asked, $100, $115 and $125 a lot, with the low cash payments of only $20 down and $10 a month, with no interest and no taxes, it will surprise us if we have any lots left in a week or two.

Fairhaven is most beautifully situated, high and dry, making an ideal location for a choice residential section.

In a city of such splendid promise as Saskatoon, real estate advances very rapidly in value. Land which sold a few years ago for from $10 to $15 an acre is now selling for many hundreds of dollars a front foot. Second Avenue property, which 10 years ago was a drug on the market at $45 a lot, is now selling as high as $1500 a front foot. Can you realize what this phenomenal rise in values means to those who were lucky enough, who had the nerve, to invest a few hundred dollars in Saskatoon ten, or even five, years ago? You have a better opportunity to-day than they had then, for while they were gambling with chance, you are only grasping a certainty.

All that part of Ashburnham lying north of Douro and Munroe streets, including the north side of Douro and Munroe streets.

OBITUARY

Mr. Stephen Jeffrey

At the good old age of 73 years, Stephen Jeffrey passed peacefully away early this morning, at the home of his son, Harry Jeffrey, 57 Olive avenue.

The late Mr. Jeffrey was born in Sussex, England, and lived there 36 years, migrating to Canada with his family 37 years ago, coming direct to Peterborough and moving to Cavanville in 1880, where he operated the brick plant. His wife and three children were buried there.

About twelve years ago deceased was stricken with paralysis and never quite recovered He came to Peterborough about that time to live with his son. He has been ailing for the past two years and declined rapidly during the past two weeks, though he did not take to his bed until yesterday.

Deceased was a member of the Church of England.

Those left to mourn his loss are two sons, George, of Davidson, Alberta, and Harry, of Olive avenue, city. One sister, Mrs. Cheese, resides at Hove, Brighton, Sussex, England.

The funeral will take place Wednesday afternoon at 1 o'clock, from the late residence, 57 Olive avenue, and proceed to St. John's cemetery, Cavan township, for interment.

Rev. H. R. Trumpour will officiate at the house and Rev. W. C. Allen, of Millbrook, at the grave.

Died at Duluth

The Duluth Herald of April 3rd, contains the notice of the death at Duluth of Mr. John Creighton, a veteran life saver, and who was a brother of Mrs. John McClure, of Sherbrooke street.

The death of John Creighton, who died last night in St. Mary's Hospital after a brief illness of ten days, takes away one of the oldest men in the employ of the government, life saving service.

Mr. Creighton has been connected with the life saving service in Duluth since the local station was started, in June 1895, sixteen years ago. All that time he has been known as No. 1, the title being fixed by the fact, that he pulled at the first oar wherever the crew was in action. Previous to that time he was in the service of the lower lakes, coming here from Marquette, Mich., entering it in April, 1836

Mr. Creighton made an excellent record for himself. Always of a retiring disposition he did not go in for the spectacular individually, but he has assisted at some of the most sensational rescues, of the Great Lakes Since locating at Duluth he has been a member of the crews which have risked their lives time after time, to take men from ships which were being pounded to pieces by the savage Lake Superior storms. He was with the life saving crew, November, 28th, 1905, when the ill fated Mataafa was wrecked as she was trying to gain the harbor, through the ship canal. He was with them when the Thomas Wilson, and the George W. Hadley collided in Lake Superior, seven or eight years ago, and nine men lost their lives before they could be taken off. He also went out to the "England," which was wrecked on Oatka beach, the same day that the Mataafa met its fate. And he has assisted in countless rescues of smaller craft in the harbor.

Mr. Creighton was 53 years of age, an dis survived by a wife and four children, who reside at 1120 Lake Avenue, south—Duluth Herald.

Frances Violet Bailey

A bright young life was brought to a close yesterday afternoon, when Frances Violet Bailey, aged 17 years, daughter of James H. Bailey, Smith township, passed away about two o'clock.

The funeral will take place at 10 o'clock Wednesday morning from the late residence, and proceed to Ray's cemetery, Lakefield.

R. J. Todd will officiate.

ROYAL TEMPLARS TO GIVE PROGRAM

At Meeting of St. Paul's Epworth League To-night

The Royal Templars of the city have been invited to give the program at the St. James' Epworth League to-night, which promises to be one of considerable interest.

Short addresses will be given on the subject of temperance by Rev. Robt. Pogue and Rev. Mr. Coon, select councillor.

In addition, Miss Smith, of the Dan Spence Council, will give readings, and solos will be rendered by the following persons, Mrs. E. Wand, Mr. Huycke and Mr. Miller.

The public is cordially invited to be present, No charge for admission.

CANADIAN PACIFIC RAILWAY

Upper Lakes Service—Owen Sound to Fort William and vice versa. Commencing today, April 24th, Upper Lakes steamers will leave Owen Sound for S. S. Marie and Fort William—Athabasca Monday, Keewatin Tuesday, Alberta Wednesday, Manitoba Thursday, Assiniboia Saturday, at 1 p.m. To connect from Peterborough, leave at 5:26 a.m. For tickets, berths and all information see W. McIlroy, City Ticket Agent, 343 George St.

An American pleasure yacht which arrived at Singapore late in January from Colombo is said by Consul-General Dubois to have been the first American vessel to enter that important harbor for six months.

ONE REASON FOR OUR SUCCESS
WE EMPHASIZE ACCURACY

Every pair of Eye-glasses that goes through our prescription department is subjected to the most careful examination of even the smallest details. Every lens is neutralized, measured and centred by two inspections. Every Eyeglass or Mountings supplied at the Peterborough Optical Institute is adjusted to the exact position before each eye and to fit pleasingly the features of the wearer. No matter how accurately the lenses may be ground and centred, if the pupillary width of the frame does not correspond with that of the eyes, there will be strain upon the motor muscles of the eyes, and consequently discomfort. We are most particular to adjust glasses to every detail in order to give greatest relief to the eyes and most perfect conformity to the features. This is one reason for our success.

The PETERBOROUGH OPTICAL INSTITUTE

IN THE MARKET BUILDING, Peterboro, 332 George st.

THE MOVING PICTURE BRAND

A soldier of the legion
Lay dying in Algiers
While a thousand weeping women
Watched him through a flood of tears.
But he murmured as his life blood
Ebbed at each convulsive throb,
"Gee, I'm glad I left the army
For this moving picture job!"
—Kansas City Post.

A "cowboy of the prairie"
Was dressed all up in clothes
The like of which have not been worn
Since goodness only knows.
He rode a fat old plow horse,
And he gayly waved his hat,
For the picture company pays him
When he does brave things like that.
—Spokane Spokesman-Review.

The hero bit the villain,
The latter made a rush,
And kissed a lovely heroine
Behind an elder bush.
The vigilants surrounded him,
And strung him to a tree—
'Twas the land of moving pictures
Where things are as should be.
—Guelph Herald.

A robber in the moonlight
Walked round the old homestead,
Quoth he "I wonder, oh, I wonder
If that old dog is dead."
But the dog came out and bit him;
Into the law's clutch he fell,
The man of the moving pictures
Said, "Ain't that as good as—well!"

ATLAS TRIAL NEXT MONTH

Will the Macedonian Clergyman Establish His Innocence

Toronto, April 24.—The May sessions, which open on the 9th proximo, promise to be one of the most important in point of sensational cases for a long time. Apart from the Farmers' Bank cases, more than ordinary interest will be centred in the trial of Rev. George M. Atlas, the Macedonian clergyman, for alleged subornation of perjury. Atlas was convicted of forgery by Judge Winchester last fall and sent to the Kingston Penitentiary for six years. The present charge of subornation of perjury arose out of the police court proceedings, where one, Charles Risk, testified that he had seen Atlas hand over the money to the widow Simoff in Turkey. Later, in the Surrogate Court, Risk alleged that Atlas had suborned him to swear falsely in the police court.

If Atlas succeeds in establishing his innocence Assistant Crown Attorney Monaghan said yesterday that his liberty would be a matter for the Minister of Justcie to consider.

Their twentieth child has just been born to Mr. and Mrs. John White, Freneeh Canadians, living in Wakefield, Mass.

IN THE SURROGATE COURT
OF THE
COUNTY OF PETERBOROUGH

IN THE MATTER OF THE ESTATE OF JENNIE MURPHY late of the City of Peterborough in the County of Peterborough, Married Woman, deceased

Notice is hereby given pursuant to R. S. O. 1897 Chapter 129 Section 38, that all persons having claims against the estate of the said Jennie Murphy who died on or about the 19th day of March 1907, are required to send by post prepaid or to deliver to the undersigned solicitors on or before the 8th day of May 1911, their names, addresses and descriptions and a full statement and particulars of their claims and the nature of the security (if any) held by them duly verified, and that after the said date the assets of the said deceased will be distributed among the parties entitled thereto having regard only to the claims of which said solicitors shall then have notice.

Dated this 8th day of April A.D. 1911.

PETERBOROUGH'S LARGEST AND BEST MEN'S AND BOYS'

Outfitting Store

Invites you to call and inspect their new spring stock and learn what is newest and best to wear this spring and summer.

You may not be ready to buy your spring and summer goods for some time yet, but you surely are ready right now to see and learn what the new styles are.

We take particular pleasure here in showing the new goods to early lookers, for we realize that the person who takes the pains to investigate the new styles early is the very person whose trade we want to get. And so you will find us especially anxious just now to put before your eyes—if you will come—the goods that will please you, styles and patterns so charming, and values so unmistakably out of the ordinary that later on, when you are ready to buy, you will remember the good things you have seen at this store and come in here to buy them.

H. LeBrun & Co.

The Style Store for Men.

THE CONSERVATIVES DID NOT VOTE FOR THE RECIPROCITY PACT IN THE COMMONS

Hot Passages Occur In Commons Over Globe's Statement That Members of Opposition Voted for Most of the Pact—They Declare That the Last Part of the Amendment Was Not Read to House—Conspiracy Alleged

Ottawa, April 25.—The statement in The Toronto Globe yesterday morning that the amendment of W. O. Sealey of Wentworth to the reciprocity resolution calling for the deletion of the fruit and vegetable clauses contained also an endorsation of the general agreement in the following terms: "That the agreement as amended be adopted," and that six of the Conservatives who had voted for the amendment had thereby committed themselves to an approval of the reciprocity proposals occasioned a prolonged discussion on the motion to go into committee on ways and means in the Commons yesterday.

Haughton Lennox, who brought up the matter, stated that the amendment by Mr. Seeley contained no such general endorsation of the reciprocity agreement, and pointed out that the Hansard report did not contain the words which had been attached to it by The Globe. He described it "as a deliberate, inexcusable falsification, an absolutely untruthful and unfounded statement, a slanderous statement that goes beyond the pale of anything we have had in Parliament for some time." The Conservative members had evinced their thorough opposition to the reciprocity proposals, yet The Globe had construed it as a Conservative vote for reciprocity. He said it was a "diabolical and utterly unjustifiable a falsification as had been concocted. It had been conceived and concocted on Sunday, he believed, "under the sanctimonious aegis of the pious editor of The Globe."

Mr. Pugsley remarked that that was the amendment.

Mr. Lennox denied that it was. He stated that Mr. Pugsley did not know what he was talking about, and the Minister was in the habit of rushing in "where honest men and fair angels fear to tread." He declared that Mr. Sealey had shown "utter insincerity" in bringing forward his "faked motion." When handing his motion to the Deputy Speaker the member for Wentworth had put a note at the bottom of it begging that it be ruled out of order. The Deputy Speaker, however, refused.

Mr. Pugsley said he had voted against the amendment. He had noticed that it had dawned upon Mr. Barker of Hamilton what the effect of the amendment was and he had refused to vote for it.

Mr. Blain: "That is not true. Mr. Barker gave his reason."

Mr. Pugsley said the copy of the amendment had been handed to Hansard by the assistant, but this one line had been omitted by Hansard. He considered that The Globe reporter ought to be commended for reporting it with absolute accuracy.

Major Currie expressed the view that a scheme had been concocted and that The Globe report was based on the gossip of the wine room on Saturday. He said The Globe reporter was not in the gallery when Mr. Sealey's resolution was read.

Dr. Sproule said that the members of the press gallery were there only by courtesy, and that they could be summoned to the Bar of the House or even placed in custody for misrepresenting members. He expressed the view that a scheme had been concocted, and was inclined to the view that the Minister of Public Works had been at the bottom of it. In taking exception to Dr. Sproule's statement Mr. Pugsley used the word "cowardly," and a point of order being raised, was asked to withdraw.

Richard Blain produced the original motion and averred that the concluding words had not been read by the Deputy Speaker. He said he made the statement without fear of contradiction by the Speaker. Mr. McIntyre, thus challenged, said the only record of the amendment in Hansard was that which appeared in Mr. Seal-

MONSTER DIAMOND IS UNEARTHED

New York, April 24.—Maiden Lane importers of diamonds have just learned of the finding of a diamond weighing 244 karats in Johannesburg, South Africa. It will rank as one of the half dozen largest and most valuable jewels in the world.

Reports have also reached Maiden Lane of a rush to a new diamond field in the western Transvaal section of South Africa. The new field, called the Bloehoff, already has a population of 300 whites.

UNIONISTS WOULD SIDETRACK THE HOME RULE FEATURE OF VETO BILL

MR. E. A. PECK,
Who was chairman at the St. George's banquet last evening.

One Amendment Introduced Is to Give the Lords a Free Hand With Any Bill Aiming at a Separate Parliament for Ireland Is Voted Down In the British Commons—Crown Prerogatives.

London, April 25.—The House of Commons set very late last night in its discussion of the second clause of the Parliament bill, which relates to the curtailment of the powers of the House of Lords, and rejected numerous amendments seeking to exclude all sorts of measures from the operation of the bill.

The anti-home rule amendment, proposing to exclude "any bill to establish a separate Parliament and executive for Ireland," which was moved by John B. Lonsdale, Unionist member for Mid-Armagh, was defeated by a vote of 284 to 190. The divison on this amendment showed no cross-voting, but a few Liberals, including Neil Primrose, the youngest son of the Earl of Rosebery, abstained from voting.

Both Premier Asquith and Home Secretary Churchill during the course of the debate reiterated the Government's intention to proceed with the bill for the reform of the House of Lords during the lifetime of the present Parliament. Mr. Churchill explained that the fact that the Parliament bill, although it secured predominance of the House of Commons, would still leave the House of Lords the power of vexatious interference with Liberal measures, was in itself security that the Government would seek to reform the Upper Chamber.

John George Butcher, Unionist member for York City, moved an amendment exempting from the operation of clause two any bill affecting the continued existence of the crown's prerogatives. In opposing this amendment, Sir Robert B. Finlay, the Attorney-General, said the security of the crown rested on the loyalty of the people, and it would be an evil day for the crown when it depended for existence upon the Lords' veto.

The Butcher amendment was then defeated by 273 to 169.

MINER SHOT BY COMRADE

Special to The Review.

Halifax, April 25.—At the close of a stormy labor meeting at Glace Bay last night, William Bryant, a miner, was shot dead, and Michael Murphy badly wounded by a man named Beale. Beale narrowly escaped being lynched, and was hustled off to jail on a charge of murder.

New Station at Soo.

Sault Ste. Marie, Ont., April 25.—It was stated on reliable authority yesterday that the Algoma Central Railway would commence construction of a new $85,000 station in the Soo in two weeks. The new station will be built at the corner of Bruce and Queen streets and the track will be continued from the old to the new station. This will place the A.C.R. in a position to give the Soo greater shipping facilities, as the station will be located in the business section. It is also said that as the station is on the waterfront, the A.C.R. will build a large dock.

Mrs. Thornley Will Prove.

London, Ont., April 25.—At a special session of the Ministerial Alliance yesterday, Mrs. May R. Thornley repeated her charges of immorality among school children.

In scathing terms she criticized Mayor Beattie for the manner in which he had attacked her previous statements. She stated that she had the names of the persons who were ready to substantiate her charges.

Sold Whisky at Boarding-House.

Galt, Ont., April 25.—David Williams, aged 52, who comes from Halton County, was yesterday fined $100 and costs or three months in jail for illegally selling liquor in a local option town. He has been bringing in quantities of bottle whisky from time to time and selling them from his boarding-house. He pleaded guilty, and, not having the money, was sent to jail.

Shut Up In Box-Car.

New York, April 25.—From the depths of a box-car loaded with flour, in Cleveland, Ohio, last week, there staggered out to the platform of the New Jersey Central freight yards in Jersey City, yesterday an emaciated boy of fifteen years. He gasped for water and food, and after he had been refreshed told those about him that he was Hymen Golden of No. 2,634 East 47th street, Cleveland, Ohio, and that he had been locked in the car last Thursday.

"I was sent into the car to count the flour sacks,' he said. "Some one closed the door while I was doing this. I beat against it and shouted, but it did no good."

Must Not Filibuster.

San Juan, Porto Rico, April 25.—Gen. Carlos F. Morales, former President of Santo Domingo; Mauricio Jimenez, former vice-president of the some republic, and Gen. Zenon Teribio, formerly an officer in the Santo Domingo army, were arrested here yesterday by U. S. Marshal Hubbard, charged with violating section 13 of the U. S. statutes, having to do with acts of hostility against a Government with which the U. S. is at peace.

It is alleged that papers found among their personal effects indicated that the accused men were preparing to organize a military expedition from Porto Rico against Santo Domingo.

Huge Diamond Found.

New York, April 25.—Maiden Lane importers of diamonds have just learned of the finding of a diamond weighing 244 karats in Johannesburg. It will rank as one of the half dozen largest jewels in the world.

A rush to a new diamond field in the Western Transvaal section of South Africa is also reported.

Two Drowned In Canal.

Trenton, April 25.—Two young men named Joseph Walsh and William Root, were drowned here yesterday afternoon through a scaffold collapsing on the works of the Larkin & Sangster, canal contractors.

Ottawa's Coronation Gift.

Ottawa, April 25.—The city will spend $500 on an illuminated coronation address to King George, which will be in album form, and will be enclosed in a casket of native gold and silver.

RUSSIAN IMMIGRANTS REPLY SQUELCHED ELLIS ISLAND MEN

Threw Greenbacks Around in Profusion in Answer to Poverty Charge.

New York, April 25.—Frederick Schneider, who arrived yesterday from Russia, with a wife and fourteen of his fifteen living children, could not answer in English when asked if he had money enough to provide for his army of Schneiders, but he replied in "American" with an eloquence that staggered the immigration officials.

From the depths of various pockets he brought forth rolls of bills and tossed them upon the desk at Ellis Island, while officials and immigrants pressed around to hear the money talk.

The examiner is said to have fainted before the climax was reached, and $26,500 in green and yellowbacks were piled on his desk.

By the aid of an interpreter Schneider explained that his fortune came from the sale of a big farm near Odessa, and that he was on his way to Glen Ullen, N.D., whither his eldest son had preceded him. Schneider entrained at once for his destination, and it is a question whether there will not be fifteen children in the party before they reach North Dakota.

Kicked by a Pony.

Brantford, April 25.—While playing in the grounds of Langley Park, the residence of J. S. Hamilton, in this city, Harwood Scott, the six-year-old son of J. D. Scott, who is in Stratford, but whose wife is employed as housekeeper at the Hamiltons, was almost instantly killed yesterday afternoon by being kicked by a pony.

Death of F. Killam, ex-M.P.

Yarmouth, N.S., April 25.—Frank Killam died yesterday morning, aged 68. He was M.P. for Yarmouth County for a number of years, and was one of the promoters of what is now the Dominion Atlantic Railway, and president of the Comos Cotton Co. of Yarmouth.

FIREBUGS WORK NIAGARA FALLS

Special to the Review.

Niagara Falls, April 25.—Two fires of incendiary origin destroyed the barns of M. H. Buckley and Mrs Keating, proprietress of the Windsor House, early this morning. The Dominion Suspender plant was scorched.

ROY WILL GET THE FRENCH PLUM

Special to the Review.

Ottawa, April 25.—It is expected that Senator Roy, of Edmonton, will shortly be appointed Canadian trade commissioner to France, and that the announcement will be made quite soon.

RECIPROCITY BILL HELD UP

U.S. Senate Finance Committee Must be Recognized.

No Chance of Leaders Getting Together on Bill.

Washington, D.C., April 25.—The reference of the reciprocity bill to the Senate Finance Committee yesterday does not mean that its progress has been accelerated. The action was formal, and there is no possibility of the committee seriously considering the bill until it has reorganized. This will take until the end of the week at least.

Insurgent and stand-pat Republicans are as far apart as ever to-day. It became known that the only insurgent who will go on the finance committee, namely, Senator Lafollette of Wisconsin, is unfriendly to the present agreement in its present form. Senator Cummins, the Iowa insurgent, is apparently to be left off the committee. He is expected to vote for reciprocity.

BULLETINS TO-NIGHT

The Review will bulletin the results of the voting on the Tire Co. By-law to-night, as soon as the returns are made. Voting closes at 7 p.m, and it is expected the first returns will be in shortly after. Watch the Review Bulletin.

GET BUSY AND VOTE

Ratepayers Must Make Better Response if They Want By-law Passed

At 3.30 o'clock this afternoon the vote on the Independent Tire Co. by-law indicated that the three-fifths necessary for its passage would not be forthcoming. However, more activity on the part of the ratepayers may be displayed during the evening. The polls don't close till seven o'clock.

GOOD OLD DAYS

Boston, Mass., April 24.—At the Bible tercentenary meeting President William H. P. Faunce, of Brown University, said that the men who translated the King James Bible 300 years ago, knew how to use the English language better than any body of scholars that could be gathered together in the whole world today.

Her Dress Caught Fire.

Lindsay, April 25.—Mrs. John B. Ryans had a narrow escape from burning to death here yesterday. She is an elderly lady, and while out burning leaves her dress became ignited, and she was soon enveloped in flames. Her limbs were badly burned and her head and face so severely scorched that little hope is held out for her recover.

Dies With Boast on Lips.

Montreal, April 25.—Boasting that he was not afraid of an electric shock, Joseph Sauvel, 23 years of age, Vaudreuil, climbed up an iron tower on which electric wires are bought across from the power house at Soulanges, and was killed.

Kohler In Trouble Again.

Cleveland, Ohio, April 25.—Open war on Chief of Police Kohler was declared Sunday by members of the Forum Club, a social organization of police officers, when five of their number raided down town saloons and arrested the proprietors on charges of disobeying the Sunday closing law.

After they had arrested ten saloon keeper Kohler "golden ruled" the prisoners, and forbade all stations to accept prisoners sent in by the raiding patrolmen. Kohler, it will be remember, was "court-martialed" a year or so ago, but disproved numerous serious charges preferred against him. He is known in police circles the world over because of his reform methods.

France Eager to Interfere.

Berlin, April 25.—The German Foreign Office has assumed an attitude of reserve regarding developments in Morocco, but the press generally concluded that the situation at Fez does not justify the march thither of the French troops, and intimates that France is forcing an occasion to occupy Morocco permanently.

This action, it is pointed out, goes beyond the Algeciras agreement, and several papers suggest that a new conference be held.

The Pan-German League demands the partition of Morocco, Germany to receive the Atlantic coast.

PIRATES DRIVEN OFF, FOUR DEAD

Special to the Review.

Shanghai, April 25.—Chinese pirates attacked the Pacific mail steamer Asia yesterday in Formosa strait. The crew and passengers, many of whom were white, drove them off, killing four.

LABOR MEN RETALIATE BY HAVING ARRESTERS ARRESTED

THE TIGHT BRIGADE

Half a leg, half a leg,
Half a leg onward,
All in pursuit of style
Hobb'd the Four Hundred.
Forward, the tight brigade;
Charge! It's the style, they said,
Oh, what a price they paid!
Hobbled Four Hundred.

Forward the Tight Brigade;
Was there a man dismayed
At wifey so arrayed?
Someone had blundered.
Theirs not to make reply;
Theirs not to reason why;
Theirs but to see and buy;
Funny Four Hundred.

Hobbles to right of them;
Hobbles to left of them;
Hobbles all sides of them;
What if they sundered?
Maude, Bessie, Kit and Bell,
Wrapped like an umberell;
Should one have tripped and fell,
She would have looked like —— ;
Well, less than Four Hundred.

When can their glory fade?
Oh, what a stir they made,
All the world wondered.
What more could be displayed;
Dear, naughty Tight Brigade—
Dear old Four Hundred.

John J. McNamara's Supporters Swear Out Warrants For the Arrest of Walter Drew, Counsel For the Employers, W. J. Ford, a Prosecuting Attorney, and Frank Fox, a Chauffeur—Spirited Prisoner Away.

Indianapolis, Ind., April 25.—Drew, counsel for the Erectors' Association; W. J. Ford, assistant district attorney of Los Angeles, and Frank Fox, chauffeur, were arrested last night on affidavits charging them with having kidnapped J. J. McNamara, secretary and treasurer of the International Association of Bridge and Structural Iron Workers.

The men were arrested on warrants issued in the Court of Justice of the Peace Manning, after affidavits against them had been made by the attorney for McNamara. Drew and Ford were released under bond of $5,000 each, and Fox under a bond of $3,000. All the bonds were given by Wm. A. Ketchum, president of an iron foundry company, and an officer of the Indianapolis Employers' Association.

It is charged that, though McNamara was not turned over to a detective sergeant from Los Angeles until Governor Marshall had honored requisition papers from the Governor of California, he had not been permitted to consult with counsel or to make a plea of resistance to extradition before Police Judge Collins when he was identified as the man named in the warrant for his arrest.

Fox drove the automobile in which McNamara was taken to Chicago on Saturday night, to be placed aboard a train for Los Angeles.

It was stated that a warrant also had been issued on the same charge against Detective Wm. J. Burns, in the employ of the Erectors' Association.

HE TOOK PART.

Special to the Review.

La Junta, Colorado, April 25.—Interviewed on train en route to Los Angeles, Ortie McManigal declared he had taken part in the dynamiting of over fifty plants, and been paid by McNamara over two hundred dollars and expenses for each job.

SLUMBER CHAIRS IN PARLOR CARS

Montreal, April 25.—A new style of parlor cafe car will shortly be put into commission by the C.P.R. The new car will be of standard size and weight, but the interior will be arranged in a novel manner.

One end of the car will be built like the observation cars now in use, while the other end will resemble the ordinary vestibule car. Inside the car will be finished in mahogany and will be equipped with heavy slumber chairs, upholstered in dark leather, and can be raised or lowered.

During the last four weeks the Angus shops of the C.P.R. turned out 100 refrigerator cars—an average of six each day. All of the cars were of the standard C. P. R. dimensions, weighing approximately 40 tons each. Fifty of the cars were fitted up with ventilators in the roofs, and were equipped with the C.P.R. pan-system of cooling. The other fifty were equipped with the ordinary tank system of cooling.

Brands Herself to Save Man.

Chicago, April 25.—To free Dr. Harlane Clemenson of this city from a life sentence in prison, Mrs. James Schmidt, of St. Louis, has just made a most dramatic confession. Convicted of poisoning his wife in Chicago two years ago, the doctor fought hard to prove his innocence, but was found guilty and given a life sentence. Now, Mrs. Schmidt comes forward and declares that she can prove that she spent the night of the murder in the doctor's office with him. Mrs. Schmidt, who voluntarily made such an avowal, expected her husband to renounce her, but he announces himself willing to forgive her in view of the action of Dr. Clemenson in shielding her at the expense of his liberty.

G.T.R. Route to Providence.

Providence, R.I., April 25.—In a letter to Mayor Henry Fletcher, received yesterday afternoon, Vice-President E. H. Fitzhugh of the G.T.R., declared that it could not allow the New York, New Haven and Hartford Railway, its rival, to select the Grand Trunk's route to tidewater, and that unless his road could have an unobstructed way to a terminal, it would not be justified in constructing the proposed Providence line and would not do so.

The request of the Grand Trunk for amendments to its charter to enable it to reach the tidewater terminal desired is now in the hands of the House committee on corporations.

Remembered His Old Town.

Brockville, April 25.—Alex. Mackie of Chicago, a former resident of Brockville, has sent a donation of $5,000 towards the erection of a nurses' home in connection with the St. Vincent de Paul Hospital.

Infant Pickpockets.

Montreal, April 25.—Two little boys, Louis and Samuel Gaffen, and their sister, aged six, pleaded guilty before Judge Bazin yesterday morning to stealing a woman's pocketbook. They were let go.

Trapped By Forest Fire.

Topsfield, Mass., April 25.—Trapped in the centre of a forest fire in Boxford, near here, Frank Simmons, jr., aged 15, of Boxford, and Albert Morgan of Beverly, were burned to death yesterday. Two others, Frank Simmons, father of the dead boy, and William Simmons, 17, a brother, were also trapped by the fire, but broke through and escaped, although both are so seriously burned that they may not recover.

Two Steamers Sunk.

Manila, April 25.—The steamer Charles Pozal, operating between Manila and Corregidor, foundered in a typhoon on Sunday. It is estimated that fifteen persons were drowned.

Tokio, April 25.—The Pacific Mail Steamship Line states the Asia, which left Hong Kong last Friday for San Francisco, has been sunk, but that the passengers were saved by a Chinese vessel.

SHOULD DISARM ON GREAT LAKES

London, April 25.—(C.A.P. Cable.)—The Morning Post, speaking of the proposed treaty of arbitration with the United States, says:

Taft has had the hardihood to declare that against Canada alone the United States has felt no necessity to establish a navy. It will be time enough to take Taft's overture at its face value when he has restored the proposal to its original form and given an earnest of his good faith by undertaking as a preliminary to abolish the American navy on the great lakes, in accordance with the existing treaty of disarmament.

Vote For Union.

Zurich, Ont., April 25.—By 43 to 10 the Evangelical Association, generally known as German Methodists, voted yesterday for organic union with the Methodist Church. The conference has to-day nine thousand members and sixty preachers, including locals. The past year $18,000 was raised for missions, $40,000 for preachers' salaries and $83,000 for all purposes. There are 107 organized societies, with a church property of $450,000. The conference formerly was entirely German, but has been largely Anglicized.

BETWEEN YOU AND ME

It doesn't do to be too nosy around some of the streets in Peterborough.

—0—

The Sons of St. George, who attended the banquet last night thought the toastmaster was a Peck of fun.

—0—

Someone is advertising the loss of a Persian lamb scarf. I would have thought they'd be glad to get rid of a fur without trying to get it back.

—0—

After due consideration, we believe that you can safely purchase your first lot of seeds now.

—0—

Never leave until to-morrow the flies you can kill to-day. Each fly that survives the winter means 144,692,334,586,629 1-2 more,—so Dr. McPherson, M.H.O., says; Kill 'em, and kill 'em quick.

"Flies I Have Killed" is the title of the latest popular fiction in Peterborough.

GRAND LECTURE.

Notice is hereby given to all and sundry citizens of ye good city of Peterborough, that the members of the board of health will give on Sunday evening, Feb. 29th, 1913, a symposium entitled, "Garbage we have removed."

—0—

The weather is getting warmer. Here it comes; "Good morning madam, how does your garbage smell?"

—0—

The members of parliament are going to have to sit in the mornings. Actually, work in the mornings. The life of a member of parliament is becoming so burdensome that the people of Canada will have a servants' problem on their hands in a very short time.

Catarrhal Deafness

Successfully Treated By

Catarrhozone

Deafness is not so common as blindness, yet thousands are more o less afflicted by it, and their comfort seriously interfered with.

Catarrhal deafness manifests itself but slowly, yet it must be acknowledged that the great majority of those who become totally deaf might have averted this unfortunate condition if they had treated the catarrhal inflammation at its beginning.

The only remedy that can be safely employed for all forms of catarrhal deafness is Catarrhozone. You simply charge the air you breathe with this healing, soothing agent, and by forcing it gently through the ears destroy the germ life which keeps up the inflammation, and at the same time by the soothing, healing action it heals the inflamed surfaces of the middle ear.

CATARRHOZONE, to those who are just a little deaf, and are growing increasingly deaf, is an agent capable of affording the utmost satisfaction, and its use is attended without danger, and as the treatment can be carried on at home no person threatened with the affliction of deafness should postpone one moment in beginning its use.

From every part of the Dominion glowing accounts of the beneficial action it exerts upon catarrhal conditions of the middle ear have been sent in, and you will be resorting to the only method of cure, and the simplest method too, if you try Catarrhozone. Dealers everywhere sell it, 25c, 50c, and $1.00. By mail from The Catarrhozone Co., Buffalo, N. Y., and Kingston, Ont.

The Daily Review

TUESDAY, APRIL 25, 1911.

BACK TO THE LAND

Hon. A. G. MacKay, leader of his Majesty's loyal, though inconspicuous Opposition, in the Ontario Legislature, has been stumping Ontario in favor of reciprocity, apparently to lend some Samsonian strength to the weakening cause. He spoke on Saturday night at Woodstock, and, as reported in the Globe, said that reciprocity meant back to the land. Therefore, reciprocity was a good thing for Canada, driving the surplus population of the cities back to the farm, and increasing the farm output.

The farm production of Canada is twenty per cent. more than the home consumption. It would seem reasonable to infer, therefore, that to lessen the city population and increase the rural—lessening the farmer's market while increasing his production—would be the reverse of help for the farmer. The more competition the farmer has in a given market, the harder he finds it to get his usual high prices, and if competition is not desirable in other businesses, why should it be desirable from the standpoint of the farmer?

Speaking of competition that reciprocity will make the farmer face, Argentina beef can be laid down in Montreal ready at the butcher's stall for seven cents a pound. Australian mutton can be made to supply Western Canada, brought all the way from the Antipodes and sold there at a lesser price than the Canadian product. Denmark will be able to lay down butter at Montreal at 22 cents a pound. Last year it exported $48,000,000 worth of dairy butter. Does that look like benefiting the farmer? If Canadians can buy from outsiders farm and dairy produce more cheaply than they can from the home producers, what incentive will there be to go to the farm?

The one great pretence that is being made for the reciprocity pact is that it will give the Canadian farmer the benefit of the United States market, a third market. That prices on the whole in the United States for farm products, allowing for the differentiation of freight rates, are lower than they are in Canada is now being demonstrated. The pact means, if it means anything, that the Canadian farmer will find his fine, high-priced home market depreciated by importations of cheaper foreign natural products.

Reciprocity will not mean a back-to-the-land movement. It will make the urban population more independent of the Canadian farmer through having the cheaper foreign products always at hand to keep prices down to the lowest level.

THE PRICE OF HOGS

The claim that in the event of reciprocity the Canadian farmers will be able to get more in the markets of the United States, for nearly everything they grow, than they receive at the present time at home, is being shown upon investigation to be fallacious. In Ontario particular prominence has been given by various speakers to the argument that the United States will afford a superior market for Canadian hogs, and tables have been given to show that for the past seven years the average price has ben $6.90 per cwt. in Toronto as against $6.92 in Buffalo.

Figures now obtained from Canadian packing companies, however, show a very different state of affairs. The comparative records of hog prices on both sides of the border kept by Canadian packing houses for the last five years, show conclusively that the markets have been higher for a series of years in Canada, than they have been in the United States. The following typical table shows the average prices paid on the Chicago market and the prices paid by a large firm in Canada from the year 1901 to 1910 inclusive—

	Chic. av. price per cwt.	Can. av. price per cwt.	Can. price above Chicago.
1901...	5.85	6.70	.85
1902...	6.85	6.68	
1903...	6.00	6.07	07
1904...	5.15	5.32	.17
1905...	5.25	6.41	1.16
1906...	6.25	7.17	.92
1907...	6.10	6.85	.75
1908...	5.70	6.87	1.17
1909...	7.35	8.04	.69
1910...	8.90	9.11	.21

Only in the year 1902 were prices so high in Chicago that the average for the twelve months exceeded that of Canada by 17 cents per cwt. In the past five years hog prices have been consistently higher in Canada, and this too in the face of steadily decreasing receipts at Chicago. The above table, it may be said, is absolutely correct, and the books of the company from which the information was compiled are open to inspection by any government officer for verification. The table is but the statistical story of many a Canadian packing house.

EDITORIAL NOTES

The crockery firms have merged. Such a merger as that ought to ware pretty well.

Toronto dogs have a new disease, resembling hemorrhage. If it will make the wandering dog pest less, may hemorrhage do its work quickly and well.

Several important jobs in the civil service are vacant. We do this advertising free for the government, lest it have difficulty in finding enough faithful to fill the vacancies.

The tipping expenses of the Cabinet Ministers have been investigated. And also the tippling expenses of the Transcontinental commission.

A man named Curley, of Massachusetts, ate sixty eggs and 100 oysters at a sitting. Most of us would find such meals make us Curley also—tie us up in knots.

The Dutch are going to provide capital to help develop Canada. Sir Wilfrid Laurier prefers the Yankee dollar to the English shilling. Perhaps he will prefer the gulden to the franc.

A reciprocity vote was taken on a Home-seekers' train going to the west, and resulted in 108 against, and 44 for. Even the people going to seek fortune in a new land, do not want to be handicapped by too intimate relations with the United States.

The Sunday library idea is spreading. There are worse ways of spending a Sunday afternoon than reading in a library. But one is led to wonder why people would prefer to stay in doors on bright sunny afternoons in the summer. Surely plenty of time in the evenings can be found for reading so that Sunday may be devoted to fresh air outings.

Oscar Sealey, M.P., of Wentworth, is Mr. Facing-both-ways, a sort of Mr. Jeykell with the government and Mr. Hyde with the fruit-growers of Wentworth. In trying to do what his constituents demanded in opposing the reciprocity pact, and at the same time stay with the Laurier government, he has only succeeded in making himself sublimely silly in the eyes of the country. No one has much use for a man who tries to ride two horses at one and the same time.

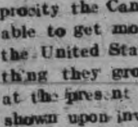
Forbid Clergy to Attend.

Viterbo, April 24.—(New York Sun Cable.)—The bishop has forbidden the clergy to attend the Camorrists' trial upon pain of excommunication unless they are subpoenaed. Abbatemaggio is still ailing, but he insisted Saturday upon attending the trial.

The judge concluded the examination of the prisoners, including Maria Standardos. The session was then adjourned until next Tuesday, when the prisoners will be confronted by Abbatemaggio. A wild scene is expected.

A letter has been received from the Naples chemist Scotto saying that he intended to commit suicide, explaining that he was affected with incurable heart disease. It is an open secret that Scotto is one of the important witnesses for the prosecution and has repeatedly shammed suicide to escape Camorra vengeance.

The police suspect that he is shamming again.



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings:

"I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness were a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should permanently drive them away.

Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bowel and Kidney as well as Liver troubles, and keep you healthy. 25c a box at your dealer's. 14

SLIGHTLY MIXED

A Shookumchuce editor, who was full of hard cider, got a sale bill and a marriage badly mixed. The description was as follows:—

"William Smith, the only son of Mr. and Mrs. Josiah Smith, was disposed of at public auction to Lucy Anderson, on my farm, one mile east of this place in the presence of seventy guests, including the following, to wit: 2 mules 12 head of cattle, Rev. Jackson tied the nuptial knot, averaging 1200 pound on the hoof. The beautiful home of the bride was decorated with a Siwash clam spade, 1 sulky rake, 1 feed grinder, set of double harness, and just before the company was pronounced Mendelssohn's inspiring wedding 6 boxes of apples, 3 ricks of hay, one grindstone, mousline de sole, trimmed with about 150 bushels of spuds.

The groom is a well-known and popular young man and has always stood well in the society of 12 Berkshire hogs, while the bride is an accomplisher of a drove of Poland Chinas—pedigrees furnished if desired.

Among the beautiful present were two sets of silver knives and forks, one spring harrow, 1 wheel barrow, go cart and other articles too numerous to mention.

The bridal couple left yesterday for an extended trip, term twelve months' credit to responsible parties, otherwise cash, lunched will be served at sale. After this Mr. and Mrs. Smith will go keeping house in a cosy home at the corner of Main and Dr. L.R. Granly, auctioneer.

HOW TO SAVE MONEY

A Pointer to Housekeepers

Look at the financial side of Zam-Buk's use. A cut sustained in the home, the store, or the workshop, a sore which, if unattended, results, say, in festering or blood-poisoning. You have to lay off for a day or two! What does that mean when pay day comes round? Zam-Buk insures you against that loss! A little Zam-Buk applied to such an injury prevents all danger of blood-poisoning, takes out the smarting and heals.

HEADS OF FAMILIES know how costly doctoring is. Be wise and act on the preventive line. A box of Zam-Buk in the home is so all-round useful. The baby's rashes, the older children's cuts and bruises, the inevitable burn, cut or scald—for all these, as well as for more serious ailments, such as piles, ulcers, eczema, ringworm, etc., Zam-Buk is without a rival.

DANGERS OF SHAVING.—You get a cut at the barber's shop. A little Zam-Buk smeared on the wound prevents all danger. If any ailment has been contracted, Zam-Buk cures. Mr. George Hodben, 108 Manitoba street, St. Thomas, Ontario, says—"I contracted barber's rash, and the whole of my left cheek broke out in one mass of red, watery pimples and sores. These spread to the other parts of my face, until face and neck were covered with running sores. How far the disease would have spread had it not been for Zam-Buk, I don't know. I applied this balm, and in a short time Zam-Buk effected a complete cure."

ZAM-BUK SOAP is as good as the balm, but in a different way. Washed in Zam-Buk Soap the skin is disinfected and disease germs lying upon it are killed. Mothers will find it unequalled for baby's bath.

Zam-Buk Balm and Zam-Buk Soap are sold by all druggists and stores at 50c. for the balm and 25c. tablet for the soap.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

Carson was thinking of Shayne's Hold and conjecturing as to its whereabouts. If he read his chart correctly the lights seen afar to the northeast indicated that they had left the Kaaterskill behind and were nearing Blank Head mountains, though he confessed to himself that the crags revealed by the lightning might be the Hunter peaks or even the summits of Slide mountain. All he really knew was that he was above the Catskills and that unless he could outmaneuver the elements they faced an encounter with rain, wind and great possibilities in the way of lightning. The domes of thundercloud a few miles to their right seemed almost low enough to be overpassed, so he set the levers for an ascent, and the Virginia rose like an osprey chased by an eagle.

"I'm trying your suggestion," said Carson. "I'm scaling the front of that shower."

Even Craighead's voice was hushed in awe. Like the fairy domes of some city of oriental fable rose the cloud castles, their summits white in the moonlight, their folds dark like a dove's wing. Suddenly the lightning blazed out in the heart of the black base on which the city of enchantment was reared, and instantly the whole vast fabric grew white and palpitant and terrible, while the blue sky beyond and above it turned black velvet by contrast. The lightning ceased, and there hung the billowy cloud, silver white and drab on a base of darkness, as before. The air had grown chill as with frost, and still the clouds were far above them. The bite of the propellers on the air seemed to fail, for the cloud masses no longer appeared to fall as when the aeronef was rising.

"We can't make it," said Carson.

"Don't try!" exclaimed Craighead. "It's effrontery!"

Changing a lever or so, Carson drove straight toward the bosom of the cloud.

Carson sat with his hand on his levers, pale as if dead; Craighead clutched a hand rail, his eyes turned aloft as if in invocation. A more remote flash and darkness returned, but not so densely. The space before them grew softly light, and in a moment they swam into the moonlight. Through an immeasurable chamber of cloud darted the aeronef into a second smother of rain and mist and out on a lower level into the calm space behind the storm. From this region of shadow they emerged into the moonlight again and began their search for signs of human habitation. Finally, just as Theodore was at the point of retreat, both at once saw what neither doubted was Shayne's Hold.

The hold was on the triple peak of one of the ruggedest and highest masses of the Catskills, rising steep as a wall, hundreds of feet in the air, to three summits, in the midst of which stood the mansion. The huge buildings had been built, the animals had been introduced, the last luxury had been supplied, and Shayne's Hold had been sealed up. Down from the mountain flowed three streams, up which had run the precipitous roads to the top, and when the time came for closing the hold to those who had no way of navigating the air Mr. Shayne had built across them immense dams, using materials blasted from the mountain sides at such places as to render them quite unscalable. The steepened precipices thus carried across the ravines in masonry made a lofty wall entirely around the mountain.

Every effect that could be produced by lights, white and colored, the electrician-artists had worked out for the illumination of this enchanted palace hung on cliffs. Overlooking the region, as its owner overlorded his fellows, the hold was a place of mystery, holding no neighborship with the people below. It was a real Laputa, an island in the air, and those only could reach it who could fly.

About the peak ran a labyrinth of bridle paths and carriage roads, all outlined from above by winding lines of lights, like the route of an army of bewildered glowworms. Hidden by a spur of cliff was the immense airship garage.

The lightning had disabled its lighting system for the most part, and the hold had gone dark. Carson had made two or three reconnoissances over the very spot, but had not suspected its presence, for the sky was clouded and the luster of the pools too feeble to reach his eyes, so that the sudden outflash of the myriad lights when the currents were restored came to both men with astonishing unexpectedness.

The hold had blossomed suddenly in fire. The lakes edged with lights glimmered like mirrors; the clustered arc lights delimited the high mesa like a map; the winding labyrinth of incandescents netted the peaks like glowing Lilliputian threads about the recumbent Gulliver, and in the midst stood a great roomy columned mansion, its wings in shade, its central court agleam, the radiant heart of an elaborate splendor. Carson drew in his breath sharply.

"My God!" said he. "Who could ever think of such a thing?"

Craighead was silent.

But he must see Virginia. Utterly estranged as they were, this night voyage had a reason—the hope of seeing her, of asking her forgiveness, of bringing her to see that when she dropped from the sky to his feet he had loved her; that when she had come to live with that uncle of whom she had heard so little and had found the last Carson in him the temptation was so masked in duty that it was too strong for him. And had he ever once in that delicious, perilous time of acting Uncle Theodore inexcusably presumed on the relationship or failed in goodness? True, he had let her stay as his niece, but had not his father always thought himself of the same blood? Virginia must allow some weight to this tradition. She must see that, while too remotely related to be objectionable in a nearer, dearer way, he was too probably of kin to have turned her away. And he would land in Shayne's Hold if it were the last act of his life.

With the ancient instinct of the surreptitious lover he made for the angle between two dark wings of the great house. Glimmers of light from two windows were their sole sign of occupancy, the center of human concourse being about that core of light in the court. The wings seemed like low adjuncts for conservatories or billiard rooms, and the angle between, with its light mottlings, looked like a flower sprinkled lawn on which Carson felt confident of placing the Virginia gently and with no disturbance. With a slow soaring motion the aeronef came into the angle like a steamer into her slip—and found, instead of a lawn, a graveled roof cluttered with tables and chairs as if for the serving of refreshments. Among these the Virginia nosed in, dumped some chairs into the court and settled down amid crackling furniture and crashing pottery.

The Roc had reached Shayne's Hold just in time to escape the storm, and the wearied Virginia had retired, sick of the harping of her aunt upon the disgrace of her sojourn with "Uncle Theodore," weary of telling how innocent it had been. With a book close to the light she was composing her mind to sleep, when into the dreamy quietude came a purring that was so unmistakably the voice of the aeronef that Virginia rose, with her hand to her heart, in an amazement not all unpleasant, wondering where her namesake might alight and what Shayne's hired constabulary might do with Theodore, when from the roof came a scraping, chairs and tables went over the parapet with a crash, and the voices of Craighead and Carson came in at the window, low, hurried and agitated.

Virginia turned out the dim light.

"Well," said she, in answer to her maid's tap, "what is it, Fanny?"

"I 'eard an awful noise," said Fanny. "It seemed to come from 'ere, miss."

"Some things fell into the court," replied Virginia. "Please tell the servants and say that things must not be piled upon the parapet. That's all, Fanny."

Virginia walked to the window. There lay the dear little airship that she and Theodore had planned campaigns for and conquered the world with. Theodore was passing the other way now, peering into every bearing and gearing for signs of damage.

"It's a miracle," said Theodore at last, "but she's all right and ready to rise at a touch."

To be Continued.

Compartment Sleepers.

Montreal, April 24.—In a few weeks the C.P.R. will start building at its Angus shops, Montreal, six new compartment sleeping cars, which will be a distinct departure from the sleeping cars at present operated by the company. The new cars will be of practically the same exterior dimensions as the ordinary sleepers, but in the inside instead of having berths separated by curtains, the car will be divided into compartments. There will be seven of these compartments and they will resemble somewhat the staterooms on board the ocean liners. Each stateroom will have its own electric lights, wash basin, etc.

These new cars will be used on the Imperial Limited.

The Angus shops of the C.P.R. at Montreal have just issued ten new switching engines. These engines are of the standard size build and will be distributed throughout the company's lines.

Plague Has Abated.

New York, April 24.—Word came by cable Saturday from Bishop J. W. Blachford of the Methodist Episcopal Church, that the plague is now extinct in North China, and has been almost entirely stamped out in Manchuria.

Bishop Blachford is one of the general superintendents of the church in China, with residence at Pekin, and he has just returned from a long trip through western China, extending to the borders of Thibet.

Stabbing at Port Arthur.

Port Arthur, April 24.—With a big wound in his left breast Martin Marran, an Austrian, is in the hospital here hovering between life and death, and Jexano Maurizi is in the police station, charged with the wounding. It is alleged that Maurizi called at 462 Algoma street yesterday afternoon under the influence of liquor, looking for a fight, and that besides stabbing Marran badly, he chew up the hand of John Wigiensuerz, who interfered.

FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

THE MARKETS

Latest Quotations in Grain, Dairy Products, Live Stock Etc.

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock—Latest Quotations.

CHICAGO, April 24.—Altho wheat averaged higher to-day on account of bullish foreign news, the close showed a net decline of 3-8 to 5-8 and 3-4, because of selling by traders who attached more importance to beneficial rains west of the Missouri River. Latest figures were 1-8 to 1-8 and 1-4 down for corn; oats off a shade to 1-8 and 1-4, and provisions easier by five cents to 25 cents.

The Liverpool market closed to-day ½d to ¾d higher on wheat, and ½d to ¾d higher on corn, compared with last Saturday. Budapest closed ½c higher on wheat, Paris ½c to ¾c higher, Antwerp and Berlin unchanged.

LIVERPOOL, April 24.—Closing—Wheat—Spot dull; No. 2 red western winter, no stock. Futures easier; May 6s 10⅝d, July 6s 10d, Oct. 6s 9⅝d.

Hops—In London (Pacific Coast) firm, £4 10s to £5 10s.

Montreal Grain and Produce.

MONTREAL, April 24.—Business in Manitoba spring wheat over the cable was slow, the demand being limited, and bids are still a trifle under cost, even at the decline in Winnipeg. There was a good demand for oats, and bids were 1½d higher, sales of several loads being made. A fair local trade was also done in oats at fair prices. The demand for spring wheat flour was quiet, but there was some inquiry for winter wheat flour at an advance of 6d per sack, but on account of the small offerings from millers no business was done. The local and country trade was fairly good.

Oats—Canadian western, No. 2, 40¼c to 40½c, car lots, ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39¼c to 39½c; No. 2 local white, 38¾c to 38⅞c; No. 3 local white, 37⅝c to 38c; No. 4 local white, 36⅝c to 37c.

Corn—American, No. 3 yellow, 60c to 60½c.

Rolled oats—Per barrel, $4.15; bag of 90 lbs., $1.95.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11⅝c.

Butter—Choicest, 22c to 22½c; seconds, 21c to 21½c.

CATTLE MARKETS.

Union Stock Yards.

TORONTO, April 24.—Receipts of live stock at the Union Stock Yards were 72 carloads, consisting of 1667 cattle, 156 hogs, 74 sheep and lambs, 82 calves and 6 horses.

Exporters.

Export steers ranged from $5.50 to $6, and only 14 extra quality steers, sold by McDonald & Halligan, reached the latter figure. Export bulls sold at $4.75 to $5.

Butchers.

Prime picked butchers' cattle sold at $5.80 to $5.90; loads of good, $5.60 to $5.75; medium, $5.20 to $5.40; common, $4.80 to $5.15; cows, $3.50 to $5.15; bulls, $4.50 to $5.

Milkers and Springers.

Few milkers and springers were on sale at unchanged prices.

Veal Calves.

Prices for veal calves still remain easy, at $3 to $6.50 per cwt.

Sheep and Lambs.

Sheep, ewes, sold at $4.25 to $5.25; rams, $3.50 to $4; spring lambs, $3 to $5.50 each; yearling lambs at $6 to $6.50.

Hogs.

The hog market was reported steady at last week's prices; that is, $6.50 for selects, fed and watered at the market, and $6.70 for hogs f.o.b. cars at country points. Hogs over 220 lbs. 50c per cwt. less than the above prices.

Montreal Live Stock.

MONTREAL, April 24.—At the Montreal Stock Yards west end market, the receipts of live stock for the week ending April 22 were 1800 cattle, 1495 sheep and lambs, 2000 hogs and 2050 calves. The supply on the market this morning for sale consisted of 800 cattle, 50 sheep and lambs, 1200 hogs and 250 calves.

A feature of the trade was the stronger undertone to the market for cattle, and prices, as compared with a week ago, show an advance of ¼c per pound. The quality of the stock in most cases was very good, and drovers stated that even at the above advance noted it was doubtful if they would get their own money back, as prices were very high in the country. The weather was fine, and, as the butchers generally were cleaned out of the stock of beef they carried over from the Easter trade, there was a large attendance of them, including several from Quebec, consequently the demand was good and quite an active trade was done. Choice steers sold at 6½c; good at 6c to 6¼c; fairly good at 5½c to 5¾c; fair at 5c to 5¼c, and common at 4¼c to 4¾c per pound. Choice cows and bulls brought from 5¼c to 5½c, and the lower grades sold down as low as 3½c to 4c per pound. There was no important change in the condition of the market for hogs; supplies were larger, and, as packers' stocks were rather low, the demand was good and the undertone to the market was steady, with no change in prices to note. Sales of selected lots were made at $6.75 per 100 pounds, weighed off cars.

The trade in small meats was quiet, and prices ruled about steady. A few old sheep sold at from $5 to $10 each; spring lambs at $3 to $6, and calves at from $3 to $8 each, as to size and quality.

East Buffalo Cattle Market.

EAST BUFFALO, April 24.—Cattle—Receipts, 4000 head; market slow, 10c lower. Prime steers, $6.25 to $6.35; shipping steers, $5.50 to $6; butcher grades, $5.25 to $6.25; heifers, $4.50 to $5.75; cows, $3.50 to $5.25; bulls, $3.50 to $5.25; milch cows and springers, $20 to $65.

Calves—Receipts, 2500 head; market fairly active and steady; cull to choice, $4.25 to $6.25.

Sheep and Lambs—Receipts, 18,000 head; market fairly active and steady; choice lambs, $6.25 to $6.50; cull to fair, $4.50 to $6; yearlings, $5 to $5.75; sheep, $2 to $4.80.

Hogs—Receipts, 17,850 head; market 15c to 25c lower; yorkers, $6.45 to $6.50; pigs, $6.50; mixed, $6.40 to $6.45; heavy, $6.35 to $6.40; rough, $5 to $5.30; stags, $4.25 to $4.75.

New York Live Stock.

NEW YORK, April 24.—Beeves—Receipts, 3086 head; steers, slow; bulls and fat cows, steady; others, slow to shade lower; steers, $4.50 to $6.50; bulls, $4 to $5.65; cows, $2 to $5.

Calves—Receipts, 7042 head; market, slow to 50c lower; veals, $4.50 to $6.75; culls, $4 to $4.50; buttermilks, $3.50 to $4.

Sheep and Lambs—Receipts, 11,900 head; sheep, easy; lambs, steady to firm; sheep, $2.50 to $4.75; clipped, $3 to $4.25; culls, $2.25 to $2.75; unshorn lambs, $5.50 to $6.60; clipped, $4.50 to $5.60.

Hogs—Receipts, 11,000 head; market lower at $6.40 to $6.70; few light pigs at $6.75.

The cut of 50 cents a ton in iron ore is not expected to affect steel prices.

It is now possible to telephone from London to St. Petersburg, a distance of 850 miles.

Cook's Cotton Root Compound.

CLOTHES CAUGHT FIRE FROM THE BURNING LEAVES

Lindsay Lady's Terrible Experiences—Burns May Prove Fatal

Lindsay Warder—A distressing accident which may yet prove fatal, occurred this morning in the north ward, when Mrs. John Bryans, an elderly woman residing on Colborne street, near the north ward school, was badly burned.

It appears that Mrs. Bryans, who has been living alone since the death of her late husband some time time ago, was out in the yard with her little granddaughter, burning some leaves, when in some manner Mrs. Bryans' dress caught fire, and in a short while her outward garments became ignited and she was enveloped in flames. The little girl threw water on the aged lady, but very soon the flames leaped to her head and her hair caught fire. The lady had still presence of mind enough to duck her head in a rain barrel which was standing near by, and thus managed to check the flames. However, she became greatly weakened by the shock, and the burning and just managed to walk into the house and sit down in a chair when help arrived. Mr. Marshall across the road, as well as Mrs. Wilson, having been called by the little girl.

Mr. Marshall worked heroically in an effort to put out the flames, and after doing so summoned Dr. Rich who was soon on the scene. She was removed to her bed and her wants carefully attended to. The doctor found that she was very badly burned, the flesh being burned to a crisp on her limbs. Mrs. Bryans was suffering considerably, and the physician holds out very little hopes for her recovery.

Mrs. Bryans' clothing was burned completely off, and into ashes. The fire spread to the verandah and but for the assistance of the neighbors in quenching the flames, the house might have been burned to the ground.

WEDDING BELLS

LACOMBE—DEROCHER.

At St. Peter's cathedral this morning at six o'clock the marriage of Miss Margaret Derocher, second daughter of Mr. and Mrs. J. Derocher, to Mr. C. Lacombe, of Owen Sound, was solemnized, Rev. Father McCarthy offficiating. The bridesmaid was Miss Kate Derocher, sister of the bride, while the groom was supported by his brother, Mr. Harry Lacombe. Following the ceremony the bridal party drove to the home of the bride's parents at 260 Murray street, where a wedding breakfast was served and at which a large number of friends were present.

The young couple took the 7.50 C. P.R. train for Toronto, and after a visit with relatives will take up residence at Owen Sound.

To his bride the groom gave a sunburst of pearls and to the bridesmaid a gold locket and charm. Many other wedding gifts, expressive of the high regard in which she is held by her many friends were received by the bride. Friday evening last a number of her girl friends called at her home and made her the presentation of a kitchen shower.

NARROW ESCAPE FOR HARRY COOK

Was Thrown Between Runaway Team on Charlotte Street

Ed. Young, of Young's Point, came to the city this morning and left his spirited team in the charge of Harry Cook, Maria street, who is employed by Perkins, Ince & Co., while he transacted business in the office.

The horses, which were standing in the alleyway alongside the warerooms, became frightened and dashed out and across the street, Cook losing control.

The wagon collided with the G.T. R. shunting block at the north end of the freight shed siding, and the lad was thrown between the horses. The frightened animals made straight for the plate glass window in front of Mrs. Bowman's store, the young man still clinging to the reins.

When the horses struck the cement walk they were brought violently to their knees, the unfortunate driver between them.

A crowd quickly gathered, and some of the men held the horses down while others took the harness and wagon away.

Cook was slightly injured about the body and he went home for treatment.

The horses were slightly injured about the knees and head.

The wagon was not damaged to any large extent, though the pole was splintered almost beyond repair.

Through the kindness of the manager of Perkins, Ince & Co., Mr. Young was enabled to have his team stabled in the company's barn until such time as he could conveniently arrange for the return journey home.

FUNERAL OF LATE MR. H. WADDELL

Last Sad Respects Paid to One Who Was a Worthy Citizen

The funeral of the late Hugh Waddell took place from his late residence, "Beechfield," Monaghan road, to Little Lake cemetery, this afternoon, a large and representative number of citizens attending to pay their last respects to one who had always shown himself to be worthy of the admiration and esteem with which he had been held by all classes of people with whom he came in contact.

Rev. James Rollins, B.A., pastor of St. Andrew's church, of which the deceased had been a member and ever taken a deep interest in its welfare, conducted the service at the house and grave.

The pallbearers were Messrs. John J. Lundy, James Kendrey, J. H. Burnham, R. E. Wood, Robert Fair, W. H. Hill, J. H. Ferguson and J. W. Bennet.

Relatives and friends from out of town present at the funeral were—Hugh Waddell, Esq., Mrs. (Dr.) Scott, Mrs. McLelland, of Houston, Texas; Mr. and Mrs. Frank Gordon, Toronto; Mr. Wm. Needler and Miss Needler, Lindsay; Mr. Rolland Boswell, Elora; Mr. and Mrs. George Waddell, Mr. and Mrs. J. C. Clark, Port Hope; Dr. McLaren, Toronto; Prof. Laird, Kingston; Geo. Needler, Chas. Needler, Millbrook; Mr. and Mrs. J. M. McLennan, Lindsay; Rev. F. A. Robinson and Mrs. Robinson, Mr. John McClelland, Toronto; Mr. Geo. McClelland, Cooksville; Mrs. Harry Allen, J. C. Kells, A. A. Smith, Millbrook, and John Frizzell, Toronto.

The By-law Returns Will be Given Out at "Honeymoon Trail" "Grand" To-night

WHAT'S ON TO-NIGHT

Grand—"Honeymoon Trail."

City Hall—Committee of Whole Council.

Armories—Weekly drill of regiment.

LOCAL NEWS ITEMS

The Charity Board did not meet last night, a quorum not being present.

Boat Arrival.—Sicilian, from Glasgow and Liverpool is reported due at Quebec to-morrow (Wednesday) at noon.

The annual meeting of the Peterborough Fuel and Cartage Company was held last night, and Ald. Wm. Buller was again elected president and managing director. The other directors are Messrs. T. H. Hooper, R. G. Denne, R. C. Braund and James Clancy.

The fire department received a telephone call at 4.12 p.m. yesterday to a grass fire at 530 Albert street. Seven hundred and fifty feet of hose were used.

Damage to adjoining property amounted to about $20.

Fire broke out this afternoon about 1.30 in the grass at the rear of the Peterborough Cereal Company's mill and the dry nature of the weeds and shrubs in that vicinity caused it to take hold quickly. There are a large number of poles lying on the ground at the place, the property of the Peterborough Light and Power Co., and several of these were scorched. The brigade responded promptly, and under the direction of Chief Howard soon had it extinguished.

It is the Independent Order of Oddfellows who will attend the evening service at Knox church next Sunday, and not the Foresters.

Trainmaster Kelly, of the Canadian Northern Railway, who was formerly a Grand Trunk conductor, and later assistant trainmaster, went through the city on the 11.45 G.T.R. train today.

The members of the 57th band are requested to meet at the Armories at 7.45 to-night.

The fire department had a couple more runs this afternoon. At two o'clock the roof of the tool shed in the Grand Trunk yards caught fire presumably from a spark from a passing locomotive. Damage about $15. At three o'clock a grass fire on Princess street was the cause of the third run of the day. No damage.

WHO'S COMING AND GOING

Mr. Stewart Laing has returned from Queen's University.

Mr. Bert Minns of the Test Department of the C.G.E. left this morning for Toronto, where he has accepted a position.

Mr. and Mrs. Hettenhausen and children, with Miss Grace Coolidge, leave to-morrow for Fort William, where they will reside in future.

Band Practice To-night

James Davis, the man for whom the appeal for aid was made in Saturday's paper, has secured a position in the paint shop of the Peter Hamilton Company, and is working steadily.

ED YOUNG HAD A BUSY DAY

Captured a Runaway After His Own Team Had Given Him Trouble

One of the vote canvassers was left in a rather embarrassing predicament in East City this afternoon when he left a livery horse standing in front of a house while he entered to solicit the goodwill of the tenant.

The animal, which was not tethered, started for its barn and as it found itself alone rapidly gained speed.

Mr. Ed. Young, whose team ran away on Charlotte street this morning, was coming across the Hunter street bridge in company with Mr. R. Kidd and seeing the horse on the run made a grand catch.

In company with Mr. Kidd he took the animal to its stable, not knowing whom it had left, and the proprietor returned the favor by driving the men to where they had first intended "hoofing" it.

Soft corns are difficult to eradicate but Holloway's Corn Cure will draw them out painlessly.

Windsor's tax rate remains the same, at 21 1-2 mills.

NEWS AND VIEWS OF SPORT

SANDY HALL IS THE PRESIDENT

Y.M.C.A. Footballers Get Busy —Practice Wednesday

The Y.M.C.A. Football Club held its annual meeting last night and elected the following officers for the season:

Hon. President—Dr. McPherson.
President—Mr. S. Hall.
1st Vice-President—Mr. F. Turner.
2nd Vice-President—Mr. F. Tait.
Sec-Treas.—Mr. T. W. Canniff.
Asst. Sec.—Mr. Thompson.
Executive Committee—Messrs. Flemming, Burns and Flowers.
Representative to Church League—Mr. A. Flowers.

There will be a practice on the Central school grounds at 6.30 p.m.; Wednesday evening. Every member is asked to be out, as the team for the game with All Saints' on Saturday will be picked.

SPORT TALK

The past week has seen a change for the better regarding the local sport program, and if the present sample weather continues, the busy sign will be hung up.

Football is coming in for a large share of interest. The Church League teams have met in exhibition games and will be in fair shape, when the first scheduled games are called next Saturday. The Midland League looks like another success this year, and secretary "Bill" Milburn, is busy with his preliminary work.

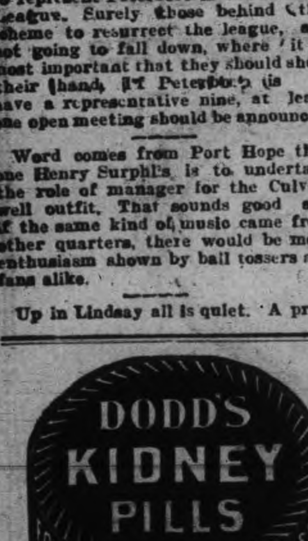
With the opening of the Y.M.C.A. Tennis Courts, the game with the racquet is ushered in. The inter-club series of the Peterboro Tennis Club, will be put on again, and next month active reorganization work will be proceeded with. More attention will be paid to the arranging of games with out of town clubs. These games greatly assist in the promotion of tennis by creating a friendly rivalry.

It is not likely that the Nicholls Oval will be opened before May 24th. Much depends upon the weather, and while it seems a long time to wait, the decree from those in charge of the property has its good results on the appearance and condition of the green.

It seems rather odd that baseball should be the last game to get under way, but such is the case. The ball tossers have been slow in turning out, on account of the frigid atmosphere. As yet there has not been a meeting called for the organization of a team to represent Peterboro in the Midland League. Surely those behind the scheme to resurrect the league, are not going to fall down, where it is most important that they should show their hand. If Peterboro is to have a representative nine, at least one open meeting should be announced.

Word comes from Port Hope that one Henry Surphl's is to undertake the role of manager for the Culverwell outfit. That sounds good and if the same kind of music came from other quarters, there would be more enthusiasm shown by ball tossers and fans alike.

Up in Lindsay all is quiet. A press report says they are shy of outfits, but that's not all. For a recently announced meeting, the attendance was large enough to appoint a water boy.



BASEBALL

BASEBALL YESTERDAY.

Eastern League Standing.

Clubs.	Won.	Lost.	Pct.
Toronto	3	0	1.000
Rochester	3	0	1.000
Montreal	2	1	.667

Monday's scores: New York 5, Washington 3; Detroit 7, St. Louis 6; Cleveland 5, Chicago 2; Philadelphia 5, Boston 1.

Tuesday's games: St. Louis at Detroit, Cleveland at Chicago, Washington at Philadelphia, New York at Boston.

FOOTBALL

The following members of All Saints Football Club, and any of the Brinton's Carpet Co's, employees, are asked to meet at the Brinton field to-morrow night, Wednesday, at 6.45 for a work out in preparation for All Saints' first league game on Saturday against the Y.M.C.A. Rew Robinson, Moraity, Hooper, Curtis, Jones, Dawson, Willis, Bell, Hildreth, Abbott, Downs, Dudley, Campbell, Farr, Johnson, Greenwood, Bennett, Hardy, and McCarthy.

T. B. MOFFATT,
Secretary.

THE RING

New York, April 24.—Although betting is light on the approaching ten-round bout between One-Round Hogan of California, and Lightweight Champion Ad Wolgast, for the Madison A. C. on Wednesday evening, Wolgast is the favorite in sentiment. Wolgast has completely recovered the use of his left hand, which was injured some time ago, and has assured his friends that he is in condition to put up the fight of his life. Hogan is also in his best form, and a fight of championship calibre is expected.

THE TURF

Jimmy Powell, the Orillia trainer, is expected to arrive shortly at Dufferin Park, Toronto, with the pacers, Furioso, Lou Jean, and one or two others, including the Direct Hal stallion, Manor King.

Hal Direct, 2.13 1-4, by Direct Hal, 2.04 1-4, the handsome pacing stallion owned by Brooks and Woodruff, of Oshawa, will not be raced at the early meetings, but will be seen in the 2.14 pacing stakes on the Canadian circuit.

BASEBALL VIEWS OF TORONTO GIRL

New York Herald's Interview With Miss Hughes

Miss Hughes Declares She Didn't Say These Things

From the New York Herald, April 20:—

"If Mathewson can deliver the goods this year, I pick the Giants to gather in the bunting. You may take my unadorned word for it, McGraw has some ball team," said Miss Laura Hughes, daughter of James Hughes, the chief inspector of schools in Toronto, Canada, at the game between Brooklyn and the Giants yesterday. She is here with her father and a party of Toronto teachers who are seeing New York.

Miss Hughes is spending her time at the ball park. What she knows about the game makes the baseball guide look like a first primer. Name a ball player and see if she can't tell you where he came from, where he has played and what his batting average was in 1907.

"Even if I am a Canadian, I put Mathewson ahead of King George," she said. "Anybody who inherits the job can be King of England, but what chance would George have in the big leagues? I'd rather watch the Giants meet the Cubs than the Coronation."

Miss Hughes settled back into her seat at American League Park with a smile of satisfaction. She got out her score card and sharpened her pencil. She keeps track of every ripple and wrinkle that ruffles the surface of the game. Nothing gets past her unless it goes around.

"My father taught me to score when I was about as high as a minute in Toronto," she explained as she marked down a strike-out for Wheat in the second inning. "That guy swings like a gate with a rusty hinge," she commented.

"You know we've got a ball club in Toronto, residents of the Eastern League. I call them the 'old curiosity shop.' Don't mention that in your article, though, for it might get me in bad with the club. But they are a lot of has beens, who are not convinced that they have niches reserved for themselves in the morgue—old stars with spavined legs and rusty joints. That's one thing I don't like about ball players. They always think that they are exactly as good as they always were, but that they are getting a bad deal. You remember 'Sandow' Mertes, who used to play on the Giants? He came up to Toronto two years ago and tried to play. It was really pathetic. He was lame and half blind. Yet he thought he was as good as he ever was, but that the manager was prejudiced.

"Now, there's 'Hans' Wagner, the greatest ball player who ever trod a diamond, but the crack, although ever so small, could almost be seen last season. I do wish that he would stop while he is good instead of waiting until he begins to go back. But I suppose that he won't."

"What do I think of McGraw? He's the greatest ever. He makes Chance look like a stranger in the shrubbery leagues. You know, I have a bat that McGraw gave me after the Giants won the worlds' championship in 1905. Yes, he signed his name to it, and so did Wiltse and Ames and lots of others. I have it at home with purple ribbons tied to it. I did want to meet 'Matty' that day, but he didn't come out of the club house on to the porch where I was.

A BRAKE ON FAST ONE.

"Note that singed smell" asked Miss Hughes, sniffing, "That's Ames' speed. Gee, he's got a brake on that fast one that turns around itself. The Giants look good to me all right," concluded Miss Hughes, after the New York club had won the game in the ninth inning. Then she hired a taxicab and invited her city cousin to ride down town with her, New York being the only place in the world where the guest is the host.

"See you at the world's series if the Giants grab the gonfalon," she called as the cab pulled out, waving good-bye.

The Federation of French Industry and Commerce anticipates a falling off in horse exports to the U.S., due to the Canadian reciprocity treaty.

Robt. J. Davidson of Ottawa, Ont., is under arrest at Philadelphia, charged with the theft of $4,000 in diamonds from Mrs. Fannie Caldwell of New York.

TELEGRAPHIC BRIEFS.

Fred Lepard and his two daughters were drowned in Lake Simcoe.

A merger of all the boot and shoe factories in Quebec district is now being arranged.

A unique exhibition of rubber manufactures is to be held in London. Rubbers roads are talked of.

Roland B. Tanner, who was missing from his home at Fort Hill, and was feared had been drowned has been found and taken to his home.

The charges against the chairman of the St. Catharines License Commissioners, brought by Commissioner Hudson, are to be investigated.

Warrants are out at Cobalt for E. P. Kadlecek and M. W. Crane, who carried on a brokerage business, and have disappeared, leaving many creditors.

The Minister of Militia stated in the House that the plans for the new Stanley Barracks, Toronto, are nearly completed, and work on the buildings will start soon.

A distinguished graduate of Trinity College, Dublin, Miss Harriet Walsh, B.A., has been appointed lady principal of the Bishop Strachan School, Toronto, in succession to Miss Acres, who resigned a year ago.

As a direct result of the spasmodic outbreaks of smallpox which have come into evidence throughout Quebec of late, the provincial health authorities have decreed that municipalities shall enact compulsory vaccination bylaws.

To study electricity for the farm, is the object which P. W. Sothman, chief engineer of the Ontario Hydro-Electric Commission, sailed from New York for Europe. He is accompanied by Bert W. Roadhouse, secretary to the Minister of Agriculture.

First Boat Up St. Lawrence.

Montreal, April 25.—The steamships Sicilian and Royal George are the first two boats to navigate the gulf this year. The former boat was reported 90 miles southeast of Cape Race at noon Sunday, while the latter was reported 230 miles east of Cape Race at eight o'clock.

The ice in the river is almost all gone out except from Viauville to Point aux Trembles. The river is reported clear from Quebec to Montreal on the north side, and the Sicilian and the Royal George are expected to arrive in port here on Friday.

An Artist at Large.

Montreal, April 25.—Some person animated by a strangely misguided sense of humor or out of sheer vandalism, caused damages to the extent of a few hundred dollars to the property of Goodwins, Limited, Sunday night. Armed with a glass-cutting diamond, or a sharp piece of steel, they disfigured nearly all of the large plate glass windows, which surround the store on the ground floor. Skulls and crossbones were executed on the glasses with more or less skill.

Scored Unwritten Law.

Atlanta, Ga., April 23.—The application for pardon of Thomas E. Stripling, was late yesterday afternoon denied by Governor Brown.

Stripling was formerly chief of police of Danville, Va., and was under life sentence for killing W. J. Cornett. He escaped from officers years ago and had been successful in business under an assumed name.

Governor Brown scored the "unwritten law," to which Stripling appealed for justification as an anarchistic argument, and in Stripling's escape and subsequent career said he found no reason to change the decision of the courts.

Peace Advocate Dead.

London, April 24.—John Passmore Edwards, the well-known publicist, philanthropist and advocate of international peace, died Saturday. He was born at Cornwall, March 24, 1823.

Struck a Coincidence.

It was the hour of family confidences. Mr. Buggins had finished his evening papers and in slippers and dressing gown was toasting his toes before the asbestos fire log, while the wife of his bosom was putting a few stitches in the table cover she was doing for Aunt Mary.

"I did something today that I've been screwing up my courage to do for a long time," said Mrs. Buggins.

"Yes?" said Mr. Buggins, mildly interested. "What was it?"

"You know that odious Mrs. Bjones?" replied Mrs. Buggins. "Well, I paid her a call that I have owed for nearly a year."

"My dear, I can sympathize with you," said Mr. Buggins. "Today, by a strange coincidence, I paid that odious Mr. Bjones a bill I had owed him for quite as long."—New York Times.

Throne Jewels.

In the "gold pantry" at Windsor castle, one of England's chief royal palaces, is the gold tiger's head taken from Tippo Sahib's throne in 1789. It is lief size, and the teeth and eyes are of rock crystal. Another relic captured at the same time is the jeweled bird called the uma, shaped like a pigeon, with a peacock tail. The feathers blaze with precious stones, and a great emerald hangs from its breast. According to an old Indian legend, whoever owns this bird will rule India.

It Depends.

Bill—They tell me that a goat eats twelve times its weight in a year.

Jill—Does that represent much food, do you suppose?

"Well, it all depends whether what the goat eats happens to be paper covered novels or lead pipe!—Yonkers Statesman.

An Exception.

"Emerson says there is always a best way of doing everything."

"Is there? I wonder if he ever found a best way of wearing a pair of shoes that were about a size too small."—Chicago Record-Herald.

Mrs. Elizabeth Pearsall, a young mother, is under arrest in New York for stabbing her step father, who tried to strike her mother.

CONSERVATIVES DID NOT VOTE FOR PACT IN COMMONS

(Continued from page 1)

ey's speech. Hansard unfortunately made no note of what occurred after the amendment was placed in his hands, the result being that the official copy of the amendment did not appear. Neither was there any report in Hansard of the comments he had made, after remarking that just before he read the amendment the attention of the members was taken up with a couple of points of order. The Deputy Speaker said he had read the amendment with his usual clearness and distinctness, and that he was compelled to say, as a matter of justice to himself and others, that he believed he read all of the amendment as appeared in the written record.

Mr. Blain reiterated his belief that he did not hear the latter part of the amendment read.

Dr. Roche of Marquette decided that the words were not read either by Mr. Sealey or the Deputy Speaker.

Mr. Goodeve of Kootenay made a statement to the same effect, while Messrs. Ruttan, Congdon, Nesbitt and Kyte, Liberals, all assured the House that they had heard the Deputy Speaker read it in its entirety.

Mr. Kyle closed the discussion by reading a note from The Globe reporter, N. W. Anderson, in which he stated that he would be well satisfied to appear at the Bar of the House and justify his report of the proceedings.

Auto Turned Turtle.

Brockville, April 25.—S. Knapp and O. F. Duprey had a narrow escape from being killed while automobiling from here to Gananoque. West of Lyn the auto skidded into the ditch and turned turtle, pinning both men under the car. They were badly bruised up, and the auto was wrecked. Knapp and Duprey are students here. The former came from Prescott and the latter from Amherst, N.S.

Ten Miners Lost.

Elkmarden, W. Va., April 25.—Ten miners are reported to have been killed in a gas or dust explosion in Ott Mine No. 20 of the Davis Coal & Coke Co., about a mile from this place.

N. E. Railways Merging.

Boston, April 25.—What is considered to be another radical step toward ultimate unification of New England railroad lines, was taken yesterday in the announcement that the New York, New Haven and Hartford Railroad will assume half the annual deficit of the Boston and Albany Railroad, now under lease to the New York Central.

Aviator Wins Prize.

Pau, France, April 25.—Piere Vedrine, who left Paris in his monoplane Saturday, arrived here yesterday, having covered the circuitous course of 500 miles in six hours and 55 minutes actual flying time. He thus wins a prize of $4,000. Vedrine made several long stops en route.

No Criminal Cases.

Ottawa, April 25—Judge Sutherland, who is presiding at the high court assizes, which opened here yesterday, complimented the County of Carleton on the fact that there was again no criminal cases for hearing.

WEIR & O'BRIEN
ARCH. WEIR — JAMES O'BRIEN

The tercentenary of the Bible will be celebrated to-morrow evening in New York, when a letter from King George will be read.

Every time you order an imported beer you must pay the duty imposed on its importation plus extra freight charges. This is one of the reasons why you should insist on

"Salvador" (The Famous National Drink)

and there are others. No beer brewed on this continent is quite so good as "Salvador." It has been the favorite drink of Germans for centuries. The Reinhardts' of Toronto have the sole right of brewing "Salvador"—they alone possess the formula.

"Salvador" is rich in flavor, mellow and appetizing—a nerve and tissue builder par excellence. Always order "Salvador" and you drink the best beer brewed—the beer that is a food as well as drink.

BANQUET BY THE SONS OF SAINT GEORGE A BIG SUCCESS

The Englishmen of Peterborough celebrated last night in honor of Saint George, the patron saint of England and the occasion was one of great interest for the large attendance. Coleman Bros'. spacious grill roms was the scene of many heart to heart talks of the times spent in good old England. The tables were well laden and the repast a choice one. Those around the festive board were;—E. A. Peck, Rev. Canon Davidson, Rev. Charles Carpenter, Chas. Pitchford, Col. Miller, Major Clegg. J. R. Bennet, Ald. Kerneghan, R. J. Devey, W. H. Cluxton and ex-Ald, George Ball.

Mr. E. A. Peck was a very able toast master and called upon the list as follows;

"The King," proposed by Mr. E. A. Peck and honored by the singing of the National Anthem.

"Our Imperial Forces," Mr. Milesaby proposed this toast and Col. Miller made an eloquent address in response which is given in part below.

"Canada," Proposed by C. Guy and responded to by Rev. Canon Davidson, after the singing of "O Canada"

"The Day We Celebrate," proposed by W. Shiner and responded to by Rev. Carles Carpenter.

"Our City," proposed by ex-Ald. George Ball. responded to by Ald. Kerneghau.

"The Sons of England Benefit Society." Proposed by Major Clegg and responded to by Mr. Bennet.

"The Ladies." Proposed by Chas. Coleman and responded to by Mr. Harold Cluxton

A number of solos were rendered between speeches by the following;—Harold Lee. "The Land of Hope and Glory," Messrs. Lee, New, Douglas and Cairns in a quartet, "The Gypsie's Laughing Song," Messrs. Chambers and Douglas, vocal solos, M. Barry was the accompanist of the evening.

COL. MILLER.

Col. Miller in responding to the toast, "Our Imperial Forces," and after making some general remarks about the Englishmen, said he thought it was right that an Irishman should be called upon to speak before the Englishmen for was the Irishman not always helping his English brother out of difficulties.

Wherever you went you would find the bones of an old country man. Our forefathers met the army of Julius Caesar with clubs for arms and a good British heart.

Here in Canada the soldiers were called the militia, but the speaker said he would rather have them called the citizen soldiers. The colonel here quoted;

"Wellington, of Waterloo
Would have looked blue,
If Paddy hadn't been there too."

The British subjects were the ones who had opened the countries to the missionaries and protected them.

At the time of the little trouble with the United States Canada called for 25,000 troops in two weeks and 32,000 responded.

In the South African war the Canadian boys crowned themselves with honor in every engagement.

The speaker said that he wanted to see the day when the Union Jack would be floating around our cities on all national holidays.

The Canadians were as much British as if they were in the shadow of the Tower of London, and they were always proud when one of our native Canadians had been able to raise his voice in the British Parliament.

REV. CANON DAVIDSON.

Canon Davidson remarked that he would not say much of Canada as it was not a Canadian night. The past builders of Canada had been principally Englishmen. Canada needed that stamina and that reserve force which was the gift of Englishmen. The destinies of the country had been molded principally by old country men.

The future of England was not only to come from resident Englishmen, but from her colonies also.

We might celebrate Irish, Scotch or English days, but all other days, we were Canadians.

Rev. Chas. Carpenter, Ald. Kerneghan, ex-Ald. Ball and others spoke in reference to the merits of Englishmen, also the day they celebrated and "Our City"

The meeting requested the committee, who had charge of the banquet, Messrs. W. Guy, S. Jay, J. Common, G. Green, F. Clark, J. Packman and T. Pitchford, to arrange for the organization of a Saint George Society in Peterborough.

BOY SCOUTS IN NEED OF LEADERS

To Undertake Their Training and Drilling Work Here

Mr. J. H. McClelland, who is one of the Ontario Council of Scouts, and who accompanied Cecil Richardson to Toronto, where the latter was presented with a medal at the Boy Scouts display, was very much impressed with the skill and ease which the boys exhibited in performing the various feats and manoeuvres, and which revealed the fact that they must have received splendid military training. Mr. McClelland could not help making comparisons about this feature, between the Toronto Boy Scouts and the local Baden Powell enthusiasts.

"What the boy scouts of Peterboro are up against" he remarked is the inability of securing local military men, who have a good knowledge of drill, to undertake the training and drilling of the boys. There are plenty of men in the regiment here, who can do it, but the trouble is in getting them to turn in and undertake the task. When one considers the little real military training the boys have had, they are doing first class. There are now upwards of 200 Boy Scouts in the city" said Mr. McClelland, "and, with proper training, they will undoubtedly do much to establish a standard of correct behaviour for boys."

HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN Wholesale Druggists, Toledo.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system. Testimonials sent free. Price 75 cts. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

HOW WOMEN ARE FORTIFIED

They Can Wear Evening Costumes Fatal to Most Men

London, April 25—Why can apparently fragile women wear pneumonia blouses in the Arctic springs of the British Isles? Why can they walk about in the thinnest of shoes and transparent stockings when the temperature is below the freezing point? Why can they do these things and wear an evening costume which would be fatal to the majority of men, and yet suffer no harm?

These are questions that have puzzled the Daily Mirror. To solve them it applied to "an experienced doctor who has studied the subject." He had been puzzled by the same problems. He knew that woman's skin was more tender than man's, and their constitutions generally less able to stand cold and wet, so he looked into the matter.

He then discovered that "women have a special layer of fat all over their bodies, thicker than man's and acquired when human kind dwelt in caves and huts." "In those days," he argued, "the men were able to keep themselves warm by hunting, and fighting • • • The woman had to stay at home in the cave to look after the baby and cook her husband's dinner whenever he might bring it in.

"And caves or huts must have been chilly abodes in keen weather with an east wind blowing; and women, who had no hunting to warm their blood and enable them to resist cold, suffered accordingly.

"So mother nature set to work and gradually built up on women a special layer of protective fat. That took a few thousand years probably, for nature never works in a hurry, since time is no object to her; but bit by bit the work was completed, and now women can play what seem to men foolhardy tricks with comparative immunity."

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

COMMITTED FOR TRIAL IN CONNECTION WITH CHOP THEFTS

Louis Houedry is Charged With Disposing of Property Without Authority

Louis Houedry was committed for trial at police court this morning on the charge of selling without authority, property that was not his own, namely, chop belonging to the Quaker Oats Company, He didn't elect as to how he would be tried, when the charge was read by his Worship.

Crown Attorney R. E. Wood prosecuter, while J. Ozias De LaPlante defended Houdrey.

The prisoner is now out on his own bail of $500 and two sureties of $250 each

FARMERS TESTIFY.

The first witness called was Mr. David Lawson, a farmer of Otonabee. His evidence mainly related to the condition of the chop which he had purchased from Houedry. He stated what he had bought contained chips, dust, and dirt. His brother-in-law, John Crowe, also bought some from the same place, and in the witness box testified as to his feed being full of dirt, and chips and dust. A couple of empty sacks were produced in court which had contained some of the feed he had purchased.

INSTRUCTED BY HOUEDRY.

Joseph Shearer was put in the box. Shearer is the lad who has been convicted of stealing chop and has not yet been sentenced. He stated that Houedry has employed him to bag up the loose feed lying around the floor, and that he had put them in a little room in the warehouse. He said, also, that he had told the foreman from the Quaker Oats Company where they had been placed. It was all low grade flour which had been bagged. Sixty five sacks had been placed in the little room by witness. He sold 10 of the 65 to a lad named Garrett.

AUTHORITY NOT GIVEN.

William Garvey, who has been assistant shipper for the Quaker Oats Company for the past four years, was put in the witness box and stated that he had never authorized Houedry to take any fodder of any kind that was in the warehouse. He explained how the loose chop came to be lying around on the floor, caused, he said, by the mice and rats eating away the sides of some bags and by some bags tearing and allowing the contents to fall on the floor. This loose stuff was sent back to the mill to be bagged. He had never had any conversation with Shearer about the stuff, except once, when Shearer, who was working there, told him he had bagged a lot of the loose fodder and pointed to the place where all the bags of good feed was stored, told the witness that he placed it with them. Instead of this, however, he had stored it away in the little room where witness never dreamed of looking.

Mr. W. H. Denham, superintendent of the Quaker Oats, also testified, stating that no one had any authority to take any of the chop or feed in the Houedry factory without his permission, which he had never granted.

His Worship considered there was sufficient evidence as to Houedry's liability, in the matter to put him on trial.

COMMISSIONERS MADE TEN RENEWALS, TWO EXTENSIONS

License Inspector Will Deal With Bartenders Application

At the adjourned meeting of the Board of License Commissioners, held at the License Inspector's office last night, there were present, Dr. M. A. Morrison, chairman; Jas. Kendrey, R. Sheehey and Jos. Stewart, the inspector. Applications for renewal of licenses for the year 1911-2, beginning May, 1st, were dealt with. Ten of the hotel licenses were granted and the other two, extended for three months. The three shop licenses were also sanctioned.

The matter of bartenders' licenses is left in the hands of Inspector Stewart, to deal with as the circumstances which come before him warrant.

Licenses given renewals were;

G. N. Graham. Oriental.
D. B. Denison, National.
[illegible]
Augustus Waite, White House.
Frank Montgomery, Montgomery House.
J. B. Laroceque, King George.
Samuel Long, Peterborough House.
A. J. Johnson, Windsor.
R. J. Munro, Munro House.
Patrick Hogan. Albion.

Three months' extension;
Isaac Eastwood, Palace.
Robert F. Gollop, Snowden House.

Shop licenses;—F. J. R. Mitchell, Mrs. Ellen Brennan, J. C. Sullivan.

THE CONFERENCE

Toronto Telegram.

If the London Times knew anything about the real sentiments of Canada that great journal would realize that Canadian nationalists do not care whether Sir Wilfrid Laurier is present at or absent from the Imperial Conference and the coronation.

The London Times seems to imagine that it is the duty of the Ottawa Opposition to shorten its fight against the economic assassination of Canadian nationality in order to gratify the London public with a sight of Sir Wilfrid Laurier's stage presence and the sound of his histrionic platitudes.

What would Sir Wilfrid Laurier do at the Imperial Conference but TALK? What would Sir Wilfrid Laurier do in the coronation procession but POSE?

The duty of garnishing a great occasion with the TALK and POSES of Sir Wilfrid Laurier is not as sacred as the Opposition's obligation to FIGHT to the end for CANADIANISM versus CONTINENTALISM, even if the process should keep Canada's Premier in Ottawa all summer.

"MY BACK IS KILLING ME"

"FRUIT-A-TIVES" WILL CURE

Backache means Congestion of the Kidneys. Dull ache in the back—sharp, shooting pains—headache and nervousness—mean that the Kidneys are overworked. The Bowels are constipated and the skin is inactive, so that the Kidneys are compelled to do the work of both bowels and skin in throwing off the waste of the body. The Kidneys thus become irritated and inflamed and backache results. The only possible way to relieve the congestion and cure the pain is to force the bowels and skin to do their share of the work.

"Fruit-a-tives", the great fruit medicine, is the best and most scientific Kidney Remedy in the world.

"Fruit-a-tives" will always cure Pain in the Back and Kidney Trouble. 50c. box, 6 for $2.50, trial size, 25c. Dealers, or from Fruit-a-tives Limited, Ottawa.

FARMERS ARE BUSY AT LORENZ

Are in Need of Some Good Men—News of the Vicinity

Special Correspondence.

Lorenz, April 25.—The wheat, alsike and red clover crops will not do much towards filling the granery binns, according to the looks of things at present, the severe frosts at nights are not going to do them much good.

Ploughing has started here and is being pushed along at a great pace. Mr. O. Wicks and his man, Geo O'Neil, were well into the work on Tuesday afternoon.

Mr. Jack Coulter has been engaged by Mr. Jackson for the season.

Mrs C. Wicks has returned home after being away at Easter visiting relatives in Peterborough.

Several farmers are in need of good trustworthy men.

The school reopened again on Monday, after being closed during the Easter vacation.

Mr. O. Wicks was in Fraserville on business Monday.

The cheese factory owners are talking about putting a cement floor in their factory. They will have to get a move on if they intend to do it before the season commences.

Mr. O. Wicks will have control of the whey tank this season.

Mr and Mrs. Will O'Heir visited Centreville last Sunday and took in the morning service at the Presbyterian church.

There was once a cry of women's rights, they got the soap brush and paint and other sundry things together and behold man was to do the spring cleaning because they could not work the land, but the weather charged for warmer and the man departed to the field once more, the women were in the back seat.

According to the load of new cream cans that was delivered around here the cheese factory manager won't sweat very much this season.

Mr. Herb Miller was in Lorenz last week visiting old friends.

Mr. H. Jewison is shipping a load of hogs to Fraserville.

The inhabitants of Lorenz were very sorry to hear of the death of Mr. Waddell, who was much respected around here.

Mr. Follis was paying a visit to Peterborough last Friday.

Farmers have been improving the beauty of their farms considerable, new fences having been erected.

GARDEN HILL AND CAMPBELLCROFT

GARDEN HILL

Special Correspondence.

Garden Hill, April 25—As your correspondent was embarking for Toronto she noticed Mrs. J. D. Gray, Miss Gertrude Hamill, Mrs. Mark Gardiner Mrs. A. Dunver, going in for a trip to the city, too.

Miss Mamie Allison has returned from Lindsay.

Misses Maggie and Ada Corbett of Toronto and Mrs. Biggar of Niagara Falls were recent visitors at Mrs. E Corbett's on the hill.

Mrs. Wilson and son of Omemee, were visitors of Miss McMurtry's.

Mrs. H. B. Lawson went to Peterboro for a few days last week.

Miss Clara Mulvey went to Port Hope for Easter.

Miss Lawson has returned from Peterboro and has become a resident of our town.

CAMPBELLCROFT

Campbellcroft, April 25.—Miss Mary Allison has returned from visiting in Lindsay.

Mr. Walter Jones of Elizabethville was in our town Sunday evening.

Mr. B. McMann is doing a rushing business in painting and papering. The trouble is everybody wants him at the same time.

Mr. Robert Bruce was up to Perrytown last week.

Mr and Mrs. Fred Campbell were at Bethel Grove Sunday last.

Mr. Everett Zeh'and was a visitor at Elizabethville last Sunday.

COMING AND GOING AT FRASERVILLE

Interesting Items of News—Many Visitors

Special Correspondence.

Fraserville, April 24.—Master Edgar Finlay, of Port Hope High School, is spending the holidays with his uncle, Mr. Jas. Clark.

Mrs. J. S. Latimore visited her parents, Rev. Mr. and Mrs. Robeson at Ivanhoe on Sunday last.

Miss Nellei Waterman, of Lindsay, spent the holidays with her parents, Mr. and Mrs. Robert Waterman.

We are sorry to hear of the illness of Mr. Richard Latimore, and hope he will soon be out again.

Dr. A. H. Turner, of Millbrook, has made several trips to the village, in his automobile.

Miss Alma Weatherilt spent the holidays with her parents at Oscaco.

Mrs. Wm. Robertson, of South Monaghan, has taken up her residence in the house lately vacated by Miss Bella Campbell.

Mr. Edward Delehay, of the Examiner, Peterborough, spent Easter Sunday with his parents, Mr. and Mrs. Delenay.

Mr. Hugh Cruickshanks, of Peterborough, passed Easter with relatives in the village.

Mrs. W. A. Kidd and Masters Claeton and Frank visited Rev. Mr. and Mrs. Robeson, at Ivanhoe during the holidays.

Miss Lizzie Hogg spent Easter Sunday and Monday with her friend, Miss Keitha Kidd.

Mr. and Mrs. H. Cruickshanks spent Easter Monday with friends in Peterborough.

There was a large turnout at the special services in the Methodist church here Sunday afternoon. Mrs. (Rev.) White resumed the duties of organist in the absence of Mrs. W. A. Kidd.

Mr. E. McLean contemplates building an addition to his house in the near future. He has the lumber and materials ready and is waiting for favorable weather before making a beginning.

Miss K. Kidd is spending this week at the home of Mr. Andrew Hogg.

Mrs. Hanmer visited friends in Peterborough for a few days last week.

Miss Mary Seabrook spent the holidays with friends in Havelock.

Mr. Robert Graham, of Cavan, has rented for the summer the house owned by Mrs. C. Scobell, of Peterborborough. Mr. Graham and family intend moving the first of May.

The many friends of Dr. Wilson Montgomery, of Embro, Woodstock, formerly of Millbrook, extend happy congratulations on his recent marriage to Miss Isabel Howell, of Millbrook.

Miss Violet McElroy has returned home after spending the winter with friends in Port Hope.

Miss Lila Moncrief, of Peterborough, spent Sunday with her parents, Mr. and Mrs. Richard Moncrief.

Charged With Theft.

Philadelphia, Pa., April 24.—Charged with stealing $40,000 worth of jewels from a wealthy New York widow, whose acquaintance he had made in that city, Robert J. Davidson of Ottawa, was arrested by Detective Scanlon of this city and Detective Barnshow, of Atlantic City, Saturday night and locked up at the central station for a hearing to-day.

According to the detectives, Davidson was traced by means of pawn tickets, having pledged a ring, valued at $100, at the seashore resort and one in Philadelphia. The woman who makes the charge is Mrs. Fannie Caldwell, of No. 253 West 72nd street, New York City.

We respectfully remind you to take the fullest advantage of our great 15 day Sale of Carpets by the yard.

AN ACCOUNTING OF THE FUND RAISED FOR GLADYS SEWARD

Mrs. Alice Collins, of Mount Forest, who has been handling the Miss Gladys Seward tuition fund in Canada, writes from Mount Forest, giving an account of the expenditures of the money raised. Her letter to the editor says:

Mount Forest,
April 21st, 1911.

To the Editor,
The Peterborough Review.

Dear Sir,—I have much pleasure in enclosing a statement for publication regarding the Gladys Seward Fund.

Gladys Seward Fund, opened April 1909, Bank of Ottawa, Peterborough, Ont:

Total amount received from April 1909 to April, 1911......	$890.25
Total expenditure, October 13th, 1909, to April 19th, 1911.....	765.00
Balance on hand April 19, 1911...	125.25

Cheques:—

1909, October 13, expenses from Peterborough to New York $	20.00
Oct. 15, expenses from New York to Dresden...	125.00
Nov. 8, expenses from New York to Dresden...	20.00
Nov. 18, to Mr. Field...	150.00
1910, April 8, to Mr. Field...	100.00
" July 12, to Mr. Field...	50.00
" Sept. 12, to Mr. Field...	100.00
" Nov. 21, to Mr. Field...	100.00
1911, March 23, to Mr. Field.....	100.00

When Miss Seward left Canada in Nov., 1909, only $429.00 had been donated to the fund, so that when the cheque for travelling expenses was deducted and first cheque of $150.00 was sent to Mr. Field (Nov. 18, 1909) the balance remaining in the fund was $114.00.

In 1910 another appeal was made to the Peterborough citizens, and more money raised. The money is always sent to Mr. Field by draft on Deutsche Bank Filiale, Hamburg, payable at par in Dresden. Mr. Field takes sole charge of the money, and has done wonders in the way of keeping down expenses. The expenses each month run from $40 to $50. Expenses are: Pension (board, lodging) 110 marks; fuel, 10 marks; piano rental 13 marks; laundry, car fare, music, concert tickets, incidental expenses.

When Miss Seward arrived in Dresden there was over $15.00 left from money given for travelling expenses, and this was, of course, used later. Mr. Field sends regular statements of expenditures for different months, and any one who desires to see these statements is invited to do so.

The following is the complete list of subscribers since the opening of the fund, and it may be easily seen that only a few Peterborough people have taken advantage of the chance of helping on the greatest musical talent which Peterborough has ever produced.

List of subscribers in 1909:—Mr. Harry Rush, Dr. R. F. Morrow, Mr. W. H. Hill, Mr. John Crane, Mr. F. D. Kerr, Hon. G. A. Cox, Mrs. James Wood, Mr. A. A. Hollingshead, Mrs. Walsh, Mrs. Hazlitt, Miss Dickson, M. Dickson, Mr. Adam Hall, Mr. D. H. Moore, Mr. R. Fair, Mr. T. F. Matthews, Mr. R. M. Dennistoun, Mrs. J. F. Dennistoun, Dr. Halliday, Mr. E. H. D. Hall, Mr. D. W. Dumble, Miss Ruby Burnham, Col. H. C. Rogers, Dr. M. A. Morrison, Mrs. J. A. Aylmer, Mrs. Thos. Bradburn, Mr. G. A. Smith, Mrs. Hazen Ritchie, Mrs. Ryerson Ritchie, Mrs. Edgecombe Pearce, Mr. E. A. Peck, Mrs. Peter Campbell, Mr. Alex. Elliott, Mr. A. P. McLean, Mr. J. W. Flavelle, Toronto; Mr. E. R. Wood, Toronto; Judge Roger, Mr. Robert Fairweather, Toronto; Mrs. J. F. Dennistoun, Mrs. Arch. Russell, Montreal.

1910—Mrs. T. F. Matthews, Hon. G. A. Cox, Dr. Halliday, Mrs. Seward, Miss Seward, Mr. Arthur Seward, Mrs. James Wood, Mr. E. H. D. Hall, Mr. W. G. Morrow, Mr. J. D. Collins, Mr. H. Rush, Mrs. Hazen Ritchie, Miss Dunlop, Miss Stewart, Mrs. Walsh, Miss Dickson Miss M. Dickson.

1911—Mrs. Seward, Miss Seward, Mr. Arthur Seward, Mr. G. C. Wainwright, Mrs. Spencer (Mount Forest.)

Of the total amount received over $180.00 has been contributed by members of Miss Seward's own family, who are doing all they can, and are worthy of the support of every true lover of art in Peterborough. I shall be glad at any time to answer any questions regarding the fund, and hope that everyone will remember that subscriptions will be gladly received by Messrs. W. H. Hill, Henry Rush, and G. C. Wainwright. At least $900 more should be raised in order to give the pianist of Peterborough a fair chance. Thanks are due to the editors of the Peterborough Review and Examiner for having so often called the attention of Peterborough citizens to this project; to Mr. F. H. Dobbin, of the Review, who has so kindly done printing free of charge; to Mr. Rupert Gliddon and others, who helped to make Gladys' last appearance in public in Peterborough a success, and to Miss Gilray, of Mount Forest High School, who kindly gave Gladys free tuition in German and English during her last year in Canada.

Believe me, yours truly,

ALICE ROGER COLLINS.

34 Wellington street, Mount Forest, Ont.

MUSICAL NOTICES.

Two musical notices received received recently by Miss Seward are:

From "Musicial America," Dresden, March 25: "An American pianist of but sixteen years, Gladys Seward distinguished herself as the soloist of the Gewerbehaus Symphony concert of March 11th. She revealed great musical feeling in Chopin's E Minor Concerto, and numbers by Liszt and others. Miss Seward is a pupil of Harry M. Field."

From New York "Musical Courier," April 12th, 1911: "Mr. Field's most talented pupil seems to be Miss Seward, whose sincerity and response, smooth, facile technic and refined musical feeling left no doubt as to her future or to her gifts."

THE KISSING GIRL IS A COMIC OPERA THAT SPARKLES WITH WIT AND HUMOR

Something New and Refreshing in the Line of Musica Operas—What the Detroit News Says of Famous Production

The following criticism of the "Kissing Girl," which appears at the Grand on Thursday of this week is found in a recent number of the Detroit News:—

"Comic operas are becoming so plentiful that they have become almost a monotonous rite instead of a form of entertainment. When one comes along bringing enough freshness and melody to make one forget that watching it is a duty, it deserves the heartfelt thanks of the habitual first-nighter. "The Kissing Girl" at the Savoy this week is that rara avis, a comic opera that makes one think that, after all, the comic opera may be a real form of amusement.

This one is constructed like the others and the program announces that it is a comic opera, but it has a sparkle of something that is not in the other few thousand comic operas now on the road. There is something that distinguishes "The Kissing Girl" from them all.

In setting and costuming "The "Kissing Girl" is somewhat reminiscent of "The Merry Widow," which stands for perfection in the modern comic opera world. That is a superlative comparison for "The Widow" stands upon a lofty pedestal. However, the comparison was made "right out in meeting" last night by more than a few.

"On the Boulevard" is perhaps the most spectacular song hit of "The Kissing Girl." If you have not heard it you certainly will be made aware of its existence before long, whether you go to the Savoy or not, for it can be whistled and hummed and steam-pianoed only too easily. Better go to the Savoy and hear it under pleasant conditions for you will not be able to escape unless you happen to be deaf.

Every comic opera must have a drinking song, preferably a stein song, and it must also have a headache song. "The Kissing Girl" violates none of the traditions in this regard. It has both and they are good. The drinking song is "Good Old German Beer," sung by Louis London and a swinging chorus. It has a dash and go in it that places it in the first rank of the comic opera stein songs. The headache songs is a classic, and the words of it are more than intelligent. They are clever, which in itself is a violation of all the most sacred traditions of comic opera. The song is called, "A Hair of the Dog That Bit You," and is gotten over very effectively by Dick Temple. In connection with this number Miss Vanity does a dance and such a dance is seldom seen. This nimble young woman was obliged to respond half a dozen times before the audience would permit her finally to depart. Her dancing is not only graceful but also it shows character and precision so often lacking in the performance of dancers. "Waltzing," a song by Whiffen, was equal to, if indeed it did not surpass the similar number in "The Merry Widow," the hit of the show.

Scenic effects are numerous in "The Kissing Girl," and the arrangement of stage settings is effective. The third act is rich in this respect. It is called "A German Rose Garden," and well deserves the designation.

Miss Guinan suits her role admirably in appearance and acting. Her style is something entirely new to high-priced theatres, but the two bumper houses yesterday seemed to enjoy it. The dancing features of the production are good and the work of the chorus is pleasing throughout.

From an artistic standpoint, the singing of "Love is Like a Rose," by Miss Venita Fitzhugh, at the opening of the third act, and the violin obligato and duet by the Misses Fabar and Devere were by far the finest things in the performance.

LIFE OF THE GREAT FICTIONAL CHARACTER, JEAN VAL JEAN

Ably Dealt With by Rev. Dr. Cleaver, Before a Large Audience at Knox Church

At Knox church last evening Rev. Dr. Cleaver, of Toronto, addressed an extremely large and very appreciative audience on Victor Hugo's literary masterpiece, "Jean Val Jean," and his masterly and comprehensive treatment of the work proved a source of pleasure and helpful entertainment to all present.

In the short time at the disposal of the speaker, it was rather difficult for him to completely cover the whole story of Jean Val Jean, but Dr. Cleaver was well qualified for the task, and accomplished the undertaking to the satisfaction of all, which was eloquently manifested by the careful and thoroughly interested hearing accorded him.

The reverend gentleman possesses the gifts of a successful public lecturer to a remarkable degree, which he displayed to excellent advantage in relating the story of the varied and checkered career of probably the greatest fictional character ever evolved from any writer's brain.

Mayor Morrow very ably fulfilled the duties of chairman, while with him on the platform, besides the lecturer, was the pastor of the church, Rev. H. J. Keith.

After an opening hymn and prayer offered by Rev. Mr. Riddiford, the chairman called on Miss Helen Davies, the talented local soprano, for a solo, which was sung by her in her usual charming and effective manner. When introducing the lecturer of the evening, the chairman assured the audience of the extreme pleasure it was for him to have the honor of being present in the capacity of chairman, and congratulating both pastor and people on their splendid new church, and of welcoming Dr. Cleaver to the city. Without further remarks he then called on the visitor to deliver his lecture.

Tracing the career of the truly great Val Jean from the time of the opening of the story of his life on through the period of his trials and tribulations, when he was arrested for stealing a loaf of bread and sentenced to the galleys, the speaker painted a very graphic picture of Val Jean's earlier life. The story is altogether too lengthy to relate here, even in synopsis, yet as Dr. Cleaver dwelt strongly on the various temptations and struggles of the hero of the story, he managed to draw from the troubled career many vital truths, which may be applied in present-day life.

The heroic struggle which took place in Val Jean's heart ere he decided to yield himself up to the law to save the life of the man who was about to be imprisoned in his place, afforded the lecturer an excellent opportunity of pointing out the noble and courageous character of the hero of the remarkable and enthralling narrative.

The innate sense of duty, always present and ever prominent in Val Jean's character, which enabled him to make the most heart-touching sacrifices, were all described by Dr. Cleaver in a most interesting and feeling manner.

To handle his subject it was necessary for him to pass hurriedly over many parts of the story, but notwithstanding this, nothing escaped the wonderfully retentive memory of the speaker.

At the conclusion of the lecture, Judge Huycke, in his usual able manner, moved a very sincere vote of thanks to Dr. Cleaver on behalf of himself and the audience for the great pleasure and entertainment derived from his lecture. Sheriff Hall seconded the motion in an acceptable and hearty manner.

China for the Chateau Laurier

The order for the china for the Chateau Laurier, the new Grand Trunk hotel at Ottawa, has been awarded to the Theodore Haviland Company, of Limoges, France. This china is of a very handsome and unique pattern and will be the best that can be turned out by this well known Company, and includes regular service, banquet service, palm room or tea room service and a De Luxe set for use in the Royal suite.

Pianos to Rent.

Pianos and organs rented from $1.00 per month up. Six months' rent allowed in case of purchase. The J. M. Greene Music Co., Limited, Charlotte street.

ONE REASON FOR OUR SUCCESS
WE EMPHASIZE ACCURACY

Every pair of Eye-glasses that goes through our prescription department is subjected to the most careful examination of even the smallest details. Every lens is neutralized, measured and centred by two inspections. Every Eyeglass or Mountings supplied at the Peterborough Optical Institute is adjusted to the exact position before each eye and to fit pleasingly the features of the wearer. No matter how accurately the lenses may be ground and centred, if the pupillary width of the frame does not correspond with that of the eyes, there will be strain upon the motor muscles of the eyes, and consequently discomfort. We are most particular to adjust glasses to every detail in order to give greatest relief to the eyes and most perfect conformity to the features. This is one reason for our success.

GOVERNMENT REFUSED PROBE OF PRINTING BUREAU SCANDAL

Votes Down a Motion to Inquire Into Corruption and Graft in the Notorious Department

Ottawa, April 26.—The scandals which have made the printing bureau notorious throughout Canada, as the happy hunting ground of the grafter, were aired in Parliament last evening. In defending his action in the matter, Hon. Charles Murphy, Secretary of State, made what was virtually his "maiden speech" in the House since he became a Minister in 1908. He told the House he began the investigation in November, 1908. Mr. Crothers made him look foolish by pointing out that nearly all of the things the Secretary of State had been investigating had occurred while he was conducting the investigation. While the Minister was investigating, there had also been overcharges of $94,000.

The investigation by royal commission which W. B. Northrup of East Hastings asked for was voted down. The vote was taken and 2 a.m. and the resolution was defeated by 92 to 55, a Government majority of 37.

At the outset Mr. Northrup demanded to know if the Government was still determined, that under no circumstances would they allow an investigation of the Department, and the Premier replied that the Government had appointed a royal commission a few years ago to enquire into the civil service. An investigation would be granted if sufficient evidence was produced.

Mr. Northrup asked if it would be sufficient if the following were proved: Incompetency, lack of frankness by officials, lack of the spirit of loyalty, that branches of the house of Shylock were operated in the bureau, laziness and insubordination, excessive drunkenness, contracts let without competition or any record in writing, defective bookkeeping, dishonesty, deception, forgery, perjury.

Sir Wilfrid Laurier replied that if all these things were proved there would be no need of further evidence.

Mr. Northrup then quoted extentively on the report of the Secretary of State to prove his contention that all these things had been proved.

Hon. Charles Murphy in reply said there was no need for a further inquiry into the affairs of the printing bureau. As the Minister presiding over the bureau he had already held an enquiry and applied a remedy for the evils which were found to exist. The member for East Hastings was late in proposing an investigation, because one had been commenced in November, in 1908, and had been satisfactorily concluded.

Mr. Borden interrupted to say that he had asked for an enquiry into all Departments and that since the entry of Mr. Murphy into the House, Mr. Ames had also asked or an enquiry.

Mr. Murphy retorted that Mr. Ames' motion was made four months after he had commenced to investigate and that it did not refer to the printing department.

Mr. Northrup asked if the Minister had suppressed all the information in regard to wrong-doing in the department till June, 1910.

Mr. Murphy replied that he had suppressed nothing which should not have been made public. He charged Mr. Northrup with having been incubating with a discharged employe of the bureau. In regard to the Mortimer contract he said that the entire blame for it rested upon R. E. Cook, a former employe of the department, who had been dismissed.

The Senate yesterday discussed majority and minority reports of the committee which had dealt with the grain bill. Acting for the majority, Senator Lougheed moved to strike out the section which provides that no person owning or interested in any terminal elevator shall buy or sell grain or be interested in any other form of grain storage.

Senator Davis protested against this. He said Canada had been invaded by the United States grain handlers, who had built strings of country elevators and controlled most of the terminals at the lakes. He charged them with mixing and manipulating grain, and strongly advocated the bill as prepared as best able to meet the situation.

Sunk by Ice Floes.

St. Pierre, Martinique, April 26.—The loss of the French banking schooner Victor Helene of St. Malo, France, formerly the Gloucester fisherman Stranger, and of the French brigantine Bettina, the latter carrying passengers and merchandise from St. Malo, France, for St. Pierre, was reported here yesterday by vessels of the fishing fleet which brought ashore safely all who had been on board the sunken craft. The sinking of both vessels occurred on the Grand Banks after collision with ice floes.

Jurors Are Obstructive.

Viterbo, Italy, April 26.—The murder trial of the 36 Camorrists has been adjourned until Monday because of the illness of a juror.

The trial may be transferred to some other city, because of dissatisfaction on the part of some of the jury, who petitioned in vain for an increase in the fees. If one after the other is taken sick no progress can be made.

Committed Suicide In Cell.

Windsor, April 26.—Marcinus Ribble, a laborer, aged 45 years, committed suicide by hanging with a sheet in Sandwich jail Monday night. Ribble was arrested last Friday on a charge of indecently assaulting his seventeen-year-old daughter.

CASE IS TOO BIG A TASK FOR HIM

Noted Criminal Lawyer Will Not Take Defence in McNamara Case.

Special to the Review.

Chicago, Ill., April 26.—Clarence S. Darrow, the noted criminal lawyer, has refused to act for the defence in the McNamara case. His reason is that the work would be too strenuous for a man of his age.

New Moderator From Comber.

Woodstock, April 26.—A couple of hundred delegates are paying their own board in the city while attending the three days' annual meeting of the Presbyterian Synod of Hamilton and London. Monday night Rev. S. W. Fisher, B.A., retired as moderator, Rev. Dr. Smith of Comber being elected in his place. Dr. Smith is a former India and China missionary.

Historic Castle Burned.

Oldesloe, Prussia, April 26.—The ancient castle of Schulenburg was completely destroyed by fire yesterday. It was erected in 1643 and was filled with many objects of great historic interest.

Will Raise Steamer Ottawa.

Kingston, April 26.—The steamer Ottawa of the Thousand Island Steamship Co., which was partially destroyed by fire and sank near the wharf at Cape Vincent last fall, will be raised.

Driver's Arm Broken by Horse.

Cornwall, Ont., April 26.—Walter Smyth, son of Chief of Police Smyth and Donald Smyth, the well-known lacrosse and hockey player, met with a peculiar accident yesterday afternoon. They had driven out in the country and were approaching Harrison station, when the harness broke and the horse began to kick. Smyth, who was driving, had his arm broken and his hand cut, the latter wound requiring six stitches. Both men were compelled to jump out and the horse ran away, dashing headlong into the side of a slowly-moving freight train.

May Meet In El Paso.

El Paso, Texas, April 26.—This city may be chosen as the meeting place of the Mexican peace commissioners when they are appointed. The negotiations will take at least a fortnight.

Even Gen. Navarro, of martial mien and ferocious whiskers, is gentle as a lamb nowadays, according to reports from Juarez. The federal commander, it is said, has a cheery word for everyone, including the once-hated reporters. His cane swings jauntily as he makes his inspections, and there is a coin for each beggar who besets his path.

Fought Off Pirates.

Shanghai, April 26.—According to passengers who were rescued from the Pacific steamer Asia, after the vessel was wrecked on Finger Rock Sunday, the officers had to use their revolvers to keep a fleet of Chinese pirate craft at bay while the passengers were being transferred. Directly the Asia was abandoned the pirates looted her. It is estimated that the total loss of ship and cargo amounts to $1,500,000.

Ask License Reduction.

Kingston, April 26.—Kingston and Frontenac Temperance Alliance will ask the City Council to submit a by-law to the electors calling for reduction by twelve licenses. This will leave approximately one license for every 1,000 population. If this campaign is successful, it is possible it will be followed next year by another for local option.

Grace Cameron Released.

Kingston, April 26—Grace Cameron, the young woman who conducted a flim-flam campaign in Toronto several years ago, and raked in a good deal of money by presenting forged checks, was released from the penitentiary, having served a sentence of three years.

MURDOCH GETS 6-YEAR-TERM

Jarvis Lawyer Made Plea for Mercy, But—

Man Who Fleeced Clients Out of $10,000 Sentenced.

Cayuga, April 26.—Six years in the penitentiary was the sentence meted out here yesterday by Justice Douglas to J. Y. Murdoch, the Jarvis solicitor, who fleeced his clients out of $10,000. Four years of this sentence was on the charge of forgery and two years on each of the seven charges of stealing, the sentences on the latter charges to run concurrently. Murdoch asked for enlargement of the case for one week, stating that a petition was in circulation on his behalf, and also that there were certain legal matters to clear up in the interests of his creditors.

The judge stated that no petition could retaliate for all the offences committed and the petition would have no effect. He also stated that no doubt the sheriff would allow him a few days before removal, to make what amends he could on behalf of his creditors.

Asked if he had anything to say before sentence was passed, Murdoch stated that he would suffer a great deal, as he would have to look to something else for a living for himself and family. He was making what restitution he could, giving up everything he had, and intended as soon as possible to pay his creditors. The offences were committed under impulse, with the intention of making good, and if matters had not been brought to a crisis when they were he would, in a short time, have settled all.

The judge thereupon passed sentence and afterwards spoke kindly, yet firmly, to the prisoner. He believed that up to two years ago he had lived honestly, but now his home was broken up and the bright future he formerly had had passed away. He would have time to reflect during his confinement and hoped he would come out a better man. Judge Douglas stated that this was a painful duty for him, knowing Murdoch as he had for a number of years. The prisoner was then returned to his cell.

Murdoch took his sentence coolly. He will probably be conveyed to Kingston on Friday. Very few spectators were present when sentence was given.

DETECTIVE BURNS IS PUT IN THE COOLER FOR KIDNAPPING

Celebrated Sleuth Who Arrested McNamara Has Tables Turned on Him When Constables Take Him to Jail Charged With Illegal Move In Making His Capture—Leaders Declare Whole Thing a Plot.

Indianapolis, April 26.—Detective Wm. J. Burns last night was served with a warrant, charging him with complicity of kidnapping of J. J. McNamara, secretary and treasurer of the International Association of Bridge and Structural Iron Workers, said to be implicated in the Los Angeles Times' explosion. Three lawyers were arraigned yesterday on the same charge, and they spent two hours in jail because of delay in obtaining bonds for them. They are Walter Drew and J. A. G. Badorf, of New York, counsel and assistant counsel for the National Erectors' Association, and W. Joseph Ford, assistant district attorney of Los Angeles.

Burns was arrested in a street as he was going to the Court of Justice of the Peace Manning to surrender himself. Constables had searched for him all day. He was released under $10,000 bond, to appear before the grand jury.

The hotel at which Drew, Ford, Badorf and Burns and his operatives have been staying was searched for Burns by constables who seemed bent on going into ever corner, until the hotel management declared that they should not intrude on guests.

Drew, and Badorf, soon after this order had been issued, came into the lobby of the hotel and announced they had forcibly taken a constable from a corridor leading to their rooms and sent him to the first floor in an elevator. This constable, Daniel J. Barton, obtained in the Police Court a warrant charging Drew with assault and battery, but the warrant was not served.

A Plot They Say.

New York, April 26—Timothy Healy, president of the International Brotherhood of Stationary Firemen, one of the best-known labor leaders in the country, joined with Samuel Gompers here yesterday in denouncing the arrest of the McNamara brothers and McGonigal, as a plot against labor by capital. During the recent car strike at Philadelphia, he said, he had frustrated a plot to "plant" dynamite in his hotel room, and then blow up one of the transit companies' power houses.

"Knowing what they were willing to stoop to in my own case, is it not reasonable for me to believe," he said, "that the men under arrest are the victims of a similar and more successful conspiracy. Capital will stoop to anything to retain its grip on the throats of the workers of this country.

"I know Jim McNamara personally. I know him to be an honest, law-abiding citizen, and incapable of the outrage attributed to him by the enemies of labor.

"It is not difficudt for capital to find thugs who will commit crimes that are later fastened on the shoulders of honest men. I tell you these dynamitings that have been occurring all over the country during the past years are only a part of a plot that capital has framed, in a last desperate effort to crush labor unions.

"But if money will buy tools it will also hire able lawyers, and labor will see that the McNamaras and any others who may be arrested with them have the best talent in the country to defend them."

Sued For $6,000.

Cornwall, April 26.—Sir William Mulock is presiding at the assizes, which opened here yesterday morning. The docket is a light one, consisting of one criminal action and six on the civil list. Several cases have already been disposed of, including that of Mrs. Lydia Dooley of Avonmore v. the Attorney-General of Ontario, administrator of the estate of the late George McMillan of Avonmore, who died intestate and without heirs. Mrs. Dooley sued for $6,000 for wages, but the bulk of this was outlawed by the statute of limitations. A compromise verdict of $750 and costs was permitted.

Miss Joubert was acquitted on two indictments of appropriating postal notes and having them cashed.

Rebels Routed In Morocco.

Tangier, April 26.—Further news from Fez, received by the British legation last night, says that the route through the Muledjamas territory is now open, and the consuls have decided to allow Europeans wishing to leave the city, to do so.

Capt. Bremond, in charge of the French column, and the sultan's forces, had a sharp fight with the Cherada tribesmen, who are trying to intercept a supply column from Alcazar. The rebels were completely routed by the artillery fire. The French losses are not serious.

Won't Touch St. Lawrence.

Ottawa, April 26.—Hon. L. P. Brodeur announced to the Marine and Fisheries committee yesterday morning, at which representatives of Canadian shipping interests were present to consider amendments to the Shipping Act, that, after consultation with the Dominion Marine Association, he thought it would be just as well to leave the act alone as regards the St. Lawrence.

G. W. Kyte, M.P., said the whole pilotage question was involved in the sections to be dropped, and suggested that it should also be left over. This, however, did not meet the views of the committee.

Labor Legislation.

Melbourne, Australia, April 26—New labor legislation is to be brought forward by the Commonwealth Government.

Wage's boards will be created together with a court, and industrial arbitration established to settle appeals, strikes will be prohibited, and strikers who refuse to recognize the courts provided for the settlement of disputes will be heavily fined.

Tragedy at Glace Bay.

Halifax, April 26.—A shocking tragedy occurred at Glace Bay late on Monday night near the close of a labor meeting, which resulted in the shooting of William Bryant, a miner, and Michael Murphy, by a man named Beal. Bryant was instantly killed and Murphy died in the hospital.

LIGHTING SYSTEM AT LIFT LOCK

As Aid to Navigation After Dark—Will be Similar to That at Kirkfield

A lighting system is to be instituted at the lift lock and is to be in operation about May 24th. The system will be similar to that at Kirkfield lock and will give light five hundred feet on either approach. This will greatly assist navigation after dark.

The lock will be opened as soon as the ice leaves the navigation routes. Last year it was in operation April 7th.

AMENDMENTS THROWN OUT

Asquith Ministry Applies Kangaroo Closure.

London, April 26.—Monday's session of the House of Commons was again continued into the small hours of the morning. It was noticeable by reason of the Prime Minister invoking the so-called "Kangaroo" closure, whereby whole pages of amendments to the Parliament bill for the curtailment of the powers of the House of Lords were skipped at the chairman's discretion.

An important amendment proposing a joint session of the two Houses in cases of disagreement was opposed by Mr. Asquith, on the ground that such a plan would always give the House of Lords the last word in legislation, and in his opinion it would be impossible to devise a scheme which would not place the representative body at the mercy of the second chamber.

This amendment and another proposing instead of a joint session, a conference of ten members from each House, were both rejected by large majorities.

After this, a number of amendments, selected by the chairman for the most part, proposing various modifications on the delaying powers of the House of Lords, were all rejected, after the application of closure.

A Grass Fire

The fire department received a telephone call at 9.55 o'clock this morning to the home of Mrs. Margaret Chittick, 592 Aylmer street. Grass fire. No damage.

BUNCO MEN ARE WORKING GAME

Green Goods Fraternity Busy in Ontario.

Toronto, April 26.—Supt. Rogers of the Ontario provincial police, is sending out a warning to the public against the plot of United States "green goods" men and counterfeiters to work Ontario people. Mr. Rogers says that the Yankee "green goods" fraternity obtain Canadian directories and address letters to intended victims. The letters state that the name of the recipient has been given as that of a shrewd man.

The writer then states that he is an expert engraver, and formerly was employed by one of the largest bank note companies. He confides to his intended victim that he has spent his spare time in producing plates duplicating one, two and five-dollar bills. On the face of it the offer is an attempt to make the recipient of the letter a party to the fraud.

OBSERVATION OF SABBATH LAX

Says the Report of Social and Moral Reform Association.

Special to the Review.

Woodstock, April 26.—The presentation of the Social and Moral Reform report at the Hamilton-London Synod meeting here to-day was received with warm comment and criticism. The report stated, among other things, that there was a growing laxity in the observation of the Sabbath.

THIRTY YEAR OLD MARRIAGE WILL BE MADE TEST CASE

Mixed Marriage That Resulted in Separation to go Before Courts.

Montreal, April 26.—On the ground that when they were married [illegible] years ago he was a Protestant, and his wife a Roman Catholic, George Dowden of this city is now seeking the annulment of his marriage before the Supreme Court, through his attorney, Mr. Joseph Archambault of Rodier & Archambault.

According to Dowden's statement, as contained in the court record, after they had lived together for some years, Dowden's wife was told that her marriage with the plaintiff was invalid. Under this impression she left him fifteen years ago.

The other grounds he puts forward for separation are that his wife was a minor when he married her, and that they did not have the authority of her guardians, that the bans of matrimony were not published, and therefore could not legally marry one who had been.

Very likely this will be made a test case and taken to the Privy Council to decide the validity of the Quebec marriage laws [illegible]

Thought It Was Temperance Beer.

Brantford, April 26.—J. A. Spittall of the King's Hotel was yesterday fined $100 for the sale of spirituous liquors without a license, and the Rock Brewing Co. of Preston, which supplied the beer, was taxed $20. Mr. Spittall claimed that he thought the beer was of the temperance variety. The beer on analysis was found to contain an alcoholic percentage above the legal figure.

DYNAMITE WORK AT VANCOUVER

Police Declare Explosion at Building Was a Plot.

Special to the Review.

Vancouver, B.C., April 26.—A four-storey building, under construction here, was damaged by an explosion today. The police declare that there was a deliberate dynamite plot behind the trouble.

TRY A REVIEW WANT AD.

DEMOCRATS FREE LIST BILL IS BUMPED BY REPUBLICANS

Inaccuracy, Indefiniteness and Other Things Are Alleged Against Measure Brought Into House of Representatives — Agricultural Implements Are on Schedule For Free Entry—Capable of Stretching.

Washington, April 26.—The Democratic free list bill, characterized by the Republicans on the ways and means committee as a political soothing syrup, was roughly handled in the House of Representatives yesterday afternoon by its political enemies on the Republican side.

Mr. Underwood, Democratic chairman of the ways and means committee, introduced it to the House in an hour's speech shortly after the session convened at noon. Then it was left to the mercies of Representative Mann of Illinois, leader of the Republican side.

Mr. Mann declared that the free list bill introduced by the Democrats as the first of their tariff measures was drawn inaccurately, indefinitely and with such general language that it might be stretched to include almost half of the imports on which the U.S. now collects tariff revenues.

The free list bill puts agricultural implements "of any kind and description" on the free list. Mr. Mann expressed the belief that this could be stretched to include the free entry of saws, axes, forks, garden hose, hayknives and almost everything else that a tiller of the soil ever uses.

He said the bill was so drawn that it would admit free the leather from which the farmers' shoes were made, but would exclude that from which his wife's shoes were made. It put a premium on foreign labor, he said, by permitting these special kinds of leather to come in free when they were partly made up.

Mr. Gardner of Massachusetts attacked the measure and the Democratic policy of promising to "reduce the cost of living without reducing wages paid in the United States." He asserted that in putting articles on the free list the Democrats had discriminated against the farmers and manufacturers from the northern states, while leaving protective duties on tobacco, sugar, rice, oranges and other articles produced in the southern states.

Messrs. Adair of Indiana, Russell of Missouri and Adamson of Georgia spoke in favor of the measure.

KIDNAPPING AFFAIR A JOKE

Is Generally Regarded as Such—Burns Before Grand Jury.

Special to the Review.

Indianapolis, Ind., April 26.—Detective Burns was called before the grand jury this morning and questioned for fifteen minutes, and then left for Chicago. The Chicago kidnapping case is generally regarded as a joke.

To Build New Railway.

Montreal, April 26.—A cable from J. N. Greenshields, K.C., states that a syndicate has been formed in London for the construction of a railway from the Saguenay River to Cape Charles Bay, on the east coast of Labrador, a point 650 miles from Quebec. Montreal people, including Rodolphe Forget, are interested in the enterprise, which will connect with the Quebec and Saguenay line, which M. J. O'Brien will build during the next 18 months to Murray Bay, 90 miles from the ancient capital. Jim Hill had his eye on this route several years, but it remains for English and Canadian capitalists to test the practicability of the scheme. The promoters say that Cape Charles Bay is open all the year round, and from that port fast steamers will make Liverpool in 52 hours, or land mails in Chicago thirty hours before they could reach New York by any of the other routes.

ETHEL LENEVE IN MONTREAL

Reported That She Has Given Birth to Child.

Special to the Review.

London, Eng., April 26.—It was reported here to-day that Ethel Leneve has given birth to a child in Montreal. Since the execution of Crippen the whereabouts of Miss Leneve have been a mystery, but it has been generally understood that she was sent to Canada by a colonization society.

There are no criminal cases on the Ottawa Assizes docket.

TThe Evangelical Conference in session at Zurich, voted 43 to 10 in favor of continuing negotiations for union with the Methodist Church.

A deputation of the city and county councils has left to visit Stratford and Cobourg jails to get pointers for the new one to be built in Guelph.

BETWEEN YOU AND ME

It was Rubber for the citizen's committee.

—o—

Peterborough's 400 was responsible for the by-law not carrying yesterday.

—o—

The people of the U.S. spent $25,000,000 on chewing gum last year. $24,000,000 was spent by girls contemplating matrimony—training their jaws for the fray.

—o—

If the Isolation Hospital is to be called Queen Mary, let's call the Smith street bridge Reciprocity.

—o—

We don't want small things like rubber plants here. We want gold mines handed to us, backed by a government guarantee.

—o—

If a million dollar concern came along, and offered the city $40,000 for the privilege of locating here, it might by hard work succeed in getting the people of Peterborough to accept it.

—o—

J. Israel Tarte used to say that elections were not won with prayers. A good many people thought yesterday that the by-law would carry by good wishes.

"Was Fading Away"

A Young Woman—Scarcely Thirty—Seemed to Be Dying on Her Feet.

Dr. Hamilton's Pills Cured

"I think it should be the duty of the schools to teach children how to keep well," writes Miss Nannie E. Naydon, a well-known and highly esteemed resident of Bristol. "Ignorance of the laws of health and the use of improper remedies destroyed my vigor, and led me to the verge of invalidism. I was as a girl ruddy and strong. Nothing seemed to affect me until I was about thirty. Then gas began to form in the stomach. I suffered with bloating and a general failure in strength set in. If I went upstairs my breath hurt. My system was very irregular, and until I grew pretty bad I didn't pay much heed to my condition. Then I got blue, worried all the time, wakened in the night, and couldn't get to sleep again. None of the medicine I took helped me. One day I was reading of a very interesting case like mine cured by Dr. Hamilton's Pills. I took the same treatment. It was just right—didn't physic me to death, but took hold of the weak, sick parts of my system, and set things right. It seems as if Dr. Hamilton's Pills have made me young again, and all my color, spirits, vigor, and health of former days have returned to stay."

Every girl and woman should use Dr. Hamilton's Pills regularly. They help a woman in many ways. Beware of the dealer who asks you to take an inferior pill on which his profit is larger than on Dr. Hamilton's. Sold in yellow boxes, 25c per box, all dealers, or The Catarrhozone, Co., Kingston, Ont.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

PUTNAM'S PAINLESS CORN EXTRACTOR

The Daily Review

WEDNESDAY, APRIL 26, 1911.

THE TIRE CO. BY-LAW

As was feared, by those in charge of the Tire by-law campaign, indifference by many property-owners was the means of defeating the by-law. The vote cast was 12 to 1, in favor of the by-law; but it wasn't enough, the vote not cast being deadly effective. Of a total of 2,700 votes on the list, but 1,320 were cast, only half of the voters going to the polls. When sixty per cent of the total list is required by law for the carrying of such a by-law, it will be seen that only great interest on the part of the property-owners can pass a by-law, and in this case the interest was not manifested.

This is to be sincerely regretted, after all the energy spent in trying to get another industry on what looked to be a reasonable basis, and it is especially distasteful to those 1,200 voters who were anxious to get the new factory, and cast their votes at considerable trouble to themselves, only to find their good work nullified by the indifference of others. However, the property-owners as a whole have seen fit to refuse the factory, by indifference, and Peterborough must suffer as a consequence.

The defeat of this by-law may have the effect of deterring other factories from trying to locate in Peterborough, when cities like Berlin, Guelph and St. Catharines are offering big inducements, and taking an interest in getting them. However, it is to be hoped that the effort by those interested in pushing forward the progress of the city will not be relaxed; but will finally triumph over the apathy of a section of the people and wrest success out of failure.

It was understood that a committee of citizens were interesting themselves in pushing the carrying of the by-law, being animated by the best of motives to do what they could to ensure its passing. Seeing this was the case, the council did nothing as a body to assist, no doubt feeling that it would stand to one side and see how the civic committee won its spurs so to speak. Several of the aldermen worked, but as individuals. This council, as a council, showed no practical interest in the outcome. The citizens' committee did some things, but fell down on actual work. The crucial test is to get out the vote. This, it is felt, was not done. Hearty effort and zeal, personal service, on the part of citizens would have carried the by-law. There was some work, but not nearly enough. If the citizens' committee cannot do better it might leave the responsibility to other hands next time.

This criticism is not meant to be captious. The real power to ensure the getting out of the vote was to have had plenty of vehicles, men to drive, men to see the voters come out. All this costs money. There is no fund from which to draw. It is all voluntary. Rigs and men cost money. Rigs and men are worth paying for service. Without pay the volunteer effort is only mild.

For instance: A personal canvas of polling division No. 18 was made, from house to house. Assurances were given that 85 per cent of the freeholders would support the by-law by voting for it. As a matter of fact, those who did come out to vote did not number as many as promised to vote from one division. The vote was there, it was willing to be brought to the polls, and it was not brought.

It is of little use to declaim against the three-fifths majority called for by the regulations. That stipulation is there. It can be met by bringing out the vote. Freeholders were not adverse to supporting the by-law. They only lacked sand enough to walk to the polls—those who did not vote.

Such a by-law can be carried, but it will call for a different organization and much more earnest work than was shown yesterday.

WOMEN AND THE LAW

Mrs. Gordon, of Ottawa, Dominion Evangelical Superintendent of the W. C.T.U., says that women alone should make the laws that govern them and their children—all laws relating to the home life. She points out that the law of Quebec permits marriages of girls twelve years of age. This should never be, as all will admit. Women would not permit such barbarism. Yet while woman would do much for her sisters in a legislative way, perhaps, Mrs. Grundyism would not disappear. "Woman's inhumanity to woman" was never more manifest than in the treatment they hand out to those of their sex who have socially offended. A woman who has made a great error finds out that it is from her sister women, that she gets the harsh treatment, the scorn and contumely that wrecks and embitters her whole life. At the same time, in a legislative way women would do much to regulate and direct wholesome and beneficial legislation, provided they were held to reasonable limits.

NEW FOOD FOR COWS

The wisdom of certain of our Provincial governments in compelling the manufacture of pulp on the Crown Lands and prohibiting its export finds fresh testimony in a "discovery" made by a Mr. Cook, of Texas. It will be gathered from the following from the Paper Mill, the official organ of the trade in the U.S.A., that the "manufacture" of beef has to be added to the useful properties of pulp. The Paper Mill says: "We confess that we have always believed in the future of wood pulp, and while at times our spirits and enthusiasm have been dampened by the claims of some selfish and biased people, who have claimed that the industry was going to the de'il we have steadily kept alive the vital spark of the belief to which we refer. Now we have been rewarded. Wood pulp has demonstrated its usefulness in many ways. It has been used in making paper, paper mats, coffins, linings for women's sleeves and men's ulsters, and in a large variety of more or less useful other articles. However, now it is coming into its own as a cattle food. Mr. Cook, who combines in himself the good qualities of a name, a Texan, a millionaire, a dairyman, and a market gardener, is the man whom the wood pulp men will now rise up and call blessed. Mr. Cook is an observing man and in his tramps through the woods he noticed that the deer ate the buds and tender shoots of the trees and shrubs. He reasoned that the internal decoration and economy of the cow, was on the same plane as the deer, and at once reached the conclusion that if twigs, etc., were good for a deer, wood pulp was good for a cow. Not only is Mr. Cook a man of observation, but likewise of action. He immediately secured some twigs, and, reducing them to a pulp with a hammer, offered them to "Bossy." Nothing doing. "Bossy" turned up her nose at the new tidbit. Cook, however, persisted. He had seen babies forced to take castor oil by the device of holding their nose and compelling them to take the oil in lieu of anything else. The ingenuity appealed to him and he removed "Bossy's" regular ration and substituted the new provender. "Bossy" ate it. She had to. There was nothing else to eat, and, having thus fallen from gastronomic grace, has continued the habit ever since. In fact, she now prefers ground food to timothy and clover. Cook pushed his luck. He secured some "machine made" ground wood, and the ecstacy of the bovines at the new breakfast food clinched its adoption as a regular number on the menu, and now, 300 cows have been fed on it for six months. It was also discovered that the new food contained a larger amount of protein than the old fashioned diet, and that the cows not only fattened on it, but gave an increased amount of milk. This Texan genius, however, has not realized the full possibilities of his discovery. Wait till he has a talk with some full fledged pulp man and learns about bleached and unbleached sulphate, bleached and unbleached sulphite, bleached and unbleached soda, kraft and brown boiled, and he will then grasp the idea of a varied menu that will prevent the cloying of his cows' newly acquired appetite."

EDITORIAL NOTES

Now that Quebec has decided on compulsory vaccination, it will not be worth while looking for any more Napoleon Lajoies in the lower province for quite a while.

Chairman Mabee, of the Railway Commission, has peremptorily ordered the railways to get busy on the Toronto viaduct, giving them a two-year limit for completion. Counsel for the corporation, hemmed and hawed, but it was no go. That's the sort of a commission to have—one with a backbone.

It is sincerely to be hoped that the move in Montreal to have the thirty year old marriage of George Dowden and his wife annulled, will be carried to the privy council as a test case. There is nothing in dispute, as Mrs. Dowden left her husband fifteen years ago, being told there had been no marriage, except the law, and this should be made distinctly clear.

The Quebec boot and shoe factories in concluding a $20,000,000 merger, are offering another evidence that Canada is coming rapidly to the day when the government will have to fight powerful business combinations on behalf of the people. The history of the United States in regard to control of the trusts will be repeated in mild form, in Canada.

The Western Federation of Miners proposes to levy $5 on each of fifty thousand members to provide a defence fund for the man McNamara, charged with complicity in the dynamiting of the Los Angeles Times building, and in other outrages. The fight between unionism and capital promises to develop some Black Hand methods not in consonance with reason or justice.

Mrs. Thornley, of London, has given the ministerial association of that city, twenty or thirty actual instances of immoral practices by school children of the city, instances that she personally knows of, and can substantiate with names if necessary. Mrs. Thornley is clear in saying that these evils do not arise in school hours, but afterwards, school being merely the congregating place for the children. If these practices, of which Mrs. Thornley complains, do not arise from the schools, it would seem hardly fair to place the blame and responsibility for them on the schools. The responsibility really lies at the door of the parents who are wilfully careless about their children's welfare, and who do not inquire or try to find out what their children do after being dismissed.

HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN
Wholesale Druggists, Toledo.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system. Testimonials sent free. Price 75 cts. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Old Time Theater Rowdies.

Rowdyism in London theaters was a common occurrence in the old days, as is shown by the following from the London Post of Oct. 27, 1798:

"Two men in the pit at Drury Lane theater last night were so turbulent and riotous during the last act of 'Henry V.' that the performance was interrupted upward of a quarter of an hour. The audience at last asserted their power and turned them disgracefully out of the theater. This should always be done to crush the race of disgusting puppies that are a constant nuisance at the playhouse every night."

Saves Time on the Farm

THE farmer with the Bell Telephone Service at hand doesn't have to travel in rainy weather.

The Bell Telephone Service saves him all that. There are always a lot of rainy-day chores about the farm.

Instead of spoiling a day going to town, the farmer goes to his Bell Telephone and does his business. The time saved can be spent profitably.

That is why he would not think of being without the Bell Telephone Service. It is poor economy to try to get along without it.

Peterborough Exchange, 1375 Subscribers including 145 on Rural Lines.

Every Farmer needs Telephone Service in his business.

Favorable Rates and a large Exchange Service make the Company's proposition attractive.

If you are interested, ask the Company's Local Manager for particulars, or write

THE BELL TELEPHONE COMPANY OF CANADA, MONTREAL.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

"Thank God!" said Virginia.

"Did you find a way down?" asked Carson of Craighead, all unconscious of the nearness of what he sought.

"Only the old way by which I came off the back stoop of the emporium," replied Craighead, who had been skirting along the edge of the parapet. "It's a matter of specific gravity. As to getting back, unless you brought your specific levity with you I really don't see, old chap, how it's going to be managed."

"Once down I can force my way up," said Theodore, raising his voice in his intensity. "Do you think I'll go back without seeing her? No! You stay here, and"—

"Mr. Craighead!"

The voice came from the darkness of the house, cool and calm.

"Present!" answered Craighead. "But don't shoot! I'm a starving man, in charge of a maniac"—

"Please come here," said the voice.

"Virginia!" cried Carson.

"Please tell your friend," said the voice, "that if he presumes to address any person except yourself this window will be closed!"

Craighead approached the glimmer of white drapery, and Virginia gave him her hand, which he gallantly kissed.

"You may tell your friend," said Miss Suarez, "that his coming here is a foolhardy thing and quite uncalled for. No one here either can see him or would if she could."

"You hear, old man?" queried Craighead. "The imprisoned damosel saith it's all a mistake. She don't want no knight. This balcony business lacks appeal, being hackneyed and overworked. It's no go, colonel—except for you."

"You may tell him," went on Virginia, "that his movements have been reported and the Aerostatic Power company is about taking legal steps—I don't know what—to contest with him—I don't know what!"

"That's in my department," replied Craighead. "And tell your friend that we shall be with him in the courts."

A murmur of voices arose from the court, and lights flashed out, illuminating the roof.

"I can't go," said Carson. "I must speak. I was wrong not to tell you of your mistake, but I loved you from the moment I picked you up from the sand and carried you into the cabin. I couldn't say you had no place to go. I wanted you, and I didn't think of anything that—that could remind me of—of—of your reputation"—

"Mr. Craighead, tell your friend," went on Virginia, and her voice now faltered, "that I shall consider what he says and that I shall cease to be angry by ceasing to remember him. And now go!"

"We are here for no bad purpose," said Theodore firmly, "and we shall not fly"—

"Foolish boy!" cried Virginia. "They will confine you at their pleasure through officers that can act legally and study the airship and steal your creation. Go, I beg of you—go!"

There were a knocking at the door and loud voices demanding admission. Virginia extended her hands imploringly as she spoke, and Theodore seized them.

"I will go," said he, "when you tell me when I may seek you and make my explanations. I have the right, Virginia!"

"Oh, oh!" she cried. "You are cruel! You are putting the blame of your ruin on me! Go, go!"

"When may I see you again?"

"When you have won your fight for the Virginia," answered she, "when the fruits of your genius are saved to you—if you will go at once—or when you are completely ruined, maybe!"

"Hurry, old man!" cried Craighead. "They're putting up ladders."

Shayne's voice was heard outside the door, giving orders that it be broken in, and some person hurled himself against it unavailingly. A flat cap appeared above the roof, and as the man under it mounted the ladder, carrying a pistol, Craighead seized an overturned chair and, screwing its legs into the breast and face of the scaler as he fired a shot, dumped him neatly into the arms of three or four servants in the court, after which he examined the chair leg, shouting, "No meat on it; I shall starve!" and threw the chair down after the man. Leaping into the car, he shouted to Carson to come or he would have to walk.

"OH, THEODORE, GO, GO!"

The discharge of the pistol admonished Theodore of the seriousness of his situation and emphasized Virginia's pleading. He clasped her in his arms. She feebly pushed him off, but yielded to overpowering force.

"I shall come again—for your love," said he.

"I promise nothing," she whispered, "except to consid— Oh, Theodore, go, go! Please, for my sake, go!"

Her face was upturned in pleading, and he kissed her mouth, once, twice, and as her door crashed in he gently released her, leaped into the car with Craighead and threw on the clutches. The aeronef, rising, soared above the great house and sped off into the night amid the whizzing of bullets and the crackling of firearms.

CHAPTER XVII.

A BATTLE FOR THE AIR.

"WHAT is the business, Mr. Craighead, of the Universal Nitrates and Air Products company?"

Mr. Craighead, looking down into Broadway from the window of his office, turned to the group of reporters.

"Gentlemen," said he, "you are crass Roman soldiery. I am Archimedes making calculations, and instead of allowing him to equate his equations you javelin him with questions. Tell the journalistic Marcelli who sent you that Ark won't be disturbed!"

"But about the Universal Nitrates and Air Products company," said a fat man with perpetually poised pencil, "and its connection with the aeronef company?"

"Merely fortuitous," replied Craighead. "The aeronef company is an ephemeral agency for profit—and I scorn it!"

"But you are a director?"

"Oh, yes! Oh, yes!" replied Craighead. "But the greater things had not occurred to me when I went into it. I was ill. I was under a claim. I was chemicalizing in that reaction which results in the product known as tungstate of alcoholism or magalo-conversation. A natural monopolist, General Theodo' Cahson, M. A., took advantage of my weakness and got me into it. Honor rooted in dishonor stands, and faith unfaithful keeps me falsely true, and I stay with him in his fight with Aerostatic Power. Then I shall give my whole attention to the Universal Nitrates and Air Products company, which is to the Carson-Craighead aeronef as the rings of Saturn to those of a faro bank. And, to originate a phrase, that's going some!"

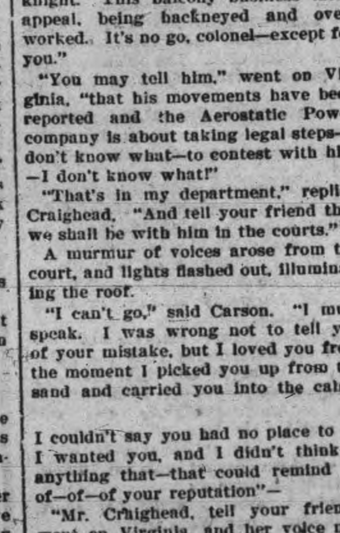
To be Continued.

Saturday's wreck on the Kowie Ry., South Africa, when a train crashed 250 feet into a gorge, cost 32 lives. One girl, caught in the debris of the bridge, was saved.

A five days armistice has been agreed on in Northern Mexico.

A Real Lung Tonic

There are many preparations that will *relieve* a cough—few that will *cure* it. The first class, containing such drugs as Opium and Morphine, simply deaden the irritation and stop the cough, but do little or no permanent good.



Rev. Father Morriscy

"Father Morriscy's No. 10"

does not contain a trace of these dangerous drugs, but is an absolutely safe and scientific preparation of Nature's own remedies—Herbs, Roots and Balsams.

It entirely removes the irritation that caused the cough, by cleaning out the mucus, stopping the inflammation and healing the delicate membrane of throat and lungs.

Moreover, it tones up and strengthens the whole system, particularly the lungs, and protects against future coughs and colds.

Trial size 25c. per bottle. Regular size 50c.

Liverpool and Chicago Wheat Futures Close Lower—Live Stock—Latest Quotations.

CHICAGO, April 25.—Fine rains falling in the dry sections of Kansas, Nebraska and South Dakota carried down wheat prices to-day. There was a weak close, with last figures ½c to 1c to 1⅛c under the level of twenty-four hours before. At the final gong corn varied from the same as the previous night to ⅛c up; oats were ⅛c to ½c down, and provisions were 5c to 30c advanced.

The Liverpool market closed to-day ⅝d to ⅞d lower than yesterday on wheat, and ⅝d to ⅞d lower on corn. Berlin and Antwerp closed unchanged for wheat, Budapest 1½c higher, and Paris unchanged to ⅜c higher.

Liverpool Grain and Produce.

LIVERPOOL, April 25.—Closing—Wheat—Spot dull; No. 2 red western winter, no stock. Futures weak; May 6s 9⅞d, July 6s 9 d, Oct. 6s 8¾d.

Flour—Winter patents dull, 27s.

Hops—In London (Pacific Coast), firm, £4 10s to £5 10s.

Montreal Grain and Produce.

MONTREAL, April 25.—Cables on Manitoba spring wheat were weaker; bids 4½d per quarter lower than yesterday, and demand very limited. The foreign demand for oats continues good, and, as bids were in line with exporters' views, sales of 150,000 to 200,000 bushels were made. The local market was easier in sympathy with a further decline in the Winnipeg May option, but prices here show no actual change as yet. The export trade in flour was quiet again, but the demand from local and country buyers is fair, and now that navigation is practically opened for the season, a steady increase in the movement is anticipated.

Oats—Canadian western, No. 2, 40¼c to 40½c, car lots, ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39¼c to 39½c; No. 2 local white, 38¼c to 38½c; No. 3 local white, 37¾c to 38c; No. 4 local white, 36¾c to 37¼c.

Flour—Manitoba spring wheat patents, firsts, $5.30; seconds, $4.80; winter wheat patents, $4.50; strong bakers', $4.60; straight rollers, $4 to $4.25; in bags, $1.75 to $1.85.

Corn—American, No. 3 yellow, 60c to 60½c.

Millfeed—Bran, Ontario, $23 to $24; Manitoba, $22 to $23; middlings, Ontario, $25; shorts, Manitoba, $24 to $25; mouillie, $25 to $30.

Dressed hogs—Abattoir, $9.25 to $9.50 per 100 lbs.

Beef—Plate, half-barrels, 100 lbs., $9.75; barrels, 200 lbs., $17; tierces, 300 lbs., $25.

Lard—Compound tierces, 375 lbs., 9¾c; boxes, 50 lbs. net (parchment lined), 9⅞c; tubs, 50 lbs. net, grained, two handles, 10c; pails, wood, 20 lbs. net, 10¼c; tin pails, 20 lbs. gross, 9½c.

Pork—Heavy Canada short cut mess, barrels, 35 to 45 pieces, $22.50; half-barrels, $11.50; Canada short cut and back pork, 45 to 55 pieces, barrels, $22; Canada clear pork, barrels, 30 to 35 pieces, $20; bean pork, small pieces, but fat, barrels, $16.50.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11⅝c.

Butter—Choicest, 22c; seconds, 20c to 21c.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, April 25.—The railways reported 101 carloads of live stock, consisting of 1615 cattle, 1226 hogs, 595 sheep and lambs, 446 calves and one horse.

Butchers.

Choice butcher cattle sold at $5.75 to $5.90; good, $5.50 to $5.70; medium, $5.15 to $5.35; common, $4.85 to $5.15; cows, $3 to $5.25; bulls, $4.50 to $5.25.

Stockers and Feeders.

There was a good demand for stockers and feeders. Feeders, 900 to 1050 lbs. each, sold from $5.40 to $5.50; feeders, 800 to 900 lbs., at $5 to $5.25; stockers, 600 to 750 lbs., sold at $4.50 to $5.

Milkers and Springers.

There were a few good cows on the market, probably 15 to 20, but the rest were common, medium and late springers. Prices ranged from $40 to $70, but very few at the latter price.

Veal Calves.

Receipts large, trade slow, and prices easy at $3 to $6.50 per cwt., the average price being about $5 per cwt.

Sheep and Lambs.

The bulk of the offerings in the sheep barns was of American origin, that had paid 25 per cent. duty, and then were able to compete at a profit against our Canadian lambs.

Wesley Dunn sold 350 Chicago yearling lambs that cost $4.75 at Chicago, freight 19½c and duty 25 per cent., and Mr. Dunn got $6.65 per cwt. off cars for them.

Canadian lambs sold at $6 to $6.50 with a few at $6.75.

Sheep, ewes, $5 to $5.25; rams, $4 to $4.50; spring lambs, $3 to $6.

Hogs.

Selects fed and watered at the market, $6.50, and $6.20 f.o.b. cars at country points. Heavy hogs over 220 lbs., 50c per cwt. less than above prices.

East Buffalo Cattle Market.

EAST BUFFALO, April 25.—Cattle—Receipts, 150 head; market fairly active and steady; prime steers, $6.30 to $6.40; butcher grades, $3 to $6.25.

Calves—Receipts, 200 head; market slow and steady; cull to choice, $4.50 to $6.50.

Sheep and Lambs—Receipts, 3200 head; market fairly active and steady; choice lambs, $6.35 to $6.50; cull to fair, $4.50 to $6.25; yearlings, $5.25 to $6.50; sheep, $2 to $4.90.

Hogs—Receipts, 1700 head; market active and steady; yorkers, $6.40 to $6.50; pigs, $6.50 to $6.55; mixed, $6.40 to $6.45; heavy, $6.30 to $6.40; rough, $5.25 to $5.30; stags, $4.25 to $4.75.

New York Live Stock.

NEW YORK, April 25.—Beeves—Receipts, 1000; no trade.

Calves—Receipts, 287; market slow and weak; veals, $4.50 to $6.75; culls, $4.

Sheep and Lambs—Receipts, 2300; steady; wooled sheep, $3.50 to $4.75; clipped, $3 to $4.25; unshorn lambs, $5.50 to $6.60; clipped, $4.50 to $5.60.

Hogs—Receipts, 2250; market steady, at $6.40 to $6.70.

Chicago Live Stock.

CHICAGO, April 25.—Cattle—Receipts estimated at 2500; market slow and weak; beeves, $5 to $6.50; Texas steers, $4.60 to $5.50; western steers, $4.80 to $5.50; stockers and feeders, $4 to $5.60; cows and heifers, $2.40 to $5.65; calves, $4.50 to $6.30.

Hogs—Receipts estimated at 12,000; market steady to a shade higher; light, $5.80 to $6.20; mixed, $5.85 to $6.15; heavy, $5.65 to $6.10; rough, $5.65 to $5.85; good to choice, heavy, $5.85 to $6.10; pigs, $5.80 to $6.15; bulk of sales, $5.95 to $6.05.

Sheep and Lambs—Receipts estimated at 15,000; market weak; native, $3 to $4.60; western, $3.25 to $4.60; yearlings, $4.25 to $5.25; lambs, native, $4.45 to $6.10; western, $4.75 to $6.15.

CARTER'S LITTLE LIVER PILLS.

CURE Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

CONSULTING the TIME-TABLE

AFTER THE TRAIN IS MISSED DOESN'T ADD VERY MUCH TO THE BEAUTY OF THE STATION

No, nor will wasting time moaning over yesterday's failures make successes out of to-day's opportunities.

Neither doth it profit a man to learn, after a fire, that the company some one recommended was "N..G" You can't change it then. To-day you can select the best.

You aim for the BEST when you select a bank or take a partner in business. WHY NOT DO THIS IN FIRE INSURANCE? The value of a fire insurance policy depends largely upon the character and methods of the company which issues it. Our aim in this advertisnig is to get property owners to use the same foresight about fire insurance that they do about other business matters. We will accomplish much if we succeded. Demand a policy in any of the following Companies, and you have the best.

SALARY OF MEDICAL HEALTH OFFICER INCREASED TO $800

He Will Have to enforce the By-law Regarding Milk Inspection

The yearly salary of the Medical Health Officer beginning April 1, will be $800, the committee of the whole council recommending a $200 increase at the meeting last night.

Dr. McPherson was practically promised the increase some time ago. Ald. Duncan brought the matter before the committee last night, and stated he thought the M.H.O. should get the increase, but that his duties should include those in connection with milk testing. That he should do other work as directed by the Board of Health was added to the motion, which was seconded by Ald. Matheral and passed, an amendment by Ald. Edgar and Graham that the increase be not granted failing to find favor.

QUEEN MARY HOSPITAL.

The Isolation hospital has been graced with the name of Queen Mary hospital. It was thus described in a by-law designating the duties of the Board of Management of the hospital, and which passed the meeting without any amendments being made.

The Board consists of Mayor Morrow, Ald. Duncan and Dr. Boucher, and will have charge of the general maintenance of the institution.

TIME EXTENDED.

C. E. Dittman wrote asking that the date in the franchise given by the city for commencing oil boring operations be extended, as it was impossible for him to commence work owing to the condition of the ground The committee extended the time to June 1st.

CITY ASSESSORS.

The salaries of the city assessors will be paid to them in monthly instalments of $60 commencing March 1st. The salary of each is $700, and their duties commenced February 1st.

The committee decided to purchase trees for King Edward Park and Queen Mary hospital.

THE PRIVATE SECRETARY, FAMOUS COMEDY, WILL BE HERE ON SATURDAY

Revival of the Great Laughter-producer by Strong Professional Company—One of the Best Known Mirth-provokers of the Stage in Excellent Hands.

Those who had the pleasure of seeing the "Private Secretary," when it was produced in this city some time ago by an amateur company, will especially enjoy the comedy on Saturday evening at the Grand Opera House. It will be remembered that the main role, that of Rev. Robert Spaulding, was taken most successfully by Mr. Croyland Yokome, of the Review staff, now of Medicine Hat, Alta. With the memory of the production here still fresh in our minds there is likely to be a large house on Saturday, to greet the "Private Secretary," as given by Mr. James Bancroft and company. In regard to the appearance in Toronto recently, the Globe has the following to say about it:

"The Princess Theatre last night was the scene of unusual merriment, laughter at times bordering on hysteria. The occasion was the presentation of "The Private Secretary." Freedom, eloquence and decision of gesture are qualities, which, in a comedian, seldom fail to create the intended impression, and C. James Bancroft, the noted English artist of eccentric comedy, was not lax in these qualities during the three acts of the performance last night. He played the role of Rev. Robert Spaulding, a parson of set ways and exclusive manner. From the beginning of the play to the end he was in a state of bewilderment, and as an unsuspecting clergymen who was at all times embarrassed, he kept his audience wondering what he would next. Alexander Frank and Ernest Cossard, as a rich old uncle and an ambitious tailor, formed, along with the innocent parson, a most interesting trio. Suzanne Crocker and Marie Edith Rice are also subjects of laughter in their parts as elderly ladies with decided views. The latter as Miss Ashford, an ardent student of spiritualism, won great favor with the audience. Always facile, interesting and intelligent, the ease and grace of her acting lent a dignity and charm to the play. There are twelve artists in the company, and all do their parts with credit. There is nothing extraordinary or new about the scenic effects, but this is not noticed where comedy is so rich, and where always the unexpected happens, keeping interest at a high pitch. The plot is clever and decidedly well chosen."

There will be a matinee on Saturday afternoon and as the little comedy is clean and ridiculously funny, it is expected there will be a large attendance of the young people.

ORDERS FOR THE WEEK

Regimental Marchout With Battalion Drill at Central Park

The 57th Regiment had a good turn out to the fourth drill of the season last night. After a long marchout, accompanied by both bands, battalion drill in Central Park was held under Major Clegg.

The Major announced that the regiment was to have its annual outing to the city of Brockville on the 30th of June and 1st and 2nd of July.

The following orders were read by Major Bennet:

Headquarters,
Peterborough, April 25.

Orders by the officer commanding 57th Regiment:

No. 1.—Extract district order No. 3 of April 23, 1911: The examination of the garrison signalling class will be held on Thursday, April 27th next, commencing at 7.45 o'clock sharp in the armories. All wishing to take this examination will govern themselves accordingly.

No. 2.—Detail of duty for week ending May 2nd. Captain for the week, Captain McLean; next for duty, Capt. Watt; subaltern for the week, Lieut. Carruthers; next for duty, Lieut. Comstock.

No. 3.—The following are struck off the strength of the regiment: B. Company, Ptes. Halick and Pergette.

No. 4.—The gallery range is now open every Tuesday, Wednesday and Friday evenings at 8.00 until further notice.

Each man is required to put in six practices only of 7 shots at each of two ranges. The highest score made at each range will be allowed to count for efficiency pay.

No. 5.—Conditions similar to those governing the qualifications for efficiency pay in 1910 and the keeping of the score cards are in force for 1911. Staff-Sergt. Mitchell is reappointed official score keeper.

No. 6.—It will be the duty of orderly officers to act as range officers during their tour.

No. 7.—Officers commanding companies will have their company stores books properly balanced, and all issues, etc., accounted for, and the books placed in the respective armories for inspection next Tuesday night.

No. 8.—Leave of absence is hereby granted to Major Mills, Capt. Walker and Capt. McPherson.

No. 9.—The commanding officer has been pleased to make the following promotions and appointments:—A. Co., to be sergeant provisionally, Corp. J. Coppeck, vice Sergt. C. G. Lewis, left limits. C. Co., to be Corp. provisionally, Pte. H. Hudson. D. Co., to be corps., provisionally, Ptes. Largett and G. Moore.

By order,
MAJOR BENNET,
Acting Adjutant.

DIED

ALEXANDER — Suddenly in New York, Mary Alexander, wife of Chas. Perry Alexander, of Oak Orchard, Harvey township, Ont. Interment at Holy Cross cemetery, Brooklyn, N.Y.

THEATRICAL

"HONEYMOON TRAIL"

"Honeymoon Trail" played to a fair sized house at the Grand last evening, and the company, while not large, is capable and perfectly trained. The cast is a notable one, and the music bright and tuneful to a superlative degree. Fred. Wyckoff as Mason the manufacturer of Mason's Baked Beans, was easily the fun maker of the company, while he was given a close run by Willie Dunlay, who had the difficult role of Tommy Perkins, advertising manager for Barlow's Boston Beans. Among the ladies of the cast Miss Laura Laird, as Edna Kennedy, Mason's stepdaughter, captivated the audience by her charming stage presence and clever acting. Arlile Boling as Mrs. Frances Hemingway proved herself to be the possessor of a beautiful cultured voice, and her song numbers were all heartily encored.

Altogether the company is fully as good as any of its size seen here this season.

C. JAMES BANCROFT, as the Rev. Robert Spaulding, in the comedy "The Private Secretary," which comes to the Grand next Saturday, matinee and night. Mr. Bancroft has played this part over 2,000 times in England. Seats on sale tomorrow.

P.C.I. ANNUAL

The P. C. I. Annual Concert Assembly Hall, Friday Evening, April 28th. Varied and attractive programme assisted by Mr Owen A. Smiley, who will appear in new delineations Admission 25c. Reserved Seats 35c. 4d

SIX LONG MONTHS IN THE CENTRAL

Ben Thompson a Vag Will Sleep No More in Barns

"Yes, I made a fool of myself," wailed a seedy looking, middle-aged man named Ben Thompson, at police court to-day, who was arrested on a charge of vagrancy. He admitted having no visible means of support.

Last night a telephone call to the police station informed the police that a man was sleeping in the cereal mill barn. An officer immediately went down and brought Ben to the station where he spent the remainder of the night in the cells. The prisoner could not give a satisfactory account of himself.

"Six months in Central Prison, where you will at least have a comfortable berth," came from the Magistrate's chair.

Chief Thompson stated that the man had been hanging around the city for a month and sleeping in barns. He was strongly of the opinion that it was the carelessness of men of his stamp who were largely responsible for the frequency of fires breaking out in barns.

Both Magistrate Dumble and the Chief are determined that the habit shall be stamped out and that any tramps or vagrants will be dealt with very severely. Profanity also will come under the ban.

"Benny" chose an opportunity while the chief was giving evidence, to chip in with the remark:

"But I neither smoke nor chew, thank God, your Worship."

A BIT OFF.

"Jimmy Wilson," called out the Magistrate, "you are charged with being drunk yesterday."

"Yes, I was a bit off, your Honor."

"This is an old acquaintance, is he not?" asked his Worship.

"Well, $5, and I'll give you ten days to pay."

"Thank you," said Jim, humbly.

Ridgetown has carried a waterworks by-law.

Pianos to Rent.

Pianos and organs rented from $1.00 per month up. Six months' rent allowed in case of purchase. The J. M. Greene Music Co., Limited, Charlotte street.

Signalling Corps

SHERIFF'S SALE OF LANDS

Under and by virtue of a writ of FIERI FACIAS issued out of His Majesty's High Court of Justice, and to me directed and delivered, against the lands of Albert Wellington Tamblin, in an action wherein Emma H. Campbell is plaintiff and Albert Wellington Tamblin is defendant.

I have seized and taken in execution, and will offer for sale at my office in the Court House, Peterborough, on Friday, the 12th day of May, A.D., 1911, at ten o'clock a.m., all the right, title, interest and equity of redemption of the above-named defendant Albert Wellington Tamblin, in, to and out of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of Peterborough, in the County of Peterborough, and being composed of Lot Number Nineteen, south of Edinburg Street and west of George Street, in the said City of Peterborough.

JAMES A. HALL,

Sheriff, County of Peterborough.

Sheriff's Office, Peterborough Jan. 30th, 1911. 6d

QUEEN QUALITY SHOE

As good style as any woman's shoe. Better style than most. Far larger variety than any other.

Geo. Lyman is the new president of Montreal's Canadian Club, with G. T. Bell and C. P. Beaubien, vice-presidents.

POWER REPORT BEFORE COUNCIL COMMITTEE; ALD. DUNCAN SAYS COUNCIL WAS IGNORED

By Citizens Committee; Which Was Addressed by Hon. Adam Beck and Took Action in Regard to Power Report of the Hydro-electric Engineer—Council Had First Call.

The power report by Chief Engineer Sothman, of the Hydro-Electric Commission, reached the committee of the whole council last night, and following the reading of it, and a discussion, the report was received and referred to the committee for further disposition.

Considerable of the discussion pertained to the action of the industrial commissioner and Citizens' Committee, who secured the report and had Hon. Adam Beck appear before the committee in regard to power questions.

His Worship the mayor took the initiative by reading letters from him to Hon. Mr. Beck, and one in reply, his Worship stating that he wished to show the position of the City Council in the matter.

The first letter to Hon. Mr. Beck from the mayor was as follows—

Peterborough, Jan. 28, 1911.

Hon. Adam Beck,
Chairman Hydro-Electric Power Commission, Toronto, Ont.

Dear Sir,—The city of Peterborough is desirous of obtaining power, and there are several powers in this vicinity that might be suitable. Among them are dams Nos. 3, 4 and 5 on the Peterborough and Lakefield section of the Trent canal, the dam at Hastings and the dam at Lakefield. Would you be good enough to have an investigation made of these dams under the direction of your commission for the purpose of ascertaining for us which one or more of these dams it would be best for the city to acquire, or to secure power from?

Yours truly,
(Signed) W. G. MORROW, Mayor.

The gist of the reply of Hon. Mr. Beck will be readily understood by the following acknowledgement by Mayor Morrow—

Peterborough, Feb. 4, 1911.

Hon. Adam Beck,
Chairman Hydro-Electric Power Commission, Toronto, Ont:

Dear Sir,—I have received your favor of February 2nd, and thank you for the information that you will instruct the commission's engineers to obtain information in connection with the supply of power for this city. In your letter you mention dams 3, 4 and 5 on the Peterborough Lakefield section of the Trent canal, but we also mentioned the dams at Lakefield and Hastings, and hope your instructions will cover these dams, as we would particularly like to have them included.

Yours truly,
(Signed) W. G. MORROW, Mayor.

Mr. T. E. Bradburn, M.P.P., appeared before the committee of the whole council, in regard to a visit here of Hon. Mr. Beck, and a recommendation that he be asked to come and speak to the council was put through.

The next move, then, was that Mr. Beck came to the city and spoke to the Citizens' Committee. The report of the engineer of the commission was also forthcoming, and subsequently published in the local press.

Some of the aldermen were rather put out at this procedure, and were inclined to say harsh things about the industrial commissioner and the Citizens' Committee, they feeling that their plans for the purchase of power for the city were exposed, to a certain degree, by the publishing of the report.

COUNCIL IGNORED

At the meeting last night Ald. Duncan held that the council had been "short circuited"—ignored in the matter.

The Citizens' Committee had held secret meetings, and was afraid to come before the council.

"Don't you think it is a little too early for us to find fault?" asked Ald. Morgan. "It would be well to have him here, and perhaps an explanation would clear things up".

While the commissioner's name had not been mentioned, he was the one in mind.

It was mentioned that it was understood the visit of Hon. Mr. Beck to the Citizens' Committee was merely an incidental one, and that the object of the committee was to endeavor to not let any further power propositions go by.

Ald. Brown offered that the Citizens' Committee was somewhat justified in doing what had been done. He felt that the question of power should have been looked into before. There had been feeling against other councils for being so slow in the matter.

Ald. Metheral, too, was inclined to be of the opinion that the city had been a little lax, and somewhat to blame. The industrial commissioner was, perhaps, working through the Board of Trade, and it was a question whether or not he knew the council was working for that report, and had asked for it. The council had been "short circuited," but probably unintentionally.

Ald. Morgan suggested that the commissioner be asked to attend another meeting of the committee and explain his side of the case.

While no date was fixed for a meeting, the matter will no doubt come up for further discussion.

WHO'S COMING AND GOING

Miss Adeline Fallis, of Millbrook, is visiting friends in the city.

C. E. Jepney, travelling passenger agent for the Grand Trunk Railway, system, was in the city last night. He went to Lindsay this morning.

Mr. Isaac Moore, of Emily, who lives with Joseph Lowes, and well-known here, was brought to the Nicholls hospital this morning in Belleghem's private ambulance.

FINE CONCERT BY MISSION BAND

Of George Street Methodist Church - Talented Program

The Mission Band of George St. Methodist church held a most interesting and delightful concert last evening in the school room of the church, and the program, while lengthy, was full of pleasure from start to finish. The varied nature of the entertainment was a much appreciated feature, and every number was given in a thoroughly capable manner. While all the numbers were good, still the pantomime and tableau sketch was conceded to be one of extreme beauty, and was performed in a most impressive manner. It was intended to represent the hymn "Nearer My God to Thee," acted by nine young ladies.

A duet in Chinese was another novel feature, given by the two small children of Dr. Smith.

The following was the program in full—

Chorus—The Mission Band.
Missionary address—Miss Theresa Hinds.
Recitation—Thelma Darling.
Instrumental Duet—Misses Gumphries and Greaves.
Solo—Miss Hazel Morrow.
Chorus—The Mission Band.
Recitation—Miss Verna Merrill.
Recitation—Miss Marjorie Jacobi.
Dialogue—Dolly's Doctor.
Chorus—The Mission Band.
Recitation—Lottie Hamilton.
Vocal solo—Asa Huycke.
Two dialogues.
Duet in Chinese—Dr. Smith's children.
Recitation—Florence Johnston.
Good-night drill—Ten little girls.
Violin instrumental — Miss Hazel Pentland.
Pantomime and tableaux — Nine young ladies.

The pastor, Rev. I. Couch, presided.

The Mission Band also took the opportunity of presenting Miss May Edgar and Miss Mary Elliott with beautiful bouquets, as a slight token of the appreciation of their work in the Mission Band.

EARLY POTATOES BY WM. MILES

He Also Had Some Early Potato Bugs

Potatoes on April 26. That's what William Miles, of 51½ Weller street, announces, and this is the earliest date yet to be given by him. Last year he had samples on May 20, and the previous year on June 6. Mr. Miles showed two murphies to the Review to-day, each being somewhat larger than a banty egg. But this is not all, for while he has early potatoes he has also three full-grown potato bugs, which have caught the spring fever and commenced active service.

The potatoes are the early white prize variety, and were obtained from the Experimental Farm at Guelph.

INDEPENDENT TIRE BY-LAW LOST; VOTE OVER 400 SHORT

Only Half of Votes on List Polled, But Gave 1,133 Majority —Better Majority Than Bonner-Worth By-law —Details of Voting.

Total vote on list—2754.

Three-fifths required to carry by-law, 1653.

Vote polled totaled 1329—for 1231, against 98.

Majority for—1133.

Votes lacking—422.

The Independent Tire Co. by-law yesterday went down to defeat, the number of votes being polled for it falling 420 short of the required number. A total of 1653 votes for the by-law was necessary to carry it, and the number cast in favor was 1231. The lack of 400 votes was due to the inability of the organization to get out the vote, there being no fund to get conveyances and establish an organization, all labor for the by-law being entirely voluntary, and arising from a feeling of loyalty to the city. The by-law received a large majority in every polling place, the vote being 12 for to 1 against on the average. The evident effort of many loyal citizens to carry the by-law is rather pathetic, in view of the indifference of others, but the defeat of the by-law on the whole can be ascribed not to its unpopularity, but to the lack of a sufficient organization to get the vote out. Only half of those entitled to vote cast a ballot, when at least two-thirds was necessary to ensure a proper majority. The Bonner-Worth Co. by-law did not get a three-fifths majority, though special legislation was obtained in view of the specially strong wish of the people as indicated by the vote.

The returns came in quickly, and by a few minutes after half-past seven the bulletin board contained the complete result. The first return coming to the office of the city clerk was from polls 16 and 17, from John Sawers, being received within 6 minutes after closing time, and at 7.07, a minute later, Augustus Sawers sent in his returns from polls 13 and 14. The return from No. 23 in Ashburnham, was the last, being received at 7.30.

The Bonner-Worth Co. by-law received 1179 votes for and 421 against, while the Rubber by-law got 1231 for and 97 against. In view of such a decided expression of opinion, it might be possible to get special legislation next session of the legislature, but such a prospect is doubtful. The results of the voting by polls were:—

LOCAL NEWS ITEMS

The Board of Railway Commissioners has decreed that the siding to be constructed into the C.G.E. Company shall not be operated between the hours of 8 am. and 7 p.m.

The new restaurant and confectionery store at the corner of Townsend and Rubidge streets, will likely be opened for business to-day or to-morrow. It will be operated by Mr. and Mrs. Spencer, of Buffalo, who are both well qualified in the business.

The funeral of the late Robert Bell will take place to-morrow at nine o'clock to St. Peter's cathedral and thence to St. Peter's cemetery.

Theatre-goers will be pleased to know, that Harry Hermison, who takes the part of Hippocrates Miller, in the Kissing Girl, was here some time ago as the "funny man" in the "Royal Chef," Miss Texas Guinan, who has the title role to-morrow night, was here in the Gay Musician, as leading lady. There are a few good seats left though. There has been a large advance sale.

The members of the Y.W.C.A. home nursing class are reminded of the examinations to-morrow evening at 8 o'clock. Dr. McPherson will conduct them.

All friends of the Y.W.C.A. are invited to attend the twentieth annual meeting next Tuesday evening at 8 o'clock.

Mr. J. C. Edwards, advertising manager at A. W. Cressman's, contributes an article in the Dry Goods Review on "Comparisons of white and colored show window cards." Reproductions of samples of cards by Mr. Edwards are also shown as illustrations.

Dredging operations will be commenced by the Trent Canal at Lakefield about the latter end of this week. Irwin's dredge went to Hastings on Monday, also the tug, "J. B. McColl," the latter having been engaged to carry cement from Hastings to Healey's Falls all summer.

The Women's Foreign Missionary Society of Knox church will hold their regular monthly meeting tomorrow afternoon at 3.30 in the church parlors.

The "SALADA" TEA" CO., so far this year, have made the greatest progress in their history: their increase alone in Canada and the United States amounting to more than the total business they did during the first five years of the Company's existence.

Frederick Edwards, of North Battleford, has been elected honorary vice-president of the Saskatchewan Educational Association. Mr. Edwards has many friends in the city and vicinity who will congratulate him on the honor done him by the Saskatchewan Educational Association.

A small grass fire near the corner of Smith and Water streets, caused the fire department to have a run at 10.55 this morning. No damage.

The T.A.S. athletic club will discuss sporting matters at a meeting to-night.

Hear the "Kissing Girl" to-morrow night—catchy music and good comedy— at the Grand Opera House.

WEDDING BELLS

O'CONNOR—WALSH.

St. Peter's Cathedral was the scene of a quiet wedding at 7 o'clock this morning, when Mr. Richard O'Connor and Miss Minnie Walsh were joined in the holy bonds of matrimony by Rev. Father Fergus O'Brien.

The bride was attended by her cousin, Miss Mary O'Brien, and Mr. James McCarthy, of Hastings, assisted the groom.

Mr. and Mrs. O'Connor left on the G.T.R. train for western points. They will reside on Margaret avenue on their return.

BEAMAN—HARBOUR.

At St. Paul's Presbyterian church this afternoon at three o'clock, Mr. Thomas E. Beaman and Miss Maud Harbour, both of Toronto, were united in marriage by Rev. Robert Pogue. Mr. and Mrs. Beaman left on the 4.30 C. P.R. train for Toronto.

Knox Church Notes

Those who have sold tickets for the lecture will kindly make their returns at once.

Midweek service to-night at eight o'clock.

Womens' Missionary Society meeting Thursday at 3.30 o'clock.

Plans for the new Stanley Barracks at Etobicoke are nearly complete, and work will begin this summer.

Skulls and crossbones drawn with a diamond were sketched by a vandal on a Montreal department store's windows.

NEWS AND VIEWS OF SPORT

JUNIOR CITY BALL TEAM

Officials at the Y.M.C.A. Have the Matter in Hand

At last someone is talking baseball who intends doing something.

Since there is no stir in the Senior City League, Mr. J. J. Thompson is endeavoring to form a junior league.

Judging from the number of kiddies decorating the greens and boulevards, there should be an abundance of material for at least four teams.

There is to be a meeting of the school boys' league this week. Last season it was fairly successful, but Secretary Tait is making an attempt to start a city juvenile league, and the boys are displaying considerable enthusiasm.

Nearly every school will enter a team in the juvenile league, and there is likely to be great competition. The juveniles have covered themselves with honor in other cities, and it is a good way to develop players for future Midland League championships.

Prospective team managers will help Messrs. Thompson and Tait greatly by conferring with them upon the subject.

KING EDWARD SCHOOL NINE

Boys Organized for the Season—Want Games With Other Clubs

A very enthusiastic meeting of the boys of the King Edward school took place yesterday afternoon to organize a baseball club and the following officers were elected;

Hon. President—Mr. John Crane.
President—Mr. J. W. Kelly.
Sec.-Treas.—Mr. F. E. Kerr.
Manager—Earle Eakins.
Mascot—Walter Evans.
Executive Committee — Arthur Frost, Charles Campbell and Milton Frost.
Representative to Public School League—Mr. F. E. Kerr.

The boys will be pleased to arrange games with any other clubs.

FOOTBALL

The members of All Saints' football team and those interested, are asked to attend a meeting called for tomorrow night at 7.30 o'clock, in the chapel hall. The team to play the Y.M.C.A. on Saturday will be picked.

TENNIS

A special general meeting of St. John's Anglican Young Peoples' Association will be held in the guild room on Friday next, at 8 p.m., to arrange the summer tennis program and elect a representative of the City Lawn Tennis Association. Every member should be present. Frank Roberts, secretary-treasurer.

The Presbyterian Synod of Hamilton, and London, is in session at Woodstock.

The Earl Grey musical dramatic competitions are now in progress at Winnipeg.

BOXING

Hilliard Lang had little trouble in disposing of Jack Kennedy of New York, at Toronto last night, the bell saving the Gotham boy. The Mail day says the bout between Daniels and Crompton was very amateurish.

BASEBALL

The Toronto Leafs continued on their jaunt to the flag by annexing the game at Jersey City yesterday 4—3. Errorless ball was played and the swats totalled a dozen. Tim Jordon's pedal, so far, has stood the grind, and the Old Boys are now leading the league, Rochester falling down before Wyatt Lees, the hoodoo of the Leafs last year.

Ten innings was too much for Montreal at Providence despite frequent errors by the Clamdiggers. Neither Jersey City or Buffalo have entered the win column.

Jack Coombs, the hero of the World's series, let Washington down with only three hits, the champions winning 11—2.

Twenty-three hits were gathered in the Detroit-St. Louis game, the Tigers taking the big end, 11—9.

Christy Matthewson beat Boston 3—1, and Chicago bombarded three Cincinnati twirlers for a 5—4 score.

BEAUTIFUL LEAVES.

And the Tiny Cells That Give Them Their Brilliant Hues.

A leaf is one of the most beautiful things in nature, and it is very wonderful to think that it owes its lovely color to minute little living bodies or cells of chlorophyll. This word comes from two Greek ones, chloros, green, and phullon, a leaf, and is used to describe the ordinary coloring matter of vegetation.

The chlorophyll cells or granules absorb the light and heat of the sun's rays and in some marvelous way, which only scientists can understand, manufacture the sugar which is necessary for the life of the tree itself by combining the carbonic acid gas of the atmosphere with the water drawn in by its roots. These tiny cells are so very small that as many as 400,000 have been counted in a square millimeter of the leaf of a castor oil plant, and in order that they may come in contact with as much sunlight as possible the leaf turns slightly on its stalk toward the sun.

If you notice the arrangement of the leaves on a bough you will see that nature has placed them so that they form an almost perfect "light screen" and catch all the sunshine that there is. If it were not for the constant work of these little chlorophyll cells the splendid trees in our forests would wither and die and there would be no green things left in the world.—London Home Notes.

The Secretary Bird.

The long legged South African secretary birds travel in pairs, male and female. If disturbed or pursued their pace is about as fast as that of a running horse. They seldom use their wings and if compelled to do so can soar to a considerable height. They build bulky nests, and where trees are to be had they select one fifty to a hundred feet above the ground. Their nests are built of sticks and sods, lined with grass, and measure as much as five feet in diameter and three feet in thickness. As a rule only two eggs are laid. Incubation takes six weeks, which is done by the female. The young have to remain in their nests several months before they can stand on their long, slender legs, which are very weak and brittle. The young easily break their legs if disturbed.—Scientific American.

HONORED THE MONKEY.

Origin of the Coat of Arms of the Earl of Leinster.

Most of the wild animals have a place in heraldry, and many strange and impossible creatures, such as griffins, dragons and unicorns, have been invented as emblems of daring and valor. But the donkey and the monkey have not been so used, except in one instance, where the monkey has been admitted to the ranks of titled nobility. The story of this adoption is told by Mr. Curtis in his book, "One Irish Summer."

On the Leinster coat of arms are three monkeys standing with plain collar and chained; motto, "Crom-a-boo," "To Victory." This is the only coat of arms, I am told, that has ever borne a monkey in the design. It was adopted by John Fitzthomas Fitzgerald in 1316 for romantic reasons.

While this Earl of Leinster was an infant he was in the castle of Woodstock, which is now owned by the Duke of Marlborough. The castle caught fire. In the confusion the child was forgotten, and when the family and servants remembered him and started a search they found the nursery in ruins. But on one of the towers was a gigantic ape, a pet of the family, carefully holding the young earl in his arms. The animal, with extraordinary intelligence, had crawled through the smoke, rescued the baby and carried it to the top of the tower.

When the earl had grown to manhood he discarded the family coat of arms and adopted the monkeys for his crest, and they have been retained to this day. Wherever you find the tomb of a Fitzgerald you will see the monkeys at the feet of the effigy or under the inscription.

"There are a lot of girls who don't ever intend to get married."

"How do you know?"

"I've proposed to several."—Cleveland Leader.

To Serve a Purpose.

Young Lady—Please show me your extremest style of hobble skirt.

Salesgirl—For yourself?

Young Lady—No; for my chaperon.—Judge.

An Insinuation.

He—I certainly have cobwebs in my brain.

She—Why don't you try a vacuum cleaner?—Baltimore American.

Four Guelph hotels must make improvements if they wish to hold their licenses.

HAD FURNISHED ROOMS.

And He Had a Sign Out to Let the Neighbors Know.

In a little settlement on the outskirts of Chicago two houses stand out more boldly than the rest. These two are the domiciles of two Italians of means, who, although being very ignorant men, vied with each other for the social leadership of the locality.

One day a newcomer, in search of temporary lodgings, attracted by a conspicuous sign in the window of the first of these two houses, stepped to the door to make inquiry.

"I see you have furnished rooms here," he said to the swarthy man who answered his knock.

"Ya," rejoined the foreigner, pointing to the furnished room sign, "dere's da sign."

"Well, if you have one that's suitable I'd like to rent it for awhile."

"We no rent da rooms," was the bewildering declaration. "I got my family in here, and dey take up all da house."

"Don't rent any rooms? Why, then, have you that sign stuck in the window?"

"I'll tell you. Las' week dat fellow next door hang such a sign in his front window, an' we'n I see dat I put one of da same kind in my front window, just to show da people dat he ain't only man in dis place dat have his rooms furnished!"—Judge's Library.

SEEING THE FAR EAST.

It Should Be Viewed Through the Bible and "Arabian Nights."

The best books on the east, as every one knows, are the Bible and the "Arabian Nights," and yet I found most travelers were saturating themselves with snippity descriptions of monuments and places, with tabloids of history, with technical paragraphs on architecture and the ethnic religions, with figures about the height of this and the length of that or condensed statistics of exports and imports and the tonnage through the Suez canal and dates about the Pharaohs and the Mughals. No wonder they see nothing, know nothing, enjoy nothing and come home bringing a few expletives, adjectives and photographs which can be had for a small price in either New York or London.

The first thing to do in going to the east is to turn your education out on your desk so that you can get at the bottom of it, and there you will find the Bible and the "Arabian Nights" and the "Odyssey" and "Iliad" and "Virgil" and "Herodotus" and "Xenophon," and you will realize what a fool you were not to have devoted more time to them when you were asked to do so. Guide books can get you to the east, but they do not get you inside. It is temperament, not trains, that counts.—Price Collier in Scribner's Magazine.

Perfumes.

Civet is an aromatic substance of the consistence of honey and is obtained from a pouch on the civet cat, an animal from two to three feet long and about ten or twelve inches high. The best known of animal odors is musk, which is obtained from the musk deer. China furnishes the best quality. Twenty-five pods or sacks are packed in oblong boxes composed of plates of lead inclosed in a caddy made of pasteboard. Musk is obtained from Assam, Siberia, the Altai mountains and other parts of northern Asia. Ambergris is another animal odor. It is secreted in the intestines of the spermaceti whale. A very curious fact is that ambergris is only accumulated by disease—that is, it is only secreted in a sick whale. It is very hard, of a light gray color and is found in quantities varying from twenty to fifty pounds. It is worth about £6 an ounce.—London Standard.

Mucilage and Gum.

"I went into a stationer's shop in London one day," said an American, "and said to the shop assistant:

"'Do you keep mucilage?'

"'No, sir,' the young man answered. 'We try to take in all the papers, but there are so many new ones coming out. Still, I can order mucilage for you, sir. Which number did you want?'

"I learned afterward that I should have asked for gum. They don't have the word 'mucilage' over there in England.

"But an Englishman traveling on one of our railways stopped a train boy and said:

"'Have you got any gum?'

"'No; I don't use it, boss,' the boy replied in friendly fashion, 'but I can let you have a chaw off this here plug.'"—Washington Star.

An Accomplished Linguist.

"Did you learn any French while you were in Paris?" asked Bildad, meeting Slithers shortly after his return from Europe.

"Oh, a little," said Slithers. "Not so very much, though. I got so I could say cigarette in French."

"Good!" said Bildad. "What is cigarette in French?"

"Cigarette," said Slithers.—Harper's Weekly.

Taking Away From the Subject.

When Frederick Robertson of Brighton, the great preacher who had written much about Tennyson's poems and for whom the poet had a high regard, first called upon him, "I felt," said Tennyson, "as if he had come to pluck out the heart of my mystery, so I talked to him about nothing but beer."

For the First Comer.

Young Man—So Miss Ethel is your oldest sister. Who comes after her?

Small Brother—Nobody ain't come yet, but pa says the first fellow that comes can have her.—Boston Transcript.

TELEGRAPHIC BRIEFS.

Henry Etherage of Toronto ended his life yesterday by jumping into the bay.

For the fiscal year ending with March 311,084 immigrants arrived in Canada.

The Railway Board has decided that the Toronto viaduct must be completed by August, 1913.

The seventeenth Canadian National Horse Show was opened at the Toronto armories last night by Lieutenant-Governor Gibson.

His Excellency Earl Grey yesterday acceded to the request of the petitioners for the commutation of the death sentence passed upon Nicholas Bilowus.

Berlin was visited yesterday by a serious fire. Several oil cars on the Pere Marquette Railway became ignited from a hot box and a spark from an engine.

As a result of a disastrous fire which visited Parry Sound about 5 p.m., the mills and equipment of the Parry Sound Box Factory, owned by Col. J. B. Miller, is now a mass of ruins.

The new Ontario Government House will be built in North Rosedale. The property is a portion of Chorley Park, belonging to the estate of the late John Hallam, and contains 12 acres. The price paid was about $125,000.

Letters from King George and President Taft were read at Carnegie Hall, New York, last night, at a notable gathering in celebration of the three hundredth anniversary of the publication of the King James' version of the English Bible.

"Royal George" at Montreal.

Montreal, April 26.—The "Royal George," of the C.N.R. line, will arrive here to-morrow, being due at Quebec to-night at midnight. It will be the first trip of the season up the river.

The Algoma Central Railway will build an $85,000 station at the Soo.

Belleville Canadian Club banquetted last night with Hon. Clifford Sifton, Sir Mackenzie Bowell, W. B. Northup, K.C., and J. W. Johnson, M.P.P., as guests.

Doctors Condemn Oily Liniments

The Public are Warned to Be Careful of These Strong-Smelling Oily Liniments Containing Harmful Acids, Ammonia, Etc.

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—and they know.

Recently a number of these white, oily liniments were analyzed, and they were found to contain an enormously high percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation and causes endless trouble.

When a doctor warns you to quit using a white, oily liniment—do so. He knows that a thick liniment can't penetrate, can't sink through the pores and reach the seat of the pain.

When asked his opinion a few days ago, Dr. Roberts stated that he considered a strong, penetrating, pain-subduing liniment such as "Nerviline," to be superior to any of the white, ammonia liniments. In his twenty-five years of practice he had witnessed cases of rheumatism, sciatica, and lumbago that simply would not respond to ordinary treatment—but Nerviline cured them. The same physician also spoke of the great advantages of keeping a preparation like Nerviline in the house always, because of cramps, diarrhoea, stomach disorders, earache, toothache, headache, and such minor ailments. Nerviline is a first-class cure. There is scarcely an ache or a pain, internal or external, that Nerviline won't cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that Nerviline is the liniment for the home.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

PUTNAM'S PAINLESS CORN EXTRACTOR

COURTSHIP CUSTOMS

Some customs prevailing in certain parts of the Soudan have been described by Artin Pasha, who recently made a journey up the Blue and White Nile. The gentleman is Minister of Education in Egypt, and in his letters to his wife, gave an account of his experience, which is now published in a book called "England in the Soudan."

He came across certain tribes where the women, he says, "seem to have passed the limits even of American women," and he naively adds that but for the distance from Cairo and the wildness of the country, he "would willingly pass several months in the midst of these good folk in order to learn the meaning of virtue in both the ancient and the modern sense of the word.

"One girl may have as many as from seven to fifteen wooers, who court and flirt with her for a whole year in the sight of her parents. They not only visit her in the daytime, but remain at night near her dwelling to mount guard outside her room, going so far even as to keep watch within her room in order to be at her service in case she should awake.

"If she asks for water, as many calabashes of water are offered to her as there are lovers in attendance. Should she desire to pay calls on her friends, the whole of her lovers offer to carry her palanquin and again it is the aspirants of her hand who undertake to anoint her with butter every morning. The period of courtship lasts for a year, at the end of which period, the beauty must make her choice. When she does so the unsuccessful wooers go off to repeat their performance with another girl."

These maidens are black and nominally at least Mohammedans, but in the matter of rights and liberties they have little to learn. The Shilluks of the White Nile, on the other hand, are as far as possible from being Mohammedans, yet their women have similar privileges.

"With the Shilluks it is the women that rule the households, the young women themselves that choose their husbands, and that, once married, assume the post of command. The strongest and most hot-headed man dare not beat his wife, for he would be looked down upon immediately, and would be unable to find a second wife to succeed his first. No missionary effort affects the Shilluk woman; it is practically impossible to convert her either to Christianity or to Islamism, for she is the guardian and depository of the Shilluk traditions, religion and historical customs.

HE OVERDID IT

To have themselves called publicly out of a crowded place of entertainment on the pretense that they are urgently wanted by importunate patients is stated to be one of the stock methods of advertising resorted to by young doctors, who wish to build up a practice. A budding physician tried this device. He instructed his boy to go to the doorkeeper of the theatre and say that a patient of his was in urgent need of attention. "Right you are, sir!" said the servant, with a solemn wink. "You leave it to me. I'll manage it all right." But apparently the honest retainer exceeded instructions in his zeal, for at the end of the second act, the manager appeared before the curtain and made this announcement: "If Dr. Blank is in the audience, I am requested to tell him that he is wanted at once, as the poor fellow he gave some physic to this afternoon has been having fits ever since."

RECORD CROPS AND YIELDS IN ALL NATURAL PRODUCTS PROMISED IN CANADA IN 1911

Farmers Planning Greater Acreage Under Cultivation—A Bumper Harvest is Expected—Transportation Companies are Already Preparing for Immense Harvest—

Montreal, April 26—While, at this early date, there is absolutely no possible way of making a definite statement, it is estimated by the seers and prophets that the field crop of Canada for 1911 will be by far the largest in the history of the country. Everybody expects this, everybody is looking forward to it, but everybody is basing his or her judgment on the signs of the times which to-day are paramount but which, when harvest time comes, will be ancient history.

It is not likely however, that the seers and prophets are far wrong, and, all things considered, it is safe to assume that Canada as a whole may bank on taking out of the ground this year more money than it ever has before, far eclipsing the banner years of the past decade. External evidence, as the book worms say, can alone be quoted to support this statement at the present time, as the direct evidence will not be coming along until the harvest itself arrives, but, the external evidence, in this case, is all sufficient and quite weighty enough to be worthy of consideration.

A RURAL POPULATION

One man in every dozen of Canada's population is a farmer. The figures, especially to those of us who live in the city, are somewhat surprising. Nearly four million of Canada's total population of eight million or thereabouts, are dependent upon farming operations for support. At this season of the year every man Jack Farmer is busily engaged, in one stage or another, growing something. He's been lying low and taking it easy all winter, but he's out with the birds now, and he's beating the sun to breakfast every morning. Most of these gentlemen are devoting their energies to raising wheat, dollar wheat, with its unlimited market, is attracting more people back to the soil than all the other agricultural cries put together. If a farmer threshes out a good wheat crop his troubles are over for a time to come, and the farmers this year, will have more acres under the wheat crop than ever before.

A THIRD MORE.

Canada has the largest consecutive wheat field in the world, nine hundred miles long by three hundred miles wide. Last year she took a crop off this area of about a hundred and fifty million bushels. There were 8,376,9499 acres under cultivation. This year it is estimated that there will be well over 9,000,000 acres ploughed, and sown, and that the total crop will beat the figures of 1910 by about thirty-three per cent. This is a large gain for so short a time as a twelvemonth, but, when you come to figure it out it does not seem at all improbable. Immigrants have been swarming in as never before. They will break virgin soil, and, in most cases, will put it to wheat. New lines of railways will be in operation this spring, giving hundreds of settlers their first opportunity to get their entire crop to market. Old farmers, who in the past have devoted only a part of their time to raising wheat will, this year, neglect other crops and turn their ears to the magic syren call "Dollar Wheat"

A HUGE BENEFIT

This increase in the crop is, of course, going to be of huge benefit to the country as a whole and in many spheres where a plough is never heard of great activity prevails in preparation for what is coming. The wheat has to be milled, stored, shipped, reshipped, graded, regraded, and a thousand and other things before it finally appears on the banquet table of a foreign potentate in the form of a fancy bit of pastry, or on the kitchen shelf as good home-made bread. Thus it is that others are busy these days besides the farmers, and thus it is that there will be great doings in many lines this summer.

After the wheat has been garnered and threshed it must be stored. Until last year elevator room almost all over the country was ample. Last year, and slightly the year before, farmers experienced considerable congestion. There will be no difficulty this year, for the International Milling Company which has been operating a 1,500 barrel flour mill at Moose Jaw for the past two years, and which has several mills in the United States, intends to acquire elevators by which, at least one million bushels of wheat will be taken care of. Other companies are planning extensions in a smaller way and this same company is preparing plans for extension along other lines also. The Moose Jaw mill, a landmark on the prairie for miles around, is to be enlarged; an oatmeal mill is being built, and large sums of money are to be invested in various ways with a view to placing the company on a footing with some of the older establishments.

THE MILLING BUSINESS

Incidentally, it may be interesting to mention that the International Milling Company is considered as one of the brightest stars in the milling firmament. It was founded some fifteen years ago by F.A. Bean, Esq., who, at that time, owned the small mill at New Prague, Minnesota. Later he acquired mills at Walls and Blue Earth in the same state, and later on again, a mill at Davenport, Iowa, and the Moose Jaw mill. Up to the present not a dollar outside of the actual earnings of his company has Mr. Bean put into extensions. From these five mills he turns out about 6,000 barrels of flour a day with excellent profit and it is not unlikely that even further plans of expansion may be heard of shortly. The Canadian Cereal and Milling Company, whose mills are all situated in Ontario, are making a concerted attempt to build up the rolled oat industry. Therefore the establishment of a rolled oats mill at Moose Jaw by the International Milling Company may be looked upon as another sign of the times that the country as a whole is waking up to its own.

Next to the farmers and the millers come the transportation companies. The railways are showing what they expect in the way of a crop by increasing their orders for freight cars and by hustling improvements and extensions on all sections, running through and out of the wheat belt. The lake carriers and ocean going fleets have never been larger than they will be this year and both inland and sea going ships are clearing decks for a busy year.

Above all, Canadians themselves are busy and hopeful, for all true Canadians are interested in and anxious for a good harvest. And, from present indications, there is no reason in the world why Canada should not have a bumper cornucopia this year.

MESSAGE OF CHEER FOR TIRED WOMEN

Mrs. Geo. Butler Finds Relief in Dodd's Kidney Pills

Farmers wife who was weak, nervous and suffering from Backache, tells her suffering sisters how to become well.

Paquetville, N.B., April 25.—(Special)—Mrs. George Butler, wife of a well-known farmer living near here sends to the tired, nervous, run-down women of Canada.

"My trouble was brought on by hard work," Mrs. Butler states. "For four years I suffered from pains in the back. I was always tired and nervous. My head ached, and I had dark circles under my eyes, which were also puffed and swollen. I had flashes of light and floating specks before my eyes, and was generally in a run-down condition.

"I was feeling very bad when I began to take Dodd's Kidney Pills, and I can only say I found relief at once.

"To those who are suffering from pain in the back I recommend Dodd's Kidney Pills. They will find relief."

The health of the women of Canada depends on their Kidneys. If the Kidneys are right all else will be right. If the Kidneys are wrong, sickness and suffering must ensue. Dodd's Kidney Pills always make the Kidneys right.

QUEEN MARY'S TASTES

Queen Mary is before all else a perfect wife and mother. But it strikes one that perhaps too much stress has been laid on her domesticity. At least scant mention seems to be made of many of her other characteristics.

The Queen's education was wide and deep and her fund of general information is remarkable. She has always been a great reader, and books of travel, history and biography are seldom missed. In fact, few ladies have a better knowledge of English literature. Then like most royalties, the Queen is a first-rate linguist and speaks and writes several languages with ease and fluency.

Queen Mary in her early days rode well, and Princess Mary inherits this taste and has become a fine horsewoman. But Her Majesty never went with the hounds, and is now seldom seen on horseback. Nor does she shoot, fish or play golf, or tennis, like several of her royal relations, and yachting for yachting's sake is by no means among the Queen's favorite amusements.

In fact, she cares little for the more daring sports and games, but will sometimes play croquet and often goes for long walks with her children and a lady in attendance. And she dances extremely well and with evident enjoyment.—From the Queen.

Y.M.C.A. NOTES

The Intermediate Bible class examinations will take place at 7.10 o'clock to-night in the boys' department rooms.

Every boy is requested to be out.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

GERMANY HAS A BIG PROBLEM

In Scarcity of Domestic Servants—They Have it Easy

Berlin, April 25—Domestic servants have become so scarce in Germany that they are able almost to dictate terms to their employers. The death of servants is due largely to Germany's industrial prosperity which creates a great demand for female labor in all branches of commerce and manufacture.

Those servants available demand fancy prices for their services, and many of them insist on having some part of every evening in the week free for their own enjoyment, and the most moderate are not content with less than leave of absence every Sunday and two or three evenings during the week.

Some insist on being called Miss Schmidt, or whatever the surname may be, instead of submitting to being addressed in the old-fashioned way by the Christian name. Others demand that they shall be admitted to eat at their employer's table as social equals and to such privations have numerous housewives been reduced through the lack of servants that they consent to this stipulation.

Many servants refuse to enter a household where there are children, and others draw the line at dogs or other fourfooted pets. Others insist on their mistresses giving them written promises to fulfill their demands, down to the number of bottles of beer due to them every day.

The servant problem is scarcely less acute in the Scandinavian countries. The servants in Denmark, Norway and Sweden have started an organization, with offices at Copenhagen, Christiania and Stockholm. The demands they have formulated are:

1. The suppression of all night work; servants to knock off at 9 o'clock in the evening and to rest until 7 o'clock next morning.

2. Extra pay for servants should they be requested to work after 9 o'clock, as, for instance, when company is being entertained.

3. A night out from 5 o'clock every week, Sunday off from 10 o'clock in the morning every fortnight, and a fortnight's summer holiday, the regular wages and, in addition, board wages to be paid.

4. Increase of wages when the work of the house is satisfactorily performed.

5. The servant's room to be light and warm and to be so situated as to catch the sun.

The mistresses in the three countries are preparing to unite for the protection of their own interests.

BEAUTIFUL EYES

are made beautiful by long, silky lashes, and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost if the eye-brows are thin and scanty; and the lashes are short and lifeless. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes, on receipt of price, fifty cents. B. V. Marion, sole distributer, Bridgeburg, Ont.

IMPROVEMENTS TO NORWOOD STREETS

Road Grader is at Work—Gravelling and Grading To Be Done

Special Correspondence.

Norwood, April 25.—The village council this year is determined to demonstrate its ability and capacity as custodians of the people's money and have undertaken extensive improvements on the streets of the village. The work they are doing should meet with the approval of the ratepayers of our beautiful village. The streets have been somewhat neglected for the past few years, partly on account of the building of the cement walks and the improvement on the town hall, and as a consequence are now in urgent need of repair. Acting under the necessity of such repairs, the council procured the Asphodel road grader, which, under the skilful management of Mr. Donald MacNaughton, has been engaged for the past few days in turnpiking some of the streets most needing the work. The Asphodel stone-crusher has also been chartered, and a gang of men, under the direction of Mr. Buck, manager of the crusher, are at present engaged in the corporation gravel pit on Ridge street, crushing the stones and gravel, which is being distributed over the streets, which have been graded, as well as on other portions of the streets. The gravelling will be commenced at the western boundary of the village, on Peterborough street, and be continued to the C.P.R. track. Ridge street, between Colborne street and Dummer road, will also be graded, continuing on down Dummer road to the C.P.R. station. It is estimated the work in hand will occupy about ten days, and cost the village in the neighborhood of five hundred dollars.

The "Rubber" concert given in the Methodist Sunday school room, under the auspices of the League, was a decided success.

Miss Jean Nicol is visiting friends in Peterborough.

Mr. H. G. MacFarlane has resumed his duties as teacher in the high school after several weeks' holidays.

Mr. and Mrs. T. Pace, of Cordova Mines, were in town last week.

Miss Mollie Johnston visited Havelock on Sunday.

Mr. A. Morrison and family are moving into the brick residence on Helen street, formerly owned by the late M. Brackenridge, of Indian River.

Messrs. J. and S. Hendren attended the funeral of their cousin, the late Reginald Hendren, which took place in Lakefield on Friday, 21st inst.

Miss Mildred Forsythe, of Warkworth, spent the week-end in Norwood, the guest of Miss Pauline Weir.

Miss L. Johnston has accepted a good position in P. W. Waters & Sons' store. Miss Ella Fallon intends going to Toronto in a few days, where she has secured a position.

Mr. Roy Richardson, who has been attending Queen's University, Kingston, is home for the summer.

Miss L. Tate, of Peterborough, is in town this week.

Misses Gertrude and Sadie Greenbank have returned after spending several days in Peterborough.

Miss Roxie Andrews has returned from visiting friends in Peterborough and Lakefield.

Miss Lily O'Carrol has accepted a position in Mr. J. E. Thompson's grocery store.

Miss Roxie MacIlveny, of Peterborough, was the guest of Miss L. Johnston last week.

Mr. Leslie Waters has returned from spending a few days in Peterborough.

Two men were fined $20 and costs for shooting ducks at West Lake.

This Old Gentlemen Cured of Rheumatism

By One Box of GIN PILLS

YARMOUTH, N.S.

"I have been bothered with Rheumatism for the past year and have taken a good many different kinds of medicine and found no relief for it.

One day a friend advised me to try GIN PILLS, and after taking one box of them, I felt like a new man, I thought I would write you a few lines to let you know how thankful I am for the relief they gave me, and would advise all sufferers from Rheumatism to try GIN PILLS."

WM. CONTY.

Don't bother with liniments and so-called "blood purifiers". They won't help your kidneys—and Rheumatism is caused by weak, strained or irritated kidneys. The only possible way to cure Rheumatism, is to cure the kidneys. GIN PILLS will do this as nothing else will.

Take GIN PILLS NOW and be free from Rheumatism this winter. 50c. a box—6 for $2.50—and money promptly refunded if you are not satisfied.

Order from us if your dealer does not handle GIN PILLS. Sample box sent free on request. National Drug and Chemical Co., Dept. B., Toronto. 57

STAND BY MOVE OF MRS. THORNLEY

Cases of Immorality Among Children Showing Proof

London, Ont., April 25.—Mrs. May R. Thornley, supported by Mrs. Gordon Wright and other members of the Women's Christian Temperance Union, appeared before the Ministerial Association to-day. Mrs. Thornley was armed with a document of many pages, a document which took upwards of an hour to read, in which she set forth instances of the immorality among children, of which she had previously spoken. In Mrs. Thornley's arraignment names were omitted, but she declared that she had the knowledge of these and the right to mention them should corroboration be deemed necessary.

At the conclusion of Mrs. Thornley's address the alliance passed a resolution in which she was vindicated for taking the initiative in bringing these immoral conditions to the attention of the people and in which it was stated that she was deserving of the thanks of all right thinking people.

In all there must have been 25 or 30 instances cited, all of which Mrs. Thornley declared she stood ready to prove.

Mrs. Thornley criticized Mayor Beatty for the comment he had seen fit to make regarding her stand. She, and others, thought she surely should have the right to bring a wrong to the attention of those who are laboring to remove the evil.

Before taking her seat, Mrs. Thornley stated distinctly that she was making no attack on the schools. The immorality of which she spoke was not immorality in the schools, but immorality which exists among school children after hours.

The ministers had no hesitation in passing their resolution after the women were through speaking. They spoke in strong approval of the action which Mrs. Thornley had taken, and declared that she had done much good in bringing the facts—which they believed to be amply verified—to the attention of the people. Regarding the criticism of the mayor, the ministers had nothing to say.

Placed in stock this week a full range of "Keyser" guaranteed quality Silk Golves in all colors and styles.

We respectfully remind you to take the fullest advantage of our great 15 day Sale of Carpets by the yard.

ALFALFA GROWING BECOMING MORE POPULAR IN ONTARIO

Farmers in Brant County Sowing a Lot of it — Peterborough County Farmers Finding Out Benefits of Alfalfa.

"I don't know what there is in alfalfa but the substance is there somewhere and it gives results. I am now feeding alfalfa hay to my cows, and if I miss one day, which I have done on purpose to exepriment, the cows immediately fall off in their milk flow to a considerable extent." Thus did Mr. R. A. Dobbin, a farmer near Peterborough, recount his experience with alfalfa last week. Mr. Dobbin continued, "I have only two acres of alfalfa but am sorry that it is not fifty. I am unable to seed this amount as soon as I should like but am seeding five acres to alfalfa this spring."

SHOWING HIS FRIEND

Mr. Dobbin told of a little incident he experienced with a farmer friend who was with him over Sunday. He induced his friend to read the matter about alfalfa that was in his farm paper that week, and then he asked him what he thought about alfalfa. "Oh" said his friend, "I do not take much stock in that stuff." "Well," said Mr. Dobbin, "come on out to the barn and I will show you." They went to the barn and Mr. Dobbin fed some of it to his cows and some to his little calves. The friend was quite surprised at the eager way in which the stock ate the alfalfa hay and he exclaimed, "That is the greatest stuff I ever say. It is great to see those little calves eating that alfalfa hay."

PETERBORO MAN VISITS NEBRASKA

A "doubting Thomas" slow to believe what he may read about alfalfa ought to be satisfied that alfalfa is a great crop on learning of Mr. Paul's experience. Mr. Paul is a Peterborough county farmer, who, three years ago was out through the state of Nebraska. Every farmer grows alfalfa out there and they grow lots of it. Mr. Paul saw them threshing it and he determined to try some for seed himself on his own farm in Peterborough county. Last year with an acre and a half he got a fair return although he cut the seed on the green side and claims that, as he did not know much about the crop he could do better another time.

Mr. Paul's son, William, while talking about this matter last week said that they had about eight acres seeded to alfalfa and they were sowing 10 acres more this spring. Last year they seeded it with oats and it was up one foot in the sheaves. "We cut three acres last year" said Mr. Paul, "and we like it fine for feed." In Nebraska farmers feed alfalfa to all of their stock. They find it particularly valuable for pigs. Everybody has it out there and one sees little else in the crop line save alfalfa and corn. Since having alfalfa for our cows we feed them no chop and they milk well on alfalfa hay and corn ensilage. When we first sowed alfalfa we used only 16 lbs. of seed to the acre. It gave a stand not thick enough and since then we sow 20 lbs. of good seed to the acre."

ALFALFA IN BRANT COUNTY

Last week while at his farm home in Brant county, Ont., Chas. C. Nixon, of the Farm and Dairy staff, took occasion to interview a number of farmers near his home who have been growing alfalfa. The alfa crop should need no other praises than these men gave to induce farmers everywhere to grow it. S. G. Kitchen, of St. George said he was in love with alfalfa and that it gave him more feed per acre than anything else he could grow. He has had 10 acres of alfalfa for some years and has cut from it an average of over six tons per-acre annually. Mr. Kitchen says that a ton of alfalfa hay is as good as one and a half tons of red clover, and then alfalfa gives a much greater yield than is possible with red clover. Mr. Kitchen is seeding 36 acres at the rate of 20 lbs. of alfalfa seed to the acre this spring.

OTHERS WHO GROW ALFALFA

Mr. O. Collins, of St. George, has been growing from five to 10 acres of alfalfa for the past 10 years. Mr. Geo. W. Clemons has 12 acres of alfalfa and has been growing it for 15 or 16 years. Hiram Roseborough has eight or 10 acres which he has pastured for 15 years. J. W. Schuyler has 12 acres of alfalfa. S. J. McLean has six acres to cut this season and is seeding eight acres more. T. S. Atmore grows enough alfalfa each year on two acres to provide feed to take the place of what bran he otherwise would require to buy. John Beemer has four acres Guy Durham has eight acres. Herb. German has 10 or 12 acres. All of these men are enthusiastic about the crop and are seeding more of their land to alfalfa.

SOME LARGE GROWERS

Mr. Jas. Atkin of Glen Morris, a village not far from St. George, has over 20 acres seeded to alfalfa. He is sowing seven acres more this spring and plans to have 30 acres of alfalfa each year from this time forward. Arthur W. Smith, of St. George, has had an extended experience with the crop and alfalfa is the only kind of hay he grows. He feeds it to all of his stock, horses included. Alfred Smith, his next neighbor, has 12 acres, part of which he cuts for hay each year and pastures the rest. He says he likes alfalfa hay the best of any fodder he ever fed and he considers it a great money maker.

THE ALFALFA COMPETITION

It is abundantly evident that farmers of Peterboro county can make no mistake in growing alfalfa in large acreages. Those of our readers who are growing alfalfa this year and who intend to enter in the special Alfalfa Competition for Peterborough county should make their entries at once to the secretary of the competition, care of "Farm and Dairy," Peterboro. There is no entry fee whatever. Competitors have everything to gain by taking advantage of the competition. Send in your entry now.

"Love is like a rose"—"On the Boulevard"—"When you kiss the one you love"—are some of the hits of the "Kissing Girl" at the Grand tomorrow night.

WOULD RAISE THE STANDARD

President Falconer Suggests Important Change

Would Have Senior Matriculation Standard for Entrance

A project for raising the University matriculation standard, which has been in the air for some time, took definite form in a report made to the University of Toronto Senate by President Falconer. The president's suggestion is that the present senior matriculation should be made the standard for entrance into the University. It is about equal to the pass course of the present first year curriculum. Its adoption as the standard for entrance to the University would have an important effect upon the whole educational system of the province.

A statement issued on behalf of the Senate says that the question will be further considered at the autumn meeting of the Senate. This statement points out that the plan would make it possible for students to secure in the collegiates and preparatory schools more personal attention than they do at the university; that it would be cheaper for them. It also points out that the presence of these advanced students at the preparatory schools would raise the standard in such schools.

As a result of a conference with representatives of Queen's, Western, and McMaster Universities, a new scale of values has been arranged for matriculation, as follows: English, Latin and mathematics, each 300; French, German, Greek and experimental sentences, each 200; and history, 150.

An important amendment to the matriculation regulations, which will make it easier for those preparing themselves for this examination, has been adopted. A student unable to attend a preparatory school will be allowed to spread his examination over four years, provided that he receive forty per cent. in each subject, and sixty per cent. of the total possible marks.

THE FAMILY CAT AND SOME DANGERS

Felines Are Undeniable Memaces to Human Life

"It is not difficult to quarantine the sick child with scarlet fever or diphtheria, but the family cat goes where it pleases and comes when it likes."

This was taken as the text of a sermon on animal pets as a menace to health delivered in the Health Department recently by Dr. Charles B. Reed, inventor of the "cat gibbet," which is under construction, as a means of exterminating the dangerous felines of the city.

"The principle obstacle to a general and truthful realization of the dangers connected with the domestic pet is found to be the sentimentalists who are unwilling to admit that anything on which their affections are centred can become a menace," says the bulletin.

"The woman who refuses to give her child a red-hot poker as a toy has no hesitancy in putting into its arms the more dangerous, because more insidious, plaything—the family cat.

"Under normal conditions the germs of nearly all the epidemic and local diseases thrive upon the family cat. Even where he cat itself is not subject to the disease, it easily spreads the contagion and occasionally does both. Thus in the case of diphtheria the cat not only has the disease itself, but also carries it upon the mucous membranes and in the fur.

"Influenza is spread broadcast by fur and feet, and Hewlett recently has shown that as a distributor of the bubonic plague the cat vies in viralence with the omnipresent rat.

"Ringworms are spread in the same way, and germs find easy lodgment in the thick hair, from which the stroking hand quickly conveys them to the human body. The germs of typhoid anf tuberculosis are distributed similarly, as well as the more subtle and less understood germs of whooping-cough, measles, scarlet fever and smallpox.

"This is more readily appreciated when we consider how quickly the cat is given as a plaything to the lonesome child, convalescing from some of the contagious diseases.

"It may be suggested that the same argument applies to the dog and the horse. This we admit although to a smaller degree and with extenuating circumstances. The horse is so valuable as a domestic aid that its good qualities outweigh the bad, and besides in both the dog and horse the possibility of contagion is diminished greatly by the more frequent soap and water baths.

"It will be urged here by the cat admirer that it is of value to man since it keeps the rat reduced to livable conditions. We do not dispute this possibility, but the good rat catcher is rare. The cat catches far more song birds and nestlings than rats.

"Both the cat and the rat are undeniable menace to human life, and of two evils why choose both? The Government scientists declare that the cockroach destroys the bedbug, but no one hesitates on this account to destroy as many cockroaches as possible.

"These accusations are all valid against the family cat, but in much greater force against the midnight prowler which devotes itself unrestrainedly to the collection of germs, the reproduction of its kind and to making the night hideous with its noises."—Chicago Tribune.

CANADIAN PACIFIC RAILWAY

Upper Lakes Service Owen Sound to Fort William and vice versa. Commencing today, April 24th, Upper Lakes steamers will leave Owen Sound for S. S. Marie and Fort William—Athabasca Monday, Keewatin Tuesday, Alberta Wednesday, Manitoba Thursday, Assiniboia Saturday, at 1:30 p.m. To connect from Peterborough, leave at 5:26 a.m. For tickets, berths and all information see W. McIlroy, City Ticket Agent, 343 George St.

Alex. Macie, of Chicago, has sent $5,000 to the nurses' home fund of his former home town, Brockville.

Rear Admiral Kingsmill has declared himself against changing the British white ensign of the Canadian navy.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any Case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 Days or money refunded. 50c.

Watch That Bald Spot

Old, middle aged and young men should keep a sharp look out for thinning out of hair right on top of the head.

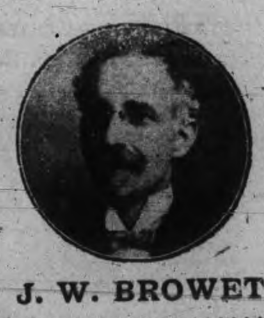
If your hair has already started to fall; if you have dandruff and your scalp itches at times, your hope lies in Parisian Sage, a really scientific hair preparation.

In Parisian Sage there is one ingredient that supplies nourishment to the hair root, one that kills the dandruff germs and another that puts life and luster into the hair. But most marvelous of all is one ingredient that makes it possible for the others to penetrate into the scalp, get to the root of the hair and do their duty.

This wonderful agent keeps the other ingredients to soak in and get right down to the hair root where the hair worries and scalp ailments begin. This is why Wm. Madill guarantees Parisian Sage to grow new hair (if the hair is not dead), to stop falling hair; to kill the dandruff germs and stop itching of the scalp or money back.

A large bottle of Parisian Sage costs 50 cents at W. Madill's, and druggists everywhere, or by mail, charges prepaid from Giroux Mfg. Co., Fort Erie, Ont. The girl with the Auburn hair is on every package.

ONE REASON FOR OUR SUCCESS WE EMPHASIZE ACCURACY



Every pair of Eye-glasses that goes through our prescription department is subjected to the most careful examination of even the smallest details. Every lens is neutralized, measured and centred by two inspections. Every Eyeglass or Mountings supplied at the Peterborough Optical Institute is adjusted to the exact position before each eye and to fit pleasingly the features of the wearer. No matter how accurately the lenses may be ground and centred, if the pupillary width of the frame does not correspond with that of the eyes, there will be strain upon the motor muscles of the eyes, and consequently discomfort. We are most particular to adjust glasses to every detail in order to give greatest relief to the eyes and most perfect conformity to the features. This is one reason for our success.

MT. JULIAN NEWS IN BRIGHT FORM

Ice Has Almost Gone From Stoney Lake—Injured at Sawing

Special Correspondence

Mount Julian, April 24—A beautiful Easter service was held in Holy Trinity Church on Sunday last. The Apsley choir was present which made the service much more joyous and impressive. The Easter anthem "Christ our Passover," by the choir and two solos, "Holy Father, keep our loved ones neath Thy care," and "Bread of Heaven," by Mrs. Levoir were well rendered and very much appreciated. The congregation of the church feel much indebted to the Apsley choir for their presence and hearty co operation in the service. The members of the choir were billeted as follows: Mr. and Mrs. Levoir and Miss Lily with Mrs. W. G. Stone, Miss Flora Eastland and Miss Myrtle Windsor, with Mrs. L. Reid; Miss Annie Coons and Miss Josey McIlvena, with Mrs. S. Wilson; Miss Edith Lean with Mrs. W. Devor, Miss Rosie McKay, Miss Julia Earnshaw and Mr. Stanley Windsor, with Mrs. Wm. McCauley; Mr. Charlie Grant with Mrs. Wm. Thompson.

On Easter Sunday, a very nice service was held in Eden Methodist church. The choir was tastefully decorated for the day with flowers and green vines. Mrs. Jas. Reid is deserving of many thanks for the pretty flowers which she donated. The sermon was from text, "So they went, and made the sepulchre sure, sealing the stone, and setting a watch" and was quite eloquent. Rev. H. C. Garbut was the preacher.

A FINGER LOST

Mr. Jos. Payne has the misfortune to lose part of a finger at a sawing on Wednesday last.

The school here opens on Tuesday after the Easter holidays. The teacher Miss Ella Robertson, spent her vacation at her home in Otonabee.

Master Lang and Miss Bessie Thompson who have been attending school in Peterboro, spent their holidays under the parental roof.

Miss Lizzie Wood, of Keene, was the guest of her cousin, Miss Irene Thompson last week.

Mrs. A. R. Mallory spent a few days in Peterboro last week.

Miss Florence Sanderson of Peterboro who has been visiting relatives here, has returned home.

Mr. and Mrs. Robert McCauley, jr., are visiting relatives here. They have just returned for the other side where they have resided for the past few years.

We are pleased to see Mrs. W. Bronson, who has been quite ill since she came home, is able to be around again

Spring is here once more. The ice is almost gone in Stoney Lake.

Roland Tanner, the Kentville farmer who was thought to have been drowned, has returned home.

Harwood Scott, aged six, of Brantford, was killed by the kick of a pony which he had struck.

FOURTEEN WERE PLACED TO-DAY

Immigrants Given Positions With Farmers—More Coming

Immigration Officer Howson had a busy morning to-day placing fourteen immigrants in good position with farmers in the vicinity and in Keene, Frazerville, Otonabee and Smith.

One arrival from the Old Land with a family of a wife and four children, applied to the officer for work. Before coming here he followed the blacksmith's trade, but does not wish to resume the trade here, preferring farming instead. The Government officer is endeavoring to secure him a place where he may learn farming from the beginning. The oldest child is eight years of age.

A select party of farm laborers are expected to arrive in Peterborough about Saturday, and farmers in need of men should be on hand at the immigration office on that day.

MATHER'S CORNERS

Special Correspondence.

Mathers Corners, April 26—Miss Annie MacFarlane was the guest of Miss Zena Pue last Sunday.

Misses Edna and Bell Howson have returned to Norwood after spending their holidays here.

Miss Gertrude Taylor spent a few days at her home here last week.

Charley Mather was the guest of Harry Howson on Sunday afternoon.

Mrs. Norman Gainer and Misses Lila and Dorothy are spending a few days with Mrs. Gainer's parents at Norwood.

Miss Sarah Taylor was home for a short visit last week.

Miss Irene Adamson left for Havelock last Saturday. She has accepted a position as school teacher in that locality, and we all join in wishing her every success.

George Mather and his friend Fraser Grey returned to Peterboro on Monday, after spending the holidays with the former's parents.

Miss Bella MacFarlane of Keene was the guest of Miss Ella MacFarlane last Sunday.

Mr. and Mrs. A. E. Wood visited Monaghan one afternoon recently.

Norman Gainer has lately been doing some carpentering at Hiawatha, and reports an enjoyable time.

Miss Laura Jury, of Warsaw, is the guest of Miss Edna Taylor.

Herbert Macfarlane has returned home after a two weeks' sojourn in Peterborough.

Messrs. Roy and James Kempt, of Keene, drove through our village on Sunday afternoon.

Miss Letty Mather spent Wednesday in Peterborough.

Miss Vera McNeil was the guest of Miss Laura Rae for a few days during the holidays.

Miss Susie Weir has resumed her duties in the school after spending the holidays with her parents at Lakehurst.

NEW CANADIAN COPYRIGHT BILL IS PUT BEFORE PARLIAMENT BY HON. MR. FISHER

Reciprocity in Copyright in British Empire is Feature of New Bill—All Empire Included.

Ottawa, April 27.—Although the Opposition announced only yesterday morning that they were out to fight the reciprocity agreement to the death, the Government only kept the House in session yesterday until 10.45 p.m.

Sir Wilfrid Laurier, replying to a question by F. D. Monk, said it was not the intention of the Government to introduce legislation this session to regulate the alienation of water powers controlled by the Dominion.

Sir Alan Ayesworth, replying to Mr. Monk, said that the Government was not aware of any existing treaty or national agreement which would have application to the use by the Americans of the Georgian Bay Canal when it is completed.

Mr. Monk had still another question to ask informally. It had been stated, he said, that Sir Wilfrid Laurier would sail for Great Britain on May 12 to attend the Imperial Conference and coronation of King George. He understood that it had been the custom in the past for Parliament to pass an address to the reigning sovereign on the eve of his coronation. He asked if such an address would be conveyed to His Majesty by the Ministers who would attend the coronation, and suggested that prompt action be taken, because not much time remained and the address would have to be engrossed. Mr. Monk asked if the matter had escaped the attention of the Prime Minister.

Sir Wilfrid Laurier said it had not. It was inquiring as to precedents and would give a reply at an early date.

Hon. Sidney Fisher's new copyright act, after an explanation by the Minister and some discussion of the resolution on which the bill is based, was given a first reading. The effect of the bill, which has already been explained in a general way, is to provide for reciprocity in copyright between Canada, the Mother Country and the other dominions which make up the Empire. Mr. Fisher said the bill would follow the lines of the British bill, which has received a second reading in the Imperial House, as far as it applies to Canadian conditions and requirements. The period of copyright protection will be the same as provided at the international conference on copyright, which is for the life of the author and fifty years thereafter. The bill also provides that when copyright protection is secured in the Mother Country or another colony, it applies also to Canada, and that a Canadian copyright similarly holds good in any part of the Empire.

Hon. Frank Oliver had in hand two bills relating to Canada's Indian wards, the discussion of which introduced the old question of the right of the white people to interfere with the treaty rights of the Indian population. The main discussion occurred over a bill to amend the general Indian Act. Its purpose is to provide that the Dominion Government may at any time it is deemed expedient take an Indian reserve, the Exchequer Court to decide what compensation shall be given the Indians in the way of lands or cash.

Mr. Oliver assured the House that it was the policy of the Government to keep faith with the Indians and treat them fairly, but that the interest of the public was paramount.

Sir Wilfrid Laurier said it was not always in the interests of the Indians to allow them to live near large towns and cities, where they could pick up the vices of the white races.

R. L. Borden protested against there being any breach of faith with the Indians in any case.

J. E. Armstrong by way of amendment moved that in all cases where lands are alienated they must be sold by auction after three months. Mr. Oliver accepted the amendment. The second bill dealt with the Songhees reserve.

TO BAR NEGRO IMMIGRATION

Washington, April 26.—Plans of the Dominion of Canada to adopt restrictive measures against the immigration into that country of the American negro were discussed at a conference to-day between Assistant Secretary of State Wilson and John E. Jones, Consul-General of the United States at Winnipeg.

Mr. Jones presented a memorandum from the Canadian immigration authorities indicating that the American negro may be barred on the ground that he could not become adapted to the rigorous northern climate, and consequently might become a public charge.

Such action is authorized by the Immigration Act of Canada.

SENATORS DISCUSS EIGHT HOUR DAY BILL WITH VIGOR

Mackenzie Bowell Thought too Much Legislative Interference is a Bad Thing.

Ottawa, April 27.—The length of time a man should work a day engaged the attention of the Senate and brought out most opposite opinions yesterday. The discussion rose upon the bill, which has Government approval, and which, as an experimental measure, proposes to limit to eight hours the length of day a man can be employed on a public building under construction.

Senator Beique said he failed to see why this principle should be applied to public works and to no other labor. The matter should be given more study. If the bill was put over till next session, he would undertake to have it thoroughly studied by a commission. He therefore moved the six months' hoist.

Senator Legris declared the eight-hour day could not be justly applied to one class and not to another. He thought the time had not yet come for a general eight-hour day.

Senator Campbell hoped that the motion for a six months' hoist would not carry. When he introduced the bill he undertook to send it to a committee for study and report. Employers got better results and laborers more satisfaction out of an eight-hour day than from a longer day.

Senator Beique said that as Senator Campbell proposed to send this bill to committee he would withdraw his motion for the six months' hoist.

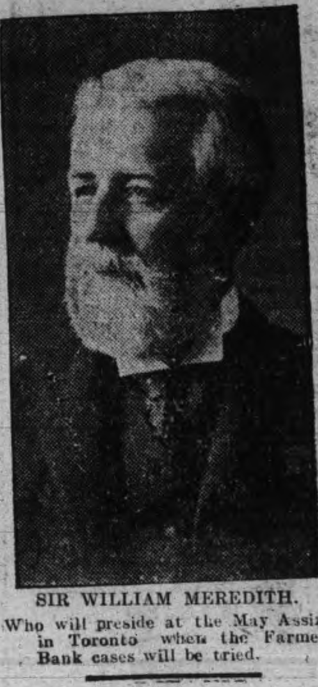
Sir Mackenzie Bowell declared that in his opinion the best relations between employers and employes would be maintained by allowing the people who sell their labor and the people who buy labor to make their own bargain, without too much legislative interference. He had grave doubts as to the constitutionality of the bill.

Senator Wm. Ross of Halifax said that in the postal and customs services of Canada men worked but six hours a day. On ships the working time was divided into four hour watches. The best results were obtained from the concentrated effort applied to work done in a short day. He thought the bill should pass.

Senator Wilson did not agree that men could not work for more than eight hours a day without injury. The pioneers who had created Canada had certainly worked hard for many more hours each day, and they and their posterity were vigorous men. He could not see why the bill should be restricted to one class of Government work. He believed that the restriction involved in this measure, if generally applied, would be bad for workmen and bad for the country generally.

Italian's Hard Luck.

Hamilton, Ont., April 27.—Tony Gilleri, an Italian, who toiled for seven years in the St. Louis, Mo., steel mills, to accumulate enough to buy a home in this city for his invalid wife, was arrested here yesterday by the Canadian immigration officers and returned to the Falls.



SIR WILLIAM MEREDITH.
Who will preside at the May Assizes in Toronto when the Farmers' Bank cases will be tried.

GOT SIX MONTHS FOR SHOPLIFTING

With Assistance of Daughter She Stole From Store.

Special to the Review.

Toronto, April 27.—Mrs. Julia Kennedy, alias Connors, was given a six months' term this morning for shoplifting. Her eleven year old daughter helped her take a considerable quantity of goods from a big store.

Live Stock Burned.

Woodstock, April 27.—The barn of Thomas Young in East Zorra was totally destroyed by fire Tuesday. The origin of the fire is a mystery. The barn, driving shed, 12 cows, 8 pigs, 500 bushels of grain, 500 bushels of turnips, besides a lot of hay and farm implements, were destroyed. The loss is unknown and only partly insured.

Middlemiss, April 27.—The large barn on Frank McNeil's farm in Middlemiss Township was destroyed by fire Tuesday, along with a quantity of grain, one horse, two cows, seven hogs and some agricultural implements. Cause unknown.

United Wireless Prosecution.

New York, April 27.—Col. Christopher Columbus Wilson, president, and six directors of the United States Telegraph Co., were placed on trial in the U. S. Circuit Court here yesterday, charged with using the mails to defraud investors all over the United States and Canada by misrepresenting the conditions governing the business of the company. At the time of their arrest some months ago, it was stated by the Government agents that while twelve million dollars' worth of stock had been sold, the plant and business was worth less than one million.

Not Sure of Death!

Niagara Falls, Ont., April 27.—In the hope that it will make him a millionaire Dr. J. R. Cook, a prominent physician of this city, is conducting a search at Hanover, N.J., for proof of the death there of Francis Glover about the year 1758.

Dr. Cook claims he is the only direct descendant of Glover, who owned many acres of land in England, but came to America to make his home. His agents later sold the land, depositing the money in the Bank of England. It now amounts to $60,000,000. Cook claims the officials of the bank accept his proof of being heir to the money, but want absolute proof of Glover's death, although he lived two centuries ago.

AUSTRALIAN PEOPLE VOTED AGAINST TWO BIG LABOR BILLS

Constitutional Questions Over-riding State Powers Crushingly Defeated

Melbourne, Australia, April 27—Two important constitutional questions were submitted to a referendum yesterday. The first aimed to give to the Commonwealth Parliament greatly extended powers over all matters relating to trade, commerce and industry, in fact, vesting in the Federal Parliament supreme power to the detriment of the State Legislatures, which heretofore had complete control within their own states. The second sought to give the Commonwealth legislative power to declare any industry or business a monopoly and nationalize it.

A bitter campaign had been fought out on the questions and both measures were rejected by large majorities. The two bills were passed last November by both Houses, subject to submission to a referendum; and their rejection yesterday is considered a crushing defeat for the Labor party.

The position of the Commonwealth Ministry has been shaken by the defeat of its measures by a referendum. The Premier, Andrew Fisher, is now on his way to London, where he will arrive May 15, for the coronation. It is not expected that he will resign, but the Government legislative program will be fundamentally curtailed.

RECORD PRICES

Winnipeg, April 26.—Beef is selling at almost a record price in Winnipeg at the present time. Tenderloin steak is quoted at 50 cents per pound and other grades are equally high. There is said to be a shortage of cattle fit for marketing in the West.

Charged With Rebating.

Cleveland, O., April 27.—Ten indictments on a total of 107 counts, charging four iron ore carrying roads entering Cleveland with rebating, and alleging that two of them were guilty of conspiracy to violate the Elkins law, were returned by the federal grand jury late yesterday. Several secret indictments of individuals whose names are withheld, pending their arrest, also were returned. The railroads are the Penna., the Lake Shore and Michigan Southern, 37 counts; Bessemer and Lake Erie, 29 counts; and the New York, Chicago and St. Louis, six counts.

The Government's next step will be the issuance of warrants for the parties named in the secret indictments. The real sensation of the case, Attorney Day said, would come with the divulging of the names of individuals indicted.

SHOTS FIRED AT KAISER'S YACHT

Bullets Went Over Cabin in which Sat the Emperor

Special to the Review.

London, April 27.—Three rifle shots were fired at the Kaiser's yacht off Corfu, according to a dispatch received here to-day. The bullets, it is reported, whistled over the cabin in which the Emperor sat.

WILL FIGHT TO THE END

Conservative M.P.'s Decide to Keep up War on Reciprocity.

Sir Wilfrid Will not be Able to go to Conference.

Ottawa, April 27.—The Conservative members of Parliament in caucus yesterday discussed the situation regarding the reciprocity agreement and came to an unanimous and enthusiastic decision to continue the fight against the proposals. The following were the words in which R. L. Borden, the leader of the Opposition, declared the platform of his party to the press: "There was a unanimous resolve and conclusion to offer a fixed and determined resistance to the proposals to the bitter end. The Liberal-Conservative party will make no truce on this question, which involves the national existence of the country and gravely affects its relations to the Empire."

This means that Sir Wilfrid Laurier, so long as the fight is on, will not find it possible to leave Canada to attend the Imperial Conference or perhaps even the coronation.

PELLETIER IS FADING AWAY

Lieutenant-Governor of Quebec Not Expected to Live.

Quebec, April 27.—Lieut.-Governor Sir Alphonse Pelletier is reported a little better to-day, having passed a good night. Hon. Dr. Pelletier, Speaker of the Legislature, the Governor's nephew, admits that the Governor cannot last many days. Paralysis is making rapid inroads on his constitution.

Sir Charles Alphonse Pantaleon Pelletier, K.C.M.G., LL.D., K.C., P.C., has been Lieutenant-Governor of Quebec since 1908. He is in his 75th year. In addition to a brilliant legal career, which included the post of city solicitor of Quebec for over 40 years and a seat in the Quebec Supreme Court bench he commanded the 9th Regiment in the Fenian raid, sat in Parliament, 1869-77, and in the Quebec Legislature 1873-4, and was in the Senate 1877-1905, being Speaker for five years. He was hon. president of the Dominion Agricultural Board for some years and represented Canada at the Paris Exposition of 1875.

For several weeks he was at Atlantic City, N.J., for his health, returning a short while ago.

Church Union Overtures.

Woodstock, April 27.—Shortly before the adjournment of the April meeting of the Hamilton and London Presbyterian Synod yesterday to meet in London in June, the committee appointed to prepare an overture to the General Assembly on church union submitted the following:

"Whereas, there is fear that the question of union is in danger of being precipitated, and whereas, in our opinion, it is advisable that the question of union should be submitted to the people, be it resolved that the Presbytery of London do overture their General Assembly to send down the whole question of union to the congregations, through the sessions, for consideration and pronouncement before any further steps be taken."

An overture was presented from the Presbytery of Paris proposing that "steps be taken to bring about a federation of all the evangelical churches of the Dominion."

BUFFALO GLASS COMPANY'S LOSS

Premises Visited by Bad Fire This Morning

Special to the Review.

Buffalo, April 27.—The establishment of the Buffalo Glass Company, Seneca street, was destroyed by fire this morning. A quarter million dollars is the estimated loss.

May Go to Privy Council.

Montreal, April 27.—An entirely new light was thrown on the Hebert-Clouatre marriage annulment case yesterday morning when it was learned at the Court House that Mrs. Hebert claims her acquiescence in the annulment of her marriage by Judge Laurandeau in the Superior Court was secured by fraud, coercion and threats. It is understood that the case will be carried if necessary to the Privy Council.

Attempt to Wreck Building.

Vancouver, April 27.—A powder explosion, believed by the police to be an attempt to wreck a four-storey building now in course of construction at the corner of Smythe and Seymour streets, occurred at 12.20 o'clock yesterday forenoon. No serious damage was done beyond the shattering of the floors and walls of the building and the breaking of the windows in the neighborhood.

Wagon Company Assigns.

Toronto, April 27.—As an aftermath of the failure of the Wilkinson Plow Co. comes the assignment of the West Lorne Wagon Co. of West Lorne, a subsidiary company, to E. R. Clarkson, who is handling the Wilkinson plant.

Mr. G. T. Clarkson will direct the firm until the affairs have been worked out.

17½ MILE TUNNEL

New York, April 26.—President Charles Strauss, of the Board of Water Supply, announces that he will open bids on May 16 for a water tunnel from Yonkers to Brooklyn. It will be the longest single bore through rock in the world, running for 17 1-2 miles deep in the solid rock.

LORD KITCHENER.
He took a seat in the House of Lords yesterday for the first time, although entitled to a seat 12 years ago.

EARNGEY SAID NOT GUILTY

Lawyer Charged With Forgery is in Court.

Toronto, April 27.—Before Judge Denton in the County Criminal Court yesterday morning, W. D. Earngey, against whom five charges of forgery are laid, pleaded not guilty through his counsel, H. H. Dewart, K.C., and was remanded until Wednesday morning next.

Young Naoun, alias James Toney, pleaded not guilty to a charge of bigamy, and will wait also until Wednesday.

William Whitton did not show up, and the judge said if he wasn't on hand on Wednesday, the case would proceed in his absence. He is charged with obtaining money under false pretences.

Phillip J. Bellinger, but a couple of months out from Germany, offended a farmer at Richmond Hill by stealing 75 cents and some food. The boy pleaded he was hungry. He was remanded for a week.

Mrs. Barbara McEwan, charged with uttering forged checks on four different occasions, pleaded guilty and received a sentence of four months in jail.

Priest Had Sign Removed.

Collingwood, April 27.—Considerable excitement has been aroused here by the action of the chief of police in removing from a public position a large notice board announcing a sermon by Rev. G. F. Assiter, of the Christian Church, on "Rome and the Bible."

It is understood that it was the result of a demand by the priest at the Town Hall, and that a member of the council ordered its removal by the police.

Let the Dutch Have Palmas.

Manila, P.I., April 27.—Delayed advices received here via Jolo, report that the Dutch have taken possession of Palmas Island, 60 miles southeast of Mindanano, lowered the United States' colors, and substituted the flag of Holland. It is understood here that Washington does not intend to protest against the action of the Dutch, the United States Government regarding the island as valueless.

Got $1,000 Damages From C.P.R.

Pembroke, April 27.—Simon Finnerty of Killaloe was awarded $1,000 damages from the Canadian Pacific Railway at yesterday afternoon's session of the assizes. About two miles from Fort William, while passing from one car to another, he took a wrong passage and fell through an open door in one of the vestibule coaches.

CHEESE FACTORY LOST BY FIRE

J. H. Williams' Plant Near Woodstock Was Destroyed

Special to the Review.

Woodstock, April 27.—The cheese factory operated by J. H. Williams at East Zorra, together with the contents was completely destroyed by fire to-day. The loss will be $4,000.

MOTOR CAR FACTORY

Peterboro May Get Jules Motor Car Company

Several gentlemen interested in the promotion of an automobile company are in the city securing subscribers for stock in the Jules Motor Car Company, and have been successful to quite a degree. There are fair prospects for Peterborough getting the decision as to the manufacturing point of the company, which is capitalized at $250,000. Considerable stock has been subscribed by Toronto people. The company will not ask for any bonus of the city. The desire is to start operations at once.

Commissioner Duggan has been introducing the visitors to local people and as stated above, good success had been met with. The amount of stock asked to be subscribed locally is $20,000.

DEMOCRATS ARE FOR FREE LIST

Debating on Tariff in House at at Washington.

Washington, April 27.—The House bill to increase the House of Representatives to a membership of 433 and apportion the members throughout the States on the basis of the recent Federal census will be discussed in the House to-day.

The tariff debate yesterday covered broad lines. Mr. Norris of Nebraska attacked the combination controlling the Brazilian coffee output, and urged changes in the existing tariff laws, which permit the United States Government to break up the control now exercised by the Brazilian combination over the wholesale price and the supply of coffee in the U. S. market.

Mr. James of Kentucky delivered the most stirring Democratic speech in support of the free list measure, replying to the criticisms of the bill made Tuesday by minority leader Mann, and attacking the Republican policy of protection. Mr. Hobson of Atlanta also spoke in favor of the measure, pleading for greater consideration for the cotton growing industry, and the development at home of the trade in cotton fabrics now partially monopolized by foreign countries.

SAYS McNAMARA SET OFF THE BOMB

Which Destroyed Times Building at Los Angles

Special to the Review.

Chicago, April 27.—The Chicago Examiner publishes statements from a correspondent who accompanied the alleged dynamiters to Los Angeles, and which are to the effect that McMonigal while on the train, made the declaration that James McNamara set off the bomb which destroyed the Times building at Los Angeles.

Fighting Every Step.

Tangier, April 27.—News from Capt. Bremond, dated April 22, says that his column, having received an urgent summons from Fez to create a diversion towards the Raselma region, so as to relieve the pressure on Fez, where the situation has reached a critical stage, struck camp and commenced an arduous march, fighting every step of the way.

The Cherada tribesmen, although 60 or more have been killed within a day or two, are attacking with the greatest fury, and have given the word to massacre all prisoners falling into their hands.

More Treasure-Seekers.

Rio Janerio, Brazil, April 27.—A Brazilian syndicate composed of scientists, Government officials and laborers, numbering in all thirty persons, sailed yesterday on board the Brazilian Lloyd steamer Ypiranga to search for the treasure on the Brazilian Island of Trinidad. The expedition is making the trip to the island, which lies in the Atlantic Ocean, to the east of Brazil, on the basis of Government documents.

Drank Carbolic Acid.

Toronto, April 27.—William Little, 58 years of age, who ran a rooming-house at 48 Princess street, committed suicide by drinking a quantity of carbolic acid yesterday afternoon at two o'clock. He was hurried to St. Michael's Hospital, but died shortly after arriving there. Despondency is thought to have been the cause of his rash act, as he has recently been ill for some time.

BETWEEN YOU AND ME

Who said rubber?

—o—

If those citizens who yell about the very air we breathe being infectious and contaminated, would put their heads under water, they would soon see the air-or of their ways.

—o—

No Maude, the Glidden tour has nothing to do with the travels of the bandmaster. The latter walks, though all will admit he auto ride.

—o—

The dust prophets tell us that the dust is so thick it settles. But some men are not dust, at that rate, in spite of what the Bible tells us.

—o—

Commissioner Duggan is to come up before the city council on the carpet. Of course, to soften the call, the council will provide a piece of the very best Brussels.

—o—

A grain of dust got tired trying to get into people's eyes, mouth and ears so it sought peace and quietness in the library. It fell on the floor with a thud it was so weary and tired. But it should have known better than to make a noise, for the library officials located the noise with a microscope, and thrust the grain out. And silence again reigned supreme.

A Discovery of Vast Importance

It Is Now Admitted That Bronchitis, Asthma, Catarrh, Coughs, and Colds Can Only Be Quickly Cured By Mixing a New Medicine With the Air You Breathe.

Scientists acknowledge that medicated air treatment is the only treatment that will cure these diseases, and that stomach medicines are worse than useless.

Catarrhozone air treatment has been found to be the most effective way to cure all diseases of the throat, lungs, and nasal passages. Its action is so prompt that in less than an hour an ordinary cold is cured, and after a more thorough use of Catarrhozone, Bronchitis, Catarrh, and all diseases of the throat and lungs are completely cured.

Catarrhozone is a very simple and powerful method of treatment. You simply breathe it through the inhaler and it immediately passes over every air cell of the throat, lungs, and bronchial tubes, curing and healing as it goes.

Catarrhozone treatment affords little drops of healing for sore places in the lungs, throat, and nasal passages.

Catarrhozone

Does This, And Cures

YOU TAKE THIS MEDICINE IN AIR

Price 25c, 50c. and $1.00 at all druggists or by mail from The Catarrhozone Co., Kingston, Ont., and Buffalo, N. Y.

The Daily Review

THURSDAY, APRIL 27, 1911.

THE MAN WHO PAYS

"The man who pays $10 or $15 a month rent for a house pays taxes to the city just as much as if he owned that property, coming down to the fine point. Why, then, should he not have a vote on money by-laws, instead of only the free-holders —the men who actually own the property and lease it to others at a price that pays taxes and other expenses and interest on the money invested."

It is part of the money that a man pays in renting a house that enters the city coffers each year. The man who pays rent is therefore just as much interested in the money by-laws, or should be, as he who is directly liable to the city, and gets the tax bills each month.

It is safe to say that if the rent-payers had been qualified to vote Tuesday, the Independent Tire Company by-law would have carried easily. The ultimate consumer always pays, and the revenues raised by the municipality come out of all citizens, in proportion to their station in life, the outward form what it may. The government's revenue comes out of the people, in accordance with the degree of comfort or luxury in which they live, the duties on the necessities for the masses being made as light as possible.

NO LET UP IN FIGHT

That the Conservative party will consent to no truce in the fight fight against reciprocity is indicated by the declaration handed out yesterday after the caucus in Ottawa. The evil results of the tearing down of the barriers between Canada and the United States, letting Canada be over-run by American products, and lessening the national spirit of Canada by a constant pull towards continentalism, are so apparent that the Conservatives feel justified by the sentiment of the country in fighting the pact to the last ditch.

There have been those who claimed that the anti-reciprocity noise was made by the manufacturers. It has been proven that this is not so. It has been predicted that the anti-reciprocity campaign would fall flat. It seems to be as strong, if not stronger than ever. Laurier predicted he would sweep the country on the reciprocity pact. But even the west, which he hoped to capture with this pact, is turning strongly against him. When the true inwardness of the deal is known, when the natural product prices of the two countries are really compared, it is found that the pact does not offer a third market to Canada as much as much as it offers a third market to the United States—a market that the American manufacer is regarding with covetous eyes.

That the Conservative party wishes to do what is for the benefit of Canadians there can be no doubt. It is not opposing the reciprocity pact merely for the fun of the thing. It is opposing the reciprocity pact because it believes that it will be detrimental to the best interests of the country, and the more the investigation into its probable effect is carried on, the more united is the party in its opposition, knowing that time will vindicate it in the eyes of all patriotic Canadians.

The declaration made by the Conservatives in caucus at Ottawa, showing their sentiment in the matter of reciprocity, is:—

"There was a Conservative caucus this morning. Hon. W. J. Bowser, Attorney-General, and Hon. Mr. Ross, Minister of Lands, were present and were accorded an enthusiastic reception. Both of these gentlemen briefly addressed the caucus and assured their hearers that British Columbia at the next Federal election would send a solid Conservative delegation to Ottawa.

"The line of action in fighting the reciprocity proposal was discussed. There was a unanimous resolve and conclusion to offer firm and determined resistance to the proposals to the bitter end. The Conservative party will make no truce on this question which involves the national existence of the country and gravely affects its relations to the Empire."

BACK TO THE LAND

A. G. MacKay, in a recent reciprocity speech, made the claim that free trade in farm products would improve conditions on Canadian farms, and that improved conditions on the farms would tend to lessen the rush to the cities and decrease the surplus labor of the urban centers. Upon which argument he bases the assertion that reciprocity would accelerate the movement "back to the land," says the Hamilton Spectator.

To make this argument at all plausible it is necessary to admit a condition which as a matter of fact does not exist, nor has it existed for a number of years in Canadian agriculture. If "improved" farm conditions are to stop the rush of people to the cities, as Mr. Mackay says, we must assume that conditions on the Canadian farm in the past, and up to the present, have not been good. That is not a fact. Take it all the way from the Pacific coast, through the prairie provinces in Ontario, Quebec and even in the slow-going provinces down by the Atlantic, and everywhere the Canadian farmer is and has been enjoying the very best of conditions for years. And the very thing which has made agricultural conditions good in this country has been the constantly improving home and foreign market—improving both as to quantity and price—available to the Canadian farmer.

No class of workers in the whole country are doing so well, as a class, as the farmers. They are paying mortgages off their properties, making larger investments and banking cash to a greater extent than any other class. Of course there are exceptions to the rule, but these exceptions would continue to be exceptions even though conditions were "improved" until they reached perfection point. And in the face of these facts, which are easily available and indisputable, how can Mr. Mackay justify his assertion that reciprocity would make things so much better on the farm that there would at once be a rush from the cities to the land?

It is not lack of sufficient market, nor is it poor return for the produce marketed, that induces young men to desert the farm for the city or prevents the city man from a vice versa course. In the first case it is the disinclination of too many young men brought up in the country to engage in a life occupation where they are debarred from the enjoyments (?) of city life. In the second instance the poor city dweller is willing enough but usually reaches his desire too late in life to hope for success in learning a new business. And reciprocity is not going to touch either of these causes, unless, indeed, it should happen to ultimately make city life impossible, even as a mere existence, for wage toilers, thus forcing them upon the land to divide the agricultural market with the farmer, and thus lessen its profitableness to him by competition.

EDITORIAL NOTES

Lindsay will now have a chance to get even with Peterborough for the Thomas shoe factory episode.

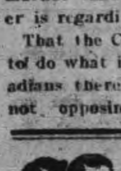
The Farmers' Sun asks if the farm will be corporationized also. That might be a feasible project in a place like Britain or New Zealand, but Canada is a trifle large for even the unquestioned scope of modern finance.

Mrs. Asa Gordon, of Ottawa, says that women should make the laws that govern them and their children. Perhaps they would introduce legislation to prohibit the awful harem skirt, and prevent men from running their eyes into the ladies' hat pin points.

The city council on Tuesday night did not know whether to feel hurt or not at being ignored in the matter of the power report. After all it is not important, as long as someone does something in the power matter, soon.

Ottawa is in gay attire for shopping week, the front streets being handsomely decorated. Intending visitors are supposed to keep within the decorated limit, and not "take in" Porter's Island as one of the sights.

The Farmer's Son says that egg prices in winter in the United States are usually below the Ontario level. Even the Sun cannot gainsay that. Winter is the time of the year when the farmer gets his fat prices, and good profits, on eggs. Reciprocity will take away that good market.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system. Testimonials sent free. Price 75 cts. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

BENSFORT BRIEFS OF INTEREST

Special Correspondence.

Bensfort, April 24.—Our live correspondent must have gone west, but our village is still much alive.

Farmers are very busy now with their spring work, which is somewhat later than usual.

Mr. Jas. Hall, who has spent anxious days wondering if navigation would ever open, has had his feelings relieved by hearing that the steamer Monarch commenced her weekly trips to Peterborough on Saturday, 22nd inst. Jim is quite an oarsman, and he can now overcome the extreme inconvenience of a long drive in rowing a much shorter distance to renew acquaintances across the lake.

Mr. Harry Finnie, like some more of our young men, has been making trips into Otonabee, and we wish him every success.

Mr. Richmond Morrison was highly delighted with his Easter trip to Norwood. The holiday season brought joy nearer home to him, and it was inconsistent that he should be absent for a longer period than he remained.

It is believed that Mr. Wm. Thompson is an assistant fish inspector for the season on the Otonabee, between Bensfort bridge and Rice Lake. We believe Mr. Thompson will, as far as possible, see that the law is not violated, and will do all in his power to prevent the waste of fish, which is sometimes reported.

Mr. Nelson Nurse has caught some hundred or more muskrats this season, and also had the good fortune of getting a raccoon in a trap.

Mr. Wordie Finnie is preparing for the beautiful harvest of which his predecessor, Mr. Wm. King, boasted, and we wish him every success in his undertaking. Wordie is at present keeping batch.

Mr. Willie Dawson was renewing acquaintances in Springville on Sunday.

Mr. Frank Buckham spent a very pleasant Easter at home this year.

Many of our young people, amongst whom are the Misses Marjorie and Alma Finnie, Mr. Walter Dawson, Mr. Stirling Waterman, Miss Louise Waterman, Jas. Whittington and H. Kerr, all of whom were home for the Easter vacation, are gone back to their respective fields of labor.

Mr. Stewart Thompson was renewing acquaintances at Mr. Walter Finnie's on Sunday.

Pleasure seekers on Lakeview avenue are not particularly fond of the flashlight lanterns which the inhabitants use for the satisfaction of their curiosity.

ECZEMA FOR NINE YEARS

Zam-Buk Works Another Great Cure

Another wonderful cure of the dread scourge, eczema, by the great herbal balm, Zam-Buk, is reported from Montreal by Mr. Thos. Amesse, of 600 St. Timothee street. He says:

"For about nine years my son, Emile, was a great sufferer from eczema. The disease broke out on his face and arms, which were covered with sores. These would scale over for a time, but would then break open again and cause him terrible agony. At other times they would itch and burn, and it was impossible for him to refrain from scratching.

"We tried salves and soaps, and preparations of all kinds, but it seemed that we could get nothing to benefit him. This state of affairs went on during nine long years, and you can well imagine the agony he suffered!

"Zam-Buk was recommended to us, but we feared it would prove like all other remedies had proved—useless! We got a supply, however, and it was not long before we found out its virtues. It eased the pain and removed the irritation. Then it began to heal the sores, until bit by bit the patch got less and less. The skin which was cracked and sore became soft and smooth, and in the end every trace of the disease was banished."

Not only for eczema, but for ulcers, blood poisoning, bad leg, varicose ulcers, itch, salt rheum, scalp sores, children's rashes and piles, Zam-Buk and Zam-Buk Soap constitute a certain cure. The soap is fine for baby's bath! It cures pimples, rashes and eases those chafed, inflamed patches. All druggists and stores sell Zam-Buk at 50c. box and Soap at 25c. a tablet, or post free from Zam-Buk Co., Toronto, for price.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants hands, or workmen try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

"You're really good, Mr. Craighead," said a girl reporter, "and if the tungstate of your alcoholic days was worse than this you ought to have taken something for it."

"I tried to," confessed Craighead, "but Dr. Witherspoon expelled me!"

"But here's the situation as we get it. If we're wrong, we'll stay wrong unless you set us right."

"'Oh, cursed spite!'" recited Craighead.

"No more tungstate, if you please," said the young woman. "The Air Products company was a wildcat looking West Virginia formation to"—here she read from a clipping—"'to extract free nitrogen from the air by the Craighead method or otherwise, for the purpose of obtaining fertilizers to thereby increase the capacity of the earth for supporting population'"—

"Is that," cried he frantically, "in our articles? Then all is lost! Let me take it!"

With shaking hand Craighead took down the telephone and asked for Mr. Filley.

"This you, Filley?" he queried. "Here's something that ruins us. A split infinitive in the articles. Won't hurt anything? Won't have to be done over? And we call ourselves civilized!"

Craighead handed the paper back.

"You have shocked me," said he. "But never mind, dearie! I know not whether to rejoice for the Air Products company or weep for institutions that allow such a solecism to be legal as 'to thereby increase.'"

"Well," said the reporter, "it goes on to say 'and for securing all rights in the atmosphere necessary for its complete reduction to possession for the production of nitrates, ozones and all other atmospheric derivatives and for the securing of exclusive rights in the air over lands for all purposes whatsoever.' Now, that," said she, "'for all purposes whatsoever,' isn't that pretty broad?"

"A broad intellect composed it."

"These rights happen—merely happen—to gridiron every state in squares marked by grants and leases to the Air Products company?"

"My child," said Craighead, "do you understand the Craighead method of extracting nitrates from the atmosphere by spontaneous discharges of statical electricity from electrodes suspended over the earth's surface?"

"No," she said. "Do you?"

"It is one of my specialties," said he. "If I might have you all to myself for an evening I would explain, but for the nonce by-by!"

Mr. Craighead took much pleasure in his position as press representative of the Carson-Craighead Aeronef company. The Virginia, her builder and the contest with Aerostatic Power were matters on which the great dailies had men at work night and day. This visit to the neighborhood of Shayne's Hold was a tantalizing mystery. The mountain inn where the Virginia had been laid up for repairs had been visited by reporters and the impossibility of surface communication between it and Shayne's Hold pointed out. The mysterious Craighead had leased for the Aeronef corporation the vacant aerodrome on the roof of this very building, gone back to the inn, whence the Virginia had sailed to their leased roof within an hour, and not by Shayne's Hold, after which Craighead was the news center from which emanated the most astounding medley of scientific, psychologic, mystical and mystifying news ever heard.

Then some one discovered that on the day the Carson-Craighead company had been formed the Universal Nitrates and Air Products company was born, with directors and stockholders identical with those of the Aeronef company, and that they had spent a great campaign fund in getting leases and grants for the extraction from the atmosphere of nitrates and the like in lines like those of Scotch plaid all over the continent. The air over almost every highway had been granted away by the owners of the fee—the very streets of New York being covered so far as to cut the city into nearly a hundred irregular blocks. The other great cities were similarly gridironed. The space over the smaller rivers and streams was mostly sold to the Air Products company. The mystery in this so stimulated curiosity that it caused more excitement than the Virginia herself, for these seemingly worthless rights over farms, streams, roads and streets were like a huge spider's web spun as a net over the world—Europe and Asia as well as America. Some one with great resources was up to something big. Something was to be caught in the net—but what?

Craighead and Carson dined with Mr. Filley, Mr. Waddy's personal representative, a little man with a great, scantily thatched head and no body who ate lobster and green turtle soup and drank port and grew paler every day.

"When shall we know?" asked Theodore.

"Soon," replied Filley. "We'll cover the whole country with injunctions this afternoon and get a hearing here in a few days. In a very few weeks we shall win the greatest legal triumph of recent times or—snuffed out!"

That night began the series of sensations that made so memorable the war for the use of the air. In the courts of every federal district and the state courts of West Virginia Mr. Filley filed his injunction suits against the owner of every known airship and by the clause used in labor disputes bound all persons, whether named or not, who might with the defendants or independently design trespass against the plaintiff's rights.

The bill in New York recited that the plaintiff was the owner of all rights of navigation in the air in certain described belts or bands surrounding the city of New York, dividing it into portions, and gridironing the continent; that the defendants had in the past habitually trespassed on these by flying over them in airships; that the passage to or from the city of New York over the sea, the river or other route was impossible save by such trespass, and therefore injunction was asked prohibiting the defendants, their servants and all other persons from departing from or coming to the said city of New York through the air owned by the plaintiff or from navigating any aerial craft across, over or through the real property of the plaintiff wheresoever situated.

Finley Shayne's name led the list of defendants, followed by that of the Aerostatic Power company and page after page of names of people owning aerial craft, and airships everywhere were hemmed in by the "real property" of the plaintiff, like whalers frozen in the ice. The "real property" was that wonderful spider's net of grants, and the plaintiff was the Universal Nitrates and Air Products company! Craighead's opium dream was explained. The relation between the twin companies was disclosed. Two perfectly well known legal principles were here united in an audacious attempt to monopolize the air, the rights attaching to ownership of land and that of injunction to prevent trespass or nuisance.

Public and press were struck with amazement. The unthinking laughed at the unheard of and preposterous claim to private control of the atmosphere. Lawyers began poring over cases dealing with rights in and over land, with growing dubiety as to the outcome of the case of the "Universal Nitrates and Air Products company versus Shayne et al."

When the case came on to be heard the laugh had disappeared, the very army of lawyers appearing for the defendant rendering it a serious matter. Craighead sat in court with Filley, his hair rumpled, his crooked nose high, in a suit of legal black, drawing more attention than did Carson, whose face, bleached of the gulf beach tan, had assumed the pallor of the scholar, while vast responsibilities had been imparting to him an atmosphere of distinction. He sat scanning the people of the defense—Shayne, Silberberg and other great financial figures.

While the pleadings and affidavits were read Craighead sketched the bailiffs, shuffled his feet and drummed on the table until the court tapped for silence.

"We will hear from the plaintiff," said Justice McFadden, "and as the facts seem practically undisputed"—

"But, your honor," protested the counsel for the defendants, "we certainly do not admit"—

"For present purposes," replied the justice, "the showing seems ample that plaintiff owns certain rights in lands so distributed that the defendants must pass over them in going from place to place; that the defendants have habitually done so and that the situation constitutes a threat that this will be repeated. The defendants by claiming the right to pass these lines confess this for present purposes. We will therefore hear from plaintiff's counsel on the law."

Mr. Filley gathered up his papers; but, with a professional sounding "May it please the court" that dumfounded Filley and drew from the justice a request for the gentleman's name, Craighead rose.

"Craighead," said he in response to the court's query. "I will offer a few remarks on the law and then yield to my learned colleague, who will lay before your honors the feeble attempts of the courts to crystallize it in precedents. The law is fully as plain as the nose on the face of the most Roman of your honors. As to its righteousness, it is as moral as landownership. That it has not heretofore been applied has been owing to the stupidity of the legal profession, to the asininity of landowners and to the fact that the law is so plain, for that which is all around ever remains undetected, like the pressure of the atmosphere or the picture with trees and clouds representing faces or animals. And as when once the cat in the landscape is seen the landscape fades, and one can see nothing but the cat, so in this case when the law is once made plain your honors will be able to see nothing else. We are taking the liberty of unsealing the blind eyes of the courts."

To be Continued.

The Passion Play was produced in Regina for the first time in Western Canada the other day.

The plans for the new office building of 14 storeys passed the Winnipeg civic fire, water and light committee the other day.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

THE CYCLOPEAN EYE.

It Exists Today In Rudimentary Form In Man's Brain.

The Greeks were, unwittingly, very near an anatomical truth when they ascribed to certain monsters called cyclops only one eye apiece, which was placed in the center of their foreheads.

The cyclopean eye exists today in the brains of men in a rudimentary form, for in the pineal gland we find the last vestiges of that which was once a third eye and which looked out into the world, if not from the center of the forehead, at least from very near that point. There is alive today a little creature which would put to shame the one eyed arrogance and pride of Polyphemus and Arges and Brontes and Steropes and all the rest of the single eyed gentry who, in the days of myths and myth makers, inhabited the "fair Sicilian isle."

The animal in question is a small lizard called Calotis. Its well developed third eye is situated in the top of its head and can be easily seen through the modified and transparent scale which serves it as a cornea. Many other lacertilians have this third eye, though it is not so highly organized as it is in the species just mentioned.

A tree lizard which is to be found in the mountains of east Tennessee and Kentucky has its third eye well developed. This little animal is called the "singing scorpion" by the mountaineers. On dissection the third eye will be found lying beneath the skin. It has a lens, retina and optic nerve.—New York Herald.

His Ankles Broken.

Stratford, April 27.—There was a peculiar feature in connection with an accident which yesterday befell Norman Monteith of Downie Township, in which he had his ankles broken. He with five brothers was on his way to act as pall-bearer at a sister's funeral and he was thrown out of the rig, the horses scaring at an automobile.

Child Fatally Burned.

Brockvile, April 27.—Playing around a bonfire at her home, the clothing of Isabella Jackson, aged five, ignited, and she was fatally burned.

Died From Terror.

Perhaps the most remarkable death from fear was that of the Dutch painter Pentman, who lived in the seventeenth century. One day he went into a room full of anatomical subjects to sketch some death's heads and skeletons for a picture he intended to paint. The weather was very sultry and while sketching he fell asleep. He was aroused by bones dancing around him and the skeletons suspended from the ceiling clashing together. In a fit of terror he threw himself from a window, and, though he sustained no serious injury and was informed that a slight earthquake had caused the commotion among his ghostly surroundings, he died in a few days in a nervous tremor.

The Soft Answer.

"Do you know you are fishing in forbidden water?" roared a voice from the bridge.

"No," said the fisherman on the bank quietly, regardless of yet another angling lie that was placed to his credit.

"It is preserved water," went on his new found friend, "and is costing me a lot of money to stock it with fish."

"Ah, what fish?" asked the angler, intent upon rod and line.

"Roach, sir, roach!" replied the owner.

"Then there's no need for you to worry," replied the fisherman calmly, "for, I happen to be fishing for trout."—London Mail.

During the year the herd of buffalo at Edmonton has increased by 110 calves, making a total of 809. With 48 at Lamont, and 24 at Banff, there are now 881 bison in captivity in Alberta.

TELEGRAPHIC BRIEFS.

Harry Lovelock of Toronto was appointed assistant King's Printer at the Legislative buildings.

British Freemasons presented an address to the Duke of Connaught at a big meeting in London yesterday.

Military orders direct the contingents for the coronation to assemble at different points on May 22 and 23.

The Nova Scotia Steel Co. will establish a plant for turning out the heaviest forgings required for the new Canadian naval vessels.

The attempt of the Montreal Street Railway employes to form a union was met by the company discharging twenty-five conductors and motormen.

Israel Snyder, a veteran farmer of North Waterloo, was found dead in a field that he was plowing. He was 72 years of age. Heart failure caused death.

After a session of seven weeks in the Legislature of P.E.I., it was prorogued yesterday. The House petitions the Federal Government for its original representation at Ottawa.

In the presence of an unusually large and representative gathering of citizens, a solemn requiem mass was held over the remains of the late Senator L. J. Forget in St. James' Cathedral, Montreal, yesterday.

Putting a handkerchief over her mouth to prevent any cries being heard, an unknown man yesterday dragged little Victoria Archand, aged seven years, down stairs into the basement of the Marchand Academy, Montreal, and assaulted her.

The Mexican Government has communicated to the British Foreign Office a formal protest couched in cordial and friendly terms against the action of Captain Vivian of the British sloop Shearwater in landing marines at San Quintin, which action is described as an interference in the internal affairs of Mexico.

His Holiness Depressed.

New York, April 27.—A cable from Rome says: The Pope is making slow recovery from his recent indisposition. In addition to gout, the Pontiff is suffering from depression as a result of a couple of incidents which occurred lately, and which he regards as incidents of ill-omen.

One of these is the death of Mgr. Angelini, secretary of letters to princes, who wrote in Latin the Pope's letters to sovereigns. It is recalled that Mgr. Angelini's predecessor died suddenly a few days before Pope Leo XIII.

The second incident is the falling of a column in the Ethnographic Exhibition on Saturday, and which killed a workman. The column bore a picture of the Lion of St. Mark of Venice, of which the Pope was formerly Patriarch.

New Tax Collector.

Arnprior, Ont., April 27.—A new tax collector was appointed at Tuesday night's meeting of the Arnprior Council and a warm discussion took place concerning the arrears in taxes as a result of the manner in which they were handled by ex-Collector John Matson, now in Pembroke jail. A provincial audit of the accounts will probably be asked for.

Bylaws were passed to separate the positions of chief police and tax collector, and Michael Galvin of this town was appointed to the latter position.

Cook's Cotton Root Compound.

DEATH OF CHARLES FAIRBAIRN EX M.P.

Lindsay Man Died Suddenly at Toronto — His Political Career

Warder.—Charles Fairbairn is dead! The shocking message was received by wire in Lindsay this morning that Mr. Charles Fairbairn, ex-M.P., of Lindsay, died suddenly in Toronto, and citizens heard the news with sincere regret. No particulars are to hand, but it is understood that the deceased, who was the parliamentary librarian, passed peacefully away some time during the night, being found dead in bed early this morning. The late Mr. Fairbairn visited with his family in Lindsay during the Easter holidays, returning to his duties in Toronto on Tuesday morning of last week. He was apparently in the very best of health, although for some months past he has been more or less troubled with pneumonia. His sudden demise was entirely unexpected and came as a great and severe shock to the members of the family, and to his large circle of friends.

Smith township, Peterborough county, claims Mr. Fairbairn as a worthy son, he being born seventy-five years ago. His father, Andrew Fairbairn, as the name might well indicate, came from blithe and bonnie Scotland, when but thirteen years of age. Eliza Hagerman, the first white child in Port Hope, and whose grandfather was the first judge in Upper Canada, was his mother. In those days of Ontario's infancy the country was but sparsely settled, and their's was the first house to be built in Smith township. At the time of the marriage of Andrew Fairbairn to Miss Hagerman there were but thirteen houses in Peterborough city.

The late Mr. Fairbairn's career in the political arena, has been one unblemished by a stain. Forty-seven times has he been nominated and out of forty-seven contests for office he was only defeated twice. His popularity was due to his honest dealings with his neighbors, the businesslike methods he pursued, and to his generosity. He was five years in the township of Verulam council and was warden of the county. He was defeated by Judge McIntyre, now of Whitby, for the Provincial House, but was a member of the Federal Parliament for North Victoria for six years.

Of late the deceased had been employed in the parliamentary library, and his family have been living in Lindsay on Wellington street.

One hundred and twenty new towns will be born in Western Canada this year.

INFORMATION REGARDING GAME AND FISHERY LAWS

What the Possession of Nets, Guns or Other Articles Means

Fishery Inspector Watt is on the lookout these days, in an endeavor to enforce the Game and Fishery laws, and as is generally understood, he has to keep both eyes open. Already he has imposed four fines on offenders, and others, it is understood, are to be prosecuted.

To make certain matters clear, the following clauses of section 61, of the Ontario Game and Fishery Laws are given—

1. In all actions and prosecutions under this Act the onus shall be upon any person found in possession of any game or fish in close season, to prove that such game was lawfully taken, killed or obtained.

2. The finding of any nets, fishing devices or other articles, set or maintained in violation of this Act shall be prima facie evidence of the guilt of the person or persons, owning, possessing or operating the same.

3. In all actions and prosecutions under this act, the possession of guns, decoys or other implements of shooting or hunting, in or near any place where any game has been, or is likely to be found, shall be sufficient evidence, prima facie, that the person or persons in possession thereof were hunting or shooting such game.

The inspector reports suckers coming out. These may be caught until the game fish come in, the matter of using dip nets being left in the hands of the inspector to use his own discretion. The law calls for a small license fee in the case of the using of these nets. There have been many instances where bass have been caught and not returned to the water by the person using the net in search of suckers.

DEATH OF GEORGE H. JOHNSTON AT LETHBRIDGE

Was Born in Peterboro and Left in 1882

A telegram received to-day announced the sudden death of Mr. George H. Johnston in Lethbridge, Alberta, last night. He was the eldest son of the late Wm. Johnston, druggist, of this city, and two sisters, Mrs. T. McJanet, of Ottawa, and Mrs. J. H. Billington, Winnipeg. Mr. Johnston was born in Peterborough, July 15, 1849. While here he clerked for some years with the late Thos. Bradburn, later going to the firm of Messrs. Hall and Innis. He left Peterborough in 1882 for Stonewall, Man., where he resided for about five years, going from there to Lethbridge, where he has since resided.

While in Lethbridge he was for many years in business, taking an active part in the building up of that city. He has been a member of the School Board in Lethbridge for some years, and was past master of Lethbridge Lodge, A.F. and A.M.

When in Peterborough Mr. Johnston was quite prominent in the Oddfellows, having been initiated in Peterborough Lodge July 2nd, 1873. He was the first initiated member of that lodge, and has remained in good standing ever since, having passed through all the chairs before leaving Peterborough.

When here he was quite active in musical circles, especially in the choir of St. Paul's church. He was also connected with the work in St. Paul's Sunday school. He has been an elder for some years in Lethbridge Presbyterian church.

In 1884 he was married to Miss Jennie Beynon, daughter of the late Rev. Geo. Beynon, of the Methodist church. He leaves one son, Fred.

Mrs. Johnston is bringing the body for burial to Peterborough, and expects to arrive Monday or Tuesday next. The funeral will likely take place from the residence of his brother, A. J. Johnston, 19 Dennistoun avenue. The day and hour will be announced in Monday's paper.

FINE RESIDENCE FOR SALE.

Solid brick house, No. 291 Rubidge street, west side. Ten rooms all modern conveniences, water, gas, electric light and furnace. Lot is 50 ft. frontage x 114 ft. deep. For further particulars apply at the office of the Otonabee Power Company, 184 Simcoe street. 4d

---

Homeseekers' Excursion

For the next homeseekers' excursion on May 2nd, the Grand Trunk Railway will operate a through Pullman tourist car, Toronto to Winnipeg and Edmonton, via Chicago, St. Paul and G.T.P., leaving Toronto at 11 p.m. Rates, berths, etc., the same as via any other route. No trouble with customs, transfer, etc. Reserve berth early from B. A. Rose, City Passenger Agent, 334 George street.

LOST PART OF FIRST FINGER

Four Year Old Boy Was Playing With a Dipper

The four-year-old son of Mr. Fred Method, Downer's Corners, while playing with a water dipper yesterday afternoon, severed the first finger of the left hand at the first joint. Just how the accident happened is not known, but as he fell and bruised his forehead, it is thought that probably the finger was in the hole of the handle, and in the fall, was cut by the sharp edge. Dr. Brown treated the injury.

AT BELLEVILLE

Installation of Officers by District Deputy Phelan

Belleville Daily Ontario.

District Deputy Phelan and staff of Peterborough paid an official visit last night to Belleville council Knights of Columbus and installed the following officers for the year;—

G.K.—Thos. Cushing.

W.—W. J. Connolly.
A.—O. E. Fortune.
L.—C. T. Doran.
Trustees — John Perkins, J. Truaisch. Chas. J. Peppin.
O.G.—Chas Bawden.
I.G.—Alex. Tisdale.

THE PRIVATE SECRETARY

"The Private Secretary," which comes to the Grand for a one-night engagement with a bargain matinee on Saturday, April 29, was so successful in New York that Mr. Frohman had to extend the engagement three weeks more, moving it from the Empire Theatre to the Criterion, where this most amusing comedy crowded the house to its utmost capacity at each performance. Mr. Gillette, the author, has made several important changes in the play since it was last produced there, in order to keep up with the times, and the management has surrounded the stage tutor with the very best materials that could be secured in New York since the initial performance of the play. Mr. Gillette has furnished the stage several amusing pictures, such as "All Comforts of Home," "Mr. Wilkinson's Widow," and others. All these very laughable plays embrace many original ideas, and Mr. Gillette is quoted as one of the best composers of sharp and brief funny paragraphs and ludicrous posings and tableaux. "The Private Secretary" abounds with these. The company playing this famous comedy this season are on their way to California for the summer, and will not be seen in this territory again for two years.

There are no further developments in the Kinistino bank robbery, the $5,700 being still missing.

It is True Economy

to use the highest grade of sugar like

St. Lawrence Sugar

WHERE YOU CAN JOIN THE SOCIETY

List of Places Where Membership Tickets for Horticultural Can be Had

For the convenience of the citizens of Peterborough who desire to become members of the Peterborough Horticultural Society, arrangements have been made whereby membership tickets may be secured at any of the following places:

The Examiner office, Review office, the Times office, office of the Canadian Horticulturist, Simcoe street; E. F. Mason & Co., 429 George street; E. F. Mason & Co., corner Antrim and George streets, F. R. Clark & Son, jewellers, 439 George street; Wesley Bros., dyers and cleaners, 440 1-2 George street; Jordan Bros., florists, 428 George street; W. J. Kent, druggist, 402 George street; E. L. Fayne, druggist, 282 George street; Roland Denne, flour and feed store, 338 George street; Porter S. White, grocer, 336 George street; George A. Gillespie, dairy supply store, 140 Simcoe street; J. E. Lillico, grocer, corner Charlotte and Park street; Jackson Park grocery, corner Park and McDonnel streets; J. T. Braund, corner Smith and George streets; W. C. Meade, West End Greenhouses, 547 Park street; T. B. Maniece, grocer, 253 Mark street, and Frank Wise, 21 Crescent street.

The membership fee of $1 entitles members to all the privileges of the Horticultural Society, and also their choice of twelve bedding plants, twelve window box plants or one large Boston fern, in addition to a fall distribution of bulbs and a subscription to the Canadian Horticulturist. From present indications a membership of 500 seems assured. With such a membership great good can be accomplished towards beautifying our city. We would urge citizens of Peterborough to join the Horticultural Society and participate in the benefits to be derived as well as help along the movement to make Peterborough the most beautiful city in Ontario.

FRANK WISE,
Secretary.

WHO'S COMING AND GOING

Mr. R. H. Leary is at Burleigh Falls to-day.

Mr. M. McDonald, of Cobourg, is in the city.

Mr. Leonard Patterson, of St. Catharines, was in the city yesterday.

Mr. B. Selby, traveller for the C. G. E. Company, Toronto, is in the city to-day.

Mr. H. French, of Cobalt, is spending a few days with his parents in the city.

Mr. H. French, of Cobalt, is spending a few days with his parents in the city.

Messrs. Louis Yeotes and James Haggis spent a few days in Toronto, Port Hope and London this week.

Mrs. Fotheringham and Miss Blanche Fotheringham leave on Saturday for Winnipeg, where they will reside in future.

Mrs. C. F. P. Conybeare will receive to-morrow afternoon and evening. Her guest, Miss Reta Cavanah, will receive with her.—Lethbridge Herald.

Hon. J. R. Stratton and Mrs. Stratton are in town for the Horse Show, where Mrs. George Cassels will ride one of Mr. Stratton's horses.—Toronto Star.

Mr. F. J. McDonnel, of Belleville, formerly division superintendent of the I.C.S., has been appointed local representative of the schools with offices on Water street. Mr. McDonnel was here a couple of years ago in the same capacity, and will be well remembered. Mr. McDonnel expects to make things boom in I.C.S. circles once more.

MR. BRYAN ON NEW THEOLOGY

He Deals With Question in Lecture on the Prince of Peace

Those who are anxious as to the effect of the "New Theology" upon the mind of the public will be pleased to learn that a layman who occupies the place of leadership in one of the great political parties of the United States, Mr. Wm. Jennings Bryan, speaks with no uncertain sound on this question. In his famous lecture, "The Prince of Peace," Mr. Bryan says, "It is true that man, in some physical characteristics, resembles the beast, but man has a mind as well as a body, and a soul as well as a mind. The mind is greater than the body and the soul is greater than the mind, and I object to having man's pedigree traced on one-third of him only—and that lowest third. Fairbairn, in his "Philosophy of Christianity," lays down a sound proposition when he says that it is not sufficient to explain man as an animal; that it is necessary to explain man in history—and the Darwinian theory does not do this. The ape, according to this theory, is older than man, and yet the ape is still about us." Mr. Bryan is a "silver-tongued orator," it is true, but he is a great deal more than that. He is one of the wide-awake thinkers of the United States, and all that he says is worth listening to. He will deliver his lecture in the Grand Opera House on May 18th.

CHANGE NAMES

Some Immigrants Do This to Hide Real Identity

The fact that some immigrants coming to Canada have a practice of changing their names before leaving the old country, sometimes causes the local officer difficulty in locating them when they arrive here, as on their arrival they give their correct names.

One case which Mr. Howson cited, was that of a young fellow, who had some trouble with his brother in the old country, supposedly over an inheritance and not being able to agree, the young fellow booked for Canada under an assumed name in the endeavor to cover his identity. He was a real bright fellow, so the officer stated, and is now making good on a farm, in this country.

BROCK STREET RINK NOISE

Petition Reaches Board of Police Commissioners

At a meeting of the Board of Police Commissioners to-day a petition from Dr. McClelland and others was read, in which a complaint was made about the noise at Brock street roller rink.

On motion of Mayor Morrow and D. W. Dumble, K.C., the secretary was notified to write Dr. McClelland that the attention of the police had not before been called to the matter, and that as to the nuisance, the complainants should consult the county attorney or some solicitor.

Chief Thompson was authorized to purchase summer clothing for the members of the police force, and his account of $50 for special police service was passed.

REV. F. J. SAWERS AT LAKEFIELD

Ministerial Association Press Resolution of Appreciation

The Lakefield News says:—The following resolution was passed at a recent meeting of the Lakefield Ministerial Association:—

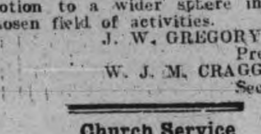
Whereas, Rev. F. J. Sawers, M.A., has been appointed rector of St. Luke's Anglican church, Peterborough, thus necessitating his departure from Lakefield;

Resolved, that we, the Lakefield Ministerial Association, hereby place on record our high appreciation of his worth as secretary of our association, of his worth in counsel, and of his willingness to aid any project that appeared to him to be beneficial to the community.

We desire further to testify to his Christian character, and his cordial treatment of all cases, and also to offer our congratulations to both Mr. and Mrs. Sawers on their promotion to a wider sphere in their chosen field of activities.

J. W. GREGORY,
President.
W. J. M. CRAGG,
Secretary.

Church Service



The members of Otonabee Lodge, No. 13, and Peterborough Lodge, No. 111, I.O.O.F., will meet in Oddfellows' Hall, on Sunday, April 30th, at 6.15 p.m., to attend divine service at Knox church. Visiting brethren are cordially invited.

Rebekah Lodge, No. 81, will assemble in the church school room at 6.45 p.m. d3

Wild geese are reported very plentiful this year.

FRIENDS CALLED TO SAY FAREWELL

Pleasant Evening at Home of Miss May Crowley

About fifty young friends of Miss May Crowley, Byersville, gathered at her home last evening to say farewell.

Miss Crowley, in company with her parents, is going to Winnipeg next week where they intend taking up their residence in future.

The evening was spent in dancing and card playing, refreshments being served by the ladies.

The gathering broke up at a late hour, but not before wishing their hostess a pleasant journey and good luck.

WEDDING BELLS

BLEWETT—MONTGOMERY.

A quiet wedding took place at the home of Mr. Joseph Preston, 216 Reid street, at 3 o'clock yesterday afternoon, when Mr. Evans Blewett, youngest son of Mr. and Mrs. D. W. Blewett, Smith, and Miss Lillian Montgomery, youngest daughter of Mr. and Mrs. David Montgomery, Buckhorn, were joined in the holy bonds of matrimony by Rev. H. J. Keith.

The young couple were unattended.

Mr. and Mrs. Blewett are taking up their residence in Smith township.

ENTERTAINMENT AT BRIDGENORTH

Program Was Given by Local Musicians

An entertainment was given at Bridgenorth last evening under the auspices of Bridgenorth C.O.F., that was both very successful and largely attended. NEWS AND VIEWS OF SPORT

THREE TEAM INTER CATHOLIC LEAGUE

Organized by T. A. S. Athletic Club—Leo. Derocher is Secretary

Much enthusiasm was shown at the sports meeting of the St. Peter's T. A. S. athletic club last night, and the business accomplished included the formation of a three team inter-Catholic Baseball League.

That such a league will be successful, is assured when the following list of officers in charge is taken into consideration:

Hon. Pres.—Rev. Father McColl.
President—James Hickey.
Vice-Pres.—George O'Hearn.
Sec.-Treas.—Leo Derocher.
Executive Committee.—Fred. McGrath, Herb Callaghan, Ray Clancy, Maurice O'Heron, Nagle Phelan.

One team will pick its material, from players residing north of McDonnel street, another south of McDonnel to Sacred Heart Church and the third south of that again. All players other than Midland Leaguers may be signed.

It was suggested that the games be played at T.A.S. Park, on Saturday afternoons, the league to secure one of the steamers of the Navigation Co. to run to and from that point. Such a scheme would, if the calibre of ball was of a high mark, no doubt be successful. The pleasure to be derived from such a program, would be sure to catch on with the fans.

Another meeting will be held shortly, to make further arrangements and if possible, draw up a schedule.

The proposed road race was left over for later discussion.

TORONTO MADE IT FIVE STRAIGHT

Defeated Jersey City 4-2 in Twelve Innings

Jersey City, N. J., April 26.—Jersey City offered the stubbornest kind of a resistance to the Maple Leafs in the third clash between these teams at West Side Park, and for eleven innings stood as well as Kelly's band in the travelling, but the perseverance of Joe Kelley and the men behind him overcame the local opposition in the twelfth round and recorded another victory. The totals read:—Jersey City 2, Toronto 4.

To the grand old hero of the diamond, "Willie" Keeler, belongs the credit for the "Good-night" developments on the Canadian string. It was Keeler's wallop in the pinch with the corners crowded and one out in the eventful twelfth that gave Kelley the verdict. Keeler's rap sent Vaughn across the platter, and when Delahantys' drive to Breen forced Keeler at second Cather rushed across with the added run, clinching things.

SPORT TALK

The latter proposition should be the more satisfactory one, both to the officers of the league and the winning team. These banquets should be placed on the shelf. The players never take to them, and in many cases they have to be actually dragged into the dining hall. Money spent on banquets could well be used for other purposes far more in the interests of hockey, baseball or such sport as the case may be. What player believes half of what is said in the speeches, which always prolong the agony of the occasion, and what speaker means half of what is generally said? The proper place to say these nice things is after the team has gone down to honorable defeat, and when each player thinks himself the one responsible for the loss of the game. But how too often is it not the case?

The Lindsay Post says—Owing to the fact that satisfactory arrangement could not be made for a banquet to the winners of the Town Hockey League, as well as the other teams, the event has been called off by the hockey league executive. A meeting of the executive will be held in the course of a few days, when the medals and shield will be handed over to the Boxall and Matthie team, and the proceeds from the different games divided among the teams. A financial statement, complete in every detail, will also be published.

INDOOR BALL AT AT THE ARMORIES

Players Should Turn Out and Help Boost the Sport

The indoor baseball schedule in connection with the Athletic Club at the armories has not, as yet, been very successful.

Either the weather is too warm or there are no baseball players. For the last scheduled games when Companies 4 and 5 and 2 and 3 were to play, Manager Dummitt's braves were the only ones on the floor, consequently winning by default.

To-morrow night the Bugle Band team makes its debut in this series, when it meets No. 6 Company. The second game will be between Companies 1 and 2.

The athletic committee wishes to see the schedule played to a finish, and any team not turning out to their games loses by default.

The following members of No. 7 Company are requested to be at the armories Saturday night to play a game of baseball with the officers' team:—Landry, Coughlin, Thompson, Lightheart, A. Metheral, Sergt. W. Metheral, Sergt. Brown, McCleary, Perry, Curtis, Rusk, Sheppard, and any others interested in the game.

GUN CLUB IS ORGANIZED AGAIN

C. Hood Elected Secretary—First Shoot May 4

The annual meeting of the Peterborough Gun Club was held last evening in Mr. C. B. Routley's store, and the following officers were elected for the ensuing year:—

Hon. President—J. D. Collins.
President—R. Tivey.
Captain—C. Leech.
Sec.-Treas.—C. Wood.

All arrangements were made for the coming season, and shooting will be held on the grounds at the Driving Park the first and third Thursday of each month, the first shoot to take place on Thursday, May 4th, at 6.30 p.m. It is intended to arrange matches with other clubs of the district during the season. Membership tickets may be obtained from the secretary.

FOOTBALL

The Y.M.C.A. football culb held its first practice of the season last night in the Central school grounds.

Quite a number of good players turned out and the management expect to be able to place a strong team in the field Saturday, when they play All Saints'.

Among those out were: Turner, Canniff, Flowers, Fitzgerald, Moore, Fleming and Coleman.

Another light practice will be held at 6.30 o'clock again to-night.

SIXTY THOUSAND TROOPS REQUIRED

This Large Army Is Needed to Guard the Streets During the Procession

Next in importance to the Westminster Abbey ceremony come the processions. Here the details are in many hands. To line the route on the two days and to take part in the procession more than 60,000 troops will be required. They will be under the command of Lord Kitchener.

The crowds which line the routes will be so enormous that one can safely predict that there will be many casualties. To meet this emergency the St. John Ambulance Corps will be present in force. At the last ceremony 232 officers, 1,554 men, and 187 nursing sisters were kept busy from the very early hours of the morning.

To protect the crowd more that to keep it orderly a large staff of police will be in attendance. Police arrangements are made with the utmost care and detail, and the Earl Marshal, supreme in everything else, wisely refrains from interfering with the Commissioner's orders. The stringency and minuteness of these orders may be gathered from the fact that for these days at least, it is made a criminal offence to buy or sell peacock feathers, squirts, and toy trumpets. It is a small matter, but it means a lot to be protected from these nuisances when standing for six or seven hours.

One side of the police activity which the general public is scarcely likely to notice is its private detective force. Mixing with the crowd in every direction will be hundreds of plain clothes men, keeping a lookout for dangerous men, Nihilists and the like. On an occasion of this sort a good many arrests are made "on suspicion," for the police are not going to run the risk of allowing a well-known terrorist to take a front place in the crowd.

An official at Scotland Yard confessed to the writer that the Coronation will not mean half as much to the police as most people imagine. "The soldiers do most of the work in keeping the route," he said. "The Metropolitan Police Force are probably fully equal to coping with any extra demand made upon this occasion. If any provincial police are asked to attend, it will be largely a matter of courtesy, to give them a chance to see the show and get the Coronation medal."

As June approaches there will be several rehearsals, both of the ceremony in the Abbey and of the processions. These rehearsals will be under the stage-management of the Earl Marshal. Sham swords, sceptres, orbs, etc., are used, but there was nothing said last time of anyone taking the part of the King. Perhaps on this occasion His Majesty will decide to be there in person.

Rehearsals of the processions are held in the early morning. Very early risers who may happen to be passing near the line of route on rehearsal day may see a curious line of brakes and plain carriages proceeding at a funeral pace. This preliminary performance is under the direction of the Court Equerry and the Master of the Horse. The procession stops solemly at the places where the King is to receive addresses. The difficult task of "forming up" is practised before leaving Buckingham Palace. On this occasion the actual horses which will be used in the processions are used, and the drivers and postillions are the same. The brakes and carriages are approximately the same weight as the state carriages.

The music is, of course, very carefully rehearsed, and it is more than probable that an opportunity will be given to the public to attend the last rehearsal.

Is it any wonder that, with all this minute attention to detail, the Coronation passes off without a hitch? Little mistakes must occur, but they are never very important. Four coronations ago, the Earl Marshal forgot the sword which plays such an important part in the ceremony. The King, George III., was intensely indignant, and told the deputy Earl Marshal what he thought of him. That dignitary then made the famous reply that he would "see that it did not

An elaborate system of signalling the King's entrance from the door of the Abbey to the organ loft does not always succeed. At the last Coronation the signal came too early, and the organ blared out and the Westminster boys raised their cheer at the entrance of the Barons of the Cinque Ports, who have the right to carry the canopy before the King, three minutes before the entrance of the King himself.—Penny Pictorial.

LORD KITCHENER
Who will have charge of the Coronation troops in London.

The Algoma Central Railway will build an $85,000 station at the Soo.

REINHARDT'S Edelweiss NON-INTOXICATING TORONTO

"EDELWEISS" BEER

That's the name of the purest and best non-intoxicating beer brewed—a beer brewed especially for temperance folks. "Edelweiss" contains all the elements of a typical diet. An appetising, invigorating brew—as pure as spring water and charged with all the health-giving properties of pure malt and selected Bohemian Hops. "Edelweiss" is delightfully appetising and refreshing.

WEB OF THE SPIDER.

Thousands of Strands In Each of Its Silky Threads.

For a long time the web of the spider was supposed to be a simple strand of wavy silk, but later it was found that such was far from being the case.

Under the microscope we can get at the secret of the spinning very nicely. We see that there are either four or six teats on the spider near the lower part of the abdomen, almost exactly similar to the teats of a cow. From these issue four or six strands, as the case may be. But these strands themselves are not simple, but are composed of at least a thousand fibers each, for it has been proved that in each teat there is a sieve of at least a thousand holes, through which the silky matter is strained. Thus we see that, fine as is a spider's web, it is yet composed of from 4,000 to 6,000 fibers. Leuwenhoeck states that it would take at least 4,000,000 of the completed threads to make a thread as strong as a silk thread of the size of a hair.

As to the color of the thread, our ordinary spiders spin one of a uniform gray color. But in the riotous tropics there are found spiders that spin varicolored webs. One particularly produces red, yellow and black threads, which it binds together with a pleasing color effect.

In the thread of the spider lies dormant a great industry once it is properly studied.—Popular Magazine.

B. C. Opposed, Says Bowser.

Ottawa, April 27.—"When the time comes for this country to pronounce upon the reciprocity agreement of the Laurier Government the people of British Columbia will vote against it to a man," declared Hon. W. J. Bowser, Attorney-General of British Colubmia, yesterday. Mr. Bowser, with Hon. Mr. Ross, Minister of Lands and Mines, is here to confer with Sir Wilfrid Laurier regarding several outstanding questions between the Federal and British Columbia Governments.

"If this reciprocity agreement is forced through by the Government it will mean that the fruit industry of our province will be paralyzed," he said. "The fruit growers have gone to great trouble and considerable expense, and have spent years in building up this industry, and it seems almost incredible that their interests should now be sacrificed for the benefit of their competitors across the line."

The Veto Bill.

London, April 27.—The veto bill is making easier progress through the committee stage than had been anticipated, and it is probable that it will not be necessary for the Government to resort to strong measures to force its passage. According to The Times' lobby correspondent it will reach the second reading stage in the House of Lords before Parliament adjourns for the coronation, and although the Unionist leaders have not yet definitely decided upon the course they shall adopt there is an increasing disposition among the Unionists that the House of Lords should pass the second reading of the bill and endeavor to amend it in committee.

PLAGARIZING AN EPITAPH.

Wag Turned an Old Rhyme Into a Joke on Late R. Walker.

In an article which recently appeared in an English periodical on ancient epitaphs one was quoted which must have inspired a quatrain that attracted some attention in Toronto a quarter of a century ago. The epitaph in question is described by the English writer as "a delicious blending of the temporal and spiritual, and one which shows that in the olden times the spirit of successful advertising was already to be found in the business world." The verse ran:

Beneath this stone, in hope of Zion,
Doth lie the landlord of the Lion,
His son keeps on the business still,
Resigned unto the heavenly will.

Some anonymous joker who lived in Toronto in the eighties was evidently familiar with this epitaph as the following facts show. One of the great merchants who helped to build up the commercial prosperity of Toronto at the time it started to grow in real earnest was the late Robert Walker. The large emporium of R. Walker & Son stood on King street on the site now covered by the King Edward Hotel and the Victoria street extension. Those were the days of trade marks, and the title of the Walker establishment was "The Golden Lion." An immense gilded lion was prominent on the front elevation of the store. Robert Walker was a prominent Methodist and foremost in all religious works. In course of time he was called to his fathers, and shortly after his funeral someone inscribed on the fence of the cemetery so close to his tomb that the allusion was apparent, the following verse:

I am on my way to Zion,
My sons are still at "The Golden Lion,"
Measuring goods and filling the till,
Thus fulfilling their father's will.

HER HANDS WERE RAW

HAD TO WEAR RUBBER GLOVES

"Fruit-a-tives" Completely Cured The Eczema

GRANDE LIGNE, QUE., Jan. 2nd, 1910

"My wife was troubled for three years with Eczema on the hands which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs).

I persuaded her, as a last resort, to try "Fruit-a-tives". The effect was marvellous. Her hands are now cured. We both attribute our present health to "Fruit-a-tives."

N. JOUBERT.

Eczema, Rash, Pimples, Itching and Burning Skin are always caused by impure blood—due to chronic constipation, indigestion or some weakness with the kidneys.

"Fruit-a-tives" is a positive cure for all Skin Troubles. It is the greatest blood purifying medicine in the world—and is the only remedy made of fruit juices.

50c. a box, 6 for $2.50, trial size 25c. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

SURGEONS' FEES.

Pretty Big Sometimes, but Then There Is Another Point of View.

I have a warm spot in my heart for the big American surgeons, says a writer in the New York Telegraph, and because of regular attendance for years at some of the most famous clinics in this and other cities I have been a witness of their unadvertised charities—acts of mercy and kindness which were never heard of outside the walls of the hospitals they honor by their services.

I knew a wealthy man whose daughter was suddenly stricken and whose life was saved by the attending surgeon. His fee was $25,000. Straightway the father emitted a wail.

"It's robbery," he said. The surgeon stood firm.

"Your daughter's life is worth $25,000 to you," he countered. There was no denial.

"Well, this fee means that I can operate on fifty persons without any charge, and if you don't like it you can force me to sue, but I will get it without a suit or you will stand a lot of publicity."

And he got the money without recourse to a court of law.

It is safe to mark it down when you see a story of some great surgeon who has charged a high fee that there are many of his patients enjoying good health and relief from pain because he charged them nothing at all.

THE CLANRICARDE PLAQUE.

A Famous Specimen of the Sixteenth Century Goldsmith's Art.

One of the greatest cinquecento jewels in the world is the Clanricarde plaque, owned by Lord Clanricarde, who is known as the "hermit peer" and who claims direct descent from the kings of Connaught. He guards with jealous care this precious example of the goldsmith's art, keeping it safe from possible thieves and the common gaze in a bank vault, to which he goes occasionally with great secrecy to feast his eyes upon its magnificence. Some years ago, by royal request, he lent it to an art exhibition in London, where it was admired and coveted by some of the greatest connoisseurs of Europe.

The huge disk is as delicately wrought as a spider's web and represents the figure of Hercules wielding a diamond sword. The sword blade is composed of a mass of perfectly matched steel white stones, and a superb blue diamond scintillates from the hilt. The present owner inherited it from his mother, who was a Miss Canning before her marriage to the Irish lord, and the plaque is practically priceless. Aside from its value to collectors and its worth as a specimen of rare and exquisite art, it is incrusted with a fortune in jewels.—New York Press.

"Clipping Sunday."

At Painswick, in Gloucestershire, the Sunday following Sept. 8 is called by the curious name of "Clipping Sunday" and connected with a quaint custom. In the churchyard are ninety-nine yew trees, and tradition says that all attempts to complete the hundred by planting another yew have failed becomes the newcomer invariably dies. Every year before the feast of the Nativity of Our Lady—Sept. 8—these mystic yews are clipped, and the Sunday "in the octave" thus becomes "Clipping Sunday." After service there is a procession of parishioners around the churchyard, and then all join hands and form a ring round the church. Finally they gather at the foot of a flight of steps leading to the chancel door, from which a sermon is preached.—London Chronicle.

City of Three Kings.

Do you know what city has been given the name of the City of Three Kings? It is Cologne, in Germany, and the reason is that it is in Cologne that the three "kings," or "magi," or "wise men," who went to Bethlehem to offer gifts to the infant Jesus are supposed to be buried. According to an ancient legend, their bones were brought from Milan to Cologne by the Emperor Frederick Barbarossa in 1162 and presented to the archbishop of Cologne. Visitors to the cathedral are shown the supposed souls of the magi, studded with diamonds and inscribed with the wise men's names in rubles. St. James' Gazette.

FORERUNNERS OF DOOM

COMING EVENTS CAST THEIR SHADOWS BEFORE THEM.

Extraordinary Disturbances of the Globe and Vagrant Stars Which Seem to Herald and Accompany Waves of Pestilence Have Always Been a Matter of Interest to Philosophers—Black Death Foretold.

A great mystery which stretches far back into the musty archives of the past, first recorded in the Scriptural accounts of the plagues which came up out of Egypt, is directing the fierce white light of learned inquiry to the far east where Death and all his angels stalk through the land. That "coming events cast their shadaws before them," has been duly emphasized through all the ages by the baleful consequences following the tokens of nature's wrath or the foretelling of doom by our mythological guardians that swing through heaven's blue dome.

The history of successive visitations of the great plague as they relate to disturbances of the physical globe presents points of some interest. So late as the beginning of the last century there were those who traced with credulous terrors the planetary vagaries which were observed to have coincided with such calamities.

The recurrent waves of pestilence which swept over Europe and Asia before and during the middle ages, leaving death in its wake, were heralded and accompanied with extraordinary disturbances of the globe. Rome fell a prey to its ravages with appalling frequency. The first grave visitation occurred in 366 B.C., when the plague broke out with devastating severity and continued to rage for three years. Ten thousand died in a day at its height; the living were scarcely able to dispose of the dead.

Disturbing omens had been observed; dismay filled the populace; the gods must be appeased. And so, in the stricken city new games were instituted and a ghastly levity ordained. The statues of Apollo, Latona, Diana, Hercules, Mercury and Neptune were placed on three couches and served with the richest viands for a space of eight days. But, as the event proved, all was of no avail; the dead still obstructed the open ways; the air was an offence in the nostrils. They might as well have appointed a cooks' holiday. At last some of the more ancient Romans recalled a pious custom then fallen into disuse; a nail was driven into Jupiter's temple during the ides of September.

The next year Rome was rent by an earthquake of great violence; a fissure opened in the midst of the city. The gods, it was thought, had given a hint; they were weary of baked meats and desired a living sacrifice. Accordingly the dauntless M. Curtius, whose name happily has been preserved to posterity, hurled himself in the chasm, imploring the perverse deities to restore prosperity to the Roman world. Writers recalled after the plague had spent its force that a flaming star had made its appearance, preceded by a terrific tidal wave which inundated two cities on the Gulf of Corinth.

Again in [illegible] B.C. the pestilence fell [illegible] planet has risen above the African land. At first, says Seneca, it appeared fiery and red, emitting a bright light so as to overcome the darkness of night. Gradually its magnitude lessened and its brightness paled. In the year 134 Ætna was in eruption, and nine years later the phenomenon was repeated. Multitudinous hordes of locusts, hounded by a south wind, drove up from Numidia and Utica, obscuring the sun. The havoc wrought was unprecedented. It is related that 800,000 died in Numidia and 200,000 more on the sea coast of Carthage. Fifteen hundred bodies were carried out of a single gate at Utica in one day. Thirty thousand Roman troops were numbered among the victims.

But this visitation was to be followed by one still more appalling in the sixth century of our era. Contemporary writers said that it had "depopulated" Africa; it swept the whole Roman world. So swift and terrible was the action of the disease that men who rose well in the morning were stricken before noon; they fell at games, at table, while they were conversing. St. Gregory instituted a procession at Rome on account of the unparalleled calamity. No less than 80 Romans fell dead in the streets while it was passing.

For this plague, too, we find a reason in the planetary disturbances. In 588 A.D. Antioch was overthrown by an earthquake in which 60,000 perished; the Tiber left its bed and overflowed the streets of Rome; a comet made its appearance; the winter was rigorous; the drought which followed severe. The times were obviously out of joint.

The black death, which was pulmonary, like the present epidemic, is supposed the have originated in Asia in 1345. Genoese sailors, who landed at their home port early in 1348 from the eastern coast of the Black Sea, are supposed to have disseminated it, together with miraculous stories of its origin. They said its coming had been foretold in Cathay by the bursting of a huge globe of fire or meteor, others assuring them that the fire had burst through the shell of the globe from below. Seismic shocks of considerable violence and extent had alarmed all Europe. Germany suffered in 1346; in 1349 Sicily, together with Italy, was shaken to its foundation; many cities were wrecked in Greece, and thousands were swallowed up by the earth. The courses of rivers were obstructed, and over Avignon (then the home of the popes) a meteor hung suspended for an hour. The heavens were thick with vapors and shot with strange lights.

The great plague of London, which appeared in 1664, was similarly announced by uncanny natural phenomena. How the plague reached London, if, indeed, it did not originate there, remains a mystery.

Courts-martial in Britain are regulated by the Mutiny Act, first passed in 1690.

Disinterested Affection.

"I'm afraid, Edward, you're marrying me only because I've inherited from my uncle 100,000 crowns."

"Why, Blanche, how can you think that of me? Your uncle is nothing to me. I would marry you no matter from whom you inherited the money."—Der Floh.

The Faultfinders.

Mention has been made of a person who, even in heaven, would complain that his cloud was damp and his halo a misfit.—William Winter.

Who serves his country well has no need of ancestors.—Voltaire.

Montreal Grain and Produce.

MONTREAL, April 26.—The demand from foreign buyers for Manitoba spring wheat was poor, and bids were 4½c per quarter lower. There continues to be a good inquiry for oats, but cables were easier, and no further sales were made. The export and local trade in flour was quiet.

Oats—Canadian western, No. 2, 40¼c to 40½c, car lots, ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39¼c to 39½c; No. 2 local white, 38¼c to 38½c; No. 3 local white, 37¾c to 38c; No. 4 local white, 37¼c to 37½c.

Flour—Manitoba spring wheat patents, firsts, $5.30; seconds, $4.80; winter wheat patents, $4.50; strong bakers', $4.60; straight rollers, $4 to $4.25; in bags, $1.75 to $1.85.

Rolled oats—Per barrel $4.15; bag of 90 lbs., $1.95.

Corn—American, No. 3 yellow, 60c to 60½c.

Millfeed—Bran, Ontario, $22 to $24; Manitoba, $22 to $23; middlings, Ontario, $25; shorts, Manitoba, $24 to $25; mouillie, $25 to $30.

Dressed hogs—Abattoir, $9.25 to $9.75 per 100 lbs.

Beef—Plate, half-barrels, 100 lbs., $8.75; barrels, 200 lbs., $17; tierces, 300 lbs., $25.

Lard—Compound tierces, 375 lbs., 9⅝c; boxes, 50 lbs. net (parchment lined), 9⅝c; tubs, 50 lbs. net, grained, two handles, 10c; pails, wood, 20 lbs. net, 10¼c; tin pails, 20 lbs. gross, 9½c.

Pork—Heavy Canada short cut mess, barrels, 35 to 45 pieces, $22.50; half-barrels, $11.50; Canada short cut and back pork, 45 to 55 pieces, barrels, $23; Canada clear pork, barrels, 30 to 35 pieces, $20; bean pork, small pieces, but fat, barrels, $16.50.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11⅝c.

Butter—Choicest, 22c; seconds, 20c to 21c.

CATTLE MARKETS.

Montreal Live Stock.

MONTREAL, April 26.—At the Canadian Pacific live stock market this morning the offerings were 450 cattle, 225 sheep and lambs, 950 hogs and 2700 calves. There was no important change in the condition of the market for cattle, prices being well maintained under a fairly good demand and small supplies, and a more active trade was done, which resulted in a good clearance being made.

Choice steers sold at 6½c; good at 6c to 6¼c; fairly good at 5½c to 5¾c, and the lower grades at 5c to 5¼c per pound. There was considerable inquiry for cows and bulls, of which the supply was limited, and sales were made at prices ranging from 3½c to 5½c per pound, as to quality.

A steady feeling prevailed in the market for hogs, and prices show no change, as compared with Monday. The demand from packers was fairly good, and sales of selected lots were made at $6.75 per 100 pounds, weighed off cars, and in a few instances $7 was paid for a few small lots of extra choice stock. The demand was good, and sales were made at from $2 to $6 each, as to size and quality. A fair trade was done in old sheep, at $4 to $6 each, and spring lambs brought from $5 to $7 each, as to quality.

At the Montreal Stock Yards west end market the supply of live stock for sale consisted of 250 cattle, 100 sheep and lambs, 650 hogs and 2400 calves. The prices realized for cattle, sheep, lambs and calves were much the same as those quoted above, but this market for hogs was reported weaker, with prices 25c per 100 pounds lower, sales of selected being made at $6.50 per 100 pounds, weighed off cars.

East Buffalo Cattle Market.

EAST BUFFALO, April 26.—Cattle—Receipts, 100 head; market dull and steady; prime steers, $6.35 to $6.45; butcher grades, $3 to $6.25.

Calves—Receipts, 500 head; market slow, 25c lower; cull to choice, $4.50 to $6.25.

Sheep and Lambs—Receipts, 6000 head; market fairly active; lambs higher; sheep firm; choice lambs, $6.50 to $6.75; cull to fair, $5 to $6.25; yearlings, $5.25 to $5.75; sheep, $2 to $5.

Hogs—Receipts, 2550 head; market active and steady; yorkers, $6.45 to $6.50; pigs, $6.50 to $6.55; mixed, $6.40 to $6.45; heavy, $6.35 to $6.40; rough, $5 to $5.30; stags, $4.25 to $4.75.

New York Live Stock.

NEW YORK, April 26.—Beeves—Receipts 2120 head. Steers, slow and 10c to 20c lower; fat bulls, steady, others 10c to 25c lower; cows, 15c to 15c lower; steers, $5.50 to $6.30; bulls, $3.75 to $5.70; cows, $2 to $4.65.

Calves—Receipts, 2620 head; fair demand; steady to 25c lower; veals, $4.50 to $6.50; culls, $4.

Sheep and lambs—Receipts, 10,477 head; sheep, steady; lambs, steady to firm; wooled sheep, $3.50 to $4.75; clipped, $3 to $4.25; unshorn lambs, $5.50 to $6.60; clipped, $4.50 to $5.60; Maryland spring lambs, $4.50 each.

Hogs—Receipts, 7740, firm for medium and light weights, whole range, $6.25 to $6.75.

Chicago Live Stock.

CHICAGO, April 26.—Hogs—Receipts, 25,000; market higher; mixed and butchers, $5.90 to $6.20; good, heavy, $5.70 to $6.15; rough, heavy, $5.70 to $5.90; light, $5.90 to $6.25; pigs, $5.85 to $6.20.

Cattle—Receipts, 15,000; market slow; beeves, $5 to $6.50; cows and heifers, $4 to $5.60; stockers and feeders, $3.40 to $5.65; Texans, $4.60 to $5.50; calves, $4.50 to $6.25.

Sheep and Lambs—Receipts, 16,000; market steady; native, $3 to $4.60; western, $3.25 to $4.60; lambs, $4.25 to $6.10; western, $4.75 to $6.15.

Big Power Scheme.

Montreal, April 27.—E. A. Robert, president of the Canadian Light & Power Co., it is announced, has placed before the Dominion Government an immense power project.

It is proposed to expend between $15,000,000 and $20,000,000 in the development of electrical energy at Cedar Rapids, on the St. Lawrence. It is said half a million horse-power could be developed there.

We respectfully remind you to take the fullest advantage of our great 15 day Sale of Carpets by the yard.

GREAT MOVE OF EXPATRIATES TO RETURN TO CANADA, HE SAYS

Former Peterborough Man, Now Prominent in Chicag Newspaper World, Interviewed at Edmonton

Edmonton Bulletin:—That a great movement among Canadians and Britishers in the United States to return to Canada is on foot throughout the middle west, is the statement of A. D. Browne, a prominent newspaper man of Chicago, to the Bulletin this morning.

Mr. Browne, who is assistant general manager of the British-American and Canadian-American, two weeklies published in Chicago, is making a trip through Western Canada to give his readers the information so much desired of prospects in Canada. Quoting a concrete case Mr. Browne said;

"A physician lived for years next door to me in Chicago. He had a good practice and had reached a high place in his profession. Last year, returning from a trip to Western Canada, he sold and gave away everything he had, then came to Edmonton, and bought a farm forty miles out of the city. He has now given up medicine altogether and has become a thorough-going farmer."

The papers with which Mr. Browne is connected have been in existence one twenty-three, the other twenty-nine years. They are designed solely to meet the needs of the large proportion of the population of the States of British and Canadian extraction.

"A good many of our people there though they have done well are anxious to return to Canada and are looking towards the Canadian west as a place in which to settle."

Mr. Browne ridicules the idea that the reciprocity agreement will tend towards annexation.

"American are too busy to think of such a possibility," said Mr. Browne. "It won't make any difference anyway, for we are all one people."

Mr. Browne himself is a Canadian from Peterborough, Ont.

LECTURE AT THE NORMAL SCHOOL

This Thursday Evening by Dr. Auden of Birmingham Eng.

Dr. George A. Auden, Medical Superintendent for the Education Committee, Birmingham, England, will deliver an address in the Normal School on Thursday, April 27 at 8 p.m. He will likely speak on medical care and examination of school children. The lecture will be free and open to the public. His subject will be of interest to all parents and should attract a large audience.

PERSONAL

Mr. and Mrs. Lacombe, of Bobcaygeon, have been spending the week with their daughter, Mrs. Ward, Stewart street.

The many friends of Fireman Tom Lyttle, will be pleased to learn that he is able to be on duty again, his eyes, which were severely injured at the gas plant fire, being almost well again.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To the Editor of the Review.

Dear Sir,—I do not care which it is, water or oil, so long as the dust plague is stopped, but please give us poor, long-suffering house-keepers, something. What is the good of house cleaning, when an hour after the clouds of dust smother everything, not to say anything of the health of those who have to breathe the dust-laden atmosphere. Why last night the air looked as if there were bush fires around. The moon and street lights shone as through a haze of dust, I say it is shameful.

Yours truly,
ONE OF THE HOUSEKEEPERS.
Peterborough, April 27th, 1911.

NOTHING LIKE THIS HERE.

To the Editor of the Review.

"What Toronto needs is more administration and less legislation, and the mayor and controllers are to be congratulated on the step they have taken in this direction. The World has advocated efficiency in city government year after year, and while very much more than the Board of Control proposes would be necessary to achieve what is required, yet the step suggested is on the right path. But the secret of good government is efficiency, and freedom for the efficient and responsible officials from the interference and obstruction of incompetent persons with axes to grind. It is great gain to have the need of reform recognized officially."

The above extract from to-day's Toronto World is appliable to Peterborough, with the exception that we cannot congratulate our council on any forward step in that direction.

Yours, etc.,
ADMINISTRATION.
Peterborough, April 27, 1911.

LAY THE DUST.

To the Editor of the Review.

Sir,—The first of May is now upon us, but no watering cart is in sight. Every succeeding council shows a more unpardonable neglect of duty in abating the dust nuisance. I had occasion to take a walk last evening and suffered from the clouds of dust at every turn. My throat, eyes and clothes told the tale upon my return. And yet our street watering tax goes on all the same. By all means let us have a commission whose duty it will be to lay the dust.

Yours, etc.,
ANTI-DUST.
Peterborough, April 27, 1911.

To the Editor of the Review.

Sir,—I see that the council has raised the medical health officer's salary to $800. There can be no objection to the raise, where there is an honest performance of duty, but the best evidence of his neglect is the presence of so much infectious and contagious disease. If dust, smoke and other impurities contain the germs of disease, why are they allowed to continue? By all means give the doctor another raise if he will only do his duty.

Yours truly,
PURE AIR.
Peterborough, April 27, 1911.

EMPHATIC ON RECIPROCITY

Peterborough Doesn't Want Pact At All

Toronto Reporters Investigations Show Results

The following was written by a Toronto News reporter, after a reciprocity hunt in Peterborough;

Five more results from the test vote in Peterborough are completed. Their chief interest rests in the fact that a great many farmers express their opinion in the totals. The News man knows and the whole countryside realizes for that matter that this section of Ontario wants the tariff wall sufficiently high to protect Canadian industry. As the vote column will show farmers have been seen both at the market place and on their farms. One agriculturist well summoned up the situation in a nut shell when he said to the writer; "The real truth is that we tillers of the soil haven't had half enough time to study this matter carefully. I favored reciprocity at first but when I had opportunity for consideration my error became plain. Now I take the opposite stand."

A big majority of the employees at B. F. Ackerman, Son & Co. are opposed to the measure. The big harness factory is a splendid place to see. The men are expert Canadian and English workers.

HOME OF THE UNION JACK.

But few Ontario people have not at least heard of the firm of J. J. Turner & Cons. Garden parties, camping parties, sailors, soldiers and many other classes have used their tents, sails, flags and waterproof goods. The big establishment is so spick and span that one instinctively looks for a door mat prior to entering. Here in the home of the Union Jack another test was made. The employees were almost unanimously against reciprocity.

At the Grand Opera House 394 persons market ballots. Three hundred and fifty-one were averse to reciprocity. Forty-three favored it. Prior to the test Mr. J. J. Turner announced from the stage of his splendid theatre, which seats 1,500 people, what was to take place.

The test was well supervised by prominent gentlemen. Peterborough is delighted with the result. The writer extends his sincere thanks to the editor of the Peterborough Review, Mr. J. J. Turner, and other gentlemen who did all in their power to help him.

THE KICKER.

An Entirely Different Sort of Man From the Growler.

There is a world of difference between the man who kicks and the man who growls.

The man who kicks—who truly, earnestly and honestly kicks—is a good kind of man to have about. He kicks because things are not as they should be, and he proposes to correct them. The man who growls is merely a negative quality. He may know that things are not going right, but he hasn't any idea of trying to do anything about it. He just sits round and complains.

You remember Mark Twain's story about the kicker and how successful he was in securing everything that belonged to him. He was a producer in the best sense of the word, just as every man who kicks in the right way is certain to be. You probably know just such men—men who are chronic kickers. Let anything go wrong and they go "up in the air" in a minute, but you can depend upon it that that particular thing will never go wrong again if they can prevent it.

A kicker may not be the most agreeable person to have around, yet he is a healthful factor in almost any establishment. He has his faults, but it is possible to overlook them for the sake of the productive value that he represents.

As to the growler—there seems to be no place for him in the work of the world. He may complain loudly and whine and talk about other people, but he remedies no faults, he repairs no leaks—he just makes trouble.

That is the diffrence between the kicker and the growler.—Business.

Emma Came Back.

Captain Jones of the steamship Canada relates the following story illustrating the remarkable sagacity of dumb animals:

Besides the crew of this ship of the White Star-Dominion Line there is a feline supernumerary named Emma. When the boat landed in Montreal, near the close of the past season, Emma, deserting for the time her newly-born family, set out, according to custom, for a walk up Commissioner street. But Emma became so interested in the improvements to the harbor that she lost track of the time and returned to the dock to find that the Canada, her floating home, had sailed. Was Emma perplexed? Well, perhaps; but she was not nonplussed. Strolling along the wharves she took passage by the Allan Line, there until she found her ship, ran up the gangplank and a week later landed in Liverpool, trotted up the quay and joined her family.

His Proper Place.

Mr. George Reginald Geary has received a vaster vote than has been for the Toronto mayoralty. Some years ago, Toronto, in a fit of carelessness, allowed a "Joke" to be elected—and Toronto has profited by the blunder.

On a certain occasion a deputation of ladies waited on the "Joke" Mayor, and promptly appeared at noon—the hour of appointment.

"Ah," said His Worship, gruffly. "I think I'll have to postpone this interview. It's my time to feed."

A bright and disgusted woman who was secretary of the deputation said sweetly. "Certainly, Mr. Mayor. We'd hate to detain you from your trough."

Prisoners Reach Los Angeles.

Los Angeles, April 27.—James W. McNamara and Ortie E. McManigle were brought here at 2.35 p.m. and placed in the county jail. There was no demonstration.

John J. McNamara arrived at the jail five minutes' later. He had been brought by automobile from Raymond station.

District Attorney Fredericks stated yesterday that Mrs. Ingersoll of San Francisco told him that James W. McNamara, whom she saw in Pasadena as he left the train yesterday morning, was without doubt the J. B. Bryce whom she knew. Bryce is said to be one of the alleged dynamiters.

Skulls and crossbones drawn with a diamond were sketched by a vandal on a Montreal department store's windows.

Are They Comfortable ?

Many persons have difficulty in keeping their Spectacles from slipping down upon the nose and hurting the ears. We are fitting beautiful Spectacles of new form, that are the acme of comfort, and owing to the formation of the inconspicuous solid Gold Pads at the side of the nose, there is no marking of the nose crest or cutting behind the ears, and then too, they will not slip down. Optical Institute patrons who use them remark "That is the very kind of spectacles I have been looking for." A lady remarked "I would not do without those spectacles for $100.

VOL. LXII., No. 99. PETERBOROUGH, ONT., CANADA, FRIDAY, APRIL 28, 1911 TEN CENTS PER WEEK.

PRESENTED LANCTOT REPORT TO HOUSE; BIG DOSE OF WHITEWASH FOR LIBERAL, M.P.

Sir Alan Aylesworth Defends the Member for Richelieu, Charge with Graft and Theft.

Ottawa, April 28.—The notorious Lanctot case was formally reported to Parliament yesterday. Adelard Lanctot, Liberal member for Richelieu, Quebec, had his house at Sorel painted by Government employes with Government materials. When the story got abroad, he paid the bill. It had not been entered on the Government books. Ex-Judge Doherty, T. W. Crothers, K.C., and other speakers on the Conservative side branded him as a thief of public money. To the astonishment of most persons, Sir Alan Aylesworth defended him. He avoided approval of the transaction, however.

In moving the adoption of the report of the majority of the members of the privileges and elections committe, exonerating Lanctot, in connection with the charges made against him by P. E. Blondin, Nationalist member for Champiain, Wm. German, chairman of the committee, went exhaustively into the matter from the point of view of the Liberal majority of the committee.

Mr. German did not undertake to defend a system under which Government employes of the Sorel shipyard were allowed to do work for an outsider. That, he said, was another matter which did not come under the terms of the charge as made by Mr. Blondin. He declared, however, that the evidence adduced made it clear that throughout Mr. Lanctot had acted in good faith and with no intention of profiting at the expense of the Government.

Analysing the charge that Lanctot had not paid for all the work done, Mr. German said that the member for Richelieu had paid for 217 days' labor.

Mr. Borden then asked what business Foreman Paget had to take Government material away and send it to the house of Mr. Lanctot. Mr. German replied that whether or not he should have done so was another matter. The point was that Mr. Lanctot had acted in good faith.

In conclusion Mr. German explained the view that Mr. Lanctot had not been guilty of violating the Independance of Parliament Act, and criticized Mr. Blondin for bringing such a serious charge against a fellow-member, without first making an effort to ascertain the real facts.

F. D. Monk (Jacques Cartier), said it was clear from the evidence that Lanctot intended to get the work done without refunding the cost. Lanctot did not seem to have realized the special position, and with Paget, the foreman, had started in to perpetrate an odious fraud on the Government. It was public notoriety, he said, that these things were done daily in Sorel. Men had started stores there on what they had got from the Government.

Sir Alan Aylesworth said they must remember that the charges affected not only Mr. Lanctot's seat in the House, but affected his personal character and honor. He was literally on trial. Personally he regarded Mr. Lanctot with affection and held him in the highest esteem and regard, but he would not allow this to interfere with his duty.

He confessed that he was not able to find evidence of fraudulent behaviour. There was no question, he admitted, that the work was done by Government employes with Government materials, but Lanctot had paid for it. The agreement between Lanctot and the Government employe was perfectly distinct. Government supplies were used and to be replaced. Sir Alan argued that there had been no infraction of the Independence of Parliament Act by Mr. Lanctot.

C. J. Doherty, St. Anne's, Montreal, pointed out that the whole defence was that Lanctot paid. He considered this childish. The Minister of Justice had called this borrowing, but the criminal code called it theft. There was such a crime as compounding a felony. Lanctot shares equally the guilt of the employes. The question was simply whether Lanctot had done this lawfully or unlawfully.

Mr. Doherty agreed with the Minister of Justice that there had been no violation of the text of the Independence of Parliament Act, for the very simple reason that the act dealt with contractual relations. There had been no contractual relation between Lanctot and the Government of Canada. The relation that existed, however, was the relation of the man who obtained another man's property unlawfully.

DANGER IN HEAD-ACHE POWDERS

Washington, April 27.—Dangers so grave, according to Dr. H. W. Wiley, chief chemist of the Department of Agriculture, lurk in the ordinary headache remedy that he has determined to institute an investigation under the Pure Food and Drug Act. Many cases in which death has followed the taking of these remedies, said Dr. Wiley to-day, have been brought to his attention of late.

Headache powders, said Dr. Wiley, usually contain large quantities of acentanilid, phenacetin, antipyrine or caffeine, all of which affect the heart more or less. The powders, according to Dr. Wiley, contain a larger proportion of these drugs than any physician would think of prescribing.

TAFT SAYS "BOSH" TO ANNEXATION CRY; NOW OR NEVER FOR RECIPROCITY

In Speech Before the Editors and Publishers of the United States He Says It Is Now or Never In the Matter of Tariff Agreements With Canada — Annexation He Pooh-Poohs and Begs For a Test to Free the U.S. Farmers From "Ghosts."

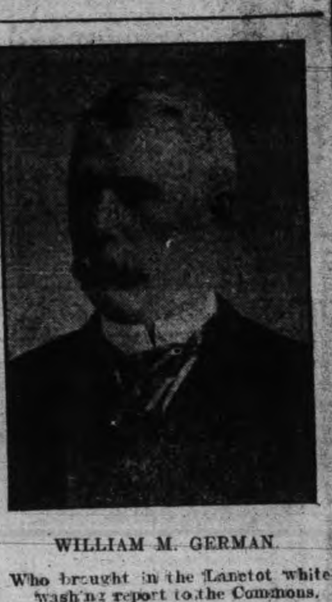
New York, April 28.—Reciprocity with Canada must be adopted now or never, must stand or fail by its own terms. So declared President Taft in an address at the Waldorf-Astoria last night, at the fourth annual joint banquet of the Associated Press and the American Newspapers Publishers' Association.

His address was the first of a series in which he plans to evoke public sentiment in support of his policies, and he appealed to the company of editors and newspaper owners, gathered from the length and the breadth of editors of the land, to impress in the public mind that reciprocity should stand alone "and ought not to be affected in any regard by other amendments to the tariff law." His recommendations were warmly cheered.

All talk of the annexation he characterized as "Bosh" and said that the United States has all it can attend to with the territory it is now governing. He praised the House of Representatives for its passage of the agreement; declared that it would not injure the farmer nor any special class, touched briefly on the matter of a general arbitration treaty with Great Britain which he said was progressing; answered in detail the objections that have been raised to reciprocity and begged for at least "a kind of test to dispel the ghosts exhibited to frighten the agricultural classes."

President Taft's speech met with rapturous applause from the assembled newspapermen and the cheering of the evening was frequent and prolonged.

Other speakers of the evening were Manuel De Zamacona, Mexican ambassador to the United States, who urged intelligent and deliberate consideration of the forces that have shaped the present insurrection; W. B. Northrup, K.C., M.P., who paid tribute to the power of the press, reminded it of its responsibilities, and analyzed Canadian sentiment with reference to reciprocity. Nicholas Murray Butler, president of Columbia University and J. F. Mackay, president of the Canadian Press, Ltd.



WILLIAM M. GERMAN.

Who brought in the Lanctot whitewashing report to the Commons.

McNAMARA IS INDIGNANT

Says Arrest is Caused by Capitalists Machinations.

Los Angeles, Cal., April 28.—J. J. McNamara, secretary and treasurer of the International Bridge and Structural Iron Workers' Association, gave his first authorized statement as to his arrest to the Associated Press yesterday, as follows:

"To the brotherhood of organized labor in California and the United States:

"In this second attempt to crush and discredit the cause we represent, I fully realize the desperation of the enemies of labor arrayed against us, but I am of good heart, for it will fail.

"That I am innocent of any infraction of the law, in word or act, needs no emphasis from me, for the truth is mighty and will prevail right speedily, and for it I will contentedly wait.

"I send to all brothers and friends of union labor the world over my earnest and affectionate greetings, with the assurance that there is no villainy or conspiracy possible of which we are afraid.

"I am also confident that it is not asking too much of the public to suspend judgment in these matters until opportunity for a full and fair defence has been afforded.

Signed "J. J. McNamara."

Mrs. D. H. Ingersoll of San Francisco, in whose lodging house was the man she knew as "James B. Bryce," who was charged with the actual dynamiting of The Times building here, was taken into the jail to see if she could identify James B. McNamara as "Bryce."

Mrs. Ingersoll left the jail with the district attorney, who refused to reveal the woman's decision in the matter of identity. No one was permitted by him to see Mrs. Ingersoll.

A Big Contract.

Winnipeg, April 28.—The $1,500,000 contract at Transcona for the completion of coach shops and buildings, has been awarded to Haney, Quinlan & Robertson, the contracting firm, which is just finishing the erection of the shops at Transcona for the commission and the Grand Trunk Pacific.

Inspected Jamaican Defences.

Kingston, Jamaica, April 28.—Gen. Sir Ian Hamilton, inspector-general of the oversea forces of Great Britain, yesterday completed an extensive inspection of the fortifications, regular troops, militia and police here. He sailed yesterday afternoon for Cuba, on his way to Bermuda.

FEZ CAPTURED AND PILLAGED

Rebel Forces Active at the Capital of Morocco

Special to the Review.

Madrid, April 28.—The city of Fez has been captured and pillaged by rebel forces and all foreigners are now besieged in the French Consulate, according to advices received here to-

TRAGEDY ON THE RAILWAY TRACKS

Mangled Body of Harry Daubs Found This Morning

Special Correspondence

Sarnia, April 27.—The mangled body of Harry Daubs, son of the Grand Trunk baggagemaster at Parkhill, was found on the tracks this morning. He apparently fell from a train and met a terrible death.

Body Found in Pool.

Brockville, April 28.—A little daughter of M. Gavin of Toledo wandered away from home during the forenoon. Her mother, busy with household duties, did not notice her absence for some time, and when she did there was no response to her calls. The lifeless body of the child was found in a pool of water at an old ashery, about three-quarters of a mile from the house.

QUEEN'S TRUSTEES ONCE MORE MOVE TO LEAVE THE CHURCH

Will Ask General Assembly to Provide for Separation.

Kingston, April 28.—Queen's University board of trustees at their annual meeting decided to once more ask the general assembly to take steps to separate the university from the Presbyterian Church in Canada. They ask the assembly to co-operate with the board of trustees in procuring the legislation to give effect to the proposed changes in the constitution of the university.

Prof. A. S. Ferguson was appointed junior professor of philosophy, to succeed Dr. S. W. Dyde.

Prof. J. Matheson was appointed professor of mathematics and head of the department, to succeed Dean Dupuis.

A number of increases in salaries were made and it was decided to es-

Taken From His Engine.

Brockville, April 28.—For stealing a bicycle, which he sold for $4, Thomas Weston, hailing from Montreal, was yesterday sentenced by Magistrate Deacon to six months in the Central Prison. Weston had secured employment as locomotive fireman on the Grand Trunk and was making his trial trip, when he was arrested by the chief of police of Cornwall on his engine and brought back here for trial.

Judge Reynolds allowed James Holmes of Prescott to go on suspended sentence. The prisoner was caught in the act of sawing the padlock of a cell in the Prescott police station to liberate an acquaintance who was behind the bars. A strong petition for leniency saved Holmes from a term in the penitentiary.

FAVORS THE ITALIAN LAW

Joseph Chamberlain's View of Civil Law

All Marriages Must be Performed in Public Room

London, April 27.—The rather remarkable view of Rt. Hon. Joseph Chamberlain on the marriage laws of the Church of Rome, as expressed by the British statesman at Cannes a few weeks ago, are detailed in to-day's Scotsman by "A. R.", who is presumably Mr. Adam Rainey, M.P., son of the late Principal Rainey.

Mr. Chamberlain was discussing the attitude of the Church in relation to the Italian Civil Code, which defines marriage as a civil contract, and specifies that the ceremony is to be performed by the prevost of the place in a municipal room open to the public. The Code forbids a priest to attend, except as a witness or spectator, leaving the couple to go afterwards to Church to obtain the Church's benediction, if they so desire.

A bill was recently brought before the Italian Parliament to imprison priests and their witnesses who dare to pretend to be able to perform the marriage ceremony, and further, if a priest goes to a couple married civilly and says to them that they are living in concubinage because they were not married by the Church, he renders himself liable to both fine and imprisonment. He is not allowed to impugn the law of the land, nor to disturb the peace of the family.

Mr. Chamberlain, speaking of the desirability of England's adopting a settlement on similar lines, indicated his approval of it, and also his despair as to England taking such vigorous action, for, shaking his head sorrowfully, he said; "But we are far from that."

That, adds A. R., is true, but it will come some day.

Spanish Papers Cautious.

Paris, April 28.—The Spanish press generally urges the Government to proceed with the utmost caution. Premier Canalejas and his associates in the Spanish Ministry find themselves in a difficult position. The army is not disposed to go to Morocco, and public opinion is opposed to the cost of money and lives without seeing definite advantages to be gained.

It is understood unofficially that the French Government considers that since its action is in the interest of all the powers, all will approve, including Germany. Nevertheless, the comment in some of the German newspapers, reprinted here, distrusts some Frenchmen. However, the supporters of the Government policy recall that the French and German Moroccan agreement of 1909 gives Germany what is interpreted in France to be predominant commercial interests in Morocco, while France retains a predominant political position there.

Lake Captain Dead.

Kingston, April 28.—Capt. William Ada, aged 78, one of the oldest great lakes captains, is dead. He had been in the service of the R. & O. Co., thirty-five years.

LAST CALL TO THE GEORGES

Subscription List Must Close To-morrow Night—Have You Subscribed?

The George Fund for the presentation of a coronation gift to King George from his loyal namesakes in Canada will be closed to-morrow night. The money left at the various places where subscriptions have been received will be collected, and forwarded to the central treasury, and thence sent to England.

It is earnestly urged that all Georges intending to contribute should do so to-morrow, as this is the last chance. The Peterborough returns have been somewhat disappointing in the number of names of subscribers, though no more so than in other places.

Remember to call at any of the banks in the centre of the city, the Y.M.C.A. or any of the stores in the wards displaying the George subscription sign, and have your name presented to the King as a subscriber.

Blazing Forests Give Trouble.

North Adams, Mass., April 28—Blazing forests, which also have devasted 500,000 acres of timber land in the towns of Clarksburg and Williamstown and in the outskirts of North Adams, kept more than 400 fire-fighters busy last night. While the flames showed little sign of dying out, despite three days' fight against them, actual danger to settlements was still remote. The situation was at its worst in Clarksburg, where the outlying houses were a mile and a half from the advancing fires, but the wind was light and no fear was felt for the immediate safety of the farm buildings.

MASS MEETING FOR ARBITRATION

Resolution Pledging Support Moved by Asquith and Balfour

Special to the Review.

London, April 28.—Unqualified approval of the arbitration agreement between Great Britain and the United States was given at an immense mass meeting held in the Guild Hall to-day. A resolution to this effect, and pledging support to the principles of arbitration was moved by the Premier and seconded by Mr.

FOUR MEN BLOWN TO ETERNITY; EXPLOSION IN POWDER PLANT

MITTEN FOR TAFT JR.

Chicago, April 27—Miss Olive Gardner, the beauty of Evanston, to whom Robert Taft, son of President Taft, paid such ardent court last fall that an engagement was rumored, is to marry J. Lawrence Onderdonk, of Evanston.

Almost the Exact Duplicate of Disaster of a Year Ago Take Place at the Dominion Explosives Co.'s Plant—Drying House Is Shattered and Bodies of Two Men Entirely Disappear—No One Else Injured.

Sand Point, Ont., April 28.—As the result of an explosion in the drying house of the Dominion Explosives Co., one and a half miles west of this place, a calamity which in cause and some of its results almost exactly duplicated of a year ago in the same powder mills, four men were instantly hurled into eternity and about $700 damage was done to the property of the company.

Minic Bennet, Westport, aged 22.

William Brooks, Sand Point, aged 27.

Joseph Mills, Poplar, London, England, aged 38.

Horace McMullen, Ottawa, aged 29.

The explosion occurred at 12.10 yesterday afternoon, and is said by the officials of the company to have been due to the ignition of a quantity of gas in the building where it took place. An inquest will be opened today by Coroner Armstrong of Arnprior in an effort to fix the responsibility.

The catastrophe was one as sudden as it was terrible in its effects. Without anything that might in any way have given the unfortunate victims a warning the explosion came. The drying house was disintegrated in an instant and smashed into kindling wood, which strewed the surrounding landscape. Wm. Brooks and Dominick Benedict were inside the building, Joseph Mills and Horace McMullen standing on its platform. The bodies of Benedict and Mills were blown into atoms, no trace of them having been found last night. Those of Brooks and McMullen were recovered, that of the latter being almost impossible to identify. Almost miraculously none of the other employes were injured, though near by.

Besides the complete destruction of the drying house, the sides of the nitrate rooms were staved in, as were the ends of the ice house and a store room.

Where the drying house had been, nothing was left but a large hollow in the ground, the result of the downward action of the explosion.

TOOK TOLL FROM EXCURSIONISTS

Brockville Smugglers Caught in the Act.

Brockville, April 28.—With the opening of navigation Brockville people have again started the practice of visiting Ogdensburg, N.Y., in large numbers on every trip of the Island Bell, and strong suspicions of smuggling are invariably directed to the female sex. Yesterday over fifty patronized the outing, and upon the return were treated to an unpleasant surprise by being met by two officers of the customs staff, who ushered them into headquarters to pass the inspection of Special Officer Harris of Toronto, who is working along the frontier. Duties were imposed and collected on all purchased displayed, large and small, though in the rush it is reported that several ladies who did not care to be too closely interrogated, evaded the officers and got safely away.

Inspector Harris mingled with the passengers on the trip, his identity not being known until he asserted his authority in the customs office. He came to Brockville from Prescott, where he is said to have done a land office business. Frequent complaints have been sent to the customs department at Ottawa by Brockville merchants of the smuggling operations from Ogdensburg.

Disregard Armistice.

Eagle Pass, Texas, April 28.—Rebels south of here are disregarding the Mexican armistice which, they say, they never agreed to, according to the information reaching here. The Southern Pacific office has received orders to accept no freight bound into Mexico beyond Monctova, 150 miles south of Eagle Pass. No passenger tickets are to be sold beyond that point.

Man's Sudden Collapse.

Winnipeg, April 28—R. R. Jamieson, prominent business man, ex-mayor of Calgary and formerly general superintendent of the C.P.R. at Winnipeg, has been taken to New Westminster, B.C., sanitarium in a hopeless condition. Fatal results are feared.

His decline is most sudden, for his health had been excellent.

Given His Liberty.

Kingston, April 28.—Edward McDermott, news dealer, arrested for shopbreaking, was given his liberty by Judge Price, the evidence not being strong enough to convict.

Opened New Armories.

Guelph, April 28.—Guelph's new $220,000 armories was formally opened last night, being graced by the presence of Sir Frederick Borden, Minister of Militia and Defence, who, in the presence of about 2,000 people, declared the building to be opened. Mr. Hugh Guthrie, M.P., to whose efforts the building is credited, announced more fully than the Minister, that a city regiment would be organized here of eight companies, though, owing to the lack of officers, for the present it would be but a four-company regiment. It has not been decided, as yet, what the uniform will be, for though the kilties are favored, the cost is almost prohibitive. A Highland light infantry regiment or fusiliers are likely.

Almost Unanimous Vote.

Midland, April 28.—A Hydro-Electric bylaw was voted on in Midland yesterday to authorize the council to take power from the Hydro-Electric Power Commission and to expend $13,000 in extending the present plant and making necessary changes. Although the vote was light it was practically unanimous and the bylaw was carried by 339 to 15. The meeting called by Mayor Horrell and addressed by Hon. Adam Beck convinced the municipality that the scheme is a good one. Penetang votes on a similar bylaw on May 1 and there is no doubt that it will also carry.

It is hoped to have hydro power and light in use by July 1, as the Simcoe Railway & Power Co.'s plant is now about completed.

Jolted Out of the Auto.

Montreal, April 28.—Thrown heavily to the street by the collision of an auto with a pile of stones in the street, Mrs. H. S. Coulson was fatally injured early yesterday, and Jos. Rosenthal, jr., badly injured, but will recover. Mr. Coulson, son of the general manager of the Bank of Toronto, fell on his feet and was injured.

The Coulsons had guests at their house in the evening, and drove them in the auto, Rosenthal going along. A pile of stones on Park avenue, unguarded by a red light stopped them suddenly. Mrs. Coulson had her skull fractured.

River Steamer Sank.

Pensacola, Fla., April 28.—Loaded to capacity with 5,000 barrel cargo of naval stores, the river steamer Belle, from Vernon, Fla., to Pensacola, sank in a severe fifty-mile gale Wednesday in the Choctaw River, and four lives were lost.

Dr. Rogers Recovering.

Kingston, April 28.—Dr. V. Rogers, Kingston's oldest lawyer, has been at death's door for several days, but yesterday the crisis in his disease was reached, and he is now improving.

SAYS McNAMARA WAS ORIGINATOR

Of Dynamite Conspiracy McMonigal Confesses to District Attorney

Special to the Review.

Los Angeles, April 27.—In the presence of an official stenographer, Ortie McManigal made a confession of his carrer as a dynamiter to the district attorney to-day. McManigal in this statements charges J. J. McNamara with being the originator of the dynamite conspiracy. Immunity from punishment was not promised McManigal in order to secure the confession.

BETWEEN YOU AND ME

Well, if we can't have the tire factory, we possibily have a whole automobile factory.

—o—

Straw hats were out to-day. This is a sure sign that winter is at last leaving us.

—o—

The summer vacation will soon occupy our minds. Its always pleas-

UNION LABEL

THE DUST NUISANCE

If some of the good people of Peterborough who rise in wrath at the sight of a sprinkling of dust in the air, were to go west, they would find out what dust really means. And even in cities in Ontario, the dust evil is really wicked, as compared to Peterborough.

After a house-wife gets through with turning the house topsy-turvy; making the family sleep on the floors while she searches the dark corners for that dreadful bane of all good house-keepers, a speck of dust or dirt; and making them eat their meals off boxes, or sitting on the cold and cheerless kitchen range, no wonder she feels hot at the idea of clouds of dust rolling down the street. No wonder she closes the doors, and battens down the hatches against the invading sand and dirt, to preserve for at least a day or two the spotless Town appearance she has wrestled with carpets, and tables to obtain.

We confess to a great deal of brotherly feeling for the poor lady who wages her merry spring campaign. After the grand finale of the internal convulsion is over, the window cleaning, it must be a night-mare to the worthy broom wielder and carpet sweeper to think of dust germs raging unfought in the streets and alleys, seeking entrance to the peace and quiet of those spotless corners.

But as we said before, what happens in the dust line around Peterborough isn't more than child's play, compared to the sandy blizzards of western cities like Lethbridge. How would you like to have a 40 mile wind blow, for weeks across a hot, sandy prairie, humming through the telegraph wires, and raking up a cloud of sand that would penetrate the hide of a rhinoscerous? If a man digs a hole for a house-cellar, unless he barricades it against the rushing sand, he will find it all filled in. No one attempts to keep out the sand. They let it come, and bid it welcome. It means that much more real estate, and western real estate is valuable.

The oil and water around Peterborough keep the dust clouds down, so it is to be hoped that the housekeepers will not be too harsh in their indignation at the summer invasion. We all have to eat our peck of dirt, anyway, and if the sand is located in the cool, dark corners it is off the street, and those out in the open run that much less risk of getting the peck before the proper time.

THE HEBERT CASE

The acceptance by the court of the opposant offered by counsel for Mrs. Hebert, in the famous Quebec marriage annulment case, has re-opened the whole matter, and guarantee is made that the matter will be taken through the courts to the Privy Council, if necessary, to get a clear declaration of the law, which at present is conflicting. This is good news, and should be welcomed by Protestants and Roman Catholics alike, because the continuation of the present legal uncertainty in Quebec is prejudicial to the rights and harmony of all concerned.

Canada at present is not concerned so much as to what attitude the Roman Catholic Church takes, or does not take, in the matter of marriage or divorce, or anything else. It is privileged to regard these matters as it pleases, within the law, of course. But Canada is intensely concerned that the civil law shall be in conformity with British constitutional usage; that no church shall have the right to say what marriages are valid or invalid, and annul them as it pleases, backed by mediaeval civil law.

This is an intolerable state of things existing not even in the Latin countries of Europe. There is no complaint as regards Ontario. Here the civil law distinctly provides that two persons married by a properly qualified minister are married legally. But the Quebec law is so different that agitation to have the real status of the marriage laws defined beyond dispute is agitation in a worthy cause. The supremacy of the State to declare who is and who is not legally married must be unchallenged, and all persons must be equal before the throne of justice.

The history of the Hebert case may not be out of place, as it is going to occupy considerable attention in the public gaze for a while. On July 14, 1908, Eugene Hebert and Marie Emma Clouatre, both Roman Catholics, were married in Montreal by Rev. Mr. Timberlake, a Methodist minister. They lived together, one child being born, until last year, when the husband discovered that, according to the canons of the church, he was not legally married. He submitted the case to the archbishop who issued a decree declaring the marriage null and void. The husband petitioned the civil courts, and Justice Laurendeau granted a dissolution in the following judgment:

"Under certain circumstances marriages in the Roman Catholic Church, not made by the proper cure, are forbidden by the laws and rules of the Roman Catholic Church, to which both parties of this marriage belong. Rev. Mr. Timberlake had no right as a priest to contract a marriage between Catholics, he being a Protestant. Therefore, the marriage made on July 14, 1908, between Eugene Hebert and Marie Emma Clouatre is declared null and void as to civil rights, as the plaintiff is well founded in his demand that this marriage be annulled."

But in March, 1901, Justice Archibald, in the Delpit case, gave a judgment that the marriage of two Romanists by a Protestant minister was legal, and gave a clear statement of law in the case. Justice Torrance, in the case of Burns v. Fontaine, upheld the legality of a Protestant solemnizing the marriage of two Romanists.

This conflict of opinion by high court judges is one that should be immediately cleared up. It would seem hopeless to expect Quebec to free herself from the law that gives to the Roman Catholic Church the backing of the State in enforcing her decrees with regard to mixed marriages. Such an action as this would clear up the matter, as the provinces undoubtedly have full powers respecting marriage laws and solemnization.

But it is said that the Dominion Parliament is distinctly given authority to legislate in matters of marriage and divorce. Parliament has, by Chapter 105 of the Revised Statues of Canada permitted a man to marry the sister of a deceased wife, though the Anglican church frowns on that. It has control over the regulation of divorce. It is argued by eminent lawyers that it can also declare what marriages are valid and what are invalid, determining the exact status of contracting parties. Sir Allen Aylesworth says that the Dominion has not this jurisdiction but other eminent legal men do not hold this view. It would seem a most important matter in the interests of all concerned, therefore, that the law on the matter should be determined by the Privy Council, the highest court in the land, and if it contains principles subversive of British right and justice there should be an agitation until it is decidedly corrected.

EDITORIAL NOTES

An Ottawa man is building an aeroplane. Is he forced to this extremity to get out of Ottawa?

More United States money is wanted by John E. Redmond to finance the Home Rule campaign. This is a case where the Yankee dollar is more liable to come over than the English shilling.

The west is bitterly opposed to the Dominion government permitting the wholesale immigration of negroes, and rightly so. The negro is not fitted by nature for the rigorous work and climate of the prairie, and eventually drifts to crowded centres to pick up a living. The Chinese, the Japanese, the Hindoos are practically excluded from Canada. Why should the negro be considered differently?

The report of the social and moral reform committee to the Hamilton-London synod says that moving pictures and bridge are vices. Most people will admit that the moving picture business may be very injurious to the youngsters, but bridge is played only by grown people. It is not as yet a common vice, being confined principally to those people who haven't a great deal else to do than amuse themselves. We suppose that in the mention of bridge especially, the moral reformers do not mean to say that euchre, or five hundred is virtuous. Yet why discriminate?

PILES CURED IN 6 TO 14 DAYS

Latest Quotations in Grain, Dairy Products, Live Stock Etc.

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock —Latest Quotations.

CHICAGO, April 27.—Favoring rains in Germany, France and the Argentine, as well as in the U. S. to-day worked in the direction of lower prices for wheat. The close left the market ⅛c to ⅝c under last night. In corn there was a net decline of ⅛c to ⅝c to ⅝c, and in oats a loss of ⅛c to ¼c to ⅜c. At the final gong hog products varied from last night's level to 17½c to 20c below.

The Liverpool market closed to-day unchanged to ¼d higher than yesterday, on wheat, and ¼d to ⅜d higher on corn. Antwerp closed unchanged on wheat; Berlin ⅛c higher, Buda Pest ⅛d higher, Paris ⅜d to 1d higher.

Beef, extra India mess, easy, 92s 6d. Pork, prime mess, western, dull, 81s 3d. Hams, short-cut, 14 to 16 pounds, steady, 52s. Bacon, Cumberland cut, 26 to 30 pounds, quiet, 51s; short ribs, 16 to 24 pounds, quiet, 55s; clear bellies, 14 to 16 pounds, steady, 52s; long clear middles, light, 28 to 34 pounds, weak, 53s 6d; long clear middles, heavy, 35 to 40 pounds, weak, 51s; short clear backs, 16 to 20 pounds, dull, 47s; shoulders, square, 11 to 13 pounds, quiet, 43s 6d. Lard, prime western, in tierces, strong, 42s 6d; American refined, in pails, strong, 43s 3d. Cheese, Canadian finest white and colored, new, firm, 63s. Butter, finest American, firm, 88s; good do., firm, 80s.

Montreal Grain and Produce.

MONTREAL, April 27.—Business in Manitoba spring wheat over the cable is dull, there being no demand. Cables on oats were stronger at an advance of 1½d per quarter, but even with this improvement bids were out of line with prices here. The local demand was good and sales of 130,000 bushels of No. 2 Canadian western were made at 39c to 39¼c and 39½c per bushel ex-store, which practically cleans up the bulk of the stock in first hands here. Flour is quiet and steady. Mill feed firm under a good demand.

Oats—Canadian western No. 2, 40½c to 40¾c car lots, ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39¼c to 39½c; No. 2 local white, 38¼c to 38½c; No. 3 local white, 37¾c to 38c; No. 4 local white, 36¾c to 37c.

Flour—Manitoba spring wheat patents, firsts, $5.30; seconds, $4.80; winter wheat patents, $4.50; strong bakers', $4.60; straight rollers, $4 to $4.10; in bags, $1.80.

Dressed hogs (abattoir), $9.50 to $9.75 per 100 lbs.

Beef—Plate, half barrels, 100 lbs., $8.75; barrels, 200 lbs., $7; tierces, 300 lbs., $25.

Lard—Compound-tierces, 375 lbs., 9⅜c; boxes, 50 lbs. net (parchment lined), 9⅞c; tubs, 50 lbs., net, grained, two handles, 10c; pails, wood, 20 lbs. net, 10⅛c; tin pails, 20 lbs. gross, 9½c.

Pork—Heavy Canada short cut mess, barrels, 35 to 45 pieces, $22.50; half-barrels, $11.50. Canada short cut and back pork, 45 to 55 pieces, barrels, $23; Canada clear pork, barrels, 30 to 35 pieces, $20; bean pork, small pieces, but fat, barrels, $16.50.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11⅝c.

Butter—Choicest, 20½c to 21c; seconds, 20c.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, April 27.—The railways reported 69 carloads of live stock at the City Yards, consisting of 826 cattle, 1975 hogs, 357 sheep and lambs and 77 calves.

Butchers.

One prime picked lot of two animals sold at $5.90; there may have been more, but we did not hear of them; loads of choice, of which there were few, sold at $5.75 to $5.85; loads of good, $5.45 to $5.70; medium, $5.15 to $5.40; common, $4.80 to $5.10; choice cows, $5 to $5.25; good cows, $4 to $4.75; common cows, $3 to $3.75; bulls, $4.25 to $5.25.

Stockers and Feeders.

There was an easier feeling for stockers and feeders in sympathy with fat cattle. Feeders, 900 to 1000 lbs. each, $5.25 to $5.50; steers, 800 to 900 lbs., $5 to $5.20; stockers, $4.50 to $5.

Milkers and Springers.

Receipts of milkers and springers have been liberal all week and prices have ruled fairly strong for the good to choice cows. Prices ranged from $34 to $84 each, but only one cow was reported at the latter price. The bulk sold from $45 to $70 each.

Veal Calves.

Receipts have been large. Wesley Dunn quotes prices at $3.50 to $6.50 per cwt., or an average of $5.25 per cwt.

Sheep and Lambs.

Three hundred and fifty-seven sheep and lambs were on sale, 200 of which were American yearling lambs, minus their wood. These lambs sold at 25c to 50c per cwt. higher than our Canadian lambs, with their wool on their backs. But these famed American lambs were wethers of lightweight, properly fed and finished, and this is the kind that will come in competition with our Canadian lambs, in larger numbers when we get reciprocity and the 25 per cent. duty removed. Canadian yearlings sold at $5.75 to $6.25; American yearlings, $6.25 to $6.65; spring lambs, $4 to $7 each; sheep, ewes, $4.50 to $5.25; rams, $3.50 to $4.25.

Hogs.

Selects, fed and watered, sold at $6.50 to $6.60, the latter price in a few instances, and $6.20 to $6.25, f.o.b., cars, at country points.

Chicago Live Stock.

CHICAGO, Ill., April 27.—Hogs—Receipts 23,000 head; market strong; mixed and butchers, $5.85 to $6.25; good, heavy, $5.95 to $6.20; rough, heavy, $5.70 to $5.90; light, $5.95 to $6.30; pigs, $5.85 to $6.25; bulk, $5.95 to $6.15.

Cattle—Receipts 4000 head; market strong; beeves, $5 to $6.65; cows and heifers, $2.40 to $5.75; stockers and feeders, $4.10 to $5.50; Texans, $4.75 to $5.50; calves, $5 to $6.

Sheep—Receipts 14,000 head; market steady; native and western, $3 to $4.75; lambs, $4.50 to $6.10.

Cheese Markets.

Belleville, April 27.—At the weekly cheese board to-day, 563 white and 83 colored were offered; white sold at 11 11-16.

KINGSTON, April 27.—(Special.)—At the Frontenac cheese board to-day, 240 boxes of cheese sold at 11⅝ cents.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants hands, or workmen try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

A Blessing to the Farmer's Wife

THE Bell Telephone Service lightens the domestic tasks of the farmer's wife.

In the family circle, the Bell Service is indispensable. It is a constant household companion. It shops for her when she is too busy to go to town. It brings her in close touch with the social life of the community. Loved ones far away may be reached, for the Bell field is almost limitless. It relieves the monotony of life. She *cannot* be lonesome with the Bell Service at her command. It is a constant source of pleasure and profit in the home circle.

Peterborough Exchange, 1375 Subscribers including 145 on Rural Lines.

Every Farmer needs Telephone Service in his business.

Favorable Rates and a large Exchange Service make the Company's proposition attractive.

If you are interested, ask the Company's Local Manager for particulars, or write

THE BELL TELEPHONE COMPANY OF CANADA, MONTREAL.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

Mr. Filley was outraged at the effrontery of this unlicensed actor in thus taking the scene, but to make a disturbance now would be worse than to let him go on, and Mr. Filley sat down frowning and hoping that Craighead's offense might escape discovery.

"'Cujus ad solum, ejus est usque ad coelum,'" went on Craighead, "is the maxim on which we stand, the meaning of which has been decided in hundreds of cases and, strange to say, is still clear—'He who owns land owns to the sky.' He has as much moral right to the sky as to the surface. The man with a deed to a square mile of the surface of this planet under this law owns a great pyramid, apexing at the earth's center and extending out into space in diverging lines infinitely, so that if he can show that these lines of boundary take in Mars and her canals he would have a perfect case against the Martians for rent of fields and tolls over waterways if he could get service and bring the defendants into court.

"Land! Land! The mystic word that rules the world! The woman who ejaculates 'Good land!' conjures by a thing more potent than all the gods of Olympus.

"The air above our land is a part of it. You know it. Why else have you recognized Reimer's appeal, 100 Pennsylvania state, as good law? What was that case? A bay window many feet above the sidewalk was declared a nuisance because it jutted out into the air that was a part of the street. And see also Bybee versus the state, 94 Indiana. You hang your cornice or string a wire in my air and I will hale you into court. Don't presume to fly a kite over my land except by my consent; you have no right. And remember that the city of Cleveland was mulcted in the sum of $50,000 for swinging a bridge a few times a day a hundred feet above an inch strip of land.

"How much more am I damnified by the airship, which may drop a monkey wrench, a spanner, a gob of ballast or a casual remark into my privacy? Aeronefs will fall into the rural silo, drag ropes will rip up barbed wire, and Pyramus and Thisbe in their Arcadian wooing may be smothered under falling gas bags or torn asunder by dragging anchors inserted in their fluttering hearts! I shudder, your honors, at what may happen when the air is populous with flying jiggers, pop-popping about, raining ballast and wine bottles and bacon rinds and stale bananas and hot coffee and soft boiled eggs and lobster a la Newburg on a lost and undone republic, and when I shudder persons of ordinary sensitiveness fly into fragments with the shivers, for I am no light and habitual shudderer.

"I have spoken in my weak way of what might make a landholder unwilling to have his air used as a highway. But he doesn't have to give a reason—he can show his deed and tell the whole world to go to—to the captain's office and settle. Your honors, I adjure you to cling to your unbroken precedents and uphold property, on which society is based. To say that we do not own these strips of land, but only rights in the air, is foolishness of the damphest sort. The landowner may sell the surface and keep the minerals or sell the mineral rights down to China and keep the surface. Our grantors owned and sold these rights to us. It is slanderous to say that we have hornswoggled—to coin a phrase—the farmers by promising cheap nitrates by the Craighead method. It is my intention to take a few moments some day to perfect the Craighead method and begin to extract nitrogen, but that is another narrative. The point is that we've got those rights. We have what nobody ever had before—the proof that defendants pass over our lands, because they have to. Nobody else ever had lands hemming in everybody. We have. This makes our proof simply pie, and we call upon you to protect us in the name of the law of landownership, on which every government in all the world is founded.

"They say we seek to enslave travelers. This absurdity applies as forcibly to surface rights or mines. If the traveler can't pay our scale let him go by public highways or by boat or rail—or stay at home. We anticipate that rights to air navigation will become more and more valuable. We expect to charge whatever the situation makes possible. This is as moral as increasing rent for lands. We shall grant licenses or not, as we please. We may demand title to all patents on airship inventions before allowing them to be used, thus applying the rules you and your predecessors have so wisely laid down, 'He who owns land owns to the sky!' How beautiful the principle! What a stimulus to enterprise it offers—in cornering space! Our getting of these rights may be a horse on Mr. Shayne, but the rules of the game—and what a game it is, your honors!—give us the pot. The costs constitute the kitty."

Justice McFadden tapped on the desk, and Craighead paused.

"Your language, Mr. Craighead," said he, "is unusual, though your points seem well taken."

"You're on!" ejaculated Craighead. "You're on! In fact, to speak grammarianly, 'You're on, your honor; you're honest!'"

A bailiff interrupted by handing a note to the astonished court.

"Mr. Craighead," said Justice McFadden, "it is suggested that you are not a licensed practitioner at this bar or at any other. This extraordinary address of yours leads the court to doubt. What is the fact? I thought I recognized you as a member of this bar. Have we not met?"

"Your honor," said Craighead, "studied language under me."

"Language!" roared the justice. "When?"

"I was your teacher in English and drawing," replied Craighead, "in Schlosser's billiard parlors—English and drawing, with incidental instruction in the use of the globes; also dry nursing, the masse and the follow!"

"Remove him from the bar, Mr. Bailiff!" thundered the court. "Take him to jail!"

"Stung—in the same old aching spot!" cried Craighead. "Still the great uncalled! But know ye, proud judges, I have been expelled from worse places than this! What harm have I done ye? Filley, get me out of this!"

CHAPTER XVIII.

ALONE ON AN ISLAND IN AIR.

THE bailiff, a tottering old functionary with a white mustache of Bismarckian fierceness, warily laid a raptorial claw on Craighead's sleeve.

"Amateur day in court!" he hissed in the bailiff's ear. "The book! The book! I go, but my logic sticks! Stone walls do not"—

Mr. Filley here interposed to such effect that Craighead was fined, expelled and set free. Mr. Filley's masterly address was based on the law laid down by Craighead, reference to which finally evoked a smile from the justices. In a week an injunction was issued as prayed. The airships of the whole nation were tied up; the Universal Nitrates and Air Products company made the Carson-Craighead Aeronef company its sole licensee; the Carson aeronefs were the only flying machines which could be used; the law of real property was vindicated; Aerostatic Power dropped to nominal prices; Craighead was suddenly recognized as the most overshadowing genius legal strategy had ever known; Carson stood high in finance and diplomacy; the factories for manufacturing flying machines were offered to him at his own terms, payable in Carson-Craighead stocks; thousands of men were put to work on the Carson aeronefs; the Waddy family began to occupy space in newspapers and magazines; the world of finance whirled about and readjusted itself to the explosion—all of which took time.

And in the midst of the first excitement the following item appeared in a newspaper:

A bizarre result of the McFadden decision is the marooning of Mr. Finley Shayne, erstwhile prince of the powers of the air, at Shayne's Hold, where the Roc was enjoined. There is no egress from the hold save by airship. The Carson crowd has the air rights surrounding the mountain, and Mr. Shayne and his family have no means of getting away except by violating the injunctions.

No craft save the Carson aeronef, the Virginia, can go to them or anywhere, and Mr. Shayne will starve rather than allow her to land. This sounds like a joke, but Mr. Shayne takes it seriously. The castaways are Mr. and Mrs. Shayne, Miss Suarez and Mr. Max Silberberg.

To be Continued.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN
Wholesale Druggists, Toledo.

Take Hall's Family Pills for constipation.

Will Discuss Hydro Power.

Brockville, April 28.—At a meeting of the board of water and light commissioners a resolution was passed proposing a joint conference of the commissions with the Board of Trade and Town Council to discuss the proposition of the Hydro-Electric Commission, made by Hon. Adam Beck recently, to supply cheap power to Brockville.

Wanted In Brantford.

Kingston, April 28.—Albert Henderson, aged 25, was arrested on the steamer City of Hamilton as she arrived in port by Constable Bateson. He is wanted in Brantford on a charge of theft.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

PRINCE'S INVESTITURE

Revival of Old-Time Pageantry.—The Offical Arrangements for the Function.

For the historic and poetical ceremony of the investiture of the Prince of Wales, official arrangements have ture of the Prince by the King will take place at Carnarvon Castle on July 13, at 2.30 p.m. The Queen will also be present. Their Majesties will arrive off Holyhead on board the Royal yacht, and at the appointed time will proceed by train from Holyhead to Griffith's-Corner Station. Thence they will drive to the Castle square at Carnarvon, where they will be received by the Mayor and Corporation and presented with an address of welcome. They will then proceed to the Water Gate. The ceremony within the Castle has been provisionally arranged by the Lord Chamberlain. Two main processions will be formed, the procession of the Prince of Wales proceeding first, followed by that of their Majesties. The King will perform the ceremony of investiture, and the religious service will be conducted by the Bishop of Bagnor and a representative of the Nonconformist Churches. There will be singing by a choir of 400 voices, trained and conducted by Mr. John Williams, organist of Christ Church, Carnarvon. His Majesty's Government will carry out the naval and military arrangements. Steps will be taken to ensure that July 13 shall be observed as a bank holiday and a school holiday throughout Wales and Monmouthshire. A public subscription is being organized to defray the cost of the ceremony within the Castle, including the insignia, which will be a present to the Prince of Wales from the people of Wales. Mr. Coscombe John, R.A., is to design the mantle, ring, staff, and chaplet to be used, and the precedent set by Henry IV. in the investiture of the Prince of Wales, afterwards King Henry V., will be followed as closely as possible on the occasion.

KING GEORGE
And his elder brother, the late Duke of Clarence.

FOR THE CHILDREN

His Majesty Will Have 100,000 as His Guests.

Every one of His Majesty's loyal subjects will have heard with the greatest delight of King George's intention to entertain one hundred thousand children in celebration of his Coronation. But before the treat comes off the committee which has been formed will have many headaches—not to say heartaches—if the thing is to be a real genuine success. Already there is an arrangement by which 250, 000 London children will, at a cost of one shilling a head, be taken to the Festival of Empire and witness the Pageant of London during the dress rehearsals.

THE KING'S BIBLE.

"The Most Valuable Thing That This World Affords.

A non-sectarian deputation, headed by the Archbishop of Canterbury, waited upon his Majesty at Buckingham Palace and presented him with an address and a specially bound volume of the Scriptures in commemoration of the three-hundredth anniversary of the completion of the English Authorized Version of the Bible. Replying to the address, the King said:—

It is my confident hope—confirmed by the widespread interest your movement has aroused—that my subjects may never cease to cherish their noble inheritance in the English Bible, which in a secular aspect is the first of the national treasures, and is, as you truly say, in its spiritual significance "the most valuable thing that this world affords."

OFFICIAL PHOTOGRAPHER.

Sir Benjamin Stone has received a communication from the Earl Marshal stating that the King has been graciously pleased to appoint him official photographer for the Coronation ceremony in Westminster Abbey in June next.

Birthday of Prince of Wales.

Friday morning following the Coronation will herald the birthday of the Prince of Wales, whose new banner, bearing the Arms of Wales for the first time, will float from a flagstaff on the Royal Palace in his honour. There is no doubt that His Royal Highness will receive a special birthday gift of this nature in recognition of his having attained his majority that morning. He will be not the least welcome of all the members of the Royal procession which will drive through South London later on in the day.

The Red Deer fire department has been given a fire alarm system.

"Not Too Good to be True"

¶ It was a present good customer of ours who said a few years since that "Semi-ready tailoring is too good to be true."

¶ Like other men we know he was captious, critical and incredulous, but a visit to the Semi-ready tailor shops in Montreal was a revelation.

¶ The story of the rise and progress of Semi-ready does sound marvellous, and yet it is but one of the many trade revelations which have occurred in the industrial renaissance.

¶ The telling is not as convincing as seeing what good clothes we tailor and finish to order for from $15 to $35.

Semi-ready Tailoring

Cressman's

IMPORTANCE OF GOOD HEALTH TO THE SCHOOL CHILDREN

Address and Illustrations by Dr. Auden at Normal School

The address at the Normal School last night by Dr. George A. Auden, medical superintendent for the Education Committee of Birmingham, England, who is in Canada at the request of the Ontario Department of Education, was not heard by as large an audience as the occasion called for. What the speaker had to say was distinctly educational, and of interest to school teachers and parents alike. His subject was "Hygiene in the Public Schools," and the address was divided into two parts—an informal talk on the need of special attention to children's health in the public schools and illustrations by means of some excellent lantern slides.

THREE PRINCIPLES.

In his opening remarks Dr. Auden said there were three principles underlying good health. 1. Plenty of rest. 2. Good food. 3. Abundance of fresh air. These, he said, would be found exemplified in all institutions for the preserving and restoring of health.

Teachers should, therefore, be very careful and watchful of children, in order to detect any defects, and by applying the principles mentioned, remedy the evil.

SOUND TEETH.

The speaker showed the great importance of keeping the teeth sound, as a preventive of tuberculosis, that disease being, in many cases, the direct outcome of decayed teeth. The per cent. of sound teeth at various ages; and the per cent. of children who become infected with tuberculosis at different ages, was also graphically shown by Dr. Auden. He too, explained how great inefficiencies came from defective eyesight and hearing, and made clear the teacher's duty along these lines.

OPEN AIR SCHOOLS.

By means of many interesting slides, Dr. Auden showed how England and Germany are providing for the education of their diseased scholars by applying the three principles. In order to do this, they have what is called open-air schools, in which school is conducted in the open-air in woods or parks. The children are provided with food and allowed so many minutes—ranging from 60 to 85 each day—for sleep.

The open-air schools of Sheffield, Birmingham and London, where the slum children especially are treated were shown. Not alone, however, are these schools for diseased, but the healthy are kept healthy by attending them.

The crippled and deformed have also schools where they are taught trades, so that their physical inabilities will be counterbalanced by great efficiency.

Dr. Auden showed that our country must grasp its opportunity now and train the pupils to have sound bodies and minds, in order to escape the deplorable condition of the children of the slums of the crowded cities of England.

The meeting was then thrown open for questions, which Dr. Auden willingly answered.

HAVELOCK SCHOOL BOY MET WITH FATAL ACCIDENT

The Hind Wheel of a Wagon Passed Over His Chest—Lived Only Two Hours

Special to the Review.

Havelock, April 28.—Joseph Frederick Buck, a six-year-old son of John Buck, was fatally injured by falling under the wheels of a farmer's wagon on which he had been riding home from school. In attempting to get off, he fell between the wheels, the hind wheel passing over his chest, crushing it. The little lad was carried home and tended to by Dr. Holdcroft, but he only lived two hours. Wm. Morrow, the farmer who was driving the wagon, did not see the boy fall, and it was not until some time later that he knew the boy had been run over. He feels very badly about the accident. The funeral will take place to Norwood cemetery on Saturday, April 29th.

355,000 reservists.

THEATRICAL

"The Kissing Girl"

"The Kissing Girl" as presented at the Grand last night pleased a large audience. The choruses were catchy and rung with a vim, which called forth rounds of applause. The song "The Hair of the Dog That Bit You," by Mr. Thomas Whiffen, and "On the Boulevard," by Mr. Harry Hermsen and chorus brought down the house.

Mlle. Vanity in her incidental to the "Boulevard" number showed exceptional skill in the art of dancing and the violin obligato by the Misses Faber and DeVere was a treat not often offered in a musical comedy.

The "Kissing Girl," Miss Texas Guinan, had a winning smile and seemed to be a prime favorite with the audi-

The Purchase of Manufacturers' Overmakes

Prices--- Half Regular and Less

Women's new Spring Suits marked at half-price and in some cases less and right at the beginning of the season; The grandest showing of new costumes we've ever had The latest and best the season has produced and at prices never before so ridiculously low, and the reason is this—As everyone well knows the season has been unusually backward and no one has been more affected by this than the garment manufacturers, who, in anticipation of a big and early spring trade made up heavy assortments.

We made arrangements with two suit manufacturers who were in this predicament so that by taking their entire overmakes, we secured discounts that enable us to quote the sensational prices given below.

See George Street Window for Display of These Suits

The assortment consists of the newest and most popular spring models, made from fine Worsteds, French Serges, Panamas and Sharkskin weaves, in a big range of greys, greens, browns, navys and the favorite black and white effects. Every coat in the lot, except a few at $10.95, are silk lined. For easy selling they have been divided into three lots as below:—

1.—$18.50 to $22.00 Suits $10.95
11.— 25.00 to 30.00 Suits 14.95
111.— 35.00 to 40.00 Suits 19.90

On Sale To-morrow Morning at 9.30 o'Clock
Alterations, if necessary, will be charged for

THE MAN ON THE BOX

There is no one who does not thoroughly enjoy "The Man on the Box," for the play by Grace Livingstone Furniss is no less enjoyable than the novel by Harold McGrath, and both have that something in their make-up that grips the interest and holds it firmly until the last word is spoken.

It happens that a lieutenant of the regular army, lately resigned, seeks to play a practical joke on his sister by officiating, upon his return from a trip abroad, as the family coachman. He borrows a livery and proceeds to jump upon the box of what he supposes to be the family carriage, as the guests are leaving fro mthe British Embassy, after a grand ball. Fate wills, however, that he shall mount to the wrong box and that he shall kiss the wrong girl, Miss "Betty" Annesley by name, with the result that he finds himself in a police court undergoing examination, and he finally extricates himself from this rather embarrassing position by actually accepting a place among the servants of the Annesley family. With this beginning "The Man on the Box" develops extraordinary complications, and makes its way through three acts of uproarious fun and enlivening dialogue. The many embarrassing situations in which the pseudo coachman finds himself as a consequence of his rash act furnishes a lively evening's entertainment. Of course, in the end, he is unmasked, but he wins the girl, so is well repaid for all the mental anguish he has undergone. Incidentally he saves her father from a contemplated act of treason to the government, a situation which gives the play just a faint touch of good melo-drama and makes it all the more enjoyable.

The Man on the Box will be presented at the Grand on Wednesday, May 3rd, by a special company, headed by Mr. John Meehan in the role of "Lieut. Worburton," supported by Miss Marion Johnquest and a good cast. A production that is complete to the slightest detail is guaranteed. Seats go on sale Monday morning.

Church Service

The members of Otonabee Lodge, No. 13, and Peterborough Lodge, No. 111, I.O.O.F., will meet in Oddfellows' Hall, on Sunday, April 30th, at 6.15 p. m., to attend divine service at Knox church. Visiting brethren are cordially invited.

Rebekah Lodge, No. 81, will assemble in the church school room at 6.45 p.m. d3

SPECIAL MEETING OF BOARD OF TRADE THIS EVENING

Jules Motor Car Company's Proposition Will Be Heard

Council and Citizens Invited to be Presented at Council Chamber

A meeting of the Board of Trade will be held in the Council Chamber at eight o'clock this evening, to meet the representatives of the Jules Motor Company, of Toronto, and to investigate the merits of the proposition, which they are here to lay before the citizens of Peterborough. The members of the City Council are especially invited to attend, as well as the general public. It is to be hoped that there will be a large turnout, as the matter under discussion may mean an automobile factory for Peterborough.

T. Q. QUARTERMAINE,
Secretary.

HORTICULTURAL SOCIETY

Distribution of Premiums Early in May—Prospective Members Should Join at Once.

Good progress is being made in the campaign for increasing the membership of the Peterborough Horticultural Society. The arrangement whereby persons desiring to join the society may do so at convenient places is being taken advantage of and already several of these places report having received a number of new members. I will be able in a day or two to report more definitely regarding the number of membership tickets issued, from these different points.

Some information has recently come to hand regarding the method employed by the St. Catharines Horticultural Society for the securing of new members. This Society although in a city smaller than Peterborough, is one of the largest in the Province, being exceeded only by the societies of Toronto and Ottawa. The president of the St. Catharines Society states that the remarkable success attending their efforts to increase the membership is due largely to the excellent work done by the directors and individual members of the Society, who lose no opportunity to interest their friends and acquaintances in becoming members.

Every member of the Peterborough Horticultural Society, no doubt knows of two or three persons with whom they are intimately acquainted, who would readily become members if their attention were called to the matter and mention made of the benefits of membership in such an organization and the excellent premiums which are given to each member, which in themselves are worth more than the $1.00 membership fee. There are hundreds of people who are ready to become members if the matter is mentioned to them. Why not speak to your neighbor about it, and mention some of the places where membership tickets may be secured. It is planned early in May to make a distribution of premiums and it is accordingly desirous that as many as possible join before this is done. Frank Wise, secretary.

THE PRIVATE SECRETARY A LAUGHABLE FARCE

This Well known Comedy at the Grand on Saturday—Special Matinee Prices — A Wholesome Play.

No play ever graced the dramatic stage that introduced more happy and original characters than does Mr. Gillette's farce comedy, "The Private Secretary," which will be seen at the theatre on next Saturday at the matinee Saturday afternoon.

This laughable play has long been acknowledged to be one of the foremost of the high-class American comedies. The story is an intensely amusing one, but at the same time absolutely clean and pure, free from the smallest taint of suggestion or immorality or coarseness. The plot is not in the main an improbable one. It is not made up of incidents that are improbable in themselves, indeed most of them could very easily occur in every day life, but they are so uniquely grouped that the effect is utterly irresistible. The whole play is a series of comparatively natural situations, but these, by reason of their relation to each other make up a succession of events that are as a whole irresistibly funny. The dialogue is extremely witty and sparkling from beginning to end and the effervescent wit and fine literary finish of the whole comedy constitute one of the greatest charms.

The tutor is represented as a clerical individual, slender, nervous temperament, with a smooth, stealthy movement as he crosses and recrosses the stage, and a peculiar fashion of expressing himself by off exclamations, the most notable one: "D'you know," with a drawl spoken in an upper register (as a musician would express it) at an introduction or on the entrance of the Secretary to his new home where he is engaged to instruct the young ladies in their studies.

One is inclined to doubt any great amount of fun in such a looking individual, but that alone is the secret of the play's remarkable success. The absurd and droll character, like all the rest through the different scenes, gradually grows in the light of absurdity and the panoramic confusion of incidents and accidents that befall this quaint individual so excites the risibilities of the attentive auditors that before the curtain falls on the first act, the poor, careworn secretary and the tittering audience are the best of friends, and in harmony and sympathy with each other.

The cast is one of excellence, the part of the secretary being played by Mr. C. James Bancroft, who has played the part in England for five years, and who will make his first appearance here on this occasion, having been especially selected for the part. "The Private Secretary" is now on its way to the Pacific Coast, and will not be seen again in this part of the country for two years hence.

The prices for the matinee are 25c, 35c, and 50c, while for the evening they are 25c, 35c, 50c, 75c and $1. There are a number of good seats left though there is every prospect of a large crowd.

NEWS AND VIEWS OF SPORT

CHURCH LEAGUE OPENING GAMES

Kickoffs To-morrow With All Six Teams in Action

The opening match in the Church Football League, between Park St. Athletics and St. James', to-morrow afternoon, promises to be of first-class calibre. All the players are in good condition, and a well balanced game is looked for. The contest will be played opposite the Park Street church, on the Athletics' grounds, and all interested in the game are requested to be present. The ball will be kicked off at 3 o'clock.

The line-up for the Baptists is as follows—Rensure, goal; Foster and Cole, backs; Pitcher (capt.), Marks, and Biddle, half-backs; Fo[illegible]s, Toohey, Collett, Thorne, and E. Dawson, forwards. Reserves—Mullowney, Br[illegible]scow and T. Foster. Referee—Mr. F. Roberts.

Y.M.C.A. vs. ALL SAINTS'

Y.M.C.A. and All Saints' football teams play their first league game to-morrow (Saturday) afternoon, at 2.30, on the agricultural grounds. As both teams claim to be strong, a good fast game is looked for.

All Saints' will line up as follows—Moraity, goal; Reese and Robinson, backs; Hooper, Jones and Dawson, half-backs; Curtis, Willis, Abbott, Downes, and Hildreth, forwards. Spares—Edwards and Bell. Referee—Mr. A. Singard.

St. John's and Knox Church teams come together at the Patterson street grounds.

SCHEDULE FOR DISTRICT TWO

Senior Series Midland Football League—First Game May 6

C.G.E., Bethany, Lakefield and Havelock football clubs are entered in district No. 2 of the senior series of the Midland League, and the schedule is as follows:—

May 6—Lakefield at Bethany.
May 6—C.G.E. at Havelock.
May 13—Bethany at C.G.E.
May 13—Havelock at Lakefield.
May 20—C.G.E. at Lakefield.
May 20—Bethany at Havelock.
May 24—C.G.E. at Bethany.
May 24—Lakefield at Havelock.
May 27—Havelock at C.G.E.
May 27—Bethany at Lakefield.
June 3—Lakefield at C.G.E.
June 3—Havelock at Bethany.

BOWMANVILLE CLUB HAS BACKING

Midland League Nine Will be Known as the "Goodyears"

Bowmanville News:—From the large attendance and enthusiasm shown at the organization meeting of the baseball club at Balmoral Hotel Wednesday night Bowmanville fans may look forward to a very successful season of baseball. Mr. F. H. Morris was chosen chairman of the meeting and Mr. Frank Bottrell acted as secretary. The following officers were elected;—Hon. Pres., J. Moriarity; President, Chas. H. Anderson; 1st Vice, D. C. Betts; 2nd Vice., J. A. McClellan; Sec.-Treas., B. A. Sisler; Manager, F. H. Morris; Managing Committee, W. Kavanagh, J. Williams, A. Iingeaud, W. J. Bagnell; Official Secrer, L. Bottrell.

The Goodyear Tire and Rubber Co. has promised to fix up a ball field with a skin diamond in the field adjoining their factory. This should make an excellent place as the ground is quite level as well as being central. If suitable arrangements can be made a team will be entered in the Midland League, which is now composed of Lindsay, Peterborough, Port Hope and Cobourg. The team will be known as the "Goodyears of Bowmanville."

FOOTBALL

The Y.M.C.A. football team will make their debut in the City Church League to-morrow, when they meet the fast All Saints' team on Riverside Park at 2.30 p.m. The following Y.M.C.A. players are requested to be at Riverside Park at 2.00 p.m. sharp:—Bouness, Flowers, Kerr, Canniff, Richardson, McPherson, Miller, Moore, Tarte, Fitzgerald, Fleming, Ingram, Loomis, Torner.

BASEBALL

The Y.M.C.A. will open the outdoor season on Riverside Park on Monday night. The boys open up on Tuesday afternoon. The boys will have the use of the field every Tuesday and Thursday afternoon. O you baseball.

Toronto took another from Jersey City yesterday by 4—1. The Skeeters contributed five slips.

Ty Cobb made a home run, and with Mullen pitching Tigers won from Cleveland 6—3.

It took Rochester twelve innings to put Newark away at 6—5.

The Leafs have won 6 and lost none, while the song is reversed in Jersey City, that team holding hard to last place.

BALL PRACTICE AT RIVERSIDE

Local Tossers Can Have a Work out To-morrow

Ball players of the city are invited to attend a practice at Riverside Park to-morrow afternoon, which has been arranged for by those at the local end of the Midland League. The diamond is in good condition and as this invitation is general, the attendance at the practice should be large.

SHOW TO-MORROW

Stallion and Bulls at Fair Grounds To-Morrow

All is in readiness for the Stallion and Bull Show, under the auspices of the Agricultural Society, which will be held at the Fair Grounds to-morrow afternoon. Gates will be open at 1.30, and the judging is to commence at 2 o'clock.

The entry list of stallions includes the choicest animals from this part of the country, and the same may be said of the bulls.

A judge from Niagara Falls will have charge of the stallions, and one from Port Hope will judge the bulls.

CELESTIAL WAS BADLY SCARED

Dogs Took a Liking to His Bag of Laundry

A couple of dogs gave John Chinaman a scare this morning when they attempted to maul his laundry bag. The laundryman put up a good fight to save the fruits of his labor, and succeeded, after a lady, presumably the owner of the canines, came nobly to the rescue.

The victim was proceeding calmly across the G.T.R. tracks, opposite the station, when he was assailed by the two dogs.

He quickly brought the bag into play as a weapon, and hurling some Chinese phrases at the attacking forces (which were not very complimentary to the dogs), he made for the nearest doorway.

A lady appeared at the corner at this juncture and rescued the very thankful Johnnie.

SECTIONS HAVE BEEN INCREASED

C. P. R. Track Foremen Have Greater Distance to Cover

The C.P.R. is endeavoring to counterbalance the raise in wages, which was recently conceded to their yardmen and yard foremen, by allotting a longer section of track to the care of each foreman.

On the main line a foreman now has charge of eight miles of track, and on the branch lines ten miles. Between Havelock and Toronto four sections have been struck off and a couple of miles extra added to each of the others.

Each section foreman is allowed an extra man on his district.

C.P.R. LINE

To Start on the Lake Short Route Now

Montreal, April 27.—Mr. D. McNicoll, vice-president of the C.P.R., gave orders to-day to the engineering department to begin work at once on the new lake shore line to Toronto. A single track will be laid first, and a double track will be added as soon as business warrants it. At least that is the proposal at present, though there is a possibility that a double track may be built at the outset. In order to expedite the work one party of engineers will work east from Toronto and another west from Glentay.

Artillery Team For Britain.

Ottawa, April 28.—The officers commanding field batteries have received instructions to the effect that one man from each of the 15 highest field batteries in last year's efficiency list will be taken on the composite team which goes to England in August for the artillery competitions.

There will also be eight men from the heavy artillery and seventeen from the coast defence, making a team 40 strong.

To Neutralize Philippines.

Washington, April 28.—Representative Sabath of Illinois yesterday introduced a resolution providing for the neutralization of the Philippine Islands, which will be created by the committee on insular affairs. The resolution directs the President to take steps to secure an international guarantee whereby the islands shall be forever neutralized and placed under the protection of the powers.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

BALZAC WAS HUNGRY.

A Hundred Oysters and Twelve Cups Just Started His Meal.

If Honore de Balzac, the "Shakespeare of the novel," did not live to a great age it was probably due to his reversal of nature's rules for work and recreation. He labored as no other man in the history of literature has labored and then, after periods of intense application, would go to the opposite extreme. Frederick Lawton, his latest biographer, makes one feel some of the folly of this as well as the comedy.

He not only burned the midnight oil, but would keep up his eighteen or twenty hours' daily labor for weeks together until some novel that he was engaged on was finished.

During these spells of composing he would see no one, read no letters, but write on and on, eating sparingly, sipping his coffee and refreshing his jaded anatomy by taking a bath, in which he would lie for a whole hour, plunged in meditation.

One of these prolonged claustrations, in October, 1834—the day was Sunday — he interrupted by a call, most unexpected, on his friend Werdet. His face was sallow and gaunt with vigil. He had been stopped in the description of a spot, he explained, by the uncertainty of his recollections and must go into the city in order to refresh them. So he invited Werdet to accompany him in playing truant for the day.

The morning was spent in the slums, where he gathered the information required, and the afternoon they whiled away in listening to a concert at the Conservatoire. There he was welcomed by the fashionables of both sexes, notwithstanding his shabby costume, which he had donned in view of his morning's occupation.

On quitting the concert room he carried Werdet off to dine with him at Very's, the most expensive and aristocratic restaurant in Paris.

The place was full of guests, and those who were in proximity to the table where the two newcomers sat down were astonished to see the following menu ordered and nearly all consumed by one man, since Werdet, being on diet, took only a soup of a little chicken: A hundred oysters, 12 chops, a young duck, a pair of roast partridges, a sole, hors d'oeuvre, sweets, fruit (more than a dozen pears were swallowed), wines, coffee, liqueurs.

Never since the time of Rabelais or perhaps Louis XIV. had such a Gargantuan appetite been witnessed. Balzac was recouping himself for fasting.

Why Gold Is Precious.

Pure or fine gold will stand any test it may be put to in comparison with other metals; it can be rolled or hammered, extending it in any direction, until it becomes transparent. It can also be drawn into a thread as fine as human hair. It melts at about 2,000 F. and though it may be kept in a molten state for an indefinite time it loses none of its weight, even should the heat be increased. The color is unaffected by air, water or heat, and will stand any test or oxidation. No simple acid will dissolve or attack pure gold.

In conjunction with silver gold is the first metal with which man became acquainted, and is the most valuable by reason of the vast number of uses to which it is put. It is found in almost every country in a metallic state, and nearly always in crystals. The old Egyptian symbol for gold signified divinity and perfection. The chemical term used to-day is aurum.

A Dish of Peacocks.

A Roman dinner at the house of a wealthy man consisted chiefly of three courses. All sorts of stimulants to the appetite were first served up, and eggs were indispensable to the first course. Among the varous dishes we may instance the guinea hen, pheasant, nightinggale and the thrush as birds most in repute. The Roman gormands held peacocks in great estimation, especially their tongues. Macrobius states that they were first eaten by Hortensius, the orator, and acquired such repute that a single peacock was sold for 50 denarii, the denarius being equal to about 8 1-2 pence of English money.—Chambers' Journal.

The Source of Real Beauty.

A sweet, noble disposition is absolutely essential to the highest form of beauty, says Orison Swett Marden in Success. It has transformed many a plain face. A bad temper, ill nature, jealousy, will ruin the most beautiful face ever created. After all, there is no beauty like that produced by a lovely character. Neither cosmetics, massage nor drugs can remove the lines of prejudice, selfishness, envy, anxiety, mental vacillation, that are the results of wrong thought habits.

A Family Trait.

A school teacher had occasion to send one of the pupils home to his father, giving him a note to explain why. The note said:

Dear Mr. Jones—Your boy Johnnie talks a great deal during study hours.

The next morning Johnnie returned to school and handed an answer to his note to the teacher. Johnnie's father had written across it, probably with a pen dipped into the bluing bottle:

Dear Sir—It's no wonder. You ought to hear his mother.

One Way of Stretching a Carpet.

In putting down a carpet it is an excellent plan to slide a pair of rubbers over the shoes. The rubber enables the carpet to be drawn out and stretched by simply walking or pushing the carpet with the feet from the centre to the corners.

A Modern Youth.

Mother—I gave you a nickel yesterday to be good, and to-day you are just as bad as you can be.

Willis—Yes, ma; I'm trying to show you that you got your money's worth yesterday.

How to Keep Roast Juicy.

Lower the temperature of an oven considerably after a roast has been in for twenty minutes and the juices will be retained.

There are no further developments in the Kinistino bank robbery, the $5,700 being still missing.

262 Queen W. TORONTO — Routley's — 379 George-st. PETERBORO

Harry Lindley sends the Toronto Telegram the following reminiscences of his old-time fellow player, the late Denman Thompson;

"The grim reaper has gathered in one whose vicissitudes were many, but who at last received a reward he little dreamt of.

"I knew him in a decade, 1870 to 1880, wherein his standing was sybtegmine and his lot was as uncertain as my own. During his career with and after the John Nickinson regime at the old Lyceum, I started him as an actor, but although it may be heresy to say so now, failed to see the qualities which made a Jefferson a Booth or a Boucicault. He tried many parts and in all these were reminiscences of his predecessors—Salem Scudder in the Octoroon—Myles and Coppaleen in the Colleen Bawn and Dandie Dinmont—came nearest to stamping him as an actor and these were all founded on great originals.

YEARS OF WANDERING.

"After his one false step he became a reckless ne'er-to-do-well, and it was then I knew him best.

"He had boasted to me that he played in London, Eng., and so he had. At the "City of London,' then a very melodramatic house, he got an appearance in the play of "Susan Hopley,' and the gallery demonstrated its approval until it came to the period where he should sing "All round my hat.' Den couldn't sing. The audience howled for it, and that finished his career as an English low comedian.

DEN. HAD A FAILING.

"He thought he was a gambler, but he wasn't, and I recall him wasting his meagre earnings with Long Crawford and others of that ilk at faro.

"He had a good heart, his disposition was genial. The Holmans in the 70's were running the Lyceum. I was their comedian. Den. said to me, "Harry, pull me out of the mire. I can't go to the States, but I want to go somewhere and if you can persuade George Holman to give me a chance I can fill the house.' I got a requisition signed by Col. Gzowski, Col. McNab and others, which got him his chance, got him money, but a week after he had invested it all in faro.

"A year or more of itineracy, then return to Toronto, and a short season of variety at the Leader Lane Temple of Vaudeville, with the Cohen Sisters, kept him struggling. On my becoming lessee of the Theatre Royal in Montreal, to help him out of dilemma, I produced "Peep-o-Days" and other dramas, but not to much mutual profit. Then, again, on my return to Ottawa, I tried to help him, when utter failure sent me back from Montreal to the Horticultural Gardens, Toronto, with the Holmans. Den bobbed up serenely, but this time he had a bee in his bonnet.

GERM OF OLD HOMESTEAD.

"It was what we call a playlet nowadays, but its motive was good, although its dialogue was far from refined. He met me several times and discussed its production. I cited to him that the rustic farmer was merely a reproduction of Gus Owens' Solon Shingle,' and that I did not see much picturing in it. However, in the wretched theatre originally opened by Spackman on King street, I saw the first production of Denman Thompson's "Female Bathers.' It was as he intended, spicy, but the germ of the "Old Homestead' was in it.

"I never saw it more until on his first appearance at the 14th street Theatre, New York, Denman called on me—I was a dramatic agent then. The memory of old times was strong within him. "I owe you money,' said he. "No, you don't, I replied. 'Well don't argue. I want a part or two filled. Hurry up and get me them.' I was the means of getting Ignacio Martinelli into the cast, and seeing his first successful run in New York, although Den. gave all the credit for the play to Mr. Hill of Chicago.

"I have crossed his path at times, and singular as it may appear, his understudy, Mr. W. Lawrence, is one of my proteges. He rounded, or rather perfected a new school of drama which has its copyists in "Way Down East," and others, down to "Sunnybrook Farm.'

"Well, Denman, Requiscat in Pace De mortius nil sui bonum, and all the rest of the good old epitaphs be with you, and best of all. After life's fitful fever, sleep well. We shall meet in Phillippi."

"Londonville, N.Y., April 17, 1911,
"HARRY LINDLEY, Comedian."

WEDDING BELLS

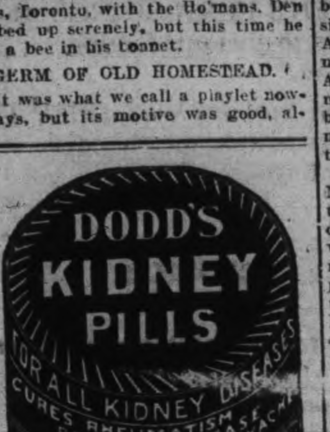
McADAMS—KEARNEY.

Lakefield News;—A pretty wedding was solemnized at St. Mary's church on Wednesday morning when Mr. Geo. McAdams, of Montreal, was united in marriage to Miss Margaret Helen Kearney, of Young's Point. Nuptial mass was said and the ceremony performed by Rev. Father Phelan, of Young's Point, assisted by Rev. Father McAuley, of the Sacred Heart Church, Peterborough, and Rev. Father Galvin, of Kinmount, assisted the choir. Miss Lottie Kearney sister of the bride, was bridesmaid, while the groom was assisted by his brother, Mr. William McAdmas, of Montreal. The wedding march was played by Miss Nellie McAuley, of Wooller. The bride was neartly attired in a handsome navy blue travelling suit, while the bridesmaid wore a pretty gown of coronation blue.

The bride has been organist of St. Mary's church for some years and on the eve of her marriage the choir indicated their appreciation of her services and the esteem in which they regard her by presenting her with a pudding dish and cream sugar service, the presentation was made by Mrs. P. P. Young, while an eulogistic address was read by Mr. Fred Young.

After a wedding breakfast at the home of the bride, Mr. and Mrs. McAdams left for Peterboro and took the noon express for Montreal, where they will reside in future.

The bride has a host of friends in this city who will extend congratulations coupled with best wishes for a happy future.



BOTH WERE DISCHARGED

Two Men in East City Store Robbery Case Go Free

Robert L. Anderson and Dennis Sullivan, who were arrested on suspicion of being involved in the recent East City burglaries, were discharged this morning at police court, the magistrate being unable, from the evidence, to find a conviction.

G. N. Gordon defended Sullivan, and F. D. Kerr appeared in Anderson's interests. Crown Attorney Wood prosecuted.

SOME EVIDENCE.

Mr. Fred Sullivan, son of J. C. Sullivan, was the first witness. An empty bottle labelled "Finest Dublin Scotch Whiskey," produced in court, was recognized by him by his private mark upon it. He said he missed twelve bottles of various brands on the morning after the robbery.

Chief Thompson told the story of the arrest of the prisoners. On April 9th, accompanied by Detective Newhall, he went out to Anderson's to arrest him on a different charge. The bottle in court was brought down stairs from Anderson's room by his (Anderson's) sister. When the chief questioned the prisoner as to its origin, he stated that a man named Seldon, a farm hand, had brought it from town. Sullivan was also arrested for being connected with the burglary, but both Anderson and Sullivan made the same statement to the chief, that the whiskey had been brought out by Seldon.

Both the prisoners stated that they had not been in the city on the night of the burglaries, but had gone to bed early.

Seldon, in the witness box, admitted having purchased a bottle of whiskey at Sullivan's liquor store, but the bottle he described as buying did not agree in appearance with the one in court.

Harry Wheeler, son of Mr. Wheeler, butcher, in East City, stated that he had seen Anderson, with two other men, driving into East City on the Norwood road, on the night of the robberies.

His Worship, in discharging the two, stated that there was nothing in the evidence to enable him to find them guilty, and accordingly allowed them their liberty.

INFORMATION ABOUT WEST

Copy of Town Talk May be Secured at C.P.R. Ticket Office

"Town Talk" is the name of an illustrated booklet now being issued by the land department of the C. P. R. and of which a copy may be secured from Mr. McIlroy, of the local uptown office.

The booklet treats of business conditions in those centres of the Western provinces on the lines of the Canadian Pacific Railway and gives other reliable information. Below is given a sample of what the booklet contains;

The report comes from Weyburn, Saskatchewan, that business is exceedingly active in all branches. No less than five business blocks are to be erected this spring, and two large warehouses, the latter to cost $70,000. A new $50,000 school was completed at Stettler, Alberta, last week. The municipal water works system will be put into service next month, and the installation of an electric light plant is under consideration.

The following is from a United States settler;—"I am greatly impressed with this country, especially the district we live in. Prospects for the future are so bright that we would hardly care to go back to Indiana."

W. E. TINCHER.

C.P.R. IS BUSY ABOUT BETHANY

Temperance Hotel Purchased—New Road Being Graded

Special Correspondence.

Bethany, April 27.—As the C.P.R. has bought the temperance hotel in Bethany, Mr. J. McKinnon is having a sale of furniture and effects on Monday, May 1. We are afraid travellers to our little town will experience great difficulty in finding accommodation during the coming months.

The C.P.R. contractors are busy south of Bethany, having started grading the new road on Galbraith's farm. Three heavy two-horse scrapers and two hired teams are busily employed drawing gravel, etc., from the cutting. Mr. J. Taylor, the contractor, complains of the lack of teams. The farmers around here are too engrossed in their spring work to put any teams on.

Log cutting operations at the saw mill are now concluded for the season, and Mr. Rowan is busy cutting shingles.

Mr. Brown was a visitor to Port Hope on Friday.

LAKEFIELD HOME HAD CLOSE SHAVE

Sheds Caught Fire From Burning Grass

The residence of Mr. Fred Amys, Lakefield, had a narrow escape from being destroyed by fire on Wednesday afternoon. Mr. Amys had been burning grass in his orchard, and had left the fire to engage in some other work. During his absence the wind caused the fire to spread, with the result that the ice house was soon in a blaze, and the shed adjoining the house was commencing to burn. People passing by raised the alarm and a few pails of water soon put the house out of danger, but the ice house was completely destroyed. An alarm was sent into the village and the fire engine taken out to the scene of the fire, but on its arrival all danger was past. The loss will not be very large.

Oratorical Bulls.

The Ottawa Free Press thinks that no bulls made nowadays compare to those of Sir Boyle Roche, but they had once in Ottawa an orator who closed an oration by quoting "the historic language of Lord Byron in Paradise Last, 'A man's a man for a' that'." Up at the Canadian Soo they have a close second named John Collins. He attended a political reception given to W. R. Smyth, now M.P. for Algoma, then just elected M.P.P. Collins, among other things, said: "There is an old Greek proverb, 'Vox populi, vox Dei,' which being interpreted means that the Lord is well pleased with the way you voted around here." At another meeting which he addressed, he is alleged to have said: "I see many of you absent to-night that were not present either the last time I was here." W. B. Northrup, M.P., tells one that is good enough for Mrs. Partington. This lady had just returned from a trip through France and was describing the beauties and glories of that magical country. "It was simply delightful," she said, "to hear the pheasants singing the mayonnaise." A Conservative member was once being introduced to Sir Wilfrid Laurier by a Liberal member. "Our friend here," said the Liberal member, "was once a Grit, but he fell from the error of his way." Apparently he had in mind two things, "fell from grace" and "saw the error of his way," and he got them mixed.

Not Puffed Up.

What's in a name. Allen Bristol Aylesworth suddenly becomes Sir "Alan." Dan Mann becomes Sir "Donald." What magic is there in the touch on the right shoulder of the royal sword, which changes the commonplace nomenclature into things of oral beauty? There is no doubt that Dan will still be Dan to the average man, no matter what his official name may be in the table of precedence. And as for Sir Alan, he will continue to be familiarly known about the Parliament Buildings as "old A.B.," the man who spends hour after hour each week in his little private office studying the reports of judges concerning convicted prisoners, weighing every title of evidence to see if by chance justice can be tempered with mercy. He has a great contempt of the little, petty things of politics. And that new bowler hat he bought for his Washington trip is not a whit larger in size for "Sir Alan" than it was for Hon. Allen B. Aylesworth.—Saturday Night.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. They are $15.00 and $18.00 values.

HEBERT CASE TO BE RE-OPENED; TEST CASE FOR PRIVY COUNCIL

Mrs. Hebert Claims No Defence to Annulment Was Offered Because of Threats to Take Away Her Child

Montreal, April 27.—Opposition to the judgment annulling the Hebert marriage was received by Mr. Justice Weir yesterday afternoon and was allowed to be filed in court, which means that the case will be re-opened in the Superior Court, and may be fought through court after court to the Privy Council.

The main point in the opposition entered by Mr. Geo. V. Cousins on behalf of the woman whose marriage was annulled is that the marriage of two Catholics can be solemnized by a Protestant clergyman, and that an ecclesiastical tribunal's decision in annulling such a marriage is of no effect.

It is also claimed that the woman did not appear and enter a defence in the original action, because she had been told that her child would be taken away from her if she did. The status of the two-year-old child now declared illegitimate is also emphasized in the plea, which concludes by asking that the original judgment annulling the marriage be declared null.

Marie Emma Clouatre, formerly Mrs. Hebert is at present boarding at 580 St. Lawrence street, while she explains that her child is being cared for by the little girl's grandmother at Henriville, near St. John's, Que.

The opposition to the judgment annulling the marriage is based on the following allegations, the opposant in the case being Marie Clouatre.

"1. That the said judgment is unfounded and is contrary to law, and that opposant has a good defence to plaintiff's action.

"2. That the opposant was prevented from appearing and filing her defence in the above action by fraud, undue influence and fear, and by the threats and coercion of plaintiff and others.

"3. That a child named Katharine Blanche Eva, was born of the marriage of plaintiff and defendant, the opposant herein.

[*] fraudently represented to the opposant that he was entitled to the custody of said minor child and threatened to deprive the opposant of said minor child in the event of her appearing in and contesting plaintiff's action.

"5. That opposant was prevented from appearing in and contesting the said action by her desire to keep custody of the said minor child and by her fear because of said false and fraudulent representations, and threats that plaintiff would deprive her of said minor child.

"6. That according to law, the marriage of two Catholics can be validly solemnized by a Protestant minister.

"7. That according to law, the sentence of an ecclesiastical tribunal alleged in the decaration is null and of no effect in so far as it pretends to annull the said marriage.

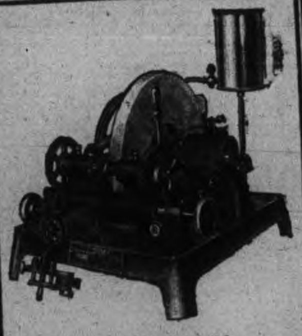
"8. That according to law, no ecclesiastical tribunal or organization has competence or jurisdiction to pronounce the annullment of a marriage.

"9. That the marriage between plaintiff and opposant always was valid and a binding marriage entered into and solemnized according to law.

"Wherefore, the conclusions of the opposition are that the judgment be declared unfounded, irregular, and contrary to law, and that same be annulled and set aside and that opposant's plea be maintained and that the aforesaid action be dismissed."

This plea must be answered inside of six days by Eugene Hebert, the plaintiff in the original action, after which there may be a further plea entered by the opposant. Then the case will be inscribed on the rolls for trial on the merits of the original action and also on the merits of the opposition.

The present course had to be taken instead of an appeal because Mrs. Hebert did not contest the original action. Mr. George V. Cousins will act for the opposant with Mr. Arnold



Lens Grinding Machine

The kind we use, and the kind that is being used by all the leading Optical Manufacturers in Canada. By grinding our own lenses we save time, and we are also sure that the lenses are positively correct. We grind both Toric and Flat, and Bifocal lenses. Our stock of uncut lenses, and Spectacleware is the largest and most up-to-date between Toronto and Montreal. We can fit you with your glasses, in any kind of a mount you may choose, and any kind of a lens, the same day that we test your eyes.

All work is guaranteed, you take no chances. Satisfied customers are our best advertisement.

MR. BORDEN PROMISES TO LET PREMIER GO TO CORONATION

Offers Alternatives by Which Sir Wilfrid Can Get Away—But Will Fight Reciprocity to the Last Ditch.

Ottawa, April 29.—R. L. Borden, the Conservative leader in the Commons, yesterday volunteered to offer no hindrance to Sir Wilfrid Laurier's attendance at the Imperial Conference. He did so in the following terms:

"There are three courses which would permit the Prime Minister to attend the Imperial Conference if the present session of Parliament should not have come to a conclusion at the time when it will be necessary for him to leave. He could proceed to the conference, leaving his colleagues in charge of the business of the House.

"In the second place he can bring the session to an end, leaving some of these very important matters unfinished and letting them stand over to another session. It has already been intimated to us that the Bank Act will not be pressed at the present session. If that is to stand over to another session there must be no particular reason why the proposals for closer trade relations with the U. S. should not also stand over until another session.

"Then in the third place he can adjourn this session of Parliament for two or three months, or whatever length of time may be necessary. After the coronation and after the conference the session can be resumed.

"I desire to say now that for the purpose of facilitating public business we would be prepared to give an interim supply to such an extent as the public interest would demand in case the Prime Minister should see fit to follow that course.

"So far as reciprocity is concerned, I have already stated that we do not see eye to eye across the floor of the House. Our own attitude in regard to that is one of uncompromising opposition."

Mr. Borden asked the Prime Minister what his intentions were.

"I may say," replied the Premier, "that I deem it my duty to attend the conference, not only because I have been invited, but because in the last conference in 1907 the permanency of imperial conferences was assured. It was decided that it should meet every four years, and be attended by the Prime Minister of Great Britain, the Colonial Secretary, the Prime Ministers of the self-governing Dominions, and such members of the Cabinets as should be selected. It is now over six weeks since I took my passage on the Virginian to sail on the 12th of May, and it is my intention to sail on that vessel, unless prevented by public business. My first duty is to Canada, but I still hope that nothing will prevent my sailing on the 12th of May."

Mr. Borden said he concurred in the hope that the Premier might be able to attend the Imperial Conference. It was perfectly obvious that the presence of the Prime Minister of Canada was entirely necessary at the conference.

Sir Wilfrid Laurier replied that if it was not possible for him to attend the conference the fault would not be his. Mr. Borden had been kind enough, he said, "to make several suggestions which would allow me to go to the conference. He offered me three alternatives. The one thing that separates us, apparently, is the trade agreement with the United States. I may tell him that on this side we offer uncompromising support of the tariff agreement. What I have in mind which may force me not to go on with my present plan of attending the conference is that I stated more than six weeks ago, when I obtained my passafie, it never occurred to me at the time that there would be any possibility of my not going; but, sir, since that time rumors have come to us which have been afloat about the corridors of this House that the Opposition will not allow this measure to go through.

"By the rules which prevail in this House it is in the power of the Opposition to block legislation almost indefinitely."

After noting that Mr. Northrup had stated in New York that the Opposition would not allow the agreement to go through, the Premier concluded:

"If such be the temper of the Opposition, I think it will probably make it necessary for me to revise my determination to go to England and to remain in Canada."

Mr. Borden in reply said:

"The Prime Minister has alluded to the fact that he took his passage some six weeks ago and he intimated some surprise that the conditions to-day are not what he expected at that time would be. At least that was the impression I took from his remarks, and I do not desire to misquote him. If, in making that statement, he alludes

PLAYMATES BURN BOY AT STAKE

Boston, April 28.—Bound and tied to a stake while his little playmates executed a mimic Indian war-dance about him, and "tortured" him, with a lighted candle, Max Tatlebaum, aged five years, of Roxbury, turned play into reality and was "burned at the stake," when his clothing caught fire from the candle, causing injuries which resulted in the boy's death at the hospital last night.

The Tatlebaum boy's companions ran away in terror when they saw the boy's clothing flaming up, and and he was released from the stake by two little girls who carried him hime.

RECIPROCITY IS ONLY A STEP TOWARD ANNEXATION BY U.S.

Republican Points Out True Objective of the Trade Dickering—A Straight Statement.

Washington, April 29.—Another declaration that annexation is the desired end of the Democrats in pushing reciprocity; an attack on the Postoffice Department as the "greatest political organization of this or any other land," and a speech by a new member of the House revealing humors of a tariff fight in Congress, featured yesterday's debate on the free list bill now pending, before the House. Other subjects than the pending bill were discussed under the latitude of debate.

Mr. Prince of Illinois, Republican, attacking the Canadian reciprocity bill, sounded the annexation note. President Taft's speech in New York Thursday furnished his text. He said that the pouring of Americans into the Canadian Northwest and the attitude of the controlling forces of the Democratic party, could mean nothing else than annexation, reciprocity and partial free trade with Canada being the first step toward that end. "I say to our neighbors on the north, be not deceived," said Mr. Prince. "When we go into a country and get control of it, we take it. It is our history, and it is right that we should take it if we want it, and you might as well understand it. The Speaker has so said; the party back of him has so said, and it does not deny that that is its desire."

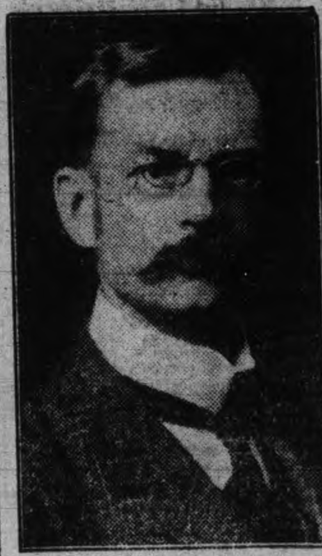
Mr. Prince declared that the reciprocity bill was the worst bargain ever driven by one nation with another and that the Democratic farmers' free list bill ought to be labelled the "farmers' fake bill."

The real climax of the session came when Representative Kent of California, a new Republican member who succeeded Duncan McKinlay in the House, delivered a semi-humorous speech on the general tariff question, arraigning a "revenue tariff upon necessities."

"I am a Republican, or what used to be a Republican," Mr. Kent observed, "because I believe in the protection of infant industries that stand some eventual chance of becoming self-supporting. But many industries, having outgrown the cradle, have not been required to hustle for their livelihood, but have been carried bodily to a ward in the hospital where our stand-pat friends advocate keeping them during all eternity, to be doctored, nursed and nourished at the public expense."

Mr. Kent said that a protective tariff was an attempt to "tax ourselves rich." "The nation can acquire wealth, if not merit," he said, "by unanimously consenting to the reciprocal picking of pockets by all the people."

To show tariff inequalities, Mr. Kent said that "Mr. Rockefeller probably pays less Government revenue upon the food he consumes than does the average hod carrier. He would doubtless like to pay as much, but he can't without eating as much."



H. B. AMES, M.P., Montreal, who points out that Reciprocity will seriously affect Maritime shipping.

TWO HUNDRED ESCAPED FIRE

Elevators in Big Refining Co. Are Life-Savers.

New York, April 29.—Two hundred men escaped by elevators from the big Arbuckle Sugar Refining Co.'s plant in Brooklyn last night, during a fire, which rapidly spread throughout the upper half of the main ten-storey building and caused a loss of from $200,000 to $300,000.

The fire started on the ninth floor on the explosion of some boiling sugar. The night shift of coopers and baggers had barely got to their work on the upper floors of the building when the alarm of fire sent them rushing for the elevators. There were no fire-escapes on the building, but the lifts were big ones, and it took but a few trips to empty the building.

The refinery is located on the Brooklyn waterfront, and bounded on the other sides by John, Jay and Pearl streets. Four alarms brought practically all the available apparatus in Brooklyn, and the assistance of two New York fireboats was asked. Notwithstanding, the upper six floors were completely burned out and the lower portion of the building practically ruined.

REPORTS FROM CANTON CONFLICT

One Says Rebel Leaders Have Been Executed and Revolution Crushed.

Special To The Review.

Hong Kong, April 29.—Conflicting reports have been received from Canton, which is the centre of the present trouble. One report is to the effect, that the revolution has been crushed and the leaders executed while another says that Admiral Li has been assassinated and that the rebels are menacing the city.

ADVERTISE IN THE REVIEW.

21,000 SIGNED "ANTI" PETITION

Mr. Ames Tells of Opposition to Reciprocity Around Montreal.

St. John, N.B., April 29.—About 600 people attended the anti-reciprocity meeting in St. Andrew's Rink last evening, Dr. J. W. Daniel, M.P., presided and the speakers were H. B. Ames, M.P. for St. Antoine division, Montreal, and Prof. Stephen Leacock of McGill University.

Mr. Ames said that as a business man he wished to point out how his interest would be injured by the reciprocity pact. In the section of Montreal he represented petitions circulated for and against reciprocity resulted in 21,000 signing the one against, while only 3,000 were in favor.

Speaking of the national ports he said that nearly all of the $13,000,000 trade through St. John last year originated or was destined for Western Ontario and the west. Under the new agreement the channels of trade would be diverted from their course. The wheat, live stock, dairy produce and bacon would go south with disastrous effect.

Knocked Off Wagon.

Humber Bay, April 29.—While backing his team into the driving shed of the Humber Bay Hotel yesterday afternoon at 1.30, W. Chater, a driver for Neilson's Ice Cream Co., was knocked off his wagon by striking one of the beams in the barn.

He was thrown to the ground and when picked up was unconscious. He was taken to the Western Hospital, Toronto. His condition is considered

BETWEEN YOU AND ME

Good morning have you bought any auto stock?

Jibbs—I doan know nothin' about them horseless kerridges, but that proposition looks like a durn good one.

Jibbs—Nope. I am going to stick

If the Auburn dam were built for a bridge also, it might be classed as Peterborough's bridge of size.

Street cars running over such a bridge would always pass by a dam site.

"If I were hoarse." Easy. I'd have the city give a bonus to a sandpaper

STREET RAILWAY EXTENSION TO EAST CITY; BRIDGE OVER AUBURN DAM IS PROPOSED

Electric Power Co. Said to be Willing to Make Deal With City to Provide for Bridge Over New Dam—Complete Loop Through East City Feasible.

The residents in the far north part of the city and those in Ashburnham are very enthusiastic over a proposition advanced to provide for a street railway crossing over the new Auburn dam, so that a big loop may be constructed into Ashburnham, serving all the north end of the city, and the east city.

It has been suggested that the city council might approach the Electric Power Co., which is building the Auburn dam, to see if the new dam could not be so constructed that a railway line, and a passenger section would be put on top of it, making a new bridge over the river in the north end. There was a lot of dissatisfaction over the fact that there was no attempt made to secure this concession from the Quaker Oats Company when its new dam was built, as it offered a splendid opportunity to get a good bridge.

The construction of the Auburn dam offers an opportunity that was passed by in the case of the Quaker Oats Company, and some citizens who believe that now is the time to get another bridge across, say that the electric power company might be induced to make a deal with the city for the consideration of a fixed assessment for a number of years.

MAKING A DEAL.

The new dam will cost in the neighborhood of $250,000, all told, according to reports, and it would be in the hands of the present council to make a deal with the company as to the amount and terms of assessment, these being details to be worked out later. The point is that it is believed that the Electric Power Co. would entertain a reasonable proposition along these lines.

The street railway company has long been anxious to get a line across to Ashburnham around the north end of the city, where it could serve the golf links, and a very fine residental section. It is also suggested that to provide for a complete loop in the east city, a bridge might be constructed across the river at Charlotte street, filling in a section of the river and leaving a channel of forty or fifty feet, which would be quite sufficient. This bridge would relieve the congestion on the present Hunter street bridge, and also provide for a short and direct car route to the east, making a complete loop.

HELP PROPERTY VALUES.

The extension of the car line in this manner would advance property values in the far north and in the east wonderfully, and the residents who have heard of the proposition are very enthusiastic. The attention of the members of the city council is being called to the scheme, offering great advantages to the city, as it does. Street car extension such as would be a great help in a business way to the city, and in providing two more bridges to the east, the city would be well equipped in this necessary respect for ten or twenty years to come.

The inertia of past city councils has given rise to a great deal of criticism by the people, and in trying to make a bargain with the Electric power company for the Auburn bridge, thus providing for street car extension to the east, the council would be pleasing a great number of long-suffering citizens.

"REVELATIONS WILL STARTLE THE WORLD," McMANIGAL SAYS

Says McNamara Has Engineered 69 Dynamite Plots, Involving 112 Deaths.

Los Angeles, Cal., April 29.—It is announced that, during a three hours' session with the district attorney-general, McManigal gave many additional admissions as to explosions within the past year.

This followed a declaration by O. M. Hilton, of counsel for the defence, that McManigal just before his "quiz" by the police, made a positive statement, in the presence of other attorneys, and two union men, denying his alleged Chicago confession. The denial was secured for the purpose of using it against him at the trial and proving to the jury that he is of Harry Orchard type, so that his testimony will be discredited.

In his new confession McManigal, it is declared, gave details of an astounding conspiracy, of which he says John McNamara was head, and in which he (McManigal) and John Bryce McNamara destroyed, or attempted to destroy, 69 structures, causing the death of 112 men. He named three Californians as having countenanced the Los Angeles dynamite plots. Two reside in Southern California and one in San Francisco. The names are withheld until arrests are made.

McManigal says that John McNamara planned the conspiracy and paid the dynamiters.

He made no attempt to justify his own action and did not express sorrow for his crimes. He only said he would be the Harry Orchard at the coming trial and would then tell to all the world the plots and plans which seem almost too stupendous for belief or for comprehension.

Ortie E. McManigal refused absolutely yesterday to consult with any attorneys connected with the defence of the alleged dynamiters, according to a statement made by Job. P. Harriman, one of the lawyers representing the accused men.

PLEDGE SUPPORT OF PEACE MOVE

Asquith and Balfour Join Hands at Big Meeting.

London, April 29.—What Premier Asquith described as "this venerable Guild Hall," without whose seal of approval no popular movement in London is really launched, witnessed yesterday, a meeting for the adoption of resolutions pledging the city to the support of Anglo-American complete arbitration.

This resolution was passed:

"That this meeting of citizens of London assembled in Guildhall cordially welcomes the proposal of the United States in favor of a general treaty of arbitration between that country and the British Empire, and pledges its support to the principles of such a treaty as serving the highest interests of the two nations, and as tending to promote the peace of the world."—Moved by Premier Asquith, seconded by ex-Premier Bal-

Steamer Sharples Raised.

Kingston, April 29.—The steamer John Sharples, raised off Galloups Islands, where she went down last fall, was towed here by the Reid Wrecking Co., discharging the balance of her cargo of 25,000 bushels of corn at Richardson's elevator. The damage is estimated at $35,000. She will undergo repairs at Ogdensburg.

Lord Kitchener's Future.

London, April 29.—Military Mail says Lord Kitchener's future rests on the Imperial Conference. There are strong rumors of a revival of the commander-in-chiefship with far wider scope and the adoption of a plans of reciprocal defence.

Alleged Embezzlement.

Sault Ste. Marie, Ont., April 29.—Charged with embezzling $880, the funds of a small township in the district of Sudbury, J. Labarge, township treasurer, was arrested Thursday night. He disappeared last November.

ANOTHER FOR THE BRITISH NAVY

Princess Royal Was Launched To-day at Barrow-in-Furness.

Special to the Review.

Barrow-in-Furness, Eng., April 29.—The Princess Royal, the latest design in the super dreadnaught class of warship was launched here to-day. The displacement of the warship is twenty-six thousand tons and she has a speed of thirty knots an hour.

A Severe Alternative.

Cornwall, April 29.—A year in jail for default of a fine of $5 and costs was the rather peculiar judgment handed out by a Roxborough J. P. named Robinson to Charles Papineau of Maxville, whom he found guilty of receiving stolen goods. This was last September. Papineau was given four months in which to pay up, but nearly seven months elapsed before he was sent to the county jail to serve out his sentence. An effort is being made to have him released, as it is said the magistrate had no power to impose a fine for such an offence.

EMMA GOLDMAN IS BUSY AGAIN

Will be at Protest Meeting at Los Angeles Monday.

Special to the Review.

Los Angeles, Cal., April 29.—Emma Goldman and Ben. Reitman, the noted anarchists, have arrived here to attend the mass meeting of protest against the kidnapping of McNamara, which will be held Monday. The authorities are making preparations for action against any possible outbreaks

MOTOR CO. REPORT

Committee Makes Recommendation After Investigation

The following is the report made by the committee appointed last night at the Board of Trade meeting to investigate the Jules Motor Co. proposition, made after an investigation this morning:

Peterborough, April 29, 1911.

Whereas a proposition from the Jules Motor Company, Limited, has been presented to the Board of Trade of Peterborough. That is to establish a factory in Peterborough on condition that they are able to place twenty thousand ($20,000) dollars worth of stock in Peterborough and have expressed their willingness that two directors be appointed from local subscribers.

This committee beg leave to report that we believe that there is ample room for the establishment of an automobile factory in Peterborough and believe that with proper management a good profit can be made and that the proposition as presented by the representatives of the Jules Motor Company, Limited, if carried out, as outlined in their prospectus, would prove to be a profitable investment.

Big Brewery Combine.

St. John, N.B., April 29.—A merger of the principal breweries in the Maritime Provinces with the syndicate known as the National Breweries, Ltd., comprising all the breweries in the Province of Quebec, except one, is the scheme which is being promoted by R. Max McCarty, broker, and which, if carried into effect, will be one of the biggest mergers effected in Canada in years. In Halifax all the breweries, about six in number, are amalgamated except one, and it is Mr. McCarty's plan to have this one, the Nova Scotia Brewery, join the syndicate, and then have the combined breweries merge with Ready's and Jones' breweries in the city and have the whole absorbed by the National Breweries, Ltd.

Action Is Approved.

Brockville, April 29.—At a joint meeting of the Prescott Town Council and Board of Trade, a resolution was passed heartily approving of the action taken by the Hydro-Electric Commission to procure and transmit cheap power for the people of Eastern Canada, "and it is further understood," the motion continued, "that we request the said commission to send an officer to examine our present lighting system and furnish us with a report of the estimated cost of the necessary changes to adopt it to the requirements of the Hydro-electric system."

Conservative Elected.

London, April 29.—At a bye-election held here yesterday for the Cheltenham seat won in the last election by Richard Mathias (Liberal), who was unseated for alleged illegal practices on the part of his agents during the campaign, J. T. Agg-Gardner (Conservative) was returned by a majority of 4. Mr. Agg-Gardner represented the district in 1902 and 1900.

SLEUTH WAS A BLACK HANDER

Evidence Offered in Millionaire Strong Case.

Philadelphia, April 29.—Evidence tending to show that Charles Franklin, manager of the Philadelphia branch of the Perkins Detective Agency, was writer of the Black Hand letters sent Charles H. Strong, the Erie millionaire, was offered a hearing yesterday before U. S. Commissioner Craig.

Strong, the first witness called, described how on Feb. 8 he had found the mausoleum of his father-in-law, W. L. Scott, torn open and desecrated. The Perkins' Agency was employed to find the culprits, and on Feb. 13, Strong received a Black Hand letter in which a threat was made that if $50,000 was not at Thirty-First and Penn avenue, Erie, the mausoleum would be blown up.

"I handed the letters over to Mr. Perkins, sr., who said that if the man who sent the letter was found, he would have in possession pieces torn from the letters."

Jas. M. Woltz, a postal inspector from Parkersburg, W. Va., testified that after he had arrested Gilbert Perkins in Indianapolis on April 13, he had searched him and found in his pocket a piece of torn paper that fitted perfectly into the ragged edges of the first Black Hand letter.

MAPLE LEAF GOLF REPRESENTATIVES

Off For England to Take Part in Championship Contests.

Special Correspondence.

New York, April 29.—Miss Dorothy Campbell, Miss Florence and Miss Prime Nesbitt, three of the best of Canada's lady golf players, sailed to-day for England, where they will compete in the contests for the championship of Great Britain, and which start

SCIATICA

EXPECTED DEATH ANY DAY

Another Case Where Life Was Saved and Health Restored by "Nerviline."

It is because he feels it his solemn duty to tell to the world his faith in Nerviline that Victor P. Hires makes the following declaration: "For three years I was in the Royal Mail service, and in all kinds of weather had to meet the night trains. Dampness, cold, and exposure brought on sciatica that affected my left side. Sometimes an attack would come on that made me powerless to work. I was so nearly a complete cripple that I had to give up my job. I was in despair, completely cast down because the money I spent on trying to get well was wasted. I was speaking to my chemist one day, and he recommended "Nerviline." I had this good liniment rubbed on several times a day, and got relief. In order to build up my general health and improve my blood I used Ferrozone, one tablet with each meal. I continued this treatment four months and was cured. I have used all kinds of liniments, and can truthfully say that Nerviline is far stronger, more penetrating, and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism, or sciatica to use Nerviline. I know it will cure them."

CURED SIX YEARS

There isn't a more highly-esteemed citizen in Westchester than Mr. Hires. What he says can be relied upon. For six years since being cured he hasn't had a single relapse. Don't accept anything from your dealer but "Nerviline." 50 cents per bottle, trial size, 25c; sold everywhere, or The Catarrhozone Co., Kingston, Ont.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

PUTNAM'S PAINLESS CORN EXTRACTOR

The Daily Review

SATURDAY, APRIL 29, 1911.

UNION LABEL

THE AUTO PROPOSITION

The Board of Trade in having a committee appointed to look into the claims of the promoters of the automobile company that is proposing to locate in Peterborough, before issuing a recommendation to business men to closely investigate, took the only action the board could take.

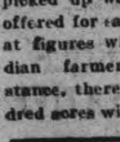
The two representatives of the company explained their case fully and well; but they should not have expected the Board of Trade members as an official body to jump out of their seats to shout "Hallelujah—Amen" for the proposition, no matter how rosy it might be, without some investigation. No business man will accept the say-so of others in regard to a business proposition, because caution bids him verify the facts. In any event, the recommendation of the Board of Trade can of itself mean very little. Everyone who subscribes for stock must do so on his own responsibility, and be prepared to run the risk of loss for the sake of possibly gaining the good thing in sight. It would be a loyal and most praiseworthy and public-spirited action on the part of business men to subscribe $20,000 worth of stock to get a factory here, but, of course, the city cannot expect that the investment, if made, will be on any but a strictly personal and business basis. Some companies promoted in such a fashion win, and pay handsomely. Some fail to make good. It depends on many things, and in this case, of course, it will be a matter of personal judgment by those approached as to whether they entertain the proposition.

At all events, those subscribing in Peterborough should make it a condition of their subscription that the factory must be located in Peterborough. To have their money employed at home is worth something to them personally, as well as to the city.

CHEAP YANKEE FARMS

Mr. Wright, member of Parliament for Muskoka, took advantage of the Easter recess to make a little trip along the south shore of the St. Lawrence from Ogdensburg west, and he made it his business to enquire into the prices the farmers were getting for farm products, finding them lower than on the Canadian side. Among other bits of information which he picked up was that farms are being offered for sale outside of Ogdensburg at figures which would give a Canadian farmer heart-failure. For instance, there was a farm of one hundred acres within five miles of Ogdensburg—a city of 20,000—with houses, barn and stabling for forty head, first-class in every way; and yet this farm was offered—with no takers—for $6,000. Mr. Wright remarked, when speaking of it, that a similar farm as close to a Canadian city of 20,000, would be worth at least $1,000 more. Yet this American farm has free access to "the market of ninety millions," says the Montreal Star.

Another farm within seven miles of Ogdensburg on a branch railway—one hundred and three acres, though not well equipped with buildings,—went for $3,385. Apparently it is not only in New England that "the market of ninety millions" fails to keep up the prices of the farms which have access to it. From $3,500 to $6,000 Mr. Wright found to be the general price for farms in that district; yet Ogdensburg is the liveliest city on the American side of the St. Lawrence river. Statistics of this sort will have the effect of giving good old Montreal a swelled head. It looks as if the Home Market we provide here is better for the farmers in our sphere of influence than the boasted market supplied by the boastful cities of the American Commonwealth.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. *New pamphlet mailed free.* The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

...ough by McDermid & Jury.

PULPIT PRIVILEGE

The ministers must be careful what they say in the pulpit about other people, or they may lay themselves open to a charge of slander. The pulpit is not a place of privilege, and in making reflections on people or their actions, a minister stands on the same footing before the law as any other person.

It is interesting to note this in a decision of the superior court of Connecticut, where a jury brought in a verdict for $4,000 against Rev. John Carroll, for utterances in reference to a member of the board of education, reflecting on the latter's character as a member of the community. The minister pleaded justification, but apparently wasn't justified in the eyes of the court, so he is condemned to pay $4,000 damages. Sermons in the interest of the public weal are subject to the same risks as newspaper articles in the public weal.

EDITORIAL NOTES

Some of the cities of Ontario, Hamilton for one, are moving in the matter of a big public celebration for Coronation day. Peterborough should should celebrate the empire event in some suitable fashion. Isn't it time to make preparation?

The Hamilton Spectator says:—"Peterborough turned down a $50,000 bonus proposition with a brute majority." Outside of these assertions, the statement is correct. Newspaper accuracy is sometimes, we are bound to admit, a wonder to behold.

J. Herbert Tritton, a banker of London, tells Toronto people that what makes for the welfare of Canada is also for the benefit of Britain. If it were for the benefit of Canada to join the United States in commercial union, with a common tariff against Britain, of course Mr. Tritton means that it would be a good thing for Britain! Mr. Tritton may not have been correctly reported!

The Review is in receipt of a special number of the Prince Albert Times, named the Hudson Bay edition. It is a splendid advertisement for Prince Albert and is artistically prepared and produced in a splendid mechanical manner. It is this sort of progressive advertising the growth and advance of the western cities has been cause and result of, and the Times may well feel proud of its latest effort."

One of the curiosities of the Quebec law relating to marriage has come to light. Several business men who have married recently failed to give notice to the prothonotary within the required three months as to whether they were in common or separate with their wives as to property, and whether they had taken out a marriage contract, it being held that this affects a business man's credit and standing. They were fined $100 for neglect.

Bacon Murdered Shakespeare.

Chepstow, Eng., April 28.—Dr. Orville W. Owen, the American, who is digging diligently in the mud of the river Wye for manuscripts, hidden by Francis Bacon, yesterday declared that the cipher which is guiding his operations reveals that Bacon killed Shakespeare and buried his head in the box which is now being reclaimed from the river bottom.

Archaeologists contend that Owen is only excavating a structure used as a foundation for a Roman bridge.

Narrow Escape From Drowning.

Kingston, April 28.—Engineer Reynolds and Fireman Wilbur of the steamer Sally had a very narrow escape from drowning when the steamer was upset off Point Frederick yesterday morning. The steamer was towing the steam yacht Nokomis, owned by W. H. Nichols of Howe Island. A mistake in throwing off the lines caused the steamer to topple over. The men were caught under the vessel, but were rescued in the nick of time by a tug.

HOW do you know that Abbey's Salt is not the best possible spring tonic **for you** unless you try it?

Thousands of people rely on

Abbey's Effer-vescent Salt

to purify the blood, clear the complexion and sweeten the stomach. It helps them—it will help you, if you will give it a fair trial. At dealers—25c. and 60c.

87

Hurled Half a Mile.

Pointe-a-Pitre, Gualeloupe, April 29.—The smouldering fire that has nearly destroyed the French steamer Marconi and her cargo caused another explosion Thursday, when a cylinder iron tube six feet in length and six inches in diameter was torn from the engine-room and hurled at a great height into the town. Falling through the roof of a building on Nassau street more than half a mile distant from the harbor, several persons narrowly escaped injury.

A Test Case.

Rio Janeiro, Brazil, April 28.—The concessionaire of the Rio Janeiro docks is suing the Government for damages of $700,000 because the defendant granted a concession of steel manufactures to operate their own docks.

The suit is intended to determine the legality of the recent concession, by which a local syndicate receives Government assistance in the manufacture of steel and iron.

Pirates Fired Vessel.

San Francisco, April 28.—A cable message from Shanghai yesterday says that after looting the wreck of the steamer Asia, which struck on Finger Rock, Chinese pirates set fire to the vessel, completely wrecking the ship. The officers and crew of the Asia will be brought here on the steamer Persia, due June 16.

Eight Perished In Fire.

Roanoke, Va., April 29.—Mrs. J. H. Nunn, a widow, and seven children, ranging in age from adults to an infant, were burned to death in a fire that destroyed their home in southwest Roanoke early yesterday.

Three children escaped by leaping from windows.

DODD'S KIDNEY PILLS SAVED MY LIFE

Strong Statement of Well-Known Harnessmaker of Claremonte

Nicholas Burton was to undergo an operation, when he tried Dodd's Kidney Pills and Found a cure.

Claremont, Ont., April 28. (Special.)—"I have said many times, and I say it again, I believe Dodd's Kidney Pills saved my life."

"About thirteen years ago," he continues, "I grew gradually weak and my skin and eyeballs were as yellow as saffron. The doctor here took me to Brooklyn and later to Toronto for consultation, and the final decision was that I must undergo an operation to remove a supposed cancer in my liver. My chances of recovery were regarded as nil, and I proceeded to settle up my business affairs.

"Then from something I read or heard I began taking Dodd's Kidney Pills, and I continued taking them till I had used twenty-two boxes.

"My condition improved as I continued to take the pills, and I owe it to them that I am here and well today.

"I am making this statement for the benefit of others. I owe it to them and Dodd's Kidney Pills to do it."

There is no trouble of the Kidneys that Dodd's Kidney Pills will not cure. Mr. Burton's trouble was of the Kidneys.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

Carson approached Craighead with this paper, his finger pointing to the item. Craighead read it with glee.

"When Shayne has eaten the last poisoned rat," said he, "and worn his knees raw snaring rattlesnakes off the cliff for food I'll go to him and say:

"THE HOOK! THE HOOK! I GO; BUT MY LOGIC STICKS!"

'Proud ex-plute, if on your bandaged knees you beg my kingly clemency I'll give you this sandwich and bottle of beer; otherwise s-s-s-s-tarve, and be 'anged to you! Either that or wire him permission to depart in the Roc. Which sayest thou?"

"I have wired him offer of the license," said Carson, "and he declined insultingly. Then I offered to come for them in the Virginia."

"And he answered?"

"That he would shoot me or any man in my employ that dared invade his air over Shayne's Hold!"

Mr. Carson brooded over the fact that the very writ of injunction that made him master of the air confined the girl for whom he had striven in a petit trianon on a mountain top with Max Silberberg.

But if the victor felt a ferment of spirits, what of Mr. Shayne and the castaways in a palace?

Silberberg was spending an afternoon with Virginia on the Shayne grounds.

"We are alone," said Silberberg, "on an island in the air. Are you sorry?"

Virginia was thinking of the victory of Carson. He had been great in working out his creation, and now he had made war on her Uncle Finley, the tiger of the Stock Exchange, in his very den—and won! But yet this last victory was not like the first. This was the old story of finding how to exploit the world by monopoly; that was doing, creating. Yet Theodore had mortally offended her in that matter of being her uncle. All was over between them. Yet she finally answered Silberberg inconsistently.

"No," said she, "I am not very sorry. But I shall need my hand now to hold my dress out of the dew."

"Tell me once more that you are not sorry, please," said he.

"I am not," she reassured him. "In fact, I—I am rather glad, Mr. Silberberg."

"Max!" said he unctuously. "Let it be Max, your fellow prisoner!"

"Well, Max, then!"

Virginia now systematically hid from Silberberg, dinners and forced interviews bringing no advancement to his courtship.

One blowy day it culminated. Virginia from a summer house opening toward New York braved the moist gusts and swept the sky with her fieldglasses for—well, for something. Silberberg followed her, swearing inwardly at the perversity of the girl, and as he found her things began to happen. Far over to the southeast and driving fast before the gale came the only flying machine in America free of the McFadden interdict. Unfortunate Silberberg!

At the same hour Mrs. Shayne burst into Shayne's den, her breath short, her face flushed, her attire and coiffure disarranged. Shayne knew the symptoms.

"Oh, tell me it isn't true!" she cried. "Tell me that I am not humiliated, actually controlled, by that bandit from the Alabama forest!"

Mr. Shayne begged her to calm herself.

"It's only an injunction," urged Mr. Shayne. "We can't use the Roc because the court forbids it"—

"At that man Carson's request!" I tell you, Finley Shayne, it is a trick of the proletariats to immure us here and come at their leisure and kill us!"

"My dear, my dear!" urged Mr. Shayne. "That is quite impossible! We could go in the Roc rather than be murdered."

"You imprison me and then insult me. Coward! If going in the Roc is so easy, why don't we go? I thought I was married to a man!"

Shayne sprang to his feet.

"Marie," said he, "the Roc will be ready in half an hour! I'll show you I'm no coward! Get ready! Call Virginia and Silberberg! Hurry!"

Mrs. Shayne knew better than to try stopping him. He yelled messages and orders into telephones. He issued hurry calls for valets and maids. The forcefulness that had made him what he was came uppermost.

Suddenly into Shayne's den burst Silberberg, his face red, his whole being simmering hot.

"I'm done with you!" spluttered Silberberg. "Get me away from here if you're a gentleman!"

"If I wasn't I'd have you kicked off!" said Shayne. "You can't jump on me, if you are my guest! I'll"—

"She's refused me in a way I can't stand," protested Silberberg, with hands upflung. "She said I was disgusting! I can't stay!"

"Well," answered Shayne, "the Roc sails at once."

The other members of the imprisoned party were at the garage before Silberberg, Mrs. Shayne in the cabin, Virginia and Shayne in animated debate on the platform.

"Well," Shayne was saying to her, "stay, then, like a simpleton! But how are you to get away? I don't know how long the courts will keep this up, and our running the injunction won't make it any shorter!"

"It's blowing awfully," said Silberberg.

Nobody noticed him but the pilot.

"I know it, sir," said he. "It's foolhardy to take this gas bag out."

"Shayne," said Silberberg, "the pilot says it's not fit to go out."

"Then stay," answered Shayne. "You're welcome to the house."

"But, Shayne," cried Silberberg, "it may mean getting whirled out to sea or"—

"Out to sea!" sneered Shayne. "And the wind southeast. Stay if you're afraid. Virginia, Mr. Silberberg's going to stay with you."

To be Continued.

Most Canadians Have Catarrh

Our Changeable Climate is Responsible.

Where the atmosphere is damp, with sudden changes in temperature, almost everybody has Catarrh, in some form or other. The ordinary cold in the head inflames and weakens the membranes lining the nose and throat, and starts a discharge. The next cold is more easily caught, and soon the patient is never quite free of it.

As Catarrh develops the discharge increases—drops into the throat, especially at night—and takes on an offensive odor. Besides being exceedingly disagreeable, there is great danger of the disease extending to the lungs, stomach, or bowels.

Though it is very difficult to cure, Father Morriscy devised a combined internal and external treatment that has cured thousands. The Tablets tone up and invigorate the system, and assist Nature in throwing off the disease, while the salve, applied up the nostrils, clears out the discharge and heals the membranes. Combined treatment, 50c at your dealer's, or from Father Morriscy Medicine Co., Ltd., Montreal, Que.

Sold and guaranteed in Peterborough by McDermid & Jury.

A GOOD MEDICINE FOR THE BABY

Baby's Own Tablets is the one medicine that can be given little ones with the firm knowledge that nothing but good will result. The Tablets are sold under the guarantee of a government analyst to contain no opiate nor any other drug which will harm the youngest child—they cannot possibly do harm; they always do good, and once a mother has used them she will never again give her little ones castor oil or the "soothing" stuffs which simply drug baby into temporary relief and in the end do harm. Mrs. Philias Paracis, Frampton, Que., writes: "Send me two more boxes of Baby's Own Tablets. I have used them for constipation and have always found them very good. My baby is certainly progressing under the Tablets." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A STRANGE PILGRIMAGE.

Roumanian Peasants Go to Cure Ills By Sleeping by Healing Plant.

"The weirdest pilgrimage on earth," is the phrase in which a writer describes the ceremony that takes place once a year on the night of the Ascension in Roumania.

On a great arid plain to the northeast of the town of Fargu-Gin grows a wonderful plant, termed by the natives Fraisinel, or "the healer." The peasants believe that a night — this one night of the year—spent among the plants will cure all ills, and they flock to the place by thousands. It was to see this pilgrimage without a parallel that a writer in The Wide World visited the place on the eve of the Ascension.

People from all parts of western Roumania visit the place of miraculous cures. Arrived at the ground where the plant is mostly to be found, each party hunts out a root. At dusk a clean white sheet is spread near it and the sick person, also in white, takes his place upon it. Three holy candles are then placed about the plant, as also a bowl of water.

Then the patient—by proxy, for he must not speak a word from the time he lies down until he gets up the following morning—says the prayers used on this occasion. These are chanted by old women known as 'mutusa,' or aunts, and should be repeated fifteen times in order to effect a cure. These aunts act in turn for different persons, receiving from each a loaf of bread and whatever else the sick person can afford to give.

The pilgrim sleeps all night with his head close to the stalks of the magic plant. In the morning, immediately after sunrise, the bowl must be examined, for if this happens to contain fresh leaves or flowers of the plant, then the augury is good and the patient will eventually recover.

If, however, it contains dead leaves, bits of earth, sand, or the like, then the portent is death, and that soon.

Chastising the Arabs.

The vast extent of the British Empire in the east and the fact that much of it is inhabited by semi-civilized people or lies contiguous to barbarian lands render wars with the natives of frequent occurrence. England is now engaged in a little conflict with the Arabs on the Persian Gulf. The sale of arms to these fanatics is forbidden, but the traffic is carried on nevertheless. A modern rifle and a fanatical Arab make a bad combination; and recently when the Arabs had collected a good supply of modern guns they planned to attack a village named Sirik, near Jask, on the south coast of Persia, just across the Strait of Ormuz. England, desirous of averting trouble in that quarter, as well as to punish the Arabs for their contraband trade in guns, despatched a warship to the scene and landed a force of marines and Sepoys on the Arabian coast. The chief, who was to blame, fled over the sand hills into the interior, where he fortified himself in a stronghold in the mountains. More Sepoys and sailors were landed, together with machine guns, and were despatched against the mountain stronghold. The troops had a difficult task in dragging the guns over the hot wastes of sand, which form one of the chief scenic features of Arabia. While the land expedition was engaged in subduing the stronghold the warship moved up the Persian Gulf summoning the Arabs to surrender their arms.

This section of Arabia, like the bulk of the country, is sterile and arid and its shifting sands and abrupt sand dunes give an impression of utter desolation.

Flavor in tea must be distinctive, pleasing and unvarying to merit continuous use. The flavor of Red Rose Tea is all its own; and it never fails to win and hold approval because it never fails in quality. Try it.

RED ROSE TEA "is good tea"

Her Husband.

"Is there any one present who wishes the prayers of the congregation for a relative or friend?" asks the minister.

"I do," says the angular lady who arises from the rear pew. "I want the congregation to pray for my husband."

"Why, Sister Abigail," replies the minister, "you have no husband as yet."

"Yes, but I want you all to pitch in an' pray for one for me!"

Protecting the Drunks.

In Copenhagen, the Danish capital, provision is made for the safe conveyance home of inebriated revelers. When a policeman finds an intoxicated man wandering at large he places him in a cab and takes him to the nearest police station, where he is examined by a doctor and then sent home. The following morning the bill for the doctor and the cab is sent to the publican who served the man with his last drink.

Not Exactly as He Meant.

An enthusiastic suburbanite was showing a guest about his domain, dilating on its joys and comforts as they walked. The guest ventured:

"Yes, but I don't think there's much money in it."

"Great guns, man! Money in it! Every cent I've got and all I can borrow is in it."

A Cautious Youth.

"Bobby, your father wants to see you."

The boy looked dubious.

"Do I want to see him?" he asked.

"How should I know?"

"You ought to be able to tell by the look in his eye."

Invidious.

"Miss Passay is furious with that society reporter."

"Why so?"

"He published the announcement of her approaching wedding under the column headed 'Late Engagements'."

Two and a Half Hours on Operating Table

Specialist Could Not Remove Stone In The Bladder

GIN PILLS PASSED IT

JOLIETTE, P.Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life". 46

DO YOU USE PILLS?

If In Doubt About the Right Pills to Use Read the Following Letter Carefully:

"I am one of those persons whose system requires aid," writes Mr. Young Gledhill, from Picton, "but it is so easily affected by reason of the great sensitiveness of the bowels that ordinary drastic pills inflict great injury to the delicate coating, and excite such persistent activity as to be with difficulty checked.

"I wish in the highest terms to express the great value of Dr. Hamilton's Pills in cases like mine, and I am sure also for elderly people and the very weak, there is no pill like them.

"Speaking of my own experience with Dr. Hamilton's Pills, I can say they have proved the most stimulating pills for the liver I have found. I have proved their tonic action upon digestion, and the same results have been secured by friends upon whom I have urged their use. The manufacturers are to be congratulated upon possessing so valuable a prescription, and the public should know that so valuable a remedy has been placed at their command."

No other pill for constipation, for liver, kidney, or stomach trouble, compares with Dr. Hamilton's Pills; they are mild and sure always to restore health. Refuse substitutes. Sold by all dealers, 25c per box, or The Catarrhozone Co., Kingston Ont.

Dr. Hamilton's Pills A Family Medicine

FUNERAL OF LATE CHAS. FAIRBAIRN

Remains Interred at Verulam Cemetery, Service at Church

Lindsay Warder:—The remains of the late Chas. Fairbairn, ex-M.P., were borne to their last resting place in Verulam cemetery this morning. The cortege left the residence of his family on Wellington street for the 11.40 C.P.R. train to Bobcaygeon, after a short service at the house conducted by Rev. Jas. W. Wallace. A number of local business men marched to the station in a body. At Bobcaygeon service was held in the Presbyterian church, where the pew once occupied by the deceased was fittingly draped. Rev. G. Smith, of Bobcaygeon, took charge of the service in Bobcaygeon.

Among the sorrowing friends and relatives attending the funeral were two brothers, John and Andrew from Smithtown, a son, Chas. M., from Massey, Messrs. Tom. and Frank, Lee, of Omemee. Gabriel Switzer and Moses Rith, of Emily, and a number of others from Nestleton, Omemee and Toronto.

The pall-bearers were: — Messrs. John Carew, Captain Lane, Bobcaygeon: Dr. Vrooman, Dr. Wood, Dr. McCamus, and Mr. J. H. Carnegie.

ENGLAND IS DEPLETING HERSELF AND ENRICHING CANADA

Foreigners Invading the Old Country, is the Cause of Large Immigration to Canada—An Interview With Emmigration Agent of England.

The Review had an interesting interview this afternoon with Mr. G. H. Collings, of the firm of Collings and Co., shipping and general agents, of North Finchley, West England. He arrived in Peterborough last evening at nine o'clock on a special train, carrying a large number of English immigrants, forty of whom were in charge of Mr. Collins, and were billed for Peterborough, where they disentrained. The party with Mr Collings in charge, immediately went up to the office of the immigrant officer on Water street, where a large number of farmers had waited, the larger portion of the day for them, and in exactly one hour all but four were located with farmers, and these were placed this morning. This is certainly a record for the immigration official.

Mr. Collings stated that the steamer "Royal George," which brought them over, had a very fair passage, except for the first three days, when they encountered a high, confused sea, and rather squally weather. An abstract of the log, which he showed the Review, certified that the time of passage was just seven days, two hours and 12 minutes. When nearing Cape Race they passed through ice which had drifted down from Labrador and further north.

The "Royal George" carried 1,200 passengers on the trip.

This was Mr. Collings' first visit to Canada, and he stated that he was decidedly pleased with the country, as much as he had seen.

"England is depleting herself by sending out her best class of men now," said Mr. Collings, "and enriching Canada by doing so. The large numbers of foreigners who are daily invading England, mostly Polish Jews, with little or no means, are driving the English to seek the more inviting field which Canada offers. I venture to say," he remarked, "that out of 1,000 of these foreigners not not more than fifty pounds in English could be gathered. They are willing to work for a bare existence and be content."

Mr. Collings has been to South Africa with parties of settlers, and after he returns to England, which will be about May 17th, he will escort a party of immigrants to Australia.

THE CHIMES ARE COMING

Have Been Tuned to a Beautiful and Musical Chime

An Out of Town Subscription of Unique Interest

Letters dated April 13 received this morning from John Taylor and Sons, Loughboro, England, state that the tuning of the thirteen bells is now quite completed. The chime is very beautiful and musical, and the manufacturers feel that it will give entire satisfaction.

The fitting of the bells and the work on the frame is now being pushed forward as quickly as is consistent with great care and thoroughness.

The bells will be shipped by the end of this month or the first part of May.

The oak that is being used in the construction of the bell frame is from the Routhley estate, near Loughborough. It was at Routhley Temple, the hall on the estate that Lord McCauley, the great essay composer, was born. This will be interesting to his readers in this city.

From the correspondence it is clear that the bells may be expected here by the first of June, and, while not finally decided, it seems almost certain that the inauguration ceremony will be held June 22nd, Coronation Day.

LOOKING BACK.

A unique interest is attached to an out-of-town subscription received from Mr. W. H. Reid, governor of the Cobourg jail. Mr. Reid's parents were the first to be married in St. John's church, after its erection in 1836. His mother was Miss Eliza Boate, whose father gave the ground for St. James' church, Emily, and which is still called Boate's church. John Brownlee, 265 Stewart strret, is a nephew.

LOCAL NEWS ITEMS

Sturgeon Lake is now clear of ice.

The committee appointed at the St. George's banquet last Monday night met Thursday and decided to hold a public meeting in the interests of the proposed society, at Coleman's next Tuesday night.

J. N. McGill, the genial secretary of the Millbrook Agricultural Society, was in the city to-day on a boosting expedition and to transact business in the interests of the 1911 show, which, he says, is going to be a winner. The exhibition this year is to be held on Thursday and Friday, October 5th and 6th.

Barries Limited, have bought 1,300 muskrat skin this season at from 27c to 40c each. The season closes with the present month.

Stoney Lake Navigation Co. will have boat connect at Lakefield with Tuesday morning train from Peterborough, and return for evening train.

A hearty invitation is extended to men and youths over 18, to attend a short series of addresses on "The History of the Church of England," by the Rev. Charles Carpenter, in the upper vestry of St. John's Church on Sunday afternoons at 3 p.m., commencing to-morrow, April 30.

At a late meeting of the Board of Trade last night it was decided that the Board's Standing Committee should meet the city's Manufacturers' committee on Monday afternoon in regard to the office of Industrial Commissioner. The result will be made known at the council meeting at night.

To morrow morning at St. John's church the rector will deliver his annual report.

WHY SUCH TREATMENT

"Sufferer" Kicks Against the Dust Nuisance

To the Editor of the Review.

Sir,—I would like to register through your paper, a great big kick in the way the city fathers treat the people who live on Charlotte street, between Park street and the boundary. This part of the street is very seldom watered, and never oiled, and consequently the dust on this part of the street is something awful, and it would be out of reason to keep your door or window open, if you did your house would be full of dust.

Now, there are a great many taxpayers on this particular part of the street, and they are entitled to some consideration—the same treatment as accorded to the tax-payers between George and Park street. Charlotte street has been thoroughly oiled over this section, and why the oil man or water man should stop short at Park street and allow the rest of the people to suffer on the other side of Park street, is what I want to know.

I would like to know if the oil or water man has orders from the council to stop at Park street, and if he has, I would like to know why. And there are a great many other tax-payers who would also like to know. There is a great deal of travel on this road, and consequently, a great deal of dust raised. I hope, however, that the city fathers will look into this matter at their first meeting and remedy the evil.

Thanking you, Mr. Editor, for your valuable space, I remain,

ONE OF THE SUFFERERS,
Peterborough, April 29, 1911.

HE DOESN'T AGREE

To the Editor of the Review.

Sir,—Your attempt to defend the indefensible neglect of our council in not making timely provision for the laying of the dust, by comparing the city of Peterborough, an old and well established community, with a place like Lethbridge, away out in the wild and woolly west, where you say the sandy blizzards blow at a 40-mile clip for weeks across a hot, sandy prairie, is an unfair comparison under such different conditions. There the dust is inevitable, and cannot be controlled; here it can be, and should be, as we are paying taxes for that purpose. Such a defence is the best

neglect of duty, and shows that they have no meritorious excuse for their want of action.

Yours, etc.,
TAXPAYER,
Peterborough, April 29, 1911.

WE ARE DOING THE BEST WE CAN

Says the City Engineer Regarding The Oiling of Streets

"We are doing the best we can," said City Engineer Hay to a Review reporter to-day when asked for an explanation which would meet the complaints of numerous citizens regarding the dust on the streets.

"We are using the oil as quickly as we can get it," continued Mr. Hay. "The demand for oil is so great that there is much difficulty in getting our orders sent during the winter filled.

"When it was decided that oil should be used on the streets the contracts for street watering were not let, and we are now doing the best we can."

THE HORSE GOT THE DECISION

Is of More Service to Public Than The Automobile

The junior Brotherhood of St. Andrew and St. Phillip in connection with St. Paul's church had an interesting debate at their weekly meeting last night, the subject being "Resolved, that the Automobile is of more service to the general public than the Horse."

For the affirmative James Pogue, J. Jones and C. Hunter put up a good argument, but the negative representatives—D. McDonald, G. Logan and B. Beavis landed the victory by the small margin of four points.

The boys evidence enthusiasm over this kind of a program and prepare their parts with great zeal.

See the "Private Secretary" as played by James Bartlett at the Grand this evening. It is fine.

MARKET TO-DAY

Large Offering in Young Pigs—Some Prices

An early visitor at the market this morning would immediately notice the large numbers of young pigs for sale. Nearly every farmer on the outer market had a quota, but as far as was noticed there was little demand for them. They ranged in price from $8.00 to $8.50 a pair. Potatoes were also fully plentiful at $1.00 a bag. Butter and eggs had a good sale, with sufficient for all.

The following were some of the prices at 10 o'clock:—

Eggs—17 cents a dozen.
Butter—25 cents.
Potatoes—$1.00 a bag.
Young pigs—$8.00 to $8.50 a par.
Chickens—10 cents a piece.
Turkeys—$3.50 a piece.
Maple Syrup—30 cents a quart.

At no time this morning was the attendance very large, farmers being now extremely busy, the long desired change of the weather having at last appeared, and they are engaged in preparing for the summer yield.

At 11 o'clock the price of butter and eggs had decreased some, eggs going at 16 cents and butter at 23 cents. Pork and veal sold at 8 and 10 and 11 and 12 cents per quarter respectively.

SOCIETIES AND LODGES anticipating excursions to river or lake points during the summer are advised that the steamers of the Peterborough and Lake Simcoe Navigation Co. are open for engagement. Apply to R. Pinchin, Manager, Peterborough, Ont. 4d98

Church Service

The members of Otonabee Lodge, No. 13, and Peterborough Lodge, No. 111, I.O.O.F., will meet in Oddfellows' Hall, on Sunday, April 30th, at 6.15 p.m., to attend divine service at Knox church. Visiting brethren are cordially invited.

Rebekah Lodge, No. 81, will assemble in the church school room at

THE JULES MOTOR COMPANY PROPOSITION TO THE CITY

Ask Only for a Stock Subscription of $20,000, Which Would be Applied to Local Operations—Committee Will Make Further Investigation and Report Through the Local Press—The Men Behind.

Prominent and representative citizens to the number of fifty gathered at the City Council Chamber last night to hear representatives of the Jules Motor Company, of Toronto, explain the merits of their proposition, which, if it goes through, means an automobile manufacturing industry for this city. The meeting was announced as one of the Board of Trade, but it took the nature of an open meeting for citizens

The company asks for nothing more than that $20,000 of stock in the company be subscribed for by citizens of Peterborough. That being done, operations will be commenced almost immediately, or, to use the statement of H. Piercy, who is pushing the financial end of the company, "within thirty or forty days fifty or seventy-five hands to be employed."

ORDER FOR 200 CARS

Two hundred cars, each of which will give a profit of $300, will be assembled here. This order, so Mr. Piercy stated, is on the books of the company. To protect that $20,000, the company is willing to produce another $20,000 in cash.

After explanations had been made by Messrs. Piercy and Frost, it was suggested by Commissioner Duggan that the Board of Trade pass a resolution recommending the proposition, so that the company's representatives would be assisted in their work of securing subscribers for stock.

Exception was taken to this suggestion on the grounds that such a move on the part of the Board of Trade or the meeting was not justifiable, or at least until more information as to the reliability of the proposition was forthcoming.

COMMITTEE APPOINTED

Discussion followed, and the outcome was that on motion of W. S. Dodds and T. A. S. Hay, a committee composed of Messrs. G. Walter Green, W. C. Ackerman, J. C. Shook, R. C. Braund, Thos. Brightman and E. R. Wilson, with Geo. A. Gillespie, president of the Board of Trade, as chairman, was appointed to secure this information and report through the local press Monday next.

This date was decided on at the request of the company's representatives for prompt action in the matter.

President Gillespie occupied the chair, and beside him was Mayor Morrow. The object of the meeting was announced, and Commissioner Duggan, in introducing the proposition and the representatives of the company, remarked on the unsatisfactory results on past endeavors to secure industries by a by-law vote. He stated that the two cars of the company at present in the city were the results of long experiments. Made up of five hundred parts, as compared with seven hundred parts in other models of cars, they were doing the work of high priced cars. The gentlemen associated with the company were those of well known standing. The company was capitalized at $250,000, and would locate in Peterborough if the financial assistance, $20,000, in subscribed stock, was given. There had been a demonstration of what was to be expected by appeals to the people on the bonus system. The Independent Tire Company that had been turned down was now negotiating with Guelph, which was giving a better proposition than had Peterborough. In the work of securing stock, subscribers for the Motor Company it was desirous that it have the backing of the Board of Trade.

THE MEN BEHIND.

Following his introduction to the meeting, Mr. Piercy stated that he had been advised by people, not residents of Peterborough, to come to this city with the proposition. He gave the officers of the company as Charles Collett, president of the Collett Carriage Works, Toronto, and one of the successful men in the carriage and wagon business, as president; Geo. A. Graham, proprietor of the Iroquois hotel, Toronto, vice-president, and Norman Collett, son of the president, young and energetic, and enthusiastic for the prospects of the automobile business in Canada, secretary-treasurer, and Mr. A. G. Greenaway as general manager. One year ago last June, he said, the present scheme had been advanced, and $25,000 had since been expended on plans, patterns, etc. Two dollars' worth of stock for one had been given in connection with the raising of this $25,000. The amount now subscribed was $80,000. While the company could operate at Toronto, the advantage in coming to Peterborough was that a more substantial class of labor could be secured. Then, too, there were the power facilities and more enthusiasm. For the concern here there would be a Peterborough citizen as president and a stockholder as one of the directors. An order of 200 cars was on the books of the company. For 1911 delivery the parts could be manufactured elsewhere. The assembling would be done here, and the $20,000 provided by local stockholders would be used to carry out this work. The approximate profit on the 200 cars would be $300 each, a total of $60,000. The output for the second year would reach about 500.

George B. Frost followed with information regarding the mechanism and special features of the car.

The chairman asked for questions or remarks from the rear benches, but there was nothing doing. Finally W. H. Denham stated that he had examined one of the cars and had found it to be compact, serviceable and simple. Service and power appeared to be there. Mr. Denham remarked that he had taken some stock in the company on the understanding that the factory should locate here and also that the $35,000 bonus stock should not be increased. Of this $35,000, $25,000 went to the present officers on the two for one agreement and $10,000 to the designer of the car. This arrangement Mr. Denham held was reasonable.

D. W. Dumble, K.C., did not think it safe for the Board of Trade to pass a resolution recommending the proposition without further consideration.

Mr. Denham introduced an old friend, E. J. Carter, of Freemont, U.S. He stated that at his home a proposition similar to the one before the meeting had materialized into a factory, which was, however, at present only in its infancy. He spoke authoritatively of the wonderful progress made by the automobile industry in Flint, Mich., and remarked that he was rather surprised at Canadians paying from 30 to 35 per cent. duty on cars. Why did they not build cars themselves?

W. S. Dodds started the ball rolling with a motion that a committee be appointed to take the matter up with the representatives of the company. He held that prompt action should be taken.

E. R. G. McPherson was against a resolution by the Board of Trade, but favored the appointment of a committee.

Mr. Piercy was asked how soon he would like an answer, and he replied not later than Monday or Tuesday, preferably Monday.

T.A.S. Hay seconded the motion of Mr. Dodds.

Mr. Dumble favored a full investigation and favored Tuesday.

"That is running into delay again," answered Mr. Denham. "There is no necessity for such."

Mr. Dumble proceeded to question the authority of the Board of Trade in the matter, and this brought the statement from Mr. Denham that twelve members of the Board of Trade can corner and say whether reciprocity was right or not.

The chairman put the motion to the meeting and it met with general favor.

THOS. MEEHAN

Who comes to The Grand next Wednesday, May 3, in "The

WHO'S COMING AND GOING

Rupert Winslow and Isaac Richardson, of Millbrook, are in the city.

Mrs. Hammond Lee, of Lindsay, is the guest of Miss Smith, 567 George street.

Col. Sutton, of Cavan, ex-president of the Millbrook Agricultural Society, is in the city to-day.

Mr. Johnston Paudash, of Hiawatha, leaves to-day for Scugog, and then for Ottawa, on a two weeks' stay.

Mr. Jack Staples, of the Bethany Football Club, is in the city to-day attending a meeting of the Midland League Executive.

Mr. R. H. Leary returned last night from a visit to Stoney Lake. He reports the ice almost gone, except a little in Clear Lake. The water is also rather low in the lakes, in his opinion.

Lindsay Warder.—Mr. Colin MacDonald, a member of the local Bank of Montreal staff, left to-day for Port Arthur, having received a notice from the head office of his being moved to the branch in the town city. Mr. MacDonald has been very popular in social circles in Lindsay, being a valued member of St. Andrew's choir. He will be greatly missed by the younger set in town.

Don't Miss the "Private Secretary" to-night at the Grand opera house. You will enjoy it.

Muskrat Catches

The catch of rats which closes with this week, is reported fairly good. Mr. Garner Nichols, sr., finished his spring hunt last Saturday with a score of 135. Richard Nichols came home from Big Island on Wednesday with 130 good pelts, and Mat Nichols who has 68 traps out along the north shore of Pigeon Lake from Ball Narrows to the river, will finish on Saturday with about 300. He took 21 out of his traps on Wednesday morning. The price will run about 34c.—Bobcaygeon Independent.

SUFFERED THREE YEARS

Till Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes:

"For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes effected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's. 10

262 Queen W. TORONTO Routley's 379 George-st. PETERBORO

There's a Buckley for every type of countenance---and in every Buckley Hat there is a guarantee.

On the score of style alone, the Buckley might well claim your choice in hats—not an-another hat made includes so wide a range of becoming styles in men's headgear.

Produced from American blocks, in a modern English factory, and made by *Union workmen*, the Buckley has a style and distinction all its own.

As for quality—wear-resistance—well, can you remain in doubt after reading the wide-open Buckley guarantee? Read it again—do you think a manufacturer would dare issue such a sweeping guarantee if he didn't thoroughly believe in his product—if he didn't know his hats would stand the most careless use and the roughest weather?

And, by way of proving that there's to be no quibbling or red tape about the exchange—to convince you that the guarantee ensures a new hat without embarassing question-asking from the hat merchant—there's that 'accident clause' which says:

"We agree to exchange this hat, if same is damaged by accident during the said four months."

The Buckley is on sale at the best hat shops. Price, $2.50.

BUCKLEY. HATS

NEWS AND VIEWS OF SPORT

ANOTHER SENIOR BALL TEAM IS THE LATEST PROPOSITION

Classy Line-up Can be Placed on the Diamond

Two baseball teams of Midland League calibre for Peterborough is the latest announcement to be made to the local fans. One team has already been organized for the Midland League and the prospects for another nine are exceedingly bright.

There is plenty of material available for two teams. Had the one team proposition gone along alone, a considerable number of players would have had to hit the shelf. Whether or not this second team will be accorded a berth in the Midland League is another question. Peterborough fans will patronize good ball, and the moguls behind the club about to be organized are confident of serving up a line-up such as would grace any diamond.

TWO SERIES IN SCHOOL LEAGUE

Players for Junior Series Must be Under Fourteen

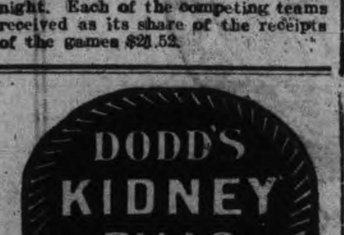
At a meeting of the public school teachers held Thursday afternoon, the following officers were elected for the School League of this season—

Hon. President—Mr. W. H. Hill.
Hon. Vice-President—Mr. A. Mowat
President—Mr. R. F. Downey.
Secretary—Mr. R. F. Kerr.
Executive Committee—The officers and Messrs. Park, Richardson, Stacey, Roszel and Neal.

The meeting decided on a junior and senior series in connection with the league. Any player is eligible for the senior series, but for the junior league the players must be under fourteen years of age.

Representatives of the teams at the different schools must look after the matter of umpiring.

The winners of the Lindsay Town Hockey League, the Boxall and Matthie team, were presented with medals and the shield Wednesday night. Each of the competing teams received as its share of the receipts of the games $21.52.



F. J. DALY LEASES DRIVING PARK

Weekly Driving Matinees Will be Held

The Peterborough Driving Park has been leased for this summer by F. J. Daly, of Lindsay, whose intention is to hold driving matinees weekly, classifying the horses. This means excellent sport. While Mr. Daly possesses this temporary right, still he cannot prevent circuses, exhibitions or holiday events from having the use of the grounds, permission for which may be obtained from the president of the Agricultural Society. If any horseman or parties wish to try out a horse at any time they must apply, however, to Mr. Daly for permission.

TENNIS

St. John's A.Y.P.A. Tennis Club had a general meeting last night in the Guild room at 8 p.m., Rev. Charles Carpenter presiding. The trustees of Nicholls Oval were heartily thanked for privileges as to playing on the oval, and Mr. F. Roberts instructed to make application for a similar favor this season. There was a good attendance and everything points to a banner year for the club.

Mr. Wm. Coleman was elected to represent St. John's on the City Lawn Tennis Association.

BASEBALL

A baseball team composed entirely of clergymen is Grand Junction, Colorado's latest acquisition. The nine is made up of pastors of various churches and includes some former college stars. The ministers practice daily—that is, six days a week—and have issued a challenge to any team in the state made up of members of one profession.

A baseball club has been organized in connection with the Lakefield High school. Joe Hill is secretary and F. Leahy is captain.

Our Missionaries Safe.

Toronto, April 29—"Safe—MacKay." This brief cablegram was received by Rev. Dr. R. P. MacKay, secretary of the Foreign Missionary Society of the Presbyterian Church, yesterday. While the message is not very explicit it is thought to be from Rev. J. S. MacKay, Shanghai, China, his wife, and Mrs. Dr. Marion Oliver, who were on their way home, and it is thought they were on the steamer Asia which was wrecked off the coast of Japan.

Rev. Mr. Mackay and his wife are from Oxford County, Ontario, while Mrs. Dr. Oliver's home is in Belleville.

Dr. MacKay is waiting for fuller details.

Treating For Peace.

El Paso, Texas, April 22.—General Madero was officially notified yesterday that President Dias had appointed a commissioner to complete peace negotiations with a similar commissioner to be appointed by the rebel leader.

Sustained the Call.

Kingston, April 29.—Kingston presbytery sustained the call given to Rev. R. Drinnan of North Bay presbytery by the Sudbury congregation.

MORE PRIZES FOR STRATTON HORSES

"None Nicer" Was a Winner in Two Events

Hon. Mr. Stratton's horses were winners in the competitions at the Toronto Horse Show yesterday as follows—

Class 25—Mare or gelding 1, None Nicer, Hon. J. R. Stratton, Peterborough; 2, Lounsborough Madge, Crow & Murray, Toronto; 3, Day Dream, A. Yeager, Simcoe; 4, Last Post, Hon. Clifford Sifton, Ottawa.

Class 12—Ladies' hunters; 1, Perfect Dream, Hon. J. R. Stratton, Peterborough; 2, Aranya, Smith & Clancy, Galt; 3, Silverheels, A. W. Holman, Toronto.

MUST PAY ALL THE COSTS

Three Young Men Must Hand Over $54 to the Court

David and Thomas Drain and Robert L. Anderson, the three young fellows who were remanded a week ago on a charge of sheep-stealing, were at the police court this morning.

Magistrate Dumble was very lenient with the trio, but ordered them to pay the costs of the prosecution which amounted to $54. This means $18 a piece for them to hand out and the amount must be paid in a week. In addition they are out on suspended sentence and must report to the chief the first of every month for a year.

CLUB BAG FOR TAYLOR STATTEN

Was Honored by Central Y.M.C.A. Staff and Boys' Department

Toronto, April 29.—Taylor Statten, the retiring secretary of Boys' Work in the Central Young Men's Christian Association, was tendered a luncheon yesterday by the staff of the association and presented with a handsome club bag fully equipped. Mr. Statten is leaving the Central work to become secretary of the Boys' Work Department for the Provincial Committee of Ontario and Quebec. Again last evening the Boys' Department Board and two hundred boys gave a banquet and presented him with a solid gold watch and fob as a token of the high regard in which he is held by the lads among whom he has worked.

MONKEY LAND.

Where Armies of Gibbering Apes Make Life Miserable.

If at any time you should happen to be in India, just remember to let the monkeys alone, for to kill one would mean to get yourself very cordially disliked by the Brahmans, whose religion forbids them to take the life of any creature. As a result the people of India are overrun by a great many animals against which they can make but a feeble resistance, the monkey in particular being a real tyrant.

The shops of the cities are without doors and windows, and whatever is offered for sale is exposed to the open air. The monkeys are always at hand watching their opportunity and if the merchant absent himself for a moment, instantly the nimble apes are helping themselves to anything they fancy.

On one occasion the streets of Benares, the sacred city of India, had become so overrun with these impudent little plunderers that the merchants held a meeting and decided that something must be done. Inasmuch as their religion forbade them to kill the monkeys, they decided to banish the pests.

The streets were surrounded and invaded, the monkeys were all captured and placed in cages. Then they were taken to a large forest at a considerable distance from the city and freed in the middle of the trees. The scampered into the branches as if they were having a very good time; and there the merchants left them and returned to their shops, rejoicing that now they could nod in peace. That evening there was a rare sight in Benares. Into the streets, just at dusk, there came a great capering army of apes. They were the monkeys of Benares, who had found their way home from the forest into which they had been banished, and, though they must have been very tired from traveling on foot so long a distance, their joy on reaching home again was so great that they gamboled like a troop of school children coming home from a picnic.

Being town bred monkeys, they had not enjoyed country life. Next day they were all at their old posts, raiding the food shops with renewed and eager appetites and greatly refreshed impudence.

Discussed Mixed Marriages.

Montreal, April 29—The semi-annual meeting of the Congregational Association of Quebec was brought to a close by a public ordination in the Zion Congregational Church. At one of the meetings the mixed marriage question was under discussion, and resolutions were passed by the association urging action on the part of the congregational union of Canada.

The association strongly recommended the union to have the laws thoroughly tested in the highest law courts in the event of the prevailing juris-prudence in the Province of Quebec being sustained, to adopt such measures as will modify the laws and abolish disabilities and guarantee the citizens the rights and liberties enjoyed under the British constitution.

There are no further developments in the Kinistino bank robbery, the $5,700 being still missing.

Fifteen new post-offices were opened in Alberta in one day recently and three were closed.

Catarrhozone

Cures Permanently BRONCHITIS, COUGHS, COLDS, ASTHMA, CATARRH

Throw medicine to the dogs. At best they are unpleasant, often useless. You are suffering from some disease of the throat, nose, or lungs, Doctors call it Bronchitis, Asthma, or Catarrh, or it is a slight or severe cold. Germs cause these diseases—they have a common root.

Catarrhozone destroys disease germs, but it does more, it heals disease tissue.

CATARRHOZONE is little drops of healing carried by air to the exact place where Catarrh exists. Observe. Catarrhozone not only destroys the cause, but immediately repairs the result of diseased condition.

Catarrhozone means little drops of healing carried by air and placed over the lungs, throat, and nasal passages.

Catarrhozone is endorsed by doctors, druggists, and by thousands of Canadian people who have used it.

Catarrhozone

Yes, Sir, it is taken in air.

"Little drops of healing" carried by air to weak places in the lungs, throat, and nasal passages.

Three sizes: 25c, 50c, and $1.00, at druggists, or by mail postpaid from The Catarrhozone Co., Buffalo, N. Y., and Kingston, Ont.

Two Big Montreal Fires.

Montreal, April 29.—For the first time in years, two second alarm fires in this city in one day, necessitated the calling out of 375 firemen, and the moving of every piece of fire-fighting apparatus in the city.

The first blaze was at the Mountain View apartments, with 17 families, the loss was $160,000, and the second on Argyle avenue, where fifteen families were driven to the streets. Ten out of the latter families were ready to move before May 1st.

Queen's Alumnae Organized.

Kingston, April 29.—Women graduates and alumnae of Queen's University organized the Queen's University Alumnae Association. The following officers were elected: President, Miss S. Harty, Ottawa; first vice-president, Mrs. J. McGillivray, Kingston; second vice-president, Miss Redden, Kingston; third vice-president, Miss Mowat, Kingston; secretary, Miss M. MacDonnell, Kingston; treasurer, Miss T. Goodwin, Kingston.

Recommend Toronto Man.

London, April 29.—Deputy Engineer G. W. Wright, who has been acting city engineer since the resignation of Head Engineer Vancleeve, that went into effect on March 1, was last night recommended as city engineer of London at $2,000 per year, at the special engineers' commission of the City Council. Wright, who is one of the former assistant engineers of the City of Toronto, will be on probation for six months.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

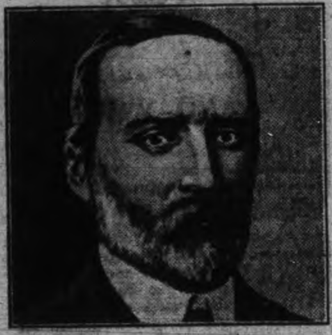
EVERY GENERAL STORE-KEEPER NEEDS "FRUIT-A-TIVES"

INKERMAN, ONT. Sept. 23rd, 1910.

"I am in the General Store business and have been a resident of Inkerman for thirty-seven years. Since I started this store four years ago, I have found your remedy "Fruit-a-tives" the most satisfactory one I have sold. Many of my customers have used "Fruit-a-tives" with the most beneficial results and I know of two cases that have been completely cured of Dyspepsia.

I recommend "Fruit-a-tives" on every possible occasion and would say that if every general store keeper, who stocks medicine, would keep "Fruit-a-tives" prominently displayed, he would increase his business many fold"

ALEX. LARUR.



"Fruit-a-tives" is the only remedy in the world made of fruit and the only remedy that will positively cure Constipation, Indigestion, Pain in the Back, Headaches, Rheumatism and all Kidney and Bladder Troubles.

50c. a box, 6 for $2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited Ottawa.

WEDDING BELLS

MOORE—PURVIS.

A quiet but pretty wedding was solemnized at Cannington on Wednesday afternoon at the residence of Rev. Mr. Cummer, brother-in-law of the bride, when Miss F. L. Moore, Lindsay, was united in marriage to Mr. W. H. Purvis, of Cannington.

The ceremony was performed by Rev. Mr. Cummer, the wedding march being played by Mrs. Cummer.

The bride was gowned in white duchess satin, trimmed with braid and point lace, and carried a bouquet of bridal roses. The bridesmaid, Miss Cora Stevens, of Lindsay, was attired in white embroidered Swiss mull, and carried a bouquet of pink carnations.

After the ceremony, the happy couple, with those assembled, enjoyed a luncheon, after which they left for Manilla, where the G.T.R. train was taken for Peterborough and points east. On their return Mr. and Mrs. Purvis will reside in Cannington. The bride's going away costume was of Alexander Gray with hat to match. The bride, who is most popular, was the recipient of many beautiful tokens from her friends.

INDIAN WEDDING

Lindsay Post—Our usually quiet Indian village has had some excitement occasioned by the wedding of Mr. J. Paudash and Miss F. Johnston, daughter of Chief Johnston, Rev. J. W. Totten officiating. It passed off very quietly, only a few being present. Mr. Paudash recently returned from Ottawa, where he claims to have been entertained right royally by Sir Wilfrid Laurier, and also by His Excellency the Governor. He claims that their treatment of him as representative of his own race was of the most generous character. There was at the home of the bride on exhibition, amongst other wedding presents a beautiful silver service inscribed "From Sir Wilfrid Laurier to Miss Florence Johnston." Mr. Paudash claims that he has been appointed by the government to act in behalf of his people in settlement of some of the claims under discussion.

NERVOUS DISEASES IN THE SPRING

Can be Removed by Toning Up the Blood, Thus Strengthening the Nerves

Nervous diseases are more common and more serious in the spring than at any other time of the year. This is the opinion of the best medical authorities after long observation. Vital changes in the system after long winter months may cause much more than "spring weakness" and the familiar weariness and achings. Official records prove that in April and May neuralgia, St. Vitus dance, epilepsy and various forms of nerve disturbances are at their worst, especially among those who have not reached middle age.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening while purgatives make you weaker. Dr. Williams' Pink Pills have a special action on the blood and nerves, for they give strength and have cured no tonly many forms of nervous disorders, but also other spring troubles, such as headaches weakness in the limbs, loss of appetite, trembling of the hands, as well as unsightly pimples and skin troubles They do this because they actually make new, rich, red blood, which means a return to perfect health.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Passion Play was produced in Regina for the first time in Western Canada the other day.

DURBAR AT DELHI

The King's Official Entry Will be on Dec. 7th.

In the Legislative Council at Calcutta, Lord Hardinge, the Viceroy, said His Majesty would arrive in Bombay on Dec. 2, and would make his state entry into Delhi on the 7th. Plans were being prepared to enable 100,000 persons to see the crowning ceremony on December 12.

The other functions that were being arranged included a reception of Indian officers, a grand review, and a popular fete for the people, giving all a chance of seeing His Majesty, who, it was hoped, would arrive in Calcutta on Dec. 30.

MANY PREPARATIONS

Seats to View Royal Processions at Fifteen Guineas a Time.

The decision that the Royal progress through London on June 29 shall be made to the Guildhall via the Old Jewry will prove a great boon to business men.

Traffic will now be allowed to run uninterruptedly up Cannon-street as far as St. Paul's Cathedral, and along Queen Victoria-street and the Embankment, whilst Threadneedle-street and Cornhill, on the east side of the Bank, and King William-street, on the south, will all be open.

Princess-street and the Old Jewry are to be closed with huge gates at each end. The narrowness of the latter thoroughfare will necessitate a slight alteration of the kerb where it enters Gresham-street at right angles, and in a particularly narrow neck of that thoroughfare.

A contractor who controls fifty of the chief seats on the procession routes for the erection of stands, quotes the following prices for single seats at present:—Between London and Westminster Bridges, one to four guineas; between Charing Cross and London Bridge, two to five guineas; Piccadilly, St. James's-street, and Pall Mall, three to fifteen guineas.

In Pall Mall, where three houses are being demolished in order that huge stands may be erected, $1,000 per window is being asked. A cash offer of $2,000 for a small first-floor room with two windows has been refused.

THE CEREMONY

The King and Queen Use no Fewer Than Six Chairs.

The actual ceremony is very elaborate, and it would be impossible to describe it in detail. One or two interesting points may be noticed. In the first place, the King and Queen during the ceremony use no fewer than six different chairs, not including the Coronation Chair itself. Those in the foreground are used during the Litany and the sermon; those at the back are the chairs of state, where the King goes to the Coronation Chair in the first instance to be anointed, four Knights of the Garter holding a rich silken pall over his head. The Dean of Westminster places two rich vestments on him, and then there is a ceremony in which spurs and swords play an important part. The archbishop, having consecrated the crown, places it on the Sovereign's head. Then everyone shouts "God save the King!" the peers put on their coronets and the bishops their caps. The coronation of the Queen is much shorter, and immediately follows that of the King. After it is completed the King and Queen partake of the Communion, and after final prayers a procession is formed, and everyone files out.

The responsibility of seeing that all goes right throughout the ceremony lies with the Earl Marshal, and his officials are on the spot to direct everything. There is thus no great possibility of any serious error.

THE CORONATION CHAIR

Showing beneath the seat the famous Stone of Destiny, which was removed from Scone, Scotland, for the crowning of Edward I., John Baliol being the last Scottish king to be crowned on it.

ELECTRICAL EFFECTS.

They Will Represent the Final Word of Ingenuity.

After the Coronation the foreign guests will be at liberty to enjoy the excitements of the hour. Some of the Cabinet Ministers and others will have the opportunity of showing their hospitality to visitants from afar. In some instances it is probable that the Princes will place themselves at the disposal of the diplomatic representatives of their respective countries for the purpose of seeing the town ... it is ... The electrical effects which are being produced for the Coronation night will be on a scale of unique splendour, and will represent the final word of modern ingenuity in these matters.

The Red Deer fire department has been given a fire alarm system.

O'Keefe's GOLD LABEL ALE

is a special brew for connoisseurs—a deliciously rich, creamy old ale—full bodied and satisfying. A perfect table ale.

O'Keefe's PILSENER LAGER

is the real old German "Pilsener"—brewed of the choicest Hops and Malt and pure filtered water. Far superior to any imported lager at double the price.

O'Keefe's SPECIAL EXTRA MILD ALE

is brewed especially for those who find ordinary ale too heavy or too bitter. This brew, being extra mild, will not make you bilious.

All these fine brews come in Crown stoppered bottles. Sold by leading Hotels, Cafes and Dealers generally.

THE O'KEEFE BREWERY CO., LIMITED, - TORONTO. 225

MAY CHANGE ROUTE.

C. N. R. Said to Be Avoiding Chaffey's Locks.

Brockville, April 29.—It is reported that the C.N.R. will not be built by way of Chaffey's Locks, owing to several engineering difficulties, and that the surveyors are now at Verona endeavoring to secure a line via either Newboro or Westport. Several farmers in the vicinity of Crosby and Forfar have cleared the right of way through their farms, and one farmer cut down a very valuable sugar bush over half a mile in length. At the time the agreements were signed it was expected that the land would be purchased before May 1, and as there is no money in sight yet there is considerable excitement along the line from Opinicon to Portland. The location of this particular portion of the C.N.R. route has been the cause of several deputations waiting on the Minister of Railways and Canals at Ottawa, and it looks as if the end is not yet.

Four Handed.

"A monkey has four hands," remarked the zoologist.

"Yes," replied Mr. Cardwell. "It's a shame to see the animal neglect its opportunities. It could play an entire game of bridge all by itself."

Cornwall Canal Open Monday.

Cornwall, April 29.—The Cornwall Canal will be ready for navigation on Monday, in fact the water was let into the long level yesterday. The new wall on the north side of the canal will be fully completed by Monday, and will be a decided convenience to vesselmen in entering the lock.

Presented With Purse of Gold.

Stratford, April 29.—A purse of gold was presented to Rev. J. P. Gerrie by the members and adherents of the Congregational Church last night, at the farewell banquet to the departing pastor. Rev. Mr. Gerrie goes to Leamington to become editor of The News of that place.

Geologist's Good Luck.

Sault Ste. Marie, April 29.—John Dresser, of the Dominion Government Geological Survey, has been engaged by the Lake Superior Corporation to explore its northern Ontario mineral lands. He will get $7,000 a year, or nearly triple what the Government paid.

THE MARKETS

Liverpool Wheat Futures Close Lower, Chicago Higher—Live Stock—Latest Quotations.

CHICAGO, April 28.—Bull leaders gave an appearance of strength to the wheat market to-day by timely purchasing whenever there was a sign of the approach of weakness. Forecasts of a material decrease in the world's shipments proved to be something of a help against the bears. Closing figures were at a net advance of ⅜c to ¾c. Corn finished ¼c to ½c up, oats the same as last night to a gain of ¼c, and hog products irregular, strung out over a range of 15c, divided just equally abive and below the level of 24 hours before.

The Liverpool market closed to-day unchanged to ⅛d lower on wheat, and ⅜d to ½d lower on corn, compared with yesterday. Antwerp closed unchanged on wheat, Budapest 3⅛c lower, and Berlin ¼c lower.

Strength for Bad Backs

You May Cure Your Lame Back by Giving Your Kidneys Attention—Booth's Kidney Pills Will Help You.

Most men, women and children have bad backs when the kidneys are sick. Older folks suffer with bad kidneys, for the kidneys are the hardest-worked organs of the body and an active life often wears them out before there are any other signs of advancing age.

You should learn the early warnings of sick kidneys, and then it will be easy to take any trouble in the beginning and with the aid of Booth's Kidney Pills make a quick and lasting cure.

Some of the early signs of sick kidneys are backache, lame back, rheumatic pains, neuralgia, sharp pains when stooping or lifting, nervousness, irritability, failing eyesight, sallow, drawn features, dark circles around the eyes, dizzy spells, tired-out state, dispondency.

And there are usually disturbances of the urine—too frequent passages, scanty passages, with scalding or burning pain, dark-colored, heavy urine, having to get up at night. This condition is speedily relieved by Booth's Kidney Pills. A trial is sufficient to prove the claim that they are without equal as a remedy for weak and sick kidneys and are fully guaranteed by the proprietors.

BACK WEAK AND TENDER.

George Gould, of 227 Dalhousie street, Toronto, Ont., says—"My back was weak and tender and if I would sit for any length of time a heavy dull pain would catch me across the small of it, and in the region of the kidneys, leaving me unable to draw a breath for many seconds. The urine plainly told of the disordered state of the kidneys, as it was highly colored and scalding. The kidney secretions were frequent and irregular. Nothing benefited me until I procured Booth's Kidney Pills and commenced treatment. In less than a week I began to improve. The kidney secretions gradually became normal. The urine cleared to its natural color and the pains entirely left me. Thanks to Booth's Kidney Pills I am now quite well."

TEST AT OUR EXPENSE.

The proprietors are willing to let any sufferer test Booth's Kidney Pills free of cost. Write the R. T. Booth Co., Ltd., Fort Erie, Ont., stating your case and they will mail you a box free. Booth's Kidney Pills are sold by all druggists, 50c. a box, or sent post-paid from the above address on receipt of price.

Sold and guaranteed in Peterborough by Wm. Madill.

BORDEN'S PROMISE

(Continued from page 1)

to the debate which has been proceeding for some time on the proposed trade agreement with the U. S., then I would like to inform him that gentlemen on the other side of the House have been taking their turn on the debate, and have had their fair share in it. I venture the statement that as much time has been taken by Government supporters as by gentlemen on this side."

"It would seem to me that the question which must present itself to the Prime Minister is whether or not our trade and other relations with the United States are more important in his mind than our trade and other relations with this Empire of which we form a part. I have made an offer to him which is as reasonable an offer, I think, as could be made by any man standing in my place under the circumstances as they exist to-day, and I have made to him a proposal under which he can attend the Imperial Conference and go on with his determination, if he persists in it, to force these reciprocity proposals through this House.

"Under these circumstances, Mr. Speaker, I trust the Prime Minister will reconsider the intimation which he gave in the concluding portion of his remarks, and that Canada, at the approaching Imperial Conference and at the coronation as well, will be represented as it should, by the Prime Minister."

P.C.I. ANNUAL CONCERT

The annual concert of the P.C.I. Philomathean Society, held last evening in the Assembly Hall of the Collegiate, and with Owen A. Smiley, the ever popular entertainer, of Toronto, assisting, fully sustained the reputation which the students enjoy, to provide a high standard of concerts, and the extremely large and appreciative audience was an eloquent testimony to the success of the affair.

Owen Smiley, who was four times on the program, was forced to respond to enthusiastic encores on each occasion, and he more than excelled himself in all his selections. While well known to the local public, having appeared here on several occasions, still his welcome and popularity is as strong as ever, and he was the recipient of a warm reception last evening. Equally at home in either classic or humorous readings, Mr. Smiley favored his hearers with a varied and choice selection of entertaining numbers, and not one failed to please. His recitation entitled "To be Continued in Our Next," was a real gem of humor that resisted sobriety, and was an immense favorite. His last number was a monologue of singing, piano playing and talking, which gave him a magnificent opportunity to display his versatility, and real infectious humor.

Miss Bernice Giroux, a talented musician who is attending the Collegiate, assisted Mr. Smiley at the piano in a couple of his numbers, and was complimented by the entertainer on her ability.

The Collegiate Institute Glee Club sang three times with vim and precision that revealed the excellent tuition they have been given by Mr. Ferguson, of the teaching faculty.

Mr. M. Wilson, on the violin, showed a splendid mastery of the instrument, and was encored several times. Miss Julia Choate capably accompanied him on the piano.

One of the prettiest and most novel numbers on the program was the "Tennis Drill" by twelve girls of the Collegiate. Six of the girls wearing blue sailor blouses and the other half attired in red blouses, went through a very catchy and pleasing drill, representing the actions performed in playing a game of tennis. Miss Giroux supplied the music, which was bright and suitable.

The extended program was responsible for the lateness of the hour at which the concert ended.

The students and the committee in charge are to be congratulated on the complete success of the enjoyable and financially successful evening.

The following was the program—

Chorus—(a) Hail! Smiling Morn........ Spofforth
(b) The Village Choristers........ Moscheles
Collegiate Glee Club.

BEAUTIFUL EYES

are made beautiful by long, silky lashes, and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost if the eye brows are thin and scanty; and the lashes are short and lifeless. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes, on receipt of price, fifty cents. B. V. Marion, sole

LOCAL CHURCH CALENDAR

SUNDAY, APR. 30th. 1911

ST. PETER'S ROMAN CATHOLIC.

Low mass 8 a.m., 9.15 a.m.
High mass 10.30 a.m.
Vespers 7 p.m., with sermon.

ST. JOHN'S CHURCH.

Rev. Canon Davidson, rector.
Rev. Carpenter, curate.
Second Sunday after Easter.
Holy Communion 8.30 a.m.
Matins and sermon 11 a.m.
Anthem, "King of Kings," Simper.
Sunday school and Bible Classes 3 p.m.

Class for men and youths in upper vestry at 3 p.m.

Rev. Chas. Carpenter will give addresses on "The History of the Church of England."

Evensong and sermon 7 p.m.

Anthem "O Death Where is Thy Sting."

ALL SAINTS'.

Second Sunday after Easter.

Rev. H. R. Trumpour, M.A., B.D., rector.

8.30 a.m.—Holy Communion.

11 a.m.—Morning prayer and sermon.

3 p.m.—Sunday school. Rector's Men's Bible Class. Mr. Sisson's young ladies' Bible Class.

7 p.m.—Evening prayer and sermon. Rev. E. J. Peck, of Toronto, will officiate and preach at both services.

A free reading room open Monday, Wednesday and Saturday from 2 to 5 p.m.
Subject for Sunday, April 30th, "Everlasting Punishment."
Seats free, all are welcome.

SALVATION ARMY.

Ensign Merritt, officer in charge.
9.45 a.m.—Bible Study Class.
11 a.m.—Morning service.
2 p.m.—Sunday school.
3 p.m.—Free and Easy meeting.
7 p.m.—Evening service.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

HOW'S THIS

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN Wholesale Druggists, Toledo.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system. Testimonials sent free. Price 75 cts. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

THE CENSUS

Instructions for Commissioners to be Given Next Week

The time of census taking is approaching, and R. H. Leary, who is the local census commissioner, has received instruction to attend a meeting of commissioners of this district which will be held in Toronto on May 5th and 6th. They will be directed as to their mode of taking the census, be authorized to secure enumerators, and instructed as to how they will be paid. An enumerator usually receives five cents a name, and the commissioner one cent a name, so that it costs six cents for each name taken.

Mr. Leary will cover West Peterborough and John Lang will do the work in East Peterborough.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address.

Are They Comfortable ?

Many persons have difficulty in keeping their Spectacles from slipping down upon the nose and hurting the ears. We are fitting beautiful Spectacles of new form, that are the acme of comfort, and owing to the formation of the inconspicuous solid Gold Pads at the side of the nose, there is no marking of the nose crest or cutting behind the ears, and then too, they will not slip down. Optical Institute patrons who use them remark "That is the very kind of spectacles I have been looking for." A lady remarked "I would not do without those spectacles for $100.

YOUNG EAGLE SHOT AT ENNISMORE

Mounted by E. Elcome—Wings 88 Inches From Tip to Tip

Mr. Elcome, the taxidermist, has completed the mounting of the bald eagle, which Mr. Norman Andrews purchased from an Ennismore farmer about seven weeks ago, it having been shot by him.

Mr. Andrews has it at his boarding house, 272 Water street, and it is a beautiful specimen, mounted perfectly.

It stands with one claw on a pedestal while in the other is a stuffed wild duck. Its wings are spread as if it was about to soar into the heavens with its prey. The outspread wings take up a lot of space as they measure eighty-eight inches from tip to tip.

The top of the head had not yet turned grey, thus proving that it was only a young bird.

Mr. Andrews is very proud of his specimen as it was secured at considerable expense.

See the "Private Secretary" as played by James Bartlett at the Grand this evening. It is fine.

BOAT ARRIVALS

Empress of Britain, from St. John, April 21, due at Liverpool 5 a.m. to-day.

C. P. steamer Lake Michigan, from Antwerp, reported 160 miles east of Cape Race at 9 a.m. to-day. Due at Quebec Tuesday at noon.

Empress of Ireland, arrived at Quebec at 9.45 last night.

Empress of Britain, arrived at Liverpool at 3 a.m. this morning.

Corsican, from Liverpool, due at Montreal this afternoon.

C. P. Montrose, from Liverpool, due at Quebec Monday at 5 p.m.

IMPORTANT TO LADIES

Prof. Dorenwend, of Toronto, begs to announce that he will be at the Oriental Hotel, on Friday, May 5th, with a complete display of the newest London, Paris and New York creations. You are invited to call and inspect his goods. 3d

LIBERAL CABINET SPLIT BY MR. BORDEN'S POWERFUL STAND

Longest Cabinet Session Since 1896 on Saturday--Ministers Have Angry Squabble Over Situation.

Ottawa, May 1.—The announcement by R. L. Borden, in the commons on Friday, that the attitude of the opposition towards reciprocity was one of uncompromising hostility and the intimation given in as clear terms as was possible that the opposition would exercise the power at its disposal to refuse to allow the agreement to pass through parliament have been received by the government with all the seriousness that the situation demands. Mr. Borden, by offering to grant the government supply sufficient to meet the needs of the government during the time that the premier would be at the imperial conference and the coronation, has reduced the issue to this, that a refusal to accept the terms of the opposition leader means Sir Wilfrid Laurier prefers to remain here to discuss questions affecting the relationship of Canada with the United States rather than to go to England and discuss the serious problems which affect the destiny of the British empire.

The position which Mr. Borden assumed is regarded as so powerful by several members of the government that it is said to have caused a cleavage of opinion in the cabinet ranks. A meeting of the council was held on Saturday morning. It lasted all day, and did not conclude until one o'clock Sunday morning. This is the longest sitting of the cabinet since Sir Wilfrid Laurier assumed office in 1896.

It is understood that the meeting was characterized by bitter debate. Some of the ministers demanded that an appeal should be made to the country at once on the reciprocity issue, while others claimed that there should be delay. The premier is understood to favor an early election, but Mr. Fielding opposed this course. The attitude of the finance minister may be traced to the fact that the agreement has not been received well in Nova Scotia, where it was anticipated that reciprocity would be acclaimed. The Conservatives believe that Mr. Fielding himself will be defeated at the next election.

HAREM AND HOBBLE DOOMED

London, April 29.—The general opinion of the English press on the Lord Chamberlain's order that the hobble skirt be banned at all court functions is that it means the disappearance of that dress.

In court circles it is whispered that Queen Mary positively abhors the hobble skirt; in fact she discountenances all extremes of fashion, such as tight skirts, enormous hats and exaggerated coiffeures.

The disapperance of the hobble, of course, also means the end of the pasha or harem skirt.

The Queens' position is approved by many women and all men. The hope is expressed that the Lord Chamberlain's office will next convey a hint to milliners that big hats must go, too.

POURING OIL ON THE WATER

King Seeking to Straighten Out Veto Tangle.

London, May 1.—The King's influence is beginning to calm the troubled waters of politics. The two front benches of the House of Commons are reaching an understanding by which the Parliament bill can be carried to a second reading in the House of Lords before the coronation and discussed in committee during July. The Ministers admit that they will be satisfied with this result.

Prominent Unionist members reluctantly concede the ultimate passage of the measure without the creation of "puppet peers."

Amiable Radicals assert that Lord Lansdowne's reform scheme may be substituted for the preamble of the Government bill if opposition to the main clauses be withdrawn, but this is hazy conjecture.

When the results of the peers' reconstruction policy are known, certainly the House of Lords will make a vigorous attack upon the Government bill in committee stage, concentrating its efforts on amendments for securing a minimum majority of considerable size in the House of Commons and for providing a referendum for home rule. The Ministers, having guarantees for the creation of peers, are willing to compromise on the main clauses of the measure, and, indeed, the only chance of compromise lies in the acceptance of the House of Lords' reform scheme after the relations of the two Houses have been regulated by a Parliament bill.

The House of Lords may be allowed to save its face after submitting to changes by which an absolute veto on radical legislation is converted into a suspensive veto. The bare suggestion of this method of conciliation sends the Tory squires into a frenzy passion.

The imperial education conference, which has been holding drowsy sessions during the past week, has been like an ordinary English schoolmasters' conference. The same subjects have been discussed by the same people, and the colonial delegates have been brilliant by flashes of silence.

The Ministers have been forced to admit that the Imperial Conference must have a program which will interest colonial Premiers vitally, especially when Canada is pre-occupied with reciprocity. Hence the number of imperial projects in incubation is steadily increasing.

The Imperial Council now takes the form of a permanent committee. The Premiers are in constant communication with one another by cable. State-owned cables will also be discussed, and the construction of land lines across Canada will be favored as a necessary imperial link.

The journey from Paris to Tokio will be shortened from 15 days to 11 days 10 hours by the opening of the new connecting line of the trans-Siberian railroad from Mukden to Wil..u, on the Korean coast, cutting out the trip to Vladivostok.

SIR ALPHONSE PELLETIER DEAD

Lieutenant-Governor of Quebec Passes to Rest.

Quebec, May 1.—Flags are flying at half-mast all over the city in memory of Lieutenant-Governor Sir C. A. Pelletier, who passed away at Spencerwood at three o'clock on Saturday afternoon. His honor, who had had several bad turns since his return from Atlantic City, had rallied somewhat on Friday and was able to sign some state papers. During Friday night, however, he again began to sink, and it was realized that the end was near. His honor died surrounded by the members of his family to whom he gave his blessing prior to his passing away.

Arrangements for the funeral have been completed. The body will be transferred from Spencerwood late to-day to the Parliament Buildings, where it lies in state in the Legisla-

SIR CHARLES A. PELLETIER.

tive Assembly chamber from 10 a.m. to 10 p.m. on Tuesday. The funeral service will take place at the Basilica at 10 o'clock on Wednesday morning, after which the body will be taken by special train over the Intercolonial Railway to Riviere Quelle, his native parish, where another service will be held and the interment take place. The funeral will likely be military in its character and will be a most imposing one. Telegrams of condolence have been received from Earl Grey, Sir Wilfrid and Lady Laurier, Mgr. Stagni, Hon. R. Lemieux, Mayor Guerin of Montreal, and a cablegram from Sir Lomer Gouin, who is in Paris. Numerous floral tributes are also arriving.

CANTON FULL OF SEDITION

30,000 Soldiers Are Disaffected and Trouble Feared.

Rebels Have Attacked the Provincial Arsenal.

Hong Kong, May 1.—All advices reaching here from Canton indicate a desperate condition of affairs in that city. There are 30,000 soldiers within the walls, and there is great fear that many of these would prove disloyal if it appeared that the rebels were about to gain the upper hand.

The rebels are strong in numbers, and have carried on their work of destruction with fanatical bravery. They made an attack upon the provincial arsenal, but were repulsed by the troops under loyal officers. Many of the revolutionists were killed, while some of them fled to an unoccupied rice store and built a barricade with hundreds of bags of rice. The troops found great difficulty in assaulting the barricade, owing to bombs, which the rebels threw with great accuracy. Finally the store was set on fire, while the troops remained at some distance, to pick off those who might seek to escape the flames. Thirty or more of the rebels were burned to death, while others committed suicide with their revolvers rather than be taken.

There has been a gathering at Canton lately of those opposed to the Manchu dynasty. A few days ago several hundred arrived from Hong Kong. The plot to overturn the Government was betrayed and the leaders of the movement urged the viceroy's bodyguard to join forces and kill the Manchus. This the bodyguard refused to do, with the result that when the attack was made upon the official residence of the viceroy a few days ago the revolutionists were routed.

There are certain bodies of troops which may be depended on not to abandon the rulers to their fate, and all attempts by rebels to induce them to join in the movement have been futile. But the rebels, working together in a well-devised plan, have succeeded in doing much damage to property, in addition to killing some of the officials. The family of the viceroy is now living on a gunboat.

Wu Sum, a Chinese, who was educated in Japan, and wears European clothes, is the leader of the movement. Both he and his confederates came to Canton from Singapore. While the authorities have not been able to capture these, a number of suspects have been arrested and promptly put to death. It is feared, however, that some of these were entirely innocent. The American gunboat Wilmington is now at Shamien, the foreign concession, which is on the point above the city southward of the western suburb and facing Macao fort.

THREE TEACHERS DEAD, EIGHT MISSING IN EASTON WRECK

Special Train Carrying School Marms Jumps Track — Exploding Oil Starts a Big Fire.

Easton, Pa., May 1.—Three persons lost their lives, eight are missing and believed to be dead, and half a hundred others were injured on Saturday afternoon at Martin's Creek, N.J., in a wreck of an excursion train, carrying 170 school teachers and friends from Utica and Syracuse, N.Y., and vicinity to Washington, for a week's outing.

The train was one furnished the teachers by the Delaware, Lackawanna Western Railroad, and the accident occurred while it was traveling at a high rate of speed over a stretch of track controlled by the Pennsylvania Railroad. The locomotive jumped the track, the cars toppled over and were set on fire by exploding oil, the wrecked coaches having sidewiped an oil tank along the track when they left the rails.

The entire train was quickly enveloped in flames and completely consumed by the fire. The eight missing persons, seven of whom were women and lived in Utica, are believed to have burned to death in the wreckage. The finding of charred bones led the railroad wrecking crews to the conclusions that they are dead.

The most seriously injured were removed to the Easton hospital, where two of them, Miss Eleanor Rutherford, a Utica teacher, and Charles M. Person of Stroudsburg, Pa., a Pennsylvania Railway conductor, died on Saturday night, while W. M. Vanoy of Trenton, N.J., engineer of the train, succumbed early Sunday morning.

The physicians at the hospital said that most of those in the hospital will get well. Those not injured and who were willing to return at once to their homes, left Martin's Creek late Saturday night.

The cause of the wreck has not yet been ascertained. The place where the accident occurred had been undergoing repairs and unfinished work may have been responsible for the train leaving the track.

Vice-President Sherman was to have given a reception for the teachers in Washington and it was reported he was on the ill-fated train. Later, however, it was learned that he had remained at his home.

Met Swift Death.

Quebec, May 1.—A little boy named Gingras met with a swift death while out driving with his parents Saturday afternoon. Mr. and Mrs. Mederic Gingras were out enjoying a drive with their two children. The little ones were sitting with their backs to the horses. While on the Little River road, near the Canadian Northern Railway crossing, the father touched up the horse with the whip, when the animal suddenly kicked, striking the boy in the back and killing him instantly. The boy was only eleven years of age.

KILLS SLAYER OF HIS SON

New York Italian's Quick Vengeance on Truck Driver.

New York, May 1.—Glisepppe Bongicci, an Italian cigarmaker, who saw his three-year-old boy trampled beneath the hoofs of truck horses Saturday night, took summary justice upon the driver, Wm. Krugman, by pouring four bullets from a revolver into his body. The driver fell dead from his seat almost into the arms of a policeman, who had halted him, and a mob of two thousand persons, bent upon punishing the driver, first stood aghast at the shooting, then set furiously upon the slayer.

The lone policeman fought the crowd valiantly for the slayer, but they were not to be denied. Reserves who charged the mob on the double quick, found the bluecoat bruised and battered and the prisoner unconscious, with blood flowing from a dozen wounds. He was taken to a hospital, then lodged in jail on a murder charge. The child died on the operating table an hour later.

Seek Pointers on Taxes.

London, Ont., May 1.—Assessment Commissioner Grant has been written to and asked to explain the system of the "business" tax in London by the City of New York. The New Yorkers have been making enquiries about a business tax, as it is the intention of the bureau of finance of that city to take the matter up and see how the system could be applied to the merchants and business men of New York.

W. A. Pendergast, comptroller of the bureau of municipal investigation of statistics, has been referrred by the Provincial Secretary to Commissioner Grant for advice on the subject.

Another Fatal Wreck.

Tampa, Fla., May 1.—Walter Hagens of Chicago was killed, and T. F. Cook, baggagemaster, was fatally injured, when Coast Line train No. 39, from Jacksonville to Tampa, was wrecked near Odessa last night. Twelve passengers were more or less seriously injured.

Hagens, a 12-year-old boy, was in the baggage car feeding a pet dog and it was in trying to save him that the baggage master was injured. Spreading rails caused the wreck.

Man Swept Overboard.

Boston, May 1.—With her crew exhausted from a two weeks' struggle with storms and her flag at half-mast for Mate James Horner of Baltimore, who was swept overboard and drowned on April 20 off Hatteras, the four-masted schooner Lydia M. Deering was towed into Boston harbor yesterday. She had lost her sails and a deckload of railroad ties.

License Transferred.

Berlin, May 1.—The Kaiserhof Hotel Co. still claims the ownership of the Walper House, and as no license has been asked for, it is believed that the company's intention was to run it as a temperance house. It is understood, however, that Wm. Roos, wholesale grocer and liquor dealer, is the real proprietor, and as the present leases, that of Ed. Hollinger, expires on May 8, the license was transferred on Saturday to Joseph Zuber of the Grand Central Hotel, he being given thirty days in which to dispose of his interests in that hotel.

Another British Bulwark.

Barrow-in-Furness, England, May 1.—The Princess Royal, the largest cruiser-battleship ever built for the Brtish navy, was launched yesterday and christened by Princess Royal Louise, after whom the vessel was named.

The cruiser has a displacement of 26,360 tons and turbine engines affording 70,000 horse-power. Her contract calls for a speed of 28 knots an hour. She will carry eight 13.5 inch guns, besides other weapons.

BARRY RETAINS CHAMPIONSHIP

Defeated Albany for Sculling Honors To-day — Time 23 m. 2 Sec.

Special to the Review.

London, July 1.—Ernest Barry, the world's champion sculler, retained that title to-day by defeating William Albany, over a four and a half mile Henley course. Barry's time for the distance was 23 minutes and two seconds.

Huron Wants Hydro Power.

Goderich, May 1.—The special committee of the Huron County Council named to investigate and deal with the question of the development of power on the Maitland River, will go to Toronto shortly to interview the Hydro-Electric Commission on the subject. Two engineers were in Goderich a few days ago in the interests of the commission, and as a result of the conference the commission will be asked to say whether they will take whatever power may be possible of development, and also to furnish an estimate of the quantity of power available and the cost of development.

Millions In Rebate.

Washington, May 1.—Preliminary figures have been compiled by the Interstate Commerce Commission investigators showing the amounts which the Government will allege have been illegally rebated in the recent cases at Cleveland.

Between April 1, 1908, and July 31, 1909, it is alleged $482,000 was rebated by the Pennsylvania Railroad to various shippers, of which $133,000 is said to have been paid to subsidiary companies of the United States Steel Corporation.

Between Jan. 1, 1908, and June 30, 1909, it is alleged more than $798,000 was rebated to the Carnegie Steel Co. by the Bessemer and Lake Erie Railroad. That amount was rebated, it is said, through dock charges, by which a charge of 25 cents a ton was made for handling ore, and 17 cents was rebated.

BANGOR IS SWEPT BY FIRE PROPERTY LOSS SIX MILLION

Hundreds Homeless and Business Section Gone—Fire Started in a Hay-Shed.

Bangor, Me., May 1.—Property valued at upwards of $6,000,000 was destroyed, hundreds of people made homeless and almost the entire business section of the city devastated during the first six hours of a conflagration which at midnight was still raging, although the firemen seemed to be making some headway. One life is known to have been lost, an unknown man being killed by a falling wall after his clothing had taken fire. Mayor Mullen placed the city under martial rule. Portland, Lewiston, Augusta, Old Town, Brewer and every other city and town within reach were asekd for help and sent it.

The fire started in the hay shed of J. Frank Green on Broad street and in a short time was sweeping through the city in a northwesterly direction, a tornado of flame beyond the power of the firemen to stay.

Before midnight both sides of Exchange street from York to State, both sides of State street, from Kenduskeag Stream to Broadway, a considerable part of Central and Franklin streets, nearly all of Park street and Marlow street were in ruins, and the flames had made inroads of nearly a mile into the best residential section in Broadway, Centre and French streets.

One of the few buildings to escape destruction was the City Hall. This was in the direct path of the fire, but in some way the flames leaped over it and it was hardly scorched.

An ineffectual attempt was made to stay the progress of the flames by dynamiting several blocks located in a triangle formed by Hammond and Central streets and Kenduskeag Stream but the fire bridged the chasm and continued with unabated fury.

Help from outside cities began to arrive soon after nine o'clock, the Augusta department being the first to arrive.

Special to the Review.

Bangor, Me., May 1.—Two hundred residences and most of the business section was destroyed by a bon-fire, and only heavy rains and a change of the winds saved the city from complete destruction. Three lives were lost and two thousand people are homeless. A conservative estimate of the loss is placed at five millions.

ADVERTISE IN THE REVIEW.

Conditions Unpromising.

New York, May 1.—"Many laborers are idle, and labor agencies report conditions worse than last year," said Herman Robinson, commissioner of licenses, in his report to the mayor, made public Saturday. Wages have fallen below the prevailing rate of last year, and the present spring is not nearly so good as the spring of 1910. Mr. Robinson was formerly a well-known labor leader.

The demand for domestic servants grows more acute each year, says the commissioner, and just now is more sharply felt in Canada than any other part of the country. "The dependent status of household servants is responsible," he explains, "and until employers put them on the same footing as working women in other walks of life, the scarcity will continue."

FARMERS' BANK CASES AGAIN

May Assizes Started To-day at Toronto—Meredith Sitting.

Special to the Review.

Toronto, May 1.—The May assizes opened this afternoon before Chief Justice Sir William Meredith. Geo. Linton, K.C., is the crown prosecutor. There are several cases on the list, besides the Farmers' Bank cases, but the bank cases are the chief. W. S. Morden, Matthew Wilson, K.C.; Hon. J. R. Stratton, A. S. Lown, John Ferguson, Alexander Fraser and John Watson are charged with conspiracy to obtain by fraud and deceit a treasery board certificate to enable the Farmers' Bank to do business. J. J. Warren and W. S. Morden are charged with the hypothecation of notes. It is not likely that the cases will be taken up in earnest for several days, if the grand jury brings in true bills.

IRON WORKERS OUT ON STRIKE

Want Increase of From Thirty-Five to Forty Cents an Hour

Special to the Review.

Toronto, May 1.—Two hundred structural iron workers went out on strike this morning, making the only labor movement of this nature in the city. Their demands are for an increase of wages from thirty-five to forty cents an hour.

EARL GREY HUSTLING TO THE CAPITAL; SHORT STAY AT 'PEG

Political Situation Calls Him to Ottawa From the West.

Winnipeg, May 1.—Contrary to the hopes of Winnipeg people, who had anticipated that the Earl and Countess Grey would spend a large part of next week in this city, the vice-regal party left for the east Saturday night. The earl was present at the play at the theatre at night, and at the close of the usual performance the members of the party bid farewell to friends in Winnipeg. It is understood that the political situation at Ottawa had had some effect on his sudden departure.

Very great regret is expressed that it has been found necessary that the Governor-General and Countess Grey should leave for Ottawa so soon. Arrangements had been made for a number of events next week, at which it was hoped that the vice-regal party might be present. One of the chief of these was the military concert, to be given by the Sheffield Choir, on Wednesday night. At this function it was hoped that there would be a very large representation of the military of the city, and it was intended that it should be made one of the greatest gatherings in the musical history of the city. Lord Lascelles had indicated his belief that the earl and countess would be present, but the plans have had to be changed, and on Wednesday night the party will be again at Rideau Hall.

Eloped With Negro Actress.

New York, May 1.—A report that W. Stewart Robertson, a retired insurance broker of Montreal, had visited New York for the purpose of having annulled the marriage of his son, W. Stewart, jr., revealed the fact that the young man had eloped from Montreal with Gertrude Townsend, a young negress, who was a member of the chorus of Cole Johnson's "Red Moon" Company.

Robertson and his wife are living in an extensively furnished flat in the negro quarter, where he was found. He denied that any proceedings looking to an annulment were to be instituted.

"My father and sister were here three weeks ago and stopped at the Manhattan Hotel," he said. "They visited us here at our home and appeared to be very well satisfied with our marriage."

OLIVER TO REPLY TO THE CHARGES

Will Make Statement in the House This Afternoon

Special to the Review.

Ottawa, May 1.—Hon. Frank Oliver will make a statement in the House this afternoon concerning certain charges against him as published by a Toronto paper.

Abolish Common Drinking Cup.

Berlin, May 1.—The Board of Education has authorized the abolition of the common drinking cup in all of the schools after May 15, and the pupils will be instructed to bring their own cups for drinking purposes.

During April there has been larger numbers than usual of contagious diseases here — eleven of scarlet fever and nine of diphtheria. Three of the latter proved fatal. The Board of Health has authorized the immediate erection of an isolation hospital and a smallpox shack.

Hanna Vetoes License.

Woodstock, May 1.—A letter was received by License Inspector Shave Saturday morning from Provincial Secretary Hanna vetoing the license granted to the hotel at the Grand Trunk Railway station.

The commissioner granted the license last week, and the temperance people sent their protests to the Provincial Secretary. Mr. Hanna states that he cancels the license owing to public sentiment being against it.

BETWEEN YOU AND ME

SOCIAL ITEM.

The season's buds are all coming out at once.

—o—

Good evening, did you take any stock in the auto proposition?

—o—

If Sir Wilf can't go to see the coronation, they'll have to bring the affair to Ottawa.

—o—

Making Hay while the sun shines is all right, but making dust is more popular around Peterborough.

—o—

The firemen dismissal business is to come up in council to-night. Wouldn't it be worth while for the department to have the hose ready to cool things off if they get too hot?

—o—

Well, at least one day has gone by, and we haven't heard anyone say, "Ain't that dust awful aggravatin'?"

SUFFERED FROM VIOLENT CATHARTICS

The Warning of Mr. Geo. C. Fox Is One That Should Be Heeded by All.

Few men on the road are better known than genial George Fox, whose friends throughout the West are legion. In the following letter he expresses gratitude for signal services rendered by Dr. Hamilton's Pills. He goes on to say: "Until I used Dr. Hamilton's Pills and experienced their wonderful mildness and curative power, I estimated the value of every pill by its activity. Talking about this to a well-known physician I met on the train the other day, he explained there are different kinds of drugs that act upon the bowels, the most active being known as drastic. Except in extreme cases where the life of the patient depends upon speedy evacuation of the bowels, pills should never be drastic. Purgatives cause catarrh of the bowels and inflammation; their dose must be increased, causing even more harm. With such a clear explanation I could see why Dr. Hamilton's Pills are curative and not irritating, why they are mild, yet most searching.

"From my experience I recommend everyone that takes pills to give up the old-fashioned harsh, purging pill, and, instead, to use Dr. Hamilton's. They cure headache, biliousness, constipation, bad stomach, and keep the system in perfect condition."

Refuse any substitute for Dr. Hamilton's Pills; sold for 25c., all dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Constipation

The Daily Review

MONDAY, MAY 1, 1911.

UNION LABEL

A CANDID FRIEND

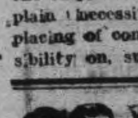
"I SAY TO OUR NEIGHBORS ON THE NORTH. BE NOT DECEIVED. WHEN WE GO INTO A COUNTRY AND GET CONTROL OF IT, WE TAKE IT, IT IS OUR HISTORY, AND IT IS RIGHT THAT WE SHOULD TAKE IT IF WE WANT IT. THE SPEAKER HAS SO SAID: THE PARTY BACK OF HIM HAS SAID, AND IT DOES NOT DENY THAT THAT IS ITS DESIRE. NOW, LET US SEE IF THE PEOPLE OF CANADA BELIEVE IN RECIPROCITY AND ANNEXATION."—Representative Prince in House of Representatives on Friday.

THE IMPERIAL CONFERENCE

It is regrettable, indeed, that Premier Laurier may be compelled to remain away from the imperial conference in order to prevent his lieutenants, Fielding and Paterson, from taking charge of the reciprocity bill in parliament. These gentlemen, who were competent enough to radically alter the Canadian fiscal system, to make a trade arrangement that may imperil Canada's future as a part of the British Empire, are not competent, to act as understudies of Sir Wilfrid in the House. Why should Sir Wilfrid Laurier ask the people of Canada to repose confidence in these men's judgment in a big national question, when he has not enough confidence in them to leave them a few weeks alone with reciprocity?

Sir Wilfrid declares that if the Opposition fights the reciprocity bill he will be compelled to stay on the job. He may, perhaps, be bearing in mind the old ditty: "When the cat's away the mice will play." Of course, Sir Wilfrid is in a better position to judge of the results of his absence on his lieutenants than outsiders. It would make Canada ashamed to see her first minister making the empire sit up with patriotic perorations, while his family at home mussed up his reciprocity house. 'Twere better, far, that he should stay at home to see that the reciprocity clock was properly wound and the Opposition cat put out regularly. His cabinet family, if without his paternal care, might scrap like irresponsibles, and it would be awful to see Willie with a black eye, and Patty choked up with biscuit, and [illegible] putting his foot into the family whitewash pail.

The Opposition believes reciprocity is a deadly wrong to Canada. It proposes to fight, but when Mr. Borden sympathetically offers to help Sir Wilfrid out of his predicament by a two months' truce, the premier declines. The fight must go on. Likewise Fielding and Paterson, those far-sighted negotiators must be carefully guarded, lest the Opposition wolf devour them. As we said before, it is regrettable that the interests of the empire must be sacrificed to the plain necessity of preventing the placing of confidence in, and responsibility on, such tender shoulders.



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

THE AUBURN BRIDGE

There may be enough in the proposition outlined in the Review on Saturday regarding the provision for a bridge on the top of the new Auburn dam to warrant the city council going ahead with an investigation as to what proposition the Power Company would entertain. The object of getting another bridge to the east city, and possibly the long talked of street railway extension is certainly a worthy one. It would be a good move on the part of the City Council to investigate the possibilities of the situation. The information that the Power Company would consider a reasonable offer to provide such a bridge is based on good authority. The street railway is controlled from practically the same source, and it would perhaps be possible for the city to make a really beneficial deal.

That the bridge and extension would be of great benefit to Peterborough no one will deny. The opportunity is there. The City Council should take up the matter, and see what can be done.

THAT CABINET STORY

The charges bandied about in the newspapers and referred to in the House of Commons against a prominent minister of the Laurier cabinet are too serious to be dismissed with a wave of the hand. Sir Wilfrid declared that he did not believe in these charges, and invited the opposition any newspaper, or public body to come forward with proof, or take such action as would lead to an airing of the whole case in court. Sir Wilfrid said, in the House:—

> My informant was free to take such steps as he pleased, to place the papers and documents in the hands of the Opposition and do anything he pleased with them. If my colleagues were then proved to be dishonest he would have to take the consequences; but if not, it was my duty to stand loyally by him.

It will be noticed that Sir Wilfrid says that if any outsider will prove his cabinet minister to be dishonest, he will act. Canadians would be loath to believe that the minister in question, has profited thousands of dollars by graft, but why should Sir Wilfrid sit inactive waiting for some newspaper to invite a libel suit in order to air the case? Why should he not institute some inquiry in order that his minister's innocence may be undoubtedly proven to the people? Surely a private citizen would not rest content under such imputations, but would at once take the initiative to prove that the imputer was a liar and slanderer. The law presumes any one not guilty until proven otherwise, but in the case of a Cabinet Minister, surely it were well that suspicions bandied around should be instantly cleared up. Insinuations and innuendo are as injurious to character as outspoken epithet, more so, because they are hard to pin as lies. That is all the more reason why Sir Wilfrid should be active in trying to clear the matter up, instead of waiting for someone to take the onus of proving to him that the allegations are true.

LAYING THE DUST

The defence offered by the city engineer in the matter of oiling the roads to keep the dust down isn't very satisfactory. What he says may be true enough, but if the city cannot get delivery of the oil, it should temporarily make arrangements to keep down the dust by watering, not leaving the whole matter at the mercy of companies which have a contract to apparently do as they please with.

When people pay taxes for having their streets watered or oiled, they are entitled to have the service reasonably performed, or should be able to get their money back. We suggest that the residents of the city in the west, or in the east—or in fact, in any part of the city where the streets have been left to take care of themselves—should get together, organise a raid on the city offices like the suffragettes, with banners flying to the breeze, and demand their money back. Let them serenade the residence of the city engineer and raise dust around the homes of the aldermen—then shall quick relief come.

Of course the rain of Sunday and to-day has brought temporary relief. If the city has no contract for watering the streets, the people have at least a friend in Nature, for she provides in the hour of dust and need. Nature can put to shame any street watering cart man ever invented. But it doesn't always do to wait for Nature, and some of these scorching days that are coming, when the dogs run about with tongues lolling, and the heat is enough to make one seek the cool recess where liquid is plenty, even if strong, the people of Peterborough will be turning into insurrectos, and storming the city citadel with protests.

It isn't much consolation to remember that if dust happens to be clean, it may not be harmful. The average citizen usually doesn't wait to have the dust analysed to see if it is 33 or 66 per cent. microbes but promptly emits one long shriek of agonized distress. Therefore, it would appear to be a real necessity to lay that dust, "if it takes all summer," and even if the fire department has to be called out, and the city mains used.

EDITORIAL NOTES

Ottawa has nineteen applications for the position of medical health officer. This is only another indication of the general desire to make a good clean-up.

Earl Grey is hustling home to Ottawa. Is it about a probable election, or anxiety to see that the whitewashing of Lanctot doesn't bespatter the government buildings?

Does the taking of his seat in the House of Lords by Kitchener mean that the great soldier considers his military career at an end? He is over 60 years of age now, but his action after twelve years of absence from the house would seem to indicate that he thinks his activities will be only advisory after this. There are still many years of usefulness to the empire in the famous soldier.

Public opinion in Peterborough, as expressed since the publication in the Review on Saturday of the Auburn dam bridge proposition, is strongly in favor of the scheme as entirely feasible, and of great benefit to the city. In the opinion of the citizens it is very desirable that the city council shall take steps to investigate the apparent offer of the Electric Company, and see if a suitable arrangement cannot be made. It would be such a good move from the standpoint of the city that an effort should be made to make a satisfactory deal.

"Laurier will snub Britain to help the United States." Isn't this a significant statement contained in the newspaper reports on Saturday of the House of Commons proceedings on Friday. A whole sermon could be written from this text. Laurier proposes to stay away from the imperial conference, where many things will be discussed of great moment to the empire, for the sake of getting through a trade agreement with the United States so manifestly to the benefit of the United States that he—the Premier—dare not abandon the defence of the pact. Laurier won't go to the conference because he believes that his skill as a politician can be the only hope of salvation for the government. More nimble in avoiding the rocks of public opinion than his colleagues, he will stay, and see that the United States gets its full measure of Canada's resources in the one grab.

$100 REWARD $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & Co., Toledo, O.

Sold by all Druggists 75c.

Take Hall's Family Pills for constipation.

WHAT OTHER EDITORS SAY

NEWSPAPER ACCURACY.
Hamilton Spectator.

Peterborough has turned down a $60,000 bonus proposition with a brute majority. Slowly, aye, slowly, do the common ruck learn wisdom.

WHEN PARTIES QUARREL.
Kingston Whig.

The incident has been regarded as important, because the attack on Mr. Oliver was made by Liberals. The members of a party occasionally quarrel among themselves, and with the very best results. It brings about a clearing of the air, and the dissidents have a chance to assert their power [illegible] become reconciled. The half dozen kickers in Edmonton can safely leave the political future of Mr. Rutherford to the ex-premier himself. He retired from an intolerable position but he is a supporter of the Sifton government.

OTTAWA AND OIL.
Ottawa Journal.

Ottawa is not to use oil on the streets as a dust-layer to any extent this coming summer, the use of oil for such purpose being declared as being yet in the experimental stage. Notwithstanding this declaration, several American and European cities use oil continuously, and with great satisfaction for this purpose. Ottawans should not judge the use of oil by certain experiments made here last summer, as it was very evident that either the oil or its application lacked something vital on that occasion. A further experiment should be tried before the idea is abandoned.

PILES CURED IN 6 TO 14 DAYS
PAZO OINTMENT is guaranteed to cure any Case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 Days or money refunded. 50c.

THE BELL TELEPHONE COMPANY OF CANADA, MONTREAL.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

Virginia walked aboard with a look of disdain, the bitterest cut of all. The winches drew back the leaves of the great roof to let out the Roc, and the surge of the outer air filled the garage with windy tumults. Silberberg suddenly resolved to go and leaped to the gangplank. The drawbridge roof dropped down; the Roc, huge, steely and majestic, went out of her vast nest.

Shayne sullenly gave orders to lay a course dead for Temagami in spite of the northwesterly wind back of the clouds. By waiting for the turn of the wind they might have made New York, but every mile of northing took them farther from the central "low" and into a larger circle of the huge whirl of the gale. The pilot knew that Temagami was out of the question, though the wind blew dead toward it—nay, because of that fact, for a high wind never blows straight, but always in a circle about the "low." So Shayne, violating the rules of weather outside to make sunshine within, was not surprised when told that they were approaching the line of reversal—the turn of the wind.

"Head against it," ordered Shayne, "and cross Lake Ontario before dark if you can."

"It looks more than we can face," said the pilot. "If it is shall we run before it and try for a Pennsylvania port?"

"Use your best judgment," said Shayne.

"Yes, sir," said the pilot, whose best judgment had been to stay housed. "And you may want to know, sir, there's some sort of craft astern and overhauling us."

"The devil!" ejaculated Shayne. "I'll take a look at her."

The binoculars revealed an aeronef perhaps five miles astern, with wide wings, in which he could see the shimmer of blades in rapid revolution. The exclusive rights of the Virginia, the singular swiftness and power of the flight of this aeronef and the shimmer in her wings assured Shayne that he was pursued by the machine which had wrecked his monopoly. They wanted to put him in jail for breaking their injunction, he raged. The shame of it—he, Finley Shayne, a fugitive for sailing God's free air in his own ship! And the danger of it, too, for Canada and safety now looked utterly unattainable.

The mountains slipped from under them, and the farms and villages took their places on the moving concave of the earth as the big ship made speed toward the Mohawk. The Roc was struck by an opposing gale; a sudden hurricane smote her decks as her momentum drove her through the north wind. She turned before it. The great concave panorama below slowly reversed and began paying off to the north as the vast aeronat drifted like a bubble to the south before the fiercest blow she had ever dared encounter. Canada was out of the question.

"If we reach an aerial harbor," said Shayne through the speaking tube, "what do you think of trying a landing?"

"She'd rip to strings," said the pilot. "We'd be killed."

To the pursuing Carson the Roc seemed doomed to the aerostat shipwreck—a shattering fall in landing or watery extinction in the open sea. And Virginia! Agonizing for her, Carson followed, watching like a wrecker when a full rigged ship drives on a reef.

And yet, even after her turn, all seemed well with the Roc. The sea lay south and east. Northing was impossible; but, edging into the gale with all the power of her screws, she worked stanchly off into the west. Yet Carson knew it was a losing fight, and Shayne walked the deck in agony as she gave ground at last before the wind, which howled in across the Pennsylvania mountains and beat the great hunted creature to the Delaware at Philadelphia.

Virginia came on deck. "Where are we, uncle?" said she.

"Oh, we're all right!"

Time enough for the trouble when the crisis came, for shipwreck in aerial voyaging has no tossing before the cyclone ere the final plunge, no wrestle with the waves, no tiring at the pumps, no roaring of white surf scabbarding the teeth of the reef. All is steady and comfortable until underneath yawns destruction. Though every moment inevitably marked a loss of gas in the balloon once out at sea, they must keep up to win the far African coast or to bear around the whirl to Nova Scotia or Labrador, and in that quadrant was rain. Before that could be done the huge gas holder would grow wrinkled, flabby, weak; the car would drag her down, the stronger ones would cut everything away to lighten the ship, the weaker would drop into the brine with no hope save in the prayer time accorded by the life preservers, and finally the last man clinging to the fragments of the nacelle would see the huge mass of flapping silk and gum and tin foil drop into the waves, himself utterly lost in the utter desolation of hopeless solitude—food for the fishes.

Dinner was served, Shayne trying to smile and discussing with these dear women the time of reaching Temagami.

Virginia, again on deck, stood gazing ahead, not knowing that their actual flight was astern. She thought she was looking toward her destination. She had lost sight of the Virginia, and she was not sorry or displeased to have Carson give chase unsuccessfully. She was very angry with him.

Suddenly she looked astern and was amazed that such a body of water had been passed without her knowing it, as one journeying over a prairie might feel to look behind and see an ocean. The subtle expression of the tossing waves told her that this was the open sea. For miles and miles she saw great waves bursting in immense explosions of spindrift and spray, swept clean of shipping, the glassy rear of the racing billows throwing back to her eyes sinister glints from the rare gleams of the western sun, and out into this fierce fight of the elements the Roc was drifting stern on in spite of the frenzied thrust of her great screws into the suck of the gale.

"Uncle," said she, pointing, "I see! It's the ocean!"

"Yes," said he. "God forgive me, Virginia, for murdering you and your aunt! Go to her!"

Suddenly Virginia pressed his arm. "Uncle"— said she.

"On board the ship!"

The call sounded in their very ears. Within thirty yards hung the Virginia, headed into the wind and drifting easily with the Roc.

To be Continued.

CARTER'S LITTLE LIVER PILLS

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

MIGHTY ARCTURUS.

If This Star Were Our Sun It Would Instantly Consume the Earth.

The parallax of a star is its angular displacement as seen from two opposite points on the earth's orbit. The base line employed in this gigantic species of surveying is 186,000,000 miles in length, but the calculation is reduced to the semidiameter of the orbit. The results are at the same time amazing and instructive.

Let us take the famous star Arcturus, often called the "star of Job" because in the Old Testament the Almighty is represented as saying to the unfortunate patriarch, who maintains a certain dignity in spite of his helplessness and his sufferings, "Canst thou call forth Arcturus and his sons?"

Many conflicting measures of the parallax of Arcturus have been made, but the latest made at Yale seem more probably correct than their predecessors. They fix the parallax at 0.066 seconds—i. e., sixty-six one-thousandth of a second of arc. From this it is easy to calculate the distance of the star. It comes out at nearly 290,000,000,000,000 miles (two hundred and ninety trillion miles). This is more than 3,000,000 times the distance of the earth from the sun.

Having this distance, we can calculate the actual amount of light shed by Arcturus, or, in other words, its actual brightness as compared with that of our sun, on the supposition that both were at the same distance from us. We thus find that Arcturus exceeds the sun as a light giver about 2,500 times! It is a sun 2,500 times brighter than ours.

Put the earth as near to Arcturus as it is to the sun and all life would disappear from its surface as if swept off by a blast of inconceivable heat. The summer temperature would rise to tens of thousands of degrees. The oceans would boil away. Vegetation would be burned up in a twinkling. The eyes of living beings would char in their sockets. The plains and mountains would burst into flame. Minerals would run in molten streams. There would be no comfort for a living world nearer to Arcturus than about 4,000,000,000 miles. If he has planets he must keep them at a respectful distance. And yet nearly 300,000,000,000,000 miles from him we can look into his blazing eye and see only a bright star.

Still, Dr. Alfred Russel Wallace maintains that this little earth, this tiny attendant of a tiny sun, is the only seat of intelligent life—outside of the misty midregion of disembodied spirits—that the universe contains, and Dr. Wallace is a learned man. But his learning is not that which astronomy offers.—Garrett P. Serviss in New York American.

Unavoidable Delay.

A woman went before the magistrate and modestly inquired:

"Your honor, can I have a warrant for the arrest of my husband? He boxed my ears yesterday."

"Certainly, ma'am," replied the judge. "I will make out a warrant on the ground of assault and personal injuries."

"Can I fetch the warrant in about a month?"

"In a month? Why won't you take it at once?"

"Please, your honor, when my husband slapped my face I took my rolling pin and hit him on the head so that he had to be removed to the hospital. The doctors say, however, that he will be on his legs again in a month."

TELEGRAPHIC BRIEFS.

Calgary announces that it will spend $1,000,000 in paving and grading its streets during the present year.

William Martin of Smith's Falls, aged 45, was struck by a C.P.R. train while walking on the tracks six miles from that City Saturday night. He was deaf.

The Canada Gazette Saturday contains the official announcement from The London Gazette of the appointment of the Duke of Connaught and Strathearn to be Governor-General of Canada.

It is reported that Sir Daniel Hunter McMillan, whose term of office as Lieutenant-Governor of Manitoba expires in May, has again consented to take up the duties for a further term of six months.

Thomas Graham, ex-chief of the Toronto fire department, died on Saturday evening, at the residence of his son, W. T. Graham, 56 Lakeview avenue, after an illness extending over a couple of years.

The civil service commission is calling for applications for the position of French translator in the Privy Council office, initial salary $1,600; and assistant on the hydograph survey, initial salary $900. There will be competitive examination.

Negro Escapes Mob.

Lakewood, N. J., May 1.—Detectives seeking the murderer of Mrs. Charles Turner, whose body was found in the woods near here on Friday, arrested Saturday night Henry Graham, a short, powerful negro, whom they had trailed in and out of the pine forests and marshes all day. Graham was found at the home of a farmer named Jennings, near Jamesburg, 25 miles from the spot where Mrs. Turner met her death. He was rushed in an automobile to the county jail at Toms River.

The black had been crowded all day. His clothing was torn by the forest undergrowth and he was fatigued almost to exhaustion. He told the detectives that he had left his home to get work with a farmer named Reynolds near Southard, four miles from Lakewood. He was committed to jail on suspicion without a formal charge being placed.

To Attend Coronation.

Ottawa, May 1.—To consider a proposal to send 200 representative Canadian boy scouts over to England in time for the coronation is the object of a meeting of the Dominion Council of the movement, which met at Government House on Saturday afternoon.

The original plan and that proposed by the British organization, was that the colonial boys should arrive just in time for a monster scout rally to take place in London on July 4. The Dominion authorities, however, are of the opinion that Canadians will give more support if the boys are going to be present at the coronation ceremony.

H. R. Hammond, provincial secretary of the movement, is here.

To Spend $10,000,000.

Montreal, May 1.—It was officially announced at the Grand Trunk offices on Saturday that the company proposes to spend between nine and ten million dollars on its great scheme for the improvement of its terminal facilities in Montreal.

The plans for this scheme have now been laid before the Railway Commission as well as before the city authorities. They embrace the elevation of the tracks between Bonaventure station and Turcot yards, and from St. Henry to the Point St. Charles yards. The work as contemplated also includes the erection of new freight and passenger terminals at Bonaventure.

Getting Into German.

In the use of legal terms the German lawyer's gain in a saving of number of words over our equivalent expressions seems to be lost in multiplication of syllables in the words used by him. For example, he says "Zuruckbehaltungsrecht" for "right of lien" and "gesammtgutsverbindlichkeiten" for "liabilities of common property." What an awful word he must have as an equivalent for our "imprescriptibility."—Docket.

A Richibucto School Teacher

Once a Dyspeptic—Now Well, Thanks to Father Morriscy's No. 11.

Richibucto, N. B., Nov. 17th 1909.
Father Morriscy Med. Co., Ltd.,

I have been teaching school for upwards of thirty years, during the last twenty-five of which I have suffered seriously with stomach trouble, indigestion and dyspepsia.

I have tried many remedies, and while I would get temporary relief from some of them, yet the old trouble would return, and with it the sufferings only known to the chronic dyspeptic.

Last year I had made up my mind to abandon my profession, feeling that in my condition I could neither do justice to myself or to the many pupils under my charge. A friend suggested to me that I try Father Morriscy's No. 11 Stomach Tablets; I did so, and have continued to use them with the result that my stomach trouble is cured—my indigestion and dyspepsia gone and I feel as well as I ever did.

I have, thanks to the Tablets, been able to continue in my profession, and feel that I am once more enjoying my work and am able to give justice to the fifty-four pupils under my care.

Yours Gratefully,
(*Signed*) MARY CHRYSTAL.

Are you one of the many thousands who, like Miss Chrystal, are prevented from doing their best work, or really enjoying life, by stomach trouble?

If you are you cannot do better than she did—take Father Morriscy's No. 11 Tablets.

Each No. 11 Tablet, when dissolved in the stomach, will digest 1¼ pounds of food—a good, hearty meal—so that no matter how weak your stomach may be No. 11 Tablets will enable you to get the nourishment out of your food and build up your strength, while the stomach, thus relieved, recovers its vigor.

50c. a box at your dealer's or from the Father Morriscy Medicine Co., Ltd., Montreal, Que.

Sold and guaranteed in Peterborough by McDermid & Jury.

Headaches—nausea—indigestion—muddy complexion—pimples—bad breath—these are some of the effects of constipation. The mild, sensible, reliable remedy is

NA-DRU-CO LAXATIVES

They contain the latest discovered and best evacuant known, which empties the bowels without the slightest discomfort and without disturbing the rest of the system. Constantly increased doses are not necessary.

25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them. 25
National Drug and Chemical Company of Canada, Limited. Montreal.

Discrediting an Astrologer.

A certain king, says a tale from the Persian, asked an astrologer, "How many years of life remain to me?" The wise man replied, "Ten." The king became very despondent and betook himself, as one stricken with a sickness, to his bed. His vizier, who possessed great wisdom, sent for the seer and in the king's presence asked him, "How many years have you to live?" He replied, "Twenty." The vizier ordered that he should that very hour be executed in the king's presence. The king was satisfied and commended the sagacity of his minister and no longer attached any importance to the astrologer's saying.

It Depends.

Bill—They tell me that a goat eats twelve times its weight in a year.

Jill—Does that represent much food, do you suppose?

"Well, it all depends whether what the goat eats happens to be paper covered novels or lead pipe!—Yonkers Statesman.

An Exception.

"Emerson says there is always a best way of doing everything."

"Is there? I wonder if he ever found a best way of wearing a pair of shoes that were about a size too small."—Chicago Record-Herald.

Disinterested Affection.

"I'm afraid, Edward, you're marrying me only because I've inherited from my uncle 100,000 crowns."

"Why, Blanche, how can you think that of me? Your uncle is nothing to me. I would marry you no matter from whom you inherited the money."—Der Floh.

The Faultfinders.

Mention has been made of a person who, even in heaven, would complain that his cloud was damp and his halo a misfit.—William Winter.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. BUILDING OPERATIONS FOR THE CITY DURING APRIL

Thirty-nine Permits Give a Total of $82,315—Murray St. Church at $40,000.

Thirty-nine building permits for a total of $82,315, were taken out at the city clerk's office this past month of April. For April of 1910, the building operations represented $121,201. The complete list is as follows;

F. Ferguson, erect verandah at 607 Concession street, $45.

J. W. Hickey, erect boathouse 255 Engleburn avenue, $75.

W. J. Overend, erect dwelling George street, $600.

Fred Pearson, erect dwelling, King street, $1,700.

Jas. Stewart, erect verandah, 112 Sophia street, $15.

W. E. Prude, erect dwelling, Sutherland street, $1,000.

Wm. H. McDonald, erect dwelling Romaine street, $1,400.

John Carroll, erect dwelling Sherbrooke street, $1,000.

Mrs. C. J. Schmedt, alter and enlarge dwelling 58 Victoria avenue, $500.

H. P. Kennedy, erect dwelling 212 Aylmer street, $2,000.

W. J. Johnston, erect dwelling, 216 Aylmer street, $2,000.

Claude H. Rogers, erect dwelling, Belmont avenue, $4,500.

A. W. McPherson, improvements at dwelling, Water street, $200.

Chas. H. Huffman, erect two dwellings, King street, $3,600.

Mrs. Reid, erect verandah, Maitland avenue. $75.

R. H. Hunter, after double dwelling, 544 George street, $200.

Geo. Thompson, enlarge dwelling 475 Parnell street, $75.

C. Huffman, erect dwelling, Dublin street, $2,000.

J. A. Bryce, erect dwelling, Mark street, $2,000.

Geo. J. Reilly, erect building for ice cream parlor, 260 King street, $60.

Mrs. M. Simmis, 739 Water street, verandah, $50.

James Stubbs, Water street, dwelling, $1,700.

F. J. Doris, 488 Cedar street, repair verandah, $100.

S. Touchburn, 20 Benson avenue, verandah and summer kitchen, $50.

J. A. Ash, George street, dwelling, $1,400.

Post-office improvements, $8,000

A. Cummings, Monaghan road, stable, $25.

B. Revoy, 292 Woodbine avenue, kitchen, $39.

M. Cain, 167 Aylmer street, stable, $60.

A. J. Johnston, Brock street, stable, $60.

W. H. Hubel, Princess street, woodshed and kitchen, $100.

City of Peterborough, sewage pumping station, $4,900.

Murray street Baptist church and Sunday school, $40,000.

W. J. Taylor, 301-30 1-2 George street stores, $400.

Thos. Brown, 176 Lock street, driving shed and stable, $100.

Mrs. Mary Robinson, Chamberlain street, dwelling, $1,000.

Hazen Ritchie, 297 Hunter street, verandah, $100.

Mrs. C. A. Kelly, 204 Brock street, garage, $225.

R. Morrison, Bolivar street, dwelling, $1,000.

WILL COUNCIL PASS FIRE, WATER AND LIGHT REPORT?

One Clause Calls for Dismissal of Two of the Firemen

It looks like a busy session of the city council to-night. A report of the conference between the Standing Committee of the Board of Trade and the Manufacturers' Committee of the council in regard to the office of Industrial Commissioner will be made known, and as the present term of the commissioner expires on May 15th some definite step will likely be made to-night as to whether or not this department will be continued. The report of the Fire, Water and Light Committee will include a recommendation that the Fire Chief ask for the resignation of Deputy Chief Grange and Capt. Sam Thomas. Since the meeting of the committee when this motion was passed, no action has been taken at the fire department. Taking everything into consideration, it would appear that a clause in reference to this motion is booked for further discussion by the whole council. At the meeting of the committee Aldermen Metheral, Graham and Kerneghan voted for it. Mayor Morrow and Ald. Edgar did not say yes or no, and a decision by the chairman, Ald. Morgan, was not necessary.

There are also several other matters to come up, and altogether the meeting should be above average interest.

LOCAL NEWS ITEMS

The remains of the late Mr. Geo. H. Johnston, of Lethbridge, Alta., are expected to arrive on the C.P.R. local to-night. The funeral will be at 3 p. m., Tuesday, from the residence of his brother, Mr. A. J. Johnston, 19 Dennistoun avenue, to the Little Lake cemetery.

Mr. Harold La Plante, who for the past year has been a popular employee of the local post office, has resigned his position, to accept another good offer in the city of Toronto. Mr. La Plante is leaving at noon to-day and his numerous friends will wish him every success in his new position.

Messrs. Firth and Clarence Buller, sons of Alderman William Buller, have purchased an optical and jewelry business at Listowel, Ont., and will commence immediately. Both young men have had considerable experience, Mr. Firth Buller has been in the jewelry business for some years, having been connected with Sanderson & Co., jewelers, and with a Toronto firm.

Rev. C. H. Coon occupied the pulpit at Charlotte St. church yesterday morning and delivered a strong, helpful sermon. A duet by the Misses Lee and Pringle, entitled, "I Have Heard of a Land," was most effectively given.

All Saints' Women's Guild will hold their annual meeting to-night at 8 o'clock. All members are requested to be present at the parish hall, and any new members wishing to join are asked to attend.

The Fire Department received a telephone call to 603 Stewart Street, the home of F. J. Might, at 7 a.m. this morning. The cause of the trouble was a broken power wire. No damage.

A meeting of Peterborough Lodge I.O.O.F., No. 111, is particularly requested to-night, (Monday) at 7.30 sharp, to make arrangements for Bro. Johnston's funeral on Tuesday at 3 p.m.

By order,
W. E. LAREN, N.G.
J. M. WHITE, Rec. Sec.

The Mission Band of Knox church will meet to-morrow afternoon at 4.30 o'clock.

The public meeting announced for Coleman's, in the interests of the St. George's Society, is changed from Tuesday to Thursday evening.

The Board of Health met this afternoon and some important matters will be submitted in the report to the City Council to-night.

The annual meeting of the Y.W.C.A. will be held to-morrow evening. Miss MacDonald, of Japan, is to be the special speaker.

Excavation work at the site of the new factory of the Canadian Canoe Company is about half completed. Tenders for other work will be let shortly.

RUN-OFF AT TULLY'S CUT

Six Cars Loaded With Grain and Van Left Track

Another run-off occurred on the Grand Trunk about 5 o'clock this morning at Tully Cut, while a train of wheat was making its way from Midland to Belleville.

When it arrived at the cut, between Bests' station and Lilly Lake, six cars of grain and the van left the track, causing a blockade.

The regular passenger trains travelled via Millbrook to-day, but the auxiliary expects to have the line clear by 5.30 o'clock at the latest.

As there has been no direct connection with the wreck the cause of the mishap could not be ascertained up to going to press.

MOTOR CAR OPEN FOR ENGAGEMENT

Rutherford and Grimes Service Now in Operation

The Rutherford Grimes Motor car service is now open for the patronage of the public.

Their new car seats fourteen people comfortably and is a great addition to the motor car service of Peterborough.

During this month the car is open for general engagement which includes by the hour.

A scale of prices is given in another column of the Review.

After June 1st it will begin regular trips to Chemong and the second conveyance, which is expected about that time, will connect with Lakefield, Young's Point, South Beach, Burleigh and Buckhorn.

The time-table for these trips will be given later.

MICE AND MATCHES

Responsible for Early Morning Fire Alarm

Mice and a box of matches were the cause of an early morning blaze yesterday.

Albert Dorris, 291 1-2 Lewis street, had a few "eight day" matches in an old cuboard in his back kitchen and mice ignited them by chewing the sulphur.

When Mr. Dorris arrived on the scene the room was filled with smoke and he gave a verbal alarm to the fire department at 12.15 a.m.

The damage will not exceed $25. The property is owned by Mr. Michael Leveeque.

THEATRICAL

William Gillette's comedy, the "Private Secretary," presented at the Grand Saturday afternoon and evening, created much amusement.

The role of Mr. Sidney Gibson, a London tailor, who wished to enter the upper circle, and who was a failure when he at last blackmailed two of his creditors into entertaining him, was taken admirably by Ernest Cossart.

Rev. Robert Spaulding, the original private secretary, caused rounds of laughter, by his ludicrous countenance and the benign manner in which he accepted all situations.

Mr. Cattermole, from India was a representative of a tyrant, who is used to everyone jumping when he speaks.

"THE MAN ON THE BOX"

On Wednesday, May 3, the Grand Opera House will have as an attraction the Harold McGrath comedy, "The Man on the Box," with John Meehan in the part of the young lieutenant who, to play a practical joke on his sister, assumes the role of a coachman, kisses the wrong girl, lands in the police court, is extricated from this unpleasant situation to be made a coachman in reality, and whose identity is finally discovered after a series of most amusing adventures. It is all done for love's sweet sake," however, and as presented in dramatic form the story furnishes a most delightful evening's entertainment. Seats now on sale

WHO'S COMING AND GOING

Mr. Fred Beattie, of Montreal, is the guest of Dr. F. C. Neal.

Mr. Andrew Laidlaw is in Toronto to-day on business.

Mr. Harry Barnum, spent Sunday at his home in Madoc, Ont.

Ernest J. Naish is leaving the city for a trip to London, England, sails on the Empress of Ireland, Friday.

Ernie Mein, who has been employed in the Madill drug store, left this morning for Hamilton, where he has accepted a lucrative position with the Zimmerman Drug Co.

Pianos to Rent.

Pianos and organs rented from $1.00 per month up. Six months' rent allowed in case of purchase. The J. M. Greene Music Co., Limited, Charlotte street.

EIGHT REFUSED

License Inspector Would Not Renew License of Bartenders

A renewal of the licenses of eight local bartenders was refused by License Inspector Stewart on Saturday, the matter of refusing or renewing bartenders licenses being entirely under his jurisdiction.

These eight bartenders in question were mixed up in a case last December, when the proprietor of the Chemong hotel was charged with the illegal sale of liquor and subsequently fined $100, he pleading guilty.

The eight bartenders were, to the knowledge of the license inspector, drinking and causing a disturbance by their disorderly actions, both at the hotel and on their return to the city; not on one occasion alone, but several times.

The licenses could, at that time, have been cancelled, but the inspector decided to allow them to finish the year.

WHERE GREEK MET GREEK

Thomas "M." McDonald Bobs up Again and His Pal Falls Down

Although on the prohibited list Alfred Cooney did not entertain for a moment the idea of refusing a drink from a flask of whiskey, when it was offered to him by his old pal, "Mousie" McDonald, in the rear of the old Baptist church on Aylmer street Saturday morning.

For his lack of moral stamina Cooney had a seat in police court this morning. He must pay $10 or spend 30 days on the hill. Alfie said that he met a man Saturday morning, at the corner of Aylmer and Simcoe streets. The man was McDonald, better known as "Mousie," and he had a big flask of whiskey in his pocket. The two went into the yard behind the church and there the liquid rapidly disappeared.

"Didn't you tell your friend that you were on the prohibited list?" asked His Worship.

"Oh no, I had no notion of telling him.

"How many drinks did you have?"

"Just two or three, but they set me wild, Your Honor."

In Penticton recently considerable property has been sold along Westminster avenue for prices ranging from $500 to $1,200 a lot.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

THE DUST NUISANCE.

To the Editor of the Review.

Sir,—The City Engineer's attempt to justify the Council's neglect is the same old story that has done service periodically for the last quarter of a century—anything for an excuse. All that his excuse amounts to is that they had not taken the matter into consideration until it was too late, hence the grounds of complaint. The most that can be said for such an excuse, it makes out that the Council is incompetent instead of being neglectful, but it would be nearer the mark to say that they are both, with the experience of the past staring them in the face. They should have everything ready in February for the first dust of March, which the doctors tell us is the worst of all for the spread of disease. No objection can be made to their substitution of coal oil for water, even though the smell is not so pleasant as the attar of roses, if, as they claim, it costs less, but when they do not give preference to our home product which nature has so lavishly supplied, it is rather a severe reflection on our water rate.

Yours, etc.,
PROMPTITUDE.

May 1st, 1911.

Dedication of Masonic Lodge Room at Norwood

A matter of some importance to the Masonic fraternity will be the dedication of the new lodge room at Norwood, on Friday, 12th. The old lodge room was destroyed by fire and new premises have been provided. The ceremony of dedication will be performed by the M.W. the Grand Master, Judge McWatt, of Sarnia, assisted by officers of the Grand Lodge. Arrangements are being made by many of the local brethren to attend.

Coal Orders for 1911

I have to thank my many friends for a generous patronage during the last season, and wish to remind all that we can supply for this year the same good qualities of coal, promptly and at the regular market prices. Reference to the advertisement will give the relative cost for the several sizes. All one grade—the best.

J. E. A. FITZGERALD.

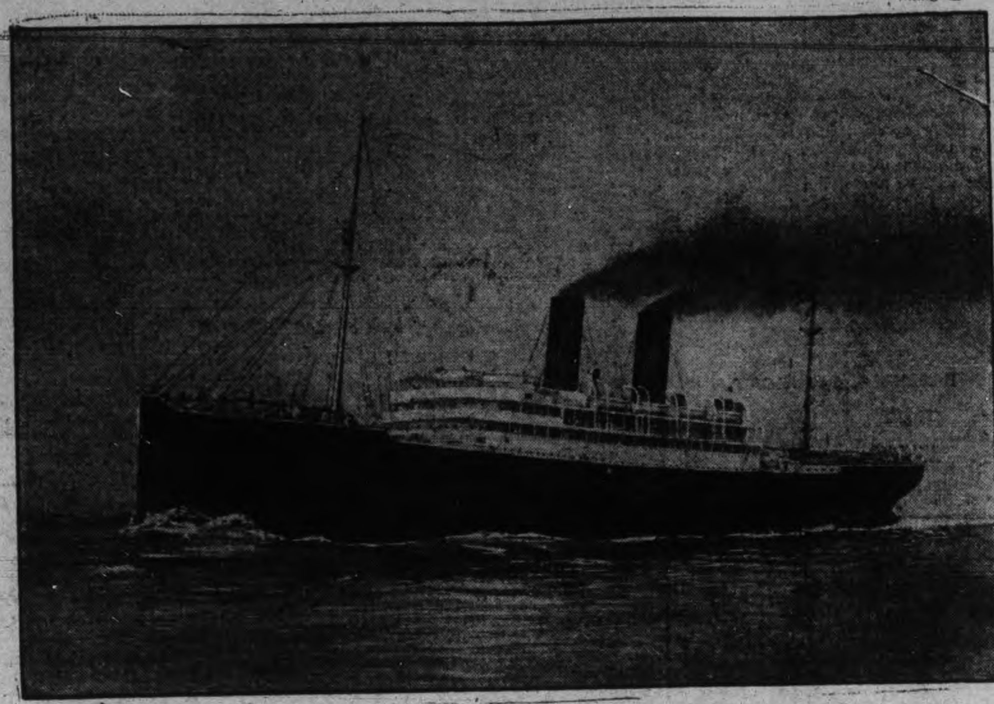
THE NEW GERONA



A new steamer for the St. Lawrence route was launched from the yards of Messrs. Swan, Hunter & Wingham Richardson, Ltd., Walls-end-on-Tyne, England, on March 6th. The steamer has been named the "Gerona," and will be part of the Thomson fleet sailing between Montreal, London and Southampton. Her tonnage is about 15,000, length 450 feet, breadth 56 feet, depth 30 feet 3 inches. She will have accommodation for 150 first class passengers and 1,500 third class. The "Gerona" is a twin screw steamer fitted with electric light and steam heat throughout, Marconi wireless, sub-marine signalling apparatus, and all the latest devices in up-to-date ship construction known to her builders, who are also the builders of the famous "Mauretania."

SIDEWALK BLOCKADE

In Front of the Peterboro Hardware Co.

Fine of $4.25 Imposed on Young Man for Obstructing

Magistrate Dumble came down hard on a young man who appeared before him this morning on a charge of obstructing the pavement in front of the Peterborough Hardware Company's store on Saturday evening. He was fined $4.25, and he paid forthwith.

P.C. Brown made the arrest. In the witness box the constable stated that on Saturday evening the prisoner with two others, had been warned by him to move on, and had refused.

The young man said that he was standing on the road. The constable said that he had asked the prisoner his name, but he refused to give it. He then brought him to the station.

The practice of workmen, carpenters and others standing in front of the Peterborough Hardware and obstructing the passage, the chief is determined to end. It's one of long standing, and it has been a nuisance to passersby.

As his Worship stated, there was no reason why young men should stand around this doorway and smoke, expectorate, and often swear. Several ladies have complained to the police, stating that they have been afraid to pass through the crowd.

Offenders from now on will be very severely dealt with.

SENOR RAY AT PARK ST CHURCH

Illustrated Address With Exhibition of Curios To-night

The audiences that greeted Senor Ray at Park St. Baptist church yesterday and listened to his thrilling addresses on one great need of South America, were very deeply impressed with the striking ability of Mr. Ray to hold the attention of his hearers.

To-night Mr. Ray will give an illustrated address in Park St. Baptist church.

He has a very large assortment of interesting curios, and his lantern views are among the best ever seen. The missionary exhibit alone will be well worth the price of admission, being of educative value to all who are interested in missions.

Thursday—Choir practice, 8 p.m., boys at 7.30

Saturday—Boys' choir practice at 9 a.m.

Sunday—Holy Communion at 8.30 and 11 a.m.

Yesterday at the morning service the hymn for those at sea was sung as Mr. and Mrs. P. Campbell and Mrs. Packman are on the ocean. At the close of service God-speed and best wishes were expressed to Mr. Nat Greenhalgh, of the choir, by clergy and choir, for the success of his trip to the Motherland.

OTONABEE CLAIMS ITS FIRST VICTIM IN EDDIE TAYLOR

Ten Year Old Lad Lost His Life at the Locks—Body Not Yet Recovered

A sad drowning accident occurred about eight o'clock, Saturday evening when little Eddie Taylor, ten years of age, lost his life.

Eddie, with some other youngsters had been fishing at the dam, below the iron bridge at Peterborough Lock and in turning homeward with the bag of fish on his back, he had to walk over some planks which were used as stop logs at the dam.

TRIPPED AND FELL

A chip nailed to one of these planks caught his toe, and he fell between the planks, the weight of the bag assisting in the fall.

As he was going down he struck his head on a protruding cement block which must have at least temporarily stunned him.

Falling into the raging torrent below he had not the slightest chance of fighting his way to safety. There were some men near at hand but they were unable to accomplish anything.

The little body was dashed against the protruding pillars and carried off down stream, only to be seen once again. This was when the lad was struggling in the water, near the lower gate of the lock.

His brothers and friends searched for the body yesterday, but without success. It is possible that a swift under current might bring the body back to the foot of the dam and hold it there. If that were the case, immediate recovery is doubtful.

The little chap was very bright, and a regular attendant of Knox Church Sunday school, and King Edward Public school.

The family has been exceedingly unfortunate, the eldest brother, Will, losing both legs, and having the stubs broken a couple of times since, while the father has been ailing a couple of years.

CUSTOM RETURNS

Increase of $6,183,03 for Past Month of April

The customs returns for the month of April this year shows an increase of $6,183.03 over those of April of last year.

The following were the total returns

Six Miles an Hour is Lawful Speed in Business Section

Magistrate Dumble wishes it to be publicly known, that henceforth all drivers of autos and chauffeurs, who exceed a speed limit of six miles an hour in the business section of the city, will be subject to the penalty of the law if apprehended. "When some one is killed or badly hurt, by reckless driving, owners of autos will begin to see the result of their senseless and careless actions," His Worship remarked at the Police Court this morning.

DIED

JOHNSTON.—At Lethbridge, Alta., on April 26th, George H. Johnston, formerly of Peterborough.

Funeral from residence of his brother, Mr. A. J. Johnston, 19 Dennistoun avenue, Tuesday, May 2nd, at 3 p.m., to Little Lake cemetery.

St. Paul's Church

Announcements for the week are as follows:

The Young People's Guild will meet this evening at eight o'clock.

There will be a meeting of Session on Tuesday at 8 p.m.

The regular midweek service will be held on Wednesday evening at 8 o'clock, and the Teachers Meeting at 9 o'clock.

ADDRESS TO I.O.O.F. AT KNOX CHURCH

The Spirit of Taking the Initiative Needed To-day

Rev. H. J. Keith delivered a fine sermon at Knox Church last night to the I.O.O.F. and Rebekah Lodge.

Though the weather was rather gloomy, a large number turned out and the Church was almost filled.

Mr. Keith referred to the sad drowning of a member of Knox Church S. S., namely Eddie Taylor, who, though small, was one of the brightest little chaps in the school.

He also drew the attention of the visiting Brethren to the funeral of a departed brother the late Geo. Johnston which takes place to-morrow.

The speaker gave the visitors a warm welcome to Knox Church. "When a lodge visits us," said Mr. Keith, "we are struck by some outstanding feature of that lodge."

He judged that the characteristic of the present visitors was good fellowship.

The story in the 33rd verse, chapter 10 of St. Luke's Gospel—"But a certain Samaritan, as he journeyed, came where he was, and when he saw him, he had compassion on him;" presented the type of life which seemed to be the aim of the I.O.O.F. and Rebekah lodge.

It presented the character of life held up as before us, and the I.O.O.F. should study it.

Men and women, who did not need someone to crawl to them and ask for help were needed. The initiative spirit was the one needed in the orders and also in the Church of God.

When we criticized the church for years wasted following up different creeds, we also recognized that the first institution for relief of mankind was established by the Church.

We realized how honest and outspoken was Christ when criticizing and how fearless when defending the oppressed.

A man was not wanted in the Order if he was selfish, and who went in merely for the benefits derived.

The brightest spot in human history was the time when Christ came down from his palaces and sacrificed everything.

The brightest spot in human history life was when we were inspired to go out and help our needy neighbor.

This was the day when we were beginning to realize our responsibility to the whole world as well as to our own sphere.

The day was coming when we should recognize the whole world as one vast brotherhood.

TO INSTALL BELL

Electrci Ringer at Gravel Road Crossing on G.T.R.

Mr. Thomas Roberts, clerk of the township of Hope, has received a communication from the Board of Railway Commissioners stating that they have ordered the Grand Trunk Railway to instal an electric bell on the gravel road crossing between Garden Hill and Millbrook. The government is to pay 20 per cent. of the cost of installation and the railway to pay the balance, and also the cost of maintaining the same. The bell is to be in operation within ninety days.

WHAT'S ON TO-NIGHT

City Council Meeting.

Illustrated lecture at Park Street Church.

Young People's meetings in city churches.

Important meeting of I.O.OF., No. 111.

Annual meeting of Nichol's Oval Tennis Club at Y.M.C.A.

There are four languages in general use in Switzerland, but German is encountered to the greatest extent. French, Italian and Romansch follow in the order given.

OPENING GAMES IN CITY CHURCH FOOTBALL LEAGUE

Y.M.C.A. Won From All Saints' 2-1—St. John's Defeated Knox 5-3—St. James' Blanked Park Street 2 0.

The stock of the much tooted All Saints' football team took a decided drop Saturday afternoon when they clashed with the veteran "Canucks," better known as the Y.M.C.A. team, and were given a trimming to the tune of 2—1.

The Y.M.C.A. management was very doubtful before the game on the outcome of their team, which was only organized a week ago, and the players had very little practice, while the "Saints" have been at the game since the snow began to vamoose. Messrs. Willis and company, on the other hand, were confident of whitewashing the George street aggregation—hence the fall.

Some of the "Y" players were a surprise packet for a great many of the fans. Dr. McPherson, Hampton and Boness were there all the time. The former showed his old-time form by his agility and "headiness." Few were the times in which the All Saints' forwards passed the "Y" defence, and Fleming in goal took care of most of the shots in a capable manner.

Ira Moore broke into the game again and blocked a good many rushes. Adams and Tarte, who assisted Moore on the half-back line, helped the forwards at all times. Adams is a new face around the "Y" and he made good on Saturday.

The forwards were on the job all the time, playing good combination, which was responsible for their two goals, Boness doing the trick each time.

The losers did not combine as readily as the others, and the forwards missed some nice chances to pass McPherson and score, by trying to do individual stunts.

Moraity, in goal, picked out some sure ones, and was steady throughout the contest.

Roe and Robinson made a capital defence, stopping the "Y" forwards time and again, and spoiling many nice combination rushes. The forwards, however, failed to work together, consequently taking the small end of the score.

FIRST HALF.

The play started at a fast clip, and for a time neither side had much advantage. The Y.M.C.A. boys had a slight wind in their favor on the start.

Referee Lingard dealt impartially with the players, and handled the off-sides and fouls O.K.

With but five minutes to play before the half-time call, Boness made a beautiful rush and scored the first goal of the game for the Y.M.C.A. Then came renewed efforts, but at half-time the score remained the same.

SECOND HALF.

All Saints' expected to go on against a badly winded team in the second period, but they soon saw their mistake.

After about twenty minutes' play Boness again found the goal, counting the second tally for his team.

The "Saints" came hard at this stage, but shot wild, and any attempts coming in line were handled by Fleming for the sterling defence.

With eight minutes to play, the southerners scored their only goal, making the final score 2 to 1, in favor of the Y.M.C.A.

By the showing Saturday, the winners look good for the silverware this season. The more ardent enthusiasts claimed that All Saints' had the strongest team in the league, and some of their players will likely be called on to play for the C.G.E. in the Midland League.

The teams were—

All Saints'		Y.M.C.A.
	—Goal—	
Moraity		Fleming
	—Full Backs—	
Roe		Hampton
Robinson		McPherson
	—Half Backs—	
Hildridge		Moore
Jones		Adams
Dawson		Tarte
	—Centre—	
Abbott		Boness
	—Wings—	
Curtis		Caniff
Willis		Miller
Edwards		Flowers
Downs		Kerr

ST. JOHN'S 5—KNOX 3.

At the Patterson street grounds St. John's found considerable opposition on the part of the Presbyterians, but managed to breeze out ahead with two goals to the good.

ST. JAMES' 2—PARK ST. 0.

The Baptist managed to connect for their two counters in the first half and succeeded in holding the Methodists for the balance of the game, which was played on the Park street grounds.

THISTLES WON

Defeated East City Nine by 21-7 Score

The Thistles and East City nines met at the Central school grounds Saturday afternoon, with Frank Tait umpiring. The Thistles had the game well in hand all the time, and finished on the big end of the 21—7 score.

The batteries were—

Thistles—Lees, Tuell and Cavanagh.

East City—Primeau, Murphy and Quinn.

A return game is to be played next Saturday.

DICKIE GRAY FOR SASKATOON

Lindsay's Midland League Outlook is Darkened

With the advent of warmer weather the baseball fans have taken to talking baseball, and already groups of players can be seen indulging in this favorable pastime.

The outlook for a Midland League team is not very rosy. "Dick" Gray, the star pitcher, goes to Saskatoon next Tuesday, and in his departure Lindsay loses a classy player.

There is nothing to it, then, but a Town League, and there promises to be something doing along this line.

The bankers intend forming a team; in fact they have already started at practice. The St. Mary's are talking baseball, and will put a team on the diamond. The Typos, who were really the only ball players in town last year, will enter the league, and if Vern Higginbotham is sufficiently recovered, he will do the slab work. There is no better slab artist in these parts than the stocky lad, and his friends would like to see him in the game again.—Lindsay Post.

BASEBALL

There will be five teams in the Belleville City Ball League this season. Each club will be allowed to sign twenty players, none of whom can play with another club unless released by their manager and the permission of a managing committee, which is yet to be appointed. It will not be interested in any of the five clubs.

The ball practice announced for Riverside Park, Saturday afternoon, was largely attended, and the players had a good workout. Regular practices will be held from now on.

At the armories to-night No. 8 Company and the Bugle Band play the first game, while in the second Companies Nos. 1 and 5 come together. Any team not on the floor at the appointed time will lose by default.

BASEBALL SATURDAY.

SHOOTING

Scores at Yeotes' Gallery

Great excitement was taken in the target shooting contests at Yeotes Bros.' gallery last week, when C. Haleson captured the cigars with a score of 57. The scores were—

Professional—C. Haleson, 57; W. Gill, A. C. Miller, H. C. Gerrish, A. Mellan, N. Perry, J. Gillespie, J. Pearson, C. Gutterson, J. Laken, F. S. Matthews, H. Solms, H. Mackay, 56; J. Wilson, 55.

In the amateur contest J. Vinette and J. Thornton tied for the box of Bachelor cigars, and in the shoot-off Vinette won out with 57. McFadden was a close third. The scores—

Amateur—J. Vinette, J. Thornton, A. McFadden, 56; P. Robson, P. Welsh, J. Clancy, C. Mills, C. Rutherford, P. Hamlin, J. Reynolds, P. Holland, E. Davis, 55.

Three more good prizes are offered for this week—two for the amateurs and one for the professionals—and they are well worth trying for.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. **Phosphonol** will make you a new man. Price $3 a box, or two for $5. Mailed to any address. **The Scobell Drug Co., St. Catharines, Ont.**

THE MARKETS

Latest Quotations in Grain, Dairy Products, Live Stock Etc.

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock —Latest Quotations.

LIVERPOOL, April 29.—Wheat market opening was affected by firmness in American cables, and values were ⅛d higher, with October unchanged. Following this, the market ruled dull, but firm. Predictions are for increased Russian shipments, and weather and crop outlook in most countries is favorable. These were offset, however, by a continued good demand from the continent, and especially from France, which was buying freely of nearby Australian cargoes at full prices. There was a sharp covering movement of shorts in Paris in the near months. It is generally thought that liquidation in May is over, and shorts covered. At the close the market was steady, unchanged, to ⅛d higher than yesterday.

CHICAGO, April 29.—Reports that Europeans were large buyers at Winnipeg turned wheat upward in the last half-hour to-day, notwithstanding weakness had been the rule all the rest of the session. Closing prices were unsettled, ⅛c off, as compared with twenty-four hours before. The end of the day left corn ⅛c to ¼c lower to ⅛c up; oats ⅛c down to a shade advance, and provisions at 7½c to 15c decline.

CATTLE MARKETS.

New York Live Stock.

NEW YORK, April 29.—Beeves—Receipts, 21,200 head; nothing doing; feeling steady.

Calves—Receipts, 645; market steady, at $4.50 to $6.25; choice, heavy, $6.50; culls, $4.

Sheep and Lambs—Receipts, 2850 head; market steady; sheep nominal; clipped lambs, $4.85 to $5.55; culled, $4.50; wooled lambs, $5.50 to $6.60.

Hogs—Receipts, 3700; market 5c higher, at $6.40 to $6.80.

Chicago Live Stock.

Chicago, April 29.—Cattle receipts estimated at 200; market steady; beeves, $5 to $6.45; Texas steers, $4.60 to $5.50; western steers, $4.80 to $5.75; stockers and feeders, $4 to $5.50; cows and heifers, $2.40 to $5.65; calves, $4.25 to $6.

Hogs—Receipts estimated at 13,000; market weak; generally 5 cents lower; light, $5.85 to $6.20; mixed, $5.85 to $6.15; heavy, $5.70 to $6.10; rough, $5.70 to $5.85; good to choice heavy, $5.85 to $6.10; pigs, $5.75 to $6.10; bulk of sales, $6 to $6.10.

Sheep—Receipts estimated at 10,000; market steady; native, $3 to $4.60; western, $3.25 to $4.60; yearlings, $4.25 to $5.15; lambs, native, $4.25 to $6.10; western, $4.75 to $6.16.

British Cattle Markets.

LIVERPOOL, April 29.—John Rogers and Co.'s Liverpool cable to-day says that owing to the scarcity of home cattle there was an advance of one half cent. per pound in the price of cattle in Birkenhead, bringing the quotations for both States and Canadian steers to from 12½ to 13¾ cents per pound. The sheep trade varies very little, clipped lambs making from 14½ to 15 cents and clipped wethers from 11½ to 12 cents per pound.

FARMER SHOOTS HIMSELF.

Arrested for Forgery, Western Man Blows Out Brains.

Swift Current, Sask., May 1.—C. G. Sadlemyer, a homesteader at Burradon, a farming district southeast of here, shot himself Saturday when placed under arrest by Corpl. Snedden, charged with forgery. He died instantly. Sadlemyer saw the police coming. He took a revolver from the bureau, but his wife took it from him and placed it back. When arrested he asked time to change his clothes, and he and his wife went into the room together. His wife went out to tell the corporal that she had a receipt for the money in question. As soon as his wife left him he reached for the gun and shot himself through the breast. He never moved after. His wife is prostrated. She is only 17, and he was 24. They kept a restaurant here last summer and were well-known.

Napoleon's First Love.

The little French town of Auxonne is not associated in the popular mind with Napoleon; but, as Miss Betham-Edwards reminds us in "Unfrequented France," he spent some years of his cadetship there. "In the Saone he twice narrowly escaped drowning, and here, too, as narrowly, so the story runs, marriage with a bourgeoise maiden called Manesca. Two ivory counters bearing this romantic name in Napoleon's handwriting enrich the little museum."

FIRE EATERS.

The Trick of Breathing Flames and Sparks From the Mouth.

Fire tricks were practiced in very ancient times. The first known fire breather was a Syrian slave named Eunus, a leader in the Servile war in Sicily, 130 B. C. He pretended to have immediate communication with the gods. When desirous of inspiring his followers with courage he breathed flames and sparks from his mouth.

In order to accomplish this feat Eunus pierced a nutshell at both ends, and, having filled it with some burning substance, he put it in his mouth and breathed through it. The same trick is performed today in a more approved manner. The performer rolls some flax or hemp into a ball about the size of a walnut, which he lets burn until it is nearly consumed. Then he rolls around it more flax while it is still burning. By this means the fire is retained in the ball for a long time. He slips this ball into his mouth unperceived and breathes through it. His breath revives the fire, and he sustains no in-

The Monkey and the Book.

A story is told of an eminent naturalist (I forget his name) who was hoping to develop the intelligence of a monkey to whose education he was devoting himself. One day he saw with delight that the monkey was sitting at the other end of the room turning over the leaves of a valuable book on entomology and looking at the plates with apparent interest. But on going nearer he saw, with dismay, that the monkey was turning over the plates in order that when he came to a particularly large beetle or butterfly he might pick it out and eat it. As the paper could not have had a nice taste, I think he may have been actuated rather by the fun of the thing than by a mere depraved appetite. Perhaps he was verifying the like method of learning among the philosophers of Laputa.—London Spectator.

Fame and the Editor.

Fame, so difficult a possession to obtain, lies oftener than one usually thinks in the power of the press.

Oscar Browning in his interesting "Memories of Sixty Years" tells how Fox, then editor of the Monthly Repository, settled the fate of Robert Browning's "Pauline" when it first appeared by the mere word "balderdash."

The explanation given is that "a single line was required to complete the page, and the editor, taking up the first book on which he could lay his hand and thinking it insignificant and pretentious, described it as I have stated above."

Oscar Browning declares that the poet said "that by this accident his public recognition had been delayed for twenty years."

Gas Distended His Stomach

Caused Palpitation, and Prevented Sleep—When Health Was Gone, Cure Followed Use of "Nerviline."

"My last wish will be," writes Harry P. Pollard, a well-known boot and shoe traveler of Hartford, "that everyone with a bad stomach may learn as I did, before it's too late, that Nerviline is the one remedy to cure. Why, I was in mighty bad shape, my digestion was all wrong, and every night I would waken with a start and find my heart jumping like a threshing machine. This was caused by gas on my stomach pressing against my heart. When I started to use Nerviline I got better mighty fast. It is certainly a grand remedy for the traveling man, keeps your stomach in order, cures cramps, prevents lumbago or rheumatism, breaks up chest colds and sore throat—in fact there hasn't been an ache or pain inside or outside for the past two years that I haven't cured with Nerviline. Do you wonder I recommend it?"

Testimonial No. 4890

For general household use Nerviline has no equal; it will cure the aches and ailments of the entire family—refuse anything but Nerviline. 50c per bottle, trial size 25c, all dealers or The Catarrhozone Co., Kingston, Ont.

NERVILINE CURES ALL PAIN

HIS DOLLAR BILL.

He Tried to Bestow It in Charity, but It Went Astray.

Diplomacy doesn't always work, as a certain kind hearted business man in West Philadelphia has just found out. He says that the lesson was cheap at the price, but at the same time he will employ more direct methods next time he wishes to play the philanthropist.

It happened on the subway the other night. He had just closed a real estate deal at considerable profit and was feeling very generous, so when he saw a poor woman in a threadbare dress carefully count out five pennies for her ticket and saw that it was the last money in her worn pocketbook he determined to help her. Of course it wasn't easy, but the man prides himself upon being a diplomat. So, crumpling a dollar bill up in his hand, he stooped over as if picking something up and then, holding it out to the woman, said:

"Madam, here is some money you dropped." He tried to smile significantly as he said it, but she didn't seem to understand and said simply:

"Tain't mine."

"You'd better take it," he said. "It isn't mine, and it was lying right by you."

The woman shook her head at first, then took it slowly out of his hand and looked at it gloatingly. The man smiled, well pleased with himself, but an instant later the woman, seeing a man looking down at the platform, rushed up and cried, "Was you looking for a dollar bill?"

"I sure was," answered the man promptly.

"Well, here it is," said the woman, and the man with a delighted "Oh, thanks!" calmly pocketed the sum and walked away.—Philadelphia Times.

Last of the Old Orators.

The late Senator John Warwick Daniel of Virginia may be said to have been the last of the old fashioned orators in the house of the conscript fathers. His fame will rest not on his lawbooks, which were excellent; not on his speeches in house and senate, which were strong, but on two masterly orations on Lee and Stonewall Jackson delivered before his entrance into congress. It may well be doubted whether anything superior to them, considered simply as orations, can be found in the literature of the world. They would have delighted Cicero himself.—Champ Clark in Century.

MAIMED CERVANTES.

Bravery In Battle of the Famous Author of "Don Quijote."

An incident of the battle of Lepanto, which broke the power of the Turks in Europe, has an interest for students of literature. "In the Marquesa galley"—we quote from Commander Currey's "Sea Wolves In the Mediterranean"—"was lying in his bed, sick of a fever, a young man twenty-four years of age, a Spaniard of Alcala de Henares, the son of honorable parents, we are told, although these parents were poor. When this young man heard that a battle was imminent he rose from his bed and demanded of his captain, Francisco San Pedro, that he should be placed in the post of greatest danger. The captain and others, his friends, counseled him to remain in his bed. 'Senores,' replied the young man, 'what would be said of Miguel de Cervantes should he take this advice? On every occasion up to this day on which his enemies have offered battle to his majesty I have served like a good soldier, and today I intend to do so in spite of this sickness and fever.' He was given command of twelve soldiers in a shallop and all day was to be seen where the combat raged most fiercely. He received two wounds in the chest and another which cost him the loss of his left hand. To those to whom he proudly displayed them in after years he was accustomed to say, 'Wounds in the face or the chest are like stars which guide one through honor to the skies.' Of him the chronicler says, 'He continued the rest of his life with honorable memory of this wonderful occurrence, and, although he lost the use of his left hand, it added to the glory of his right.' How glorious was that right hand is known to all readers of 'El Ingenioso Hidalgo Don Quijote de la Mancha.'"

RELIC OF ANTIQUITY.

The Seal That Is So Often Used on Legal Documents.

A most absurd thing connected with legal business is the little piece of red green or blue paper or daub of sealing wax which we often place at the end of a signature to a deed, will or other important document.

It is a very small thing in size, but one to which a great deal of importance is frequently given. It is a relic of antiquity, and no plausible excuse can be invented for continuing its use.

Some of the more progressive states have practically abolished its use by legislation, which deprives it of any technical legal significance. In others, however, it is still used with all seriousness and solemnity, and an almost magical value is given to it by dignified judges that is little less than ridiculous.

A man died years ago leaving part of his estate to another to enjoy while he lived, with the privilege of devising it at his death to others whom he might select by a writing under his "hand and seal." A writing was executed so devising the property, but it was contested by others claiming the property upon the technical ground that the paper contained no seal after the signature and the devise was therefore void.

A wise Philadelphia judge closely scrutinized the signature and after carefully listening to the arguments of lawyers decided that at the end of the signature there was an extra scroll or flourish made with the pen with which the signature was made and that this was sufficient in law to constitute a seal.—Case and Comment.

Be Yourself.

Insist on yourself; never imitate. Your own gift you can present every moment with the cumulative force of a whole life's cultivation, but of the adopted talent of another you have only an extremporaneous, half possession. That which each can do best none but his Maker can teach him. Where is the master who could have taught Shakespeare? Where is the master who could have instructed Franklin or Washington or Bacon or Newton? Every great man is unique. Do that which is assigned to you and you cannot hope too much or dare too much.—Emerson.

Help For the Electrician.

If you are ever puzzled in working with electric wires as to which is positive and which is negative or whether the current is alternating there is no simpler method than the use of a potato. Cut the vegetable in half and insert the ends of the wire into the fresh body. About the positive wire a green stain will at once appear, due to dissolved copper. If the current is alternating the ends of both wires will be surrounded by dark colored stains. —Chicago Tribune.

Whittier's Safeguard.

When an overtimid visitor from the city once commented to the poet Whittier upon the insecurity that seemed inseparable from so many doors opening out from all sides of the large old country home the master of the house strove gently to restore confidence by pleading that most of them were locked at night.

Financial Worries.

"So your debts are bothering you?"

"Yes."

"Walking the floor because you can't pay 'em?"

"No; because I can't make 'em any larger."—Exchange.

What Did She Mean?

Shop Assistant (to purchaser of widow's bonnet)—Would you like to try it on before the glass, madam? Customer—No, thank you, miss. It ain't for me. I wish it was.—Stray Stories.

About 40,000 people without homes are nightly sheltered in common lodging-houses in London.

THE TRAINBEARERS FOR HER MAJESTY

Interesting Sketches of the Six Young Ladies Who Will Officiate in that Capacity.

The Office of Works has received an intimation that the Queen will require a certain number of places, not only within the Abbey, but also along the line of route from the courtyard of Buckingham Palace to Westminster and back again, to be placed at her personal disposal. The tickets for these places will be given to people in whom she takes a personal interest. Many of them will be either her own immediate attendants, or humble retainers and representatives of various charities and institutions who would never get a chance of seeing anything at all if it were not for this powerful personage.

The Queen's Trainbearers.

Queen Mary is on the side of womanhood. She has elected that six young ladies are to bear her train in Westminster Abbey instead of the six youthful Pages who performed the same service for Queen Alexandra at the Coronation of 1902. The six selected are the daughters of Earls, and represent the gracious girlhood of the three kingdoms. Each is young, and each is more or less noted for her beauty and talents.

Lady Victoria Carrington.

Lady Victoria Carrington is the youngest and only unmarried daughter of Lord and Lady Carrington, and her names—Victoria Alexandrina—imply that she was a godchild of the late Queen Victoria. More than most she has lived in the inner set of society. Her father has held high office, is a friend of Royalty, and, as "Charlie" Carrington, was a noted member of the so-called "Marlborough House Set" of the seventies and eighties. Her mother as a daughter of Lord Suffield, belongs to that most courtly of families—the Harbords.

Lady Mabell Ogilvy.

Lady Mabell Ogilvy is the youngest daughter of Lary Airlie, widow of the late Lord Airlie, who died a soldier's death on Diamond Hill, South Africa. She is pretty, on a rather small scale, and has not as yet been much seen about in London. Her mother, Lady Airlie, in spite of her grey hair, is still a beautiful woman, and has been for some years attached to the Household of her present Majesty.

Lady Eileen Butler.

Lady Eileen Butler is also extremely pretty, and is the elder daughter of Lord and Lady Lanesborough. Her father is also a soldier, and his daughter has already seen the world, and spent some time at Malta and in Canada. Lady Eileen's home is on the shores of Lough Erne, and she swims and dives, and can row, steer, and sail a boat to perfection.

Lady Mary Dawson.

Lady Mary Dawson is the second daughter of Lord and Lady Dartney, and a granddaughter of that well-known Baronet, Sir George Wombwell. She likes an open-air life, rides well to hounds, and is fond of her home in Ireland.

Lady Eileen Knox.

Lady Eileen Knox is the second daughter of Lord and Lady Ranfurly. She has brunette beauty, is small, dark, and piquant. Her mother is the only child and heiress of Lord Charlemont, and, although a grandmother, looks like the elder sister of her daughters. Lord Ranfurly is an Irish Peer, and has been a Colonial Governor. When in New Zealand he made many tours, was interested in the fauna of the country, and owns one of the few specimens of that rare bird, the Southern merganser. He is a descendant of William Penn, and once visited Pennsylvania to see the Penn Treaty Park and the statue of the great Quaker.

Lady Dorothy Browne.

Lady Dorothy Browne is the elder daughter of Lord and Lady Kenmare, and has been one of the beauties of recent seasons. Oddly enough, her birthday is in the same year as that of her only sister, Lady Cicely Browne. Her mother, Lady Kenmare, ardent supporter of Irish industries. She established what is known as the Killarney Furniture Industry. She is sister of Lord Revelstoke, Lady Read, and to several younger brothers who have distinguished themselves in different directions.

LADY SMOKERS

Her Majesty Disapproves of the Cigarette for Women.

Queen Mary does not like ladies smoking in her presence. Some few years ago, recalls "M. A. P.," Her Majesty showed her dislike to the cigarette habit being indulged in by ladies in a manner that was not only effective, but was not without its humorous aspect. When Princess of Wales she was the guest of a well-known American hostess, who after dinner, sought, and, of course, obtained the Royal assent to some of the ladies present smoking cigarettes, the Queen's dislike to this practice not then being generally known; but during the consumption of the cigarettes the Queen remained standing, and of course every other lady in the room had to do likewise. The hostess, however, had the shrewdness to guess why her Royal guest did not sit down, and in a few minutes managed to convey her wish to the ladies who were smoking that they should throw away their cigarettes, which they gladly did, for they also suspected why they were kept standing. The Queen then sat down, and Her Majesty has never since had reason to express her dislike of ladies smoking in her presence.

Lexington, Ky., plumbers demand $4 for an eight-hour day.

THE PRINCE OF WALES

How Edward I. Scored over the Welshmen.

No tradition in Welsh history is so well known as the creation of the first Prince of Wales. The last native Welsh Princes, Llewelyn and David, after a stout resistance, were conquered by King Edward I. in 1277. The victor united the kingdom of Wales with the crown of England, and to appease the national sentiment promised the Welsh people he would give them a prince without blemish on his honour, a Welshman by birth, and one who could not speak a word of English. The pledge he fulfilled in the letter if not in the spirit. Queen Eleanor was sent to Carnarvon Castle, and there the infant Edward of Carnarvon, who became Edward II., was born. The barons and great men were summoned to do homage to their prince. Edward was not at that time the eldest son, but on the death of his brother Alphonse he became heir-apparent, and from that time onwards the title of Prince of Wales has been borne by the eldest son of the Sovereign. More than five centuries have passed since Henry V. became the fifth Prince of Wales, and was invested with that dignity on Oct. 15, 1399. Much of what then took place has been left unrecorded. There is, however, among the Additional Mss. in the British Museum an early order of "Preparation for the Creation of the Prince," which doubtless, will afford some useful guidance, at least as to the robes customary to be worn in years long past on the auspicious occasion.

KING EDWARD MEMORIAL

It Is Proposed to Spend $250,000 in St. James Park.

It is now possible to give a definite outline of the scheme recommended by the Executive Committee of the Mansion Fund for providing a memorial to King Edward. The committee suggest a monument to his late Majesty in the Mall directly opposite Marlborough House. The scheme involves a statue to King Edward, the demolition of the present bridge across the lake in St. James's Park, and the erection of an ornamental bridge in its place, which, it is suggested, should bear the name of King Edward. The dominant note of the memorial will be the commemorating of King Edward's efforts to promote peace among the nations of the world. Viewed from the Mall, it is suggested that a few steps should lead to a platform bearing the base of the pedestal, which should be about 12ft. high. On this base and in the centre, it is proposed to place a large, seated figure of "Peace," with appropriate symbols at her feet. It is thought that the sculptor might symbolise the downfall of "War and Strife," thus illustrating to future generations the great

THE LATE KING EDWARD
In a favorite hunting costume.

aim of his late Majesty's reign. According to the suggested form, the figure of "Peace" would be raised a few feet above the base. Behind it would be a superbase, and on each side two processional groups advancing towards the central figure. These, it is thought, might be eight or nine in number, and represent the arts of peace. On this superbase will be placed a central pedestal, on which will stand a bronze statue of King Edward in his robes as a Knight of the Garter. The statue will be about 14ft. high, and the height of the entire memorial will be between 40ft. and 50ft. At the back of the superbase, facing the park, will be a figure of "Britannia," to balance that of "Peace," which will face Marlborough House. The estimated cost of the memorial is $150,000, and of the bridge and the approaches to the monument, $100,000. It is expected that the work will take about five years to execute.

TWO BANK HOLIDAYS.

An Announcement Regarding London and the Coronation Festivities.

The Prime Minister, informed the Rev. Silvester Horne in the House of Commons that the bank holiday in connection with the Coronation would not cover more than the actual day of the Coronation except in the County of London, in which, as a matter of convenience, it was proposed that the day of the Royal progress, Friday, June 23, should be also declared a Bank Holiday.

At the Star theatre Pardello threw Galvin in 69 minutes.

St. Lawrence Sugar
Laboratory of Provincial Government Analyst.
MONTREAL, 22nd February, 1909.
I HEREBY CERTIFY that I have drawn by my own hand ten samples of the St. Lawrence Sugar Refining Co's EXTRA STANDARD GRANULATED SUGAR, indiscriminately taken from four lots of about 150 barrels each and six lots of about 450 bags each. I have analyzed same and find them uniformly to contain 99-99/100 to 100 per cent of pure cane sugar, with no impurities whatever.

BREAKING A CUSTOM.

How the Salt Shaker Was Introduced to the Spaniard.

Until a few years ago no Spaniard had on his dining table any other receptacle for salt than the old style open cellar. An enterprising Briton saw this, noted that the salt was always dirty and gummy and determined to introduce a certain famous salt shaker from which clean salt would run freely in the dampest weather. Bravely he started to tour Spain for the company.

"No, senor; no est costumbre usar mas quo esto" ("No, sir; it's not customary to use more than that"—the old cellar), was the answer of every dealer to whom he presented the novelty. Again and again he was rebuffed. He began to despair when, standing one day gazing into a jeweler's window, a brilliant idea struck him. He entered. Realizing the childlike curiosity and impressionable character of his quarry, he persuaded the jeweler to display a shaker in his window and coached him about selling it. A Spaniard came along, looked in the window, saw the curious object, investigated.

"It is very pretty for the toilet table," he remarked after prolonged scrutiny, "perhaps useful for the children. What goes in it—perfume?"

Indifferently the jeweler glanced up from some scribbling. "No, sir; only salt."

"Man, salt!"

"Yes. Possibly I could get you a little—the kind that doesn't get sticky—to try. But I don't know."

The simple gentleman was amazed, angry, affronted, by the novelty, but he took it and an ounce or two of the special salt home with him. The jeweler ordered another shaker and more samples of salt. By and by the gentleman had used all his salt and wanted more of the same kind. The business of that company today is worth many figures in Spain every year, and, more than that, as it is "costumbre" now to use that particular sort of shaker and brand of salt there is virtually no competition.—Arthur Stanley Riggs in Century.

INSULTED THE KING.

The Joke a Printer Turned on Louis Philippe and M. Thiers.

One morning during the reign of Louis Philippe there appeared in the Constitutionnel the following startling paragraph:

"His majesty the king received M. Thiers yesterday at the Tuileries and charged him with the formation of a new cabinet. The distinguished statesman hastened to reply to the king:

"'I have only one regret, which is that I cannot wring your neck like a turkey's.'"

A few lines lower down there was another paragraph running to the following effect:

"The efforts of justice have been promptly crowned with success. The murderer of the Rue du Pot-de-Fer has been arrested in a house of bad reputation. Led at once before the judge of instruction, the wretch had the hardihood to address the magistrate in terms of coarse insult, winding up with the following words, which amply show that there remains not a spark of conscience or right feeling in this hardened soul:

"'God and man are my witnesses that I have never had any other ambition than to serve your august person and my country, loyally to the best of my ability.'"

The printer had just cleverly managed to interchange the two addresses. The cream of the joke was that it was universally known how very little love there was lost between the king and the minister.—Strauss' Reminiscences.

THE FLY AN ENEMY OF MAN

Mail and Empire.

Long ago the Mail and Empire called attention to the formidable indictment of the house fly by British and American medical men, and since then this journal has watched with great satisfaction the general awakening of the people of Toronto to the dangers of this pest. We can look forward to the time predicted by Sir James Crichton Browne, the eminent sanitary authority, when an aged parent will take his child to the British Museum there to show him the only surviving specimen of the house fly. According to Sir Ray Lankester we know enough now to abolish all epidemic disease within fifty years if we would perseveringly put into general practice the preventive measures ready to our hands. One of the first of them would be the destruction of the fly, which is a grater enemy to mankind than even the rat.

UNPARALLELED IN NATURE.

It is along this line that Dr. Hastings writes in the Canadian Home Journal. He gives a history of the fly from the time the egg is laid until the winged messenger of disease emerges to perform its mission of destruction. The ideal breeding ground for the fly is stable refuse. The female fly's instinct teaches her that the warmth of this decomposing matter is necessary for the hatching of the eggs, while the matter itself nourishes the larvae once the eggs hatch. The hatching process consumes from eighteen to thirty hours, and the resulting larvae or white maggots undergo two moults before attaining full size, the third coat being of a reddish color. Dr. Hastings says that the change from larva to fly is without parallel in the animal kingdom. By means of an inflated sa on the top of its head the larval envelope is burst, and the full grown fly appears in eight or ten days from the time the eggs were laid.

COUNTING THE FLIES.

A generation of flies is produced in a little more than a week, and it has been cultivated that one wintered-over fly is capable of producing 14,067,792,000,000,003, roughly speaking. A female fly lays between 125 and 150 eggs at a time, and repeats the operation from six to twelve times in a summer. August and September are the favorite breeding months of the fly, untol trillions being born in these months in order to provide a sufficient number to survive the approaching cold weather, and produce the flies for the next generation. The legs of the fly are covered with microscopic hairs, on which germs find lodgement. The habits of the insect do the rest. It is an unwearied prowler, and if any food is left unprotected, flies will crawl over it, depositing bacteria by the thousand at every step. Apart from this mechanical method of spreading disease, the tiny fly specs have been found to contain hostile germs.

MORE DEADLY THAN BULLETS.

The case against the house fly has been built up mainly on the battlefields of the past fifteen years. Observations were made by United States surgeons at the time of the Spanish-American War, when fewer than 300 Americans were killed in battle, while nearly 5,000 died of typhoid. The earlier idea was that impure water was largely responsible for the typhoid, but a British surgeon, who was with the troops in South Africa declared that the house fly would convert a single case of enteric due to bad water into an epidemic. It was noticed that when the cold nights killed off the flies there was an instant diminution in the number of fresh cases. The remarkably low death rate from typhoid in the Japanese army was achieved by the sanitary measures enforced which deprived the flies of their necessary breeding grounds.

PREVENTIVE MEASURES

Dr. Hastings recommends that all refuse from house and stable should be removed twice a week, and until removal should be kept in air-tight tin receptacles. If this double rule were followed we might get rid of our flies in a single summer, for they cannot breed except in filth. The campaign, however, would have to include the country districts as well as the cities. It is in the former that the worst sanitary conditions obtain, and apart from the larger centres, the operations of local boards of health are not very effective. In the ordinary farm yard the stable manure is likely to remain undisturbed for a year, and the barnyard could hatch more flies than the rest of the country could use.

PRESENTATION AT HAVELOCK

Auxiliary Workers Honored by Senior and Junior Organizations

Special Correspondence.

Havelock, April 29.—The Women's Auxiliary presented two of their number with beautiful gifts and addresses on Wednesday last. Mrs. Ed. Williams was presented with a gold badge, making her a life member in the society, and Mrs. Cummings was presented with a silver set, and also a meat fork by the junior Auxiliary. The following are the addresses:

Havelock, April 19, 1911.

Dear Mrs. Williams,—The members of the Havelock branch of the Women's Auxiliary would confer upon themselves the pleasure and honor of recognizing in some worthy way your valuable services to this branch during past years. In dwelling pleasantly on the thoughts of the success we have enjoyed as an Auxiliary, we recognize now much your constant presence, wise counsel, patience and earnestness have contributed. We feel that you should be presented with the certificate and badge of life membership. We express our confidence that in your future home you will discharge the duties of and wear fittingly this membership. We regret your leaving us very much, but it pleases us to think of your carrying with you a badge which means so much to a cause dear to every true Christian's heart. We humbly ask that you your dear husband and children may be blessed abundantly with health, happiness and success.

ELIZABETH HOLDSWORTH,
President.
CHARLOTTE BLACK,
Rec.-Sec.

Havelock, April 19th, 1911.

Dear Mrs. Cummings,—Your intended removal from this village to Bancroft gives us cause for much regret. It reminds us of a debt of gratitude due you from the members of the Havelock branch of the Woman's Auxiliary. You have been a most faithful member besides assuming the much more difficult part of assistant superintendent and superintendent of the junior branch. We have observed your untiring efforts and patience in these and other ways, all of which have meant so much to the church of St. John the Evangelist and the cause for which it stands. We take pleasure in asking you to accept these pieces of silver as a memento of our love for you and appreciation of your help. With prayers for your future happiness, and that of Mr. Cummings as well, believe us all your well wishers in the work of Christ.

E. HOLDSWORTH,
President.
C. BLACK,
Rec.-Sec.

Mrs. Thomas Lloyd spent the past few days with his family here.

Mr. Charles G. Roshaw, of Dummer, is starting a general store at Cordova Mines.

Miss Day, of Westport, was the guest of Miss Seeney.

Mrs. Butters and children, of West Toronto, are the guests of Mrs. Haig.

Mrs. Watson, of town, was in Peterborough last week.

Miss Choate, of Peterborough, was in town on Friday last.

Mr. Henry Pacy and family, of Belmont, left last week for Lindsay, where they will reside in the future. Their many friends wish them every happiness in their new home.

Miss Mildred Driscoll, of Trenton, who was engaged on the school staff here for a short time, was married to Mr. G. Le Grande, of Trenton, last week.

Messrs. White, McBurney, Martin and Riley took part in a concert in Norwood last week, where they showed the harem skirt, which is now in fashion.

Messrs. W. G. and Wm. Rose have purchased a moving picture machine, and intend travelling from place to place when they will put on a bill of pictures, illustrated songs and feats of magic.

STALLION AND BULL WINNERS

At the Competition Under Auspices of Agricultural Society

The Stallion and Bull Show held on Saturday at the Exhibition grounds was fairly successful as far as exhibits went, but the attendance was not as large as desirable.

The following were the winners:—

Class 1, Imported Clydes—1 J. F. Staples, Golden Glean; 2 William Kearns, Royal Gash; 3 G. E. Johnston, Ardinsay Duke.

Class 2, three year old imported Clydes—1 W. H. Staples; 2 T. B. Beattie, Sir Owen; 3 Handbridge and Sons, Baron Crawford.

Class 3—1 J. H. Northey, Regent Bay; 2 Morris and Brown.

Class 4, Canadian Clydes—1 Thomas Sutton.

Class 5.—1 Jacob Brown, Paddy B.; 2 Jacob Brown, Patearot; 3 T. Burk, Low Sire.

Class 6, standard bred—William Elmhirst, Bourbon Brook; 2 Geo. Coeburn, Egward; 3 H. Kendry, Gilbert Parker.

Class 7, Hackneys—C. S. Lowes, Attraction.

Bulls—Class 1, Durhams—T. J. Cullen.

Class 2, Holsteins—S. J. Brooks.

At Livermore Falls, Maine, 11 residences were burned and 18 families rendered homeless. At Fairfield, sawmills valued at $150,000 were burned.

TATTOOING.

It Is Extensively Practiced All Over the World.

Nearly all must be familiar with the crude tattoo designs, of anchors, ships, and so on that sailors love to have upon their arms and chests. But the professional tattooist can import to his skin pictures pretty well all colors except white, so that he can produce the most elaborate and beautiful designs. Nor is his work limited to covering small areas, for while many men are satisfied with a simple design, others have different tastes, and men have been tattooed all over from head to toe.

Travelers, sportsmen, and army officers seem to favor tattooing more than other classes, and the designs one is asked to execute are many and varied. Among officers the most usual is the regimental crest. Sportsmen usually favor something which reminds them of their favorite sport.

Perhaps the funniest case recalled was a man who had texts from the Bible tattooed all over him till he was a perfect walking Testament.

Tattooing is practiced very extensively in the east, and it is no doubt for this reason that so many travelers submit to tattooing. They get accustomed to seeing people tattooed, and feel that they must be tattooed too. But there are sometimes other reasons. Natives frequently think more of a man if he is tattooed, and so the traveler may reap a real advantage. This is particularly so in West Africa. If their boss is tattooed the niggers boast about it to the others, and feel that they are on a higher plane!

Almost every eastern country has its own particular style of tattooing. In Burmah, all the natives are tattooed as a matter of course with a pair of figured black pants extending from the waist to just above the knee, and until this design has been executed they are not considered to have reached manhood.

In China the art is a very old one, but, although the designs are both varied and picturesque the work is somewhat crude, and cannot be compared with that of Japan, where until late years there was such a tremendous craze in this direction that the state put a stop to it. Every Jap of the lower classes used to rush off to the nearest tatooist the moment he had a little money, and as the work is by no means cheap men reached a point when the pictures upon their bodies represent a small fortune spent in this way. Meanwhile when their working days were over they had to be kept by the state instead of having for their old age the money expended on transforming themselves into walking picture galleries. To such an extent was this carried that with a view to encouraging thrift the Government forbade the practice by law, making it such a serious offence that so far as the Japanese themselves are concerned it is practically stamped out, although there are still Japanese tattooers who draw their clients from foreigners visiting the country.

It seems rather curious that a thing of this sort should be forbidden by law, but it is not nearly for so remarkable a reason in this case, as it is with the Maoris in New Zealand. The Maoris have a special kind of tattooing their designs being executed in the form of elaborate rings, lines and curves upon the face. So wonderful were some of these designs that, after death well-tattooed heads use to be smoked dried and kept. After a while these became curiosities which commanded a ready market, and no sooner did the Maoris discover this than they took advantage of it. Whenever any member of another tribe was captured in battle they used to tattoo them, and when perfect kill them, and keep the heads as articles of merchandise. They used even to display the living heads to prospective buyers and then kill whichever was chosen! This got to such a pitch that the practice had to be stopped by law, and the supply of heads now having run short they have an ever-increasing market value. There are several specimens in the British and other museums. The average value of a good head is about $250.

Native methods of tattooing are usually very crude. After the Maori tattooist had been at work the face of the subject used to swell to such an extent that he had to be fed through a funnel. In Samoa and the Pacific Islands the natives use fish bones to pick the skin, with the result that cases of blood poisoning are frequent, while in parts of Central Africa a kind of "relief" work is done, dirt being introduced into the wounds so that they fester for months and eventually leave a raised whitish scar.

What He Ought to Do.

"Miggles," says the old friend, "you got me to give your brother a job a month ago, didn't you?"

"Yes, and I was mighty glad you took care of him. He's been the deadwood of the family for years. It was a deucedly clever thing of you to"—

"Well, I just wanted to say to you that if you want to make your pull good you'll have to come around and do his work for him."

How to Clean Old Ivory.

Antique ivory requires a good deal of care before it can be made to regain its original lustre and lose the dingy yellow tint which disfigures it. Prepared chalk, sal volatile and olive oil made into a paste should be rubbed on the ivory figure or carving with a piece of wash leather, a little more being then rubbed over it and left to dry on. When dry the powder will brush off easily.

Quick Changes.

Wife—Darling, I want a new gown.

Husband—But you had a new one only a short time ago.

Wife—Yes, but my friend Ellen is to be married, and I can't wear the same dress that I wore at her last wedding.

Cyprus Silk Export.

Silk cocoons to the weight of about 54 tons, and worth nearly $110,000, are exported from the British island of Cyprus in the course of a year.

This strong statement is made by Nicholas Burton, harnessmaker of this place,

Are They Comfortable ?

Many persons have difficulty in keeping their Spectacles from slipping down upon the nose and hurting the ears. We are fitting beautiful Spectacles of new form, that are the acme of comfort, and owing to the formation of the inconspicuous solid Gold Pads at the side of the nose, there is no marking of the nose crest or cutting behind the ears, and then too, they will not slip down. Optical Institute patrons who use them remark "That is the very kind of spectacles I have been looking for." A lady remarked "I would not do without those spectacles for $100.

Victor Collins

Victor Collins, 15 months old, son of Peter Collins, 468 Park street, passed away at about 6 o'clock last evening after a short illness.

The funeral took place at 3.30 o'clock to-day to St. Peter's cemetery.

INDIAN RIVER

Special Correspondence.

Indian River, April 29—Farmers are taking advantage of the fine weather now, by getting in their spring crop.

Mr. Stewart Elmhurst is about to accept a position at Hiawatha.

Mr. Walter Kidd, one of Indian River's prominent business men was unable to secure a competent milliner for spring season.

Mrs. George Lancaster and son, of Bowden, Alberta, are home on a visit to the former's parents, Mr. and Mrs. Henry Elmhurst.

Messrs. Stanley and Jim Comstock Westwood are contemplating a trip in this direction soon, to renew old acquaintances.

Much excitement took place here a few weeks ago, when the purse of one of our ladies was considerably lightened by a lodger who sought shelter for the night. The village constable, Mr. Whibbs, however, was informed, and the gentleman in question had not gone very far away when he was overtaken and forced to give back the booty. Lock your doors Indian River.

Report says that Messrs. Donald Hope and John Graham, may traverse the Atlantic to London, in June, to witness the coronation of King George V.

IMPORTANT TO LADIES

Prof. Dorenwend, of Toronto, begs to announce that he will be at the Oriental Hotel, on Friday, May 5th, with a complete display of the newest London, Paris and New York creations. You are invited to call and inspect his goods. 3d

The Style Store for Men and Boys

PROBABILITIES.
Fair and quite cool; frosts to-night. Fine and cool Wednesday.

THE DAILY REVIEW

REVIEW WANT ADS BRING RESULTS — One Cent a Word

VOL. LXII., No. 102. PETERBOROUGH, ONT., CANADA, TUESDAY, MAY 2, 1911. TEN CENTS PER WEEK.

Sir Wilfrid Laurier in 1889 to the Young Liberals of Toronto, said: "I tell you the Liberal party will never cease from the agitation until they triumph and obtain continental free trade. * * * Fixing our eyes steadily on the goal, we shall go on steadily until we reach *it*--unrestricted continental reciprocity."

OTHER THINGS WANTED IN WEST BESIDES RECIPROCITY

Manitoba Member Tells of Needs of the Prairie Farmers—The Exodus of Canadians.

Ottawa, May 2.—One of the most effective speeches of the reciprocity debate was delivered in the Commons yesterday by W. H. Sharpe of Lisgar, Man., a brother of Major Sharpe of North Ontario.

He voiced the needs of the west. Terminal elevators, a railway to Hudson Bay, chilled meat facilities, these things he demanded in the interests of the farmers. With these things to aid them, the question of tariff wall against farm products would be of no moment to the farmers. He showed that the fruit growers of British Columbia and the east, for instance, would have to assist the western farmers to get these facilities, yet the agreement would ruin the fruit industry of Canada. He was present, he said, when 1,500 fruit growers came to Ottawa and told the Premier that if the agreement went into effect, they would be ruined. Sir Wilfrid Laurier had replied to them that they were too late in coming. The member for Lisgar believed, however, that the people of the west were manly enough to pay a little more for their fruit for a little while longer and so save their brethren of British Columbia and the east.

Before the House rose Mr. Lennox intimated that the Farmers' Bank case would be reopened to-day.

When the House met yesterday Hon. Frank Oliver said: "I desire, Mr. Speaker, to call your attention to a matter which was brought to the attention of the House on Friday last by the Prime Minister, who referred to an article which had appeared in a Toronto paper, in which no names were mentioned. Since that time articles have appeared in other papers in which my name has been mentioned. I have not yet had an opportunity to consider these articles, but I hope to be able to make some observations on the matter to-morrow."

George H. Bradbury (Selkirk), after referring to the appointment of a royal commissioner by the Manitoba Government to discover if the titles to the property of the St. Peter's Indians, recently sold, were good, said that to enable the commision to arrive at a decision it was necessary to have the original documents, and asked if the Government would place these at the disposal of the commission.

Mr. Oliver said he was not desirous of impeding the work of the commission, but he had a certain responsibility regarding the documents. He promised a statement to-day.

On the motion to go into committee of ways and means R. L. Borden discussed the question of statistics of emigration from Canada to the United States, and from the United States to Canada. He quoted American statistics to show that during the year 1910, 94,006 Canadians entered the United States as emigrants. He said that if these figures were correct the balance in favor of Canada was a little less than 22,000. This was hardly what he would have expected.

Mr. Borden enquired if it was so that no statistics were available in Canada as to the number of departures to the United States.

Mr. Oliver nodded his assent.

Mr. Borden expressed his belief that it would be advisable to have comprehensive statistics as to the number of Canadians who went over to the United States. The people had been led to believe that this emigration had almost ceased, but evidently their belief was not based on a sure foundation.

Mr. Oliver said no doubt there was a considerable reciprocity in population. There had been in the past, and it would doubtless continue in the future. Nevertheless the Department considered the Canadian statistics of arrivals to be fairly accurate. To adopt the proposal suggested by Mr. Borden would mean a considerable increase in the cost of the service, which might not produce commensurate results. If authorized to do so by Parliament, the Department would be willing to undertake the work, but as no policy had been proposed which would prevent this immigration he doubted the expediency of the proposal.

Mr. Foster said that if the statistics of the emigration from Canada to the United States were given there would be a different tale to tell. It would be shown that there was only a small net gain. We were pluming ourselves on a basis which was not substantial. In the interests of true knowledge we should have the information.

Hon. Wm. Paterson suggested that household effects would provide a rough test. He found that household effects to the value of $2,760,137 had been taken into the United States by Canadians last year, whereas the value of household effects brought into Canada was $7,613,553. While not conclusive, he considered that these figures might indicate that the figures quoted by Mr. Borden were not wanted.

Richard Blain (Peel) said that this was a serious matter, the figures showing that we were sending as many people to the United States as that country was sending to Canada.

Dr. Schaffner said that the figures quoted by Mr. Paterson could be explained by the fact that the new arrivals in Western Canada were prosperous American farmers, with many effects, while on the other hand the movement from the Maritime Provinces to the United States was made up largely of young people. He said there was plenty of room for these people in the west.

C. A. Magrath said this was the most important of all questions, because it affected the life blood of the nation. It was highly desirable, he said, that we should have more complete and accurate statistics so that we would know the exact condition of affairs.

KITCH'S FUTURE

London, May 1.—The Military Mail says that Lord Kitchener's future rests on the results of the Imperial Conference. There are persistent rumors of the revival of the Commander-in-Chiefship with a far wider scope, in case of the adoption of a plan of reciprocal defence.

H. R. H. Duke of Connaught, 61 years of age yesterday, and hale and hearty.

Ottawa's New Health Officer.

Ottawa, May 2.—The Board of Health has declined to make a selection from the list of almost a dozen applicants for medical health officer. The choice was left to the City Council last night, but the board recommends that the salary be $4,000. The appointee must hold an Ontario medical certificate, which puts out of the running about half of the candidates

TRUE BILLS FOUND IN THE BANK CASES

Hon. J. R. Stratton and the Provisional Directors of the Farmers' Bank Must Stand Trial at the May Assizes--Hearing to Start To-morrow.

Special to the Review.

Toronto, May 2.—The Grand Jury at the May assizes returned true bills this morning against Hon. J. R. Stratton and the provisional directors of the Farmers' Bank for conspiracy to obtain the bank charter by fraud. The hearing of the case may be started to-morrow. George Lynch-Staunton, K.C., will be the Crown prosecutor. The provisional directors of the Bank are Alexander Lown, Alexander Fraser, John Ferguson and John Watson.

PLUMBERS WON OUT FOR INCREASE

St. Catherines Strikers to Get 35 Cents an Hour

Special to the Review.

St. Catharines, May 2.—The strike of the plumbers ended to-day and the men returned to employers granted an increase of thirty-five cents an hour.

ENGLISH MEMBER WOULD HAVE BAGOT TREATY ENDED

Government Staved off Question Regarding Violation on Great Lakes.

London, May 2.—A question asked in the House of Commons yesterday based on the campaign now being engineered by The London Morning Post, representative of the ultra tariff reform circles had reference to the Rush-Bagot treaty concerning war vessels on the Great Lakes.

Henry Page Croft, Unionist member for Christchurch, alleged that the treaty had been broken persistently as regards the number of ships and their tonnage, making the situation one of danger, because it must cause misunderstandings between Canada and the United States. He urged that the Government recommend that Canada abrogate the treaty.

Colonial Secretary Harcourt staved off the question by asking that the usual notice be given.

King Favors Earlier Hours.

London, May 2.—Folowing the ban on the hobble skirt by the Lord Chamberlain, inspired by the Queen, society is eagerly discussing King George's direction that future courts are to be held one hour earlier. The guests will begin to arrive at half-past eight, instead of half-past nine. The King and Queen will enter the throne room at half-past nine, instead of at half-past ten, which will permit the courts to be brought to a close at midnight instead of in the small hours.

King George is a firm believer in early hours. He told a friend recently that a man cannot expect to succeed in business if he does not being work till the day is half over, and he cannot begin early if he is up half the night.

The ruling will have a far-reaching result, leading to 7 o'clock dinners, and theatre performances beginning at 8 o'clock sharp.

ANGLO-GERMAN SOCIETY FORMED

To Promote Peace and Good-Will Between Countries.

London, May 2.—"The Anglo-German Friendship Society" was formally launched at a meeting in the Mansion House yesterday.

The object of the organization is to dissipate any ill-will and suspicion that may exist between the two nations, and the speaker referred to the movement as a fitting compliment to the great Anglo-American meeting at Guild Hall.

The Lord Mayor presided and the presence of such men as the Duke of Argyll, Sir Frederick C. Lascelles, formerly British ambassador at Berlin, and the Earl of Aberdeen, Lord Lieutenant of Ireland, all of whom are office holders in the new society, guarantees an earnest effort to promote more cordial popular relations between the two powers.

WARSHIPS SPEED TO THE RESCUE

Missionaries and Foreigners Are in Great Danger

Special to the Review.

Hong Kong, May 2.—German and British warships are steaming up the Canton River at full speed in an endeavor to rescue missionaries. Several are reported to have been killed in Kwang Tung province. The revolt is spreading and all foreigners are believed to be facing a grave danger.

PARIS HAS A LIVELY TIME

May Day Riots the Order in French Capital.

Troops and Laborites Clash—May Day Troubles.

Paris, May 2.—During the daylight hours the extra troops and those from the Paris garrison and the police had little trouble with the crowds of workingmen who gathered to celebrate May Day with great demonstrations, but late in the evening things took on a livelier aspect, and there were many collisions in the streets. About 7 o'clock in the evening hundreds of thousands of persons, for the most part spectators, gathered in the Place de la Concorde and the adjacent streets. The troops and police finally succeeded in dispersing them, and this district and the Champs Elysees took on their habitual aspect.

M. Lepine, prefect of Paris, announced that the disturbances had nowhere assumed a serious character, and that this May 1 had passed more quietly than ever before known.

About nine o'clock, however, several thousand manifestants reassembled before the big St. Paul Riding School, near the Bastile, and listened to internationalist and anti-militarist speeches by the revolutionary leaders Large forces of police and troops held the surrounding streets. A German workman, wearing a tri-color rosette in his buttonhole, declared amidst thunders of applause, in the name of his comrades, that in case of war the German workers would refuse to raise their weapons against their French comrades. The close of the meeting was marked by serious disturbances. The manifestations fought the police tooth and nail in the narrow streets of the old quarter for an hour before they were finally dispersed.

Many of the rioters were knocked down and trampled on by the chargers. A score of police were injured and many of the rioters were arrested.

Despatches from the provinces say that the customary labor celebration was held everywhere. They were practically without incident, except at St. Etienne, where the manifestants solemnly burned a copy of the Workmen's Pension Law in front of the City Hall. The troops had some trouble in dispersing them, and a number of the workmen were hurt or arrested.

Quiet Day In London

London, May 2.—No disorder accompanied the May Day demonstration here yesterday. A procession bearing red banners, bands playing the Marseillaise, marched from Victoria Embankment to Hyde Park. About 15,000 persons, more than half of them aliens, gathered there. Tom Mann, vice-president of the Workers' Union, who was the principal speaker, said it was shameful that the attendance of the workers was so small.

American Railway Men Out.

Chicago, May 2.—Mainteance of way employes of six railroads, numbering 2,500 men, struck last night when their demands for recognition of the union and a wage increase were refused.

The total number of men involved in strikes and lockouts in and near Chicago, as a result of May Day labor troubles, is estimated at 12,000.

TREATY TO BE FOR FIVE YEARS

Contains a Proviso for Canadian Sanction in Some Matters.

London, May 2.—The Daily Telegraph claims authority to state that the new Anglo-American peace convention is not likely to be signed for at least a fortnight, but that sufficient progress has been made to warrant a forecast of its subject matter.

According to The Telegraph, it is understood the agreement is to be for five years and that it will be a great advance over the treaty of 1907 and all similar treaties heretofore negotiated between first-class powers, inasmuch as it will contain no clause excluding matters of vital interest and affecting the independence of honor of the contracting states from arbitration.

Before the reference of any dispute to The Hague Court, it will be provided that the contracting parties shall conclude a special agreement clearly defining the matter in dispute, the scope of the arbitrators' powers and the period to be fixed for the formation of the arbitral tribunal. Such agreements on the part of the United States will be made by the President, with the advice and consent of the Senate, the British Government reserving the right, before concluding such an agreement in any matter affecting the vital interests of any self-governing dominion, to obtain the Dominion Government's concurrence therein.

Germany's Antarctic Expedition.

Hamburg, May 2.—The German Antarctic expedition will set sail on Wednesday on the steamer Deutschland. Yesterday Prince Henry of Prussia, made a final inspection of the vessel, and later gave a farewell luncheon for Commander Filchner.

ANNEXATION IS INEVITABLE AND WILL BE GOOD FOR ALL

DRAFT AGREED ON

London, Eng., May 1.—Harold Spencer, a well-informed political correspondent of the Morning Leader, says he understands that some days ago a draft of the Anglo-American treaty proposals already agreed upon was transmitted to the British government by James Bryce, ambassador at Washington.

Madden, of Illinois, Prophesies Day of Union is Coming—Free List is Assailed.

Washington, May 2.—Speeches on the farmers' free list bill in the House yesterday again sounded the note of Canadian annexation: traversed the whole range of argument concerning Canadian reciprocity, already disposed of by the House, and came back at time to specific attack upon or support of the free list bill, which has been pending for six days and gives promise of continuing for several more. At times less than a score of members were on the floor to hear the speech-making. Democratic Leader Underwood, at adjournment, expressed the hope that a vote may be reached Thursday or Friday, but many members wish to speak, and all desired time will be given.

Representative Madden of Illinois, in an hour's speech yesterday, touched the annexation issue.

"My hope is that if we can have closer commercial relations with the people of Canada," he said, "some day this relationship may blend the two peoples into one harmonious whole; and that the territory lying north of us may become a part of the United States, as it should be. I have always believed we should be one people, under one flag, and under one form of Government, and it will be better for us all when such a thing happens, if it ever does."

Messrs. Gillette of Massachusetts and Dyer of Missouri attacked the free list bill because it put jute bagging, used to bale cotton with, upon the free list, thereby threatening the bag-making industry of this country.

Mr. Cox of Indiana supported the bill and attacked opponents of the reciprocity measure recently passed.

Mr. Rucker of Colorado, Democrat, who voted against the Canadian reciprocity bill, attacked that measure in a speech favoring the free list bill. He said he had been criticized for not abiding by the action of the Democratic caucus in favor of reciprocity, but explained that he opposed the measure because he believed it unfair to the farmer.

In a speech lasting more than three hours, Senator Stone of Missouri, in the Senate yesterday, denounced what he declared to be an unjust propaganda to defeat the Canadian reciprocity bill. The attempt, he said, was being made to alarm the American people by painting the ruin that would follow the free importation of Canadian goods, the products of cheap labor. This contention, he declared, was absolutely untrue, as he submitted statistics gathered by both governments, designed to show that both labor and live stock were higher across the border than in the United States.

When Mr. Stone concluded Senator Gallinger asserted that the Missouri Senator had proved conclusively that there would not be the reduction in the cost of living which it had been contended, reciprocity would bring to the United States. Mr. Stone replied that he had not contended that in and of itself reciprocity would be of great benefit, but had undertaken to show that it would not produce great injury.

ANARCHY RIFE IN CANTON CITY

Chinese Province is Hot-bed of Rebellion.

Hong Kong, May 2.—Rebellion, brigandage, and anarchy are stalking through the western half of Kwang Tung Province, murdering, pillaging, and burning. The loyal troops are fighting desperately to crush the uprising, the seriousness of which is revealed in further despatches from Canton yesterday.

While the fighting was progressing in the streets Chinese gunboats patrolling the west river fired upon several parties of rebels, slaughtering 200 of them.

Retreating to the countryside the revolutionaries attacked and captured Sam Shui, thirty miles west of Canton, and murdered the prefect. The troops were put to flight, and the rebels moved on to Wen Chow and Woo Chow, both of which towns they took after slight resistance.

The viceroy of Canton, who took refuge on a gunboat after his palace was burned Wednesday night, has ordered troops to pursue the rebels in the country. The authorities appear from the latest advices to be in control at Canton. The gates of the city are closed, and no one is allowed to enter. A vigorous round-up of suspects is being made. Seven gunboats are anchored off the city.

The uprising began with a plot against the throne by anti-Manchus, who went to Canton in great numbers from Hong Kong. Their object was betrayed and the revolutionary movement was prematurely begun following an attempt to arrest the leaders. Successfully coped with in Canton, the revolutionaries appear to be abandoning that city and concentrating their attacks on the towns to the north and west. There are 30,000 troops in the capital of the province, and upon the loyalty of these the hope of the Government depends. Many of the troops have proved their faithfulness, and this appears to have influenced the greater body, suspected of disloyalty, to still obey the commands of their officers.

FIVE CHILDREN DIED IN FIRE

House Was Destroyed While Parents Were Absent

Special to the Review.

Quebec, May 2.—Five children of Phileas Patry were burned to death at their home at Saint Sophie Sunday night. Saint Sophie is in a remote part of Megantic county. The parents were absent at the time and returned to find their home destroyed and all five children dead.

HEARING OF THE DYNAMITERS

Probably be Held Thursday or Friday, This Week

Special to the Review.

Los Angeles, May 2.—The McNamara brothers and McManigal will probably have a hearing on Thursday or Friday of this week, according to the statement made by the district attorney to-day.

Limit to Use of Photos.

Washington, May 2.—The Supreme Court of the United States yesterday upheld the constitutionality of the New York statute forbidding the use of a photograph or name of another for trade or advertising purposes without the permission of the subject.

SEEN THROUGH FIELD GLASS

Canoist Saved From Drowning by Young Lady

Special to the Review.

Huntsville, May 2.—Prompt action by Miss Sparks, of this place, who, with a pair of field glasses, noticed A. M. Dewar, of Toronto, in the water he having been upset from his canoe, was responsible for the saving of the young man's life. Miss Sparks telephoned to Dorset and a rescue party started out reaching the exhausted man in the nick of time.

COAST HEROES

Medals Presented to Them by King George

Special to the Review.

London, May 2.—King George to-day personally presented thirty-six coast guardsmen with medals in recognition of their deeds of bravery.

BETWEEN YOU AND ME

The Georges of Ontario have, according to reports, received by Treasurer Coady, of Toronto, succeeded in raising $90 for the King's coronation gift. As it was intended to have raised at least $2,000,000, it will be seen that the Georges are only $1,999,910 short—a mere trifle.

—o—

Daniel O'Connell couldn't have made a more eloquent plea before a jury with a poor innocent to defend, than he did as chief counsel of the industrial commissioner last night.

—o—

There are only 230 dogs in Peterborough now. Have you noticed an increase in the supply of fine sausage lately?

—o—

Ninety dollars from all the Georges in Ontario would buy a couple creme de menthes for his kingship. The Georges are saving up for Christmas. But we're the goods all right, with a third of the total.

Catarrhal Bad Breath

Corrected Quickly by the Use of

Catarrhozone

Catarrh is an inflammation. Where there is inflammation there is always more or less offensive secretion. Inflammation may be of the very active sort, but it is often of the slow kind, and this is the particular form in which the breath is rendered offensive and the presence of the sufferer becomes an offence to every person of delicate sensibility.

Bad breath is in itself sufficient to urge you to correct it, because one dislikes to be unpleasant to their friends, but this form of catarrh is dangerous because it supplies a method for the development of Consumption or of other diseases of the throat and lungs.

Bad breath is an evidence that the microbes have found a good resting place and are carrying on their evil inroads into the health of the body.

Catarrhozone acts at once and destroys these minute organisms, but it does more—it heals the inflamed surfaces in which they found a nesting place and consequently removes both cause and effects of their action.

If we only highly estimated the value of prevention and used Catarrhozone at the beginning of a cold or just before it becomes well seated, the deadly ravages of Consumption would be stayed and the terrible agonies of sufferers of Asthma or Bronchitis completely abolished.

There is no remedy as effective for bad breath, Catarrh, Bronchitis, Asthma, etc., as Catarrhozone. Besides being healing and soothing it is germ destroying. Nothing ever offered to the public can compare with it in its promptness, efficiency, and permanency of action, and you can buy it from any dealer in medicine throughout the Dominion of Canada, 25c, 50c, and $1.00 sizes. By mail from The Catarrhozone Co., Buffalo, N.Y., and Kingston, Ont.

The Daily Review

TUESDAY, MAY 2, 1911.

SOME POLITICAL HISTORY

Although nearly ninety years of age, Sir Charles Tupper is still able to forcibly argue public questions. Writing from his residence near London, England, Sir Charles answers Mr. Fielding's declaration that he was never an annexationist with crushing force. Sir Charles points out that at the time he and Sir John Macdonald were engaged in putting through confederation, Mr. Fielding was working for a man who openly declared for an appeal to the United States on behalf of Nova Scotia.

Sir Charles refers to the fact that Sir Wilfrid Laurier had no part in the creating of the great Dominion, whose star in the firmament of empire is now of the first magnitude. Sir Wilfrid Laurier was among the Rouges of Quebec at that time, bitterly opposing confederation. And in 1891 Sir Wilfrid Laurier was in open league with the annexationists of the United States. It was this battle that cost Sir John Macdonald his life, when he was fighting a desperate battle to prevent Laurier from carrying unrestricted reciprocity and commercial union. At that time that campaign meant a common tariff on this continent against Great Britain, but this blow at imperial connection did not matter to Sir Wilfrid Laurier.

It was before this election, in 1889, that Sir Wilfrid Laurier, speaking to the Young Liberals of Toronto, made this statement:

"I have read the history of unrestricted reciprocity in this way—that every reform has cost to the reformer years of labor, and those years of labor I, for one, am ready to give, though the Democrats may be defeated in the States, and though Canadians may grow faint-hearted in Canada, the Liberal party as long as I have anything to do with it, will remain true to the cause until that cause is successful. I will not expect to win in a day, but I am prepared to remain in the cool shade of Opposition until the cause has triumphed, and you shall never hear a complaint from me. I tell you the Liberal party will never cease from the agitation until they triumph and obtain continental free trade. We are asked, sometimes, gentlemen, what is the program of the Liberal party. This is the program of the Liberal party: To obtain a continental freedom of trade. Success will certainly crown our efforts at no distant day. Fixing our eyes steadily on the goal, we shall go on steadily until we reach it—unrestricted continental reciprocity."

And not daring to put into effect this undying purpose, Sir Wilfrid Laurier proposes as an opening wedge toward this goal, restricted reciprocity. If Sir Wilfrid Laurier will not come forward with a repudiation of his statement made when allied with Wiman & Co., it must still stand as his ultimate hope and object. Sir John Macdonald, in his last appeal in 1891 said: "A British subject I was born; a British subject I will die. With my last breath will I oppose this veiled treason, that seeks by sordid means and mercenary proffers to draw our people from their allegiance." The same old question is still here, in perhaps a modified form, and Sir Wilfrid Laurier has given his latest exemplification of the 1889 determination to seek continental free trade in his determination to stay away from the Imperial Conference in order to put through reciprocity with the United States.

A FAIR OFFER

The Hamilton Herald, (Independent) and a supporter of reciprocity, considers Mr. Borden's proposal to enable Premier Laurier to attend the coronation and imperial conference a very fair and reasonable one. It was the only proposition the opposition could make, and maintain its position on the reciprocity question. The Herald says;

The leader of the opposition at Ottawa is determined that he and his supporters shall not justly incur any blame for the failure of the prime minister to attend the imperial conference. Mr. Borden made a fair proposal to the government yesterday. In the interests of Canada and the empire, he said, Sir Wilfrid Laurier ought to be present at the imperial conference, where weighty matters are to be discussed. If Sir Wilfrid is disinclined to entrust the leadership of the house to Mr. Fielding or any other minister, Mr. Borden suggests two alternatives; either let the reciprocity question go over to another session and bring the present session to an early close, or adjourn parliament for three or four months, resuming in the autumn. If the latter alternative be adopted, Mr. Borden promised that the opposition would agree to vote supplies sufficient for the period of adjournment.

This proposition is a reasonable one. If it is rejected, and if the premier elects to stay in Ottawa, the opposition will be relieved of the blame of preventing Sir Wilfrid's attendance at the imperial conference. It is unfair and indeed rather absurd to charge that in making his proposition Mr. Borden was assuming to dictate to the government. A suggestion made for the purpose of facilitating public business is not dictation. By rejecting the opposition leader's well-meant overtures, Sir Wilfrid will put himself and the government in the wrong.

INDUSTRIAL COMMISSIONER

At the council meeting last night the referring of the re-engagement of Commissioner Duggan to the committee of the whole council, to discuss the matter at more length, left this matter in more or less indefinite shape for the time being. The representations of the members of the members of the Board of Trade were quite strong in favor of Mr. Duggan's re-engagement, although some of the arguments used by the two speakers representing the Board were rather weak and colorless. However that is not the point. The question facing the council, which has to decide the matter alone because it is the city money entirely that is being used to sustain the office, is whether the city has got value for its money, or is there a prospect of it getting some value in another year.

The business men of the city seem to be entirely in favor of the retaining of Mr. Duggan. It is argued with some force that no one can properly look after the peculiar work of the commissioner unless his whole time is given to it. It is a one-man-all-the-time job. That being admitted, it becomes necessary to consider whether the office should be retained, or abandoned. To claim that a commissioner should show direct and tangible results within a year of appointment might be justified under favorable circumstances; but where the circumstances are not favorable, it takes time to create an impression. In Peterborough's case Mr. Duggan has had many adverse influences to cope with. Hamilton and Welland and a few other places have been able within the year to get big factories. Within three or four months of his appointment the publicity commissioner of Hamilton—a newspaper man—succeeded in landing the Oliver Plow Company, which will erect a $2,000,000 plant in Hamilton. He has been able in less than a year to get half a dozen other good factories, but these came before the reciprocity pact was announced, and it may be more difficult to get American firms to locate in Canada after this. The situation in Hamilton is considerably more favorable, however, than Peterborough, it being a large manufacturing city, and in the case of the Oliver company, the presence of the International Harvester company was a great advantage.

To say that Mr. Duggan should have got new industries during his first year is to say that he should have done a very difficult thing. Even at present, under existing conditions the prospect does not seem encouraging. But if the other work of the commissioner will lead to the altering of conditions to a more favorable status, so that later on Peterborough can get factories coming, the money on the office will be money well spent.

Mr. Duggan has apparently worked faithfully and energetically, and his mistakes, if mistakes there be, have been confined to methods of procedure, in not perhaps sufficiently regarding the formalities of official life. These should not be counted against him in the consideration of the office, but, of course, city business should be conducted in the regular official channels. Under the circumstances, the view of most of the people is that it would be a mistake to abandon the office at present. If something were to come from Mr. Duggan's efforts in the power question it would well repay the city, as this is the crux of the factory-getting situation.

WHAT OTHER EDITORS SAY

BENEFIT MIDDLEMAN

Financial Chronicle

Some wise people fail to see how it is possible for any argument to be used against the Reciprocity agreement in Canada, which will not tell in its favour in the United States. For instance, if one of the effects is to be a levelling down of prices obtainable by the Canadian farmer for his produce, the effect must be, according to them, a tendency to reduce the cost of living in the United States. Senator McCumber of North Dakota, does not share this view. He claims that the only person in the United States to benefit will be the middleman. He bases his opinion upon the undeniable fact that the amount which the duty upon raw materials adds to the cost of food products in the United States bears so small a ratio to the retail cost in the American home markets, of those products, as to be scarcely worth consideration. He says with great truth; "The money which the consumer pays for food products in the United States, is not paid to the farmer, who supplied the raw material It consists principally of the enormous price paid for the labour devoted to the manufacture of articles of food, their transportation, handling, and marketing, added to the thousand-and-one little payments, which we call over-head charges, imposed on it after it leaves the farmer's hands." As an illustration he takes the case of wheat. A bushel makes seventy-five five cent loaves. If the ten cents a bushel were added to the cost of the baked bread, it would increase it exactly one thirty-seventh of one cent a loaf. Taking the duty off wheat, we decrease the cost of bread by the same amount. Will the duty make any difference in the price of bread to the consumer? To ask the question, is to answer it. Another case instanced is that of beef. A 1,200 pound steer sells for $50 or $60. Butchered, it dresses down to 800 pounds, and beef and by products retail for $133. The Senator observes; "The retailer gets 125 per cent. more for it than the farmer did, and followed to the first-class restaurants we find that the beef for which the farmer gets but $80 is disposed of to the ultimate consumer for not less than $2,500."

$100 REWARD $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

"What do you propose to do?"

It was Carson's voice through the trumpet, but it sounded sweet to Shayne. He had no idea of any manner in which the Virginia would aid him, but the sickening speed with which he was driving out to sea made anything welcome as a modification of his despair.

"Do you understand?" shouted Carson. "You are lost if you drift on. Drop your painter, and I'll give you a tow!"

Swallowing his pride, Shayne ordered the painter dropped. The Virginia, running easily into the wind, dropped back, took the line and, with a word of cheer, walked up into the blast, pulled the painter taut and, like a tug with a freighter, threw herself against the pressure of the immense gas bag, and for the first time the people on the aeronat's deck clung fast and turned their faces from the wind as they felt its stroke.

"Hurrah!" came the cry from the engine room. "She's holding us!"

For a moment she did, and then she droped the painter, and the abandoned Roc fell off before the storm again. The aeronef, having shown her power, had quitted its exercise. But the Virginia again drew close in.

"Put on your life preservers!" cried Carson. "I'm going to put you in the water."

"No, you'll not!" said Shayne. "Willett, keep her up and run before it. We'll circle the whirl and make shore."

"Mr. Willett," said Carson, "do as I say or as there is a God in heaven I'll go above, rip your envelope and let you drop from wherever you happen to be! If Mr. Shayne interferes confine him, and take orders from me—or drop from here!"

The second engineer went forward to Mr. Shayne. The answer of the others was to set the depressor screws going, and the doomed Roc, now quite over the sea, dropped nearer and nearer to the waves.

"Now," said Carson, "I'll tell you why I turned you adrift. Your envelope won't stand the strain. It had started to cave in at the bow, and in another moment it would have ripped open and dropped you. But I'm going to give it the test. If the Roc can stand the strain I believe I can tow her and land you. If she doesn't I shall drop you into the Atlantic, you'll collapse, and I can tow you in the water easily. Put on your life preservers! Hurry!"

Again the Virginia took the painter aboard and surged against the gale, but this time drifting with the wind while the life preservers were adjusted. Carson was confronted with a fearful alternative. If he let the Roc got out to sea she had a bare chance, though no such escape was recorded. On the other hand, dropping her in the water was an expedient full of danger. The collapsed envelope might blanket the passengers and drown them; some might be hit by breaking beams or stunned by concussion with the water from a badly judged height. And Virginia! Yet, weighing the chances, he did not hesitate.

"All ready?" he shouted.

"No!" cried Shayne. "Come back here!"

"All ready, Willett?" asked Carson.

"Yes!" cried Willett. "Go ahead!"

Slowly crowding on power, the Virginia fought forward into the storm. The painter strained taut as a steel bar, and Carson wondered if it would hold. Suddenly a rainy gust bore down on them in fury, the envelope of the Roc crushed in at the bow with an awful ripping sound, and the huge steely bubble—longer than a city block, higher than a four story building—became a ragged cloud of tattered fragments and, with all on board, fell into the Atlantic and floated in a shapeless mass of wreckage.

Carson looked down to see whether the form he loved was smothered under the torn fabric or floating free, but never halted for the drowning or the living. He let out fifty yards of line he had made fast to the painter to give slack for the Roc's fall, and then with frenzied eagerness he dragged the whole huge mass ashore, and as the Virginia alighted on the beach her skipper, leaping out, began a fierce onslaught on the wreckage, seeking in its chaotic mass for her whose drenched form he dreaded to see.

CHAPTER XIX.

FINALE.

THEODORE carried Virginia to a seaside cottage just in process of being put in order for its owners.

"Tell me, dearest," he kept whispering, "that you are safe—safe!"

Virginia, wet, draggled, her strong little form resembling a rough cast statue of some one quite irresistibly shapely, silently hung about his neck.

"You love me!" said he. "I'm not going to let you leave me again, darling!"

She squeezed his hand in gratitude. Carson went out radiant, meeting Craighead with the red mantilla on his arm.

"You all do know this mantle," said he, "but not the soul of paltry in things great. Ethically, this is a lost damosel snatched from a watery grave as she went down in the penultimate descent. I put my confounded life in pawn—for what? For a mere trumpery kickshaw of silk with no more woman in it than a rabbit. Rotten! Rotten! This 'ere rescue ain't up to sample!"

"Craighead," said Carson, "I want you to run an errand, and be serious. Run for a doctor, Craighead. I believe she loves me."

Pacing up and down the veranda, Carson was in a delicious disturbance of spirits. He forgot Shayne and his wife, but ran down to see the Virginia and found in charge the village constable.

"I know the rules of these cases," said he to Carson. "When you give this to the papers say something about the way the police end of it was handled."

"Thank you," said Carson, having made sure that the Virginia was intact. "I shan't see any reporters."

"Sure you will," said the thoughtful constable. "I've sent f'r them!"

The doctor, a nervous little man with no voice, whispered to Carson that his wife, meaning Virginia, was uninjured and urging him to go in and quiet her by his presence.

"Neurology my specialty," said he slyly in Carson's ear. "Left big practice in Philadelphia on account of nervous prostration. Acute neuropath-

"BUT ACCIDENT! NOTHING TO IT."

ic symptoms in your very beautiful young wife, sir—but accident! Nothing to it!"

Carson explained, with some neuropathic symptoms of his own, that the young lady was not his wife.

"Excuse me!" whispered the doctor, on tiptoe. "As to whose the mistake is, yours or mine, omission or commission, can't say, but pardon me, just the same. Must go now. Other patients, you know. My card!"

And, slipping his card to Theodore with the air of a man seeking to establish a connection in the castaway trade, he whispered himself out, being replaced almost immediately by two local representatives of the metropolitan press, to whom Theodore resolutely refused to say a word beyond the statement that the Roc was wrecked and that the passengers were saved. This, however, did not prevent them from sending in highly colored accounts of the wreck and of the sensational assistance accorded her by the Virginia aeronef—which were expanded in the city offices into the sensation of the day. Shayne of Aerostatic Power had violated the Craighead injunction in the Roc! Craighead, Carson and the Shaynes were together in a New Jersey village! Rumors and canards on 'change and the curb! Extras and red type on yellow first pages! But the real sensation was not known until afterward.

Craighead was a long time gone, returning with a perspiring man carrying a notary's seal in one hand, a huge volume under one arm and a flat book like an exaggerated check book under the other. Following them were a tall, angular, serious looking gentleman in wading boots, his eyes covered with immense blue goggles—a French chauffeur if one might judge by certain strong proofs in garments and feature; a life saving crew from up the coast who had just arrived after a long distance view of the wreck and several water side characters belonging in a New Jersey way to the Captain Harrod class. The man with the books seemed tired with his burden and was using occasional strong words.

"Set down, set down your honorable load," said Craighead, "if honor may be harried with a curse. Fellow citizens, we are delighted with what we have seen of your little city. The climate is lovely, the air fresh and the water warm. We like it. What do you call it?"

Carson drew Craighead aside and suggested dry clothes.

"FRUIT-A-TIVES" BRINGS THE HAPPINESS OF HEALTH

"Fruit-a-tives" cures Stomach Troubles because it cures the Liver, Kidneys, Bowels and Skin.

Indigestion etc. is not usually the fault of the stomach itself. The bowels are irregular—the kidneys are weak or strained—the skin is inactive—and consequently the blood is impure. It is the impure blood that really makes bad digestion.

"Fruit-a-tives" purifies the blood by making all the vital organs active and healthy—which in turn relieves the stomach. Take "Fruit-a-tives" if you want to get rid of all Stomach Troubles and faults of Digestion.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

THE MARKETS

Latest Quotations in Grain, Dairy Products, Live Stock Etc.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

CHICAGO, May 1.—New buying of wheat was given impetus to-day because the monthly deliveries here went into strong hands. A liberal portion of the advance failed to outlast the session; but the market closed steady at prices varying from Saturday night's level to 3-4 above. Corn finished 1-2 to 3-4 up, oats with a gain of 1-8, 1-4 to 3-4, and hog products irregular, strung out from 2 1-2c to 5c decline to 5c higher.

The Liverpool market closed to-day unchanged to ¼d higher on wheat, and ¼d to ⅜d higher on corn, compared with Saturday. Antwerp closed unchanged on wheat; Buda Pest, ⅛c higher.

Liverpool Grain and Produce.

LIVERPOOL, May 1.—Closing—Wheat, spot, dull; No. 2 red western winter, no stock. Futures, firm; May, 6s 10¾d; July, 6s 10⅛d; Oct., 6s 9d. Flour, Winter patents, quiet, 27s 6d. Hops in London, Pacific coast, firm, £4 15s to £5 15s.

Montreal Grain and Produce.

MONTREAL, May 1.—The foreign demand for Manitoba spring wheat shows no improvement, in fact there was not a single firm bid in the market. The enquiry for oats was good, but bids in most cases were ½c per bushel out of line and only a few loads were sold. The local market is firm with a steady demand. Flour is quiet. Demand for bran and shorts is good.

Oats—Canadian western, No. 2, 40¼c to 40½c, car lots, ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39¼c to 39½c; No. 2 local white, 38¼c to 38½c; No. 3 local white, 37¾c to 38c; No. 4 local white, 36¼c to 37c. Flour—Manitoba spring wheat patents, firsts, $5.30; seconds, $4.80; winter wheat patents, $4.50; strong bakers', $4.60; straight rollers, $4 to $4.25; in bags, $1.80 to $1.90. Rolled oats—Per barrel, $4.35; bag of 90 lbs., $2.05. Corn—American No. 3 yellow, 50c to 60½c. Millfeed—Bran, Ontario, $23 to $24; Manitoba, $22 to $23; middlings, Ontario, $24 to $25; shorts, Manitoba, $23 to $24; mouillie, $25 to $30.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11¾c.

Butter—Choicest, 20½c to 21c; seconds, 18c to 20c.

CATTLE MARKETS.

Union Stock Yards.

TORONTO, May 1.—Receipts of live stock at the Union Stock Yards wtre 66 carloads, consisting of 1345 cattle, 40 hogs, 84 sheep and lambs, 44 calves and 40 horses.

Exporters.

There were 620 cattle bought for the British markets, as follows: For London, 477 steers, at an average of $5.83; for Liverpool, 143 steers, at an average of $5.63.

Butchers.

Prime picked lots, $5.80; loads of good, $5.50 to $5.75; medium, $5.20 to $5.45; common, $4.80 to $5.15; cows were firm, at $3.50 to $5.25; bulls, $4.25 to $4.75.

Stockers and Feeders.

C. Zeagman & Sons bought one load of feeders, 800 to 1000 lbs. each, at $4.80 to $5.25.

Milkers and Springers.

Fred Rowntree bought six milkers and springers, all that were on the market, at $45 to $85 each.

Veal Calves.

Veal calves sold at $3 to $6.50 per cwt., or an average of about $5.50.

Sheep and Lambs.

Sheep, ewes, sold at $4.75 to $5.25; rams, $3.50 to $4; yearling Ontario Lambs, $6 to $6.50 per cwt.; spring lambs, $4 to $6.50 each.

Hogs.

Dealers report another drop of 30c per cwt. Selects, fed and watered, at $6.30, and $6 to drovers for hogs f.o.b. cars at country points.

Montreal Live Stock.

MONTREAL, May 1.—At the Montreal Stock Yards, West End Market, the receipts of live stock for the week ending April 29, were 1550 cattle, 475 sheep and lambs, 2000 hogs and 2470 calves. The offerings on the market this morning consisted of 1000 cattle, 200 sheep and lambs, 1000 hogs and 300 calves.

A rather easier feeling prevailed in the market for cattle on account of the increased supply, but as this was offset to some extent by the exceptionally good quality of the stock in many cases, no actual change in prices took place. The gathering of buyers was large and the demand was good and a fairly active trade was done, which resulted in a good clearance being made. Choice steers sold at 6½c, good at 6c to 6¼c, fairly good at 5½c to 5¾c, fair at 5c to 5¼c, common at 4¼c to 4¾c per lb. There were a number of choice cows, which brought 5¼c to 5½c, and the lower grades from that down to 3½c per lb. A few good to choice heavy bulls sold at 5c to 5½c per lb.

A steady feeling prevailed in the market for hogs, owing to the fact that the offerings were smaller, and this, coupled with the improved demand from packers, as some of them were short of stock, tended to make the competition between buyers keener, and a more active trade was done, sales of selected lots being made at $6.75 per cwt., weighed off the cars. The trade in small meats was quiet, owing to the limited supply and the tone of the market for all lines was steady. A few old sheep sold at from $4 to $6 each; spring lambs, $5 to $7, and calves, $2 to $6 each, as to size and quality.

East Buffalo Cattle Market.

EAST BUFFALO, N.Y., May 1.—Cattle—Receipts, 5000 head; market, slow and lower; prime steers, $5 to $6.15; shipping steers, $5.50 to $5.85; butcher grades, $5.25 to $6; heifers, $4.50 to $5.75; cows, $3.50 to $5; bulls, $3.50 to $5.25; milch cows and springers, $20 to $65.

Calves—Receipts, 2250 head; market active and firm; cull to choice, $4.50 to $6.40.

Sheep and Lambs—Receipts, 17,000 head; market, active and higher; choice lambs, $5.75 to $5.90; cull to fair, $4.50 to $5.60; yearlings, $4.50 to $4.75; sheep, $2 to $4.25.

Hogs—Receipts, 17,000 head; market, active and lower; yorkers, $6.30 to $6.35; pigs, $6.40; mixed, $6.25 to $6.30; heavy, $6.15 to $6.20; rough, $5 to $5.25; stags, $4 to $4.50.

Chicago Live Stock.

CHICAGO, Ill., May 1.—Union Stock Yards—Hogs—Receipts, 65,000 head; market weak, 15c lower. Mixed and butchers, $5.70 to $6; good heavy, $5.75 to $5.95; rough heavy, $5.55 to $5.70; light, $5.70 to $6.05; pigs, $5.50 to $6; bulk, $5.85 to $6.

Cattle—Receipts, 22,000 head; market, steady. Beeves, $4.[illegible] to $[illegible]; cows and heifers, $2.40 to $5.[illegible]; stockers and feeders, $4.10 to $5.40; Texans, $4.75 to $5.50; calves, $5 to $5.75.

City of Three Kings.

Do you know what city has been given the name of the City of Three Kings? It is Cologne, in Germany, and the reason is that it is in Cologne that the three "kings," or "magi," or "wise men," who went to Bethlehem to offer gifts to the infant Jesus are supposed to be buried. According to an ancient legend, their bones were brought from Milan to Cologne by the Emperor Frederick Barbarossa in 1162 and presented to the archbishop of Cologne. Visitors to the cathedral are shown the supposed souls of the magi, studded with diamonds and inscribed with the wise men's names in rubies.—St. James' Gazette.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. CONSULTING the TIME-TABLE

AFTER THE TRAIN IS MISSED DOESN'T ADD VERY MUCH TO THE BEAUTY OF THE STATION

No, nor will wasting time moaning over yesterday's failures make successes out of to-day's opportunities.

Neither doth it profit a man to learn, after a fire, that the company some one recommended was "N.G." You can't change it then. To-day you can select the best.

You aim for the BEST when you select a bank or take a partner in business. WHY NOT DO THIS IN FIRE INSURANCE? The value of a fire insurance policy depends largely upon the character and methods of the company which issues it. Our aim in this advertisnig is to get property owners to use the same foresight about fire insurance that they do about other business matters. We will accomplist much if we succeed. Demand a policy in any of the following Companies, and you have the best:

The Semi-ready Chesterfield

The Semi-ready Raincoat

.... It's not a descriptive word—"Semi-ready tailoring."

.... It's the name of a firm of wholesale tailors

.... who tailor on a new and perfect system of physique type forms,

.... ensuring a correct and individual fit, or a return of the buyer's money.

Ready-made clothiers would have you believe that "Semi-ready" is only a new way of making ready-made clothes, and that theirs are "just as good." But Semi-ready is *tailoring*—it's not factory-made, not ready-made, but it is specialized tailoring on a perfect physique type system.

No matter what your shape, weight, height or your normal or peculiar build—there's a Semi-ready type made to fit you.

HARRY ADAMS

REV. G. W. RAY AT PARK ST. CHURCH

Held the Interest of Large Audience—Will Speak Again To-night

The Park street Baptist church was well filled by a large and representative audience which turned out to hear Rev. G. W. Ray, F.R.G.S., give his most instructive lecture on "Life Among the Savages of South America."

The lime light views were about the best pictures seen in Peterborough for some time. They were large, well put on and above all graphically explained by the lecturer.

The many scenes of life in Brazil, Buenos Ayres and other places, were most beautiful.

In a manner so simple and yet so real, Senor Ray carried his audience, through the Argentine Republic, Brazil, Bolivia, Paraguay, Uruguay and the audience became so enthusiastically interested that at the close of the lecture by a unanimous request they voted for Mr. Ray to remain over and continue his wonderful talk about this more wonderful country to-night.

"We cannot speak too highly of the entertainment given last night. It is no common affair, but an instructive, educational treat that both young should hear. To-night Senor Ray will continue his lecture, giving special attention to the many curios, which last night he was unable to explain. All should see the man, the peculiar dress he will wear, and listen to his weird Indian chants, see him on the battle-field.

It will be an education to learn of the terrible degradation of this people, where all the aged ones are buried alive, and to hear of the laughable marriage customs.

OFFICERS OF ST. JAMES' LEAGUE

Reports on Work of Year Show Admirable Progress

At the regular meeting of the Epworth League of St. James' Methodist church reports of the respective departments on the work of the year showed admirable progress. The meeting was of much interest, and included the monthly consecration service. Officers for the year were elected as follows—

President—Mr. J. J. Goodwin (re-elected).
1st Vice-President—Miss Bacon.
2nd Vice-President—Mr. Wm. McLaren.
3rd Vice-President—Miss L. Drake
4th Vice-President—Miss Morris.
5th Vice-President—Mr. Bedword.
Secretary—Miss Frost.
Reporter—Miss Mamie Drake.
Treasurer—Miss Kidd.
Organist—Miss A. Lee.

McDONALD TO GO TO COBOURG

"Mousie" Faces the Regular Charge of Vagrancy

Thomas McDonald, better known as "Mousie," made his regular visit to our fair city, and as of old, he appeared before his Worship in the role of vagrant.

"Mousie" belongs to Cobourg, and he was taken back at noon.

Edward Flaherty was charged with dumping refuse on Water street, alongside the "Goose Pond." Magistrate Dumble ordered boards to be posted up to-day stating that there must not be any garbage thrown on the streets.

THE SIXTEENTH ANNIVERSARY

Of Park Street Church to be Observed May 14 and 15

The sixteenth annual anniversary of the Park St. Baptist church will be held on May 14th and 15th.

Rev. Dr. Sowerby, of College St. Baptist church, Toronto, will preach morning and evening on Sunday. Dr. Sowerby is one of the best orators of the Baptist denomination, and the management is to be congratulated upon securing such a fine speaker.

On Monday evening a congregational tea will be held, at which there will also be a good program.

WHERE ARE ALL THE DOGGIES?

Only Two Hundred and Thirty One Tags Given Out

Apparently many dogs are promenading without a pass. Only two hundred and thirty-one dog owners have purchased the necessary tag. Yesterday was the last day of the old dog year, and either the animals have been done away with or there are a great many owners without the price.

In 1910 seven hundred tags were purchased, and that was less than usual, as in 1908 there were eight hundred and fifty.

Dog owners had better hurry to the city clerk's office and get the necessary piece of lead, as they are liable to be called upon for a couple of dollars in the police court.

285 Bargain Annex Event | Wednesday, May 3rd, 1911.

PREPARE FOR INAUGURATION OF THE CHIMES

Committees Should Get to Work and Make Arrangements

It is expected that the Reception Committee will meet shortly to consider the matter in reference to Coronation Day, and which was referred to them by the City Council last night. It is suggested that a committee from the Council, 57th Regiment, Board of Education and Chimes Committee co-operate in this matter, and assist in a celebration worthy of the day and occasion. It is a long time since Peterborough has had a celebration and a unique opportunity is presented in the inauguration of the People's Chimes. It is also suggested that an old boys' reunion be held. But whether this arrangement is made or not a large number of former Peterborough citizens will return here for the day.

In view of the importance of the occasion steps should be taken immediately. Celebrations will be held elsewhere, and this will mean the engagement of public men. There seems no reason why Peterborough should not come out before the whole province if the arrangements are properly handled.

A number of representative citizens were at the meeting last night, but through some mistake the opportunity to address the Council was lost.

ALL SAINTS' W. G.

Officers Elected at the Annual Meeting

At the annual meeting of the Women's Guild of All Saints Church, in the Parish Hall last evening, the following officers were elected.

Hon. Pres.—Mrs. Lundy.
President—Mrs. Babcock.

COUNCIL WILL FURTHER DISCUSS THE COMMISSIONERSHIP--FIREMEN MUST RESIGN

Board of Trade Members Champion the Industrial Commissioner and Ask That He be Retained—Majority of Two for Adoption of Fire, Water and Light Report—Heavy Budget of Business.

Seats at the City Council chamber last night were at a premium, the attendance being made up of members of the Board of Trade, Board of Education, representatives of local industrial concerns, and other citizens, who came to the meeting, no doubt, with the expectation that there would be something doing. And there was.

The council decided to leave the matter regarding the office of industrial commissioner over for further discussion by the committee of the whole council.

The report of the Fire, Water and Light Committee, which called for the resignation of Deputy Fire Chief Grange and Captain Sam Thomas was adopted, and the men will now have to vacate their positions.

These two matters called for the largest share of consideration, and a decision was arrived at only after a good deal had been said on each.

His Worship Mayor Morrow occupied the chair, and all the aldermen were present.

Ald. Bradburn was later welcomed back after his three months' trip to the coast, and he acknowledged the kindness of the council in granting him the leave of absence and also an extension of time.

A number of communications were read by the clerk and referred to committees, after which his Worship noted the presence of the Board of Education members, and on motion, Mr. John Crane, chairman of the Board, was asked to speak.

$16,000 FOR SCHOOL IMPROVEMENTS

Mr. Crane said the improvements at the schools were necessary, and it was desirable that the work go on during the summer holidays. At the King Edward eight rooms, with an average of fifty pupils were in use, and it was necessary to open up the other four rooms, which had been allowed for in the building of the school, but yet remained undone. At present there was no proper accomodation for thirty pupils, and they could only attend for the half day. By September 1 two rooms would be needed. The South Central school could not be used as a relieving point because it too was overcrowded.

At the old Collegiate building a new heating and ventilating system was needed, along with other repairs to the building. At the Central school the lavatories, halls and rooms need repair.

"It has always been a fire trap and a wretched place to get out of in case of fire," said Mr. Crane. "We want to put in two vestibules; do away with all stairways; make the ventilation better, and renew the floors."

The estimated cost of such was $16,000.

"Wouldn't it be better to spend some of that money on the East and West Ward schools?" asked Ald. Duncan, as Mr. Crane concluded.

He replied that those two schools were a separate consideration. The improvements now before the Board were urgent, and the Board felt that the work must be done.

"These repairs are absolutely needed," said Dr. Morrison, when asked to speak. "There is a difference of opinion in the minds of some citizens and the press, but I think the improvements would make the Central school a modern and up-to-date school. I think it would be a great misfortune to tear down the building and attempt to build a new one. I am in favor of modernizing the schools and making them up-to-date."

On motion of Ald. Duncan and Ald. Brown, the matter was referred to the Finance Committee.

CENTRAL PARK MEETINGS

G. W. Mulligan asked the council on behalf of Gospel Hall, for the privilege of holding gospel song services in the park on Sunday evenings.

On motion of Ald. Morgan and Ald. Anderson the request was granted.

COMMISSIONER TO BE RETAINED ?

Ald. Buller read the report of the Manufacturers' Committee, and Ald. Duncan arose with an objection to clause one, which read as follows—

"That the department of the industrial commissioner be continued for another year, and that the matter of engaging a commissioner and other matters in connection with the office be left with this committee, together with three representatives of the Board of Trade with power to act, and that the city treasurer be authorized to make payments out of the appropriation made for this department on the order of the committee."

Ald. Duncan, seconded by Ald. Graham, moved that the matter be referred to the Manufacturers' Committee for a report back to the council.

The adoption of the report was moved by Ald. Buller and Ald. Edgar, and at this juncture Mr. D. O'Connell asked for permission to speak.

Mr. O'Connell, as a member of the Board of Trade, and as one of the committee which had to do with the engagement of the industrial commissioner, commenced at the bottom and explained the particulars of the engagement; of how the Board of Trade had succeeded in securing subscription to between $2,600 and $2,700 and having done this, the council gave $2,000 towards the maintenance of the department; of how great care had been undertaken in the selection of a man who, in the opinion of the committee, would be fit to fill such a position; of how some one hundred applications were received from points as far west as Winnipeg and as far east as Montreal; and how it was finally decided to accept Mr. Duggan, who came highly recommended, and with flattering testimonials.

"He has lived up to the representations made to us. He has been eminently satisfactory to the Board of Trade," said Mr. O'Connell.

The speaker went on to explain how Mr. Duggan had given all his time to his office, often working late into the night. He had been carrying on a great deal of correspondence and that he had not been successful in bringing enterprises to the city was not to be surprised at. All that he would be expected to do in the first year was to lay the foundation. The results would come. His services were entirely under the direction of the Board of Trade, and during his term he had spent a great deal of time on the power question. He had secured an ample report from the Hydro Electric Commissioner. He had been instructed to get a report on power and had been successful in putting before the citizens of Peterborough information which before they had never been favored with. Such information, in the estimation of the speaker, would have cost the city between $3,500 and $4,000, had the city engineer been instructed to secure it.

Then Mr. O'Connell told of the visit of Hon. Adam Beck and the incidental presentation of the report, he said, which came as a surprise. Now, the Board of Trade and the committee felt that no graver mistake could possibly be made than that of doing away with the services of the commissioner. In conclusion, Mr. O'Connell said, "I would urge that in dealing with this matter, you gratify the wishes of the citizens, the committee and the Board of Trade and retain the services of the gentleman who has filled the office so well the past year.

"I understand that notices were sent out, that the report would be presented," said his Worship.

"I did not know Mr. Beck was coming until the day he arrived," answered Mr. O'Connell, "I got a telegram from him a few hours before he came. That was all I heard."

W. H. DENHAM.

Mr. W. H. Denham spoke strongly against the office being discontinued. He said he had been in conference with Mr. Duggan and he had done an immense amount of work.

"He has done wonderful work as far as I can see," remarked Mr. Denham. "The fact of industries not coming to Peterborough is not his fault."

Regarding the report, Mr. Denham said he had been simply told that Mr. Beck would give an address and that he did not know the report was the regular one and a surprise.

Ald. Duncan—"In moving my amendment it was not my intention to do away with the office, but I think the council should go into the matter thoroughly or send it back to the committee.

Ald. Buller—"It has been to the committee once and we threshed it out at the meeting this afternoon."

Ald. Morgan—"I for one opposed the appointment of a commissioner in the first place and I wanted to cut his salary, but I believe I have been converted. The commissioner might do a good work in bringing excursions to Peterborough. He can spend his time on the power question for if we get the power the industries will come. I would like to have time to think the matter over and would like to see it referred to the council or committee.

Ald. Duncan—"I will change my amendment and refer the matter to the committee of the whole council.

THE FIREMEN MUST RESIGN

Ald. Morgan read the report of the Fire, Water and Light Committee and Ald. Buller took exception to two clauses. The first was the recommendation that the Goodyear Company be given the order for hose for the fire department.

"This hose matter needs to be threshed out," he held. The only hose recommended is the Paragon hose, the best on the market and the only durable hose. You save ten cents a foot, but lose $1 another way, by this recommendation.

"I also move that clause five be struck out. The fire chief has full control of the fire department, and it is a big mistake for the council to interfere."

Ald. Anderson in seconding the motion, held that the discharge of the two men would be a mistake. The council had the statement of the fire chief that they were both trustworthy and efficient.

"So far as I can find out they have done nothing that their resignations should be asked for," said the East Ward alderman. "The chief has full charge and if there is anything wrong he is the man to deal with the trouble."

Ald. Brown—"I don't wish to ask the men for their resignations, but if they have been hitting up the council, let us ask them to apologize. We ought

BASEBALL CLUB TO HOLD MEETING

This Thursday Evening at the Oriental Parlors

A meeting of the Peterborough Baseball Club will be held at the parlors of the Oriental Hotel, Thursday evening at eight o'clock.

It is necessary that active and immediate steps be taken, in the interests of the baseball game for this season and considerable business will, it is expected, be transacted at this meeting.

LEAFS LOST IN THE THIRTEENTH

Lush Pitched Good Ball But Grey Hit Timely

Providence, R.I., May 1.—A hit by Elson in the thirteenth, which scored Perry from third, gave the Greys the fourth straight victory over the Toronto Leafs here to-day by 3 to 2. Kelley's men drove Maroney off the slab in the eighth and scored two runs, but could not do anything with Dale. Lush pitched grand ball at times, but timely batting by the Greys gave them the runs necessary to win. Dale saved his game in the ninth inning with a single with two men gone, sending Tarleton in from second with the tying run.

The game was a great battle of pitchers up to the eighth, with hits few and far between, but in this session Maroney weakened and hit two men, which, with three hits, gave the Leafs their two runs. Phelps opened with a single to centre, and Mullen was hit. Vaughn sacrificed both along, and Lush got a hit past third, scoring Phelps. Delahanty was hit, filling the bases, and Keeler pushed a single to right, sending Mullen home. Maroney was taken out and Dale went in. Shaw, batting for O'Hara, flied to Rock, and Jordan to Tarleton.

Providence won the game in the thirteenth inning.

OVAL TENNIS CLUB OFFICERS

Miss B. Gillespie is Secretary for This Season

The Nicholls Oval Tennis Club had a very enthusiastic meeting in the Y.M.C.A. parlors last night, when the officers for the season were elected and other business transacted.

The officers were elected as follows:—

President—L. Turner.

Vice-President—T. Butler.

Sec.-Treas.—Miss B. Gillespie.

Executive—Misses Lightfoot and Logan, with Messrs. Edmison and H. Downie.

A vote of thanks was tendered the retiring officers.

The club expects to have a successful season.

FOOTBALL

The Y.M.C.A. football enthusiasts are requested to turn out for practice on Riverside Park, Thursday evening of this week.

The regular practice nights will be Monday and Thursday of each week and as there will only be one practice before the game on Saturday with Knox, everyone is expected out.

The team made a good showing last Saturday without any practice but there is room for improvement.

BASEBALL

A City Juvenile Baseball League will be formed at the Y.M.C.A. Thursday evening.

Anyone who was not 16 years old by May 1, 1911, may play in this league. Teams which are not already connected with some other league would do well to send a representative.

BASEBALL YESTERDAY.

Eastern League Standing.

Clubs.	Won.	Lost.	Pct.
Providence	8	2	.800
Rochester	6	3	.667
Toronto	6	4	.600
Baltimore	5	4	.556
Montreal	4	5	.444
Buffalo	4	6	.400
Newark	3	7	.300
Jersey City	2	7	.222

Monday's scores: Providence 3, Toronto 2; Rochester 7, Baltimore 3; Newark 6, Buffalo 5; Montreal at Jersey City, rain.

Tuesday games—Rochester at Baltimore is the only game scheduled.

National League Standing.

Clubs.	Won.	Lost.	Pct.
Philadelphia	12	3	.800
Chicago	10	6	.625
Pittsburg	8	5	.615
New York	8	5	.615
Cincinnati	4	6	.400
Boston	5	11	.294
Brooklyn	4	10	.286
St. Louis	3	8	.273

Monday's scores: Philadelphia 3, Boston 1. Rain prevented other games in this league.

Tuesday's games: Boston at Philadelphia, New York at Brooklyn, Chicago at Pittsburg.

American League Standing.

Clubs.	Won.	Lost.	Pct.
Detroit	14	2	.875
New York	7	5	.583
Chicago	7	7	.500
Boston	7	7	.500
Washington	6	7	.462
Philadelphia	6	8	.429
Cleveland	6	10	.375
St. Louis	4	11	.267

Monday's scores: Detroit 14, Cleveland 5; Boston 3, Washington 2. Rain prevented the New York v. Philadelphia and St. Louis v. Chicago games.

Tuesday's games: Philadelphia at New York, Detroit at St. Louis, Chicago at Cleveland, Washington at Boston.

Mustn't Smuggle Furs.

Washington, May 2.—Chief Wilkie, acting head of the special customs bureau, warns all Americans who intend to buy furs in Canada this summer to make sure that their purchases will be delivered in a legitimate manner and not smuggled in.

Many Americans who bought furs in good faith last year in Toronto, Montreal and Quebec, expecting them to be delivered duty free, have been obliged to pay heavy penalties.

Chief Wilkie says all who make purchases abroad to be delivered duty paid, should take receipts showing that fact.

McGill Students Arrested.

Montreal, May 2.—Dan Gilmore, son of Senator Gilmore, and "Buster" Matheson, were arrested Saturday on a charge of burning the carriage occupied by Hon. Clifford Sifton at the anti-reciprocity demonstration in Montreal on March 20 last. "Bunny" Prise was also charged, but he will not be in town till the hearing on Friday.

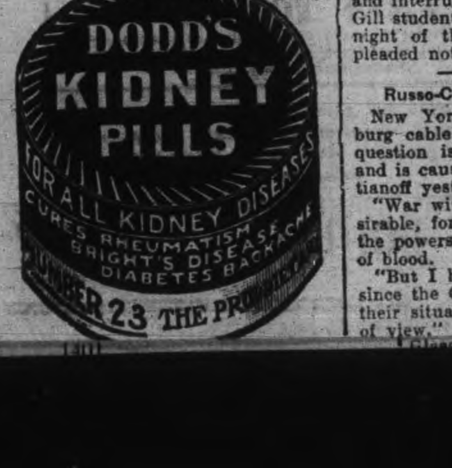
All three are McGill men, Liberals, and interrupted the procession of McGill students to the Windsor Hall the night of the Sifton meeting. They pleaded not guilty.

Russo-Chinese War Prospects.

New York, May 2.—A St. Petersburg cable says: The Russo-Chinese question is again to the front here and is causing anxiety. Gen. M. Martianoff yesterday said:

"War with China is in no way desirable, for it would be profitable to the powers who will not shed a drop of blood.

"But I believe this war will come, since the Chinese are mistaken as to their situation from a military point of view."



COUNCIL WILL FURTHER DISCUSS COMMISSIONERSHIP

(Continued from page 5)

to have this matter arranged in a satisfactory manner.

Ald. Anderson—"What have they to apologize for?"

Ald. Brown—"The chief has admitted firing a man who wrote the letter. Now the report is that the two men were implicated in the matter."

Ald. Anderson—"Were the statements in the letter correct?"

Ald. Brown—"They were false."

Ald. Buller.—"Ald. Brown should have an apology, if the men did anything and if they did I believe they certainly would apologize. But we're not living in Russia. We're living in Canada, where every man has his freedom. I think it is shameful to handle these men as they have have been. (Applause.)

Ald. Graham—"There has been junk sold and nothing but trouble."

Mayor Morrow—"Ask the firemen to appear. They have not been given a chance to say if they wrote the letter or not.

Ald. Brown—"If they say Ald. Kerneghan is as big a liar as Ananias, they should apologize."

Ald. Metheral—"Ald. Anderson asks what they done."

Ald. Kerneghan made a remark at the Fire Water and Light Committee meeting, in regard to the matter of leaving hose on the streets. What the firemen did was to write a letter about him. Can't an alderman make a statement without being taken up by the fire brigade, and others who write a letter, calling him a liar? This poor innocent fool, who could write and they knew it, was asked to write the letter and he gave it to these men and it was sent to the papers and published. The committee when deciding on the salary question, said that they would not stand for any more trouble at the department and asked for the discharge of the one who wrote the letter. The chief discharged the man and sent a letter to the council. Who is the guilty party?

"I say the right man was not punished.

"I have been asked by merchants and others why the committee did not resign if they couldn't get their reports passed. This thing can go on and on and we will always have trouble.

In one case Grange said he did not see certain things which seven or eight men said they did, and which the chief said was correct, thus making Grange out to be lying. The men will say that the trouble is not on account of wages. The last man who left, King by name, had been on duty all night. What did he do? He didn't blacken the chief's boots in the morning, and the chief hounded him so that he quit.

Ald. Kerneghan—I had the chief come and visit me and I told him that unless the men would apologize, that the committee would ask for their resignation. Nothing was done.

Mayor Morrow—"I would ask the men to apologize before dealing with the matter."

Ald. Metheral—"He did ask for it."

Ald. Morgan—"We were promised an uptodate fire department and it is not fair to the citizens. I know Mr. Grange is hard to get along with."

On the vote being taken on the amendment of Ald. Buller and Anderson it stood:—

Yeas.—Ald Buller, Bradburn, Edgar and Anderson.

Nays—Ald. Duncan, Metheral, Kerneghan, Brown, Graham and Morgan.

The whole report was then adopted and the men will be asked to resign.

SOME BY-LAWS

The following by-laws were passed:

By-law to amend the Dog By-law and making the license fee for a kennel $10.

By-law to authorize agreement with Queen City Oil Co., for the supply of oil for the city streets at four cents per gallon.

By-law in respect to local improvements.

By-law to increase the salary of Medical Health Officer to $800.

By-law to establish a Board of Management for the Queen Mary Isolation Hospital.

By-law to authorize the execution of a conveyance to the Peterborough Cereal Co. Ltd.

By-law to authorize an agreement with the C.P.R. in connection with the Georgian Bay and Seaboard line.

By-law to authorize a grant of $150 to the Salvation Army Band for band concerts in Victoria Park.

OTHER BUSINESS

From Henry Moore and Thomas Mark and others asking that the proposed sidewalk north of Smith Street on Aylmer be constructed outside the tree line. Mr. Moore was present and said he didn't wish the sidewalk to come as far as his residence, as the work would necessitate the destroying part of his lawn which at the point where the sidewalk would pass is made up of a high bank. He wanted the sidewalk crossing to be laid north of his house, the present crossing to remain.

The matter was referred to the Board of Works with power to act. Mr. Moore will be notified.

PROTESTANT HOME

Ald. Duncan asked that the City Trust Commission give the Board of the Protestant Home a deed of the property on the Hilliard estate, so that work can be proceeded with.

The City Solicitor, informed the Council that the by-law of agreement had been handed over to the solicitor for the Home.

Just as soon as approval is given to the agreement, a meeting will be held and the matter regarding the property arranged.

Ald. Brown and Edgar moved that the matter of painting the stand at Central Park, be left in the hands of the Property Committee. Carried.

Ald. Kerneghan brought forward a complaint regarding a cesspool at Isolation Hospital, and the trouble will receive attention.

er for use on the streets before oiling. Ald. Metheral replied that he had conferred with the agent, but he had no authority to purchase the sweeper. On motion of Ald. Morgan Morgan and Anderson, the Board of Works was authorized to purchase the sweeper.

THE CHIMES

Rev. Canon Davidson wrote asking if June 22, Coronation Day, as the proposed date for the inauguration of the People's Chimes, would be proclaimed a holiday.

The matter was sent on to the Reception Committee for a report.

BOARD OF WORKS RECOMMENDATION

All recommendations of the Board of Works were passed. The following, however have not been published, before:—

We recommend that the walks on the Central Park be raised as may be decided by the chairman and the City Engineer.

We recommend that the bridge on Smith street over the Downe street creek be rebuilt.

We recommend that the west approach to the Smith street bridge over the river be raised and the lamps placed on the bridge and the wiring put in position for them.

We recommend that the following work be done on the streets named:

Victoria Avenue—The west end gravelled.

Smith street—To be repaired east of Reid street.

Bethune street—To be graded from Smith street to Aberdeen avenue.

Benson Avenue—The hill to be cut down and the low part near the Normal School to be filled up.

Aberdeen Avenue—To be graded north of Benson Avenue.

Caddy street—To be graded.

Concession street—The culvert over the creek to be rebuilt.

Rogers street—To be gravelled north and south of Douro street.

Burnham street—The stones to be raked off and the street repaired.

Sophia street—To be gravelled.

Water street—The manhole at Edinburgh street and the sewer at that point to be repaired and the street to be graded and gravelled between Dublin and Antrim streets.

George street—A catch basin to be put in between Dublin and Edinburgh streets.

Water street—A catch basin to be put in at Dublin street.

Brock street—A crossing to be constructed at J. E. A. Fitzgerald's office.

All of which is respectfully submitted.

ALD. METHERAL,
Chairman.

AGREEMENT OF CITY AND C.P.R.

During the reading of the by-law of agreement between the city and the C.P.R., by which the city turns over certain waterfront property to the company for the sum of $10,000 the property to be used for the erecting of freight sheds, in connection with the Georgian Bay and Seaboard line, Ald Duncan moved seconded by Ald. Brown, that in the event of protection being needed in connection with track crossing at Simcoe Street, east, the company pay for such.

An amendment was moved and seconded by Ald. Buller that the clause suggested by the previous motion be not inserted in the agreement.

A vote was taken, and the amendment carried, Ald. Bradburn who occupied the chair at this time, casting the deciding vote.

G. W. Hatton was present in the interests of the C.P.R. and remarked after the by-law had passed, that "it was now up to the C.P.R. to spend some money here, and that they were going to spend considerable money in Peterboro.

RETAING WALL AND WATER MAIN

Mr. J. H. Larmonth was present in regard to the proposition, by which the Auburn Power Co., is given permission to build a retaining wall, in return for which the city is permitted to construct a water main across the proposed dam of the company, so that fire protection may be given the Auburn Woolen Mills.

The city's first intention was to lay a 6 inch pipe and the company agreed to pay for the cost of the pipe. Now, the pipe to be used is 10 inches and the company is willing to pay for the cost of a 6 inch pipe if the city pays the difference between that and a 10 inch pipe, the company to lay the latter.

The matter was referred to the Board of Works with power to act.

Mr Larmonth could not give any date as to when the bridge would be constructed.

PROPERTY FOR MORE PARKS

The other recommendation in the report of the Manufacturers' Committee, read by Ald. Buller, was adopted. It was as follows:—

That a by-law be submitted to the electors to provide for purchasing that part of Park Lot No. 3, between George and Aylmer streets, to add to the King Edward Park; of lots 9 and 10, north of Hunter and west of Mark streets, and of land in the west for a park or play ground, and that this committee make further enquiries regarding land in the west for this purpose.

FINANCE COMMITTEE.

Gentlemen,—Your Finance Committee beg leave to report as follows:—

1. Your committee has sold the following debentures to the Peterborough City Trust:—$10,000 for waterworks extensions, $6,[illegible] for frontage portion of sewers, and $7,778.06 for frontage portion of concrete walks, and authorized the chairman and city treasurer to dispose of the balance of the local improvement debentures at the best price obtainable.

2. We recommend that the tax collector be instructed to have the roll for 1910 returned by May 15th next.

3. We recommend that the usual grant of $150 be made to the Salvation Army band on the usual terms.

4. We recommend that the following accounts be paid:—

Adopted.

Morgan After Telephones.

Cincinnati, O., May 2.—With the buying of the Bowling Green Home Telephone Co., in Kentucky, the first of a series of large purchases, which will entail an expenditure of $25,000,000, has just been completed. The lines, which have practically been secured, are in the south and west.

J. Pierpont Morgan is said to be back of this project. Certain telephone officials in Cincinnati say he intends eventually to secure every independent company in this country and that he is now in control of a majority of the stock of the Bell Telephone Co.

Given Nurse's Kit.

Toronto, May 2.—Officers and teachers of North Parkdale Methodist Church Sunday School presented Miss Maud Hewitson of 104 Wright avenue, with a nurse's kit yesterday afternoon.

Miss Hewitson has been a teacher in the Sunday school for the past six years and has resigned, intending to train at the Nursing At Home Mission, which has "the Ward" for its field of operations.

Indian Burned to Death.

Montreal, May 2.—Mrs. Saiswenre Stacey, the 65-year-old wife of Tarongata Stacey, a venerable Indian resident of Caughnawaga, was burned to death in the destruction of her home by fire yesterday morning between two and three o'clock. Her husband, a man of 72, escaped with his life only by leaping from a second storey window. He is suffering from a badly contused shoulder and internal injuries.

Senator Gets $8,000 Job.

Ottawa, May 2.—Sir Wilfrid Laurier in the House yesterday afternoon announced the appointment of Senator Roy, of Edmonton, as Canadian representative in Paris. The appointment was foreshadowed some time ago. The salary is $8,000.

DIET AND AGE.

Proper Eating Would Insure Better Health and Longer Life.

Medical experts, insurance men, educators and teachers of the science of health and happiness generally are in favor of simpler living and a return to nature. The mortality of adult age—of the period between forty and sixty—is increasing, but it is not due to the stress of modern life, to worry and overwork, as some have supposed. It is due, we are assured, to overeating and bad diets. There is every reason why we should live longer and be healthier, for comforts are increasing and inventions are lessening toil and anxiety. But our very prosperity has led to richer and ampler diets, and there is where the mischief lies—there, and in our indoor life. We shun nature; we shut out light and air; we walk little and seldom eat or rest in the open air, in gardens, fields or on porches.

This is all wrong, and the wages of this wrong are ill health, depression, gloom, the shortening of the natural span of life. Habits of outdoor life should be formed early—at school. As much teaching as possible should be done in the open air—and as much playing likewise. After graduation boys and girls should continue to cultivate the outdoor life and families should continue the practice.—Chicago Record-Herald.

Telephone Lies.

At One Hundred and First street and Broadway a man was talking into a telephone. Presently he was heard to say: "All right, I'll come. I am now at Twenty-third street and Broadway. I'll be up in about half an hour."

"That chap seems to have lost his bearings," said a man who had overheard the error in locality.

"He knows where he is all right," said a drug clerk. "He's just putting up a bluff. It is quite a common bluff. Men who have a mighty high regard for truth at all other times do not hesitate to tell a whopper about where they are when talking over the telephone. I have heard persons swear over that wire that they were telephoning from points all the way from Hoboken to Amityville. They were not seasoned liars, either; just wanted a few minutes' grace apparently and thought the easiest way to get it was to make out they were a mile or two farther away than they really were."—New York Press.

Custom In Spain.

One thing specially is vital in Spain; "Costumbre," they say ("It is the custom"). It explains commercial honor tersely for the Spanish business man to keep his word and pay his bills; exactly as it is equally customary for him to lack what we call "honor" in some other departments of life. It is customary to do or not to do, to like or not to like, a thousand things. Why? "Custombre" is the only reply. It is customary, moreover, not to yield readily to an improvement or a luxury, even as it is again equally customary, once the Spaniard has yielded to a given thing, to hold to it like adamant. —Arthur Stanley Riggs in Century.

THE KING AS A BUSINESS MAN

His Majesty's Work for the Coronation.—Buckingham Palace Is Controlled Like a Battleship.

The King is taking the most active personal interest in every detail of the Coronation, and his Majesty is at present one of the hardest-worked men in his empire.

Indeed, the King's energy is a revelation to those about the Court who had not been brought into close touch with him before he ascended the throne. And not less than his energy, his business ability.

It is no exaggeration to say that his Majesty has revolutionized life at Court, and has brought new methods to bear on the work of a Sovereign. He has made kingship into a business with a man at its head who insists on being conversant with every one of its ramifications and details, and on seeing that it is conducted on the most modern lines.

As one who has occasion to see him almost daily in connection with the arrangements for the Coronation described it to The Daily Mirror:—

"The King has introduced the methods of the battleship into Buckingham Palace. No one walks there now; everyone moves at the double; they are all on the run."

Busy Workroom.

"The King sits at a large writing table in his study overlooking Constitution Hill, a row of speaking-tubes on his left, a couple of telephones on his right. In the room below is Sir Arthur Bigge's office.

"When you go in the King looks up, attends to you, and then turns at once to the next person. He seems to be able to look after a dozen things at a time.

"In the midst of a conversation his Majesty will break off to give an order to someone who has just come in, or to make an inquiry down the speaking tubes, or on the telephone to some Crown department. Then he turns to you again.

"Then his Majesty deals with the matter that has brought you there promptly and decisively, and without any waste of words; just a quiet 'Very well,' 'Please do!' or 'No, I'm afraid that won't do!'

Arranging for Foreign Guests.

"The last few days the King has been very busy over the lists of foreign and Colonial guests; he sees every name, assigns the actual quarters each person is to occupy, decides who is to be in attendance, and how many servants are to be at the visitors' disposal—every detail is attended to and ticked off on lists and plans as he works.

"But it is the same with all his work; not merely the Coronation arrangements. All the so-called routine of State; it is no mere routine, perfunctorily performed, in his case.

"The King wants to know all about everything, and does know, too; and he is not content simply to check and approve other people's work. He has his own very decided views on most subjects, and people have found out that his view is generally correct. He is not afraid of forming opinions, and seeing that they are acted on.

"And his Majesty sees to it that there is no delay or idleness; he is constantly making inquiries as to the progress matters are making, wanting to know why things are not completed, and so on.

"Why! The King has had swing baize doors fitted to many of the rooms to expedite matters—no opening or shutting of doors.

"Buckingham Palace is a hive to day, and the King is the busiest bee in it. There is no fussing. Quietly, very quietly and calmly directing and controlling and keeping everyone up to the mark, the King is always cool and quiet, but always decided."

PRINCESS PATRICIA OF CONNAUGHT

Daughter of the Duke of Connaught.

Royalty and th Children.

The decision that the King and Queen will drive to the Crystal Palace to watch how their 100,000 child guests are enjoying the fete means the addition of another important event to the list of memorable functions of this Coronation summer. Five times their Majesties will make progress through the streets of London. On May 12, they drive to the Crystal Palace to attend the Imperial concert arranged in connection with the opening of the Festival of Empire. On June 22 there is the historic Coronation procession [illegible] day following the royal progress through London; on June 29 the royal visit to the Guildhall and the return through North London; and on June 30 the second drive to the Crystal Palace.

Seventeen hundred emigrants left [illegible]

From a recent photograph.

MANY THRONES FOR THE KING

The One Most Familiar to the Public is That on the Dias in the House of Lords

Most people talk about the throne of England as if it were a special armchair on which the King sat daily, but, as a matter of fact, there is no officially recognized throne, and it has become a metaphorical symbol of monarchy, just as "the Crown" has become practically captured by the law courts.

One would naturally, perhaps, look for the throne proper at Windsor. It surely should be the King's "Windsor chair," and, as a matter of fact, there is both a throne and a throne-room in the ancient fortress and palace, but it is probably the very last chair our Sailor King would be likely to be found seated upon if one could pay an afternoon call. And, so far from this throne being unique, there is actually one at each of the Royal palaces, and it is probable that the one at Buckingham Palace is the more generally used, inasmuch as most ceremonial occasions take place there.

The Coronation Chair.

The King may be said to have a suite of thrones—or shall we say a set of "occasional thrones"?—on each of which he probably sits at least once. Certainly he only sits on a single occasion upon one of them—that is the Coronation Chair in Westminster Abbey—the worm-eaten, battered, lion-footed old oak settle which contains the Stone of Destiny, and upon which all the King's predecessors since Edward II. have been crowned. That chair might, perhaps, claim to be the throne of the Empire, as it is infinitely the most ancient, and inasmuch as the King must sit upon it to be crowned.

It is not at all likely that the King would sit upon it often, even if it were in his "ain ingle-nook," because it is an extremely uncomfortable chair. It stands, year in and year out, in the chapel of Edward the Confessor, where it was first placed by Edward I., and it is only removed for the Coronation, when, covered with gold brocade, it is set under the lantern, between the choir and the altar.

Probably the throne most familiar to the public is the great creation which stands upon a dias in the House of Lords. It is often mentioned in the newspapers quite apart from the opening of Parliament—the only occasion upon which it is actually used as a seat. Often a phrase like this occurs: "Mr. John Burns, who is greatly interested in this Bill, listened to the debate from the steps of the throne." A beautiful rail separates this "Royal seat of Kings" from the faithful peers.

At the Court of St. James's.

But it is not everybody who realizes that the Palace of Westminster—the correct name for the Parliamentary Houses—contains a second throne. This is placed in the King's Robing-Room and is used by the King when he is putting on his regal garb before entering the House of Peers to read the "Speech from the Throne."

As a matter of fact, the official throne of these realms is the one at James's Palace, that very ordinary looking building at the foot of St. James's-street. All Ambassadors are accredited to this Court, and, in the eyes of foreign Governments, it stands for the majesty of Britain. Its throne is a very handsome one, and stands under a magnificent and most ornate canopy.

Though the throne at Windsor is but little used, it is unique in one respect. It is really an Eastern throne, after the style of the one we read of in the records of King Solomon, for it is composed entirely of ivory, and was the gift of one of the Princes of India.

It would seem to have been the custom in ancient times to crown kings on a stone, for not only is there the ancient Stone of Scone in the Coronation Chair, but visitors to Kingston-on-Thames can see in the market place the ancient Coronation Stone of England. Why the Scottish Stone should be preferred to the stone upon which Alfred the Great was crowned it is hard to say, and why the one should be housed in the Abbey and the other exposed to wind and weather near Kingston's busy market place is still more of a puzzle. Surely that old stone is the true throne of England!—Tit-Bits.

Trouble resulting from May Day [illegible]

HAT ORNAMENTS.

Trimmings That May Be Successfully Made at Home.

GARDENIA QUITE POPULAR.

The Latest Fancy, However, Is a Bunch of White Grapes—Make One of These Designs For Your Spring Chapeau. White Kid Lends Itself to Various Attractive Designs.

The vogue for white kid as trimming for hats has reached a point where the needlewoman can step safely to the rescue. Any of these ornaments can be made at home from white kid purchased at a leather store or cut with clever fingers from discarded gloves. These ornaments can be cleaned, they are soft and of light weight, and if you wish a touch of water color can be added.

The round form is of kid and gold braid. On a disk of heavy scrim the long strip of kid is shirred, allowing a space in the center. The outer edge is held in place under the heavy gilt cord, and a wheel of the same is used for the center of the whole ornament. This is quite easily formed at home and in this season of millinery simplicity is sufficient decoration for an outing hat.

Gardenias of white kid are made of several round petals, with four or five smaller ones with irregular edges. The gardenia can be tinted with pink and changed by the wave of a brush to a camellia. Such is life!

Perhaps the latest is a bunch of grapes in white kid on the black. In the form of a poppy the white kid petals are held in the center by a cluster of yellow stamens. These can be bought at any millinery department.

GARDENIA AND A SMART ROUND ORNAMENT OF KID.

and the form of each petal is sufficiently clear to guide you in cutting it out of the leather. A wire stem is covered and attached at the base.

Cotton is used, and circular pieces of white kid about the size of a fifty cent piece are gathered around the wadding. The grapes are attached to a triangular foundation of black net and a wire stem covered with a narrow strip of kid wrapped around it.

The kid wing on wire, a military fan of two or three rows of plaited or fluted leather, a jeweled buckle—these you have seen, perhaps, on hats. It is now urged that you make an ornament for that little hat of the season.

Spool Holders.

Did you ever go hastily to your sewing basket and find all the thread unwound and tangled? If you ever did you will appreciate the very simple holder for spools of cotton and silk described here. In size and scope it may be varied as you please, but the sample described is just about what the average housewife needs.

The foundation is a board 12 by 8 inches and a half inch thick. Into this drive two rows of six long nails, each long enough, that is, for their points to project through to the other side the length (almost) of a spool.

On the board mark in plain letters above the top row "20, 30, 40, 50, 60, 70." In the top row put your black thread of the corresponding number, in your bottom row your white.

If you wish to add a row of colored silks, mark them also, the proper color under each.

So that the spools shall not fall off the nails drop a bit of hot sealing wax at the top of each nail. This will prevent hurting the hand on the sharp nails also. When the spool is exhausted it is easy enough to knock off the sealing wax and apply new.

Put screw eyes at the back of this board and hang it up by your work table or sewing machine. You will find it one of the most useful articles in the room.

Cranberry Muffins.

Beat one-third of a cupful of butter to a cream. Gradually beat in one-fourth of a cupful of sugar, then one egg, beaten light; three-fourths of a cupful of milk and two cups of sifted flour, sifted again with two rounding teaspoonfuls of baking powder and half a teaspoonful of salt. When well mixed beat in one cup of cranberries, cut in halves. Bake about twenty-five minutes in a well buttered muffin pan.

BANQUET FOR THE MERCHANTS

With Address by H. A. Harrington of Retail Association of Canada

Mr. H. A. Harrington, of Toronto, representing the Retail Merchants' Association of Canada, is in the city in connection with the interests of association, and a banquet is to be held at the Hotel National Thursday evening, at which he will have something interesting to say to the members of the local Merchants' Association.

Mr. Harrington is thoroughly acquainted, and can speak with authority on the present day issues and their relation to Canadian merchants. What he will have to say will be of interest to every merchant in Peterborough, and a large attendance is anticipated.

On Thursday, May 4, steamer Islinda will leave Lakefield on arrival of morning train for the lakes, returning to connect with afternoon 4.40 train. Stoney Lake Navigation Co. 1d

THE HEBERT CASE

Toronto Ministerial Association to Push It

Toronto, May 2.—At last the Protestant indignation against the Ne Temere decree is to result in definite action. With plenty of financial backing from the different denominations the Hebert case, of Montreal, where husband and wife were separated after living together three years, will be taken to the privy council of London for the final decision of the biggest court of the empire. Pending this decision, none of the home governments will be memorialized as was at first intended, and the matter will stand as it now is until this decision is handed down.

This was decided on yesterday at a special meeting of a committee appointed by the Toronto Ministerial Association to deal with the question of mixed marriages.

Letters of sympathy and encouragement have been received by the committee from Bishop Farthing of the Church of England, and Rev. William Corkley, of Belfast Ireland, who have both been raising objections to the decree in Britain.

TO CONTROL C.P.R.

Rumor That Standard Oil is After Great Railway

Montreal, May 1.—The Star to-day publishes a sensational story to the effect that the Standard Oil Co. are about to obtain control of the C.P.R. and then, through control of the road, force Canada into annexation. Ever since the reciprocity treaty was first suggested the Star has been making sensational statements regarding annexation. The latest story in part follows—

"Although Sir Thomas Shaughnessy has laughingly dismissed the idea of the Standard Oil Co. seeking to acquire a controlling interest in the stock of the Canadian Pacific Railway, the rumor has aroused extraordinary interest in railway circles, and is being much discussed to-day among leading officials. It is pointed out as a remarkable fact that ever since the reciprocity agreement has been in the air the price of Canadian Pacific stock has been steadily advancing, until now it is considerably higher than at any time in its history."

The Government has bought a strip of 150 feet of Amherstburg waterfront and will erect a dock for Government boats.

FREAK STYLES MUST BE BANNED

The Manufacturers' Association Decrees New Styles

Toledo, Ohio, May 1.—All freakish styles such as the hobble and harem skirts, will have to be dropped, according to the edict of the National Suit and Shirt Manufacturers' Association in convention here to-day. Next fall and winter the women of the United States and Canada will have to wear, according to the decision reached by the styles committee, the following styles if they expect to be strictly in it:

Suits—The prevailing length of suit jackets for fall will be approximately twenty-eight inches. Shorter lengths will be favored for demi-tailored or fancy models. The strictly tailored styles may be somewhat longer. The cut of the jackets will be slightly shaped, but so treated as to emphasize the straight line figure. Large collars, deep cuffs, and the raised waist line effects will be features of trimmed suits. Skirts will be cut with more fulness than last season, but will adhere to the straight line effect. The moderately raised waist-line (with inside belting), and the panel front and back are gaining in favor.

Coats—Separate coats are to be full length, cut on straight and and slightly shaped lines. Novelty effects are to consist of the raised waistline, some belted effects, large collars and deep cuffs and some peasant sleeves.

Skirts—The tendency of separated skirts is toward strictly tailored effects. The panel and low tunic will be given prominence.

An additional style feature is the slashed effect shown in many o. the coat suits and separate skirts.

The Charlotte Corday collar, a French creation, will be the thing, and the principal freature of the new styles. Instead of being cut square it falls into a point at the back producing a cape effect. Development of the raised waistline, shorter jackets, large collars, deep cuffs, peasant sleeves and low tunic ideas in skirts are among the other main features of the style committee.

PERSONAL

The engagement is announced of Ethel, daughter of Mr. and Mrs. Norman P. Clarke, Omemee, to Mr. Will J. Sheppard, son of Mr. and Mrs. W. J. Sheppard, Coldwater. The marriage is to take place quietly towards the end of May.

TELEGRAPHIC BRIEFS.

A fierce gale raged on Lake Huron yesterday.

The twentieth British Dreadnought was launched on the Clyde.

Sir Wilfrid Laurier has purchased six lots in the west end of Montreal.

Penetanguishene electors voted for Hydro Electric power by a large majority.

A C.P.R. train crew rescued a family named Blake from their burning dwelling at Stittsville.

The military aviator Matievitch and his brother were killed yesterday at Sebastopol while make a flight.

Lydia Fontaine and Mary Corteau, young girls, were drowned while crossing White River, near Thetford Mines.

His Excellency Earl Grey, the Countess Grey and the Ladies Sybil and Evelyn Grey returned to Ottawa from Winnipeg yesterday afternoon.

The Liberal caucus at Ottawa discussed the question of taking over branch lines by the Intercolonial. Only a passing reference was made to reciprocity.

The Lachine Canal was thrown open yesterday and within a few minutes afterwards there had been no less than forty passes issued to vessels to pass through.

A tragedy occurred at Cambridge, P.E.I., on Saturday, when Ben Irving in a fit of rage, is alleged to have caught his aged sister by the throat and strangled her to death. Irving is said to have been insane.

$500,000 Worth of Jewels.

New York, May 2.—Customs officers, private detectives and the police department here, were all busy yesterday working on information from Scotland Yard that jewelry worth $500,000 and upwards, stolen in great part from Americans in England and on the continent is being marketed here piecemeal by an international band of crooks.

Some of the band are said to be women, and the understanding was that New York is supposed to be the clearing house for their operations. The arrest of the man believed to be the head "fence" is momentarily expected.

TRY A REVIEW WANT AD.

Are They Comfortable ?

Many persons have difficulty in keeping their Spectacles from slipping down upon the nose and hurting the ears. We are fitting beautiful Spectacles of new form, that are the acme of comfort, and owing to the formation of the inconspicuous solid Gold Pads at the side of the nose, there is no marking of the nose crest or cutting behind the ears, and then too, they will not slip down. Optical Institute patrons who use them remark "That is the very kind of spectacles I have been looking for." A lady remarked "I would not do without those spectacles for $100.

QUEEN'S RING AT GO AT AUCTION

Historical Relic Will be Sold on May 19

London, May 1.—Queen Elizabeth's ring that would have saved the Earl of Essex from death if it had been delivered to the Queen, will be sold by auction at Christie's on May 19. It bears a legend, which reads—

"Delay on the part of the Countess of Nottingham in returning this pledge of pardon given by Elizabeth to her favorite, resulted in the Earl's death on Tower Hill and hastened the end of the 'grief-stricken virgin Queen.'"

The fatal circlet has been in the possession of either the Devereux or Carteret-Thynne families for three hundred years. It has a band of Arab foliage in enamelled blue bezel, set with sardonyx, the cameo being a presentment of the Queen Elizabethan profile.

RUTHERFORD GRIME Motor Car Line

Time Table up to June 10th, 1911

Cars are open for use every hour to parties of from 7 to 14, $4.00 per hour. Parties going out of town $12.00 per half day or $24.00 per day. Any number up to 14, and within a radius of 20 miles from city — Over this distance, extra charge will be made. For one or two persons going out to nearby villages, special contracts will be made. Garage — **No. 195 Simcoe St. Phone No. 841.**

Don't You Wish Your Landlord Would Hand You Back Your Rent Money Every Month ?

If you would stop the rent foolishness and take the same money and buy a lot and build a house with it, it would be all yours—every months payment of it. We offer you an easy method of saving the money you pay for rent and keeping the value of it in your own possession for all time. Our plan is this:

Buy A Lot

and start building a little home at once The full particulars of how this can be done will be explained to you by

The vital statistics for April, 1911, compared with the same month of last year are as follows:

	Births	Marriages	Deaths
April, 1911	30	11	25
April, 1910	35	10	28

A track has been laid around the wreck on the G.T.R. yesterday at Tully's cut, and the men are engaged today in trans-shipping the grain. Only one car was badly smashed, but the from the others will have to be transshipped. General Road Master Bibby went through the city this morning on his way to the wreck.

Mr. A. H. A. Robinson, Gilmour street, has been appointed assistant mining engineer of the government department at Ottawa.

The regular monthly meeting of the Peterborough Poultry Association will be held Thursday evening in the Simcoe street hall, and a particularly interesting program has been arranged for. Polands and small varieties of birds will make up the competition. Mr. J. H. Callander will read a paper on "Summer Feeding, and How to make $1 do the Duty of $2." The public is cordially invited.

The brick wall enclosing the yard behind the post office has been removed to allow room for the addition which is to be made to the post office building. Part of the north end of the building has already been removed, and the work will be proceeded with as quickly as possible.

At a meeting of Lansdowne Lodge, S.O.E., William (Daddy) Taylor was

Stanley Madill, son of Wm. Madill, Aylmer street, has been successful in passing senior examination at the Dental College, Toronto.

made the recipient of a handsome arm chair in appreciation of his long services to the lodge of 27 years, during which time he has been first committeeman. The presentation was made by Bro. James Runnett, who read an appropriate address, and Bro. Dr. Young and C. F. Kitney introduced Mr. Taylor. Congratulations were extended to him by all members, and hopes expressed for his long continuance among them.

RETAIL MERCHANTS ASSOCIATION

Special Meeting of the merchants of Peterborough, National Hotel, Thursday evening, May 4th, 6.30 p. m All invited to attend. Lunch complimentary. R. G. Kingan President. 2d

STATIONER AT PORT HOPE FINED

Exposed Printed Matter Tending to Corrupt Morals

Port Hope, May 1.—A local stationer was charged in the police court this morning with exposing for sale pictures with printed matter thereon tending to corrupt morals. The charge was admitted and Magistrate White imposed a fine of $10 and $3 costs.

Mr. Wood Ill

Mr. John Wood, father of Mr. E. R. Wood, is dangerously ill at his home, Belmont avenue. From his advanced age, 87 years, it was feared that he will not recover. He was a good deal better to-day, however, and hopes are entertained that he will pull through.

PROBABILITIES
Westerly winds, Thursday much milder.

COMMISSION OF INQUIRY INTO OLIVER CHARGES INADEQUATE

Sir Wilfrid Moves For a Committee But Gives No Power to Exact Evidence on Oath—Government Votes Down a Motion to Censure Hon. Mr. Fielding For His Share In the Farmers' Bank Catastrophe.

Ottawa, May 3.—No enquiry into the charges made against Hon. Frank Oliver by Dan McGillicuddy, formerly editor of The Calgary News, is intended by the Government. A motion made by Sir Wilfrid Laurier in the Commons yesterday would seem to imply that there would be an enquiry, but a close observation of the question of privilege raised by the Minister of the Interior, taken in conjunction with the Premier's motion, shows that nothing of the kind is meditated. Mr. Oliver did not pay any attention to the McGillicuddy charges published in The Toronto Telegram, but instead, on a question of privilege, read an Ottawa despatch in The Toronto World, which stated that the Minister referred to anonymously by The Toronto Telegram, was Hon. Frank Oliver, asked that a special committee be appointed to enquire into any charge which might be made "in connection with this transaction."

There is no mention of the usual power to examine upon oath.

"Before the orders of the day are called," said Hon. Mr. Oliver, "I desire to read a despatch from Ottawa, which appeared in The Toronto World of Friday morning last."

The despatch set forth two distinct statements. One was to the effect that an order-in-council, dated May, 1908, gave the Canadian Northern Railway the privilege of transferring their choice of 600,000 acres of land earned through a railway subsidy grant, from Manitoba to the wheat lands of Saskatchewan. The other was that subsequently two amounts, one for $50,000 and the other for $19,000, had been deposited to the credit of Hon. Mr. Oliver in the Imperial Bank, Edmonton, this money having come from the Manhattan Bank of New York City.

After reading this newspaper statement, Mr. Oliver noted that no direct statement of any charge against him had been made. No connection was alleged or inferred between the transfer of the land and the alleged deposit of the money to his credit, but the statements were placed side by side for the purpose of creating connection.

Mr. Oliver declared that there was no foundation for such insinuation. The order-in-council had been passed on his recommendation and he had made that recommendation in the public interest. No money had been paid to him or anyone, in connection with the order-in-council.

No special charge had been made, declared Mr. Oliver, nevertheless he would ask that a special committee of the House be named to enquire into any charge which might be made in connection with this matter.

Sir Wilfrid then moved for the appointment of a select committee of five members of the House, to enquire into the matter to which the Minister of the Interior had referred.

R. L. Borden enquired as to the scope of the committee.

Sir Wilfrid Laurier said the committee would enquire under oath into all the circumstances surrounding the issue of this order-in-council.

Mr. Borden suggested the advisability of allowing the formal motion to stand over till to-day. To this the Prime Minister agreed. The matter there ended.

By 97 to 63, or a majority of 34, the Government yesterday voted down a motion by Haughton Lennox to pass a vote of censure on Hon. W. S. Fielding and the Treasury Board in connection with the Farmers' Bank failure. The motion read as follows: "The House regrets that in permitting the Farmers' Bank of Canada to commence and to continue business, the Minister of Finance and the Treasury Board failed to exercise such proper care and to take such reasonable precautions as were necessary to prevent evasion of the law and to protect the public interest."

The arguments brought forward were somewhat similar to those used when the Opposition recently moved for the appointment of a royal commission to enquire into the affairs of the defunct institution, which motion was also defeated. Mr. Lennox said that without imputing to the Minister of Finance any wilful wrong or misconduct or want of good faith, he did deserve in his pubic capacity the censure of the House for inflicting a great wrong on a deserving class of people in this country. Mr. Fielding had been repeatedly warned that the promoters of the bank were not the best class of people to whom to grant a certificate, and he was also warned that there was an evasion of the Bank Act.

Mr. Fielding replied that it was much easier to be wise at a later stage than at the beginning. After all that had occurred, however, they must come to the conclusion that it was not the only step that was unfortunate, and for others Parliament was responsible. Four and a half years ago Travers was a reputable citizen. Accordingly, when Travers swore the affidavit regarding the deposit money of the Farmers' Bank, it was accepted. If Travers was known to be a criminal, was it conceivable that the Province of Ontario would have deposited $25,000 in the Farmers' Bank? he asked. However, nobody had suffered any loss through the notes being irregular.

Senate on Grain Bill.

Ottawa, May 3.—The Senate spent the whole of yesterday's sitting in committee on the grain bill. Sir Richard Cartwright proposed several amendments, the principal one providing that the Grain Commission should license as hospitals for the treatment of damaged or rejected grain, such a number of elevators at terminal points as they chose.

HYDE RESIGNS FROM THE OFFICE

Canadian Man Under Indictment For Bribery.

New York, May 3.—Chas. H. Hyde, a native of Truro, N.S., will resign as city chamberlain at once. Under indictments and under the fire of practically every newspaper in New York, he announced last night that, although he is the victim of "one of the most wicked conspiracies in the history of the city," he will relinquish his position as custodian of the city's millions in order not to embarrass the Gaynor administration.

Indicted secretly late Monday on two counts, one charging him with bribery, the other with taking an unlawful fee, the city chamberlain pleaded guilty in the criminal branch of the Supreme Court yesterday afternoon, with permission to change or withdraw the plea up to May 16, and was released under $7,500 bail, furnished by Daniel S. McElroy, commissioner of taxes.

Cheaper Power For Galt.

Galt, May 3.—Galt Council has adopted a method of charging for Hydro-Electric power similar to those of other towns in the Power Union. This will give Galt power a great deal cheaper than the present rates from the company. A bylaw to raise $25,000 to extend the lighting system, so that all may benefit, will be voted on on May 26.

Given Long Sentences.

Berlin, Ont., May 3.—Ernie Hamil and William Southwell, who pleaded guilty to the charges of theft and of receiving stolen goods, respectively, in connection with the robbery of the local G.T.R. ticket office, were yesterday sentenced by Magistrate Wier. Hamil gets four years and Southwell three in the penitentiary.

QUEEN SAID TO BE QUITE ILL

Queen Alexandra Returns From Mediterranean Trip

Special to the Review.

London, May 3.—Queen Alexandra is reported to be quite ill at the end of her Mediterranean trip. The rumors are conflicting as to her present condition.

CLARK IS THE NEW BISHOP

Archdeacon Selected in Niagara Diocese by Delegates.

Montreal Rector Stands Second in the Voting.

Hamilton, May 3.—Venerable Archdeacon W. R. Clark of this city was last night elected Bishop of Niagara to succeed the late Bishop DuMoulin. This result was attained at 10.30 p.m. on the fifth ballot. He had 49 clergy and 35 votes, 38 clergy and 32 lay being required to elect. Rev. Dr. Patterson Smythe of Montreal was second in the balloting, with 20 clerical and 25 lay votes. None of other candidates whose name had been mentioned for the office received enough support to make them serious factors in the election.

Venerable Archdeacon William Reid Clark, the bishop-elect of Niagara, was born in Russell County in 1851, and is therefore 60 years of age. The early years of his life were spent on his father's farm. His education was received at Bishop's College, Lennoxville, Que., and in Trinity College, Toronto. In the latter institution he took his M.A. and B.A. He was ordained deacon in the cathedral at Ottawa in 1874, and two years later was priested in the cathedral at Hamilton. Afterwards he was principal and mathematical instructor in the Uxbridge High School. For 18 months he was missionary at Palmerston, and for two years curate-in-charge at Burlington, while for the next three years he served as rector of Barton and Glanford. Then for the long term of twenty-one years he lived at Ancaster as incumbent and rector. He then came to Hamilton and has been archdeacon of the diocese for the last eight years. For three years he acted as secretary of the Provincial Synod. He is at present secretary of General Synod of Canada. Archdeacon Clark's natural qualities and long experience eminently fit him for the high office to which he was elected last night. His humble piety combined with zeal for the best interests of the church, have distinguished him among his fellowmen, while his administrative and executive ability have been placed beyond question by the manner in which he has discharged his duties since he has been in charge of the Synod of Niagara. It is the general feeling among all classes that a better man could not have been chosen.

BISHOP-ELECT CLARK.

Trial of Directors.

Toronto, May 3.—To-day is set for the first shot in the prosecution of the Farmers' Bank cases, before Chief Justice Meredith, in the criminal assizes.

The court will take up the charge of conspiracy to fraudulently secure the certificate of the Treasury Board of Canada, which allowed the Farmers' Bank to commence business. Upon this charge the grand jury yesterday indicted John Watson, John Ferguson, Alex. Fraser and A. S. Lown, the provisional directors of the bank; Clark H. Smith, secretary; Dr. Beattie Nesbitt and J. J. Warren and J. R. Stratton, M.P.

Killed by a Stone.

Peterboro, May 3.—Walter Head, caretaker of the Peterboro Golf Links, was accidentally killed at the golf links yesterday afternoon. Mr. Head was endeavoring to remove a large stone out of the ground and after digging around the stone, got down into the cave to pry it loose. The stone slipped over on his chest and pinned him fast.

Kingston Retail Merchants.

Kingston, May 3.—E. T. Steacy was yesterday elected president of the Retail Merchants' Association; W. H. Dyde, vice-president; George Mills, treasurer, and Howard Marshall, secretary.

The Duke and Duchess of Connaught, Prince Arthur and Princess Patricia. Canadians will welcome them in September.

VETO CLAUSE PASSES BRITISH COMMONS BY MAJORITY OF 104

It Says That a Measure Three Times Refused By the Lords Becomes Law on Receiving the Royal Assent—Liberals Will Still Be Under a Great Disadvantage In England, Says Winston Churchill.

London, May 3.—After the application of closure, clause two of the Parliament bill, which is the most important clause of the Government's measure for the curtailment of the powers of the House of Lords, was carried in the House of Commons last night, 299 to 195. Later clause three of the bill, providing that "any certificate of the Speaker of the House shall not be questioned in any court of law," was carried after closure, 255 to 132.

Clause two relates to any bill other than a money bill, and provides that if any such bill is passed by the House of Commons in three successive sessions and is rejected by the House of Lords at each of these sessions it shall become an act of Parliament on the royal assent. In amended form it provides that the two years delay shall be calculated from the date of the passing of the second reading of the bill in the House of Commons.

Before the vote was taken, Winston Spencer Churchill, the Home Secretary, said that the adoption of the clause was imperative, because there had come about a complete paralysis of the working constitution and denial of all form of redress to those who did not belong to the Conservative party. The safeguards which the clause left the House of Lords for delay and revision, he said, would still place the Liberals under great disabilities as compared with the Conservatives. That was the reason why reform of the House of Lords should follow as the complement of the Parliament bill.

Mr. Balfour, leader of the Opposition, declared that the real purpose of the bill was not improvement of the constitution, but the carrying of home rule. The Government had succumbed to the threats and cajoleries of the Nationalists and Laborites.

Again, by the aid of the closure, the remaining clauses, four, five and six, were adopted without amendment by large majorities.

Clause four provides "that nothing in this act shall diminish or qualify the existing rights and privileges of the House of Commons."

Clause five reads: "Five years shall be substituted for seven years as the time fixed for the maximum duration of Parliament under the Septennial Act, 1715.

GEORGE FUND SUBSCRIBERS

List of Georges Who Have Subscribed Since First Meeting

The following is a list of the Georges of Peterborough who have contributed to the King George Coronation Fund since the inauguration meeting in the council chamber when the names of the first subscribers were published:—George Buck, Geo. Dryland, jr.; G. Dryland, sr.; George Curtis, George W. Allison, George E. Cook, George Edmison, George McClean, George Browne, George Byers, G. G. Gillespie, George Pratley, George Peters, George F. Greene, George A. Gillespie, George Fowler, Cecil George Fowler, George Hamilton Babcock, George Alfred Spicer, George Moore, George Henry Butler, George H. May, George C. Lewis, George Albert Smith, George E. Clarke, George Young, George Burnham, George A. Ferguson, George Hayes, George J. White, and in the Central school George Carruthers, George Dugan and George Jones.

OMIT QUESTION?

Presbyterian Says Westminster Confession Keeps Out Ministers.

St. Catharines, May 3.—Yesterday afternoon Hamilton presbytery gave an attentive ear to the motion by Rev. John Young, to recommend to the general assembly the entire removal or radical moderation of the question, "Do you believe in the Westminster Confession of Faith?" now put to applicants for ordination. It was argued that the demand for an affirmative answer is driving men from the ministry. The question was forwarded to the general assembly without local discussion.

The calls of Rev. R. Young of Packenham, and Rev. R. M. Fee of Dunnville, to Pettypiece, Man., were sustained, but that of St. Andrew's Church, Toronto, to Rev. Dr. Gray of Dundas, was deferred until a special meeting in Hamilton on the 16th. The presbytery recommended that in future the minimum stipend be $1,200.

DIED

LITTLE—At St. Michael's Hospital, Toronto, on Tuesday, May 3rd, Thomas David Little, formerly of Peterborough. Funeral notice later.

THEFT OF SACRED CHURCH VESSELS

Riots in Jerusalem Following Reported Discovery

Special to the Review.

Jerusalem, May 3.—The ark of the covenant censer, and other sacred vessels of the ancient Israelites have been discovered, it is reported, beneath the mosque of Omar and spirited away by English explorers, who have been excavating for two years. Riots have been caused among inhabitants by the profanation of this holy spot.

Passed Three Bylaws.

Whitby, May 3.—The Town Council made a record session by sitting until an early hour yesterday morning, during which they passed three bylaws of extraordinary interest. Two of them will be voted upon by the electors on Monday, June 5, next. One is for the ratification of the agreement with the Seymour Power & Electric Co., by which cheap power from the Trent River is assured for delivery this summer. The maximum charge for current is $25 per horse power per year.

The other bylaw requiring the approval of the electors is one accepting from Mr. Andrew Carnegie a free public library building.

The third bylaw authorizes an agreement with the Markham and Pickering Independent Telephone Co., under which immediate construction of lines coupling up the system with the county town will be begun.

UPSET COSTS FIVE LIVES

Ferry Upsets When Wire Breaks in New Brunswick.

Many Other Fatalities and Accidents on Water.

Edmundston, N.B., May 3.—The saddest accident in the history of Edmundston happened here on Monday night, by which five lives were lost. The wire used in running the ferry between this place and Madawaska, Maine, broke, when the boat was in the middle of the river, and the boat upset and all but one of the occupants drowned. The river is running high and is icy cold, so that those who were thrown into the river had little chance to help themselves. Those drowned are: Solomon Herbert, aged 22; Calixte Dufour, aged 40, both of St. David, Maine; Allen Phillips, aged 15, son of H. W. Phillips, C.P.R. station agent here; Isidore Moscovic, 14 years old, son of Joseph Moscovic, merchant, and a middle-aged man whose name cannot be learned.

Zepherin Dagle, who was in charge of the boat, was saved, but was unconscious when brought ashore. A boat with several men started out as soon as the accident was noticed, but the current was too swift for them to overtake those struggling in the water.

Mrs. Phillips was watching the boat in which her son was coming across the river, and the boy had waved a signal to her just before the wire rope broke.

Steamship Aletha Grounded.

Kingston, May 3.—Making a trip up the bay at 3 a.m. yesterday the steamer Aletha of the Bay of Quinte Navigation Co. met with a serious mishap. A steam pipe burst and one passenger, A. Ryder, manager of the Feldspar Mines, Verona, was badly scalded. Losing her controlling power the steamer finally grounded in Navy Bay. In order to keep the vessel from doing herself injury, a seacock was opened and water allowed to run in. The passengers were taken off in a yawlboat. Many were badly frightened and had life-preservers on. The damage to the vessel will not be very great.

Landed In Lifeboat.

Brockville, May 3.—Coming from Alexandra Bay Monday in the dense fog, the steamer Island Belle ran high and dry on the washout near the five-mile lighthouse in American waters. The mail and two passengers landed in a lifeboat on the Canadian shore at Shoal Ferry, and proceeding to Brockville secured the services of the steamer Bigelow, which released the Belle, which sustained no damage. The shoal is one of the dangerous spots in the American channel, usually marked by a black buoy, which had not yet been placed in position.

Schooner Wrecked.

Halifax, May 3.—Job Bros. received a cablegram from Newfoundland stating that their schooner Cardinal had gone ashore at Lamaline Island, in a dense fog, and is a total wreck. The crew of eight were saved. No further particulars were given.

The Cardinal left here with 100 tons of coal for St. John's, Nfld., on April 26. She was partly covered by insurance. The cargo was also insured.

Schooner Burned.

San Juan, P.R., May 3.—An explosion on a Standard Oil lighter in Mayaguez harbor Monday night, set fire to the schooner Mary Bradford Pierce of Thomaston, Me. Capt. Lane and his crew escaped, but the fire in the vessel was still burning to-day and will cause a total loss. The schooner is valued at $30,000.

Schooner In Collision.

City Island, N.Y., May 3.—The schooner Palmetto (Br.) Guttendenburg of Lunenburg, N.S., while sailing through Hell Gate yesterday, was in collision with a New York, New Haven and Hartford car float, stove in her bow and broke her windlass, bowsprit and all head gear attached.

CHINESE BATTLE

Special to the Review.

Shanghai, May 3.—A sharp battle is reported between the imperial troops and rebels near Canton, with many killed on both sides. British marines are guarding the foreign section of Canton.

Auto Factory for Palmerston.

Palmerston, May 3.—This town voted Monday on a bylaw to raise $10,000 to buy and remodel the old carriage factory building, for use as an automobile factory. There were six adverse votes in a total of 352, leaving about 90 over the three-fifths required to carry the bylaw.

New Treaty of Commerce.

Berlin, May 3.—A new treaty of commerce between Germany and Sweden, under the new Swedish tariff, has been signed.

THOUSANDS SEE THE HYDRO POWDER LIGHT THE CITY HALL

Stirring Scene at Inaugural of the Hydro Power in Toronto.

Toronto, May 3.—Striving vainly to make his voice heard above the thundering roar of thousands upon thousands of people, punctuated by piercing shrieks as women here and there in the surging crowd collapsed in fainting fits, Sir James Whitney last night officially inaugurated Hydro-Electric power in Toronto.

The inauguration provided a spectacle that challenges description. It was not carried off according to the program so carefully mapped out; Mayor Geary shouted a few sentences that not even those standing a few feet away could hear, Sir James fared little better, and in the excitement of the crowd's charge the civic officials threw their program to the winds and not a word was heard then from the man whose splendid optimism, courage and tireless energy made the whole thing possible — Hon. Adam Beck. The address of the "Power Minister" was made inside the City Hall some time later.

Prominent Kingston Lawyer Dead.

Kingston, May 3.—Robert Rogers, K.C., LL.D., died at four o'clock yesterday morning after an illness extending over three months. He was 68 years of age, and one of the city's oldest lawyers. He was the youngest son of the late Rev. R. V. Rogers, head master of the old Kingston Grammar School, and was a lecturer in law at Queen's and a member of the firm of Kirkpatrick, Rogers & Nicle. For many years he was lay secretary of the Ontario Synod.

Detained at Quarantine.

Montreal, May 3.—The Dominion Liner Dominion, from Liverpool, which arrived at Quebec last night, was delayed for some time at the quarantine station at Gros Isle, owing to there being two suspected smallpox cases aboard. Two hundred and twenty-eight of the passengers who had been traveling in the same division as the suspects were landed at the quarantine station with two weeks' supplies before the steamer could come on to Quebec.

ADVERTISE IN THE REVIEW.

INDIANA MURDER CASE MYSTERY

Body of Farm Hand Dug up—Suspect Arrested

Special to the Review.

Fowler, Indiana, May 3.—John Poole, a wealthy farmer, has confessed to the murder of Joseph Hemper, farm hand, whose mutilated body was dug up in Poole's corn yard. Two former employees are also supposed to have been murdered. The authorities suspect a duplication of the Belle Guinness murder farm case. Poole's son charges his father with three murders.

BETWEEN YOU AND ME

Many people got on a string in the cordage affair.

—0—

When this chimes affair is over, Rev. Canon Davidson ought to take a well-deserved holiday.

—0—

Spring arithmetic: If there are only 230 dogs in Peterborough, how many fleas are there now, and how many will there be next fall. A trip to the coronation is offered as prize for the correct answer.

—0—

According to some people, King George has consented to be crowned in great state and pomp, on the day of the Peterborough chimes celebration, to mark his appreciation of the great event.

—0—

"Will Laurier go to the country? and if he does, will he ever come back?"

Horse Distemper

Prince Edward Farmer Solemnly Declares "Nerviline" Is a Specific.

"After fifty years' experience in raising horses I can safely testify that no remedy gives such good results for an all-round stable liniment as Nerviline." Thus opens the very earnest letter of J. J. Evanston, who lives near Wellington, P. E. "I had a very valuable horse that took distemper a month ago, and was afraid I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

Nerviline CURES QUICKLY

For strains, sprains, swellings, colic, distemper, coughs, and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it's good for man or beast, for internal or external use. Wherever there is pain, Nerviline will cure it. Refuse substitutes. Large bottles 50c, trial size 25c, at all dealers, or The Catarrhozone Co., Kingston, Ont.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

PUTNAM'S PAINLESS CORN EXTRACTOR

The Daily Review

WEDNESDAY, MAY 3, 1911.

UNION LABEL

A JOB FOR HIM

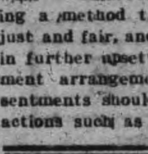
If the industrial commissioner is re-engaged, he will be enable to do a great deal of regular work in relation to factories in the hot summer months. It would be a good thing for the city, and for its business men, if, during the time when his department must relax on outside work, he would devote himself to the organization of a shopping week for Peterborough, bringing in excursions from around the country with cheap railway fares, and organizing a special attraction for that week. Such a move, if it became an annual custom, would be very popular. Ottawa is in the throes of a shopping week this very week, but a week of bargains and special attractions and display in June for Peterborough would suit very nicely. The industrial commissioner might do worse than take this hint, as properly worked out it ought to be a considerable boost for Peterborough business.

FIRING FIREMEN

At the city council on Monday night, the report of the fire and water committee was passed as presented the clause recommending the dismissal of the two firemen, Deputy Chief Grange and Capt. Thomas, being included. While the ratification of the action of the committee was made by the council, that does not alter in the slightest that whatever may have been the merits of the committee's contention, it acted in a very high-handed and uncalled for manner.

No public body acting as the aldermen act have any shadow of excuse for determining that employees shall be fired unless on the recommendation of the official head of the department, or by at least giving the accused men a chance to offer a public defence. No fair-minded employer would want to discharge employes without at least giving them a chance to present their case, except for certain offences. Of course Mayor Morrow was decidedly right when he said that he thought the committee should not have ordered the dismissal of these men without giving them an official hearing. Ald. Buller was right also when he said that he thought the conduct of the affairs of the fire department should be left in the hands of the chief. Aldermanic interference is no good in a case like this.

These fire and water committee members may have had perfectly good reasons for demanding the dismissal of these men, but they were unfortunate in adopting a method that does not appear just and fair, and they succeeded only in further upsetting the fire department arrangements. Personal resentments should have no place in actions such as this. The aldermen cannot claim public sympathy in this case, for while they may have been right on the intrinsic merits of the case, they failed to show judicial fairness in the way they carried out their conclusions.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. *New pamphlet mailed free.* The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

GOSPEL OF THRIFT

In connection with the coming of Dr. Samson, lecturer in chief for the government annuities scheme, on May 9, when he will give a lecture in the Collegiate Assembly Hall, the following editorial appreciation of Dr. Samson's efforts, from the Hamilton Spectator, will bear interest:—

"One of the most practical Gospel sermons delivered in Hamilton for many a day, and it was not by a regularly ordained preacher either, was heard in Wesley Church, last night.

"The preachers tell us every Sunday how to live, so that when we lie down to die we may have a safe passport into the glories of the world beyond, but Dr. Samson, the lecturer of last night, preached a Gospel of thrift that will make men and women better citizens and provide for the days when old age comes upon us and we are not able to earn even the necessities of life. The pulpit and the press should unite their forces in teaching the doctrine of a thriftier citizenship, and for the time at least, let the question of politics and the judgment to come have a rest. Once get men and women educated up to the standard of saving and economy, and the moral tone of society will become higher and purer. If the extravagance and recklessness of our daily lives that is responsible for the low state of morals the world over. Educate the rising generation to be thrifty, industrious and economical, and the boys and young men will have no time to squander their weekly earnings in the bar-room or in studying the dope cards of the race track. There is more money wasted every day in Hamilton in the saloons, gambling rooms, betting on the horses, and the smoking than would provide an annuity for every one of the victims if it were properly invested, payable after he reached the age of fifty-five years.

"With all its sins of wrong-doing the Laurier administration has done one act that will redound to its credit for all time in the future. While the British Government is providing for Old Age of its thriftless citizens and placing a perpetual tax on the industrious with which to pay pensions, the Canadian Government comes in with a new Gospel of self-help and presents a plan whereby every man and woman can provide an annuity for the days when they are not able to earn a living. The British plan educates pauperism by providing pensions for the improvident who live from hand to mouth 365 days in the year, spending their earnings without one thought of the morrow. The Canadian plan begins with the youth and educates the boys and girls to lay by even as small a sum as 25 cents weekly so that when they reach the age of 55 or 60 years, they will have an assured income that will at least make them independent of the charity of the world. It begets a spirit of pride instead of dependency. And the larger the weekly sum saved the larger will be the annuity. The plan of the Government provides that no annuity less than $50 a year can be paid, and the highest sum that anyone can receive is $600 a year. It depends upon the persons themselves how much to provide between the higher and the lower amounts. Once a person begins to save money by opening an account in a savings bank, the habit becomes so fixed that every pay-day finds him or her at the bank making the weekly deposit. Once begin saving for an annuity, at the time of life when we need a fixed income and everything will be made to bend to that purpose.

"The plan is simple and easily understood, and the name of Sir Richard Cartwright will be a blessing in every home where advantage is taken of the annuity. It is to explain it that Dr Samson of Windsor, has been commissioned by the Dominion Government to spend part of his time in the field to educate the people up to the new Gospel of thrift as a provision for old age. Evidently the churches are not yet converted to it, for Dr. Tovell, pastor of Wesley Church, is one of the first ministers to open his pulpit to Dr. Samson, and the people who attended Wesley Church last night were profited and well repaid for the hour or more spent. Dr. Samson is an earnest speaker, and he tells his story so eloquently that the hearer cannot but be convinced that the Canadian Government has hit upon the right plan to educate the people that an independent annuity earned by one's own thrift, is preferable to a pauperizing pension role."

EDITORIAL NOTES

The cold weather extends from Saskatchewan to Halifax. That spell of mildness must have been the April fool a little delayed in transmission.

The Bangor fire was started by a carelessly thrown cigarette stub. It was a coffin nail sure enough for more than one poor unfortunate.

The salary of the mayor of Toronto has been raised to $10,000. But the job of keeping watch on Controller Tommy Church is almost worth it.

So Peterborough Georges raised $30 for the King's coronation gift. Well, they seem to have done a great deal better than the Georges of many places a good deal bigger than Peterborough.

Tennyson says that "In the spring a young man's fancy lightly turns to thoughts of love," but these be the days, O Israel, when a young man's fancy should lightly turn to thoughts of the carpet beater.

The rival expeditions for the South Pole met recently on Antarctic shores, and hob-nobbed together. They intend to verify each other's progress, apparently, in order to avoid getting a Cook and Peary reputation on their return.

The Laurier cabinet is pressing on Sir Wilfrid the necessity of him going to the coronation. It is a public duty, and not even the reciprocity pact should stand in the way. It is said that Sir Wilfrid will adopt the sensible plan of agreeing to an adjournment of the house until the autumn, when the redistribution will be ready, and then the fight on reciprocity can be taken to the country just as soon as anyone pleases.

The leaving out of the Chateauguay scene in the festival of empire because it portrays a Canadian victory over Americans and might be distasteful to Americans, is another sample of the peace-at-any-price policy so characteristic of some people. The committee in charge of the festival did this, but the day has gone when Canada must step gingerly lest she arouse the wrath of her big neighbor. Common-sense and not sentiments should govern these things.

$100 REWARD $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

KINGSTON MUCH AGAINST PACT

The Farmers on Market Are Opposed to It

Kingston, May 1— Kingston, the Limestone City, has the reputation of being one of the best, if not the best farming market in Eastern Ontario.

From early morning until noon teams keep on coming until one begins to wonder if there are any left back over those long winding roads which lead to the fertile country beyond.

The farmers of this vicinity and the citizens of the city have weighed reciprocity in the balance, and find it light weight.

In a vote taken at random on Saturday (market day) around the market place, hotels and on the streets the result was as follows.

Against reciprocity 65
For reciprocity 48

The vote was supervised as far as possible by the voters themselves, who watched the progress of the polling with great interest.

UP IN THE NEW BUILDING

The test vote leads the reporter into many peculiar places in his quest for the opinions of men regarding reciprocity.

It is no uncommon thing to see him stepping gingerly along a scaffolding fifteen or twenty feet in the air, or to walk warily under gigantic beltings, which make so many revolutions a minute, as all these things come in the day's work.

On securing a vote at the Davis Drydock Co. to day it was necessary to penetrate the inner recesses of a large lake steamer where a gang of about fifteen men were hammering, sawing, plugging, caulking, and in other ways making the vessel seaworthy. The result of the vote held at the Davis Drydock Co., was as follows:

Against reciprocity 46
For reciprocity 16

NOT A MIRACLE BUT JUST AS GOOD

Dodd's Kidney Pills Quickly Cured Mary A. Cook's Rheumatism.

She suffered for fourteen years, but one box of Dodd's Kidney Pills quickly relieved her from all pain.

Mannnaim, Ont., May 2.—(Special.)—After suffering from Backache and Rheumatism for fourteen years, Mrs. Mary A. Cook, of this place, found a cure for both her troubles in one box of Dodd's Kidney Pills. She is overjoyed at her release from pain and is naturally enthusiastic over the remedy that brought her such splendid results.

"Yes, I will recommend Dodd's Kidney Pills to any sufferer from Rheumatism," Mrs. Cook says. "I had it so bad that sometimes I would sit up nearly all night. I first thought I would try doctors, but luckily I decided to try Dodd's Kidney Pills first. They cured me and so I didn't have to try the doctors. And just think that after fourteen years of suffering one box of Dodd's Kidney Pills should cure. I feel that I could guarantee them to anyone suffering as I did."

Dodd's Kidney Pills cure Backache and Rheumatism quickly and surely, simply because they go right to the root of the trouble—the Kidneys. With healthy Kidneys you can't have either Backache or Rheumatism. Dodd's Kidney Pills always make the Kidneys strong and healthy.

The 11 year old son of Medeve Gingros, Quebec, was kicked by a horse while the family were out driving and killed.

VIRGINIA OF THE AIR LANES

A Romance Of Flying

By HERBERT QUICK

Copyright, 1909, by the Bobbs-Merrill Company

"Be silent, sirrah," cried Craighead, "and do as you are bid! Friends, the performance in the big tent is about to open. This, Mr. Van Brunt, is one of the principals."

"Of age, I see," said Mr. Van Brunt, looking at Carson. "I guess it's all right. An' where's the other party?"

A maid who had devoted herself to Virginia replied that Miss Suarez was quite able to see people.

"Come, Mr. Van Brunt," said Craighead, "and view the precious remains."

Craighead entered at Virginia's "Come in," but Mr. Van Brunt went no farther than to insert half his body and all his head in the room and look searchingly at Miss Suarez.

"Of course," said he, "you're over eighteen?"

"Considerably," said Virginia, "but"—

Mr. Van Brunt had vanished. Craighead gazed solemnly at Virginia and spoke sepulchrally.

"These," said he, "are some of the local forms of the initiation. Be obedient and thou shalt prosper. Don't do nothin' that you ain't teld to—see?"

"What does this foolery mean?" asked Carson as Craighead emerged into the parlor, where Mr. Van Brunt was engaged in filling up blanks and tearing them out of the big check book.

"Foolery?" said Craighead. "Profane not the sacred mysteries of Eleusis! Don't get cynical or funny. You are not a very important person here. Friends, fellow citizens, Jerseymen, lend me your ears. We have met for certain reasons connected with the vital statistics of our common country—to originate an epithet. Two problems look the American people in the face and gnash their problematical teeth and snort. What are they? My friend the doctor, who has returned with healing in his fins, and our reverend friend in the waders can bear witness from their reduced perquisites that I speak sooth when I say that these portentous national dangers lie in celibacy. I have made a speciality of it."

"Hooray!" shouted the captain of the life saving crew.

"My honorable and gallant friend," said Craighead, indicating the captain, "hath a Smith college pin on his service shirt. It's not to thee, O potential benedict, that I speak! We are here to call not the inoculated, but the hitherto immune, to repentance. Fellow reformers, at the request of my friend Mr. Carson—General Theodo' Cahson, M. A.—I sent a motorcar for Mr. Van Brunt, and the county seat of this county, so far as the marriage records are concerned, is here. The Rev. Mr. Coryell has kindly agreed to perform the ceremony. I will assume the chair if there are no objections. I will entertain a motion ordering the nuptials to proceed. I assume a motion for the regular order. Reading of the minutes dispensed with. All in favor of the marriage of Theodore Carson and Virginia Suarez say 'Aye!'"

There was a swelling roar of "ayes" that startled Virginia into a belief that a political convention was in session in the parlor. Craighead called for the "nays," with no response.

"It is a vote," said he—"unanimously! I congratulate you in this harmony! It augurs well for a successful campaign and a triumphant election. Will some one volunteer to play the wedding march? Thank you, sir."

This to the captain of the life savers, who seated himself on a piano stool and ran his hands over the keys.

"And now, general," said Craighead to Carson, "all is ready. The statutes in such case made and provided are all fulfilled. Bring out the bride and let the rapture culminate!"

"Craighead," said Carson, "come outside and I'll break every bone in your body!"

No one heard this but Craighead, and he received the announcement with the suavest of bows and a withdrawal with Carson on his arm.

"Just a little delay," said he to Mr. Coryell. "You know how it is—last kisses of bridesmaids—veil askew—rubbish—but we must wait."

Mr. Coryell, with Craighead's money in his pocket, sufficient in amount to pay the entire expenses of his vacation study of Atlantic gasteropods, waited smilingly, rubbing his hands. Mr. Van Brunt lighted a cigar and looked officially grave. Carson seized Craighead by the throat in the privacy of the kitchen.

"What do you mean?" he snarled. "What insane thing is this?"

"Explanations," said Craighead, extricating his throat, "are uncalled for,

SHE LAY IN HIS ARMS, QUITE SURRENDERED.

it seemeth to me, but if given require the use of the tracha. Ah've done did what you done tole me, boss!"

"What do you mean?"

Carson stood before Craighead with clinched fists, furious at Craighead's scandalous use of Virginia's name in public.

"Strike in due time," said Craighead, "but hear! You told me to do for you what I'd want done in your place. You said Virginia loved you"—

"I said I believed it!" answered Carson, groaning. "Oh, Craighead, Craighead, you've ruined me!"

"Ruined your granny—that is, of course, I disagree with you entirely. Faint heart never won the money. I tell you the wedding bells are now ringing. Go to, sirrah—go to her. Give her the rush. Lay it on me. Throw a fit on the rug, rip and tear, snort, weep, fight, fast, tear thyself, drink up eisel, eat a crocodile, take her in your arms, and incidentally mention the fact that the thing's a matter of record and will be in all the papers. It'll work. Why, blast your picture, it's got to work. If it doesn't I'm stuck for $75 for fees and corruption money!"

Carson walked back and forth, torn with rage, embarrassment and anxiety for the result with Virginia, thrilled with a growing realization of what it might mean to him.

"I'm going in to tell her," said he. "And if I fail I shall come out and kill you, Craighead!"

"I shall make no will," said Craighead. "Why, if she were Caroline and I you"—

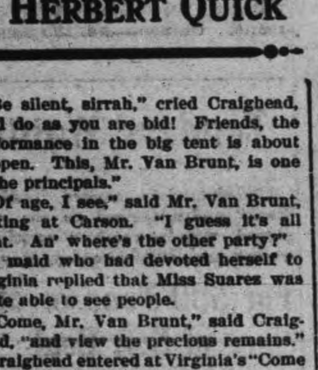
Carson walked into the apartment of Virginia. The serving girl withdrew and left them alone.

"Virginia," said he, "I'm going to take you with me!"

She flushed rosily, but, woman-like, refused to take his meaning.

"I can't go back, unkie," said she. "You failed in your exams. You are marked away, away down as an uncle! But I've forgiven you."

To be Continued.



Rheumatism for Several Years—Now as well as Ever

647 Main St., St. John, N. B., Nov. 27. 1908.

Father Morriscy Medicine Co., Ltd.

I am writing to tell you I have been a victim of Rheumatism for several years, and have been treated by seven doctors without finding any permanent relief until I got Father Morriscy's medicine. It has cured me so I am able to do my work and find I am as well as ever in my life.

Yours truly,
JOHN CRAWFORD.

Rheumatism cannot exist when the kidneys are in perfect working order for then they take out of the blood all the Uric Acid, which alone causes the Rheumatism.

Father Morriscy's "No. 7" Tablets

act directly on the kidneys, toning them up and helping them to clear the blood of the Uric Acid. If the Rheumatism is of long standing it may take some time to clear out all the poison, but almost from the first "No. 7" Tablets relieve the pain, and if used faithfully they rarely fail to cure.

Even if other remedies have done you no good, do not give up till you have tried Father Morriscy's "No. 7" Tablets.

50c. at your dealer's. 27

TELEGRAPHIC BRIEFS.

The situation in Canton, China, is very grave.

Berlin waterworks made $14,000 profit last year.

Mrs. Sullivan of Parry Sound was committed for trial on a charge of arson.

The King has expressed himself as gratified with the resolutions passed at the peace meeting in London.

A bylaw to raise $25,000 for a new and more sanitary public school was carried at Tillsonburg by a majority of eleven.

Further details of the work planned by the Grand Trunk Railway in Montreal show that $2,346,000 will be spent on the new passenger station.

Tenders for the construction of four cruisers and six destroyers for the new Canadian navy have been received by the Department at Ottawa.

In an official statement issued yesterday at the G.T.R. headquarters, the cost of last year's big strike on that road is made public. It totalled a million.

Thousands of people yesterday viewed the remains of the late Lieutenant-Governor Pelletier in the Assembly chamber of the Parliament Buildings at Quebec.

The Portuguese Government Commission has decided in favor of the British tenders for rebuilding the Portuguese navy. All others, including the American, have been rejected.

Miss Ethel B. Barwick of Toronto was painfully injured by being struck by an automobile while crossing the street at Guilford avenue and North avenue, Baltimore, early yesterday.

Just as he was preparing to retire for the night, Albert Victor Jones, 29 years, an Englishman living with his brother at 77 Tate street, Toronto, fell to the floor dead. He was just out from England a few weeks.

Viscountess Harberton, who died in London yesterday, aged 67, was the pioneer of the divided skirt, whose latest development, the harem skirt, appears to have met no better fate than the "rational dress," which Lady Harberton advocated.

Patrick Guiney, Irish Nationalist, M.P. for Cork County, addressing an "All for Ireland" meeting yesterday said that within the preceding twenty-four hours he had been offered $5,000 to resign his seat and permit its capture by the Redmondites.

After a lengthy inquiry into the explosion at the Blasters' Friend Works at Sand Point, the jury advised greater precautions for the safety of employes, recommending that the plant be prohibited until better protection of human life was inaugurated.

Six Months For Manslaughter.

Toronto, May 3.—Norman Henry, better known upon the streets which he frequented as "Moon-Eye," pleaded guilty before Chief Justice Sir William Meredith in the criminal assizes yesterday morning to the crime of manslaughter. He was sent to the Central Prison for six months. He had killed Nicola Saramana, an Italian, by striking him in a brawl in West Queen street. The Italian fell and was later arrested as a drunk. Later it was found that his skull was fractured, and he was taken to St. Michael's Hospital from police court, where he died.

The chief justice, in pronouncing sentence, told the young man that had it not been patent that there was no intention to inflict serious injury, he would have made the sentence much more severe.

Tried to Get In Again.

Niagara Falls, Ont., May 3.—Charged with assisting his brother, who has been rejected at Windsor, to re-enter Canada, Christopher Calopisie of St. Thomas was yesterday fined $50 and costs by Magistrate Fraser, and his brother was ordered to be deported.

Pleading guilty to the double charge of attempting to re-enter Canada after having been deported, and carrying a loaded revolver, Hendrick Sacco was fined $25 on each charge by the magistrate yesterday.

Mrs. Woodruff, widow of the late Walter M. Woodruff, a former postmaster, died at her home here yesterday.

Millions of Matches Burned.

Ottawa, May 3.—Fire in the stock room of the E. B. Eddy Co., at Hull, yesterday, destroyed three million matches. The blaze is supposed to have originated from spontaneous combustion. The room is constructed of cement, and being absolutely fireproof the matches were allowed to burn themselves out.

Carpenters Return to Work.

Kingston, May 3.—The carpenters were given an increase to 35 cents a day and returned to work, but the masons' helpers are still out. The stonecutters and masons have not yet settled their disagreement and work on Queen's new building is still held up.

Appointed Lieutenant-Governor.

Quebec, May 3.—Sir Francois Langelier, acting chief justice of the Supreme Court, wired yesterday morning to Ottawa his final acceptance of the position of Lieutenant-Governor of Quebec, to succeed Sir Alphonse Pelletier.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. NEARLY DIED OF STONE IN THE BLADDER

GIN PILLS SAVED HIM

513 JAMES ST., HAMILTON, ONT.

"Five years ago, I was taken down with what the doctors called Inflammation of The Bladder—intense pains in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.

My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent.

In six weeks, the Stone in the Bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me." JOHN HERMAN. 48

GIN PILLS are sold at 50c a box—6 for $2.50. Sent on receipt of price if your dealer does not handle them. Sample box free if you write us, mentioning this paper. Money back, if GIN PILLS do not give full satisfaction. National Drug and Chemical Co., Dept. B., Toronto.

The original Gin Pills made by National Drug and Chemical Co. of Canada Limited, Toronto, are sold only in this box.

CARTER'S LITTLE LIVER PILLS.

CURE Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

CONSULTING the TIME-TABLE

AFTER THE TRAIN IS MISSED DOESN'T ADD VERY MUCH TO THE BEAUTY OF THE STATION

No, nor will wasting time moaning over yesterday's failures make successes out of to-day's opportunities.

Neither doth it profit a man to learn, after a fire, that the company some one recommended was "N. G." You can't change it then. To-day you can select the best.

You aim for the BEST when you select a bank or take a partner in business. WHY NOT DO THIS IN FIRE INSURANCE? The value of a fire insurance policy depends largely upon the character and methods of the company which issues it. Our aim in this advertising is to get property owners to use the same foresight about fire insurance that they do about other business matters. We will accomplish much if we succeed. Demand a policy in any of the following Companies, and you have the best:

Hartford
Liverpool, London & Globe
Commercial Union
Queen
Northern
Norwich Union

TWO YEARS FOR SHEARER

Goes to Central Prison for His Part in Chop Stealing Case

Joseph Shearer came up for sentence this morning and received two years less one day, for his part in the chop stealing case.

"Have you anything to say?" asked his Worship. "No sir," replied Shearer.

Before passing sentence his Worship his regret at being compelled to send a young fellow to Central.

"I like very much to be able to help the young man, if I think by being indulgent with him it may influence his life," said his Worship, "but from a very early age you have been incorrigible, costing the city several hundred dollars while in the reformatory and upon getting free you started in the old life."

"I find that you rob your master or take advantage of the knowledge gained while in his employ and steal a large quantity of chop worth several hundred dollars."

"Your family is poor and your mother makes a piteous appeal to which I would like to respond if it would make you a better boy, but I do not think it is for your good to let you go any longer. It may be that you help to support your mother, but your father is living and you are always bringing disgrace upon them.

"The finding of the court is that you shall spend two years less one day in the Central Prison, Toronto."

WALTER HEAD CRUSHED TO DEATH BY LARGE BOULDER

Caught Him Across Chest As He Worked in a Hole

A distressing accident occurred yesterday when Walter Head, caretaker at the golf links, was crushed by a large stone which he was endeavoring to sink.

Mr. Robert Neill visited the links yesterday afternoon and not seeing anyone around, he proceeded across the grounds and noticing that some earth had been removed went over to make a closer examination. On reaching the spot he found Walter Head pinned in a hole by the stone, which was across his chest.

Mr. Head had been excavating in order to sink the boulder, and when he had gone down several feet apparently failed to escape before it caved in on him. Just how the accident happened cannot be explained.

When Mr. Neill found him the body was quite cold.

The pick used by the dead man was lying to the right of the hole and his spade to the left while the body was in the hole and the stone across his chest.

Mr. Neill went to the club house, where carpenters were at work and secured their assistance. Coroner Dr. Greer was called and gave the order for the removal of the body.

CAP ON STONE.

His cap was on the stone in front of him and his arms folded above the stone. This fact might indicate that he was not instantly killed, but that he had been using his cap in an effort to draw the attention of someone.

The boulder was over two feet in length, probably eight inches through and somewhat of an egg shape.

Mr. Head was 34 years of age and formerly was engaged with C. B. McAllister and later with Alex. Elliott. He had always been a resident of Peterborough and made a large number of friends.

His wife and two sons, Reuben, aged 13 years and Walter, aged 11, are left to mourn his loss. His parents are Mr. and Mrs. William Head, and his brothers, Arthur, of Peterborough; Fred, of Toronto; Jack, of Saskatoon, and Frank, of Peterborough. One sister, Miss Mary Head, resides at Toronto.

Deceased was a member of the A. O.F., under whose auspices the funeral will take place at 2.30 o'clock Thursday afternoon from the residence of Arthur Head, 257 Bethune street, Rev. J. R. Webb officiating.

APPOINTMENTS AT ST. JOHN'S ADJOURNED VESTRY MEETING

Church Society Reports Showed Advance in All Departments

At the adjourned vestry meeting of St. John's Church, last night, Rev. Canon Davidson, named as his warden for the ensuing year, Mr. A.H.Stratton

The other appointments for the year are as follows:

SIDESMEN

The following sidesmen were appointed:

Jos. Mills, C. H. J. Mitchell, R. Fair, R. Campbell, A. E. Coulthard, W. R. Morris, H. D. Burnett, T. D. Mulholland, J. J. Howden, W. H. Cluxton, G. A. Smith.

USHERS

The ushers appointed are as follows:—

W. E. Conway, J. F. Linton, W. C. Ackerman, C. G. Graham, Stanley Caniff, W. Miles, Matthew Drysdale, Walter Hooper, Ronald McKee, W. H. Roberts, jr., Chas. E. Coleman, C. P. Fee, B. Doucette, F. C. Powell, Walter Guy, Mr. Packman.

ADVISORY BOARD

The Advisory Board is as follows:

Jos. Mills, C. H. J. Mitchell, Dr. Boucher, R. Fair, P. Campbell, W. E. Conway, Dr. Halliday, H. W. Morphet, J. J. Howden, J. F. Linton, A. H. Stratton, R. Ruddy, W. H. Cluxton, J. H. Cluxton, J. H. McClellan, Wm. Hinchcliffe, Geo. A. Smith, A. E. Smith, A. E. Coulthard, Geo. J. Sherry, Geo. Lenton, F. D. Kerr, G. C. Wainwright, A. C. Herridge, T. D. Mulholland, Ryerson Ritchie, Dr. Burnham. Dr. Burnham representative on Wm. Hall and the Protestant Poor Trust.

LAY DELEGATES

Joseph Mills, Dr. Boucher, J. H. McClellan.

The congregation expressed thanks to Mr. R. J. Devey, as organist and choirmaster by a substantial increase of salary and many expressions of gratification were offered concerning his loyal work.

The reports of the different church societies were read and were very gratifying indeed, showing in every case substantial advance as a result of capable and efficient work.

LOCAL NEWS ITEMS

Mr. E. Trowern, the widely known Dominion Secretary of the Retail Merchants' Association, of Canada, will speak at the meeting arranged to take place at the hotel National to-morrow evening, in the interests of the local retail association and merchants. He will deal with the Co-operative Bill and this is a subject which he is well qualified to deal with, as merchants well know.

Mr. H. J. Coleman returned last evening via New York from England, and brought with him many new ideas of the latest novelties in catering and baking and which will be used for the benefit of the patrons of Coleman Bros., so that they may be given the very latest and best cookery.

The Mail and Empire says—Rev. E. A. Langfeldt, Ph.D., rector of St. Luke's Church, Peterborough, has been appointed to the parish of Innisfail, to succeed Rev. E. A. Paget, who has been granted leave of absence for one year. Rev. F. J. Sawers, M.A., of Lakefield, succeeds Mr. Langfeldt at Peterborough.

Dr. James Samson, lecturer-in-chief for the government annuities scheme will lecture on Annuities in Peterborough Collegiate Assembly Hall on Tuesday evening, May 9th, telling how the government annuity scheme provides a fund for people that relieves any fear of poverty in old age. The question of annuities in Canada is one that will get increasing attention as people realize the necessity of some provision for their future.

The fire department received a telephone call at 5.30 o'clock last night to the home of C. R. Chatten, 295 Roumaine street. Chimney fire. No damage.

A chimney fire at the home of H. Manley, Bethune street, gave the firemen a work-out at 9.30 o'clock this morning. No damage.

The Gun Club will hold its first shoot to-morrow night. Owing to the short evenings, shooting will start at 6.30. Ammunition on the grounds.

ST. JAMES SUNDAY SCHOOL GROWING

Average Attendance for April Was 244

The annual meeting of the Managing Committee of St. James' Methodist Sunday school was held last evening, the pastor, Rev. J. G. Brown, presiding. The report of the Sunday school showed an average attendance for the first three months of 1911 to be 243, as compared with 139, for the first three months of 1910. The average attendance for April, 1911, was 244, as compared with 142, for the same month last year.

The contributions from the Sunday schools for missions was $48.17.

Mr. A. E. Prest was re-appointed superintendent, and the teachers are as follows:—

Primary Department—Misses Emma Collins, F. Emmerson, and B. Collins.

Intermediate—Miss M. Drake, Morris, M. Kidd, L. Drake, Emmerson, Sanderson and Mrs. Thomas Brown, and Mr. Anderson.

Bible classes—Mr. Goodwin, Mr Fife, Mr. Petley and Rev. Mr. Brown, with Wm. McLaren and A. Kent as assistants.

Votes of appreciation were tendered Miss Collins for services as organist Mr. and Mrs. Thomas Brown for prizes, and to Mr. E. J. Searight for his efficient work as secretary.

WHAT'S ON TO-NIGHT

City Council—Board of Works, 7.30; Legal Committee, 9.00.

Grand—"The Man on the Box."

Church League football — Cold Springs vs All Saints, 6.30.

YEAR'S PROGRESS FOR Y.W.C.A.

Annual Meeting With Address by Miss MacDonald of Japan

Marked progress in the work of the Y.W.C.A. for the past year was shown by the reports read at the annual meeting held last night. The Review is unable to publish these reports to-day, but they will appear in to-morrow's issue.

Added interest was given to the occasion by the presence and address of Miss Macdonald, of Japan. The address was highly entertaining and instructive, present day conditions in Japan being dealt with. The program of the evening was:

"All Hail the Power of Jesus' Name."

Scripture reading and prayer, Rev. James Rollins.

Vocal solo, Miss Edna Pringle.

Reports from the various committees.

Violin solo, Miss Laura Logan.

Address, Miss Macdonald, Tokio.

Doxology.

Social half hour with cup of tea.

Board for 1911-1912.—Mrs. W. Roger, Mrs. A. Stevenson, Mrs. W. D. Scott, Mrs. Jas. Wood, Mrs. A. W. Cressman, Mrs. H. P. Kennedy, Mrs. W. Walsh, Mrs. R. Neill, Mrs. Judge Huycke, Mrs. James Rollins, Mrs. W. H. Hill, Mrs. Hunter, Mrs. J. Nugent, Mrs. Kerr, Mrs. Malcolm McCulloch, Mrs. M. A. Morrison, Mrs. R. R. Hall, Mrs. J. E. Goodwill, Miss M. Dickson, Miss E. Morrow, Miss Weir, Miss Aldridge, Miss Might, Miss Rush, Miss A. Wood.

OBITUARY

Mrs. Andrew McDermott

At the home of her daughter, on the Keene road, Otonabee, Mrs. Andrew McDermott passed away at the advanced age of 93 years.

The deceased was well known in this city. She was an Anglican in religion and attended service at St. Mark's, Otonabee. Her husband predeceased her about eleven years ago.

The funeral took place this afternoon to the cemetery at St. Mark's church.

Richard Rice Dead

The death of an old resident of Otonabee township occurred yesterday at St. Joseph's hospital, when the grim reaper called away Richard Rice, of the River Road. The deceased was 70 years of age, and had lived all his life in Otonabee, residing on the same lot where he was born.

He was well known and well liked. The illness preceding death was about a month and a half. Two sons, James and Richard, survive and one daughter, Elizabeth, all at home. The funeral will take place from the home of the nephew of the deceased, David Rice, River Road, Thursday afternoon at 8.30 a.m., to the Church of the Sacred Heart and thence to the Roman Catholic cemetery.

COURT STANLEY A.O.F.
Special meeting to night in the Sons of England Hall, to arrange for the funeral of late Bro. Walter Head. Full attendance requested. 1d

WHO'S COMING AND GOING

Mrs. J. S. Knapman, George street, will not receive again this season.

Miss Elizabeth Smith, George street, leaves to-morrow night for Montreal sailing from that port on Saturday by C.P.R. S.S. Empress of Ireland, for Liverpool and London. Miss Smith will be the guest of relatives in London and other parts of England during her two months' stay.

OUR SUNDAY SCHOOL

Subject for Murray St. Midweek Service To-night

The officers of Murray street church are inviting every parent in the congregation to attend the midweek service to-night, when the topic, "Our Sunday School," will be the subject of prayer and conference. It is expected that every teacher and officer of the school will be present, and the results of such a meeting should be very great.

SALARY SCHEDULE INCREASE OF LADY ASSISTANT TEACHERS

On Teaching Staff of Public School—Members of Board of Education Disfavor Suggestion for School Holiday Coronation Day, Because of Examinations.

The Board of Education at the regular meeting last night, increased the salaries of the lady assistant teachers on the staff of the public schools, the same to take effect when school is resumed after the summer holidays.

There were present John Crane, chairman; L. M. Hayes, K.C.; W. H. Hill, R. Fair, T. H. Adams, V. Eastwood, Dr. Burnham and Col. Miller.

The reason for the increase to the teachers is fully explained in the report of the Committee on Appointments, which will be found below, the Board having dissolved into committee to take up this matter, after the regular business had been transacted.

COMMITTEE ON APPOINTMENTS.

To the Chairman and Members of the Board of Education.

Gentlemen,—Owing to the great demand in the western provinces and in the rural sections of Ontario for teachers, your Committee on Appointments finds it impossible to maintain the present high efficiency of the public school staff on the present salary schedule governing the salaries paid to lady assistant teachers.

After having examined the salary schedules of the greater number of the cities in Ontario, and having ascertained from the principal of the Normal College in Toronto the salaries being offered the lady teachers training for first class certificates, your committee would recommend that the present salary schedule of the lady assistants of the Peterborough public school staff be amended as follows, and that the salary schedule as amended take effect from September 1st, 1911.

(a) That lady assistant teachers holding professional first class certificates be paid the initial salary of $600.00 per annum, with one annual increase of $50.00 and thereafter annual increases of $25.00 until the maximum of $750.00 be reached.

(b) That lady assistant teachers holding professional second class certificates be paid the initial salary of $500.00 per annum, with two annual increases of $50.00 each, and thereafter annual increases of $25.00 until the maximum of $700.00 be reached.

(c) That the salary schedule for kindergarten directresses having two sessions per day be the same as for the professional second class teachers; this schedule also to govern the salary, of the directress of the kindergarten in connection with the Normal Training School.

Respectfully submitted.
W. H. HILL,
Chairman.

The report was adopted as read.

COMMUNICATIONS.

From Rev. J. C. Davidson, offering a suggestion from the Chimes Committee that the children of the public schools take part in the celebration of Coronation Day, when the inauguration of the chimes will take place.—Referred to Supervision Committee.

It was pointed out that at this particular time examinations would be on, and the Board felt the suggestion not altogether feasible.

COLLEGE DISPLAY.

From J. E. Hodgson, science master at the Collegiate, stating that the Carborundum Company, of Niagara Falls, N.Y., had presented the science department of the Collegiate Institute with their college display, illustrating the various stages in the manufacture of corundum. The secretary was notified to write the company and thank them for the presentation.

REFUND GRANTED.

From W. G. Johnston, informing the Board that his daughter attended the Institute and was charged non-resident fees, though he is a tax-payer in the city. He claimed a refund of $15.

The Board decided that Mr. Johnston was due the refund, and took action accordingly.

NEW TEACHERS.

From Miss Stella Bennett, accepting appointment on public school teaching staff.

From A. Mowat, I.P.S., reporting Miss Effie McQuarrie and Miss Bennett having entered upon their duties on the public school teaching staff.

From Miss Lochhead, resigning her position at Queen Alexandra school on account of sickness.

The secretary was notified to write Miss Lochhead and express the appreciation of the Board for her services.

PUBLIC SCHOOL ATTENDANCE.

	Enroll.	Average.
Central	414	383
South Central	407	334
Queen Alexandra	286	260

NATURE STUDY CHART.

From J. Bickness, offering to place bird and nature study charts in the public schools at special offer of six for $100, or $16.66 2-3 each.—No action was taken.

P.C.I. SPORTS.

From H. P. Eastwood, secretary of the P.C.I. Athletic Association, asking that Riverside Park be rented for the carrying on of sports.—Granted.

NO MORE PAY.

Mr. Mowat wrote the Board as follows—

O. A. Thompson Esq., Secretary Board of Education, Peterborough.

Dear Sir,—Owing to the half day system of teaching prevailing in the primary forms at the King Edward and South Central schools, I have to report that the janitors of these schools will, for the balance of the school year, have to prepare the Kindergarten rooms twice a day. They first have to prepare them for the Kindergarten classes, and then at noon the seats have to be arranged for the primary classes. This entails considerable extra work on the part of the janitors, and they would like it to receive the attention of the Board. I remain,

A. MOWAT, I.P.S.

—No action.

PROPERTY COMMITTEE

To the Chairman and Members of the Board of Education.

Gentlemen,—Your Property Committee beg to draw the attention of the Board to the dilapidated condition of the stone fence on the east side of the Central school building, and being along College street. A portion of this fence has caved in and more will follow.

Your committee have had Mr. Blackwell prepare a pencil plan for a new retaining wall, and he estimates the cost of the same at from $200 to $250.

Your committee would ask that they be authorized to have this work proceeded with.

All of which is respectfully submitted.

R. FAIR,
Chairman.

—Adopted.

COMMITTEE ON APPOINTMENTS.

To the Chairman and Members of the Board of Education.

Gentlemen,—Your Committee on Appointments beg leave to report and recommend that in view of the resignation of Miss Lochhead, Miss Stella Bennett, of Port Hope, be appointed on the public school staff at the minimum salary of $450, with increase according to schedule, and duties to start after Easter vacation. Miss Bennett is the holder of a second class professional certificate, and your committee feel that she will fill the position to your entire satisfaction.

Respectfully submitted.
W. H. HILL,
Chairman.

—Adopted.

GIRLS TO PLAY TENNIS.

Mr. Kenner wrote the Board asking if permission would be given the girls of the Collegiate to play tennis on the lawn to the east of the building. The matter was referred to the Property Committee, but not before the meeting expressed its favor at the request.

CENTRAL PARK.

L. M. Hayes, K.C., suggested that the matter of a committee of the Board act with one from the military and Horticultural Society or the City Council in regard to the care and upkeep of Central Park. He named Mr. Crane, Mr. Hill and Mr. Fair. Mr. Hayes urged that everything be done whereby the committee would work in harmony. His motion was seconded by Mr. Hill and carried.

A BY-LAW.

A by-law will be prepared to authorize the execution of an agreement between the Board and Mr. Bartlett for plans and specifications for proposed changes at the East and West Ward schools.

HOUSE CLEANING NECESSITIES

We have everything necessary to disinfect your house. Platt's Chlorides, Carbolic Acid, Condy's Fluid, Moth Balls, Moth Flakes, Moth Bags, Red Cedar Flakes, and all kinds of Furniture Polish. McDermid & Jury's Drug Store. 2d

REV. J. R. WEBB TO STAY HERE

Declines Invitation to Become Pastor of First Baptist Church, Chester Pa.

The Review received word on May 1st, that Rev. J. R. Webb, of this city, had declined a unanimous invitation to become pastor of the First Baptist church of Chester, Pennsylvania. When interviewed in this connection Mr. Webb said that he had received the invitation, but had not desired that publicity should be given to the facts since he had declined it, feeling that there is every indication that his place for the present is in Peterborough.

Mr. Webb supplied the pulpit of the First Church of Chester for one Sunday in April, but the church at Chester had his answer as to the pastorate before he consented to preach for them and visit his brother in Philadelphia.

There are six Baptist churches in Chester and the Crozier Baptist Seminary is also located there.

RETAIL MERCHANTS' ASSOCIATION

Special meeting will be held Thursday evening, May 4th, at National Hotel. Mr. E. M Trowern, Dominion Secretary, will deliver an address. Every merchant in Peterborough urged to attend. Supper will be served.

R. G. KINGAN, President

DIED

RICE.—At St. Joseph's Hospital on Tuesday, May 2nd, 1911, Richard Rice, aged 70 years. Funeral on Thursday, May 4th, at 8.30 a. m., from the residence of his nephew, Mr. David Rice, River Road; proceeding to Church of the Sacred Heart, thence to the Roman Catholic cemetery. Friends will kindly accept this intimation.

Coal Orders for 1911

I have to thank my many friends for a generous patronage during the last season, and wish to remind all that we can supply for this year the same good qualities of coal, promptly, and at the regular market prices. Reference to the advertisement will give the relative cost for the several sizes. All one grade—the best.

CITY JUVENILE BASEBALL LEAGUE TO BE ORGANIZED

Representatives Asked to be at Y. M. C. A. Thursday Night

A City Juvenile Baseball League will be organized at the Y. M. C. A. Thursday night of this week. Any team in the city can enter on boys complying with the following rules—

All players must fill out a certificate, which calls for age of player address, club playing for, and signed by parent.

No player who has reached his sixteenth birthday by May 1st, 1911, can play.

Only fourteen players may be signed up by any team.

Both teams must supply a ball for every league game.

For further particulars teams should have a representative at the meeting Thursday night.

In spite of the most unfavorable weather of yesterday, over twenty members of the Boys' Department of the local Y.M.C.A. journeyed over to the Riverside athletic field and enjoyed a game of baseball. This field will be open to all members of the Boys' Department every Tuesday and Thursday afternoon throughout the summer. All outdoor sports will be indulged in there, including baseball, athletics, etc.

As a special inducement for beginners, the athletic events will be graded. Everybody has a chance, and individual prizes may be given.

SCHEDULE FOR PUBLIC SCHOOL BALL LEAGUE

Senior Series Start May 8 and Junior Series May 9

At a meeting of the executive of the Public School Baseball League, held last evening, it was decided to change the qualifications for players to enter junior or senior series.

According to the changed rules, any boy may play in the senior division.

In the junior division the boys are all eligible, except those in the fourth class, and those fourteen years or over, before January 1st, 1911.

The schedules were drawn up as follows:—

SENIOR DIVISION.

May 8th—Central vs. East City.
May 10—King Edward vs. South Central.
May 15—South Central vs. Central.
May 17—East City vs. King Edward.
May 22—South Central vs. King Edward.
May 25—East City vs. Central.
May 29—Central vs. South Central.
May 31—King Edward vs. East City.

JUNIOR SERIES.

May 9—East City vs. Central.
May 11—South Central vs. King Edward.
May 16—Central vs. South Central.
May 18—King Edward vs. East City.
May 23—King Edward vs. Central.
May 26—Central vs. East City.
May 30—South Central vs. Central.
June 1—East City vs. King Edward.

The first named team in each instance will be the home team.

The representative on the executive for the home team in which he is interested, will look after securing an umpire and grounds.

Wm. Martin, aged 45, of Smith's Falls, was struck by a train and killed. He was deaf.

The city of New York has asked London, Eng., for particulars concerning the business tax system.

FOOTBALL

All members of the Park Street Football team are requested to be out to-morrow night (Thursday) for practice, at 6.30, after which the team will be picked for the match with All Saints, on Saturday.

BASEBALL

BASEBALL YESTERDAY.

THE QUIVERING EARTH.

Our Globe Frequently Trembles Like a Mass of Jelly.

Among the astonishing discoveries that have recently been made by means of the delicate instruments contrived primarily for the investigation of earthquakes none is more surprising than that of the existence of vast quiverings of the earth's crust which affect tens of thousands of square miles of surface and sometimes continue for weeks on end. These strange pulsations, which are called "microseisms," are due, incredible though it may seem, to nothing else than the varying pressure of the air!

Who could have believed that the seemingly solid globe could be thus shaken by the soft tread of the invisible powers of the atmosphere?

But the mystery is deepened by the fact, which stands out clearly from the investigations of Dr. Otto Klotz, that the ocean plays a master part in the phenomenon. When an area of low barometric pressure passes across the United States no microseisms are produced as long as the cyclone remains distinctly over the continent, but when it rushes out upon the surface of the ocean the needles of the seismographs begin to tremble.

These strange movements affect blocks of the earth's crust so large that their surface, as already remarked, covers tens of thousands of square miles. Over these immense areas the solid earth trembles like a jelly, and the motion, instead of passing away rapidly, as in an earthquake, continues day after day and week after week. Microseisms are most common in winter. But whenever a well marked low pressure area—in other words, a storm center—sweeps up the Atlantic coast from Florida to the gulf of St. Lawrence the tremblings begin. Dr. Klotz has shown that it is not the surface wind that produces these disturbances, but the change of pressure. Yet the winds and the tides, too, have their effects, which can be clearly distinguished from the true microseisms.

This adds another to the many sources of disturbances which affect the stability of the earth. Every fresh investigation brings new proof that the earth is an astonishingly high strung organism, its ribs of rock, as rigid as steel in the interior, responding like the strings of a harp to the slightest touch. And we, microscopic creatures, dwell upon this globe of stretched and living strings.—Garrett P. Serviss in New York American.

Selling a Book.

At the last dinner of the American Booksellers' association one of the souvenirs was a paperweight which contained this rubricated text: "To write a book is an easy task; it requires only pen and ink and some patient paper. To print a book is slightly more difficult, because genius often expresses itself in illegible manuscript. To read a book is still more difficult, as one must struggle against sleep. But the most difficult task that any one may attempt is to sell a book." The Harpers presented the paperweights, but the sentiment belongs to one of the most prolific modern writers, Felix Dahn, a man who, moreover, never sold a book in his life. He is a German novelist, historian, jurist and playwright and has written half a hundred works of all sorts.—Argonaut.

A New Death Dealer.

The recently invented Benet-Mercier gun combines the rapidity of fire, range and effectiveness of a machine gun with the lightness and ease of action of a magazine rifle. The gun is fired from a rest and is held against the shoulder of its operator, who can either fire from a sitting position or lying prone. The regulation cartridge is used in clips that hold fifty. A good rifleman can discharge from 300 to 500 shots per minute if assisted in feeding by a man to fill the clips. The gun is at present undergoing a series of tests by army officers with a view to its adoption by the government.—Popular Mechanics.

Horses and the British Army.

The British army on mobilization will require 132,000 horses, and no one has the slightest idea where they can be found. Good authorities tell us that this number of animals of the military age does not exist in the country. With the growth of mechanical transport the necessity of taking steps to secure a supply of horses in war grows more and more urgent. We can not, unfortunately, mount our cavalry on taxicabs. We still breed the best horses in the world, but they are bought up for the use of foreign armies while the British war office is counting its pence.—London Mail.

Making Himself Useful.

Persia's former shah appears to be supporting his exile more philosophically than Abdul Hamid. According to the Cri de Paris, he has learned Russian and reads Tolstoy, Dostoievsky and Gorki in the original. He attends some of the lectures at the University of Odessa and has paid his entrance fees to the school of medicine. This branch of study appeals to him most strongly, and he hopes in due course to take a medical degree and even to practice as a doctor should his subjects not recall him to the throne.

Contracting the World.

The world is growing too small. One can go to Peking in a fortnight; an aeroplane service is to be run from Algiers to Timbuktu, and a wireless station is being installed on Crusoe's island. Farewell to mystery!—Paris Eclair.

The term of Sir Daniel McMillan Lieutenant Governor of Manitoba, has been extended six months.

THE MARKETS

Latest Quotations in Grain, Dairy Products, Live Stock Etc.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

CHICAGO, May 2.—An artificial bulge of 3⅝c to 3¾c for May wheat to-day frightened shorts in all the other options, altho business in the current delivery did not reach a size of any great importance. New crop months closed at a net advance of ⅜c to 1⅛c. The end of the session left corn ⅛c to ¼c to ⅜c higher than last night; oats up ⅛c to ¼c to ⅝c, and hog products with a gain of 5c to 7½c to 32½c.

The Liverpool market closed to-day ⅝d to ⅞d higher on wheat and ½d to ¾d higher on corn, compared with yesterday. Buda Pest and Antwerp closed unchanged on wheat. Berlin was ⅝c higher, Paris ½c to 1c higher.

Montreal Grain and Produce.

MONTREAL, May 2.—There was an increased demand from foreign buyers for Manitoba spring wheat and bids for May—June shipments were 3d higher, which prices were out of line with values on this side at the close. The principal demand was for nearby shipment, for which bids showed a premium of 3d to 4½d per quarter over the above, and sales of several loads were made. The foreign demand for oats is brisk, there being bids in the market for over fifty loads, but on account of further advance in prices in Winnipeg sales of only a few loads were made. The demand from the Maritime Provinces for spot oats was good, and especially for Ontario grades, which are in limited supply here, and in consequence prices have advanced ½c to 1c per bushel and a sale of one lot of 10,000 bushels of No. 2 Canadian western was made at 40½c. American No. 3 yellow corn for May delivery sold at 60c to 61c. There was considerable enquiry from European sources for spring wheat flour, but on account of the sharp advance in wheat millers were not disposed to accept the bids and have advanced their prices 9d to 1s per sack. The local trade was fairly good and the undertone to the market firmer. Baled hay is stronger at an advance of 50c per ton.

Oats—Canadian western No. 2, 40¼c to 40½c car lots ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39¼c to 39½c; No. 2 local white, 39¼c to 39½c; No. 3 local white, 38¼c to 38½c; No. 4 local white, 37¼c to 37½c.

Corn—American No. 3 yellow, 60c to 60½c.

Beef—Plate, half barrels, 100 lbs., $8.75; barrels, 200 lbs., $17; tierces, 300 lbs., $25.

Pork—Heavy Canada short cut mess, barrels, 35 to 45 pieces, $22.50; half-barrels, $11.50; Canada short cut and back pork, 45 to 55 pieces, barrels, $23; Canada clear pork, barrels, 30 to 35 pieces, $20; bean pork, small pieces but fat, barrels, $16.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11¾c.

Butter—Choicest, 20½c to 21c; seconds, 18c to 20c.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, May 2.—The railways reported 79 carloads of live stock at the City Market, consisting of 1118 cattle, 937 hogs, 1386 sheep, 310 calves and one horse.

Exporters.

Probably about 150 cattle of export weights were marketed, 108 of which were for export, and some for local killing, and prices ranged at from $5.80 to $6.

Butchers.

Prime picked lots of butchers sold at from $5.80 to $6; loads of good, $5.50 to $5.75; medium, $5.20 to $5.45; common, $4.75 to $5.15; cows, $3.50 to $5.25; bulls, $4.25 to $5.

Stockers and Feeders.

There was a fair inquiry for feeders and stockers. Feeders, 900 to 1050 lbs. each, sold at $5.25 to $5.45; feeders, 800 to 900 lbs., $5 to $5.25; stockers, 500 to 800 lbs., $4.75 to $5; cows for feeding on grass, $3.75 to $4.25.

Milkers and Springers.

There was an active market for good to choice milkers and springers, at $50 to $75 each, while common to medium cows sold at from $37 to $45 each.

Veal Calves.

The market for veal calves was a trifle firmer, prices ranging at from $4 to $6.50, or an average of $5.50 per cwt.

Sheep and Lambs.

Wesley Dunn reported prices as follows: Sheep, ewes, $4.50 to $5.25; rams, $3.50 to $4 per cwt.; Ontario yearling lambs, $5.50 to $6.25, unclipped; while American clipped lambs, after duty being paid upon them, sold at $6.25 to $6.50 per cwt. McDonald & Halligan sold 201 American clipped yearling lambs, 90 to 105 lbs. each, at $6.60 to $6.90 per cwt. Spring lambs sold at $4 to $6.75 each.

Hogs.

Prices for hogs were quoted at $6.30 for selects, fed and watered at the market, and $6 to drovers for hogs f.o.b. cars at country points, but $6.10 was reported as being paid in some instances. Heavy hogs, over 220 lbs., are still being culled out at 50c per cwt. lower than the above quotations.

East Buffalo Cattle Market.

EAST BUFFALO, May 2.—Cattle—Receipts 400; market slow and steady; prime steers, $6 to $6.25; butcher grades, $3 to $5.90.

Calves—Receipts 200; market slow, 25c lower; cull to choice, $4.25 to $6.25.

Sheep and lambs—Receipts 2000; market fairly active and firm; choice lambs, $5.75 to $5.90; cull to fair, $4.50 to $5.60; yearlings, $4.25 to $4.75; sheep, $2.05 to $2.25.

Hogs—Receipts 850; market active and 10c higher; yorkers, $6.40 to $6.45; stags, $6.50; pigs, $6.30 to $6.35; mixed, $6.20 to $6.30; heavy, $5 to $5.30; roughs, $5.20 to $5.35.

New York Live Stock.

NEW YORK, May 2.—Beeves—Receipts, 698 head; feeling steady.

Calves—Receipts, 135 head; nominal quotations at $4.50 to $6.75 for veals; culls, $4.

Sheep and Lambs—Receipts, 2450 head; market steady; clipped sheep, $3 to $4.25; clipped lambs, $4.90 to $6; spring lambs nominal.

Hogs—Receipts, 3175 head; market firm, at $6 to $6.60.

Chicago Live Stock.

CHICAGO, May 2.—Cattle—Receipts estimated at 2000; market steady; beeves, $5 to $6.45; Texas steers, $4.60 to $5.50; western steers, $4.80 to $5.70; stockers and feeders, $4 to $5.45; cows and heifers, $2.40 to $5.65; calves, $4 to $5.75.

Hogs—Receipts estimated at 11,000; market 5 cents higher; light, $5.75 to $6.15; mixed, $5.75 to $6.10; heavy, $5.60 to $6; rough, $5.60 to $5.75; good to choice heavy, $5.75 to $6; pigs, $5.60 to $6.05; bulk of sales, $5.90 to $6.05.

Sheep—Receipts estimated at 15,000; market steady; native, $3 to $4.60; western, $3.25 to $4.60; yearlings, $4.40 to $5.10; lambs, native, $4.25 to $6.10; western, $4.[illegible] to $6.25.

Acute Dyspepsia

Restoration of Stomach Power Comes Quickly With the Right Medicine.

"My food seemed to decompose in my stomach," writes Mr. Ralph Clemmons, of Newbridge, P.O. "I had a stomach that failed in some way to perform its work. Digestion seemed more or less arrested and I grew thin, yellow, nervous. The stomach became distended and impeded apparently the action of the heart, for often at night it would do great stunts. At times I would vomit a mucous mass, and at these times my head ached most terribly. A friend, who had been cured of a similar condition, advised me to take Dr. Hamilton's Pills regularly, which I did. The result in my case was simply marvelous. Dr. Hamilton's Pills removed the cause, strengthened the stomach, excited the liver to normal action, the kidneys were released of excessive work. Health soon glowed within me. I can now eat, sleep, and live like a live man."

Be advised—Use Dr. Hamilton's Pills—they are sure to do you good. 25c per box, at all dealers, or The Catarrhozone Co., Kingston, Canada.

Dr. Hamilton's Pills Cure Indigestion Dyspepsia

FOUND TYPHOID IN THE CARRIER

Peculiar Case of Tracing the Epidemic at Resort

New York American.

In a report sent to the New York milk committee, Dr. Charles E. North, bacteriologist for that organization, furnishes a remarkable account of how he tracked down a typhoid epidemic which had spread over a period of five years, and which last fall resulted in closing a fashionable summer colony in the Adirondacks.

For years members of this "camp" composed of wealthy New Yorkers, had been puzzled by the frequent outbreaks of typhoid. Last September eleven golf caddies, a laundress, and two maids were stricken with the fever. Those who were able to travel were sent to New York and placed in hospitals and the camp closed, the rich owners declaring they would never return until the mysterious source of the disease was absolutely traced and disposed of.

Dr. North, after two months of detective work, finally traced the epidemic to a former well-known Adirondack guide, who was then employed as night watchman at the clubhouse, and whose duties included handling the milk supply of the camp. He was found to be a "typhoid carrier." Dr. North, at the instance of the New York milk committee, brought the man to New York for observation and treatment, as the milk committee is interested in stamping out all contaminating elements in the distribution of milk.

The doctor says that when the man returned to his home a few weeks ago blood examinations showed him to be far less infected than he was a few months before.

"The proper disposition of such a typhoid carrier is not yet determined," says Dr. North in his report. "The State Department of Health was appealed to, but the commissioner declared he was without authority to restrict the movements of such persons. I, therefore, released this man with admonitions regarding personal care. He is unable to obtain work, and has, of course, lost the position he formerly held. The members of the club, however, are well disposed toward him and probably will give him a pension on which to live."

IT GROWS HAIR

But Not After the Hair Root Is Dead.

Wm. Madill will tell you that he sells a great many bottles of Parisian Sage because it gives satisfaction.

He guarantees it to eradicate dandruff, stop falling and splitting hair and itching scalp, or money back.

Parisian Sage will make hair grow if the hair root is not dead, it puts life and luster into dull and faded hair, and is the most delightful hair dressing in the world. Only 50 cents a large bottle.

Parisian Sage is the best hair grower and beautifier, dandruff cure and scalp cleaner known. Try it on our money back plan.

ROYAL NICKNAMES IN MANY VARIETIES

Pet Appellations of Those Who Move in Regal Circles in England and Elsewhere.

Royal personages, like folk in less exalted ranks of life, often possess a pet name or nickname, though a Royalty is seldom called by such a name except by members of the Royal Family, and rarely even by his or her most intimate friends who are not of Royal rank.

King George has not had a pet name for very many years. When quite a little boy he was styled "Archer," from his great liking for playing with bows and arrows. The name was dropped when his Majesty was about twelve. He was called "Georgie" until he was about sixteen; but since he has always been called "George" by members of the Royal Family.

The Prince of Wales, when quite a little boy, was known as Eddy among the Royal Family, and Eddy he might still have been called but for Queen Alexandra, who greatly disliked this particular contraction of Edward, and it was chiefly owing to her Majesty's influence that the pet name was dropped.

Prince "Marcus."

The Prince is now sometimes called "David" by his brothers and sister, but is usually styled "Edward" by his older relatives. Arthur of Connaught has been called "Marcus" for many years by his relatives. In this connection a rather amusing incident may be related, which occurred some years ago when Prince Arthur went to Japan to convey the Insignia of the Order of the Garter to the Mikado on behalf of the late King.

One of the officials of the Japanese Court, whose duty it was to enter the names of the visitors from the English Court in the roll of the Royal visitors, heard the Prince called "Marcus" by a member of his suite, and, much to the Prince's amusement, his name was entered in the roll-book as "His Royal Highness Prince Arthur Marcus of Connaught."

Queen Alexandra has always been known as "Alix" by members of the Royal Family, and among her Majesty's most treasured possessions is a photograph of the late King, given her shortly after her engagement, on which is written "To Alix from Edward."

Miss Charlotte Knollys, in private life, has for many years called Queen Alexandra "Alix," and is the only person outside of Royal rank who has been privileged to do so.

The nurses who have the care of the little Princes and Princesses of English Royal Family are never allowed to call their charges by any pet name other than that of "Baby."

"Jack"—King of Spain.

From the age of three years a Royal Prince is styled "Sir," and a Princess "Madam," by their nurses and this rule was in the case of the Queen of Norway, who was known in the days of her infancy as "Harry," and the pet name has always stuck to her, for her Majesty is still called "Harry" by her relatives.

The King of Spain is one of the very few foreign Royalties who has a nickname, and he is never styled by it except in this country, where it was given him. Among the younger members of the Royal Family, and by a very few intimate friends, the King of Spain has been known as "Jack" for some years past.

It is a grave offence against the etiquette of the German or Russian Courts to call any member of the reigning Royal Family by any pet name, and it is not done even by Royalties themselves.

KING GEORGE
And his only daughter Princess Mary.

Stand for the King.

The quidnuncs have been saying that the King will have a special platform upon which to stand during the ceremony, in order that his shortness of stature may be remedied. They little know King George to say such things as that. His Majesty thinks as little of such trivialities as "Bobs" himself, and the pictorial record of his first opening of Parliament, in which the Queen seems to tower above him as she stands upon the same level at [illegible] welcomed by the King. It is a piece of realism at which he is too great-minded to be affronted. The King is as impatient of all "make-up" devices as Queen Mary herself.—Modern Society.

Seventeen hundred emigrants left Glasgow, Saturday, for Canada.

MOTHERS!
DO YOU KNOW—

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach?

You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of the stomach? Then why do so by way of the pores?

Take no risk. Use always the pure herbal essences provided in Zam-Buk. Zam-Buk contains no trace of any animal oil or fat, and no poisonous mineral coloring matter. From start to finish it is purely herbal.

It will heal sores, ulcers, abscesses, eruptions, varicose ulcers, cuts, burns and bruises more quickly than any other known preparation. It is antiseptic, quickly stops the smarting of a sore or cut, cures piles, inflamed sores and blood-poisoning. It is a combination of healing power and scientific purity. Ask those who have proved it.

All druggists and stores 50c box or Zam-Buk Co., Toronto, for price.

ZAM-BUK
SHOULD BE IN YOUR HOME

WHAT'S DOING AT INDIAN RIVER

Constable Whibbs Landed Man Who Was Light Fingered

Indian River, May 3.—Mr. Shepherdson and family have moved to Peterborough where Mr. Shepherdson will take charge of a railway section of the C.P.R. For the past few years Mr. Shepherdson has acted as section foreman here, where he has made many friends. He will be succeeded by Mr. Cummings, of Norwood.

Mr. Ruth, of Peterborough, shipped a car load of cattle out of this place on Friday. He reports fatted cattle to be scarce in this section at present. No chance for prodigal sons.

Fred Roy, of Peterborough, visited friends here on Sunday, 23rd.

Harold Patterson, of Hamilton, spent his Easter holidays at his home here.

Miss Lizzie Shearer, of Peterborough, spent Sunday at the home of Miss Mary Fife, Jermyn.

Rev. Wood and wife visited friends at Warsaw on Thursday.

Mr. and Mrs. Hamlin were visiting here last week.

The cheese factory will be opened for the summer, next Monday, Mr. Andress is in charge of the factory.

Mr. and Mrs. (Dr.) Fife spent Sunday at his home in Jermyn.

John Fitzgerald, son of Morris Fitzgerald, is suffering from an injury to his leg.

Peter Walker, who has been suffering from an abscess, was at Nicholls hospital in Peterborough, for a few days last week.

A carload of planks for use on the C.P.R. crossings has been unloaded at the gravel pit.

Mrs. O. B. Earle, who has been visiting her mother, Mrs. Kidd, has left for Toronto, where she will meet Mr. Earle, home from the Old Country.

The saw-mill, which is now situated about a mile up the river from here, is to be placed near the railway yard on Morris Fitzgerald's property, where it will be used temporarily in facing timber for ties. One night last week the foundation of the mill gave way and let the end of the building into the water. No damage was done to the machinery, however. A change of scenery will do the mill good.

Mrs. Hall and Mrs. Tom Breckenridge visited Toronto last week.

Rev. Armstrong of the Peace River District, Saskatchewan, will lecture on "The Canadian West," at Bethel church, Jermyn, on Thursday evening, May 4th. The lecture will be illustrated by lantern views. All who can should attend this lecture as such a treat is seldom given to those living in the country. The admission for adults is 25c.

Messrs. Earle and Fred Kidd, both of Peterborough, spent Sunday at their home here.

1400 Subscribers connected with the PETERBORO EXCHANGE. Rural Service throughout the district. Rates to meet the requirements of all.

LONG DISTANCE EVERYWHERE.

For full particulars consult the Local Manager.

The Bell Telephone Company of Canada.

WHY KEEP THE POOR MILK COWS

It has been stated on good authority that the average yield of 17,000 cows in the famous Belleville, Ont., section for the factory season of 1910 was 3,480 pounds of milk. There are sections in Quebec where it is doubtful if the average is much over 2,500 pounds. The average income per cow in connection with one Quebec creamery was only $19.60. As some patrons obtained as much as $31.00 per cow, it means necessarily that some earned scarcely $15.00. Some primary principles of dairy farming seem to need attention here. Records of each cow's production will soon show which cows should be beefed because unprofitable.

During 1910 the average yield of 1,100 cows in Quebec cow testing associations for the full period of lactation was 179 pounds of fat, double the above creamery average.

The good records near Winchester, Ont., for January, February and and March are 5,725 and 6,570 pounds of milk from two cows that freshened in December. Such cows, sources of keen pleasure and good profit, are found in increasing numbers where cow testing is practised. Plenty of individual cows in Canada are giving 10,000 and 12,000 pounds of milk and from 300 to 400 pounds of fat in one season.

Why keep poor cows?

Henry Cunningham, a Hamilton brakeman, was struck by a train at Waterford and had an arm badly broken.

BEAUTIFUL EYES

are made beautiful by long, silky lashes, and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost if the eye brows are thin and scanty; and the lashes are short and lifeless. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes, on receipt of price, fifty cents. B. V. KING WILL NOT BE A LATE BIRD

London, May 2.—Following the ban on the hobble skirt by the Lord Chamberlain, inspired by the Queen, society is eagerly discussing King George's direction that future courts are to be held one hour earlier. The guests will begin to arrive at half-past eight o'clock instead of half-past nine. The King and Queen will enter the throne room at half-past nine instead of at half-past ten, which will permit the courts to be brought to a close at midnight instead of in the small hours.

King George is a firm believer in early hours. He told a friend recently that a man cannot expect to succeed in business if he does not begin work till the day is half over and he cannot begin early if he is up half the night.

The ruling will have a far reaching result, leading to seven o'clock dinners and theatre performances beginning at eight o'clock sharp.

C/C a La Grace Corsets

As the Corset Fits So Does the Gown

Your gown may be the work of the most artistic dressmaker and still be an utter failure if fitted over the wrong kind of corset.

The Corset That Makes a Graceful Woman

The manufacturers of C/C a La Grace Corsets desire to call attention to the fact that nothing but the best materials are used in the manufacture of this high-grade Corset. The workmanship is of the very highest order. Every pair is fully guaranteed and a perfect fit insured to the wearer.

The prices are small compared with quality and comfort.

WEATHER PROPHECY FOR MAY

BY HICKS

A regular storm period having its beginning in April, will reach its culmination in eastern part of the country, the first two or three days in May. A seismic period also reaches into the same days. A wave of higher barometric pressure will follow from west and north, bringing cooler weather behind the storm. The mercury period, which came into May from April, will last until after the 10th, causing prolonged cloudiness, and intensifying regular and reactionary storms which fall under its influence.

A reactionary storm period will culminate on and touching the 4th and 5th, and this period being under the influence of the Mercury equinox, will bring storms of rain, with continuation of cloudy, threatening weather for several days. Under stress of the Mercury period, and similar conditions peculiar to this month, very severe storms are probable, at this and other May periods. High barometer with very cool weather with probable frosts northward will be the natural order from about the 5th to the 8th—first to the west and north, advancing eastward and southward.

A regular storm period covers the 9th to the 14th, with moon on the celestial equator on the 9th and full on the 13th. High temperature falling barometer and electrical storms will appear about the 9th in western extremes, and from Wednesday the 10th to Sunday, the 14th, these conditions will progress to the eastward, causing general and violent storms in many localities. From the 10th to the 16th constitutes a period of seismic strain that will very probably cause earthquake shocks and shivers in many parts of the globe. A marked change to high barometer and cooler, with probable frosts at night northward should be no surprise from about the 13th to the 16th.

A reactionary storm period will bring return of warm weather, falling barometer and storms, on and touching the 17th and 18th. Those who have followed us for years tell us that the solar eye is focused along the central parallels of the northern hemisphere during May, and hence violent electrical and tornadic storms often reach a maximum at this season. There is no special indication of such storms at this period at the same time, approaching storms should be calmly and carefully scanned. Expect change to much cooler after these storms for several days.

A regular storm period falls from the 20th to the 25th, being central on the 22nd. This period will culminate in very high temperature, a drop of the thermometer, and forceful storms of rain, wind and thunder, on and next to Tuesday, the 23rd. Dashes of heavy hail will be most natural at this time, with probability of a tornado, coming upon the unwary in scattering localities. Cycles of rain, wind and thunder storms may repeat themselves in afternoons and evenings for several days at this period, or until the barometer rises, attended by westerly winds and much cooler.

A reactionary storm period is central on the 27th, 28th and 29th. The New Moon is near perigee, and near north declination, falls on the 28th calling for low barometer, changes to very warm and resulting in vicious storms of thunder, wind and rain. Earthquakes from 25th to 30th.

APSLEY NEWS

Apsley, May 3.—Spring is here at last and the farmers are busily engaged in agricultural pursuits.

We are pleased to see Mrs. Thos. Stevens able to be out again after a severe attack of appendicitis.

Mrs. Isaac Lean is visiting friends in Peterborough.

Mr. Richard Lees, P.S.I., is paying an official visit to this part of the country.

The trustees of No. 1, Anstruther, have secured the services of Miss Lees, of Peterborough to take charge of the school till the summer vacation.

Miss Ruby Hales was the guest of her aunt, Miss Edna McIlmoyle, last week.

Misses Myrtle Windsor and Flora Eastland were guests at "Eelsview Villa" one day last week.

Miss Hattie and Mr. Charles Eastland are home on a visit.

The choir of the Anglican church paid a visit to South Burleigh recently to assist at the Easter services in the church there.

Mr. John Hull, of Lakefield, agent for the Gore Fire Insurance Company, was in the village last week in the interests of that firm.

Rev. G. W. Henderson, of Peterborough, delivered a lecture in the Methodist church here on Friday evening last which was much appreciated.

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS.

Since the Ingredients Entering Peruna Are Known, Its Power as a Catarrh Remedy and Tonic is Understood.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Cedron seed, a rare medicine and unsurpassed tonic. Cubebs, valuable in nasal catarrh and affections of the kidneys and bladder. Stone root, valuable for the nerves, mucous membranes as well as in dropsy and indigestion.

MARCHOUT AND WEEKLY DRILL

Orders for the Week — Sergt. Dummitt Promoted

The 57th Regiment had a short marchout last night after which the company officers took company drill. The following are the orders for the week;

Headquarters,
Peterborough,
2nd May, 1911.

Orders by the officer commanding 57th Regiment, Peterborough Rangers;

1. The following extract from Militia Orders dated 15th April, 1911, is promulgated for the information of the regiment "Coronation contingent, concentrations." All members of the contingent will be concentrated for seven days' drill and instruction at the depot of the arm of the service to which they belong and for the days at Quebec, prior to embarkation for England as follows;—infantry and all other dismounted branches of the service at Quebec, commencing May 23rd.

2. Detail of duty for week ending 9th May, 1911, captain for the week, Captain Watt; next for duty Captain McPherson. Subaltern for the week, Lieut. Comstock, next for duty, Lieut. Hodgson.

3. Members of the 57th regiment selected for the coronation contingent will report at the orderly room at 9 p.m., on Tuesday, May 9th, 1911, when further orders will be given them.

4. The commanding officer has been pleased to make the following promotion:—E. Co. to be color sergeant, Sgt. T. Dummitt, vice-sgt. D. Manley's time expired.

D. WALKER, Captain,
Adjutant.

WHERE GERMANY IS COMING IN

Kaiser Holds That His Country Should be Equally Considered

Frankfort-on-the-Main, Germany, May 1.—German pretensions to the benefits of the reciprocity agreement between the United States and Canada, on which the commercial bodies are insisting and which are now the subject of diplomatic negotiations, are reviewed editorially by the Frankfurter Zeitung, leading financial organ here.

The Zeitung holds that Germany is undoubtedly entitled to such benefits, under the Washington note of February, 1910, promising the most-favored-nation treatment. The United States in the negotiations then definitely abandoned the old American interpretation under which the most-favored-nation clause does not apply to concessions granted third nations for reciprocal concessions, and demanded and received the benefits of the German minimum tariffs with corresponding concessions, the minimum Payne tariffs being more unfavorable than the Dingley rates. The American Customs Court says the Zeitung, now wishes to revive the former interpretation, but this is not acceptable.

BETHANY

Special Correspondence.

Bethany, May 3.—Mrs. J. J. Poston and Miss Addie Preston have gone to Toronto to attend the Women's Conference.

Three detectives arrived here Monday morning in pursuit of the fowl stealers who depleted the henroost of Mr. Danyard, of the 10th line, of Cavan, taking 25 in one night, returning again the next night for the remaining 60. The latter batch were traced to Lindsay.

The work of demolition of the Farmers' Bank here started under the hands of Messrs. Brown and Freeman. It being part of the Temperance hotel here, which having been sold to the C.P.R. Co., has come down.

The school boys were busy this week collecting cheque books from the above premises, thinking it good fun to be able to write cheques for large amounts on the Farmers' Bank.

The farmers here are busy drawing large cement pipes for the new culverts, sections weighing 1,200 lbs.

There will be a football match in connection with the Midland League, Bethany vs. Lakefield, on Saturday, May 6th.

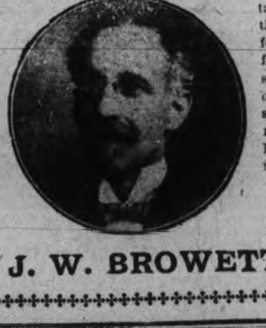
Dr. Tilley visited the public school here last Friday.

Much interest is taken by the people of the village in the construction camp here. Rev. D. Williams makes a weekly visit to it and leaves a supply of literature for the men, which is much appreciated.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. **Phosphonol** will make you a new man. Price $3 a box, or two for $5. Mailed to any address. **The Scobell Drug Co., St. Catharines, Ont.**

Are They Comfortable ?



Many persons have difficulty in keeping their Spectacles from slipping down upon the nose and hurting the ears. We are fitting beautiful Spectacles of new form, that are the acme of comfort, and owing to the formation of the inconspicuous solid Gold Pads at the side of the nose, there is no marking of the nose crest or cutting behind the ears, and then too, they will not slip down. Optical Institute patrons who use them remark "That is the very kind of spectacles I have been looking for." A lady remarked "I would not do without those spectacles for $100.

Y.M.C.A. NOTES

G. H. Williamson's Work in West Meeting With Success

The many friends of Mr. George H. Williamson, formerly the general secretary of the Peterborough Y.M.C.A., will be pleased to learn that his work in the west has been more than successful. The association at Fort William, where he is now secretary, has just finished a campaign for the magnificent sum of $100,000, and has been successful in raising that amount. The intention is to build a new Y.M.C.A. there which will meet the growing needs of that progressive city.

SUMMER TICKETS.

The summer ticket at the Y.M.C.A. entitles any young man who purchases it to all the privileges of the association for four months for $2. With the beautiful Riverside Park in the hands of the Physical Department this season, and with all the other privileges which the association offers, there will doubtless be a large influx of members this month. To get your money's worth, the sooner you get in your application the better.

NOT ONE PLACARD UP IN THE CITY

All Cases of Contagious Diseases Being Treated at Queen Mary Hospital

There are at present ten cases at the Queen Mary Isolation Hospital, and the fact of provision having been made for treatment of the contagious disease in the erecting and equipping of the hospital by the City Council means more than many citizens have probably stopped to consider.

It means that all cases of contagion are being treated at the hospital, and that not one placard is to be seen in the city. And further, it means that in homes where the disease was discovered the bread winners of the family are able to be at their work and not as before, quarantined.

The patient receives an added benefit as a result of hospital treatment, but it would appear that the general public receives the greater benefit, the extent of which can readily be seen when the matter is properly considered.

Knox Church Notes

Service to-night in the lecture hall at eight o'clock. Meeting of teachers and officers of Sunday school at nine o'clock.

Next Sunday morning a "Peace" service will be held. Judge Huycke will address the men in the Brotherhood room in the afternoon. In the evening a special service for men will be held. A male choir is practicing to supply the music.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any Case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 Days or money refunded. 50c.

LANG ITEMS

Special Correspondence.

Lang, May 3—Mr. Abercrombie, of Lindsay, was the guest of his sister Mrs. Geoffrey Linsdale, on Monday last.

Miss Mollie Moore and Mr. G. T. Gall of Keene passed through the village Tuesday evening last.

Mrs. Dalziel, who has been visiting her sister, Mrs. Wm. Fike, has returned to her home in Waubaushene.

Mr. G. W. Fife spent Monday in Hastings.

Mr. and Mrs. E. Heap and family, Peterboro, were guests of Mr. and Mrs. R. A. Esson, on Sunday.

Mrs. White is renewing old acquaintances in the village.

Mrs. J. Hardill, Peterboro, was in the village on business Wednesday last.

SCAVENGER WORK DONE

If you have any ashes or garbage you want removed or scavenger work done drop a card to the address below and your order will receive prompt attention. Twenty-five years experience.

E. M. WALLACE,
Peterborough, P.O.

SHERIFF'S SALE OF LANDS

Under and by virtue of a writ of FIERI FACIAS issued out of His Majesty's High Court of Justice, and to me directed and delivered, against the lands of Albert Wellington Tamblin, in an action wherein Emma H. Campbell is plaintiff and Albert Wellington Tamblin is defendant.

I have seized and taken in execution, and will offer for sale at my office in the Court House, Peterborough, on Friday, the 12th day of May, A.D., 1911, at ten o'clock a.m., all the right, title, interest and equity of redemption of the above-named defendant Albert Wellington Tamblin, in, to and out of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of Peterborough, in the County of Peterborough, and being composed of Lot Number Nineteen, south of Edinburg Street and west of George Street, in the said City of Peterborough.

JAMES A. HALL,
Sheriff, County of Peterborough.
Sheriff's Office, Peterborough Jan. 30th, 1911. 6d

Don't You Wish Your Landlord Would Hand You Back Your Rent Money Every Month ?

If you would stop the rent foolishness and take the same money and buy a lot and build a house with it, it would be all yours—every months payment of it. We offer you an easy method of saving the money you pay for rent and keeping the value of it in your own possession for all time. Our plan is this:

Buy A Lot

and start building a little home at once. The full particulars of how this can be done will be explained to you by

J. T. O'Connell & Co.

136 HUNTER ST. OPEN EVENINGS

MR. NORTON WILL VISIT PETERBORO'

Mr. Norton a representative from the House of Hobberlin will be here Friday and Saturday, May 5th and 6th, to display and demonstrate the latest New York Styles in made to measure Clothes.
